PRESS RELEASE

“Five LOAs, INR 2,423 Cr. in Two Days: Ceigall India Strengthens Order Book with Fifth Win of INR 274 Crore in Arunachal Pradesh”

- ₹274.08 crore LOA for Package-2 of the Bile-Migging section awarded to the Ceigall India-Rajinder Infrastructure JV, a day after four LOAs worth ₹2,149.62 crore were awarded to the Ceigall India-Sushee Infra Mining JV for other sections of the same highway
- Fifth LOA on NH-913 (Frontier Highway) received, taking the Company's cumulative wins on the corridor in two days to ₹2,423.70 crore
- The five packages together span approximately 278 km of Intermediate Lane road construction on one of the Northeast's most strategically important corridors

National, August 19, 2026: Ceigall India Limited (CIL), a leading infrastructure development company, has strengthened its footprint in the Northeast further, with its joint ventures securing five Letters of Acceptance (LOAs) from the Ministry of Road Transport & Highways (MoRTH) worth a combined bid cost of ₹2,423.70 crore for road construction on NH-913 (Frontier Highway) in Arunachal Pradesh — all within a span of two days.

The latest award, received, is for a **₹274.08 crore** EPC package covering construction of the road from km 17.812 to km 55.377 (Package-2) of the Bile-Migging section of NH-913, to Intermediate Lane standards. The project has been awarded to the joint venture between Ceigall India Limited and Rajinder Infrastructure Private Limited, in which Ceigall India holds a 70% stake and Rajinder Infrastructure holds the remaining 30%. The project carries a 48-month construction period, followed by a five-year maintenance period.

This follows four LOAs received by the Company's joint venture with Sushee Infra Mining Limited (CIL: 74%, SIML: 26%), for construction of Intermediate Lane roads across the Huri-Taliha and Sarli-Huri sections of NH-913, with an aggregate bid cost of ₹2,149.62 crore. Those four packages carry construction periods of 36 to 48 months, each followed by a five-year maintenance period.

Taken together, the five LOAs — spanning approximately 278 km of the Frontier Highway — mark one of the Company's most significant order-win windows on a single corridor, underscoring its scale and execution capability in a strategically important and operationally challenging geography.

Commenting on the development, **Mr. Ramneek Sehgal, Chairman & Managing Director, Ceigall India Limited**, said, *"Within the space of two days, our joint ventures have secured five Letters of Acceptance worth a combined ₹2,423.70 crore on the Frontier Highway alone — a reflection of the confidence authorities continue to place in our execution capabilities and of the depth of our presence in Arunachal Pradesh. Together, these five packages span nearly 278 km of Intermediate Lane road construction across some of the region's most demanding terrain. Arunachal Pradesh presents distinctive engineering and execution challenges, and we remain committed to delivering all five projects with the highest standards of quality, safety and timely execution, while contributing meaningfully to the region's connectivity and economic development."*

These wins further strengthen Ceigall India's order book and reinforce the Company's strategy of expanding its geographical presence and diversifying its infrastructure portfolio across high-potential markets, including its growing role in the development of critical road infrastructure across the Northeast.

About Ceigall India Limited - (BSE: 544223 | NSE: CEIGALL)

Ceigall India Limited is an infrastructure engineering, procurement, and construction (EPC) company engaged in the development of highways, expressways, bridges, flyovers, railway overbridges, tunnels, and runways. The Company executes projects under EPC and Hybrid Annuity Model (HAM) formats and has a strong track record of timely execution across multiple states in India. Building on its proven execution capabilities, the Company is also expanding its presence in the renewable energy sector through utility-scale solar and Battery Energy Storage System (BESS) projects, further diversifying its infrastructure portfolio. With a growing order book and diversified project portfolio, Ceigall India continues to play a key role in India's infrastructure development journey.
