Biosimilar Highlights:

- The overall Biotech operations for the quarter stood at Rs.252 crore recording a growth of 68% vs Q2 FY26. On half yearly basis the Biotech operations recorded 87% growth while delivering Rs 487 crore. This robust achievement is fuelled by our Emerging Market biotech segment growing at ~110% in H1 FY27 with accelerated business opportunities and strategic business partnerships, new deal acquisitions from our key markets like Brazil, Thailand, Egypt, Algeria and LATAM. Our India Biotech operations continues to grow at double digit pace and is poised for decent growth in the future.

- The Company's strength lies in robust and end to end well integrated Biotech infrastructure.

- We remain committed to meeting global diabetes healthcare needs and advancing our leadership in diabetes care.

❖ EMROK®/ EMROK O®:

- Growth rate of 40% vs previous year Q2 FY26 & 37% vs previous year H1 FY26.
- Continues to address critical unmet need in the treatment of difficult-to-manage Gram-positive infections, including bone and joint infections, diabetic foot infections, and pneumonia.
- On track to become the leading brands in the anti-MRSA therapy segment.

❖ MIQNAF® NAFITHROMYCIN: approved and launched in India.

- Removal of "supply condition" by DCGI – Now facililitates marketing access to wider patient population.
- Field force deployed to align with the supply condition removal for ease of drug access.
- Increasing acceptance within the clinical community owing to comprehensive coverage of pathogens and shorter course of therapy. Filling for additional indication of Upper Respiratory Tract Infections will be done in Q3/Q4 FY27.

❖ FOVISCU® (WCK 4282):

- India Phase 2 & Phase 3 Clinical Trial completed successfully. NDA Filling completed recently.
- Underwent combined Phase 2 and Phase 3 program with enrolment of 324 hospitalized cUTI and AP patients wherein more than half of the Enterobacterales isolates (51%) were ESBL-positive, and 34% of Gram negatives were resistant to cefepime, underscoring the urgent need for stronger first-line treatment options in India, where ESBL prevalence is high.
- 5th NDA Successfully filed from Wockhardt Antibiotic Discovery Program.
