Pak resumes trade with India after 19 months

RAJENDRA JADHAV & ASIF SHAHZAD
Islamabad/Mumbai, 31 March

Pakistan lifted a nearly two-year old ban on Indian sugar and cotton imports, government sources said, a step towards reviving suspended trade between the two nuclear-armed neighbours.

Pakistan's Economic Coordination Council, a top decision-making body, on Wednesday allowed the private sector to import 0.5 million tonnes of white sugar as Islamabad tries to keep soaring domestic prices in check, government officials told Reuters.

Pakistani buyers have already started making inquiries about buying Indian sugar and cotton, which is being offered at lower prices than supplies from other countries, five dealers said.

India is the world's biggest producer of cotton and the second biggest sugar producer. Exports to its neighbour will reduce surpluses that are weighing on its local markets, while helping Pakistan to lower soaring sugar prices ahead of Ramadan.

The push comes amid a gradual thawing in ties between the two neighbours, which have fought three wars since gaining independence in 1947. The militaries of both countries released a rare joint

statement last month, announcing a ceasefire along a disputed border in Kashmir.

"Enquiries for sugar and cotton are going on for price checking," said the India head of a global trading firm, who declined to be identified due to company policy.

Pakistan has been looking to tap the international market for sugar, floating two tenders for 50,000 tonnes in the last month. It rejected bids on both tenders in March.

The first tender offer was priced at \$540.10 per tonne on a cost and freight basis (C&F) and the second at \$544.10 tonne, European traders said.

India is offering sugar at a discount compared to supplies from Thailand, said a dealer with global trading firm.

"Pakistani traders have been buying Indian sugar through their offices in Dubai for Afghanistan. If Pakistan allows imports from India, they will unload shipments in Pakistan," the dealer said.

Traders say they have been offering Indian white sugar at \$410 to \$420 a tonne on a free-on-board (FOB) basis, far lower than the domestic price of \$694 quoted in Pakistan.

Indian exporters could also ship via sea or land, the dealer said, noting this gives them a big edge given tight global container shipping markets.

Madras HC asks Centre if it proposes to bring law on making rational promises in poll manifestos

TE NARASIMHAN
Chennai, 31 March

The Madras High Court came down heavily on political parties for distributing freebies to people as a poll promise. The high court posted nearly 20 questions to various government departments and the Election Commission. These include whether the Centre proposes to bring a law on making rational promises in elec-

tion manifestos, what steps were taken by the commission to scrutinise such manifestos and the action taken against political parties, among others.

The order, passed by Justice N Kirubakaran and Justice B Pugalendhi, stated that political parties should be prohibited or prevented from making election promises, which are capable of adding burden on the public exchequer. Otherwise, for raising

finances, the state has to increase the number of liquor shops, it said.

The order stated that election manifestos were not so popular about 30 years ago, and only in the past two decades, did they gain popularity among the masses.

This is because political parties compete with each other, by offering free gifts and freebies in various forms and kinds. They promise the

Cabinet...

A total of ₹9,040 crore over six years have been allocated for larger producers against their incremental sales, with the biggest chunk of ₹2,169 crore earmarked for 2025-26.

Further, ₹1,500 crore will be offered as an incentive to large manufacturers for their efforts in brand building in foreign markets and marketing initiatives like in-store branding and shelf-space renting.

A senior government official said several domestic and global companies like Nestlé, Mother Dairy, Amul, ITC, Hindustan Unilever, and Kellogg have already expressed willingness to avail of the scheme.

"The PLI scheme will be a game-changer, in boosting food processing investments, agri-exports, farmer incomes, and building Indian brands for global markets," said Sanjiv Puri, chairman, ITC.

Varun Berry, MD, Britannia said, the scheme will provide much-needed boost to the food processing sector and also promote growth and investments. Sudhir Sitapati, executive director, foods & refreshment at Hindustan Unilever, said as one of the largest food processing companies in India,

it will readily assist in making the scheme a success.

Amul is keen on setting up additional production lines for mozzarella cheese.

Auto-debit...

Leading private banks had been sending messages to customers that they would have to transact on their own for services they want to avail, instead of banks deducting the fee automatically on their behalf.

The new norms that were supposed to kick in from April 1, for which the RBI had issued a notification in August 2019, entailed banks to check with customers by notifying them and getting their approval for recurring payments through debit and credit cards before processing such transactions.

Pune reels...

But the vaccination effort faces two hurdles: that of demand as well as supply.

The Yugpurush Chhatrapati Shivaji vaccination centre is nearly deserted in the post-lunch session on the day of Holi. "We had a full house in the morning session, but not many people have come in the afternoon due to Holi," says Sumit Meshram, the representative

doctor at the municipality-run medical centre. The centre vaccinated 146 people that day, compared to 200 on an average on other days in March.

There is some degree of vaccine hesitancy among people, too. The fear of side effects also keeps many from coming forward to take the shot, says Dr Aditya Phadke, who oversees vaccination at Premchand Oswal Hospital, another municipal vaccination centre in Pune.

"I have been trying to educate those who are coming in, so they can communicate the message to their friends and neighbours when they go back," he said.

Municipal officials say that they are making sure that all available vials are used up at each vaccination centre.

"Our capacity to vaccinate, including that in private hospitals, is quite substantial. For example, Deenanath Mangeshkar Hospital can vaccinate 1,000 people a day, Kamala Nehru Hospital can do 1,100. But the availability of vaccines is not up to that mark," says Vaishali Jadhav, assistant medical officer, PMC, told Business Standard.

Jadhav says that vaccines are being supplied once in three to four days, but the city needs much more.

Meanwhile, the pandemic is raging. For the Pune district as a whole, which has a considerable rural population as well, the second wave has been worse than the first. While the daily caseload went from 400 to 6,000 in 86 days in 2020, it has gone up from 400 to more than 8,000 in less than 50 days this time. No one knows when the cases will start declining.

Among alternatives, investors may look at tax-free bonds from the secondary market. "The yields on these instruments are around 4.5 per cent, but there is no limit on how much investors can invest in them. On PPF there is a limit of ₹1.5 lakh per annum," says Dhawan.

Investors who are willing to take some risk may also opt for medium to longer duration bond funds. Medium duration funds have given a return of 7.25 per cent over the past year while longer-duration funds have returned 7.64 per cent.
