RISKS IN RELATION TO THE FIRST OFFER

The face value of the Equity Shares is ₹10. The Floor Price, Cap Price and the Offer Price, as determined by our Company and the Selling Shareholders, in consultation with the BRLMs, on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process, as stated under "Basis for Offer Price" on page 100 should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active and/or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISK

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of this Draft Red Herring Prospectus. Specific attention of the investors is invited to "Risk Factors" on page 26.

ISSUER'S AND THE SELLING SHAREHOLDERS' ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Draft Red Herring Prospectus contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Draft Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Draft Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect. Each of the Selling Shareholders, severally and not jointly, accepts responsibility for and confirms only such statements specifically made or confirmed by such Selling Shareholders in this Draft Red Herring Prospectus to the extent of information specifically pertaining to itself and its respective portion of the Offered Shares in the Offer for Sale and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect. Each of the Selling Shareholders, severally and not jointly, assume no responsibility for any other statement, including, inter alia, any of the statements made by or relating to the Company or its business or any of the other Selling Shareholder in this Draft Red Herring Prospectus.

LISTING

The Equity Shares offered through the Red Herring Prospectus are proposed to be listed on the Stock Exchanges. For the purposes of the Offer, the Designated Stock Exchange shall be [●].

OUR PROMOTER: THE FEDERAL BANK LIMITED				
INITIAL PUBLIC OFFER OF UP TO [●] EQUITY SHARES OF FACE VALUE OF ₹10 EACH ("EQUITY SHARES") OF FEDBANK FINANCIAL SERVICES LIMITED ("COMPANY" OR "ISSUER") FOR CASH AT A PRICE OF ₹[●] PER EQUITY SHARE (INCLUDING A SHARE PREMIUM OF ₹[●] PER EQUITY SHARE) ("OFFER PRICE") AGGREGATING UP TO ₹[●] MILLION (THE "OFFER") COMPRISING A FRESH ISSUE OF UP TO [●] EQUITY SHARES AGGREGATING UP TO ₹ 9,000 MILLION (THE "FRESH ISSUE") AND AN OFFER FOR SALE OF UP TO 45,714,286 EQUITY SHARES AGGREGATING UP TO ₹[●] MILLION (THE "OFFER FOR SALE"), COMPRISING UP TO 16,497,973 EQUITY SHARES AGGREGATING UP TO ₹[●] MILLION BY THE FEDERAL BANK LIMITED ("PROMOTER SELLING SHAREHOLDER") AND UP TO 29,216,313 EQUITY SHARES AGGREGATING UP TO ₹[●] MILLION BY TRUE NORTH FUND VI LLP ("INVESTOR SELLING SHAREHOLDER"), AND TOGETHER WITH THE PROMOTER SELLING SHAREHOLDER, THE "SELLING SHAREHOLDERS", AND SUCH EQUITY SHARES OFFERED BY THE SELLING SHAREHOLDERS, THE "OFFERED SHARES"). THIS OFFER INCLUDES A RESERVATION OF UP TO [●] EQUITY SHARES AGGREGATING UP TO ₹[●] MILLION FOR SUBSCRIPTION BY ELIGIBLE EMPLOYEES (THE "EMPLOYEE RESERVATION PORTION") AND A RESERVATION OF UP TO [●] EQUITY SHARES AGGREGATING UP TO ₹[●] MILLION, FOR SUBSCRIPTION BY FEDERAL BANK SHAREHOLDERS (AS DEFINED HEREINAFTER) (THE "FEDERAL BANK SHAREHOLDERS RESERVATION PORTION"). THE OFFER LESS THE EMPLOYEE RESERVATION PORTION AND THE FEDERAL BANK SHAREHOLDERS RESERVATION PORTION IS HEREINAFTER REFERRED TO AS THE "NET OFFER". THE OFFER AND THE NET OFFER WILL CONSTITUTE [●]% AND [●]% OF OUR POST-OFFER PAID-UP EQUITY SHARE CAPITAL, RESPECTIVELY. OUR COMPANY AND THE SELLING SHAREHOLDERS, MAY IN CONSULTATION WITH THE BRLMS, CONSIDER A PRIVATE PLACEMENT OF UP TO 20% OF THE FRESH ISSUE OR SUCH OTHER AMOUNT AS MAY BE ALLOWED UNDER APPLICABLE LAW FOR CASH CONSIDERATION AGGREGATING UP TO ₹ 1,800 MILLION, PRIOR TO FILING OF THE RED HERRING PROSPECTUS WITH THE ROC. THE PRE-IPO PLACEMENT, IF UNDERTAKEN, WILL BE AT A PRICE TO BE DECIDED BY OUR COMPANY AND THE SELLING SHAREHOLDERS IN CONSULTATION WITH THE BRLMS. IF THE PRE-IPO PLACEMENT IS UNDERTAKEN, THE MINIMUM OFFER SIZE (COMPRISING THE FRESH ISSUE SO REDUCED BY THE AMOUNT RAISED FROM THE PRE-IPO PLACEMENT, AND THE OFFER FOR SALE) SHALL CONSTITUTE AT LEAST 10% OF THE POST-OFFER PAID-UP EQUITY SHARE CAPITAL OF OUR COMPANY. THE FACE VALUE OF EQUITY SHARES IS ₹10 EACH. THE PRICE BAND AND THE MINIMUM BID LOT SHALL BE DECIDED BY OUR COMPANY AND THE SELLING SHAREHOLDERS, IN CONSULTATION WITH THE BRLMS AND WILL BE ADVERTISED IN [●] EDITIONS OF [●], AN ENGLISH NATIONAL DAILY NEWSPAPER, [●] EDITIONS OF [●], A HINDI NATIONAL DAILY NEWSPAPER AND [●] EDITION OF [●], A MARATHI DAILY NEWSPAPER (MARATHI BEING THE REGIONAL LANGUAGE OF MAHARASHTRA, WHERE OUR REGISTERED AND CORPORATE OFFICE IS LOCATED), EACH WITH WIDE CIRCULATION, AT LEAST TWO WORKING DAYS PRIOR TO THE BID/OFFER OPENING DATE AND SHALL BE MADE AVAILABLE TO BSE LIMITED ("BSE") AND NATIONAL STOCK EXCHANGE OF INDIA LIMITED ("NSE"), AND TOGETHER WITH BSE, THE "STOCK EXCHANGES") FOR THE PURPOSE OF UPLOADING ON THEIR RESPECTIVE WEBSITES IN ACCORDANCE WITH SECURITIES AND EXCHANGE BOARD OF INDIA (ISSUE OF CAPITAL AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2018, AS AMENDED (THE "SEBI ICDR REGULATIONS"). In case of any revision in the Price Band, the Bid/ Offer Period will be extended by at least three additional Working Days after such revision in the Price Band, subject to the Bid/ Offer Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company and the Selling Shareholders may, in consultation with the BRLMS, for reasons to be recorded in writing, extend the Bid/ Offer Period for a minimum of three Working Days, subject to the Bid/ Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Offer Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public notice, and also by indicating the change on the respective websites of the BRLMS and at the terminals of the Syndicate Members and by intimation to Designated Intermediaries and the Sponsor Banks, as applicable. The Offer is being made through the Book Building Process, in terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended ("SCRR") read with Regulation 31 of the SEBI ICDR Regulations and in compliance with Regulation 6(1) of the SEBI ICDR Regulations, wherein not more than 50% of the Offer shall be available for allocation on a proportionate basis to Qualified Institutional Buyers ("QIBs") ("QIB Portion"), provided that our Company and the Selling Shareholders may, in consultation with the BRLMS, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations ("Anchor Investor Portion"), of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIBs, including Mutual Funds, subject to valid Bids being received at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allocation in the Mutual Fund Portion will be added to the remaining QIB Portion for proportionate allocation to QIBs. Further, not less than 15% of the Offer shall be available for allocation to Non-Institutional Bidders out of which (a) one third of such portion shall be reserved for applicants with application size of more than two lakh rupees and up to ten lakh rupees; and (b) two third of such portion shall be reserved for applicants with application size of more than ten lakh rupees, provided that the unsubscribed portion in either of such sub-categories may be allocated to applicants in the other sub-category of non-institutional investors* and not less than 35% of the Offer shall be available for allocation to Retail Individual Bidders ("RIBs") in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price. Further, Equity Shares will be allocated on a proportionate basis to Eligible Employees applying under the Employee Reservation Portion, subject to valid Bids received from them at or above the Offer Price. All potential Bidders (except Anchor Investors) are required to mandatorily utilise the Application Supported by Blocked Amount ("ASBA") process providing details of their respective ASBA accounts, and UPI ID in case of RIBs, if applicable, in which the corresponding Bid Amounts will be blocked by the SCSBs or under the UPI Mechanism, as applicable, to participate in the Offer. Anchor Investors are not permitted to participate in the Offer through the ASBA process. For details, see "Offer Procedure" on page 435. * Note: These changes will come into effect from April 1, 2022, if the Bid/Offer Opening Date is on or after April 1, 2022.				
RISKS IN RELATION TO THE FIRST OFFER				
This being the first public issue of our Company, there has been no formal market for the Equity Shares of our Company. The face value of the Equity Shares is ₹10. The Floor Price, Cap Price and the Offer Price, as determined and justified by our Company and the Selling Shareholders, in consultation with the BRLMS, in accordance with the SEBI ICDR Regulations, as stated under "Basis for Offer Price" on page 100 should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active and/or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.				
GENERAL RISK				
Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of this Draft Red Herring Prospectus. Specific attention of the investors is invited to "Risk Factors" on page 26.				
ISSUER'S AND THE SELLING SHAREHOLDERS' ABSOLUTE RESPONSIBILITY				
Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Draft Red Herring Prospectus contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Draft Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Draft Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect. Each of the Selling Shareholders, severally and not jointly, accepts responsibility for and confirms only such statements specifically made or confirmed by such Selling Shareholders in this Draft Red Herring Prospectus to the extent of information specifically pertaining to itself and its respective portion of the Offered Shares in the Offer for Sale and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect. Each of the Selling Shareholders, severally and not jointly, assume no responsibility for any other statement, including, inter alia, any of the statements made by or relating to the Company or its business or any of the other Selling Shareholder in this Draft Red Herring Prospectus.				
LISTING				
The Equity Shares offered through the Red Herring Prospectus are proposed to be listed on the Stock Exchanges. Our Company has received 'in-principle' approvals from BSE and NSE for the listing of the Equity Shares pursuant to letters dated [●] and [●], respectively. For the purposes of the Offer, the Designated Stock Exchange shall be [●]. A signed copy of the Red Herring Prospectus and the Prospectus shall be delivered to the RoC in accordance with Sections 26(4) and 32 of the Companies Act 2013. For details of the material contracts and documents available for inspection from the date of the Red Herring Prospectus up to the Bid/ Offer Closing Date, see "Material Contracts and Documents for Inspection" on page 462.

OFFER DOCUMENT SUMMARY

The following is a general summary of the terms of the Offer and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Draft Red Herring Prospectus or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing in “Risk Factors”, “The Offer”, “Capital Structure”, “Objects of the Offer”, “Industry Overview”, “Our Business”, “Our Promoter and Promoter Group”, “Restated Financial Information”, “Outstanding Litigation and Material Developments”, “Offer Procedure” and “Description of Equity Shares and Terms of Articles of Association” beginning on pages 26, 69, 85, 96, 107, 175, 241, 266, 392, 435 and 456, respectively.

Summary of Business

We are a retail focused NBFC promoted by The Federal Bank Limited. We are the fastest growing gold loan NBFC among the gold loan peer set in India as of March 31, 2021. (Source: CRISIL Report) We are one among five private bank-promoted NBFCs in India. (Source: CRISIL Report) We have the lowest cost of borrowing among the MSME and gold loan peer set in India in Fiscal 2021. (Source: CRISIL Report) As on March 31, 2021, we are the NBFC with the third fastest AUM growth in the last three fiscal years in India with a CAGR of 49% between Fiscals 2018 and 2021. (Source: CRISIL Report)

Summary of Industry

Housing finance accounts for half of overall retail loans in the country followed by personal loans (18%) and auto loan (15%). Gold loan, which has gained popularity since 2008, accounts for 11% of overall retail loans in Fiscal 2021. The gold loan industry has witnessed consistent growth over the last decade, even as gold prices have seen periodic fluctuations. As of March 2021, CRISIL Research estimated the outstanding value of loans given out by organized financiers, namely banks and NBFCs, to be ₹ 4.7 trillion, with NBFCs accounting for one-quarter of the market.

Our Promoter

Our Promoter is The Federal Bank Limited. For details, see “Our Promoter and Promoter Group” beginning on page 241.

Offer Size

Offer	Up to [●] Equity Shares aggregating up to ₹[●] million
of which	
Fresh Issue ⁽¹⁾⁽²⁾	Up to [●] Equity Shares aggregating up to ₹ 9,000 million
Offer for Sale ⁽³⁾	Up to 45,714,286 Equity Shares aggregating up to ₹[●] million by the Selling Shareholders
The Offer includes:	
Employee Reservation Portion ⁽⁴⁾	Up to [●] Equity Shares aggregating up to ₹[●] million
Federal Bank Shareholders Reservation Portion ⁽⁵⁾	Up to [●] Equity Shares aggregating up to ₹[●] million
Net Offer	Up to [●] Equity Shares aggregating up to ₹[●] million

⁽¹⁾ The Offer has been authorised by resolution of our Board dated January 11, 2022. The Fresh Issue has been authorised by a resolution of our Board dated January 11, 2022 and a special resolution of our Shareholders dated February 14, 2022. Further, our Board has taken on record the approval for the Offer for Sale by the Selling Shareholders pursuant to its resolution dated February 18, 2022.

⁽²⁾ A Pre-IPO Placement may be undertaken by our Company and the Selling Shareholders in consultation with the BRLMs for up to 20% of the Fresh Issue or such other amount as may be allowed under applicable law for cash consideration aggregating up to ₹ 1,800 million, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company and the Selling Shareholders in consultation with the BRLMs and will be completed prior to filing of the Red Herring Prospectus with the RoC. If the Pre-IPO Placement is undertaken, the minimum Offer size (comprising the Fresh Issue so reduced by the amount raised from the Pre-IPO Placement, and the Offer for Sale) shall constitute at least 10% of the post-Offer paid-up Equity Share capital of our Company.

⁽³⁾ The Equity Shares being offered by the Selling Shareholders have been held for a period of at least one year immediately preceding the date of this Draft Red Herring Prospectus with the SEBI, and are eligible for being offered for sale pursuant to the Offer in terms of the SEBI ICDR Regulations. For details of authorisations received for the Offer for Sale, see “Other Regulatory and Statutory Disclosures” on page 399.

⁽⁴⁾ In the event of under-subscription in the Employee Reservation Portion (if any), the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹ 200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹ 500,000. The unsubscribed portion, if any, in the Employee Reservation Portion (after allocation up to ₹ 500,000), shall be added to the Net Offer. The Employee Reservation Portion shall not exceed 5% of our post-Offer paid-up Equity Share capital. For further details, see “Offer Structure” beginning on page 431.

⁽⁵⁾ The Federal Bank Shareholders Reservation Portion shall not exceed [●]% of the post-Offer paid-up Equity Share capital.

Objects of the Offer

Our Company proposes to utilise the Net Proceeds towards the following objects:

Particulars	Amount* (in ₹ million)
For augmentation of our Company's Tier – I capital base	[●] ⁽¹⁾
Net Proceeds	[●]

* Includes the proceeds, if any, received pursuant to the Pre-IPO Placement. Upon allotment of Equity Shares issued pursuant to the Pre-IPO Placement, we may utilise the proceeds from such Pre-IPO Placement towards the Objects of the Offer prior to completion of the Offer.

(1) To be determined on finalisation of the Offer Price and updated in the Prospectus.

For details, see “Objects of the Offer” beginning on page 96.

Pre-Offer Shareholding of our Promoter, Promoter Group and the Selling Shareholders

The equity shareholding of our Promoter, Promoter Group and the Selling Shareholders as on the date of this Draft Red Herring Prospectus is set forth below:

S. No.	Category of Shareholders	No. of Equity Shares	% of total pre-Offer paid-up Equity Share capital
Promoter (also the Promoter Selling Shareholder)			
1.	The Federal Bank Limited	235,685,332*	73.31

For details of the related party transactions and as reported in the Restated Financial Information, see “*Restated Financial Information – Related Party Disclosures*” on page 318.

Issuances of Equity Shares made in the last one year for consideration other than cash

Our Company has not issued any Equity Shares through bonus issue or for consideration other than cash in the one year preceding the date of this Draft Red Herring Prospectus.

Financing Arrangements

There have been no financing arrangements whereby our Promoter, members of our Promoter Group, our Directors, or their relatives have financed the purchase by any other person of securities of our Company (other than in the normal course of the business of the relevant financing entity) during a period of six months immediately preceding the date of filing of this Draft Red Herring Prospectus.

Details of acquisition of specified securities by our Promoter, members of the Promoter Group, Selling Shareholders and other Shareholders with nominee director rights or other rights, in the last three years preceding the date of this Draft Red Herring Prospectus

S. No.	Name of the acquirer/shareholder	Date of acquisition of Equity Shares	Date of acquisition of Preference Shares	Number of Equity Shares acquired	Number of Preference Shares acquired	Acquisition price per Equity Share	Acquisition price per Preference Share
Promoter (also the Promoter Selling Shareholder)							
1.	The Federal Bank Limited*	June 29, 2021	Nil	21,141,998	Nil	70	Nil
2.		October 13, 2020	Nil	12,210,000	Nil	48	Nil
3.		March 30, 2020	Nil	12,333,334	Nil	48	Nil
Investor Selling Shareholder							
1.		June 29, 2021	Nil	7,428,270	Nil	70	Nil

S. No.	Name of the acquirer/shareholder	Date of acquisition of Equity Shares	Date of acquisition of Preference Shares	Number of Equity Shares acquired	Number of Preference Shares acquired	Acquisition price per Equity Share	Acquisition price per Preference Share
2.	True North Fund VI LLP*	October 13, 2020	Nil	4,290,000	Nil	48	Nil
3.		March 30, 2020	Nil	4,333,334	Nil	48	Nil
4.		September 27, 2019	Nil	26,714,257	Nil	42.11	Nil

The above details have been certified by M/s R U Kamath & Co by way of their certificate dated February 18, 2021.

*Also a shareholder with nominee director rights or other rights

Weighted average price at which specified securities were acquired by our Promoter and the Selling Shareholders in the one year preceding the date of this Draft Red Herring Prospectus

Except as disclosed below, our Promoter and the Selling Shareholders have not acquired Equity Shares and/or Preference Shares in the one year preceding the date of this Draft Red Herring Prospectus. The weighted average price at which Equity Shares and/or Preference Shares were acquired by our Promoter and the Selling Shareholders in the one year preceding the date of this Draft Red Herring Prospectus is as follows:

Equity Shares

S. No.	Category of Shareholders	Number of Equity Shares acquired in the one year preceding the date of this Draft Red Herring Prospectus	Weighted average price per Equity Share (in ₹)*
Promoter (also the Promoter Selling Shareholder)			
1.	The Federal Bank Limited	21,141,998	70.00
Investor Selling Shareholder			
1.	True North Fund VI LLP	7,428,270	70.00

*As certified by M/s R U Kamath & Co by way of their certificate dated February 18, 2022.

Average Cost of acquisition of Equity Shares for our Promoter and the Selling Shareholders

The average cost of acquisition per Equity Share for our Promoter and the Selling Shareholders, as on the date of this Draft Red Herring Prospectus is:

S. No.	Category of Shareholders	Number of Equity Shares held	Average cost of Acquisition per Equity Share (in ₹)
Promoter (also the Promoter Selling Shareholder)			
1.	The Federal Bank Limited	235,685,332	19.34
Investor Selling Shareholder			
1.	True North Fund VI LLP	82,808,361	45.22

Details of pre-IPO placement

Our Company and the Selling Shareholders may in consultation with the BRLMs, consider a private placement of up to 20% of the Fresh Issue or such other amount as may be allowed under applicable law for cash consideration aggregating up to ₹ 1,800 million, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company and the Selling Shareholders in consultation with the BRLMs. If the Pre-IPO Placement is undertaken, the minimum Offer size (comprising the Fresh Issue so reduced by the amount raised from the Pre-IPO Placement, and the Offer for Sale) shall constitute at least 10% of the post-Offer paid-up Equity Share capital of our Company.

Split or Consolidation of Equity Shares in the last one year

Our Company has not undertaken split or consolidation of the Equity Shares in the last one year preceding the date of this Draft Red Herring Prospectus.

CERTAIN CONVENTIONS, PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to “India” contained in this Draft Red Herring Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable. All references to “USA”, “US” and “United States” are to the United States of America.

Unless otherwise specified, any time mentioned in this Draft Red Herring Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus.

Financial Data

Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year. Unless stated otherwise, all references in this Draft Red Herring Prospectus to the terms Fiscal or FY or Financial Year, are to the 12 month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless stated otherwise, or the context requires otherwise, all references to a “year” in this Draft Red Herring Prospectus are to a calendar year.

Unless stated otherwise or the context otherwise requires, the financial data in this Draft Red Herring Prospectus is derived from the restated statement of assets and liabilities as at September 30, 2021, March 31, 2021, March 31, 2020 and March 31, 2019, the restated profit and loss account and restated statement of cash flows for the three months period ended September 30, 2021 and for each of the Financial Years ended March 31, 2021, March 31, 2020 and March 31, 2019 and the summary statement of significant accounting policies, and other explanatory notes prepared by our Company in terms of the requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended, the SEBI ICDR Regulations and the Guidance Note on Reports on Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India, as amended from time to time. For further information on our Company’s financial information, see “*Restated Financial Information*” on page 266. For further information, see “*Restated Financial Information*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 266 and 353, respectively.

There are significant differences between Ind AS and U.S. GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Draft Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our Company’s financial data. For details in connection with risks involving differences between Ind AS, U.S. GAAP and IFRS, see “*Risk Factors – Significant differences exist between Ind AS and other accounting principles, such as IFRS and U.S. GAAP, which may be material to investors’ assessments of our financial condition, result of operations and cash flows.*” on page 62. The degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting principles, policies and practices, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting principles, policies and practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Unless the context otherwise indicates, any percentage amounts, or ratios as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 26, 175 and 353, respectively, and elsewhere in this Draft Red Herring Prospectus have been calculated on the basis of amounts derived from our Restated Financial Information.

Non-GAAP Financial Measures

Certain non-GAAP financial measures and certain other statistical and operational information relating to our operations and financial performance have been included in this section and elsewhere in this Draft Red Herring Prospectus. We compute and disclose such non-GAAP financial measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance, and because such measures are frequently used by securities analysts, investors and others to evaluate the operational performance of financial services businesses, many of which provide such non-GAAP financial measures and other statistical and operational information when reporting their financial results. Such non-GAAP measures and other statistical and operational information are not measures of operating performance or liquidity defined by generally accepted accounting principles. These non-GAAP financial measures and other statistical and other information relating to our operations and financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other banks in India or elsewhere. These non-GAAP financial measures and other statistical and operational information have been reconciled to their nearest GAAP measure in “Our Business”, “Selected Statistical Information”, “Other Financial Information” and “Capitalisation Statement” on pages 175, 247, 352 and 388, respectively.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States of America

Our Company has presented certain numerical information in this Draft Red Herring Prospectus in “lakh”, “million” and “crore” units or in whole numbers where the numbers have been too small to represent in such units. One million represents 1,000,000, one billion represents 1,000,000,000 and one trillion represents 1,000,000,000,000. One lakh represents 100,000 and one crore represents 10,000,000.

