People-centric Governance Hallmark of Govt: PM

EIGHT YEARS OF TRANSFORMATION Modi says world looking at India with hope & confidence as a game-changing, creative, innovative ecosystem

Our Bureau

New Delhi: Prime Minister Narendra Modi said on Monday that people-centric governance and continuous effort towards good governance have been the hallmark of the government in the past eight years, adding that through various schemes, the poor have been given the respect they deserve.

He said a large part of the world is looking at India for solutions and this has become possible because the government trusted in the common wisdom of people and encouraged their intelligent participation in the growth.

"In earlier days, the country suf-

fered because of government-centric governance. But, today in the 21st century, the country is progressing with the approach of people-centric governance," he said, inaugurating a week-long celebration as part of 'Azadi Ka Amrit Mahotsav' (AKAM) from June 6 to June 11, 2022.

The week-long programme is part of celebrating 75 years of India's independence, organised by ministries of finance and corporate affairs.

"The world is looking at us with hope and confidence as a capable, game-changing, creative, innovative ecosystem," the PM said, adding that it is the duty of every citizen to make a special contribution to the development of the nation.

Prime Minister Narendra Modi at the inauguration of week-long celebrations as part of Azadi Ka Amrit Mahotsav in New Delhi on Monday. He also launched visually impaired friendly coins at the event. — Bloomberg

“Earlier, the country suffered because of government-centric governance. But, today in the 21st century, the country is progressing with people-centric governance”

Providing free ration during the Covid period freed more than 80 crore countrymen from the fear of hunger. "We are witnessing a new confidence among the citizens to come out of the mentality of deprivation and dream big," he said.

On the occasion, the PM also launched the Jan Samarth portal, a credit-linked portal of 12 government schemes, to ensure ease in credit availability to youth, entrepreneurs and farmers. He said great priority has been given to the youth while initiating reforms, counting on the number of startups and young entrepreneurs.

The Jan Samarth portal will be an end-to-end delivery platform, and more people will come for-

ward to avail loans, he added.

Finance minister Nirmala Sitharaman said each of the schemes will be displayed on the portal. "This portal is going to make it easy for the citizens as they do not have to ask the same questions every time to avail of a government programme."

On the occasion, the PM also launched visually impaired friendly coins of ₹1, ₹2, ₹5, ₹10 and ₹20 denominations, with the AKAM design, which will be part of circulation.

"These new series of coins will remind people of the goal of amrit kal and motivate them to work towards the development of the country," Modi said.

SNA Dashboard: Tracking the States' Contribution, Spending Under CSS

SAJJAN SINGH YADAV

Centrally sponsored schemes (CSS) contribute significantly to fiscal transfers from the Centre to states. In 2021-22, ₹3.81 lakh crore was released to states under CSS, accounting for 20% of the total fiscal transfers.

CSS funds are released by the ministry concerned to the state governments' accounts in the Reserve Bank of India (RBI). Many studies and audit reports have underscored multiple concerns in the flow and utilisation of these funds.

As no time limit was prescribed for release of funds from state treasuries to implementing agencies (IAs), the fund transfer was based on liquidity position and priorities of the state governments. Fund flowed to more than 18 lakh IAs from the state to the village level. The absence of separate heads of account for the central and the state share in state budgets had made tracking of the state share contribution a herculean task.

The finance ministry has put in place a web-based public financial management system (PFMS) integrated with banks and state treasuries. Through an expenditure-advance-transfer (EAT) module, PFMS captures financial information from IAs too.

However, data exchange between PFMS and state treasuries was irregular. Information on fund utilisation by IAs was not forthcoming either. Only 4% of them were uploading

information in the EAT module.

For more effective cash management and enhancing transparency and efficiency in release and utilisation of funds, the Department of Expenditure notified a new procedure for release of funds under CSS on March 23, 2021. Known as the 'SNA Model', the new rulebook came into effect from July 1, 2021. It marked a paradigm shift in the way CSS operate.

