Dear Sirs,

Sub : Indoco acquires Manufacturing plant at Baddi

Indoco Remedies Ltd., has acquired the manufacturing facility located at Baddi of Micro Labs Ltd., (a Bangalore based company)

The facility is spread over an area of 18000 sq.mt, out of which 11,000 sq.mt.is the built-up area. It produces 4.3 billion tablets and 50 million capsules p.a.

The acquired manufacturing site is close to Indoco's existing manufacturing plant in Baddi, Himachal Pradesh. Baddi will thus be another manufacturing hub for Indoco's solid dosages business in the regulated markets.

With this acquisition, Indoco will now have 6 facilities for finished dosages and 3 for APIs. Out of these, 3 facilities for finished dosages, including sterile plant and 2 facilities for API manufacturing are USFDA approved.

Thanking you,

Yours faithfully,