Figures sourced from third-party industry sources may be expressed in denominations other than millions or may be rounded off to other than two decimal points in the respective sources, and such figures have been expressed in this Draft Red Herring Prospectus in such denominations or rounded-off to such number of decimal points as provided in such respective sources.

Exchange Rates

This Draft Red Herring Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and other foreign currencies:

Currency	As at			
	September 30, 2021	March 31, 2021	March 31, 2020	March 29, 2019 ⁽¹⁾
1 USD	74.26	73.50	75.39	69.17

Source: www.fbil.org.in

(1) Reference rate is not available for March 31, 2019 and March 30, 2019 being Sunday and Saturday respectively.

Industry and Market Data

Unless otherwise indicated, industry and market data used throughout this Draft Red Herring Prospectus has been obtained or derived from the report titled “Analysis of NBFC sector and select asset classes in India”, dated February 2022, prepared and issued by CRISIL Research, a division of CRISIL, available on <https://fedfina.com/investor/disclosure/>, which has been commissioned and paid for by our Company in connection with the Offer for an agreed fee, and publicly available information as well as other industry publications and sources. The CRISIL Report has been prepared at the request of our Company. For risks in this regard, see “Risk Factors – Certain sections of this Draft Red Herring Prospectus contain information from

CRISIL which has been commissioned and paid for by us exclusively for the purpose of the Offer. The CRISIL Report is not exhaustive and is based on certain assumptions and parameters / conditions and any reliance on such information for making an investment decision in the Offer is subject to inherent risks.” on page 56.

Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. The data used in these sources may have been re-classified by us for the purposes of presentation. Data from these sources may also not be comparable. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates and assumptions that may prove to be incorrect.

The extent to which the market and industry data presented in this Draft Red Herring Prospectus is meaningful depends upon the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources.

The sections “Offer Document Summary”, “Industry Overview”, “Our Business” and “Management’s Discussion and Analysis of Financial Conditions and Results of Operations” of this Draft Red Herring Prospectus contain data and statistics from the CRISIL Report which has been commissioned and paid for by our Company for an agreed fee and is available at <https://fedfina.com/investor/disclosure/>, which is subject to the following disclaimer:

“CRISIL Research, a division of CRISIL Limited (CRISIL) has taken due care and caution in preparing this report (Report) based on the Information obtained by CRISIL from sources which it considers reliable (Data). This Report is not a recommendation to invest / disinvest in any entity covered in the Report and no part of this Report should be construed as an expert advice or investment advice or any form of investment banking within the meaning of any law or regulation. Without limiting the generality of the foregoing, nothing in the Report is to be construed as CRISIL providing or intending to provide any services in jurisdictions where CRISIL does not have the necessary permission and/or registration to carry out its business activities in this regard. Fedbank Financial Services Limited will be responsible for ensuring compliances and consequences of non-compliances for use of the Report or part thereof outside India. CRISIL Research operates independently of, and does not have access to information obtained by CRISIL Ratings Limited / CRISIL Risk and Infrastructure Solutions Ltd (CRIS), which may, in their regular operations, obtain information of a confidential nature. The views expressed in this Report are that of CRISIL Research and not of CRISIL Ratings Limited / CRIS. No part of this Report may be published/reproduced in any form without CRISIL’s prior written approval.”

Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in “Risk Factors— Certain sections of this Draft Red Herring Prospectus contain information from CRISIL which has been commissioned and paid for by us exclusively for the purpose of the Offer. The CRISIL Report is not exhaustive and is based on certain assumptions and parameters / conditions and any reliance on such information for making an investment decision in the Offer is subject to inherent risks.” on page 56. Accordingly, no investment decision should be made solely on the basis of such information.

In accordance with the SEBI ICDR Regulations, the section “Basis for Offer Price” on page 100 includes information relating to our listed industry peer. Such information has been derived from publicly available sources, and neither we, nor the BRLMs have independently verified such information.

Notice to Prospective Investors

The Equity Shares have not been recommended by any U.S. federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Draft Red Herring Prospectus or approved or disapproved the Equity Shares. Any representation to the contrary is a criminal offence in the United States. In making an investment decision, investors must rely on their own examination of our Company and the terms of this Offer, including the merits and risks involved.

The Equity Shares offered in the Offer have not been, and will not be, registered under the U.S. Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and accordingly, the Equity Shares are being offered and sold within the United States solely to persons who are reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the U.S. Securities Act) in transactions exempt from the

registration requirements of the U.S. Securities Act (“**U.S. QIBs**”, for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Draft Red Herring Prospectus as “**QIBs**”) that are qualified purchasers (“**QPs**”) as defined in Section 2(a)(51) of the Investment Company Act of 1940, as amended (the “**U.S. Investment Company Act**”); (persons who are both a U.S. QIB and a QP are referred to as “**Entitled QPs**”). The Equity Shares are being offered and sold outside the United States in “offshore transactions” as defined in and in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

Each purchaser is hereby notified that sellers of Equity Shares may be relying on an exemption from the provisions of Section 5 of the U.S. Securities Act.

Until the expiry of 40 days after the date of commencement of the Offer, an offer or sale of the Equity Shares within the United States by a dealer (whether or not participating in the Offer) may violate the registration requirements of the U.S. Securities Act.

Our Company has not been and will not be registered under the U.S. Investment Company Act and investors will not be entitled to the benefits of the U.S. Investment Company Act. Our Company is relying on the exemption provided by Section 3(c)(7) of the U.S. Investment Company Act, and as a result the Equity Shares are being offered and sold in the United States and to U.S. Persons only to persons who are Entitled QPs.

Our Company may be a “covered fund” for purposes of the “Volcker Rule” contained in the Dodd-Frank Act (Section 619: Prohibitions on Proprietary Trading and Certain Relationships with Hedge Funds and Private Equity Funds). Accordingly, entities that may be “covered banking entities” for the purposes of the Volcker Rule may be restricted from holding the Company’s securities and should take specific advice before making an investment in our Company.

FORWARD-LOOKING STATEMENTS

This Draft Red Herring Prospectus contains certain “forward-looking statements”. All statements contained in this Draft Red Herring Prospectus that are not statements of historical fact constitute “forward-looking statements”. All statements regarding our expected financial condition and results of operations, business, plans and prospects are “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “can”, “continue”, “could”, “expect”, “estimate”, “goal”, “intend”, “likely to”, “seek to”, “shall”, “objective”, “plan”, “project”, “propose” “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our expected financial condition, results of operations, business, prospects, strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements whether made by us or any third parties in this Draft Red Herring Prospectus are based on our current plans, estimates, presumptions and expectations and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement, including but not limited to, regulatory changes pertaining to the retail industry and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions, in India and globally, which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the retail industry, incidence of natural calamities and/or acts of violence. Important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- the ongoing COVID-19 pandemic and measures intended to prevent its spread;
- dependence on our ability to timely access cost effective sources of funding;
- our ability to adequately access and recover the assessed or full value of collateral, or amounts outstanding under defaulted loans in a timely manner, or at all;
- concentration of loans to ESI and MSMEs and risk of non-payment or default by the borrowers; and
- periodic inspection by RBI and non-compliance with the observations of RBI.

For further discussion of factors that could cause the actual results to differ from the expectations, see “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 26, 175 and 353, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, a actual future gains or losses could materially differ from those that have been estimated and are not a guarantee of future performance.

Forward-looking statements reflect current views as of the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

These statements are based on our management’s belief and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based on are reasonable, any of these assumptions could prove to be inaccurate and the forward-looking statements based on these assumptions could be incorrect. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance. Neither our Company, the Selling Shareholders, our Promoter, our Directors, the BRLMs nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the requirements of SEBI, our Company and Selling Shareholders shall ensure that investors in India are informed of material developments from the date of the Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges for the Offer. Further, each of the Selling Shareholders shall, severally and not jointly, ensure that investors in India are informed of material developments in relation to the statements and undertakings specifically made or confirmed by such Selling Shareholder in the Red Herring Prospectus and the Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges for this Offer.

SECTION II: RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below before making an investment in the Equity Shares. This section should be read in conjunction with “Industry Overview”, “Our Business”, “Selected Statistical Information”, “Restated Financial Information”, and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 107, 175, 247, 266 and 353, respectively, before making an investment decision in relation to the Equity Shares.

We have described the risks and uncertainties that we believe are material, but these risks and uncertainties may not be the only risks relevant to us, the Equity Shares, or the industries or geographies in which we currently operate or propose to operate. Unless specified or quantified in the relevant risk factor below, we are not in a position to quantify the financial or other implication of any of the risks mentioned in this section. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business, results of operations, financial condition and cash flows. If any or a combination of the following risks, or if any of the risks that are currently not known or deemed to be not relevant or material now actually occur or become material in the future, our business, cash flows, prospects, financial condition and results of operations could suffer, the trading price of the Equity Shares could decline, and you may lose all or part of your investment. For more details on our business and operations, see “Our Business”, “Industry Overview”, and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 175, 107 and 353, respectively, as well as other financial information included elsewhere in this Draft Red Herring Prospectus.

To the extent the COVID-19 pandemic adversely affects our business and financial results, it may also have the effect of heightening many of the other risks described in this section. In making an investment decision, you must rely on your own examination of us and the terms of the Offer, including the merits and risks involved, and you should consult your tax, financial and legal advisors about the particular consequences of investing in the Offer. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment which may differ in certain respects from that of other countries.

This Draft Red Herring Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties and other factors, many of which are beyond our control. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including but not limited to the considerations described below. For details, see “Forward-Looking Statements” on page 25.

Unless otherwise indicated, the financial information of our Company has been derived from the Restated Financial Statements.

Unless otherwise indicated, industry and market data used in this section has been derived from the CRISIL Report (extracts of which have been appropriately incorporated as part of “Industry Overview” on page 107), which has been prepared by CRISIL (which was appointed by us pursuant to an engagement letter dated October 22, 2021) and exclusively commissioned and paid for by us in connection with the Offer. Unless otherwise indicated, all financial, operational, industry and other related information derived from the CRISIL Report and included herein with respect to any particular year, refers to such information for the relevant year.

Internal Risks

Risks related to our business and industry

- 1. The ongoing novel coronavirus (“COVID-19”) pandemic and measures intended to prevent its spread have had, and may continue to have, a material adverse effect on our business and results of operations.***

An outbreak of COVID-19 was recognized as a pandemic by the World Health Organization (“WHO”) on March 11, 2020. In response to the COVID-19 outbreak the governments of several countries, including India, had taken and may continue to take preventive or protective actions, such as imposing country-wide lockdowns, restrictions on travel and business operations and advising or requiring individuals to limit their time outside of their homes. Temporary closures of businesses were ordered and numerous other businesses were temporarily closed on a voluntary basis as well. A resurgence of COVID-19 in India in April 2021 led to further lockdowns in various regions of India and a number of businesses were temporarily closed. While lockdowns are being progressively relaxed, the scope, duration, and frequency of such measures, the adverse effects of COVID-19 and the constantly

evolving situation (including in respect of newly emerging variants of COVID-19) remains uncertain and could be severe.

Despite the lifting of the lockdown, there is significant uncertainty regarding the duration and long-term impact of the COVID-19 pandemic, as well as possible future responses by the Government, which makes it impossible for us to predict with certainty the impact that the COVID-19 pandemic will have on our business and operations in the future. The COVID-19 pandemic has affected and may continue to affect our business, results of operations and financial condition in a number of ways such as:

- it led to a temporary closure of our offices and branches and we moved to a work-from-home model; we resumed operations at our offices and branches in a staggered manner in compliance with the lockdown restrictions and central and state government guidelines and were able to resume physical operations at all gold loan branches by June 2020; since April 2021, a resurgence in the number of COVID-19 cases resulted in a complete or partial closure of, or other operational issues, at our offices and branches;
- it caused a decline in general economic and business activity, which resulted in slowing down of disbursements of retail instalment loans by our Company; we disbursed retail instalment loans amounting to ₹ 6,000.82 million, ₹ 7,483.32 million and ₹ 12,957.97 million for the six months ended September 30, 2021, and Fiscals 2021 and 2020, respectively;
- pursuant to RBI's directions, we granted moratorium to the loan instalments due during the period from March 1, 2020 to August 31, 2020 on the eligible loan accounts; the RBI also clarified that for all standard accounts as on February 29, 2020, the moratorium period will be excluded from days past-due ("DPD") calculation for the purpose of asset classification under the norms on income recognition and asset classification; moratorium was granted by us to 5,623 instalment loan customers for the period between March 1, 2020 and August 31, 2020;
- further, the RBI has released a notification dated August 6, 2020 titled "Resolution Framework for COVID-19-related Stress" and related notifications dated September 7, 2020, May 5, 2021 and August 6, 2021 (collectively, the "**Resolution Framework**"), which allowed a one-time restructuring of loans impacted by the COVID-19 pandemic to help lenders and customers reschedule repayment of instalments based on customers' present income and restoration of income in subsequent months; the restructuring will limit the potential increase in NPAs out of restructured loan accounts till a revised repayment schedule is agreed with such customers; these restructured accounts might become NPAs if customers fail to make payments as per the restructured schedule; we are extending the facility of restructuring of loans to customers upon their request. For further details in relation to our restructured loan portfolio as on September 30, 2021 and March 31, 2021, see "*Management's Discussion and Analysis of Financial Condition and Results of Operations - Significant Factors Affecting our Financial Condition and Results of Operations – Credit Quality and Provisioning*" on page 355;
- the Supreme Court of India in *Gajendra Sharma vs Union of India & Anr.*, passed an interim order in September 2020 in a public interest litigation, whereby it directed that accounts which were not declared as NPA until August 31, 2020 shall not be declared as NPAs until further orders ("**Interim SC Order**"); pursuant to a judgment dated March 23, 2021, passed by the Supreme Court of India in *Small Scale Industrial Manufactures Association (Regd.) vs Union of India and others*, the Supreme Court has directed that the Interim SC Order stands vacated and that going forward from the date of the judgment on March 23, 2021, we can resume recognizing overdue accounts not previously recognized as NPAs, as NPAs;
- by way of a circular dated April 7, 2021 on 'Asset Classification and Income Recognition following the expiry of COVID-19 regulatory package' (the "**Interest on Interest Circular**"), RBI has advised that all lending institutions are required put in place a board-approved policy to refund/ adjust the 'interest on interest' charged to the borrowers during the moratorium period, i.e. March 1, 2020 to August 31, 2020 in conformity with the above judgement; the above relief measures are applicable to all borrowers, including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed; further, lending institutions are required to disclose the aggregate amount to be refunded/adjusted in respect of their borrowers based on such relief measures in their financial statements for the year ending March 31, 2021. However, the Interest on Interest Circular had no material impact on our financial results for the year ending March 31, 2021;
- we may be unable to access debt and equity capital on acceptable terms, or at all, and a further disruption and instability in the global financial markets or deterioration in credit and financing conditions or downgrade of our credit rating, our Promoter's or India's credit rating as a result of the economic impact of the COVID-19

pandemic may affect our access to capital and other sources of capital necessary to fund our operations or address maturing liabilities on a timely basis;

- our customers who primarily belong to the low and middle-income groups have less financial wherewithal than other borrowers and may default on their repayment obligations due to the hardships suffered during or as a result of the COVID-19 pandemic, and accordingly, this could lead to an increase in our NPAs and credit losses;
- the effects of the COVID-19 pandemic on our future results of operations, cash flows and financial condition could adversely impact our ability to service our debt obligations and comply with the covenants in our credit facilities and other financing agreements and could result in events of default and the acceleration of indebtedness, which could adversely affect our results of operations and financial condition and our ability to make additional borrowings;
- inherent challenges to productivity, connectivity and oversight, increased vulnerability to cyber-security threats and potential breaches, including phishing attacks, malware and impersonation tactics due to an increase in the number of individuals working from home;
- uncertainty regarding the conditions that must be satisfied before government authorities completely lift “stay-at-home” orders and further imposition of such orders as a result of the resurgence of COVID-19 since April 2021;
- restrictions on movement of people during the lockdown has adversely impacted our cash collections due to inability of employees to make on-field visits; and
- potential negative impact on the health and safety of our personnel, particularly because a number of them were and could in future be afflicted by COVID-19, which could result in a deterioration in our ability to ensure business continuity during this disruption.

While COVID-19 has directly affected our business and operations, there is significant uncertainty regarding the duration and impact of the COVID-19 pandemic, as well as possible future responses, which makes it impossible for us to predict with certainty the impact that COVID-19 will have on us and our customers at this time. We continue to monitor the evolving situation on an ongoing basis and the management has considered events subsequent to March 31, 2021, to determine the financial implications including in respect of Expected Credit Loss provisioning. For example, our Company has continued to undertake a risk assessment of our credit exposure and, in addition to the provision (₹ 292.30 million as on March 31, 2021) as required under the ECL model of our Company, has recorded additional provision overlay (₹ 455.80 million as on March 31, 2021) in the balance sheet, to reflect deterioration in the macroeconomic outlook due to the impact of the COVID-19 pandemic. Given the dynamic and evolving nature of pandemic, these estimates are subject to uncertainty caused by the ongoing COVID-19 pandemic and the related events. Any intensification of the COVID-19 pandemic or any future outbreak of another highly infectious or contagious disease may adversely affect our business, results of operations and financial condition.

The extent to which the COVID-19 pandemic impacts our business, results of operations, cash flows, liquidity and financial condition will depend on developments that continue to be highly uncertain and difficult to predict, and which is rapidly evolving, including, but not limited to, the duration and spread of the pandemic, its severity. Further, as a result of the detection of new strains, evolving variants such as ‘Omicron variant’ and subsequent waves of COVID-19 infections throughout the world, we may be subject to further lockdowns or other restrictions in subsequent years, which may adversely affect our business operations. The actions to contain the virus or treat its impact, the availability, distribution and efficacy of vaccines, and how quickly and to what extent normal economic and operating conditions can resume. Therefore, our prior financial results are not necessarily indicative of results to be expected for future periods. Even after the COVID-19 pandemic subsides, we may experience material and adverse impacts on our business as a result of the virus’s global economic impact, including the availability of credit, bankruptcies or insolvencies of customers, and recession or economic downturn. As COVID-19 adversely affects our business and results of operations, it may also have the effect of exacerbating many of the other risks described in this “Risk Factors” section. Further, the outbreak, or threatened outbreak, of any severe communicable disease or pandemic, as seen in the recent outbreak and aftermath of COVID-19, could adversely affect overall business sentiment and environment across industries. As a result of these uncertainties, the impact may vary significantly from that estimated by our management from time to time, and any action to contain or mitigate such impact, whether government-mandated or taken by us may not have the anticipated effect or may fail to achieve its intended purpose altogether.

2. ***Our business and operations are dependent on our ability to timely access cost effective sources of funding. Any disruption in our sources of funding could have an adverse effect on our business, results of operations and financial condition.***

The liquidity and profitability of our business depends, in large part, on our timely access to, and the costs associated with, raising funds. Our financing requirements historically have been met from diversified sources, including term loans, proceeds from loans securitized, proceeds from the issuance of NCDs, proceeds from loans assigned and commercial papers to meet our capital requirements. In addition, we have access to capital from our Promoter, Federal Bank.

Our ability to raise funds on acceptable terms, at competitive rates and in a timely manner, depends on various factors including our current and future results of operations and financial condition, our risk management policies, our credit ratings, our brand equity, the regulatory environment and policy initiatives in India and developments in the international markets affecting the Indian economy including the effects of events such as the COVID-19 pandemic. The cost of our borrowings may increase due to market volatility or changes in the risk premiums required by lenders or if traditional sources of debt capital are unavailable. Volatility or depressed valuations or trading prices in the equity markets may similarly adversely affect our ability to obtain equity financing. If we raise additional funds through further issuances of equity or convertible debt securities, our existing shareholders could suffer significant dilution and any new equity securities we issue could have rights, preferences and privileges superior to our existing shareholders.

In the past, certain NBFCs in India have defaulted in the repayment of their borrowings, which has adversely affected the availability and cost of borrowings to NBFCs in general. For example, the events relating to Dewan Housing Finance Limited and IL&FS Limited impacted NBFCs in general. This had resulted in reduction in the share of commercial papers and non-convertible debentures and a corresponding increase in bank borrowings during Fiscal 2019 and Fiscal 2021. (Source: CRISIL Report) For further details, see “Industry Overview” on page 107. Any such events in the future may lead to adverse perceptions about the retail loan industry, and the financial services sector as a whole, thereby affecting our ability to obtain financing at commercially reasonable terms. Furthermore, we may seek to expand or modify our existing debt facilities to, among other things, provide additional capacity, increase the maximum percentage of collateral that may be financed, expand loan eligibility, add new debt facilities or replace or renew debt facilities scheduled to expire, enter into additional securitizations or increase the size of existing securitizations, or increase the size of, or replace, our corporate debt facility.

Our ability to raise debt to meet our funding requirements is also restricted by the limits prescribed under applicable regulations. For example, the Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 (“NBFC-ND-SI Directions”) requires NBFCs to have a Net Owned Fund (“NOF”) of at least ₹ 20 million. As of September 30, 2021, March 31, 2021, March 31, 2020 and March 31, 2019, our NOF were ₹ 10,257.30 million, ₹ 8,043.26 million, ₹ 6,822.84 million and ₹ 4,529.01 million, respectively.

Additionally, our liquidity may be affected by the COVID-19 pandemic which may in turn impact our ability to continue to operate and grow our business. There is no guarantee that we and the Indian financial services industry in general, notwithstanding measures taken by the Government of India, will be able to maintain sufficient liquidity given the uncertain scope and duration of the COVID-19 pandemic. Presently, as a result of the COVID-19 pandemic, interest rates are generally low compared to prior years on account of the monetary policy adopted by the RBI. We fund substantially all of the loans through borrowings under our several financial facilities. As of September 30, 2021, our fixed interest rate financial liabilities and floating interest rate financial liabilities were ₹ 9,425.00 million and ₹ 34,325.32 million, representing 21.54% and 78.46%, respectively of our total borrowings. Given the broad impact of COVID-19 on the financial markets, our ability to borrow money to fund our current and future customer demand is uncertain. Our liquidity could also be affected as our lenders reassess their exposure to NBFCs and either curtail access to financing facilities or impose higher costs to access such facilities. Our liquidity may be further constrained as there may be less demand by investors to acquire our loans in the secondary market. Even if such demand exists, we face a higher risk as a result of the COVID-19 pandemic stemming from our customers inability to repay the underlying loans. For further details on the impact of the COVID-19 pandemic, see “- The ongoing novel coronavirus (“COVID-19”) pandemic and measures intended to prevent its spread have had, and may continue to have, a material adverse effect on our business and results of operations.” on page 26. In the event the current monetary policy changes in India or globally, resulting in a general increase in interest rates, our overall cost of borrowings may increase. Further, if as a consequence of COVID-19, banks or NBFCs are unable to meet their market commitments, this can affect investor confidence in NBFCs generally and result in a loss to investors in the NBFC. A liquidity shortage for the industry as a whole may adversely affect our cash flows.

If we are unable to adequately maintain our cash resources and obtain adequate financing in a timely manner and on commercially reasonable terms, we may delay non-essential capital expenditures, implement cost cutting procedures, delay or reduce future hiring, or reduce our rate of future originations compared to current level. There can be no assurance that we can obtain sufficient sources of external capital to support the growth of our business, including from our Promoter. Delays in doing so or failure to do so may require us to reduce loan originations or limit our operations, which would harm our ability to pursue our business objectives as well as harm our business, results of operations and financial condition.

