**Subject: Press Release.**

**Dear Sir / Madam,**

In continuation of our letter dated February 9, 2026 and pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find enclosed the press release titled “Ceigall India Expands Renewable Energy Portfolio with ₹1,700 Crore Solar and BESS Award in Madhya Pradesh.”

The above information is uploaded on the website of the company [www.ceigall.com](http://www.ceigall.com)

You are requested to take the above information on your record.

Thanking you,

Yours faithfully,

For **Ceigall India Limited**

**Megha Kainth**

Company Secretary & Compliance officer

## **Ceigall India Expands Renewable Energy Portfolio with ₹1,700 Crore Solar and BESS Award in Madhya Pradesh**

**National, 10<sup>th</sup> February 2026:** Ceigall India Limited (BSE: 544223 | NSE: CEIGALL) has received a Letter of Award (LOA) dated 09 February 2026 from Rewa Ultra Mega Solar Limited (RUMSL) for the development of Unit 1 (220 MW) at Morena Solar Park, Madhya Pradesh.

The project, awarded on a tariff-based competitive bidding mechanism, comprises a 220 MW Solar Power Project integrated with a Battery Energy Storage System (BESS). The tariff quoted for the project is ₹2.70 per kWh, with an approximate project value of ₹1,700 crore (including GST).

The construction period for the project is 24 months, followed by an operational period of 25 years. The project is expected to contribute significantly to Madhya Pradesh's renewable energy capacity and support India's broader clean energy transition goals.

The Morena Solar Park is a key renewable energy initiative in the state and is designed to enhance grid stability through integrated storage solutions. The addition of BESS alongside solar generation will enable efficient peak power management and improved dispatch reliability.

Commenting on the development, **Ramneek Sehgal, Chairman & Managing Director, Ceigall India Limited**, said:

“We are pleased to secure the 220 MW Solar and BESS project at Morena Solar Park from Rewa Ultra Mega Solar Limited. As India progresses toward its 500 GW non-fossil capacity target, integrated solar and storage solutions are essential for delivering reliable, dispatchable renewable power. This project strengthens our presence in the clean energy segment, and we are committed to executing it efficiently while supporting India's energy transition and decarbonisation objectives.”

This order further strengthens Ceigall India's growing order book and marks a strategic expansion into large-scale renewable energy infrastructure. The project aligns with the Company's long-term vision of participating in nation-building initiatives across transportation and energy infrastructure.

---

### **About Ceigall India Limited (BSE: 544223 | NSE: CEIGALL)**

Ceigall India Limited is an infrastructure engineering, procurement, and construction (EPC) company undertaking specialized structural works such as elevated roads, flyovers, bridges, railway overbridges, tunnels, highways, expressways, and runways. The Company's principal business operations are broadly divided into EPC projects and hybrid annuity model (HAM) projects.

With a strong execution track record and robust order book, Ceigall continues to expand its footprint across diversified infrastructure segments, contributing to India's long-term growth and development.
