Wipro cited as a 'Leader' in IDC MarketScape: Worldwide Cloud Professional Services 2020 Vendor Assessment

East Brunswick, New Jersey, USA and Bangalore, India – May 13, 2020: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company, today announced that it has been cited as a 'Leader' in IDC MarketScape: Worldwide Cloud Professional Services 2020 Vendor Assessment.

Wipro's thought leadership in the cloud space has gained significant customer and analyst mindshare. The report highlights that firms should consider Wipro when looking for a provider that takes a business-first approach, but from a base of deep cloud technology expertise. Wipro has made big bets with some of the hyperscalers to drive business transformation for its customers. And, its experience with managing Topcoder (through its Appirio acquisition) is something of a hidden gem, which helps it bring the benefits of crowdsourcing to its clients.

Gard Little, Vice President, Global Services Markets and Trends, IDC Research Inc. said, "Wipro has continuously demonstrated their deep Cloud expertise and 'business first' thinking in helping enterprises to become nimble and future ready. Wipro Cloud Studio is their latest move to bring innovation, scalability, speed and efficiency to life for enterprises to lead in the Covid -19 era and beyond."

Ramesh Nagarajan, Senior Vice President, Cloud Services, Wipro Limited said, "We are pleased with this recognition. It underpins our proven thought leadership in conceptualizing and delivering innovative cloud solutions. Our business first strategy and industrialized solutions approach have helped clients reimagine their transformation journey to drive greater efficiencies."

About IDC MarketScape:

IDC MarketScape vendor assessment model is designed to provide an overview of the competitive fitness of ICT (information and communications technology) suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor's position within a given market. IDC MarketScape provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of IT and telecommunications vendors can be meaningfully compared. The framework also provides technology buyers with a 360-degree assessment of the strengths and weaknesses of current and prospective vendors.
