WINSOL ENGINEERS LIMITED

BUSINESS UPDATES AND PERFORMANCE HIGHLIGHTS

Jamnagar, Gujarat | October 8, 2025: Winsol Engineers Limited, a leading EPC (Engineering, Procurement & Construction), Operations, and Consultancy services company, continues to deliver strong performance across its key business verticals. By integrating deep expertise in design, engineering, project management, and operational execution, Winsol remains committed to driving innovation and excellence in every project while advancing the transition toward sustainable energy solutions.

WINSOL ENGINEERS REPORTS ROBUST FIRST-HALF FY2025–26 PERFORMANCE WITH OVER 50% REVENUE GROWTH

Winsol has reported a solid performance for the second quarter and first half of FY2025–26, underscoring its strong execution capabilities and growing presence in India's renewable energy and infrastructure sectors. The company recorded **standalone net revenue of ₹ 39.36 Crore**; a **53% increase** compared to **₹ 25.66 Crore** in the corresponding quarter of the previous fiscal year.

For the six months ended September 30, 2025, Winsol achieved total standalone revenue of **₹ 66.10 crore**, representing a **robust 58% year-on-year growth over ₹ 41.79 Crore** during the same period in FY2024–25.

This strong performance reflects the company's disciplined execution, efficient project delivery, and sustained demand for its services in the renewable energy space.

KEY PERFORMANCE INDICATOR	Q2 FY2024-25	Q2 FY2025-26	APRIL25-SEPT25
Revenue (₹ in crores)	25.66	39.36	66.10

Backed by strong execution and project delivery, Winsol continues to expand its footprint in the renewable energy sector. As disclosed by **Chairman and Managing Director Mr. Ramesh Jivabhai Pindariya** at the recent Annual General Meeting, the company's confirmed **order book as on September 22, 2025, exceeds ₹ 240 Crore**, positioning Winsol well for continued growth in the coming quarters.

In line with its strategic expansion plans, construction is progressing at the **Alunova Profiles Private Limited** manufacturing facility, which is expected to become operational before the close of the current financial year. This new facility will enhance Winsol's in-house manufacturing capabilities and increase production capacity, strengthening its ability to deliver comprehensive renewable energy solutions. Additionally, the company is actively executing multiple solar projects under the **PM-KUSUM** scheme, supporting rural solarization and decentralized clean energy development.

Winsol's growth during FY2025–26 has been driven by a steady pipeline of projects from leading players in the renewable energy space, including **Suzlon Energy, Adani Green Energy, Juniper Green Energy, WYN Renewables, ReNew Power** and **Vivid Renewables**. These partnerships underscore Winsol's strong reputation for reliability, engineering excellence, and timely project execution.

Commenting on the financial performance, Mr. Ramesh Jivabhai Pindariya, Chairman & Managing Director, stated:

"We are entering a high-growth phase and are pleased with the strong year-on-year revenue expansion. Our

growing order book reflects the trust our clients place in our capabilities. With the government's continued emphasis on renewable energy infrastructure, we are confident of scaling operations further while maintaining efficiency and quality. Winsol remains proud to contribute to India's clean energy transformation and is focused on delivering innovative, sustainable, and cost-effective energy solutions."

With a robust execution pipeline, enhanced production capacity, and a strong client base, Winsol Engineers Limited is well-positioned to deliver consistent growth and create long-term stakeholder value. The company remains committed to supporting India's goal of achieving **500 GW of renewable energy capacity by 2030**, through engineering excellence and sustainable innovation.

ABOUT WINSOL ENGINEERS LIMITED

Winsol Engineers Limited, established in 2015, is a leading provider of integrated engineering, procurement, construction, and commissioning (EPCC) services for Balance of Plant (BoP) solutions in wind and solar power generation. The company specializes in a wide range of core services, including foundation work, substation civil and electrical work, right-of-way services, cabling services, and miscellaneous construction activities. Additionally, the company also offers comprehensive operation and maintenance (O&M) services for plant handling and monitoring, ensuring optimal performance and efficiency. With a workforce of over 200 engineers and technicians, and total employee strength of 300+, Winsol Engineers Limited is equipped to deliver high-quality project execution. The company holds ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certifications, underscoring its commitment to quality, environmental sustainability, and occupational health and safety standards. Renowned for its timely project delivery, technical expertise, extensive experience, and cost-effective solutions, Winsol has established a strong reputation in the renewable energy sector. The company operates in over 9 states across the country and aims to leverage its proven capabilities to expand into new sectors, driving sustained growth and innovation. Marking a significant milestone, Winsol Engineers Limited was successfully listed on the National Stock Exchange (NSE) on 14th May 2024, further solidifying its position as a key player in the engineering and renewable energy landscape.