3. *Our inability to adequately assess and recover the assessed or full value of collateral, or amounts outstanding under defaulted loans in a timely manner, or at all, could adversely affect our business, results of operations and financial condition.*

Our loan products include, among others, gold loans and loans against property to customers. Our gold loan products, which accounted for 42.51% of our Gross Loan Book as of September 30, 2021, are secured by gold jewelry provided as collateral. For loans against property, which accounted for 42.19% of our Gross Loan Book as of September 30, 2021, the primary collateral is real estate. The value of the collateral used to back loans extended by us may not be adequate and may not accurately reflect its liquidation value. It may decline in the future due to our inability to recover the assessed value of collateral in case of a default by our customer. We may face difficulties in recovering the amounts against the gold jewelry and property collateral for various reasons as specified below:

Risks arising from gold collateral

An economic downturn or sharp downward movement in the price of gold could result in a fall in collateral value. In the event of any decrease in the price of gold, customers may not repay their loans and the value of collateral gold jewelry securing the loans may decrease in value, resulting in losses which we may not be able to support.

Although our risk management system is data driven and follows strict internal risk management guidelines on portfolio monitoring, no assurance can be given that if the price of gold decreases significantly, our financial condition and results of operations would not be adversely affected. The impact on our financial position and results of operations of a decrease in gold prices cannot be reasonably estimated because the market and competitive response to changes in gold prices is not pre-determinable.

Additionally, we may not be able to realize the assessed or full value of our collateral, due to, among other things, defects in the quality of gold or wastage on melting gold jewelry into gold bars. In the case of a default where we are unable to recover principal and interest payments from the customer, we sell the collateral gold jewelry through auctions primarily to local jewelers and there can be no assurance that we will be able to sell such gold jewelry at prices sufficient to cover the amounts under default. Moreover, there may be delays associated with such auction process. A failure to recover the expected value of collateral security could expose us to a potential loss. Any such losses could adversely affect our financial condition and results of operations.

We may also be affected by failure of employees to comply with internal procedures and inaccurate appraisal of credit or financial worth of our clients. Failure by our employees to properly appraise the value of the collateral provides us with no recourse against the borrower and the loan sanction may eventually result in a bad debt on our books of accounts. In the event we are unable to check the risks arising out of such lapses, our business and results of operations may be adversely affected.

Risks arising from property collateral

We may also encounter difficulties in repossessing and liquidating property we hold as collateral against our loan against property products. When a customer defaults under a financing facility, we typically repossess and then sell the collateral through an auction. However, we cannot assure you that we will be able to successfully repossess the collateral in the event of default under a loan agreement. We may face additional delay and expense in conducting an auction to sell the collateral and may face significant delay in repossessing collateral, as litigation against defaulting customers, even if governed by an arbitration clause, can be slow and expensive in India. Further, the collateral value of property is subject to the prevailing economic, political and social conditions in India. If the value of property collateral decreases significantly in value, it may result in losses which we may not be able to support. We may also face challenges in title verification of the collateral provided by the customer, as there is no central land registry in India and title to the property can be disputed, including on account of local land records not being duly updated, or not being maintained in a legible manner, or only being available in the local vernacular language, as well as on account of actual or alleged short payment of stamp duty or registration

fees (which may render the title documents inadmissible in evidence, unless stamped prior to enforcement with payment of requisite penalties). Moreover, we may also not be able to sell the collateral at a price sufficient to cover the amount owed under the financing facility, or at all. In the event of any inability or delay in the repossession and liquidation of the collateral securing loans in default, we may incur losses, which could adversely affect our business, results of operations and financial condition.

Enforcement risk arising from property collateral

Following the introduction of the SARFAESI Act, 2002 and the extension of its application to NBFCs, we may now initiate recovery measures on a mortgaged collateral after 60 days' notice to a borrower whose loan has been classified as non-performing. However, the actual time taken for full foreclosure generally ranges between 18 to 24 months, and depends on factors such as the periodicity of tribunal hearings and the borrower's decision to litigate. Further, in a case before the Supreme Court of India in 2004, while the constitutional validity of the SARFAESI Act was affirmed, the right of a defaulting borrower to appeal to the Debt Recovery Tribunal ("DRT") was also affirmed. The DRT has the power to issue a stay order prohibiting the lender from selling the assets of a defaulted borrower. As a result, we cannot assure you that any foreclosure proceedings would not be stayed by the DRT. In addition, we may be unable to realize the full value of our collateral, as a result of factors including delays in foreclosure proceedings. Further, in case insolvency proceedings are initiated under the IBC against a debtor to our Company, we may not have complete control over the recovery of amounts due to us. For details, see "- The bankruptcy code in India may affect our rights to recover loans from our customers" on page 50. Any failure to recover the expected value of collateral security could expose us to a potential loss.

4. *We have a huge concentration of loans to emerging self-employed individuals ("ESEI") and MSMEs and the risk of non-payment or default by the borrowers may adversely affect our business, results of operations and financial condition.*

We primarily serve ESEIs and MSMEs. Our customers may default in their repayment obligations due to various reasons including business failure, insolvency, lack of liquidity, loss of employment or personal emergencies such as the death of an income generating family member, including on account of events such as the COVID-19 pandemic. In addition, our customers may not have credit histories or formal income proofs such as tax returns and other formal documents that would enable us to assess their creditworthiness. Accordingly, we sometimes issue loans without formal documentation. We may not receive updated information regarding any change in the financial condition of our customers or may receive inaccurate or incomplete information as a result of any misrepresentation by our customers or employees. It may therefore be difficult for us to carry out the necessary credit risk analysis on all of our customers. Although we follow certain surrogate procedures to evaluate the credit profiles of our customers at the time of sanctioning a loan, we also rely on the value of the property provided as underlying collateral and the expertise of our appraising officers.

Further, individuals to whom we lend are often considered to be higher credit risk customers and are generally less financially resilient than large corporate borrowers due to their increased exposure to fluctuations in cash flows due to adverse economic conditions. In addition, a significant majority of our customer base belongs to the low to middle income group, who may be more likely to be affected by declining economic conditions than large corporate borrowers. Any decline in the economic conditions may impact the repayment capabilities of our borrowers, which may result in increase in defaults, thereby adversely affecting our business and financial condition. To the extent we are unable to successfully manage the risks associated with lending to individuals, it may become difficult for us to recover outstanding loan amounts provided to such customers. We cannot assure you that our risk management controls will be sufficient to prevent future losses on account of customer defaults, which may adversely affect our business, results of operations and financial condition.

5. *We are subject to periodic inspection by RBI. Non-compliance with the observations of RBI could adversely affect our business, financial condition, results of operations and cash flows.*

We are subject to periodic inspections by the RBI on our operations, risk management systems, internal controls, regulatory compliance and credit monitoring systems, pursuant to which the RBI issues observations, directions and monitorable action plans on issues related to, among other things, any operational risks and regulatory non-compliances. During the course of finalizing inspections, the RBI inspection team shares its findings and recommendations with us and provides us an opportunity to provide clarifications, additional information and, where necessary, justification for a different position, if any, than that observed by the RBI. Upon final determination by the RBI of the inspection results, we are required to take actions specified therein by the RBI to its satisfaction.

In certain of its risk assessment reports and past inspection reports, RBI has made observations in relation to, among other things: (i) certain non-compliances in fraud monitoring, fraud risk management and fraud reporting as specified in the Master Direction – Monitoring of Frauds in NBFCs (Reserve Bank) Directions, 2016 (“**Monitoring of Frauds Directions**”), (ii) delay in compliance with action points of the previous RBI inspection reports; (iii) non-adherence to certain corporate governance norms including related to related party transactions and rotation of auditors; (iv) certain control gaps in our gold auction policy, notwithstanding the fact they were raised in earlier reports. While we have responded to the observations made by the RBI in their inspection reports on January 22, 2022, clarifying certain points and providing our reasons, there can be no assurance that the RBI may not issue further show cause notices or impose penalties or take other actions in relation the observations made.

While we have responded to such observations, directions and monitorable action plans in the past, we cannot assure you that RBI will not make similar or other observations in the future. In the event we are unable to resolve such deficiencies and other matters to RBI’s satisfaction, or are otherwise in non-compliance with RBI’s directions, RBI may take regulatory and supervisory action which may include charging penalties, penalizing our management, restricting our banking activities or otherwise enforcing increased scrutiny and control over our banking operations, including by way of withholding approvals, or issuing conditional approvals.

For instance, the RBI had imposed a penalty of ₹ 1.50 million on our Company on March 22, 2021 for failing to report frauds in certain accounts within the time periods from the detection of such frauds as specified in the Monitoring of Frauds Directions. Similar observations in relation to delayed reporting of frauds and inadequate internal control systems of our Company were made by the RBI pursuant to its letter dated July 28, 2021. Further, in compliance with letter dated July 28, 2021, our Board also took on record an action taken report. For further details in relation to risk relating to inadequacy of internal controls, see “- Any failure or significant weakness of our internal processes or systems could cause operational errors or incidents of fraud, which would adversely affect our business, profitability and reputation.” on page 37. Imposition of any penalty or adverse finding by RBI during any future inspection may have an adverse effect on our reputation, business, financial condition, results of operations and cash flows.

6. We may be unable to maintain the quality of our loan portfolio or manage the growing loan portfolio which may result in significantly larger NPAs and provisions.

Our ability to manage the credit quality of our loans, which we measure in part through non-performing assets (“**NPAs**”), is a key driver of our results of operations. Our total loan portfolio has grown in the last few years, and we anticipate that the size of our loan portfolio will continue to grow in the future as we pursue our expansion strategy. We classify NPAs in accordance with the NBFC-ND-SI Directions and applicable Ind AS rules. Defaults by our customers for a period of 90 days or more result in such loans being classified as Stage 3 and NPA. As of September 30, 2021, and March 31, 2021, 2020 and 2019, our Gross Stage 3 Loans were ₹ 1,112.05 million, ₹ 468.08 million, ₹ 535.40 million, ₹ 454.05 million, respectively, while our Stage 3 Loans to Total Gross Loan Book were 2.22%, 1.01%, 1.44%, 2.25%, respectively. As of September 30, 2021 and March 31, 2021, March 31, 2020 and March 31, 2019, our Stage 3 Loans (Net) were ₹ 798.77 million, ₹ 328.22 million, ₹ 398.67 million, ₹ 387.85 million, respectively, while our Stage 3 Loans (Net) to Total Net Loan Book were 1.60%, 0.71%, 1.08%, 1.93%, respectively. In addition, on account of our recent growth, a significant portion of our loan portfolio is relatively new and was disbursed during the last 36 months. We believe that the risk of delinquency in retail loans typically emerges 18 to 36 months from disbursement. We cannot assure you that we will be able to maintain or reduce our current levels of NPAs in the future. As the number of our loans that become NPAs increase, the credit quality of our loan portfolio decreases.

Further, as our loan portfolio grows, our NPAs may increase and the current level of our provisions may not adequately cover any such increases. Negative trends or financial difficulties or general economic slowdown could unexpectedly increase delinquency rates. We cannot assure you that there will not be a significant increase in the portion of our loans that are classified as NPAs as our loan portfolio matures or as a result of changes in the applicable regulations. For example, RBI issued directions in 2014 which mandated a shorter time period for classifying assets as NPAs. Pursuant to such RBI directions, we decreased the time period for classifying our assets as NPAs from six months overdue to five months overdue in Fiscal 2016, four months overdue in Fiscal 2017 and three months overdue in Fiscal 2018. As a consequence, there was an increase in our Gross NPAs, and we had lost the regulatory arbitrage we enjoyed as against banks in relation to classification of assets as NPAs. Furthermore, on November 12, 2021, the RBI issued a circular (the “**November 12 Circular**”) which clarified that the classification of borrower accounts as special mention accounts or NPAs will be on a day-end position basis and accounts can only be upgraded from an NPA to a ‘standard’ asset after the clearance of all overdues (in other words, only if the entire arrears of interest and principal are paid by the borrower). This clarification by the

RBI caused a spike in NPAs. For further details of the impact on such increase of NPAs on our obligations under our debt financing arrangements, see “– *Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, results of operations and financial condition.*” on page 36.

As a part of the incentive package to help the Indian economy recover from the stagnation caused by the COVID-19 induced lockdown, the Ministry of Finance has announced various liquidity enhancement measures, including the provision of funding to certain specified sectors such as MSMEs. Any requirement to provide additional credits to sectors, where we have limited experience, may require us to dedicate substantial manpower and resources towards understanding the nuances of such sectors. Additionally, given our limited experience in these sectors, we may be subjected to an increased number of Stage 3 Loans. See also “– *The ongoing novel coronavirus (“COVID-19”) pandemic and measures intended to prevent its spread have had, and may continue to have, a material and adverse effect on our business and results of operations.*” on page 26.

7. We operate in a highly regulated industry and changes in the laws, rules and regulation applicable to us may adversely affect our business, financial condition and results of operations.

We operate in a highly regulated industry and we have to adhere to various laws, rules and regulations. Our Company has a certificate of registration from the RBI to operate as an NBFC-ND-SI and is regulated by the RBI. Accordingly, legal and regulatory risks are inherent and substantial in our business. As we operate under licenses and registrations obtained from the applicable regulators, such as RBI and the Financial Intelligence Unit, India, we are subject to actions that may be taken by such regulators in the event of any non-compliance with any applicable policies, guidelines, circulars, notifications and regulations issued by the relevant regulators. For a description of the material laws, rules and regulations applicable to us, see “*Key Regulations and Policies*” on page 201.

Any failure or alleged failure to comply with the applicable laws, regulations or requirements could subject us to inspection, audit and enforcement actions by the relevant authority; suspension and revocation of the relevant license or approval; civil penalties including payment of damages to the aggrieved party; criminal penalties including payment of fines and imprisonment of concerned directors or employees; and mandatory conciliation and mediation with the aggrieved party or may also lead to an inability to carry forward our tax losses.

These actions or any failure to prevail in a possible civil or criminal litigation, may adversely affect our business, results of operations, financial condition, cash flows and reputation. In addition, responding to any action or litigation may result in a diversion of our management’s attention and resources and an increase in professional fees and compliance costs.

Our premises, books of accounts, documents and records are subject to inspection by the RBI under the relevant laws and regulations. Consequently, the RBI may identify instances of non-compliance and deficiencies in our operations and issue warning letters, show cause notices or penalties for violations. For further details, see “– *We are subject to periodic inspection by RBI. Non-compliance with the observations of RBI could adversely affect our business, financial condition, results of operations and cash flows.*” on page 31. Non-convertible debentures issued by our Company are listed on the debt segment of BSE. For details, see “*Financial Indebtedness*” on page 389. As a debt listed company, our Company is subject to the continuous disclosure obligations under the SEBI Listing Regulations. This requires us to publish our quarterly financial results for every quarter within 45 days from the completion of the previous quarter as well as submit a copy of the financial results to the debenture trustees on the same day the information is submitted to stock exchanges. Accordingly, on February 14, 2022, we disclosed our quarterly unaudited results, accompanied by a limited review report issued by the Statutory Auditors, for the quarter ended December 31, 2021 to the BSE.

Moreover, the laws and regulations governing our business are evolving and may be amended, supplemented or changed at any time. We are exposed to the risk of varying and evolving interpretation of complex laws and regulations governing our business in India. Certain of these laws and regulations governing our business are relatively new and evolving, and their interpretation and enforcement may involve uncertainties. As a result, we may be required to seek and follow additional procedures, modify or adjust certain activities, restructure our ownership structure, obtain new and additional licenses and incur additional expenses to comply with such laws and regulations, which could adversely affect our future development and business.

Additionally, the RBI has been given a wider role in the management of NBFCs in adverse situations pursuant to the Finance Act, 2019 which came into force on August 1, 2019. The RBI has been empowered to, among other things, remove and replace a director or supersede the board of directors of NBFCs in public interest, remove or

debar auditors, frame schemes for amalgamation, reconstruction or splitting of the NBFC into viable and non-viable businesses to preserve the continuity of the activities of the NBFCs. The RBI has also issued guidelines on “Liquidity Risk Management Framework for Non-Banking Financial companies and Core Investment Companies” on November 4, 2019. The guidelines introduce a Liquidity Coverage Ratio for all non-deposit taking NBFCs with an asset size of ₹ 50,000 million and above with effect from December 1, 2020, which could increase our market risks for investments and reduce the funds that we have for loans, adversely affecting our business and results of operations.

The RBI had also constituted an Internal Working Group (“IWG”) on June 12, 2020 to review extant guidelines on ownership and corporate structure for Indian private sector banks. The IWG submitted its report on November 20, 2020, under which it has made recommendation with regards to, among other things, the corporate structures of Non-Operative Financial Holding Companies (“NOFHC”) and the conversion of banks licensed before 2013 thereto. In particular, the IWG recommends that, prior to such conversion, if a banking group entity desires to continue undertaking any lending activity, the same shall not be undertaken by the bank departmentally and the group entity shall be subject to the prudential norms as applicable to banks for the respective business activity. Additionally, banks should also not be allowed to invest in the equity / debt capital instruments of any of its existing subsidiaries. The RBI had considered comments received for the IWG report and issued its decision on November 26, 2021, according to which it had accepted 21 out of 33 recommendations made by the IWG, with the remaining recommendations still under examination. While the recommendations in relation to the conversion of banking groups into NOFHC and investment into existing subsidiaries were not accepted by the RBI on November 26, 2021, we cannot assure you that the RBI will eventually reject them and any such acceptance by the RBI (whether partially or entirely) may adversely affect our future development and business.

8. *We derive a significant portion of our AUM from our gold loan products and the loss of business in relation to such gold loan products could adversely affect our business and prospects.*

We are dependent on our gold loan products for a significant portion of our revenues. For the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, our gold loan products contributed ₹ 21,329.24 million, ₹ 19,177.87 million, ₹ 10,454.49 million and ₹ 4,540.68 million, or 40.7%, 39.4%, 27.2% and 22.5%, of our AUM, respectively. However, our revenue from gold loan products may decline as a result of increased competition, regulatory action, litigation, or fluctuation in the demand for such products, which may adversely affect our business, results of operations, cash flows and financial condition.

9. *We are affected by volatility in interest rates for both our lending and treasury operations, which could cause our net interest income and net interest margin to vary and consequently affect our profitability.*

Our results of operations depend substantially on the level of our net interest income, which is the difference between our interest income (mainly comprising interest income on loan portfolio, assigned portfolio, and interest income on investments and on deposits with banks) and our finance cost. Any change in interest rates would affect our interest expense on our floating interest-bearing liabilities as well as our net interest income and net interest margins. For the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, our net interest margin was 8.69%, 8.00%, 7.48% and 6.58%, respectively, and our floating interest-bearing liabilities was 78.46%, 78.78%, 97.58% and 85.97%, respectively. Interest rates could be affected by a variety of factors, including access to capital based on our business performance, the volume of loans we make to our customers, competition and regulatory requirements, as well as those beyond our control, including the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions and other factors, which have historically resulted in changes in interest rates in India. Such interest rates may also be affected by a change over time in the mix of the types of loans we provide to our customers, the mix of new and renewal loans and a shift among our channels of customer acquisition. According to CRISIL, in Fiscal 2023, inflation is expected to remain elevated and firms are expected to pass on cost pressures to a greater extent as domestic demand strengthens. This may in turn affect interest rates. In a declining interest rate environment, if our cost of borrowings does not decline simultaneously or to the same extent as the yield on our interest-earning assets or if there is any increase in our cost of borrowings, it could lead to a reduction in our net interest income and net interest margin. It may also require us to increase interest rates on loans disbursed to customers in the future to maintain our net interest margin, thus affecting our financial results and operating performance. We may be unable to pass on the increase in our costs of borrowings to customers, immediately or at all. Some of our customers may prepay their loans to take advantage of a declining interest rate environment. In addition, an increase in interest rates could result in our customers, particularly those with variable interest rate loans, prepaying their loans if less expensive loans are available from other sources, and the resultant decrease in assets may ultimately have an adverse impact on our asset-liability position. If there is an increase in the interest rates we pay on our borrowings that we are unable to pass to our customers, we may find it difficult to compete with

our competitors, who may have access to low-cost funds or lower cost deposits.

Further, to the extent our borrowings are linked to market interest rates, we may have to pay interest at a higher rate than our competitors that may borrow only at fixed interest rates. An increase in general interest rates in the economy could also reduce the overall demand for retail loans and impact our growth.

Fluctuations in interest rates may also adversely affect our treasury operations. In a rising interest rate environment, especially if the rise is sudden or sharp, we could be adversely affected by the decline in the market value of our investments. While we take steps to minimize the risk of interest rate volatility, we currently do not enter into any specific interest rate hedging instruments to protect against interest rate volatility. Further, any interest rate hedging we enter into may not be effective.

10. Any downgrade in our credit ratings could increase our borrowing costs, affect our ability to obtain financing, and adversely affect our business, results of operations and financial condition.

The cost and availability of capital depends in part on our short-term and long-term credit ratings. Credit ratings reflect the opinions of ratings agencies on our financial strength, operating performance, strategic position and ability to meet our obligations. For details of our current credit ratings, see “*Our Business – Credit Ratings*” on page 195. Additionally, the credit ratings of our Promoter, and the factors which impact it, have an effect on our credit ratings, given the existing relationship between us and our Promoter.

Any downgrade in our credit ratings or the credit ratings of our Promoter could increase borrowing costs, result in an event of default under certain of our financing arrangements and adversely affect our access to capital and debt markets, which could in turn adversely affect our interest margins, our business, results of operations, financial condition and cash flows. In addition, any downgrade in our credit ratings or the credit ratings of our Promoter could increase the probability that our lenders impose additional terms and conditions to any financing or refinancing arrangements we enter into in the future, impair our future issuances of debt and equity, and our ability to raise new capital on a competitive basis and adversely affect our business, results of operations and financial condition.

Further, as rating agencies continue to evaluate the financial services industry, it is possible that rating agencies will heighten the level of scrutiny that they apply to financial institutions or NBFCs in particular, increase the frequency and scope of their credit reviews, request additional information from companies that they rate, and potentially adjust their requirements employed in the rating agency models for maintenance of certain rating levels. It is possible that the outcome of any such review of us or our Promoter could adversely impact our ratings. For instance, during Fiscal 2020, credit ratings were reduced for NBFCs operating in a particular state as a result of a crisis in the NBFC industry. Recently, during Fiscal 2021, due to the economic pressures and uncertainty driven by the current COVID-19 pandemic, several NBFC companies experienced credit rating downgrades and/or negative outlook changes. For further details, see “*Industry Overview*” on page 107.

11. We may face asset-liability mismatches, which could affect our liquidity and consequently may adversely affect our operations and profitability.

We face potential liquidity risks because our assets and liabilities mature over different periods. Asset and liability mismatch, which represents a situation when the financial terms of an institution’s assets and liabilities do not match, is a key financial parameter for us. For further details on the maturity profile of our assets and liabilities as of September 30, 2021 and March 31, 2021, see “*Selected Statistical Information – ALM*” on page 257. We carefully monitor the contractual maturity periods of our assets and liabilities and categorize them on the basis of the number of years in which they mature. As of September 30, 2021, we had a negative asset liability mismatch of ₹ 10,434.62 million and ₹ 5,605.98 million for over 1 year and up to 3 years maturity, and over 5 years maturity, respectively. Further, as of March 31, 2021, we had a negative asset liability mismatch of ₹ 11,275.52 million, ₹ 2,968.03 million and ₹ 596.66 million for over 1 year and up to 3 years maturity, over 3 years and up to 5 years maturity and over 5 years maturity, respectively. We meet a significant portion of our financing requirements through long term and short-term borrowings from banks, issuance of debt securities (such as non-convertible debentures and commercial paper) and through securitization and direct assignment of loans. Any mismatch in the maturity profile of our assets and liabilities may lead to a liquidity risk and have an adverse effect on our business and results of operations.

