AURIONPRO ANNOUNCES THE APPOINTMENT OF A NEW CFO

October 1, 2013 – San Ramon, CA

Aurionpro Solutions, an awarding winning software and consulting services firm, today announced the appointment of Dusan Jovanovic as Chief Financial Officer with responsibility for Aurionpro's financial operations globally. Dusan has provided operational leadership across business lines for the past seven years, during which he's overseen the growth resulting from a quadrupling in corporate revenue. Dusan has successfully consolidated financial operations across Aurionpro's various business lines and geographies, and, in his new role, will continue to mature the operational structure and improve the financial strength of the company.

With close to thirty years of experience, Dusan brings both disciplined practices as well as an entrepreneurial spirit to his position. This combination has served the company extremely well as he has led the financial due diligence and the operational integration of nine acquired companies during his tenure. Prior to Aurionpro, Dusan was a co-founder of Coban Corporation, a consulting firm focused on web and enterprise content management implementations. He has also held leadership positions at Vignette Corporation, an enterprise software company, and at ABB Energy Information Systems. Dusan holds master's and bachelor's degrees in Computer Science from the University of Belgrade.

Samir Shah, Aurionpro's Global COO commented, "Dusan has a long history of implementing operational processes that have worked successfully for Aurionpro and he brings the leadership skills necessary to help propel the company forward. He will drive the planning and execution of Aurionpro's financial strategies and is expected to play a key executive role as we pursue a long-term plan of expansion."

About Aurionpro

Aurionpro Solutions (NSE: AURIONPRO) (BSE: 532668) is a publicly traded technology company that helps Fortune 1000 companies to be more efficient through domain-driven software and consulting offerings. Employing more than 1200 individuals across North America, Asia, and Europe, the company has been recognized by Deloitte, Forbes, and the 2011 FinTech 100 as one of the world's fastest growing technology companies.
