PRESS RELEASE

Z-Tech expands its geographical footprint as its latest park, Tawi Wonderland, is inaugurated by the Hon'ble Chief Minister of Jammu and Kashmir, Shri Omar Abdullah. This is Jammu's first Waste-to-Art park.

Jammu, August 7, 2026. In a major milestone for sustainable urban development in Jammu and Kashmir, the Hon'ble Chief Minister of J&K, Shri Omar Abdullah, inaugurated the landmark Tawi Wonderland Park. Developed by Z-Tech (India) Limited under the prestigious Jammu Smart City Mission, the park stands as Jammu city's first commercial Waste-to-Art public attraction, setting a new benchmark for eco-friendly urban infrastructure.

Speaking at the inauguration ceremony at the Park, the Chief Minister commended the initiative for converting metric tons of discarded municipal waste—including old metal scrap, industrial pipes, and automobile parts—into illuminated artistic masterpieces and world-class tourist attractions. The Chief Minister was impressed with the park and declared that he would visit the park on a later date unannounced, like a normal visitor, to fully enjoy the park.

Motivated by the words from the dignitaries at the inauguration of Tawi Wonderland, the leadership of Z-Tech (India) Limited stated that it is now further encouraged to explore more such projects in major urban centers across Jammu & Kashmir like Srinagar, Katra, Anantnag & Baramulla. This is also in line with the company's vision of 'One District. One Park.'

About Z-Tech

Z-Tech (India) Limited was incorporated in 1994 with its core focus on the civil construction business, providing services related to designing, supplying and building retaining structures. The company also has a strong practice of innovative waste water management solutions for industrial units, employing the cutting-edge GEIST technology. In the recent past, Z-Tech has been committed to developing and operating creative theme parks across the country under the name of 'Zyng Parks'. These parks boast impressive art forms built from scrap, thus supporting the sustainability drive of authorities and governments. With affordable entry pricing, Zyng Parks are meant for everyone and aim to make outdoors great again. The company has embarked on the vision of achieving one park in each district of India – One District. One Park.