12. Our operations are concentrated in three states in western India and four states in southern India and one union territory in northern India and any adverse developments in these regions could have an adverse effect on our business and results of operations.

As of September 30, 2021, we conducted our operations through 463 branches, of which 198 branches were located in western and northern India in states/union territory of Gujarat, Maharashtra, Delhi and Rajasthan and 241 branches were located in southern India in states/union territory of Telangana, Andhra Pradesh, Tamil Nadu, Karnataka and Puducherry. As of September 30, 2021, 30.42 % of our gross AUM was located in Gujarat and Maharashtra and 59.28% of our gross AUM was from Telangana, Andhra Pradesh, Tamil Nadu, Karnataka and Puducherry. The retail lending and financial services markets in these regions may perform differently from, and may be subject to market conditions that are different from, the retail lending and financial services markets in other regions in India. Consequently, any significant social, political or economic disruption, or natural calamities or civil disruptions in these regions, or changes in the policies of the state or local governments of these regions or the Government of India, could disrupt our business operations, require us to incur significant expenditure and change our business strategies. The occurrence of or our inability to effectively respond to any such event, could have an adverse effect on our business, results of operations, financial condition and cash flows.

13. *Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, results of operations and financial condition.*

As of December 31, 2021, our total borrowings were ₹ 4,734.77 million. Our ability to meet our debt service obligations and repay our outstanding borrowings will depend primarily on the cash generated by our business, which depends on the timely repayment by our customers. Our financing agreements contain certain restrictive covenants that limit our ability to undertake certain types of transactions, any of which could adversely affect our business and financial condition. We are required to obtain prior approval from certain of our lenders, as well as send prior intimation to certain of our lenders for, among other things:

- effecting any change in the capital structure where the shareholding of the Promoter gets diluted below 51%;
- making any amendments to the memorandum of association and articles of association;
- effecting any adverse changes to or effecting a major change in our capital structure;
- issuing any debentures, raising loans, accepting deposits from the public, issuing equity or preferential share capital;
- formulating or effecting any scheme of amalgamation or merger or compromise or reconstruction;
- effecting any change in the constitution of our Company, including its shareholding pattern, ownership, controlling interest and control;
- changing the substantial general nature of the business of our Company;
- effecting any changes in the management of our Company, including changes in the composition of the Board of Directors and change in the practice with regard to remuneration of directors;
- undertaking guarantee obligations on behalf of any other person;
- incurring further indebtedness by our Company, except as permitted under the relevant loan documentation; and
- making any prepayment of amounts due under the facilities;

We have applied to our lenders and while we have received consents from all of our lenders in relation to this Offer. We cannot assure you that such consents will be granted in the future or at all. Under these agreements, certain lenders also require us to maintain certain financial ratios such as asset coverage ratio and security cover ratio. Our failure to meet our obligations under our financing agreements could have an adverse effect on our business, results of operations and financial condition. In particular, as a result of the November 12 Circular and the resultant increase in our NPAs, our Company was in breach of the NPA covenants under our loan agreements with The Federal Bank Limited, HDFC Bank Limited and The Karur Vysya Bank Limited. For further details of the November 12 Circular and the resultant increase in our NPAs, see “– We have a huge concentration of loans to emerging self-employed individuals (“ESEI”) and MSMEs and the risk of non-payment or default by the borrowers may adversely affect our business, results of operations and financial condition.” on page 31. While we have obtained consent from the respective counterparties for such breach, and for the modification of NPA covenants, we cannot assure you that we will be given such relaxations in the future. If the obligations under any

of our financing agreements are accelerated, we may have to dedicate a substantial portion of our cash flow from operations to make payments under such financing documents, thereby reducing the availability of cash for our working capital requirements and other general corporate purposes.

Our future borrowings may also contain similar restrictive provisions. If we fail to meet our debt service obligations or covenants provided under the financing agreements, the relevant lenders could declare us to be in default under the terms of our agreements or accelerate the maturity of our obligations. We cannot assure you that, in the event of any such acceleration, we will have sufficient resources to repay the borrowings.

14. Any failure or significant weakness of our internal processes or systems could cause operational errors or incidents of fraud, which would adversely affect our business, profitability and reputation.

We are responsible for establishing and maintaining adequate internal measures commensurate with the size and complexity of operations. The fraud detected and reported as of the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019 were ₹ 41.20 million, ₹ 47.20 million, ₹ 3.67 million and ₹ 1.13 million, respectively. Our internal audit functions make an evaluation of the adequacy and effectiveness of internal systems on an ongoing basis so that business units adhere to our policies, compliance requirements and internal guidelines. While we periodically test and update our internal processes and systems, we are exposed to operational risks arising from the potential inadequacy or failure of internal processes or systems, and our actions may not be sufficient to ensure effective internal checks and balances in all circumstances. For further details in relation to inspection by RBI pertaining to fraud, see “-We are subject to periodic inspection by RBI. Non-compliance with the observations of RBI could adversely affect our business, financial condition, results of operations and cash flows.” on page 31.

Our management information systems and internal procedures that are designed to monitor our operations and overall compliance may not identify every instance of non-compliance or every suspicious transaction. If internal system or process weaknesses are identified, our actions may not be sufficient to correct such weakness. Failures or material errors in our internal systems may lead to deal errors, pricing errors, inaccurate financial reporting, fraud and failure of critical systems and infrastructure. Such instances may also adversely affect our reputation, business and results of operations. Adverse publicity arising from disclosure of fraud may also have an adverse impact in our customers’ confidence in our security measures. We cannot assure you that that we would be able to prevent frauds in the future or that our existing internal mechanisms to detect or prevent fraud will be sufficient. Any fraud discovered in the future may have an adverse effect on our business, profitability and reputation.

15. Because we handle high volumes of cash and gold jewelry in a dispersed network of branches, we are exposed to operational risks, including employee negligence, fraud, petty theft, burglary and embezzlement, which could harm our results of operations and financial position.

As of September 30, 2021, we held cash in hand balance of ₹ 199.49 million and gold of 6.48 tons. Our business involves carrying out cash and gold jewelry transactions that expose us to the risk of fraud by employees, agents, customers or third parties, theft, burglary, and misappropriation or unauthorized transactions by our employees. Our insurance policies, security systems and measures undertaken to detect and prevent these risks may not be sufficient to prevent or detect such activities in all cases, which may adversely affect our operations and profitability. For further details, see “- Any failure or significant weakness of our internal processes or systems could cause operational errors or incidents of fraud, which would adversely affect our business, profitability and reputation.” on page 37. Our employees may also become targets of the theft, burglary and other crimes if they are present when these crimes are committed, and may sustain physical and psychological injuries as a result. We may encounter difficulties recruiting and retaining qualified employees due to this risk and our business and operations may be adversely affected. Publicity arising from such disclosure of fraud may also have an adverse impact on our customers’ confidence in our security measures. For further details in relation to inspection by RBI pertaining to frauds and gold auction, see “-We are subject to periodic inspection by RBI. Non-compliance with the observations of RBI could adversely affect our business, financial condition, results of operations and cash flows.” on page 31.

Further, we may be subject to regulatory or other proceedings in connection with any unauthorized transaction, fraud or misappropriation by our representatives and employees, which could adversely affect our goodwill. The nature and size of the items provided as collateral allow these items to be misplaced or mistakenly delivered, which may have a negative impact on our operations and result in losses.

16. We participate in markets that are competitive with continuously evolving technology and customer needs, and if we do not compete effectively with such established companies and new market entrants, our business, results of operations, cash flows and financial condition could be adversely affected.

Our competitors include established Indian and foreign commercial banks, NBFCs, HFCs, small finance banks, lending platforms and the private unorganized and informal financiers who principally operate in the local market. More players in consumer-facing businesses with a repository of data (such as e-commerce companies and payment service providers) are expected to enter the lending business, intensifying competition. (Source: CRISIL Report) Our lending activity is not completely online and necessarily involves carrying out certain physical steps, such as physical verification and in-person visits. Furthermore, our cost of borrowings as an NBFC may be higher than some of our competitors, including banks and lenders which are better rated. As a result, many of our competitors may have operational advantages in terms of access to cost-effective sources of funding, and in implementing new technologies and rationalizing related operational costs. Increased competition from other players could lead to lending rates offered by our competitors in the segments we operate in to be unviable for us or not profitable for us to provide, given our cost of borrowings.

Further, in the gold loans market, NBFCs slightly lost market share in Fiscal 2021 due to the increasing focus of banks (both public and private) towards gold loans and RBI permitting banks to offer gold loans at a higher LTV amidst the COVID-19 pandemic. (Source: CRISIL Report)

Additionally, we are subject to the potential increase in competition brought about by changes in the laws and regulations governing our business and those adjacent to ours. In particular, there are opportunities for regulatory arbitrage by commercial banks and NBFCs, given that we operate in a highly regulated industry. Any changes in the relevant laws or regulations by the RBI to correct, clarify or amend such regulatory subject matters may result in the diminishment of the available opportunities for regulatory arbitrage. For example, from August 6, 2020 to March 31, 2021, the RBI permitted banks to provide gold loans with a LTV of up to 90% for non-agricultural purposes, while NBFCs were still subject to the restriction of 75% for gold loan LTVs. We cannot assure you that changes in the relevant laws and regulations in the future may not result in an increase in competition from other players and impact the way we conduct our business in respect of, among others, branch opening licensing requirements, prudential norms for various loan products and monthly interest servicing. For further details on another instance of lost regulatory arbitrage, see “- We have a huge concentration of loans to emerging self-employed individuals (“ESEI”) and MSMEs and the risk of non-payment or default by the borrowers may adversely affect our business, results of operations and financial condition.” on page 31.

Liberalization of the Indian financial services sector could also lead to a greater presence or new entries of Indian and foreign banks, NBFCs, HFCs and other entities operating in the financial services sector offering a wider range of products and services. This could adversely affect our competitive environment. There can be no assurance that we will be able to react effectively to these or other market developments or compete effectively with new and existing players in the increasingly competitive retail and MSMEs loans business. Increasing competition may also result in slower growth and a reduction in our net interest margin and market share, and consequently may have an adverse effect on our results of operations and financial condition.

In addition, our continued success will depend, in part, on our ability to respond to technological advances, changing customer needs and emerging industry standards and practices on a cost-effective and timely basis. Technological innovation such as digital wallets, mobile operator banking, advancements in block chain technology and cryptocurrencies, such as bitcoin, payment banks, internet banking through smart phones, could disrupt the financial services industry and increase competition as a whole. For our gold loan and loan against property products we need to complete certain steps that may not be capable of being digitized entirely. If we fail to adapt to such technological advances quickly and effectively it could affect the performance and features of our products and services and reduce our attractiveness to existing and potential customers hereby adversely affecting our business, financial condition, results of operations, and cash flows.

Our competitors may also make more significant and effective investments in innovation, growth of their businesses and enhancing their customer reach and engagement, and may outcompete us in any of these areas. They may also be able to obtain certain licenses that we may be unable to obtain in the future, which may hinder our ability to offer certain services or access certain pools of liquidity that are the subject of such licenses. Increased investments made or innovative services offered by our competitors may require us to divert significant managerial, financial and human resources in order to remain competitive, and ultimately may reduce our market share and negatively impact the revenues growth and profitability of our business.

Further, due to competitive pressures, we may be unable to successfully execute our growth strategy and offer products and services profitably or at reasonable returns and this may adversely affect our business, financial condition, results of operations and cash flows.

17. Our inability to maintain our capital adequacy ratio could adversely affect our business, results of

operations and our financial performance.

The NBFC-ND-SI Directions currently require NBFCs such as our Company to comply with a capital to risk (weighted) assets ratio, or capital adequacy ratio (“CRAR”), consisting of Tier I and Tier II capital. As per the NBFC-ND-SI Directions, we are required to maintain a minimum capital adequacy ratio, consisting of Tier I capital and Tier II capital, of not less than 15.00% of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items. At a minimum, Tier I capital of an NBFC, at any point of time, cannot be less than 10.00%. For details, see “*Key Regulations and Policies in India*” on page 201. As of September 30, 2021, our CRAR was 25.63%, with Tier I capital comprising 20.25%. As we continue to grow our loan portfolio and asset base we will be required to raise additional Tier I and Tier II capital in order to remain in compliance with the applicable capital adequacy ratios. Further, the RBI may increase its current CRAR requirements, which may require us to raise additional capital. We cannot assure you that we will be able to raise adequate additional capital in the future on terms favorable to us, or at all, which may adversely affect the growth of our business. Our failure to comply with minimum capital adequacy requirements, under current or future regulations, would adversely affect our business, financial condition and results of operations. For further details on the RBI’s observation in relation to, among others, our CRAR, please see “*We are subject to periodic inspection by RBI. Non-compliance with the observations of RBI could adversely affect our business, financial condition, results of operations and cash flows.*” on page 31.

NBFCs primarily engaged in lending against gold jewelry, with such loans comprising 50.00% or more of its financial assets, will be further subject to the requirement to maintain a minimum Tier I capital of 12.00%. While our gold loans do not currently comprise 50.00% or more of our financial assets, we cannot assure you that we will not increase the share of gold loans on our loan portfolio in the future, and thereby be subject to this additional CRAR requirement.

18. We have experienced growth in recent years and we may not be able to sustain our growth or manage it effectively or execute our growth strategy effectively.

We have experienced growth in recent years and we have significantly expanded our operations and branch network. Our total revenue grew from ₹ 2,555.37 million for Fiscal 2019 to ₹ 6,975.66 million for Fiscal 2021 and was ₹ 4,090.26 million for the six months ended September 30, 2021, while our profit after tax grew from ₹ 361.34 million for Fiscal 2019 to ₹ 616.84 million for Fiscal 2021 and was ₹ 335.66 million for the six months ended September 30, 2021. Our AUM grew from ₹ 20,192.77 million as of March 31, 2019 to ₹ 48,624.31 million as of March 31, 2021, and was ₹ 52,467.43 million as of September 30, 2021 and the number of our branches has grown from 149 to 359 and to 463 during the same periods. However, we cannot assure you that our growth strategy will continue to be successful or that we will be able to continue to grow further, at the same rate or at all.

Our inability to manage our expansion effectively and execute our growth strategy in a timely manner, or within budget estimates could have an adverse effect on our business, credit ratings and results of operations. We intend to achieve a profitable and sustainable growth of our loan assets by, among other things, focusing on the performance of our branch network and extracting operating leverage, expanding our branch network and continuing to invest in our technology and digitization initiatives. Our ability to execute our growth strategies will depend, among other things, on our ability to grow our customer base, improve customer experience, avail a cost effective funding and scale up and grow our branch network efficiently. We will also need to manage relationships with a greater number of customers, service providers, lenders and other parties as we expand. While we historically had a concentration in 48 large accounts in Fiscal 2019 relating to loans to institutional borrowers, we have moved away from that business and reduced our dependence on large institutional borrowers. Furthermore, as part of our growth strategy, and having taken into consideration the relevant market conditions and opportunities, we may change the composition of our Total AUM which may result in a change in the proportions of gold loans, small ticket LAPs, medium ticket LAPs and unsecured business loans in our Total AUM. Any such change in the composition of our Total AUM may impact our profitability, our asset-liability maturity profile and NPA levels.

In order to manage our growth effectively, we must implement, upgrade and improve our operational systems, processes, procedures and controls on a timely basis. If we fail to implement these systems, processes, procedures and controls on a timely basis, we may not be able to meet our customers’ needs, hire and retain new employees or operate our business effectively. Our ability to sustain our rate of growth also depends significantly upon our ability to select and retain key managerial personnel, investing in talent and employee training and maintaining effective risk management policies to address emerging challenges. Further, a number of external factors beyond our control could also affect our ability to continue to grow our business and loan portfolio, such as demand for

retail loans in India, domestic economic growth, the RBI's monetary and regulatory policies, RBI regulations and directions, inflation, competition and availability of cost-effective debt and equity capital.

We cannot assure you that our existing or future management, operational and financial systems, processes, procedures and controls will be adequate to support future operations, or establish or develop business relationships beneficial to future operations. Failure to manage growth effectively could have an adverse effect on our business and results of operations.

19. Our inability to expand our business into new regions and markets in India or the sub-optimal performance of our new branches could adversely affect our business, results of operations, financial condition and cash flows.

As part of our growth strategy, we continue to evaluate opportunities to expand our branch network across regions in India where we have a presence and expand to adjacent geographies by evaluating areas with established credit culture.. Factors such as competition, customer requirements, regulatory regimes, business practices and customs in these new markets may differ from those in our existing markets, and our experience in our existing markets may not be applicable to these new markets. In addition, as we enter new markets and geographical regions, we are likely to compete with not only other banks and financial institutions but also the local unorganized or semi-organized private financiers, who may be more familiar with local regulations, business practices and customs, and may have stronger relationships with target customers.

As we plan to expand our geographic footprint, we may be exposed to additional challenges, including identifying and collaborating with local business partners with whom we may have no previous business relations, obtaining necessary governmental approvals, successfully marketing our brand and products in markets in which we have no familiarity; attracting customers in a market in which we do not have significant experience or visibility; being subject to additional local taxes; attracting and retaining new employees; expanding our technological infrastructure; maintaining standardized systems and procedures; and adapting our marketing strategy and operations to new markets in India in which different languages are spoken. For instance, a number of states in India have enacted laws to regulate money-lending transactions and there are civil and criminal penalties prescribed for non-compliance with the relevant money lending statutes. These laws also establish a maximum rate of interest that can be charged to customers. There is however, ambiguity on whether NBFCs are required to comply with provisions of these state money-lending laws and are pending determination before various judicial forums in India. If it is judicially determined or clarified by relevant authorities that such statutes apply to NBFCs, our business in such states could be affected. To address these challenges, we may have to make significant investments that may not yield desired results or incur costs that we may not be able to recover. Our inability to expand our current operations or the sub-optimal performance of our new branches may adversely affect our business, financial condition, results of operations and cash flows.

20. We operate in a cyclical industry. In an economic downturn, we may not be able to grow our business or maintain levels of liquidity, loss minimization, and revenue growth to sustain our business and remain viable through the credit cycle.

While we have adopted a "twin engine" business model involving instalment loans and gold loans, there can be no assurance that we will be able to grow our business or maintain levels of liquidity, loss minimization, and revenue growth to sustain our business and remain viable through the credit cycle. The timing, severity, and duration of an economic downturn can have significant negative impacts on small businesses and our ability to generate adequate revenue and to absorb expected and unexpected losses. We do not have all of the elements necessary to ensure sustainability of our business in all circumstances. In making a decision whether to extend credit to a new or existing customer, or determine appropriate pricing for a loan, our decision structure relies on our internal credit policy, market expertise and judgments in regard to underwriting. An economic downturn will place financial stress on our customers, potentially impacting our decision structure's ability to make accurate decisions. Small businesses are typically impacted before and more severely than large businesses. Our early warning and portfolio management capability to adapt in a manner that balances future revenue production and loss minimization will be tested in a downturn. The longevity and severity of a downturn will also place pressure on our lenders, who provide financing to us through our debt warehouses and our securitization/assignment transactions. There can be no assurance that our financing arrangements will remain available to us through any particular business or economic cycle. The timing and extent of a downturn may also require us to change, postpone or cancel our strategic initiatives or growth plans to pursue shorter-term sustainability. The longer and more severe an economic downturn, the greater the adverse impact on us, which could be material.

21. We rely significantly on our information technology systems for our business and operations and any

failure, inadequacy or security breach in such systems could adversely affect our business, results of operation and reputation.

We use our technology platforms to assist with functions such as origination, underwriting, branch operations, risk management, customer service, collections and to perform data analytics. We have developed and used proprietary tools, cloud services, cloud-based central repository and mobility applications. We have systems for certain aspects of our customer engagement such as lead management, loan origination, loan management, as well as mobile applications. These are integrated with human resources management systems and a cloud-based central repository. Our operations depend on our ability to process a high volume of transactions across our network of branches, which are connected through computer systems, servers as well as on the cloud. As part of our growth strategy, we intend to further develop and invest in our information technology systems and create an end-to-end digital process.

We may be subject to disruptions, failures or infiltrations of our information technology systems arising from events that are wholly or partially beyond our control (including, for example, damage or incapacitation by human error, natural disasters, electrical or telecommunication outages, sabotage, computer viruses, hacking, cyber-attacks or similar events, or loss of support services from third-parties, such as internet backbone providers), for which we may be held liable. The size and complexity of our computer systems may make them potentially vulnerable to breakdowns, system integration problems, malicious intrusion and computer viruses. Our financial, accounting or other data processing systems may fail to operate adequately, or at all, as a result of events that are beyond our control, including a disruption of electrical or communications services in markets in which we primarily operate. Our ability to operate and remain competitive will depend in part on our ability to maintain and upgrade our information technology systems on a timely and cost-effective basis. Although we have not experienced any significant disruptions to our information technology systems in the past, we cannot assure you that we will not encounter disruptions in the future.

In addition, our systems are potentially vulnerable to data security breaches, whether by employees, who may have a lack of experience with our newer information technology systems, or others, that may expose sensitive or confidential data to unauthorized persons. Data security breaches could lead to the loss of trade secrets or other intellectual property, or could lead to the public exposure of personal information (including sensitive financial and personal information) of our customers and employees, which could result in breaches of applicable data security laws and resultant imposition of monetary penalties. Security measures could be breached by third-party actions, intrusion into our software by hackers due to software flaws or due to employee error and malfeasance. In addition, we may be required under applicable regulations to notify individuals of data security breaches involving their personal data. Although we have not experienced any data security breaches in the past, any such security breaches or compromises of technology systems in the future could result in institution of legal proceedings against us and potential imposition of penalties, which may have an adverse effect on our business, results of operations and reputation.

In addition, we, among other things, use third party software, platforms, services and data storage services, -on cloud and on premises data centers]. An infiltration of our information technology systems or the information technology systems of such third parties may compromise information and may result in significant data losses or theft of our or our customers' proprietary business or personally identifiable information. This could result in other negative consequences, including exposure to litigations, liabilities, remediation costs, disruption of internal operations, weakening of our competitive position, increased cybersecurity protection costs, damage to our reputation and loss of customer confidence, any of which could have a material adverse effect on our business, financial condition and results of operations. For example, under the Information Technology Act, 2000, we are subject to civil liability for wrongful loss or gain arising from any negligence by us in implementing and maintaining reasonable security practices and procedures with respect to sensitive personal data or information on our computer systems, networks, databases and software. Although we intend to continue to implement security technology and establish operational procedures to prevent break-ins, damage and failures, there can be no assurance that these security measures will always be adequate or successful. In addition, certain cyber incidents, such as surveillance, may remain undetected for an extended period. There is also the risk that we may lose customers for a cyber-incident, which might have occurred on the customer's own system or that of an unrelated third-party. Any cyber security breach could also subject us to additional regulatory scrutiny. Failed security measures could have a material adverse effect on our business, financial condition and results of operations.

We are dependent on various external vendors for certain elements of our operations, such as loan processing applications, our cloud and fraud detection platforms, as well as digital channels for online payments, which we use and access through agreements with these external vendors. We are exposed to the risk that (i) external vendors or service providers may be unable to fulfil their contractual obligations to us (or will be subject to the same risk

of operational errors by their respective employees); (ii) the vendors or their employees may be involved in any fraud or willful default and (iii) the risk that their (or their vendors') business continuity and data security systems prove to be inadequate. Failure to perform any of these functions by our external vendors or service providers could have a material adverse effect on our business, results of operations and cash flows. Certain of our external vendors operate in jurisdictions other than India, and some or all of the data and information stored by us on, among other things, the servers and data centers of such external vendors may be subject to information technology, and data protection laws of countries other than India. Any breach of such laws by us or the external vendor may expose us to liability under such laws, and/or trigger indemnity provisions under our arrangements with such vendors. Any such adverse developments may adversely affect our results of operations.