The SNA Model requires states to notify a single nodal agency (SNA) for each CSS. Every SNA needs to open an account in a commercial bank. All IAs down the ladder are to either operate directly from the SNA's account or open zero-balance subsidiary account with drawing limits set by SNA. IAs were also directed to transfer the funds available in their accounts to SNA.

Under the SNA Model, too, funds are released by central ministries to state governments' accounts in RBI. However, a time limit of 21 days and 40 days has been prescribed for transfer of the central and the state share, respectively, from the state treasury to SNA.

Subsequent instalment to the state can be released only after transfer of earlier central releases from the state

treasury to SNA and utilisation of 75% of the central share and the commensurate state taken together. Besides, the new procedure mandates that in a single instalment, the central ministries shall not release more than 25% of the funds likely to be provided to a state during the financial year.

The SNA Model further ensures a tight monitoring of availability and utilisation of funds by mandating that CSS funds shall stay only in the SNA account. Interest earned is reflected in PFMS and is to be remitted to the respective consolidated funds as per the fund sharing ratio. All SNAs and IAs are to use the EAT module or integrate their systems with PFMS. Bank accounts of all SNAs and IAs are onboarded on PFMS.

Combined and concerted efforts of central and the state governments have firmly established the SNA Model, which has been adopted by all the states. With implementation of parent-child accounts, float has declined sharply with consequent reduction in cost of funds to the government. Funds stay in just 3,074 bank accounts now.

Scheme-wise and state-wise funds available with SNAs is visible to sta-

keholders. As on June 3, 2022, SNAs had ₹1,15,923 crore in their accounts. Expenditure incurred by 9.77 lakh IAs onboarded on PFMS is evident too. PFMS also informs the central ministries about the central share released to a state but not released by the state to SNA as well as about the outstanding state share.

Since expenditure on a CSS in a state is being made from a single bank account, submission of utilisation certificates has become easy. Transparency in fund flow and setting of time limits has dampened the tendency of states to retain CSS funds.

Information on interest accrued in SNAs' accounts is available to stakeholders, too. In 2021-22, interest of ₹259 crore was credited to the SNAs' accounts. Moreover, since central releases are now based strictly on the information available in PFMS, the data exchange frequency between state treasuries and PFMS has soared. The SNA Model is also generating invaluable data to aid policymaking, budgeting and scheme appraisals.

As a part of celebration of 'Azadi Ka Amrit Mahotsav', the finance minister will launch SNA dashboard on June 7. The dashboard will provide comprehensive, real-time picture of release, expenditure, account balance, interest earned, etc. to the scheme managers and decision makers.

Although a lot has been achieved, more needs to be done to further improve users' experience, optimally utilise the data available in PFMS, and build additional features. Nevertheless, the SNA Model is poised to revolutionise public financial management in India and will immensely contribute to the Prime Minister's vision of a Digital India.

FM Reviews NARCL Progress

New Delhi: Finance minister Nirmala Sitharaman on Monday reviewed the progress in setting up National Asset Reconstruction Company Ltd (NARCL), the special purpose asset reconstruction company to take over large value NPA accounts (above ₹500 crore) from the banks. "With account-wise due diligence nearing completion, the first set of accounts is expected to be transferred in July 2022. The remaining accounts are proposed to be taken over within the third quarter of the current financial year," the finance ministry said in a statement. The boards of NARCL and IDRC are in place. — **Our Bureau**

Free Trade Pact Talks with EU to Begin from June 17: Goyal

Our Bureau

New Delhi: Commerce and industry minister Piyush Goyal on Monday said the negotiations for a free trade agreement (FTA) with the European Union will begin from June 17 at Brussels.

He said negotiations were progressing for such agreements with the United Kingdom and Canada.

"FTA negotiations with the EU will begin in Brussels on the 17th of this month," Goyal said.

India-EU FTA negotiations were stuck after 16 rounds of talks bet-

ween 2007 and 2013. While the EU insisted on duty concessions on automobiles, alcoholic beverages and dairy products, India's demands included greater access to the EU market for its skilled professionals.

