

WABAG WINS RS.325 CRORE JICA FUNDED PROJECT FROM ORISSA WATER SUPPLY AND SEWERAGE BOARD (OWSSB)

VA TECH WABAG LIMITED, a leading Indian MNC in water and waste water management, won an order from Orissa Water Supply and Sewerage Board (OWSSB) for a value of around Rs. 325 crores.

The scope includes construction of Sewage Treatment Plants and Pumping Stations in Bhubaneswar Sewerage Districts VI and Cuttack Sewerage District I and II with O&M for a period of 7 years.

Three independent Sewage Treatment Plants (STPs) are planned at Bhubaneswar SD VI (48 MLD); Cuttack SD I (36 MLD) and Cuttack SD II (16 MLD) aggregating to 100 MLD treatment capacity with provision for future expansion for producing bio-gas from sewage to make plant self-sufficient in terms of power.

Commenting on the development, Mr. Amit Sengupta, Executive Director – Corporate Marketing said, “We are indeed delighted to bag this order from OWSSB which is the first and the largest municipal waste water package from Eastern India. This is an indication of various State Municipalities charting out integrated plans for water and waste water treatment which would provide additional opportunities to Wabag in future”.
