WOL3D INDIA LIMITED

Warehouse Expansion from 10,000 sq. ft. to 50,400 sq. ft.

Mumbai, April 17, 2026: WOL3D India Limited (WOL3D), one of the Leading 3D printing solutions companies, has announced the expansion of its operations in Maharashtra with the launch of a new, state-of-the-art warehouse facility in Bhiwandi. This strategic initiative aims to address the growing demand for 3D printing technology and its entire ecosystem while significantly enhancing the company's manufacturing and operational capabilities.

The relocated and expanded Warehouse is located at **Godown Nos. E1, 2, 3, Building No. E1, VRINDAVAN COMPLEX, Bhiwandi - Nashik Highway, Sonale Village, Bhiwandi - 421302.**

The expanded warehouse has been designed to support large-scale filament manufacturing, advanced inventory management, and the future expansion of WOL3D's Brahma 3D printer farm, scaling from **~200 printers to an anticipated capacity of ~1,000 printers**. This development reinforces WOL3D's commitment to scale its infrastructure in line with accelerating market demand.

Positioned within Maharashtra's thriving industrial and technology ecosystem, the Bhiwandi warehouse will serve as a key hub for innovation and industrial-grade prototyping. Beyond operational efficiencies, the initiative will contribute to local economic development by creating employment opportunities and fostering talent within the region's strong engineering and technology community.

This expansion marks a significant step toward WOL3D's long-term vision of becoming India's leading provider of comprehensive 3D printing solutions, while continuing to uphold its focus on innovation, customer satisfaction, and sustainable manufacturing practices.

Mr Rahul Chandalia, Managing Director, WOL3D India, said:

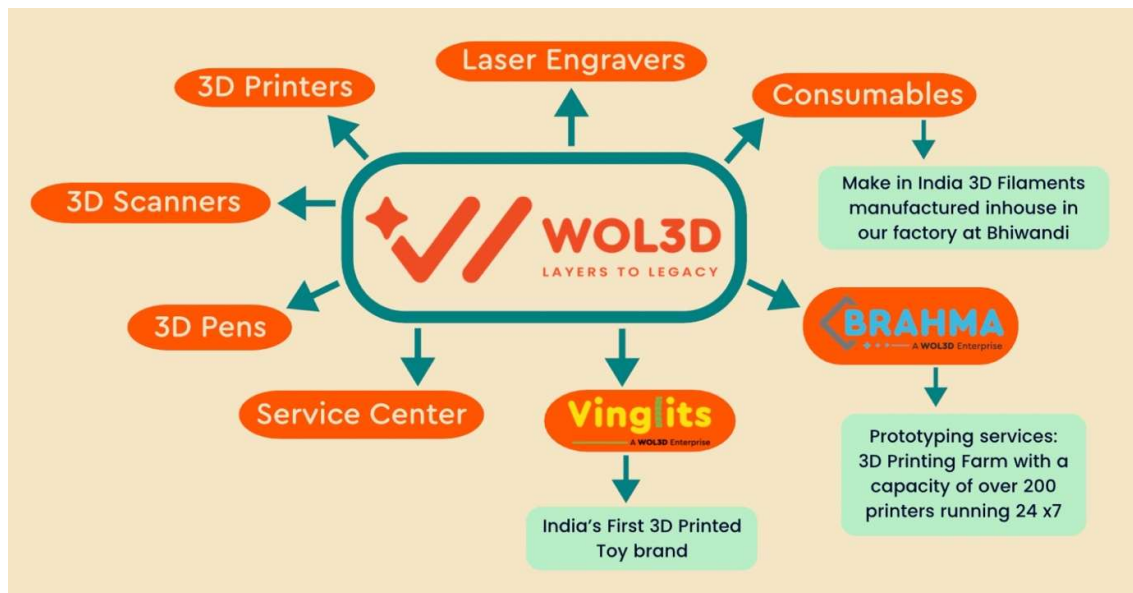

“We are significantly expanding our warehouse capacity to keep pace with the strong surge in demand for our solutions. This move goes beyond additional storage and marks a key milestone, enhancing our ability to deliver products to customers more quickly and consistently. By improving product availability and reducing lead times, we are well-positioned to support accelerated sales growth and long-term value creation.”

This strategic move further strengthens our leadership position in the industry, reflecting not only our continued growth but also our readiness to scale operations and capture emerging market opportunities.”

About WOL3D:

Incorporated in November 1988, WOL3D India limited provides India’s biggest consumer 3D printing Ecosystem by offering 3D Printers, 3D Scanners, 3D Pens and laser engravers, supported by in-house 3D Filaments manufacturing and end-to-end prototyping.