MARINE EXPORTS

Goyal also said India aims to double export of marine products to ₹1 lakh crore from the present ₹50,000 crore in the next five years.

"This target will be achieved through sustainable fishing, ensuring quality and variety, promotion of coastal shipping and aquaculture, and by supporting the entire fisheries ecosystem," he said at an event organised by the Marine Products Export Development Authority (MPEDA) in Kerala.

The minister also ruled out the possibility of shifting the MPEDA office from Kochi.

At a separate event on National Industrial Corridor Development Corporation, he said India can become a \$30 trillion economy.

He said 18 states have joined the national single window and over 25,000 compliances have been either eliminated or simplified.

EAST COAST RAILWAY

RE-DEVELOPMENT OF BHUBANESWAR RAILWAY STATION

e-Tender Notice No. EPC-CECONIBBS 2022052, Dt. 31.05.2022

NAME OF THE PROJECT: INTEGRATED RE-DEVELOPMENT OF BHUBANESWAR RAILWAY STATION OF KHURDA ROAD DIVISION OF EAST COAST RAILWAY.

Approx Cost of the work: ₹27590.79 lakhs, EMD: ₹1,37,95,400/- lakhs, Completion Period of the work: 24 (Twenty Four) Months.

Bid Due Date & Time: 08.07.2022, 1200 hrs., Physical Submission of Bids: Upto 1200 hrs. of (Bid due date + 5 working days).

On and Time of Opening of Bids: After 1230 hrs. of (Bid due date + 5 working days).

HIMACHAL PRADESH INFRASTRUCTURE DEVELOPMENT BOARD on behalf of THE H.P CITY TRANSPORT & BUS STANDS MANAGEMENT & DEVELOPMENT AUTHORITY (HPCT&BSM&DA)

Invites REQUEST FOR PROPOSAL for Development of a New Bus Terminal and Commercial Complex-cum-Car Parking at Hamirpur under PPP mode on DBFOT basis.

Hamirpur City is spread from Jhanjari to Bhota along NH 3 and NH 103 and is a prominent commercial centre for the district. Hamirpur serves as a junction along the NH-3 for the buses and other transport heading towards Kangra, Dharamshala, Palampur and Baijnath. The existing bus stand located in Hamirpur is almost 2-3 decades old. Lack of organized bus facility, parking areas for buses and boarding arrangements for passengers have led to increase in the passenger-vehicle conflicts. In addition to this, establishment of various colleges and universities in the vicinity, has developed a need for establishment of a well facilitated shopping complex in the area. The HP City Transport Bus Stand Management & Development Authority ("HPCT&BSM&DA") has decided to develop a New Bus Terminal at Village Jhanjari, Hamirpur and Commercial cum Car Parking Complex at the existing Bus Stand site in Hamirpur in the State of Himachal Pradesh. The Project is proposed to be executed in two phases; the first phase shall entail developing and making operational the Bus Terminal along with associated amenities & facilities, and once the bus stand operations at the existing site shifts to the new Bus Terminal, the second phase involving the construction of a Commercial Complex with multi-storied car parking shall commence. The Concession Period is 30 (thirty) years which is inclusive of Construction Period of 18 months for Phase-1 and 24 months for Phase-2 of the Project.

Himachal Pradesh Infrastructure Development Board (HPIDB) on behalf of HPCT & BSM & DA, invites proposals from eligible Bidders for the development of the Project. For further details i.e. detailed scope of work, minimum eligibility criteria, bidding procedure and other terms and conditions, please refer to the detailed RFP documents hosted on our website <http://himachalservices.nic.in/hpidb/> or contact at the addresses given below. The interested bidders are invited to attend the pre-bid meeting which shall be held on 12.07.2022 at 1100 hrs. at HPIDB office, Shimla.

For further updates, please visit the aforementioned website periodically as all updates shall be posted on the website only.
