AURIONPRO SENA ANNOUNCES GENERAL RELEASE OF ITS IMPLEMENTATION ACCELERATOR SOLUTION FOR ORACLE WebCenter IMAGING

Aurionpro Sena announced today the release of its imaging solution that reduces costs by streamlining deployment of WebCenter Imaging v11g.

September 25, 2013 – San Ramon, CA

Aurionpro Sena today announced the release of its configurable and extensible BPM/BPEL workflow and routing tool that facilitates rapid implementation for businesses requiring image processing. Specifically designed to integrate with Oracle applications via an AXF framework, it supports strategic alignment by marrying implementation capabilities with overall organization goals. Already in production at multiple client sites, Aurionpro Sena's solution enables faster ROI and reduces risk while delivering targeted functionality and a tailored user experience.

When included in a program to deploy Oracle applications, Aurionpro Sena's new solution speeds up installation, configuration, integration and startup time. This new solution can be applied to any of the following applications:

- Accounts Payable
- General Ledger
- Human Resources
- Expense Processing
- Vendor Onboarding

Tuned precisely to our clients' imaging, workflow, and ERP business needs, Aurionpro Sena's new solution delivers multiple benefits. Facilitated by in depth product knowledge and results-oriented consulting, Aurionpro Sena's Best of Class WebCenter Imaging Practice guides our customers to success with their ERP, Imaging, and Workflow business needs.
