Z-Tech India Limited Unveils Innovative Theme Park in Pimpri-Chinchwad, Inaugurated by Chief Minister Devendra Fadnavis Sir

Delhi, 7th February 2025: Z-Tech (India) - Pioneering Sustainable Infrastructure & Environmental Solutions provider proudly the grand opening of its state-of-the-art theme park in Pimpri-Chinchwad, inaugurated by Hon'ble Chief Minister Devendra Fadnavis Sir. This landmark attraction is set to redefine entertainment and sustainability by transforming waste materials into fascinating sculptures and immersive experiences.

As part of the Central Government's Swachh Survekshan initiative, the park showcases an extraordinary collection of sustainable artworks crafted from old waste iron and other materials. Among its highlights are eight captivating sculptures depicting the evolution of cars, offering both educational and visual delight to visitors. Additionally, a dedicated 'Dinosaur Park' features 15 magnificent dinosaur sculptures, serving as an engaging platform for learning, tourism, and social gatherings.

The initiative, titled *From Waste to Wonder*, underscores the commitment of Pimpri-Chinchwad towards environmental conservation and artistic innovation. Through these exhibitions of sustainable artwork, the theme park is poised to become a valuable addition to the city's attractions, promoting eco-friendly tourism and economic growth.

Speaking at the inauguration, Chief Minister Devendra Fadnavis lauded the initiative, stating, *"This theme park is a testament to how sustainability and creativity can coexist, transforming waste into wonders. It will not only boost tourism but also inspire communities to embrace environmental responsibility."*

The theme park promises an enriching experience for tourists, families, and educational institutions, making it a premier destination for entertainment and awareness. With this pioneering project, Z-Tech India Limited continues to lead the way in blending innovation, sustainability, and cultural engagement.

Management Comment:

Commenting on this development, **Ms. Sanghamitra Borgohain, Managing Director, Z-Tech (India) Limited** said:

"We are thrilled to introduce this innovative theme park to Pimpri-Chinchwad. Our vision was to create an attraction that blends entertainment with environmental consciousness. Through the From Waste to Wonder initiative, we aim to inspire future generations while contributing to sustainable urban development. This park is not just a tourist destination but a symbol of our commitment to creativity and eco-friendly progress."

The theme park promises an enriching experience for tourists, families, and educational institutions, making it a premier destination for entertainment and awareness. With this pioneering project, Z-Tech India Limited continues to lead the way in blending innovation, sustainability, and cultural engagement.”

Company Overview

Z-tech (India) limited is incorporated in 1994 with their core focus on civil construction business, providing services related to designing, supplying and building retaining structures. In addition to this, today we are actively engaged in the Sustainable Theme Park Development, where our focus involves creating theme parks through the utilization of recycled scrap materials. Simultaneously, we are dedicated to implementing innovative waste water management solutions for industrial units, employing the cutting-edge GEIST technology. This dual commitment underscores our holistic approach to sustainable practices, transforming discarded materials into recreational spaces while efficiently managing industrial wastewater through state-of-the-art technology.

We have developed 7 Theme Parks, mostly located in Delhi NCR region. We have 25 upcoming Theme Parks. We have completed 31 completed projects and 52 Projects are ongoing with a total order book of worth Rs. 173 Cr.

Our Vision is to conceptualize, design and execute innovative solutions to underpin environmentally conscious urban development and resilient business growth. Our mission is to be a catalyst for positive change and enable our clients ‘to elevate health quotient of their engagement with environment and communities.