As our technology infrastructure, products and services expand and become increasingly complex, we face increasingly serious risks to the performance and security of our technology infrastructure, products and services that may be caused by these third-party-developed components, including risks relating to incompatibilities among these components, service failures or delays or back-end procedures on hardware and software. We also need to continuously enhance our existing technology. We face the risk of our technology infrastructure becoming unstable and susceptible to security breaches. This instability or susceptibility could create serious challenges to the security and uninterrupted operation of our platforms, products and services, which would adversely affect our business and reputation.

22. There may be certain inadvertent discrepancies in our secretarial filings and/ or corporate records. We cannot assure you that no legal proceedings or regulatory actions will be initiated against us in the future in relation to any such discrepancies.

We manage our internal compliance by monitoring and evaluating internal controls and ensuring all relevant statutory and regulatory compliances. However, there can be no assurance that deficiencies in our internal controls will not arise, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all.

We are unable to trace corporate filings, resolutions and challans in respect of certain corporate filings made by our Company, including the Forms 2 filed by our Company with the Registrar of Companies, Kerala at Kochi and the relevant resolutions of our Board in relation to the initial allotment of Equity Shares to our Promoter, and the further allotment of Equity Shares on May 22, 1997. Further, we are unable to trace the resolutions of our Board and Shareholders in relation to the reduction of our paid-up Equity Share capital on March 5, 2001. We have obtained a certificate dated February 10, 2022 from Shivlal Maurya, practicing company secretary in relation to such untraceable form filings. Although it is unlikely to have a material financial impact on us, and no regulatory action/ litigation is pending against us in relation to any such discrepancies in our secretarial filings and/ or corporate records, we cannot assure you that we will not be subject to penalties imposed by regulatory authorities in this respect. Accordingly, we cannot assure you that we will not be subject to any action, including monetary penalties by statutory authorities on account of any such discrepancies in our secretarial filings and/ or corporate records, which may adversely affect our business, financial condition and reputation.

23. We may not be able to identify, monitor and manage risks or effectively implement our risk management policies.

The effectiveness of our risk management is affected by the quality and timeliness of available data. We have devoted resources to develop our risk management policies and procedures and aim to continue to do so in the future. We have policies and procedures in place to measure, manage and control the various risks to which we are exposed, which include our interest rate policy, corporate governance policy, fair practices code, vigil mechanism, and know your customer and anti-money laundering policy. Our Board of Directors, the Risk Management Committee and the Asset Liability Committee review our risk management policies from time to time. We also depend on our information technology systems to assist us with our risk management functions.

However, our policies and procedures to identify, monitor and manage risks may not be fully effective. Some of our risk management processes may not be automated and subject to human error. Some of our methods of managing risks are based on the use of observed historical market behavior and may not accurately predict future risk exposures, which could be significantly greater than those indicated by the historical measures. In addition, as we seek to expand the scope of our operations, we also face the risk of inability to develop commensurate risk management policies and procedures. Other risk management methods depend upon an evaluation of information regarding the markets we operate in, the customers we service and certain other matters, which may not be accurate, complete, up-to-date or properly evaluated in all cases. Management of operational, legal or regulatory risks requires, among other things, policies and procedures to properly record and verify a number of transactions

and events. Although we have established these policies and procedures, they may not be fully effective. For further details in relation to inspection by RBI pertaining to risk management, see “-We are subject to periodic inspection by RBI. Non-compliance with the observations of RBI could adversely affect our business, financial condition, results of operations and cash flows.” on page 31.

Our earnings are dependent upon the effectiveness of our management of changes in credit quality and risk concentrations, the accuracy of our valuation models and our critical accounting estimates and the adequacy of our allowances for loan losses. To the extent our assessments, assumptions or estimates prove inaccurate or not predictive of actual results, we could suffer higher than anticipated losses. If we fail to effectively implement our risk management policies, it could have an adverse effect on our business, results of operations and financial condition.

24. Any deterioration in the performance of any pool of receivables securitized and assigned to banks and other institutions may adversely impact our financial performance.

We securitize and assign a portion of our receivables from our loan portfolio to banks and other financial institutions. Such securitization transactions and direct assignment transactions are undertaken by us on the basis of our internal estimates of funding requirements, and may vary from time to time. During the six months ended September 30, 2021 and Fiscals 2021 and 2020, we had securitized and assigned assets worth ₹ 2,785.07 million, ₹ 2,959.89 million and ₹ 1,474.55 million, respectively. As of September 30, 2021 and Fiscals 2021 and 2020, our receivables securitized and assigned expressed as a percentage of our AUM were 5.30%, 6.09%, and 3.84%, respectively.

We are also required to provide certain credit enhancements, such as cash collateral fixed deposit, bank guarantees, excess interest spread, overcollateralization, in connection with our securitized receivables. In the event the bank or financial institution does not realize the receivables due under loans that have been assigned, the relevant bank or institution can enforce the underlying credit enhancements provided by our Company. Should such banks or any other financial institutions seek to enforce the underlying credit enhancements such as bank guarantees and fixed deposits, which are provided up to a specified percentage of the underlying loans, it could have an adverse effect on our financial condition and results of operations. This could also adversely impact our reputation and the willingness of future potential bidders to participate in subsequent assignments by our Company. Further, a change in RBI or other government regulations in relation to assignments/securitizations by NBFCs could have an adverse impact on our assignment/securitization program.

25. Certain statutory and regulatory licenses and approvals are required for conducting our business and any failure or omission to obtain, maintain or renew these licenses and approvals in a timely manner, or at all, could adversely affect our business and results of operations.

Our operations in India are subject to government regulation and we are required to obtain and maintain certain statutory and regulatory licenses and approvals and we have obtained the necessary licenses and approvals required for our operations. While we have obtained the necessary approvals and licenses required for our operations, certain approvals have lapsed in their normal course and we have made applications to the appropriate authorities for renewal of such licenses and approvals. Further, there are few approvals and licenses which are conditional upon receipt of certain pending licenses, and we will apply for these in due course. For further details, see “Government and Other Approvals” on page 397. In addition, we may apply for additional licenses and approvals, including the renewal of certain approvals which may expire from time to time, and approvals in the ordinary course of business. If we are unable to obtain, maintain or renew all necessary licenses and approvals required for our continued operations or for continued provision of the services being offered by us, this may have consequences, on operations that may be limited or suspended to that extent, which may have an adverse impact on our business and results of operations.

In the future, we may be required to obtain new registrations, permits and approvals for our business, as a result of change in current regulations or for any proposed expansion strategy or diversification into additional business lines or new financial products. There can be no assurance that the relevant authorities will issue any permits or approvals required by us in a timely manner, or at all, and/or on favorable terms and conditions. As part of our business operations, we have various branches spread across India. Certain approvals that are required to operate such branches expire from time to time. Accordingly, we have either made an application to the appropriate authorities for renewal of such approvals or are in the process of making such applications. There can be no assurance that the relevant authorities will renew such approvals in a timely manner or at all. If we fail to obtain any applicable approvals, licenses, registrations or consents in a timely manner or at all, some of our contracts with third parties may be terminated and we may not be able to undertake certain operations of our business which

may affect our business, results of operations and cash flows. Also see “ – We operate in a highly regulated industry and changes in the laws, rules and regulations applicable to us may adversely affect our business, financial condition and results of operations” on page 33.

A majority of these approvals are granted for a limited duration and are subject to numerous conditions. For example, our Company has a certificate of registration from the RBI to operate as an NBFC-ND-SI, which requires our Company to comply with certain terms and conditions for our Company to continue our NBFC operations. The RBI conducts an annual inspection of our Company’s books of accounts and other records relating to our financial position every year. RBI Inspection is a regular exercise and is carried out periodically by RBI for banks, financial institutions and NBFCs. For further details in relation to inspection by RBI pertaining to fraud, see “-We are subject to periodic inspection by RBI. Non-compliance with the observations of RBI could adversely affect our business, financial condition, results of operations and cash flows.” on page 31. We cannot assure you that these approvals would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. If there is any failure by us to comply with the applicable regulations, or if the regulations governing our business are amended, we may incur increased costs, be subject to penalties, have our approvals and permits revoked or suffer a disruption in our operations, any of which could adversely affect our business.

26. We utilize the services of certain third parties for our operations and any interruption or deficiency in their services could have an adverse effect on our business.

We utilize the services of third parties from time to time in various aspects of our operations such as sourcing of customers, valuation of collateral properties and collection services. We generate customer leads from direct selling agents (“DSAs”). For the six months ended September 30, 2021 and Fiscal 2021, we sanctioned 1,785 and 2,233 loans, respectively, on account of leads generated through 261 and 317 DSAs, respectively. However, our arrangements with DSAs are on a non-exclusive basis and they may work for our competitors in the future, which may adversely affect our ability to increase our customer base. We also engage with agencies in the regions in which we operate for services such as verification, credit appraisal, valuation and collection.

Our reliance on third parties may prevent us from being able to resolve operational problems internally or on a timely basis, which could lead to customer dissatisfaction or long-term disruption of our operations. Our operations also depend upon our third-party service providers to communicate appropriately and provide quality service which is satisfactory to our customers. We may also need to replace a third-party service provider if it experiences difficulties that interrupt or disrupt operations for a prolonged period of time or if an essential third-party service terminates. If these service arrangements are terminated for any reason without an immediately available substitute arrangement, our operations may be severely interrupted or delayed. If such interruption or delay were to continue for a substantial period of time, our business, prospects, financial condition and results of operations could be adversely affected. We also cannot assure you that we will be successful in continuing to receive uninterrupted and quality services from our third-party service providers or do so at the prevailing costs. Any disruption, negligence, fraud or inefficiency in the services provided by our third party service providers, or an increase in costs which we may not be able to pass on to our customers, whether entirely or in part, could adversely affect our business, financial result and reputation.

27. We depend on the accuracy and completeness of information provided by our customers and certain third party service providers and our reliance on any erroneous or misleading information may affect our judgement of their creditworthiness, as well as the value of and title to the collateral.

While deciding whether to extend credit to customers, we rely, to a significant extent, on the information furnished to us by the customers for certain key elements of the credit assessment process, including their income, assets, financial transactions and credit history. We follow the Know Your Customer (“KYC”) guidelines prescribed by RBI for potential customers, verify their place of employment and residence, as applicable. We may also rely on certain representations from customers as to the accuracy and completeness of that information. For ascertaining the creditworthiness of the customers and encumbrances on the collateral provided, we may depend on the respective registrars and sub-registrars of assurances, local legal agencies and lawyers, credit information companies or credit bureaus, and on independent valuers in relation to the value of the collateral. Our reliance on any erroneous or misleading information may affect our judgement of credit worthiness of potential customers, and the value of and title to the collateral. Our risk management measures may not be adequate to prevent or deter such activities in all cases, which may adversely affect our business, results of operations and financial condition.

Further, we target first time borrowers and such customers may not have credit histories supported by tax returns and other documents that would enable us to accurately assess their creditworthiness. Accordingly, we issue loans

without insistence on formal documentation. We may also not receive updated information regarding any change in the financial condition of our customers or may receive inaccurate or incomplete information as a result of any fraudulent misrepresentation by our customers or employees. Moreover, the availability of accurate and comprehensive credit information on retail customers in India is more limited than for larger corporate customers, which reduces our ability to accurately assess the credit risk associated with such lending. Although as part of our credit policy, we conduct credit checks of all our customers, including with credit bureaus, conduct site-visits and personal discussions, we cannot assure you that such credit information will be accurate or comprehensive. Difficulties in assessing credit risks associated with our day-to-day lending operations may lead to an increase in the level of our NPAs, which could adversely affect our business and results of operations.

28. We rely on our internal credit policy to make credit decisions. If we do not make accurate credit decisions, our business and financial results will be adversely affected, and the impact could be material.

In making a decision whether to extend credit to prospective customers, we rely upon data received from our customers and third-party intermediaries to assess credit handling ability, debt servicing capacity, and overall risk level to determine lending exposure and loan pricing in accordance with our internal credit policy. The data we receive and rely upon includes data from the credit bureaus, our API stack enabling independent validation from source, customer financials, observations from our front end teams, feedback from credit and underwriting teams, and other sources of income and value of collateral. If the components or analytics are either unstable, biased, or missing key pieces of information, the wrong decisions will be made which will negatively affect our financial results. If we are unable to properly assess the creditworthiness of our customers, including a failure to predict a customer's true credit risk profile and/or ability to repay their loan, we may need to record additional provision expense and/or experience higher than forecasted losses. Additionally, if any portion of the information pertaining to the prospective customer is false, inaccurate or incomplete, and we did not detect such falsities, inaccuracies or incompleteness, or any or all of the other components of our credit decision process fails, we may experience higher than forecasted losses. Furthermore, if we are unable to access the third-party data used in our decision structure, or our access to such data is limited, our ability to accurately evaluate potential customers will be compromised, and we may be unable to effectively predict probable credit losses inherent in our loan portfolio, which would negatively impact our results of operations, which could be material.

Additionally, if we make errors in the development and validation of any of the underwriting models or tools that we use for the loans securing our debt warehouses or our securitization, such loans may experience higher delinquencies and losses, which could result in the principal of our securitized notes or other borrowings being required to be paid down, and we may no longer be able to borrow from those debt facilities to fund future loans. Moreover, if future performance of our customers' loans differs from past experience (driven by factors, including but not limited to, macroeconomic factors, policy actions by regulators, lending by other institutions and reliability of data used in the underwriting process), which experience has informed the development of the underwriting procedures employed by us, delinquency rates and losses to investors of our securitized debt from our customers' loans could increase, which could result in the principal of our debt securities or other borrowings being required to be paid down, and we may no longer be able to borrow from those debt facilities to fund future loans. This inability to borrow from our debt facilities could further hinder our growth and harm our financial performance.

29. There are pending litigations against our Company, our Promoter and certain of our Directors. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties and may adversely affect our business, cash flows and reputation.

Certain legal proceedings involving our Company, our Promoter and certain of our Directors are pending at different levels of adjudication before various courts, tribunals and authorities. In the event of adverse rulings in these proceedings or consequent levy of penalties, we may need to make payments or make provisions for future payments and which may increase expenses and current or contingent liabilities.

A summary of outstanding litigation proceedings involving our Company, our Promoter and certain of our Directors, as disclosed in "Outstanding Litigation and Material Developments" on page 392, in terms of the SEBI ICDR Regulations as of the date of this Draft Red Herring Prospectus is provided below:

Nature of cases	Number of cases	Total amount involved (in ₹ million)^
Litigation involving our Company		
Against our Company		
Material civil cases	1	19.40

Nature of cases	Number of cases	Total amount involved (in ₹ million)^
Criminal cases	2	Nil
Outstanding actions by regulatory and statutory authorities	Nil	Nil
Taxation matters	2	3.64
By our Company		
Material civil cases	1	32.45
Criminal cases	13	104.82
Taxation matters	10	Nil

Indirect Tax	5	449.79
Litigation involving our Directors		
By our Directors		
Material civil cases	Nil	Nil
Criminal cases	Nil	Nil
Against our Directors		
Material civil cases	Nil	Nil
Criminal cases	1	Nil

^To the extent ascertainable

*Such amount excludes any interest or penalty in relation to such tax proceedings.

For further details, see “*Outstanding Litigation and Material Developments*” beginning on page 392. We cannot assure you that any of the outstanding litigation matters will be settled in favor of our Company, Promoter or Director, as the case may be, or that no further liability will arise out of these proceedings. The amount claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. With respect to the legal proceedings involving our Company, we are in the process of litigating these matters, and based on the assessment in accordance with applicable accounting standard. We have presently not made provision for any of the pending legal proceedings. For details of our contingent liabilities, see “ – *We have certain contingent liabilities, which, if materialized, may adversely affect our financial condition, cash flows and results of operations.*” and “*Summary of the Offer Document – Summary of Contingent Liabilities of our Company*” on pages 55 and 17, respectively.

In addition to the foregoing, we could also be adversely affected by complaints, claims or legal actions brought against us, before various forums such as courts, tribunals, consumer forums or sector-specific or other regulatory authorities in the ordinary course or otherwise, in relation to our products and services, our technology and/or intellectual property, our branding or marketing efforts or campaigns or any other acts/omissions. There can be no assurance that such complaints or claims will not result in investigations, enquiries or legal actions by any courts, tribunals or regulatory authorities against us.

If any new developments arise, such as change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions that could increase our expenses and current liabilities. Further, such legal proceedings could divert management time and attention and consume financial resources. Any adverse outcome in any of these proceedings may have an adverse effect on our results of operations and financial condition.

30. *We depend on our Key Managerial Personnel, as well as our experienced and capable employees, and any failure to attract, motivate, and retain our employees could adversely affect our business, results of operation and financial condition, or harm our ability to maintain and grow our business.*

Our performance depends largely on the efforts and abilities of our Key Managerial Personnel, senior management, and our operational personnel. We believe that the inputs and experience of our senior management are valuable for the development of our business, operations and the strategic directions taken by our Company. We cannot assure you that these individuals will not leave us or join a competitor or that we will be able to retain such personnel or find adequate replacements in a timely manner, or at all. Our voluntary attrition rate in the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019 were 12.70%, 18.56%, 29.50% and 36.00%

respectively. We may require a long period of time to hire and train replacement personnel when qualified personnel terminate their employment with our Company. We cannot assure you that we will be successful in hiring or retaining such personnel which could adversely affect our business. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting employees that our business requires. The loss of, or inability to attract or retain such persons may have an adverse effect on our business, results of operations and financial condition.

To maintain and grow our business, we will need to identify, hire, develop, motivate, and retain highly skilled employees. Identifying, recruiting, training, integrating, and retaining qualified individuals requires significant time, expense, and attention. We may need to invest significant amounts of cash and equity to attract and retain new employees and expend significant time and resources to identify, recruit, train, and integrate such employees, and we may never realize returns on these investments. If we are unable to effectively manage our hiring needs or successfully integrate and retain new hires, our efficiency, ability to meet forecasts, and employee morale, productivity, and engagement could suffer, which could adversely affect our business, financial condition, cash flows and results of operations.

Our future success is also significantly dependent upon the continued service of our executives and other key employees. If we lose the services of any member of management or any key personnel, we may not be able to find a suitable or qualified replacement, which could severely disrupt our business and growth. In addition, from time to time, there may be changes in our management team that may be disruptive to our business. If our management team, including any new hires that we make, fails to work together effectively and to execute our plans and strategies on a timely basis, our business could be harmed.

31. Our NCDs are listed on BSE and we are subject to rules and regulations with respect to such listed NCDs. If we fail to comply with such rules and regulations, we may be subject to certain penal actions, which may have an adverse effect on our business, results of operations, financial condition and cash flows. Further, the trading in our NCDs has been and may continue to be limited or sporadic, which may affect our ability to raise debt financing in the future.

Our NCDs are listed on the debt segment of BSE. We are required to comply with various applicable rules and regulations, including the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended, and applicable provisions of the SEBI Listing Regulations, in terms of our listed NCDs, and the listing agreement entered into therein. If we fail to comply with such rules and regulations, we may be subject to certain penal actions, including, without limitation, restrictions on the further issuance of non-convertible securities by us or our Promoter and the freezing of transfers of securities, which may have an adverse effect on our business, results of operations, financial condition and cash flows.

Trading in our NCDs has been limited and we cannot assure you that the NCDs will be frequently traded on the BSE or that there would be any market for the NCDs. Further, we cannot predict if and to what extent a secondary market may develop for the NCDs or at what price the non-convertible debentures will trade in the secondary market or whether such market will be liquid or illiquid.

32. We are exposed to risks that may arise if our customers opt for balance transfers to other banks or financial institutions, or if customers face increased difficulties in refinancing their existing loans from other banks and financial institutions to our Company.

We offer our customers variable interest rate loans, which are linked to our reference rate. Based on market conditions, we price our loans at either a discount or a premium to our reference rate, which is determined primarily on the basis of our cost of borrowings. Customers with variable interest rates on their loans are exposed to increased equated monthly instalments (“EMIs”) when the loans’ interest rate adjusts upward, to the rate computed in accordance with the applicable index and margin. Such customers typically seek to refinance their loans through balance transfer to other banks and financial institutions, to avoid increased EMIs that may result from an upwards adjustment of the loans’ interest rate. While refinancing of loans by other lenders could in certain circumstances be beneficial for our customers, it results in a loss of interest income expected from such loans over the course of their tenure. In addition, all NBFCs are prohibited from charging pre-payment penalties on any floating rate term loan sanctioned for purposes other than business to individual borrowers, thereby leading to a high incidence of balance transfer, and a high turnover of loan assets between lenders, causing lenders to incur increased origination costs. Some of our customers may be able to find balance transfer options at comparably lower interest rates or other financing alternatives which could have an adverse effect on our business, results of operations and financial condition.

In addition, increased difficulties for customers in refinancing their existing loan from another bank or financial institution, may also adversely affect our balance transfer loan originations. As competition in the financial services sector intensifies, some of our customers with variable interest rate loans may not be able to find balance transfer options at comparably lower interest rates or other financing alternatives. As a result, they may be exposed to the risks associated with increases in EMIs, which may lead to increased delinquency or default rates. Increased delinquency rates may also result in deterioration in credit quality of our loan portfolio, which could have an adverse effect on our business, results of operations and financial condition.

33. We conduct our business operations on leased premises, including our Registered and Corporate Office, and our inability to renew such leases may adversely affect our operations.

As of September 30, 2021, we conducted our operations through 463 branches, of which 390 have been taken on a lease and 73 have been taken on leave and license basis. The leave and license agreement in relation to our Registered and Corporate Office is valid for a term of five years starting from March 15, 2019. The typical period for which leases are generally entered into by our Company for its branches ranges from one to nine years. In the event that the existing lease is terminated or it is not renewed on commercially acceptable terms, we may suffer a disruption in our operations. Some of the lease or leave and license agreements may have expired in the ordinary course of business and we are currently involved in negotiations for the renewal of these lease or leave and license agreements. If alternative premises are not available at the same or similar costs, sizes or locations in a timely manner, our business, financial condition, cash flows and results of operations may be adversely affected. Further, any regulatory non-compliance by the landlords or adverse development relating to the landlords' title or ownership rights to such properties, including as a result of any non-compliance by the landlords, may entail disruptions to our operations, especially if we are forced to vacate leased space following any such developments. In addition, lease agreements are required to be duly registered and adequately stamped under Indian law and if our lease agreement or other agreements entered into by us, are not duly registered and adequately stamped, we may face challenges in enforcing them and they may be inadmissible as evidence in a court in India along with the requisite stamp duty prescribed under applicable Indian law being paid.

34. We have had negative cash flows in the past and may continue to have negative cash flows in the future.

The following table sets forth our cash flows for the periods indicated:

(₹ in million)

	For the six months ended September 30, 2021	Fiscals		
		2021	2020	2019
Net cash generated from / (used in) Operating Activities	(1,675.67)	(3,712.29)	(13,969.22)	(4,447.00)
Net cash generated from / (used in) Investing Activities	186.90	(705.25)	(687.51)	(552.20)
Net cash generated from / (used in) Financing Activities	684.20	8,255.00	15,988.48	4,948.40
Net increase / (decrease) in cash and cash equivalents	(804.57)	3,837.46	1,331.75	(50.80)

For further details, see “Restated Financial Information” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Cash flows” on pages 266 and 381, respectively. We cannot assure you that our net cash flow will be positive in the future.

