Ajanta Pharma gets approvals for 3 ANDA's (Montelukast Tablets, Chewable Tablets and Oral Granules)

Mumbai - (August 4, 2015) - Ajanta Pharma Limited, a specialty focused pharmaceutical formulation company, has received final approval for its 3 ANDAs (Abbreviated New Drug Application) by US FDA (United States Food and Drug Administration)

1. Montelukast Tablets, 10mg
2. Montelukast sodium chewable tablets, 4mg & 5mg and
3. Montelukast oral granules

Montelukast Sodium Tablets, 10 mg, the generic version of Singulair® tablets by Merck, is indicated for treatment of prophylaxis and chronic treatment of asthma and to relieve symptoms of seasonal and perennial allergic rhinitis in patients two years of age and older.

Montelukast 4mg chewable tablets are suitable for 2 to 5 year old patients while Montelukast 5mg chewable tablets are available for patients from 6 to 14 years of age. Montelukast oral granules are specially appropriate for patients of 12 months of age and older.

For the 12 months ending June 2015, Montelukast Tablets, Chewable Tablets and Granules had sales of approximately \$237 million, \$87 million and \$31 million respectively, according to IMS Health*. Ajanta intends to launch these products shortly.

The approval of the Montelukast product family is part of an ever-growing portfolio that Ajanta Pharma has developed for the US market. Including these 3 ANDA approvals, Ajanta now has 5 approved ANDAs and another 20 ANDAs under approval with FDA.

About Ajanta Pharma Limited
