Business Update Release

Z-Tech (India) Secures Municipal Corporation of Delhi (MCD) Orders for Mayapuri–Janakpuri West Urban Recreational Spaces and Ajmal Khan Park Children’s Zone Development

Delhi, 4th December 2025: Z-Tech (India) - Pioneering Sustainable Infrastructure & Environmental Solutions provider pleased to announce that it has been awarded two significant urban development projects by the Municipal Corporation of Delhi (MCD), further strengthening its presence in the city’s fast-growing civic and recreational infrastructure segment. The combined order value of these projects stands at Rs. 7,09,43,769.

Z-Tech (India) has secured new urban development projects worth a total of ₹7,09,43,769 from the Municipal Corporation of Delhi (MCD), further strengthening its footprint in Delhi’s civic infrastructure landscape. The company has been awarded the Development of Urban Recreational Spaces at Mayapuri near the DTC Depot and the park near Janakpuri West Metro Station in the West Zone under EPC mode, with an order value of ₹4,48,54,827. Additionally, Z-Tech (India) has received the mandate for the Development of Urban Green Recreational Space “Children Park” in Ajmal Khan Park, Karol Bagh, with an order value of ₹2,60,88,942. These projects include comprehensive landscaping, creation of green zones, installation of recreational facilities and enhancement of public spaces aimed at delivering improved community recreation and sustainable urban environments.

Management Comment:

Commenting on this development, **Ms. Sanghamitra Borgohain, Managing Director, Z-Tech (India) Limited** said:

“We are delighted to be entrusted once again by the Municipal Corporation of Delhi for the development of high-quality urban recreational spaces in key locations of the city. These order wins reaffirm the strong confidence that civic authorities place in Z-Tech (India)’s engineering capabilities, design excellence, and consistent delivery track record. Over the years, we have built a strong reputation for transforming underutilized urban pockets into vibrant, people-centric recreational zones that enhance community wellbeing and contribute meaningfully to city beautification. Our integrated EPC expertise, supported by robust project management and a deep understanding of sustainable urban planning, positions us uniquely to execute such landmark projects with precision and scalability.

These new mandates further strengthen our footprint in Delhi’s public infrastructure ecosystem and align with our long-term vision of creating accessible, green, and future-ready urban environments. We believe that these projects will not only enhance our revenue visibility but also add significant momentum to our expanding portfolio of civic development works. We remain committed to delivering projects that combine innovation, environmental

stewardship, and superior execution quality—creating spaces that citizens can enjoy for generations to come.””

Company Overview

Z-tech (India) limited is incorporated in 1994 with their core focus on civil construction business, providing services related to designing, supplying and building retaining structures. In addition to this, today we are actively engaged in the Sustainable Theme Park Development, where our focus involves creating theme parks through the utilization of recycled scrap materials. Simultaneously, we are dedicated to implementing innovative waste water management solutions for industrial units, employing the cutting-edge GEIST technology. This dual commitment underscores our holistic approach to sustainable practices, transforming discarded materials into recreational spaces while efficiently managing industrial wastewater through state-of-the-art technology.
