Vivid Electromech Limited Strengthens Data Centre Footprint with ₹30.13 Cr Order from STT Global Data Centres India

Mumbai, July 13, 2026 - Vivid Electromech Limited (NSE: VIVIDEL), a leading player in the power supply, traction, and electro-mechanical systems space, has announced that the Company has received amendments to the purchase orders from STT Global Data Centres India Private Limited for the project 'SITC of PDU and DWDM Panel for NMDC02'. The aggregate value of the original purchase orders, together with the amendments, stands at ₹30.13 Cr (excluding GST).

Key Highlights of the Order:

- **Name of the entity awarding the order:** STT Global Data Centres India Private Limited
- **Scope of work:** SITC of PDU and DWDM Panel for NMDC02
- **Nature of order:** Domestic
- **Aggregate order value (including amendments):** ₹30.13 Cr (excluding GST)

Strategic Significance:

This amended purchase order from STT Global Data Centres India Private Limited further strengthens Vivid Electromech Limited's growing presence in the data centre infrastructure segment. The project, involving SITC of PDU and DWDM Panels, reflects the Company's strong technical capabilities in power distribution and data communication infrastructure, which are critical components of modern data centre operations.

The order reinforces the Company's ability to secure and execute high-value, technically complex projects for leading data centre operators in India. With India's data centre industry witnessing rapid expansion driven by increasing digitalization and cloud adoption, this order positions Vivid Electromech Limited well to capitalize on the significant opportunities emerging in this high-growth segment.

Commenting on the development, Mr. Sameer Vishwanath Attavar, Managing Director, Vivid Electromech Limited said, "We are pleased to receive this amended purchase order from STT Global Data Centres India Private Limited. This order is a strong validation of our technical expertise and execution capabilities in the data centre infrastructure space. The SITC of PDU and DWDM Panels is a critical and specialized scope of work, and we are confident in our ability to deliver this project to the highest standards of quality and reliability. STT Global Data Centres is a highly reputed name in the data centre industry, and we are proud to be associated with them on this project.

India's data centre sector is witnessing unprecedented growth, driven by the rapid acceleration of digitalization, cloud adoption, and increasing data consumption across industries. We believe this positions us uniquely to serve leading data centre operators who demand precision engineering, reliable execution, and on-time delivery. This order further strengthens our order book and reflects our continued focus on expanding our presence in high-growth, technology-driven infrastructure segments. We remain committed to executing every project with the highest levels of quality and professionalism, and to delivering consistent and long-term value to our clients, employees, and stakeholders."

About Vivid Electromech Limited

Vivid Electromech Limited (NSE – VIVIDEL) is an ISO 9001:2015 certified manufacturer of Low Voltage (LV) and Medium Voltage (MV) electrical panels and automation systems, specializing in engineering, designing, manufacturing, assembly, testing, and commissioning of advanced electrical distribution and automation solutions. The Company serves a diverse range of high-growth sectors, including Data Centres, Industrial Manufacturing, Renewable Energy, Metro & Rail, Infrastructure, and Utilities, supported by robust engineering capabilities, state-of-the-art manufacturing infrastructure, and stringent quality standards. Its comprehensive product portfolio includes PCC Panels, MCC Panels, Skids Solutions, Intelligent MCC Panels, DG Synchronizing Panels, VFD Panels, APFC Panels, PLC Automation Systems, Power Distribution Units (PDUs), 11kV/33kV VCB Panels, RMU Panels, Control & Relay Panels (CRP), MV APFC Panels, and Vacuum Contactor Panels. Vivid Electromech partners with leading global OEMs such as ABB, Siemens, Hitachi, and Lauritz Knudsen to deliver reliable, customized, and high-performance electrical solutions for mission-critical applications. Established in 1990, the Company currently operates two manufacturing facilities in Navi Mumbai and Pune, with a state-of-the-art automated manufacturing facility at Ambernath expected to commence commercial operations by the end of August 2026.

In FY26, Vivid Electromech Limited reported Total Income of ₹201.09 Cr, with an EBITDA of ₹46.15 Cr and a Net Profit of ₹31.61 Cr.