35. Our funding requirements and the proposed deployment of Net Proceeds have not been appraised by any bank or financial institution or any other independent agency and our management will have broad discretion over the use of the Net Proceeds.

We intend to utilize the Net Proceeds of the Offer as set forth in “Objects of the Offer” beginning on page 96. The funding requirements mentioned as a part of the objects of the Offer are based on internal management estimates in view of past expenditures, and have not been appraised by any bank or financial institution. This is based on current conditions and is subject to change in light of changes in external circumstances, costs, business initiatives, other financial conditions or business strategies and since we have not presently entered into any definitive agreements for the use of Net Proceeds. Further, while we will from time to time continue to seek attractive inorganic opportunities for utilization of our Net Proceeds, the amount of Net Proceeds to be used for acquisitions will be based on our management’s discretion and we have not presently entered into any definitive agreements in this regard. Various risks and uncertainties, including those set forth in this section, may limit or delay our

efforts to use the Net Proceeds to achieve profitable growth in our business. For example, any plan to invest in new businesses and to seek inorganic expansion could be delayed due to a failure to receive regulatory approvals, technical difficulties, human resource, technological or other resource constraints, or for other unforeseen reasons, events or circumstances. We may also use funds for future businesses which may have risks significantly different from what we currently face or may expect.

Accordingly, use of the Net Proceeds for other purposes identified by our management may not result in actual growth of our business, increased profitability or an increase in the value of our business and your investment.

36. *We propose to utilize the Net Proceeds of the Fresh Issue to maintain the minimum capital adequacy ratio and to meet future capital requirements arising out of the growth in our business and not for any specified projects.*

The Net Proceeds of the Fresh Issue will be utilized to increase our Company's Tier I capital base to maintain the minimum capital adequacy ratio to meet our future capital requirements which are expected to arise out of growth of our business and assets. Consequently, we will not be using the Net Proceeds for any specified projects. For details, see "Objects of the Offer" on page 96.

37. *We will not receive any proceeds from the Offer for Sale. The Selling Shareholders will receive the net proceeds from the Offer for Sale i.e. proceeds from the Offer for Sale net of the Offer expenses.*

The Offer comprises a Fresh Issue and an Offer for Sale. The Selling Shareholders, including the Promoter Selling Shareholder, shall be entitled to their respective portions of the proceeds from the Offer for Sale net of Offer expenses and our Company will not receive any proceeds from the Offer for Sale. None of our other Directors or Key Managerial Personnel will receive, in whole or part, any proceeds from the Offer.

38. *Our insurance coverage may not be sufficient or may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition.*

We maintain various insurance policies to safeguard against risks and unexpected events. As of March 31, 2021 and March 31, 2020, we maintained a total insurance coverage of ₹ 38,219.29 million, ₹ 20,688.82 million, respectively. We believe that the insurance coverage we maintain is reasonably adequate to cover the normal risks associated with the operation of our businesses. Our insurance policies, however, may not provide adequate coverage in certain circumstances, such as the COVID-19 pandemic and are subject to certain deductibles, exclusions and limits on coverage. We have in the past had certain of our insurance claims rejected, as follow:

Fiscal	Claim Amount (in ₹ million)	Policy Type	Particulars
2014	4.04	Fidelity Insurance Policy	Our insurance claim was rejected due to the non-availability of a charge sheet from the police.
2013	2.85	Fidelity Insurance Policy	The relevant staff was on third party pay roll and the relevant policy did not include contractual employees under the insurance cover.
2015	19.60	Burglary Insurance Policy, Fidelity Insurance Policy	Our insurance claim was rejected as the duplicate key was used and there was no forceful entry into branch.

While we entered into a new insurance policy in April 2021, which we believe covers such instances going forward, and even if we have insurance for the incident giving rise to the loss, we may nevertheless be required to pay a significant deductible on any claim for recovery of such a loss, or the amount of the loss may exceed our coverage for the loss. We cannot assure you that any claim under the insurance policies maintained by us will be honored fully, in part or on time, or that we have obtained sufficient insurance to cover all potential losses.

In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, or at acceptable cost, or at all. To the extent that we suffer loss or damage, or successful assertion of one or more large claims against us for events for which we are not insured, or for which we did not obtain or maintain insurance, or which is not covered by insurance, exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, financial condition and cash flows could be adversely affected.

39. *Fluctuations in the market values of our investments could adversely affect our result of operations and*

financial condition.

As part of our treasury management, we have formulated a board-approved investment policy in accordance with the Notification No. DFC. 119 /DG(SPT)-98 dated January 31, 1998. Our investment policy prescribes policies for investments in mutual funds, fixed deposits, non-convertible debentures, subject to restrictions prescribed by our internal policies. The value of these investments depends on several factors beyond our control, including the domestic and international economic and political scenario, inflationary expectations and monetary policies. While our Company has recorded ₹ 8.48 million provision overlay as on March 31, 2021 in the balance sheet, to reflect the decline in value of such investments, any decline in the value of these investments may still have an adverse effect on our results of operations and financial condition.

40. The bankruptcy code in India may affect our rights to recover loans from our customers.

The Insolvency and Bankruptcy Code, 2016 (“IBC”) was notified on August 5, 2016. The IBC offers a uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision, and agree upon a plan for its revival or a speedy liquidation. The IBC creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process.

In case insolvency proceedings are initiated against a debtor to our Company or a debtor files for voluntary insolvency, we may not have complete control over the recovery of amounts due to us. Under the IBC, upon invocation of an insolvency resolution process, a committee of creditors is constituted by the interim resolution professional, wherein each financial creditor is given a voting share proportionate to the debts owed to it. Any decision of the committee of creditors must be taken by a vote of not less than 75% of the voting share of all financial creditors. Any resolution plan approved by committee of creditors is binding upon all creditors, even if they vote against it.

In case a liquidation process is opted for, the IBC provides for a fixed order of priority in which proceeds from the sale of the debtor’s assets are to be distributed. Before sale proceeds are distributed to a secured creditor, they are to be distributed for the costs of the insolvency resolution and liquidation processes and debts owed to workmen and other employees. Further, under this process, dues owed to the Central and State Governments rank below the claims of secured creditors, workmen and other employee dues and unsecured financial creditors. Further, pursuant to an amendment to the IBC, allottees in a real estate project are considered on par with financial creditors. Specifically, in relation to cases where we have extended construction finance to developers or builders for specific projects, allottees in such real estate projects will be considered on par with our Company in terms of priority of repayment. Moreover, other secured creditors may decide to opt out of the process, in which case they are permitted to realize their security interests in priority. Additionally, in cases where proceedings under the IBC are initiated against the builders or developers of project where the allottees of the apartments are our borrowers and if the builder or developer fails to deliver the project, there may be delay in recovery of amounts from such borrowers.

Accordingly, if the provisions of the IBC are invoked against any of the borrowers of our Company, it may affect our Company’s ability to recover our loans from the borrowers and enforcement of our Company’s rights will be subject to the IBC.

41. A portion of our loans are unsecured. If borrowers under unsecured loans default and we are unable to recover such receivables in a timely manner or at all, our financial condition, results of operations and cash flows may be adversely affected.

As at September 30, 2021, ₹ 6,293.02 million of our loans were unsecured, which represented 12.54% of our Total Loans. Since these loans are unsecured, in the event of defaults by such customers, our ability to realize the amounts due to us would be restricted to initiating legal proceedings for recovery. There can be no guarantee as to the length of time it could take to conclude such legal proceedings or for the legal proceedings to result in a favorable decision to us. Any failure to recover the full amount of principal and interest on unsecured loans given to our customers could adversely affect our financial condition, results of operations and cash flows.

While the SARFAESI Act, 2002 has strengthened the ability of lenders to recover NPAs by granting lenders greater rights to enforce security and recover amounts owed from secured borrowers, it does not apply to unsecured loans and secured loans or where the remaining debt is below 20% of the original principal amount or any security interest for securing repayment of any financial asset not exceeding ₹ 100,000. Since the introduction

of the IBC, the IBC has become the main framework under which insolvency proceedings against corporate persons are undertaken. While the IBC does not make any distinction between secured creditors and unsecured creditors during the corporate insolvency resolution process, the liquidation waterfall in case the company has to undergo liquidation depends on whether the creditor is secured or unsecured. As at September 30, 2021, we are an unsecured financial creditor for three companies undergoing insolvency proceedings under the IBC, the outstanding amount totaling ₹ 5.83 million, and there are no cases where we are a financial creditor for a company undergoing liquidation under IBC. It is nonetheless possible for us to take a significant reduction in the amount owed to us both in case of insolvency resolution and liquidation, which could result in increased losses and decline in profits, and adversely affect our financial condition, results of operations and cash flows.

42. We have entered into, and will continue to enter into, related party transactions which may potentially involve conflicts of interest.

In the ordinary course of our business, we enter into and will continue to enter into transactions with related parties. In the past, we have relied on financing from our Promoter, Federal Bank. For details regarding our related party transactions, see *“Other Financial Information – Related Party Transaction”* on page 352. While we believe that all such related party transactions that we have entered into are conducted on an arms’ length basis and contain commercially reasonable terms, we cannot assure you that we could not have achieved more favorable terms had such transactions been entered into with unrelated parties. It is likely that we may continue to enter into related party transaction in the future. Although all related party transaction that we may enter into post-listing will be subject to board or shareholder approval, as necessary under the Companies Act and the SEBI Listing Regulations, in the interest of the Company and its minority shareholders and in compliance with the SEBI Listing Regulations, we cannot assure you these arrangements in the future, or any future related party transactions that we may enter into, individually or in the aggregate, will not have an adverse effect on our business, financial condition, results of operations, cash flows and prospects. Further, any future transactions with our related parties could potentially involve conflicts of interest which may be detrimental to our Company. There can be no assurance that our Directors and executive officers will be able to address such conflicts of interests or others in the future.

43. Our Promoter, Key Managerial Personnel and Directors have interests in us other than the reimbursement of expenses incurred and normal remuneration and benefits.

Our Promoter, Directors and Key Managerial Personnel may be deemed to be interested to the extent of Equity Shares held by them, directly or indirectly, in our Company, as well as to the extent of any dividends, bonuses or other distributions on such shareholding. Additionally, some of our Directors and Key Managerial Personnel may also be regarded as interested to the extent of employee stock options granted by our Company and which may be granted to them from time to time pursuant to the ESOP 2018, as applicable. For details, see *“Capital Structure”* on page 85. Certain of our Directors are also nominees of some of our shareholders, and we have had related party transactions with such shareholders. Accordingly, these Directors may also said to be interested to the extent of such transactions.

We cannot assure you that our Promoter and Directors and our Key Managerial Personnel, if they are also our shareholders, will exercise their rights as shareholders to the benefit and best interest of our Company. For details, see *“Our Promoter and Promoter Group”*, *“Our Management – Interests of Directors”* and *“Our Management – Interests of Key Managerial Personnel”* on pages 241, 228 and 239.

44. Conflicts of interest may arise out of certain common business objectives shared by our Promoter and us.

Our Promoter, Federal Bank is a major Indian commercial bank in the private sector having over 1,250 branches and over 1,800 ATMs/Recyclers spread across 24 states, Delhi NCT and 4 union territories in India, and is listed in BSE, NSE and the London Stock Exchange. Our Promoter received a license to commence banking operations from the Reserve Bank of India on July 11, 1959. In the ordinary course of its activities, our Promoter may engage in activities where the interests of certain of its business divisions, its affiliates, or the interests of its clients may conflict with the interests of our shareholders. In particular, we may compete with existing and future NBFCs or financial services companies that our Promoter may establish or invest in. Certain of these divisions and entities have or may have a business or investment strategy similar to our business strategy and therefore may compete with us, which may present various conflicts of interest for our Promoter.

In the event that any such conflicts of interest arise, our Promoter may make decisions regarding our operations, financial structure or commercial transactions that may not be in our shareholders’ best interests. It may also enable a competitor to take advantage of a corporate opportunity at our expense. Such decisions could have a material adverse effect on our business, financial condition, results of operations and prospects. Should we face

any such conflicts in the future, they may not be resolved in our favor.

45. *Acquisitions, strategic investments, entries into new businesses, and divestitures could disrupt our business, divert our management's attention, result in additional dilution to our shareholders, and harm our business.*

We may in the future seek to acquire or invest in new businesses or technologies that we believe could complement or expand our products and services, enhance our technical capabilities, or otherwise offer growth opportunities. We may be unable to find suitable acquisition candidates and to complete acquisitions on favorable terms, if at all, in the future. If we do complete acquisitions, we may not ultimately strengthen our competitive position or achieve our goals and any acquisitions we complete could be viewed negatively by customers or investors. Moreover, an acquisition, investment or business relationship may result in unforeseen operating difficulties and expenditures, including disrupting our ongoing operations, diverting management from their primary responsibilities, subjecting us to additional liabilities, increasing our expenses and adversely impacting our business, results of operations, cash flows and financial condition. Moreover, we may be exposed to unknown liabilities and the anticipated benefits of any acquisition, investment or business relationship may not be realized, if, for example, we fail to successfully integrate such acquisitions, or the technologies associated with such acquisitions, into our Company. We also may not achieve the anticipated benefits from the acquired businesses due to a number of factors, including difficulties resulting from the integration of information technology systems, accounting systems, culture or personnel; litigation; use of resources; or other disruption of our operations. Regulatory constraints, particularly competition regulations, may also affect the extent to which we can maximize the value of our acquisitions or investments. Acquisitions could also result in issuance of Equity Shares which could dilute the shareholding of our existing shareholders or the incurrence of debt. In addition, we may spend time and money on acquisitions or investments that do not increase our revenue. If an acquired business fails to meet our expectations, our business and results of operations may be adversely affected.

46. *Some of our Directors and our Promoter may have interests in entities in businesses similar to ours, which may result in conflicts of interest with us.*

Some of our Directors may have investments or interests in entities engaged in businesses similar to ours, which may, in the future, result in conflicts of interest with us. Our director, Maninder Singh Juneja, is involved or interested in certain companies engaged in similar business activities as us and provides similar services as some of our products. For details, see “Our Management” on pages 225.

47. *Regulatory or legislative developments regarding privacy and data security matters could adversely affect our ability to conduct our business.*

Numerous domestic and international laws and regulations address privacy and the collection, storing, sharing, use, disclosure, and protection of certain types of data. These laws, rules, and regulations evolve frequently and their scope may continually change, through new legislation, amendments to existing legislation, and changes in enforcement. Additionally, many laws and regulations relating to privacy and the collection, storing, sharing, use, disclosure, and protection of certain types of data are subject to varying degrees of enforcement and new and changing interpretations by courts or regulators. Changes in laws or regulations relating to privacy, data protection, and information security, particularly any new or modified laws or regulations, or changes to the interpretation or enforcement of such laws or regulations, that require enhanced protection of certain types of data or new obligations with regard to data retention, transfer, or disclosure, could greatly increase the cost of providing our platforms, require changes to our operations, or even prevent us from providing our platforms in jurisdictions in which we currently operate and in which we may operate in the future.

As part of our operations, we are required to comply with the Information Technology Act, 2000 and the rules thereof, each as amended which provides for civil and criminal liability including compensation to persons affected, penalties and imprisonment for various cyber related offenses, including unauthorized disclosure of confidential information and failure to protect sensitive personal data. India has already implemented certain privacy laws, including the Information Technology (Reasonable security practices and procedures or information) Rules, 2011, which impose limitations and restrictions on the collection, use, disclosure and transfer of personal information.

Additionally, the GoI, in December 2019, published the Personal Data Protection Bill, 2019, which provides for a framework for protection of personal data and use of non-personal data and seeks to, among others, lay down norms for cross-border transfer of personal data, define the scope of the definition of personal data and non-personal data, establishment of a data protection authority and ensure the accountability of entities processing

personal data. For further details, see “*Key Regulations and Policies*” on page 201.

Several jurisdictions have implemented new data protection regulations and others are considering imposing additional restrictions or regulations. We expect data protection regulations to continue to increase both in number, complexity and in the level of stringency. The entry into force of the General Data Protection Regulation (EU) 2016/679 (“**GDPR**”), in the European Union prompted various countries to begin processes to reform their data protection regimes. In many cases, these regulations have strict measures regulating both the transfer of data externally, and also the storage and transfer of data internally among the employees in the course of their work. Moreover, these regulations may have conflicting and/or inconsistent requirements, and compliance with one data protection regime does not necessarily entail compliance with another data protection regime, and compliance with one data protection regime could potentially create conflicts in compliance with another data protection regime. Any failure to comply with applicable data protection regimes could subject us to significant penalties and negative publicity, which could have a material adverse effect on our business, financial condition, reputation before our Customers and providers, and results of operations.

The introduction of new information technology legislation may also require us to modify our existing systems, or invest in new technologies to ensure compliance with such applicable laws, which may require us to incur additional expenses and adversely affect our financial condition. Our failure to adhere to or successfully implement processes in response to changing regulatory requirements in this area could result in legal liability or impairment to our reputation in the marketplace, which could have a material adverse effect on our business, financial condition, results of operations and prospects.

48. We may be unable to sufficiently obtain, maintain, protect, or enforce our intellectual property and other proprietary rights.

Intellectual property and other proprietary rights are important to the success of our business. Our ability to compete effectively is dependent in part upon our ability to obtain, maintain, protect, and enforce our intellectual property and other proprietary rights and to obtain licenses to use the intellectual property and proprietary rights of others, as may be required. We rely on trademarks to protect our intellectual property and other proprietary rights. For details, see “*Our Business – Description of our Business and Operations – Intellectual Property*” and “*Government and Other Approvals – Intellectual Property*” on pages 197 and 397, respectively. Nonetheless, the steps we take to obtain, maintain, protect, and enforce our intellectual property and other proprietary rights may be inadequate. We cannot assure that any future trademark, or service mark registrations will be issued for our pending or future applications or that any of our current or future copyrights, trademarks, or service marks (whether registered or unregistered) will be valid, enforceable, sufficiently broad in scope, provide adequate protection of our intellectual property or other proprietary rights, or provide us with any competitive advantage.

We may be unable to prevent competitors or other third parties from acquiring or using trademarks, service marks, or other intellectual property or other proprietary rights that are similar to, infringe upon, misappropriate, dilute, or otherwise violate or diminish the value of our trademarks and service marks and our other intellectual property and proprietary rights. In addition, we cannot guarantee that we have entered into agreements containing obligations of confidentiality with each party that has or may have had access to proprietary information, know-how, or trade secrets owned or held by us. Moreover, our contractual arrangements may not effectively prevent disclosure of, or control access to, our confidential or otherwise proprietary information or provide an adequate remedy in the event of an unauthorized disclosure. The measures we have put in place may not prevent misappropriation, infringement, or other violation of our intellectual property or other proprietary rights or information and any resulting loss of competitive advantage, and we may be required to litigate to protect our intellectual property or other proprietary rights or information from misappropriation, infringement, or other violation by others, which may be expensive, could cause a diversion of resources, and may not be successful, even when our rights have been infringed, misappropriated, or otherwise violated.

Furthermore, the legal standards relating to the validity, enforceability, and scope of protection of intellectual property and other proprietary rights are still evolving. Our intellectual property and other proprietary rights may not be sufficient to provide us with a competitive advantage and the value of our intellectual property and other proprietary rights could also diminish if others assert rights therein or ownership thereof, and we may be unable to successfully resolve any such conflicts in our favor or to our satisfaction.

49. Our business depends on a well-regarded and widely known brand, as well as the brand and reputation of our Promoter, Federal Bank, and the Federal Bank group entities, and any failure to maintain, protect and enhance our brand would harm our business.

Reputational risk, or the risk to our business, earnings and capital from negative publicity, is inherent in our business. The reputation of the banking and financial services industry in general has been closely monitored as a result of the global financial crisis and other matters affecting the financial services industry. Negative public opinion about the banking and financial services industry generally or us specifically could adversely affect our ability to attract and retain customers and may expose us to litigation and regulatory action. While we have developed our brand and reputation over our history, any negative incidents or adverse publicity could rapidly erode customer trust and confidence in us, particularly if such incidents receive widespread adverse mainstream and social media publicity or attract regulatory investigations. Negative publicity can result from our own or our third-party service providers' actual or alleged conduct in any number of activities, including lending and collection practices, technological practices, corporate governance, regulatory compliance, mergers and acquisitions, and related disclosure, sharing or inadequate protection of customer information, and actions taken by government regulators and community organizations in response to that conduct. Although we take steps to minimize reputational risk in dealing with customers and other constituencies, we, as a financial services organization with a high industry profile, are inherently exposed to this risk.

Furthermore, we are associated with our Promoter, Federal Bank, and the "Federal Bank" brand in general. Our revenue, results of operation, business and prospects are, to a certain extent, dependent on the strength of the brand and reputation of our Promoter, Federal Bank, and the Federal Bank group entities. If the perception or reputation of the "Federal Bank" brand deteriorates due to reasons beyond our control, it could adversely affect our businesses, our reputation and the "Federal Bank" brand, which could materially and adversely affect our business and prospects.

In the future, we may be the target of incomplete, inaccurate, and misleading or false statements about our Company, our business, and our products and services that could damage our brand and materially deter people from adopting our services. Negative publicity about our Company or our management, including about our product quality and reliability, changes to our products and services, privacy and security practices, litigation, regulatory enforcement, and other actions, as well as the actions of our customers, even if inaccurate, could cause a loss of confidence in us. Our ability to respond to negative statements about us may be limited by legal prohibitions on permissible public communications by us during future periods.

In recent years, there has been a marked increase in the use of social media platforms in India, including blogs, social media websites and applications, and other forms of internet-based communications which allow individuals access to a broad audience of customers and other interested persons. Many social media platforms immediately publish the content that their subscribers and participants post, often without filters or checks on accuracy of the content posted. The dissemination of inaccurate information online could harm our business, reputation, prospects, financial condition and operating results, regardless of the information's accuracy. The damage may be immediate without affording us an opportunity for redress or correction. Other risks associated with the use of social media include negative comments about us, fraud, hoaxes or malicious exposure of false information. Such inappropriate, unverifiable or false information regarding us may be published online or on social media by third parties, or any other such damage to our brand or our reputation may result in withdrawal of business by our existing customers and loss of new business from potential customers, could increase our costs, lead to litigation or result in negative publicity that could damage our reputation and adversely affect our business, results of operations and financial condition.

Further, a failure of a cooperative bank, private sector bank, non-banking finance company or small finance bank or housing finance company could also affect the sentiment towards the NBFC industry in general and lead to a reduction in business for all NBFCs. Any damage to our brand or our reputation may result in withdrawal of business by our existing customers or loss of new business from potential customers, which would adversely affect our business, results of operations and financial condition.

50. Any failure by us to comply with applicable anti-money laundering, counter-terrorist financing and economic sanction laws and regulations could lead to penalties and may damage our reputation.

In accordance with the requirements applicable to our Company, we are mandated to comply with AML, combating-terrorism financing ("CTF") and KYC regulations in India. These laws and regulations require us, among other things, to adopt and enforce AML, CTF and KYC policies and procedures. For further details, see "Key Regulations and Policies" on page 201. In the ordinary course of our operations, we run the risk of failing to comply with the prescribed KYC procedures and the consequent risk of fraud and money laundering by customers and assessment of penalties or imposition of sanctions against us for such compliance failures despite having implemented systems and controls designed to prevent the occurrence of these risks. There may be instances in the past where we collected information that may be used by other parties in attempts to engage in

money-laundering, terrorism financing and other illegal or improper activities. In addition, a number of jurisdictions (including India) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA. Pursuant to these provisions, as part of our KYC processes, we are required to collect and report certain information regarding US persons having accounts with us.

