 - 500 kV HVDC Mundra to Mohindergarh System achieves average availability of 99.75% for H1FY16 against 95% of normative availability.

Ahmedabad, October 20, 2015: Adani Transmission Ltd, part of the Adani Group, today announced its results for the second quarter and half year ended September 30, 2015.

Financial Highlights:

The total consolidated Income for Q2FY16 stood at Rs 621 crore vs Rs 469 Crore in Q1FY16. Consolidated EBIDTA stood at Rs 585 crore vs Rs 442 Crore in Q1FY16 and consolidated PAT at Rs 153 crore vs Rs 30 Crore in Q1FY16.

Adani Transmission Limited is the largest private sector transmission company in India with over 5,000 circuit kms of transmission lines across Western & Northern regions of India along with 12,000 MVA transformation capacity.

Adani Transmission Limited (ATL) by its two wholly owned subsidiaries namely Maharashtra Eastern Grid Power Transmission Company Limited (MEGPTCL) and Adani Transmission (India) Limited (ATIL) operates following major power transmission assets:

- 765 kV transmission system of about 1185 kms from Tiroda to Aurangabad, Maharashtra
- 400 kV transmission line of approximately 219 kms from Tiroda to Warora, Maharashtra
- 400 kV transmission system of approximately 434 kms from Mundra to Dehgam, Gujarat
- 500 kV HVDC bipole transmission system of approximately 990 kms. from Mundra, Gujarat to Mohindergarh, Haryana

Mr Gautam Adani, Chairman, Adani Group, said, "As the largest private power transmission company in the country and the Government thrust on huge investment in power transmission sector along with progressive policy initiatives, Adani Transmission is best poised to tap growth and create value for all its stakeholders."

About The Adani Group

The Adani Group is one of India's leading business houses with revenue of over \$10 billion.

Founded in 1988, Adani has grown to become a global integrated infrastructure player with businesses in key industry verticals - resources, logistics and energy. The integrated model is well adapted to the infrastructure challenges of the emerging economies.

The Group has also made significant inroads in the agri-infrastructure business by setting up grain storage silos and cold storage facilities, catering to storage of apples from Himachal Pradesh. We are a market leader in edible oil business with our Fortune brand of oil leading the pack.

We live in the same communities where we operate and take our responsibility towards the society very seriously. Through Adani Foundation, we ensure development and progress is sustainable and inclusive; not just for the people living in these areas, but the environment on the whole. At Adani, we believe in delivering benefits that transcend our immediate stakeholders.

Resources means obtaining Coal from mines and trading; in future it will also include oil and gas production.

Adani is developing and operating mines in India, Indonesia and Australia as well as importing and trading coal from many other countries. Currently, we are the largest coal importers in India. We also have extensive interests in oil and gas exploration. Our extractive capacity has increased three folds to 8 MMT in 2015 and we aim to extract 200 MMT per annum by 2020, thereby making Adani one of the largest mining groups in the world.

Logistics denotes a large network of Ports, Special Economic Zone (SEZ) and Multi-Modal Logistics - Railways and Ships.

Adani owns and operates seven ports and terminals – Mundra, Dahej, Kandla and Hazira in Gujarat, Dhamra in Orissa, Mormugao in Goa and Visakhapatnam in Andhra Pradesh, India. Mundra Port, which is the largest port in India, benefits from deep draft, first-class infrastructure and SEZ status. It crossed the 144 MMT mark of cargo handling in FY15. Adani is also developing terminals at Ennore in Tamil Nadu and at Vizhinjam in Kerala, India.

Energy involves Power generation & transmission and Gas distribution.

Adani is the largest private thermal power producer in India with an installed capacity of 10,480 MW. Our four power projects are spread out across the states of Gujarat, Maharashtra, Karnataka and Rajasthan.

We also provide a range of reliable and environment friendly energy solutions, in the form of CNG and PNG. In fact, the above-mentioned installed capacity also includes a 40 MW solar plant at Bitta, Gujarat.
