

Business Update Release

Z-Tech (India) Limited Expands Its Operational Footprint with Landmark Contract at Indira Gandhi Memorial Botanical Garden, Raebareli

Delhi, 22nd September 2026: Z-Tech (India) Limited, a provider of sustainable infrastructure and environmental solutions, is pleased to announce that it has been awarded its first project by the Forest Department, through the Office of the Divisional Director, Social Forestry Division, Raebareli, for a project at the Indira Gandhi Memorial Botanical Garden, Raebareli.

Under the terms of the contract, the project will contribute to the development of the Indira Gandhi Memorial Botanical Garden, Raebareli, as a more vibrant, engaging and visitor-centric public destination. The initiative represents an important step towards enhancing recreational experiences, creating sustainable commercial opportunities, and adding greater value for families, tourists and the local community.

The project also provides an opportunity to add different recreational and visitor-friendly attractions that can make the park more enjoyable, engaging and attractive for families and visitors. These may include **recreational activities, children's play areas, adventure sports, yoga and wellness activities, meditation programmes, nature-awareness events, cultural performances, residential tent houses and other approved visitor amenities and entertainment activities.**

Management Comment

Commenting on this development, **Ms. Sanghamitra Borgohain, Managing Director, Z-Tech (India) Limited**, said:

“We are pleased to undertake this opportunity at the Indira Gandhi Memorial Botanical Garden, Raebareli, which aligns with our focus on developing sustainable and engaging public infrastructure. The project provides us with an opportunity to combine efficient facility management with innovative recreational, wellness and nature-based activities that can enhance the overall visitor experience.

We see significant potential in creating a well-managed and attractive destination that encourages greater public participation while promoting awareness of nature, sustainability and responsible use of public spaces. Through our engineering, infrastructure and creative capabilities, we look forward to contributing to the development of additional visitor amenities at the Park, subject to the necessary approvals.”

The project further strengthens Z-Tech (India) Limited's focus on **sustainable infrastructure, environmental solutions and innovative public-space development**. The Company continues to explore opportunities where engineering, technology and creative solutions can be combined to develop environmentally responsible infrastructure and enhance the utility and experience of public spaces.

Company Overview

Z-tech (India) limited is incorporated in 1994 with their core focus on civil construction business, providing services related to designing, supplying and building retaining structures. In addition to this, today we are actively engaged in the Sustainable Theme Park Development, where our focus involves creating theme parks through the utilization of recycled scrap materials. Simultaneously, we are dedicated to implementing innovative waste water management solutions for industrial units, employing the cutting-edge GEIST technology. This dual commitment underscores our holistic approach to sustainable practices, transforming discarded materials into recreational spaces while efficiently managing industrial wastewater through state-of-the-art technology.