There can be no assurance that we will be able to fully control instances of any potential or attempted violation by other parties and may accordingly be subject to regulatory actions, including imposition of fines and other penalties by the relevant government agencies to whom we report to, including the Financial Intelligence Unit - India. Our business and reputation could suffer if any such parties use or attempt to use us for money-laundering, terrorism financing or illegal or improper purposes and such attempts are not detected or reported to the appropriate authorities in compliance with applicable regulatory requirements.

The amendment to the Master Direction - Know Your Customer (KYC) Direction, 2016 issued by the RBI in May 2019 states that regulated entities (which includes NBFCs and HFCs) other than banks may obtain Aadhaar details of customers with their consent, for the purposes of identification only. Further, where such Aadhaar details have been provided, the NBFCs should ensure that the Aadhaar numbers of such customers are redacted or blacked-out, if they are being submitted with the consent of the concerned individual. Any failure to comply with the applicable laws relating to Aadhaar may expose our Company to penalties and regulatory scrutiny which may damage our reputation and lead to loss of customer confidence which could have a material adverse impact on our business, financial condition and results of operations. We may incur substantial compliance and monitoring costs if further rules and regulations are enacted, or if the existing regulations are enforced on a more stringent basis.

51. We have certain contingent liabilities, which, if materialized, may adversely affect our financial condition, cash flows and results of operations.

Our contingent liabilities as per Ind AS 37 as at September 30, 2021, were as follows:

Particulars	As at September 30, 2021 (in ₹ million)
Disputed Income Taxes	3.60
Other Sums Contingently Liable for Disputed Income Taxes	2.30
Total	5.90

Our contingent liabilities as per Ind AS 37 were 0.06% of our Net Worth as of September 30, 2021. Our contingent liabilities may become actual liabilities and if a significant portion of these liabilities materializes, it could have an adverse effect on our results of operations, cash flows and financial condition. Further, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the current Fiscal or in the future.

52. Our operations could be adversely affected by strikes or increased wage demands by our employees or any other kind of disputes with our employees.

As of September 30, 2021, we employed 2,658 personnel across our operations. Although we have not experienced any material employee unrest in the past, we cannot assure you that we will not experience disruptions in work due to disputes or other problems with our work force, which may adversely affect our ability to continue our business operations. Any employee unrest directed against us or our management, could directly or indirectly prevent or hinder our normal operating activities, and, if not resolved in a timely manner, could lead to disruptions in our operations. These actions are impossible for us to predict or control and any such event could adversely affect our business, results of operations and financial condition.

None of our workforce is currently unionized. However, there is a risk that our employees may choose to unionize in the future. Labor unions for banking employees organize strikes, and we may in the future be affected by strikes, work stoppages or other labor disputes if any portion of our workforce were to become part of a union in the future. In the event of a labor dispute, protracted negotiations and strike action may impair our ability to carry on our day-to-day operations and, if not resolved in a timely manner, could adversely affect our business, financial condition, results of operations, cash flows and prospects.

53. After the completion of the Offer, our Promoter may be able to exert significant influence over our Company which may limit your ability to influence the outcome of matters submitted for approval of

our Shareholders.

Following the completion of the Offer, our Promoter will continue to hold more than 51% of our post-Offer Equity Share capital. For details of the shareholding of our Promoter pre and post Offer, see “*Capital Structure*” on page 85. Such shareholdings could limit your ability to influence corporate matters requiring shareholder approval especially the resolutions which are required to be approved by way of special resolutions by the Shareholders under the provisions of the Companies Act. This concentration of ownership may delay, defer or even prevent a change in control of our Company and may make some transactions more difficult without the support of these shareholders. The interests of our significant Shareholders could conflict with our interests or the interests of our other shareholders. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

- 54. Certain sections of this Draft Red Herring Prospectus contain information from CRISIL which has been commissioned and paid for by us exclusively for the purpose of the Offer. The CRISIL Report is not exhaustive and is based on certain assumptions and parameters / conditions and any reliance on such information for making an investment decision in the Offer is subject to inherent risks.**

Pursuant to being engaged by us, CRISIL, prepared a report on our industry, “*Analysis of NBFC sector and select asset classes in India*” dated February 2022 (“**CRISIL Report**”). Certain sections of this Draft Red Herring Prospectus include information based on, or sourced from, the CRISIL Report or extracts of the CRISIL Report. We have exclusively commissioned and paid for the services of CRISIL for the CRISIL Report for the purpose of confirming our understanding of the industry in connection with the Offer. All such information in this Draft Red Herring Prospectus indicates the CRISIL Report as its source, as applicable. Accordingly, any information in this Draft Red Herring Prospectus sourced from, or based on, the CRISIL Report should be read taking into consideration the foregoing. We also engaged CRISIL and CRISIL Ratings Limited to provide our short-term credit ratings. We have no other direct or indirect association with CRISIL other than as a consequence of the above engagements.

The CRISIL Report is not exhaustive and is based on certain assumptions, parameters and conditions made and identified by CRISIL. It also uses certain methodologies for market sizing and forecasting. Neither we, nor any of the BRLMs have independently verified such data and therefore, while we believe them to be true, we cannot assure you that they are complete or reliable. Accordingly, investors should read the industry related disclosure in this Draft Red Herring Prospectus in this context. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. While industry sources take due care and caution while preparing their reports, they do not guarantee the accuracy, adequacy or completeness of the data. Further, the CRISIL Report is not a recommendation to invest / disinvest in any company covered in the CRISIL Report. Accordingly, prospective investors should not place undue reliance on, or base their investment decision solely on this information.

In view of the foregoing, you may not be able to seek legal recourse for any losses resulting from undertaking any investment in the Offer pursuant to reliance on the information in this Draft Red Herring Prospectus based on, or derived from, the CRISIL Report. You should consult your own advisors and undertake an independent assessment of information in this Draft Red Herring Prospectus based on, or derived from, the CRISIL Report before making any investment decision regarding the Offer. See “*Industry Overview*” on page 107. For the disclaimers associated with the CRISIL Report, see “*Certain Conventions, Presentation of Financial, Industry and Market Data and Currency of Presentation – Industry and Market Data*” on page 22.

- 55. We have presented certain supplemental information of our performance and liquidity which is not prepared under or required under Ind AS.**

This Draft Red Herring Prospectus includes our average cost of borrowing, net NPA on AUM, provision coverage ratio, net worth, return on equity, total borrowings to equity ratio, operating expenses to net income, return on total average assets, operating expenses to average total assets, credit cost to average total assets, average yield on gross loan book, net interest margin to average total assets, net asset value per equity share, operating expenses, total borrowings to net worth, return on net worth and EBITDA (collectively “**Non-GAAP Measures**”) and certain other industry measures related to our operations and financial performance, which are supplemental measures of our performance and liquidity and are not required by, or presented in accordance with, Ind AS, IFRS or US GAAP.

Further, these Non-GAAP Measures and industry measures are not a measurement of our financial performance

or liquidity under Ind AS, Indian GAAP, IFRS or US GAAP and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the years/ period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, IFRS or US GAAP. In addition, such Non-GAAP Measures and industry measures are not standardized terms, and may vary from any standard methodology that is applicable across the Indian retail credit industry, and therefore may not be comparable with financial or industry related statistical information of similar nomenclature computed and presented by other companies, and hence a direct comparison of these Non- GAAP Measures and industry measures between companies may not be possible. Other companies may calculate these Non-GAAP Measures and industry measures differently from us, limiting its usefulness as a comparative measure. Although such Non-GAAP Measures and industry measures are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that they are useful to an investor in evaluating us as they are widely used measures to evaluate a company's operating performance.

56. Our Statutory Auditors have included matters of emphasis in its audit report on financial statements as at and for the six months period ended September 30, 2021 and as at and for the years ended Fiscals 2021 and 2020.

Our Statutory Auditors have included matters of emphasis in its audit report on financial statements as at and for the six months period ended September 30, 2021 and as at and for Fiscals 2021 and 2020. These are in the nature of, among other things, the impact of the COVID-19 pandemic on our financial performance. For further information, see “*Management's Discussion and Analysis of Financial Condition and Results of Operations – Auditors' Qualifications and Emphasis of Matter*” on page 385. There can be no assurance that any similar remarks or matters of emphasis will not form part of our financial statements for the future fiscal periods, which could subject us to additional liabilities due to which our financial condition may be adversely affected.

External Risks

Risks related to India

57. *Changes in the taxation system in India could adversely affect our business.*

Our business, financial condition and results of operations could be adversely affected by any change in the extensive central and state tax regime in India applicable to us and our business. Tax and other levies imposed by the central and state governments in India that affect our tax liability, include central and state taxes and other levies, income tax, turnover tax, goods and service tax, stamp duty and other special taxes and surcharges, which are introduced on a temporary or permanent basis from time to time. This extensive central and state tax regime is subject to change from time to time. The final determination of our tax liability involves the interpretation of local tax laws and related regulations in each jurisdiction, as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditures incurred.

For instance, the Government of India has implemented two major reforms in Indian tax laws, namely the GST, and provisions relating to general anti-avoidance rules (“GAAR”). The indirect tax regime in India has undergone a complete overhaul. The indirect taxes on goods and services, such as central excise duty, service tax, central sales tax, state value added tax, surcharge and excise have been replaced by Goods and Service Tax with effect from July 1, 2017. The GST regime is relatively new and therefore is subject to amendments and its interpretation by the relevant regulatory authorities. GAAR became effective from April 1, 2017. The tax consequences of the GAAR provisions being applied to an arrangement may result in, among others, a denial of tax benefit to us and our business. In the absence of any precedents on the subject, the application of these provisions is subjective. If the GAAR provisions are made applicable to us, it may have an adverse tax impact on us. Further, if the tax costs associated with certain of our transactions are greater than anticipated because of a particular tax risk materializing on account of new tax regulations and policies, it could affect our profitability from such transactions.

Our companies operating in India may choose not to claim any of the specified deductions or exemptions and claim the lower corporate tax, in which case, the minimum alternate tax provisions would not be applicable. Alternatively, we may choose to pay the higher rate of corporate tax; i.e., 30% or 25%, as the case may be, plus applicable surcharge and cess, after claiming the applicable deductions and exemptions or the minimum alternate tax at the rate of 15% plus applicable surcharge and cess. As such, there is no certainty on the impact that these amendments may have on our business and operations or on the industry in which we operate.

Recently, a number of amendments have been introduced in the direct tax regime, including, without limitation, a simplified alternate direct tax regime. Further, dividend distribution tax (“DDT”) has been abolished. Accordingly, any dividend distributed by a domestic company is subject to tax in the hands of the concerned shareholder at the applicable rate. Additionally, the company distributing dividends is required to withhold tax on such payments at the applicable rate. Non-resident shareholders may claim benefit of the applicable tax treaty, subject to satisfaction of certain conditions. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

With several proposals to introduce further regulatory compliances, additional conditions to be met to receive benefits under existing regimes being introduced, upon any such proposals being notified, we may also become subject to *inter alia* additional compliances and increased associated costs. For instance, under the Finance Act, 2021, with effect from July 1, 2021, higher TDS rates may become applicable in the event of failure of certain compliances, including filing tax returns, or linking Aadhar with permanent account numbers, or other conditions being proposed which could pose operational and implementation challenges given the large number of orders in invoices.

58. *If inflation were to rise in India, we might not be able to increase the prices of our services at a proportional rate in order to pass costs on to our customers and our profits might decline.*

Inflation rates could be volatile, and we may face high inflation in the future as India had witnessed in the past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased finance costs as well as costs of transportation, salaries, and other expenses relevant to our business. Further, high inflation leading to higher interest rates may also lead to a slowdown in the economy and adversely impact credit demand and growth. Consequently, we may also be affected and fall short of business growth and profitability.

High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our operating expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or pass the increase in costs on to our customers. Further, given the typical correlation between inflation and interest rates, our cost of borrowings may increase. In such case, our business, results of operations, cash flows and financial condition may be adversely affected. For further details on the impact of interest rates, see “– We are affected by volatility in interest rates for both our lending and treasury operations, which could cause our net interest income and net interest margin to vary and consequently affect our profitability.” on page 34.

While the Government of India through the RBI has previously initiated economic measures to combat high inflation rates, it is unclear whether these measures will remain in effect, and there can be no assurance that Indian inflation levels will not rise in the future. As a result, high inflation in India could have a material adverse effect on our financial condition and results of operations.

59. *The growth rate of India’s retail lending industry may not be sustainable.*

We expect the retail lending industry in India to continue to grow as a result of anticipated growth in India’s economy, increases in demand for credit and demographic changes. According to CRISIL, India’s year-on-year real GDP growth rates were as follow:

Source: CRISIL Report

It is not clear how certain trends and events, such as the pace of India’s economic growth and the development of

domestic capital markets will affect India's retail financing industry. Consequently, there can be no assurance that the growth and development of India's retail lending industry will be sustainable.

60. The ability of foreign investors to invest in our Company may be constrained by Indian law, which may adversely affect the trading price of the Equity Shares.

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions), if they comply with the valuation and reporting requirements specified by the RBI, from time to time. If a transfer of shares is not in compliance with such requirements and fall under any of the exceptions specified by the RBI, then the RBI's prior approval is required. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. As provided in the foreign exchange controls currently in effect in India, the RBI has provided that the price at which the Equity Shares are transferred be calculated in accordance with internationally accepted pricing methodology for the valuation of shares at an arm's length basis, and a higher (or lower, as applicable) price per share may not be permitted. In terms of Press Note 3 of 2020, dated April 17, 2020, issued by the Department for Promotion of Industry and Internal Trade ("DPIIT"), as consolidated in the FDI Policy with effect from October 15, 2020, all investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Any such approval(s) would be subject to the discretion of the regulatory authorities. This may cause uncertainty and delays in our future investment plans and initiatives. We cannot assure you that any required approval from the relevant governmental agencies can be obtained on any particular terms or at all. For further details, see "*Restrictions on Foreign Ownership of Indian Securities*" on page 454.

61. A downgrade in ratings of India, may affect the trading price of the Equity Shares.

Our borrowing costs and our access to the debt capital markets depend significantly on the credit ratings of India. India's sovereign rating decreased from Baa2 with a "negative" outlook to Baa3 with a "negative" outlook by Moody's and from BBB- with a "stable" outlook to BBB- with a "negative" outlook (Fitch) in June 2020 (before Moody's changed the outlook to "stable" in October 2021); and from BBB "negative" to BBB (low) "stable" by DBRS in May 2021. India's sovereign ratings from S&P is BBB- with a "stable" outlook. Any further adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such financing is available, including raising any overseas additional financing. A downgrading of India's credit ratings may occur, for example, upon a change of government tax or fiscal policy, which are outside our control. This could have an adverse effect on our ability to fund our growth on favorable terms or at all, and consequently adversely affect our business, cash flows and financial performance and the price of the Equity Shares.

62. Political, macroeconomic, demographic and other changes could adversely affect economic conditions in India, and thus our business and results of operations.

Our Company is incorporated in India and derives the majority of its revenue from operations in India and the majority of its assets are located in India. Consequently, our performance and the market price of the Equity Shares may be affected by interest rates, government policies, taxation, and other social, political and economic developments affecting India. The Indian economy differs from the economies of most developed countries in many respects, including the degree of government involvement, level of development, growth rate, and control of foreign exchange and allocation of resources. While the Indian economy has experienced significant growth over the past decades, growth has been uneven, both geographically and among various sectors of the economy. The Indian government has implemented various measures to encourage economic growth and guide the allocation of resources. Some of these measures may benefit the overall Indian economy, but may have a negative effect on us.

Our business results depend on a number of general macroeconomic and demographic factors in India which are beyond our control. In particular, our revenue and profitability are strongly correlated to economic activity in India, which is influenced by general economic conditions, unemployment levels, the availability of discretionary income and consumer confidence. Recessionary economic cycles, a protracted economic slowdown, a worsening

economy, increased unemployment, rising interest rates or other industry-wide cost pressures could also affect the Indian economic outlook and lead to a decline in our sales and earnings.

Factors that may adversely affect the Indian economy, and hence our results of operations and cash flows, may include:

- the macroeconomic climate, including any increase in Indian interest rates or inflation;
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- any scarcity of credit or other financing in India, resulting in an adverse effect on economic conditions in India and scarcity of financing for our expansions;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighboring countries;
- occurrence of natural or man-made disasters;
- prevailing regional or global economic conditions, including in India's principal export markets;
- other significant regulatory or economic developments in or affecting India or its consumption sector;
- international business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws;
- protectionist and other adverse public policies, including local content requirements, import/export tariffs, increased regulations or capital investment requirements;
- inflation rates; and
- being subject to the jurisdiction of foreign courts, including uncertainty of judicial processes and difficulty enforcing contractual agreements or judgments in foreign legal systems or incurring additional costs to do so.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations, cash flows and financial condition and the price of the Equity Shares. Our performance and the growth of our business depend on the overall performance of the Indian economy as well as the economies of the regional markets in which we operate.

63. Investors may have difficulty enforcing foreign judgments against our Company or our management.

Our Company is incorporated under the laws of India as a company limited by shares. As on the date of this Draft Red Herring Prospectus, the majority of our Directors and Key Managerial Personnel are residents of India. A substantial portion of our Company's assets and the assets of our Directors and executive officers resident in India are located in India. As a result, it may be difficult for investors to effect service of process upon us or such persons in jurisdictions outside India or to enforce judgments obtained against our Company or such parties in courts outside India.

India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. Recognition and enforcement of foreign judgments is provided for under Section 13 of the Code of Civil Procedure, 1908 ("CPC"), on a statutory basis. Section 13 of the CPC provides that foreign judgments shall be conclusive regarding any matter directly adjudicated upon, except: (i) where the judgment has not been pronounced by a court of competent jurisdiction; (ii) where the judgment has not been given on the merits of the case; (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or a refusal to recognize the law of India in cases to which such law is applicable; (iv) where the proceedings in which the judgment was obtained were opposed to natural justice; (v) where the judgment has been obtained by fraud; and (vi) where the judgment sustains a claim founded on a breach of any law then in force in India. Under the CPC, a court in India shall, upon the production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record. However, under the CPC, such presumption may be displaced by proving that the court did not have jurisdiction.

Section 44A of the CPC provides that where a foreign judgment has been rendered by a superior court, within the meaning of that Section, in any country or territory outside of India which the Government of India has by notification declared to be in a reciprocating territory, it may be enforced in India by proceedings in execution as if the judgment had been rendered by the relevant court in India. However, Section 44A of the CPC is applicable only to monetary decrees not being of the same nature as amounts payable in respect of taxes, other charges of a like nature or of a fine or other penalties but does not include an arbitration award, even if such an award is enforceable as a decree or judgment. Some jurisdictions including the United Kingdom, United Arab Emirates, Singapore and Hong Kong have been declared by the Government of India to be reciprocating countries for the purposes of Section 44A of the CPC.

Judgments or decrees from jurisdictions which do not have reciprocal recognition with India cannot be enforced by proceedings in execution in India. Therefore a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us, our officers or directors, it may be required to institute a new proceeding in India and obtain a decree from an Indian court. In particular, the United States and India do not currently have a treaty providing for reciprocal recognition and enforcement of judgments, other than arbitration awards, in civil and commercial matters. Therefore, a final judgment for the payment of money rendered by any federal or state court in the United States on civil liability, whether or not predicated solely upon the federal securities laws of the United States, would not be enforceable in India under the CPC as a decree of an Indian court. However, the party in whose favor such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in the United States. The suit must be brought in India within three years from the date of the judgment in the same manner as any other suit filed to enforce a civil liability in India.

Further, there may be considerable delays in the disposal of suits by Indian courts. It is unlikely that a court in India would award damages on the same basis as a foreign court if an action were brought in India. Furthermore, it is unlikely that an Indian court would enforce a foreign judgment if that court were of the view that the amount of damages awarded was excessive or inconsistent with public policy or Indian law. It is uncertain as to whether an Indian court would enforce foreign judgments that would contravene or violate Indian law. However, a party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI under the FEMA to execute such a judgment or to repatriate any amount recovered.

64. Financial instability in other countries may cause increased volatility in Indian financial markets.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Financial turmoil in Asia, Russia and elsewhere in the world in recent years has adversely affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us.

Although economic conditions vary across countries, investors' reaction to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss of investor confidence in one emerging economy may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows.

Furthermore, economic developments globally can have a significant impact on India. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. Following the United Kingdom's exit from the European Union ("**Brexit**"), there remains significant uncertainty around the terms of their future relationship with the European Union and, more generally, as to the impact of Brexit on the general economic conditions in the United Kingdom and the European Union and any consequential impact on global financial markets. For example, Brexit could give rise to increased volatility in foreign exchange rate movements and the value of equity and debt investments.

In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. The sovereign rating downgrades for Brazil and Russia (and the imposition of sanctions on Russia) have also added to the growth risks for these markets. These factors may also result in a slowdown in India's export growth. In response to such developments, legislators and financial

regulators in the United States and other jurisdictions, including India, implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term effect of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. Any significant financial disruption could have a material adverse effect on our business, financial condition, cash flows and results of operation.

These developments, or the perception that any of them could occur, have had and may continue to have a material adverse effect on global economic conditions and the stability of global financial markets, and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition, cash flows and results of operations and reduce the price of the Equity Shares.

65. Significant differences exist between Ind AS and other accounting principles, such as IFRS and U.S. GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.

Our Restated Financial Statements for the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019 included in this Draft Red Herring Prospectus are derived from the audited financial statements prepared under the Ind AS and Indian GAAP, as applicable, in each case restated in accordance with the requirements of Section 26 of part I of the Companies Act, 2013, the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectus (Revised 2019) issued by the ICAI. Ind AS differs from accounting principles with which prospective investors may be familiar, such as IFRS and U.S. GAAP. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Draft Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the Restated Financial Statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Ind AS. Persons not familiar with Ind AS should limit their reliance on the financial disclosures presented in this Draft Red Herring Prospectus.

66. Our business and activities may be regulated by the Competition Act, 2002 and proceedings may be enforced against us.

The Competition Act seeks to prevent business practices that have an appreciable adverse effect on competition in the relevant market in India. Under the Competition Act, any arrangement, understanding or action in concert between enterprises, whether formal or informal, which causes or is likely to cause an appreciable adverse effect on competition in India is void and attracts substantial monetary penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment or provision of services, shares the market or source of production or provision of services in any manner by way of allocation of geographical area, type of goods or services or number of consumers in the relevant market or in any other similar way or directly or indirectly results in bid-rigging or collusive bidding is presumed to have an appreciable adverse effect on competition.

The Competition Act also prohibits abuse of a dominant position by any enterprise. If it is proved that the contravention committed by a company took place with the consent or connivance or is attributable to any neglect on the part of, any director, manager, secretary or other officer of such company, that person shall be also guilty of the contravention and may be punished. On March 4, 2011, the Government of India notified and brought into force the combination regulation (merger control) provisions under the Competition Act with effect from June 1, 2011. These provisions require acquisitions of shares, voting rights, assets or control or mergers or amalgamations that cross the prescribed asset and turnover based thresholds to be mandatorily notified to, and pre-approved by, the Competition Commission of India, or CCI. Additionally, on May 11, 2011, the CCI issued the Competition Commission of India (Procedure in regard to the transaction of business relating to combinations) Regulations, 2011, as amended, which sets out the mechanism for implementation of the merger control regime in India.

The Competition Act aims to, among other things, prohibit all agreements and transactions, including agreements between vertical trading partners *i.e.* entities at different stages or levels of the production chain in different markets, which may have an appreciable adverse effect on competition in India. Consequently, all agreements entered into by us could be within the purview of the Competition Act. We may also be subject to queries from the CCI pursuant to complaints by consumers or any third persons, which could be made without any or adequate basis given our market presence. Further, the CCI has extra-territorial powers and can investigate any agreements,

abusive conduct or combination occurring outside of India if such agreement, conduct or combination has an appreciable adverse effect on competition in India. However, the effect of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage.

