Kindly acknowledge receipt.

Yours truly,  
for V.S.T. Tillers Tractors Ltd,

Chinmaya Khatua  
Company Secretary & Compliance Officer  
M No: A21759

Encl: a/a

## **VST Tillers Tractors Limited Unveils Innovative FENTM Tractor Series: Compact Power Meets Frugal Innovation**

**Bengaluru, India, 4 August 2025:**

**VST Tillers Tractors Ltd**, a pioneer in compact agricultural machinery in India, proudly announces the launch of its highly anticipated **FENTM Tractor Series**, a revolutionary range of fuel-efficient, high-torque compact tractors designed for the evolving needs of modern farmers.

**FENTM**, which stands for **Fuel Efficient and Torque Max**, represents a bold leap forward in compact farming. Merging advanced engineering with VST's renowned **FRUGAL Innovation principles**, the series delivers unmatched performance, agility, and durability, all within a compact footprint.

The company announced that the FENTM series will feature 5 fuel efficient powerful tractor models including **180 FENTM, 224 FENTM, 225 FENTM, 270 FENTM & 929 FENTM**. Ranging from 18.5 to 29 HP with 2 Wheel Drive and 4 Wheel drive options, the new models deliver unparalleled productivity, comfort, and long-term value.

Positioned as compact farming solutions built for productivity, comfort, and long-term value, the FENTM series engineered for versatility across terrains and tasks, each model provides the right balance of power, maneuverability, and fuel efficiency for small to mid-sized farms.

**Antony Cherukara, CEO, VST Tillers Tractors Ltd** said, "the launch of the FENTM Tractor series marks a significant stride in our mission to deliver compact yet powerful solutions tailored for today's progressive farmers. Built on our FRUGAL engineering philosophy, the FENTM range offers maximum torque with minimum fuel consumption, all while ensuring comfort, durability, and performance in every field condition. This series is a true testament to VST's commitment to smart innovation and farmer-first design".

"As India strides toward a future of smart and sustainable agriculture, the tractor industry stands at the forefront of this evolution. With the fusion of technology, precision, and farmer-centric innovation, we are not just building machines, we are shaping the future of farming for generations to come. The FENTM series tractors built with the strength of innovation and the spirit of Bharat, will be a partner in progress for Indian farming community, We're proud to launch a product that empowers our farmers and drives India's agricultural future forward." he added

### **Core Features Powering the FENTM Advantage include:**

- **Torque Max:** Superior pulling power at lower RPM
- **CC Max:** High-capacity engine for improved load handling
- **Speed Max:** Rapid field coverage for greater productivity
- **Turn Max:** Shortest turning radius in its class for precision in tight spaces.

- **Compact Max:** Smart design with minimal wheelbase, best combination of weight and power.
- **Flow Max:** Enhanced cooling for optimized temperature and fuel economy.
- **Comfort Max:** Ergonomic seating and controls for fatigue-free operation.
- **Performance Max:** Consistent output across varied farming applications.

With the launch of the FENTM Tractor series, VST Tillers Tractors reaffirms its commitment to empowering farmers through innovation, efficiency, and farmer-centric design. The launch marks a significant milestone in the company's mission to drive the future of sustainable and smart farming.

#### About VST Tillers Tractors Ltd.

Established in 1967 by the VST Group of companies, VST Tillers Tractors Ltd has been at the forefront of driving farm mechanization and empowering Indian farmers for over 56 years. With a strong focus on research and development, the company offers a wide range of products including power tillers, compact tractors, engines, transmissions, power reapers, and precision components. VST Tractors are not only dominant in the Indian market but also exported to European, Asian, and African markets, meeting the latest EU standards.

With a commitment to continuous innovation and growth—driven by strategic initiatives, new business prospects, global ventures, and brand initiatives, the VST team aspires to achieve 2X growth in its Tractor Business Segment.
