PAT Margin (%)	7.2%	7.0%		6.8%	6.4%	

Press Release : 17th November 2017, Surat

Bigbloc Construction Limited, one of the market leaders in the manufacture of AAC (Autoclaved Aerated Concrete) Blocks (Fly Ash Bricks) has declared its Unaudited Results for the Quarter and Half Year ended 30th September, 2017. The Results are in accordance with the Indian Accounting Standards (Ind-AS)

Highlights for Q2 FY18

- **Revenue from Operations is at Rs. 1,743 lakhs**, a growth of 13% from Q2 FY17
- **EBITDA up 14% to Rs. 325 lakh** as compared to Rs. 284 lakh in Q2 FY17
- **EBITDA Margins** have remained stable at 18.6%
- **Profit after Tax up 16% to Rs. 125 lakh** as compared to Rs. 107 lakh in Q2 FY17
- **PAT Margins** are at 7.2%

Commenting on the results and performance, **Mr. Narayan Saboo**, Chairman said:

*"I am happy to share with you the our Q2 FY18 Results. Our company has achieved a **Revenue of Rs. 1,743 Lakhs, EBITDA of Rs. 325 Lakhs and PAT of Rs. 125 Lakhs**. We have been able to improve our **EBITDA Margins to 18.6%**. Our **PAT Margins have also increased to 7.2%**. We have seen a good increase in volumes.*

Also, with the Government having high focus on Infrastructure Development and Housing for All, we expect the demand for AAC Blocks to increase multi-fold in the future. In view of long term sustainability of our business, we have planned to expand our Capacities from 3,00,000 cubic metres per annum to 9,00,000 cubic metres per annum.

We have witnessed the rollout of India's groundbreaking fiscal reform i.e. GST which is transforming India into a single marketplace. Our products are currently taxed at 12% GST which is significantly lower than the earlier tax regime. Traditional red bricks which were earlier not taxable are also taxed at 5%. This shall greatly benefit us in the coming future. Post GST, there has been a shift from the unorganised sector to the organised sector."

About Bigbloc Construction Limited

Bigbloc Construction Ltd. is one of the leading manufacturers of AAC (Aerated Autoclaved Concrete) Blocks. AAC Blocks are a high quality building material that offers a unique combination of strength, low weight, thermal insulation, sound absorption, unsurpassed fire resistance and unprecedented build ability. There are various economical as well as environmental benefits of using AAC. The manufacturing facility of the Company is strategically located at Umargaon, Gujarat which is nearer to Mumbai, Surat, Pune and Nashik which are the growing markets to which the Company caters. The production capacity of the Company currently stands at 3,00,000 m3/annum. The Company has got reputed clients like Lodha, HDIL (Housing Development and Infrastructure Limited), Regency Nirman, Mahindra, Shapoorji Pallonji and many other big construction companies of Maharashtra.
