Capital mkts can play key role to be \$5-trn economy: Thakur

PRESS TRUST OF INDIA
New Delhi, February 15

INDIAN CAPITAL MARKET is robust and can play a crucial role in achieving \$5-trillion economy by 2025, minister of state for finance Anurag Thakur said on. The exchanges and brokerages are playing a crucial role in capital formation in India and there is a need to ensure that public faith in the capital market is not eroded due to scams and frauds, the minister noted.

"In our journey to a \$5-trillion economy by 2025, the role of capital markets will be paramount. Indian capital markets are robust and deep and stand on a par with other global markets. It is our aim and constant effort to work towards deregulation of capital market and ease of compliance for investors," Thakur said. He was speaking at the 11th International Convention Redefining Capital Markets - A Must for \$5-trillion Economy organised by Association of National Exchanges Members of India (ANMI) here.

Capital market plays a significant role in building the

economy as it channels domestic saving into long-term financial assets, Thakur added.

"We welcome suggestions from fraud to various aspects of compliance reforms so that there is ease of access of FDI in Indian capital market. I compliment Sebi, the exchanges and the board of ANMI for working on the compliance review report, which will definitely help in enhancing the ease of doing business in India," he said. The report is aimed at ensuring ease of trading by reviewing all compliance requirements to trade in stock markets on the basis of four criteria—addressing outdated and duplicate compliances, clarity on conflict compliances and bringing rationale to compliance system.

Interest on delayed GST will be calculated on net tax liability

PRESS TRUST OF INDIA
New Delhi, February 15

INTEREST PAYABLE ON delayed payment of GST will henceforth be calculated on net tax liability and the law is being amended to give effect to it, the Central Board of Indirect Taxes and Customs (CBIC) said on Saturday.

Amid worry in the industry regarding CBIC's recent directive to field formations to begin recovery of about ₹46,000 crore of unpaid interest on delayed GST payment, the CBIC, in a series of tweets, clarified that the central and several state governments have prospectively amended the GST Acts to collect interest on net tax liability.

The CBIC said GST laws, as of now, permit interest calculation

on delayed GST payment on the basis of gross tax liability. This position has been upheld in the Telangana High Court's decision dated April 18, 2019.

"In spite of this position of law and Telangana High Court's order, the central government and several state governments, on the recommendations of the GST Council, amended their respective CGST/SGST Acts to charge interest on delayed GST payment on the basis of net tax

liability," the CBIC said.

"Such amendment will be made prospectively. The states of Telangana and West Bengal are in the process of amending their state GST Acts. After the process of amendment is complete, the changed provisions can be put in operation for the entire country," it added.

Businesses, other than those under the composition scheme, registered under goods and services tax (GST) have to file returns (GSTR-1) showing tax liability by 11th of following month and pay taxes by filing GSTR-3B by 20th. There have been cases where GST assesses have paid taxes after due date but did not pay the interest due on account of delayed payment.
