WABCO INDIA Inaugurates its Second World-Class Manufacturing Facility at Mahindra World City in Chennai; Company Operates Four Sites in India

Chennai, 5th September, 2012: WABCO INDIA, a technology leader and tier-one supplier to the global commercial vehicle industry, today inaugurated its Plant 2 at Mahindra World City in Chennai, which was completed through the company's investment of over Rs.50 Crores. WABCO INDIA owns and operates four world-class manufacturing sites located in India.

WABCO's Plant 2 at Mahindra World City will manufacture leading technologies and innovative products to supply commercial vehicle manufacturers in Germany, Japan, Poland, and the United States, amongst other markets internationally. The new 2,272-square meter plant will employ 160 people, including 30 engineers.

WABCO INDIA's Plant 2 was formally inaugurated by Mr. Jacques Esculier, WABCO Chairman and Chief Executive Officer, and Mr. Leon Liu, WABCO President, Asia.

"Today's inauguration of Plant 2 at Mahindra World City marks another milestone in the successful expansion of WABCO's global manufacturing network. Plant 2 is also an outstanding example of lean manufacturing, which further differentiates WABCO's excellence in execution," said Mr. Jacques Esculier, WABCO Chairman and CEO. "This new world-class plant in India further enables WABCO to seize market opportunities in Asia and globally as we continue to leverage the well anchored, leading market position of WABCO INDIA."

"WABCO's continuous investment in local capabilities demonstrates our deepening commitment to meet the diverse and dynamic needs of customers in India, while continually delivering products and services at world-class standards of quality," said Mr. Leon Liu, WABCO President, Asia. "WABCO's opening of Plant 2 at Mahindra World City shows how we continue to connect more closely and flexibly with customers, further differentiating WABCO as a partner of choice for major manufacturers of commercial vehicles."

"Our new Plant 2 at Mahindra World City reflects WABCO's commitment to provide advanced technologies and innovative products for customers globally," said Mr. P. Kaniappan, Whole-Time Director, WABCO INDIA. "WABCO's decision to establish our second plant in Mahindra World City is based on our view of Chennai as a premier industrial zone, which offers well integrated infrastructure, good transport connectivity and proximity to a highly qualified and skilled labour force."

About WABCO INDIA

WABCO INDIA has four world-class manufacturing sites located in Ambattur, Chennai; Jamshedpur; Mahindra World City; and Pant Nagar; as well as a software development centre and a company-owned test track in Chennai. WABCO INDIA excels in engineering, manufacturing and local sourcing. It designs, manufactures and markets conventional braking products, advanced braking systems, and other related air-assisted products and systems. WABCO INDIA has achieved a major market share in the Indian OEM market as well as the domestic aftermarket, which it serves through an extensive national distribution network. WABCO INDIA employs over 1,100 employees and reported Rs. 1058 Crs sales in its fiscal year 2011-12.

About WABCO

WABCO (NYSE: WBC) is a leading global supplier of technologies and control systems for the safety and efficiency of commercial vehicles. Founded over 140 years ago, WABCO continues to pioneer breakthrough electronic, mechanical and mechatronic technologies for braking, stability and transmission automation systems supplied to the world's leading commercial truck, bus and trailer manufacturers. With sales of \$2.8 billion in 2011, WABCO is headquartered in Brussels, Belgium.
