WABAG bags National Water Award by Ministry of Jal Shakti, Govt. of India

Awarded under 'Best Research / Innovation / Adaptation of New Technology for Water Conservation'

November 12, 2020: VA TECH WABAG LIMITED ('WABAG'), a leading pure play water technology Indian Multinational, has been honoured with the 3rd Prize under 'Best Research / Innovation / Adaptation of New Technology for Water Conservation' category at the 2nd National Water Awards, organized by Ministry of Jal Shakti, DoWR, Govt. of India.

With a vision to ensure water sustainability, WABAG has been continuously innovating and implementing new and advanced technologies in the field of Water and Wastewater treatment and assuring clean and safe Water and Sanitation for the people of India since 1995.

Given the severe water stress India is reeling under, **Water Recycle and Reuse** emerges as a reliable and alternative source for ensuring Water Conservation and Security. Today, several states in India have come up with Reuse policies aiming at recycling 70% of Treated Wastewater by 2025 and 100% of Treated Wastewater by 2030, further providing impetus to the sector.

Water Conservation at the heart of its business, **WABAG has built over 65 Water Recycle and Reuse plants, currently saving over 82.5 crore litres of freshwater each day** through its sustainable water infrastructure. This recognition further reinforces WABAG's position as a proven Global Leader in Recycle and Reuse, backed by its proven Global References and Technological expertise.

Commenting on the occasion, Mr. Rajiv Mittal; MD and Group CEO, VA Tech WABAG Limited said "We thank Ministry of Jal Shakti, Govt. of India for recognizing us with this prestigious award. This award reinforces WABAG as a pure-play water technology Indian Multinational and will also motivate our R&D Team to continue to innovate and contribute towards this noble cause of Water Sustainability. As a responsible Indian corporate, we will constantly strive towards innovating new and advanced technologies to ensure Water Sustainability and Security for all"