67. Natural disasters, fires, epidemics, pandemics, acts of war, civil unrest and other events could materially and adversely affect our business.

Natural disasters (such as typhoons, flooding and earthquakes), epidemics, pandemics such as COVID-19, acts of war, terrorist attacks and other events, many of which are beyond our control, may lead to economic instability, including in India or globally, which may in turn materially and adversely affect our business, financial condition, cash flows and results of operations.

Our operations may be adversely affected by fires, natural disasters and/or severe weather, which can result in damage to our physical operations and technological infrastructure, thus generally reducing our productivity and requiring us to evacuate personnel and suspend operations. Any terrorist attacks or civil unrest as well as other adverse social, economic and political events in India could have a negative effect on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the price of the Equity Shares.

A number of countries in Asia, including India, as well as countries in other parts of the world, are susceptible to contagious diseases and, for example, have had confirmed cases of diseases such as the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine and more recently, the COVID-19 virus. Certain countries in Southeast Asia have reported cases of bird-to-human transmission of avian and swine influenza, resulting in numerous human deaths. A worsening of the current outbreak of COVID-19 virus or future outbreaks of COVID-19 virus, avian or swine influenza or a similar contagious disease could adversely affect the Indian economy and economic activity in the region and in turn have a material adverse effect on our business and the trading price of the Equity Shares.

68. Rights of shareholders of companies under Indian law may be more limited than under the laws of other jurisdictions.

Our Articles of Association, Indian laws governing our corporate affairs, Indian legal principles related to corporate procedures and the composition of our Board, directors' fiduciary duties, responsibilities and liabilities, and shareholders' rights may differ from those that would apply to an entity in another jurisdiction. Shareholders' rights under Indian law may not be as extensive and widespread as shareholders' rights under the laws of other countries or jurisdictions. Investors may face more challenges in asserting their rights as a shareholder in an Indian company than as a shareholder of an entity in another jurisdiction. Further, in accordance with our Articles of Association, our Investor Selling Shareholder and the Promoter Selling Shareholder will have the right to appoint their respective nominee directors on our Board, post listing, subject to the requisite approval. For further, details, please refer to the section titled "*Our History and Certain Other Corporate Matters*" on page 217.

69. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of our Company. Under the SEBI Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the SEBI Takeover Regulations. Further, there are requirements under the SEBI Insider Trading Regulations and the SEBI Takeover Regulations if the shareholding of any entity exceeds the specified threshold.

70. Our ability to raise foreign capital may be constrained by Indian law.

As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies. Such

regulatory restrictions limit our financing sources and could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that any required regulatory approvals for borrowing in foreign currencies will be granted to us without onerous conditions, or at all. Limitations on foreign debt may have an adverse effect on our business growth, financial condition and results of operations.

Risks Related to the Offer

71. We cannot assure payment of dividends on the Equity Shares in the future.

Our Company does not have a formal dividend policy as on the date of this Draft Red Herring Prospectus. Our Company has not declared dividends on the Equity Shares during the current Fiscal Year and the last three Fiscal Years. Our ability to pay dividends in the future will depend upon our future results of operations, financial condition, cash flows, sufficient profitability, working capital requirements and capital expenditure requirements and other factors considered relevant by our Directors and Shareholders. Our ability to pay dividends may also be restricted under certain financing arrangements that we may enter into. We cannot assure you that we will be able to pay dividends on the Equity Shares at any point in the future. For details pertaining to our dividend policy, see “Dividend Policy” on page 246.

72. *Our Equity Shares have never been publicly traded, and after the Offer, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the Offer Price may not be indicative of the market price of the Equity Shares after the Offer.*

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The determination of the Price Band is based on various factors and assumptions, and will be determined by our Company and the Selling Shareholders in consultation with the Managers. Furthermore, the Offer Price of the Equity Shares will be determined by our Company and the Selling Shareholders in consultation with the Book Running Lead Managers through the Book Building Process. These will be based on numerous factors, including factors as described under “Basis for Offer Price” beginning on page 100 and may not be indicative of the market price for the Equity Shares after the Offer.

In addition to the above, the current market price of securities listed pursuant to certain previous initial public offerings managed by the Book Running Lead Managers is below their respective issue price. For further details, see “Other Regulatory and Statutory Disclosures – Price information of past issues handled by the BRLMs” commencing on page 415. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, the failure of security analysts to cover the Equity Shares after this Offer, or changes in the estimates of our performance by analysts, the activities of competitors and suppliers, the activities of competitors and suppliers, future sales of the Equity Shares by our Company or our shareholders, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors. We cannot assure you that an active market will develop or sustained trading will take place in the Equity Shares or provide any assurance regarding the price at which the Equity Shares will be traded after listing.

In addition, the stock market often experiences price and volume fluctuations that are unrelated or disproportionate to the operating performance of a particular company. These broad market fluctuations and industry factors may materially reduce the market price of the Equity Shares, regardless of our Company’s performance. There can be no assurance that the investor will be able to resell their Equity Shares at or above the Offer Price.

73. Our Company has issued Equity Shares during the preceding one year at a price that may be below the Offer Price.

In the preceding one year from the date of this Draft Red Herring Prospectus, our Company has issued Equity Shares at a price that may be lower than the Offer Price. The price at which Equity Shares have been issued by our Company in the preceding one year is not indicative of the price at which they will be issued or traded after listing. For details on such allotments, see “Capital Structure” on page 85.

74. Investors may be subject to Indian taxes arising out of income arising on the sale of and dividend on

the Equity Shares.

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares held as investments in an Indian company are generally taxable in India. Any capital gain realized on the sale of listed equity shares on a Stock Exchange held for more than 12 months immediately preceding the date of transfer will be subject to long term capital gains in India at the specified rates depending on certain factors, such as whether the sale is undertaken on or off the Stock Exchanges, the quantum of gains and any available treaty relief. Accordingly, you may be subject to payment of capital gains tax in India, in addition to payment of Securities Transaction Tax (“STT”), on the sale of any Equity Shares. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold.

Further, any capital gains realized on the sale of listed equity shares held for a period of 12 months or less immediately preceding the date of transfer will be subject to short-term capital gains tax in India. Depending on the manner in which shares are sold (on or off the Stock Exchanges) and the legal status of the transferor, such gains may be taxed at rates ranging from 15%-40%, plus applicable surcharge and cess.

Capital gains arising from the sale of the Equity Shares will not be chargeable to tax in India in cases where relief from such taxation in India is provided under a treaty between India and the country of which the seller is resident and the seller is entitled to avail benefits thereunder, subject to certain conditions. Historically, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares.

Similarly, any business income realized from the transfer of Equity Shares held as trading assets is taxable at the applicable tax rates subject to any treaty relief, if applicable, to a non-resident seller. As per the Income-Tax Act, the tax payable by a taxpayer on the capital gains arising from transfer of long term capital asset shall be calculated on such long-term capital gains at the rate of 10%, where the long-term capital gains exceed ₹ 100,000, subject to payment of STT.

Further, various amendments have also clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures, on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. These amendments have come into effect from July 1, 2020.

Additionally, the Income-Tax Act has been amended to abolish DDT. Accordingly, any dividend distributed by a domestic company is subject to tax in the hands of the investor at the applicable rate. Additionally, the company is required to withhold tax on such dividends distributed at the applicable rate. Non-resident shareholders may claim benefit of the applicable tax treaty, subject to satisfaction of certain conditions.

75. QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid, and Retail Individual Investors are not permitted to withdraw their Bids after Bid/Offer Closing Date.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid/Offer Period and withdraw their Bids until Bid/Offer Closing Date. While our Company is required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed including Allotment pursuant to the Offer within such period as may be prescribed under applicable law, events affecting the Bidders’ decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operation or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders’ ability to sell the Equity Shares Allotted pursuant to the Offer or cause the trading price of the Equity Shares to decline on listing.

76. Holders of Equity Shares could be restricted in their ability to exercise pre-emptive rights under Indian law and could thereby suffer future dilution of their ownership position.

Under the Companies Act, a company having share capital and incorporated in India must offer holders of its

Equity Shares pre-emptive rights to subscribe and pay for a proportionate number of Equity Shares to maintain their existing ownership percentages prior to the issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the Equity Shares who have voted on such resolution. However, if the laws of the jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, you will be unable to exercise such pre-emptive rights unless we make such a filing. The Company may elect not to file a registration statement in relation to pre-emptive rights otherwise available by Indian law to you. To the extent that you are unable to exercise pre-emptive rights granted in respect of the Equity Shares, you may suffer future dilution of your ownership position and your proportional interests in our Company would be reduced.

77. Future issuances or sales of Equity Shares, or convertible securities or other equity-linked securities could adversely affect the trading price of the Equity Shares.

Our future issuances of Equity Shares, convertible securities or securities linked to the Equity Shares by us (including under employee stock option plans) or the disposal of Equity Shares by our Promoter or any of our other principal shareholders or the perception that such issuance or sales may occur, including to comply with the minimum public shareholding norms applicable to listed companies in India, may significantly affect the trading price of the Equity Shares and our ability to raise capital through an issue of our securities. There can be no assurance that we will not issue further Equity Shares or that the shareholders will not dispose of, pledge or otherwise encumber the Equity Shares. Any future issuances could also dilute the value of your investment in our Company.

78. Fluctuation in the exchange rate of the Rupee and other currencies could have an adverse effect on the value of our Equity Shares, independent of our operating results.

Subject to requisite approvals, on listing, our Equity Shares will be quoted in Rupees on the Stock Exchanges. Any dividends, if declared, in respect of our Equity Shares will be paid in Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in exchange rates during the time that it takes to undertake such conversion may reduce the net dividend to such investors. In addition, any adverse movement in exchange rates during a delay in repatriating the proceeds from a sale of Equity Shares outside India, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the net proceeds received by shareholders.

The exchange rate of the Rupee has changed substantially in the last two decades and could fluctuate substantially in the future, which may have a material adverse effect on the value of the Equity Shares and returns from the Equity Shares, independent of our operating results.

79. We expect to be classified as a passive foreign investment company, and our U.S. shareholders may suffer adverse tax consequences as a result.

We will be a passive foreign investment company (“PFIC”) for U.S. federal income tax purposes for any taxable year in which (i) 75% or more of its gross income consists of “passive income” or (ii) 50% or more of the average quarterly value of its assets consists of assets that produce, or are held for the production of, passive income. For this purpose “passive income” generally includes dividends, interest, royalties, rents and gains from commodities and securities transactions with exceptions for, among other things, dividends, interest, rents and royalties received from certain related companies to the extent attributable (in accordance with U.S. Treasury regulations) to non-passive income derived by such related companies, as well as for gains from sale or exchange of inventory or similar property. In addition, for the PFIC asset test, cash and cash equivalents are considered passive assets. Based on estimates of our gross income, gross assets, and the nature of our business, we expect that we were a PFIC in prior taxable years and expect to be classified as a PFIC in the current taxable year and in the foreseeable future. If we are classified as a PFIC for any taxable year, U.S. investors may be subject to adverse U.S. federal income tax consequences, including increased tax liability on gains from dispositions of Equity Shares and certain excess distributions, and a requirement to file annual reports with the U.S. Internal Revenue Service. Prospective U.S. investors should consult their tax advisors regarding the Company’s PFIC status and the consequences to

them if we are classified as a PFIC for any taxable year.

Alternatively, a U.S. taxpayer that makes a timely and effective “QEF election” generally will be subject to U.S. federal income tax on such U.S. taxpayer’s pro rata share of our “net capital gain” and “ordinary earnings” (calculated under U.S. federal income tax rules), regardless of whether such amounts are actually distributed by us. For a U.S. taxpayer to make a QEF election, we must supply annually to the U.S. taxpayer the “PFIC Annual Information Statement” and permit the U.S. taxpayer access to certain information in the event of an audit by the U.S. tax authorities. We do not intend to provide information necessary for U.S. Holders to make QEF elections. As a possible second alternative, if available, a U.S. taxpayer may make a “mark-to-market election” with respect to a taxable year in which we are a PFIC and the Equity Shares are “marketable stock” (as specifically defined). A U.S. taxpayer that makes a mark-to-market election generally will include in gross income, for each taxable year in which the Company is a PFIC, an amount equal to the excess, if any, of (a) the fair market value of the Equity Shares as of the close of such taxable year over (b) such U.S. taxpayer’s adjusted tax basis in such Equity Shares. For additional information, see “*Certain U.S. Federal Income Tax Considerations—Passive Foreign Investment Company Rules.*” on page 411.

80. Our Company is not, and does not intend to become, regulated as an investment company under the Investment Company Act and related rules. The Volcker Rule may affect the ability of certain types of entities to purchase the Equity Shares.

Our Company will not be subject to the provisions of the U.S. Investment Company Act, in reliance on Section 3(c)(7) thereof, which excludes from the definition of “investment company” any issuer whose outstanding securities are owned exclusively by “qualified purchasers” (as defined in such Section 3(c)(7)), and who meet the other conditions contained therein. For purposes of the Volcker Rule, a “covered fund” includes any issuer that would be an investment company but for the exclusions contained in Section 3(c)(1) or Section 3(c)(7) under the U.S. Investment Company Act.

The Volcker Rule may negatively affect the ability of certain types of entities to purchase the Equity Shares. The Volcker Rule generally prohibits “banking entities” (including certain of the Underwriters and their affiliates) from engaging in proprietary trading, or from acquiring or retaining an “ownership interest” in, sponsoring or having certain relationships with “covered funds”, subject to certain exclusions and exemptions under the Volcker Rule. A “banking entity” generally includes any U.S. insured depository institution, any company that controls an U.S. insured depository institution (as defined in Section 3 of the U.S. Federal Deposit Insurance Act (12 U.S.C. § 1813)), subject to certain exclusions), any company that is treated as a bank holding company for purposes of Section 8 of the U.S. International Banking Act of 1978, or any affiliate or subsidiary of any of the foregoing entities. The Volcker Rule’s prohibition on “covered fund” investments and proprietary trading activities is subject to certain limited exemptions, including for, among other things, certain underwriting and market making activities and the activities of qualified non-U.S. banking entities which are conducted solely outside the United States.

These and other exemptions under the Volcker Rule are subject to specific conditions and requirements. With respect to the market making and underwriting exemptions, recent amendments to the Volcker Rule’s implementing regulations eliminated the requirement that a “banking entity” include “ownership interests” in third-party “covered funds” or “covered funds” guaranteed by a “banking entity” that are acquired or retained under the market making or underwriting exemptions towards its per-fund and aggregate “covered fund” investment limits and for the required Tier 1 capital deduction.

Any prospective investor in the Equity Shares should consult its own legal counsel regarding the potential impact of the Volcker Rule and its ability to purchase or retain the Equity Shares. None of the Company nor any Underwriter nor any of their respective affiliates makes any representation to any prospective investor or purchaser of the Equity Shares regarding the or to such investor’s investment in the Equity Shares on the date of issuance or at any time in the future.

81. Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Offer.

Subject to requisite approvals, the Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable

Indian laws, certain actions must be completed before the Equity Shares can be listed and trading in the Equity Shares may commence. Investors' book entry, or 'demat' accounts with depository participants in India, are expected to be credited within one working day of the date on which the Basis of Allotment is approved by the Stock Exchanges. The Allotment of Equity Shares in this Offer and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately five Working Days from the Bid Closing Date and trading in the Equity Shares upon receipt of final listing and trading approvals from the Stock Exchanges is expected to commence within six Working Days of the Bid Closing Date. There could be a failure or delay in listing of the Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise commence trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this risk factor. We could also be required to pay interest at the applicable rates if allotment is not made, refund orders are not dispatched or demat credits are not made to investors within the prescribed time periods.

SECTION III: INTRODUCTION

THE OFFER

The following table sets forth details of the Offer:

Offer of Equity Shares^{#(1)(2)}	Up to [●] Equity Shares, aggregating up to ₹[●] million
<i>The Offer consists of:</i>	
Fresh Issue ⁽¹⁾	[●] Equity Shares aggregating to ₹9,000 million
Offer for Sale ⁽²⁾	Up to 45,714,286 Equity Shares aggregating up to ₹[●] million
<i>The Offer includes:</i>	
Employee Reservation Portion ⁽³⁾	Up to [●] Equity Shares
Federal Bank Shareholders Reservation Portion ⁽³⁾	Up to [●] Equity Shares
Net Offer	Up to [●] Equity Shares
<i>Of which:</i>	
A. QIB Portion⁽³⁾	Not more than [●] Equity Shares aggregating up to ₹[●] million
<i>of which:</i>	
(i) Anchor Investor Portion ⁽⁴⁾	Up to [●] Equity Shares
(ii) Net QIB Portion (assuming the Anchor Investor Portion is fully subscribed)	[●] Equity Shares
<i>of which:</i>	
(iii) Mutual Fund Portion (5% of the Net QIB Portion)	[●] Equity Shares
(iv) Balance for all QIBs including Mutual Funds	[●] Equity Shares
B. Non-Institutional Portion	Not less than [●] Equity Shares aggregating up to ₹[●] million
C. Retail Portion	Not less than [●] Equity Shares aggregating up to ₹[●] million
Pre and post-Offer Equity Shares	
Equity Shares outstanding prior to the Offer (as on the date of this Draft Red Herring Prospectus)	321,487,605 Equity Shares
Equity Shares outstanding after the Offer	[●] Equity Shares
Use of Net Proceeds of the Offer	See “Objects of the Offer” on page 96 for information about the use of the Net Proceeds. Our Company will not receive any proceeds from the Offer for sale.

[#] A Pre-IPO Placement may be undertaken by our Company and the Selling Shareholders in consultation with the BRLMs for up to 20% of the Fresh Issue or such other amount as may be allowed under applicable law for cash consideration aggregating up to ₹ 1,800 million, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company and the Selling Shareholders in consultation with the BRLMs, and will be completed prior to filing of the Red Herring Prospectus with the RoC. If the Pre-IPO Placement is undertaken, the minimum Offer size (comprising the Fresh Issue so reduced by the amount raised from the Pre-IPO Placement, and the Offer for Sale) shall constitute at least 10% of the post-Offer paid-up Equity Share capital of our Company.

⁽¹⁾ The Offer has been authorised by a resolution of our Board dated January 11, 2022. The Fresh Issue has been authorised by a resolution of our Board dated January 11, 2022 and a special resolution of our Shareholders dated February 14, 2022. Further, our Board has taken on record the approval for the Offer for Sale by the Selling Shareholders pursuant to its resolution dated February 18, 2022.

⁽²⁾ Each of the Selling Shareholders has confirmed and approved its participation in the Offer for Sale as set out below:

S. No.	Selling Shareholder	Number of Equity Shares offered in the Offer for Sale	Aggregate proceeds from the sale of Equity Shares forming part of the Offer for Sale	Date of consent letter	Date of corporate action / board resolution
Promoter Selling Shareholder					
1.	The Federal Bank Limited	Up to 16,497,973 Equity Shares	Up to ₹ [●] million	February 18, 2022	February 5, 2022
Investor Selling Shareholder					
2.	True North Fund VI LLP	Up to 29,216,313 Equity Shares	Up to ₹ [●] million	February 18, 2022	February 11, 2022

Each of the Selling Shareholders has severally and not jointly confirmed that its respective Offered Shares have been held by such shareholder for a period of at least one year prior to the date of filing of this Draft Red Herring Prospectus with SEBI or have resulted from a bonus issue on Equity Shares held for a period of at least one year prior to the date of filing of this Draft Red Herring Prospectus, and are eligible for being offered for sale in the Offer, in terms of Regulation 8 of the SEBI ICDR Regulations.

⁽³⁾ In the event aggregate demand in the QIB Category has been met, under-subscription, if any, in any category, including the Employee Reservation Portion and the Federal Bank Shareholders Reservation Portion except the QIB Category, would be allowed to be met with spill-over from any other category or combination of categories, at the discretion of our Company and the Selling Shareholders in consultation with the BRLMs and the Designated Stock Exchange, subject to applicable law. In the event of under-subscription in the Employee Reservation Portion (if any), the unsubscribed portion will be available for allocation and Allotment, proportionately to all

Eligible Employees who have Bid in excess of ₹200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹ 500,000. In the event of under subscription in the Offer, the Equity Shares will be Allotted in the following order (A) such number of Equity Shares will first be Allotted by our Company such that 90% of the Fresh Issue portion is subscribed; (B) The balance Equity Shares subscribed to in the Offer will be met in the following order of priority: (i) in the first instance, towards 27,602,787 Equity Shares offered by Investor Selling Shareholder (representing one-third of the total number of Equity Shares held by the Investor Selling Shareholder in the Company as on the date of the Draft Red Herring Prospectus), (ii) in the event that the Offer for Sale is greater than 27,602,787 Equity Shares, then, after the offer of such Equity Shares, the Promoter Selling Shareholder and the Investor Selling Shareholder shall have the right to offer their remaining Offered Shares in proportion to their respective shareholding in our Company, followed by (iv) the balance 10% of the Fresh Issue portion will be Allotted. For details, see “Terms of the Offer” on page 425.

- ⁽⁴⁾ *Our Company and the Selling Shareholders, in consultation with the BRLMs, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription in the Anchor Investor Portion, the remaining Equity Shares shall be added to the Net QIB Portion. For details, see “Offer Procedure” on page 435.*

Allocation to all categories, except the Anchor Investor Portion, Non-Institutional Portion and the Retail Portion, shall be made on a proportionate basis subject to valid Bids received at or above the Offer Price, as applicable. The allocation to each Retail Individual Bidder shall not be less than the minimum Bid Lot, subject to a availability of Equity Shares in the Retail Portion and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis. Allocation to Anchor Investors shall be on a discretionary basis in accordance with the SEBI ICDR Regulations. For further details, see “Offer Structure” and “Offer Procedure” on page 431 and 435, respectively. For details of the terms of the Offer, see “Terms of the Offer” on page 425.

SUMMARY OF FINANCIAL INFORMATION

The summary financial information presented below should be read in conjunction with “*Restated Financial Information*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 266 and 353, respectively.

The list of the Registered Brokers eligible to accept ASBA forms, including details such as postal address, telephone number and e-mail address, is provided on the websites of BSE and NSE at www.bseindia.com/Markets/PublicIssues/brokercentres_new.aspx and www.nseindia.com/products/content/equities/ipos/ipo_mem_terminal.htm, respectively, as updated from time to time.

Registrar and Share Transfer Agents

The list of the RTAs eligible to accept ASBA Forms at the Designated RTA Locations, including details such as address, telephone number and e-mail address, is provided on the websites of Stock Exchanges at www.bseindia.com/Static/Markets/PublicIssues/RtaDp.aspx and www.nseindia.com/products/content/equities/ipos/asba_procedures.htm, respectively, as updated from time to time.

Collecting Depository Participants

The list of the CDPs eligible to accept ASBA Forms at the Designated CDP Locations, including details such as name and contact details, is provided on the websites of BSE at www.bseindia.com/Static/Markets/PublicIssues/RtaDp.aspx and on the website of NSE at www.nseindia.com/products/content/equities/ipos/asba_procedures.htm, as updated from time to time.

Expert

Except as stated below, our Company has not obtained any expert opinions:

Our Company has received written consent dated February 18, 2022 from B S R & Co. LLP, Chartered Accountants, to include their name as required under Section 26(1) of the Companies Act, 2013 read with SEBI ICDR Regulations, in this Draft Red Herring Prospectus and as an "expert" as defined under Section 2(38) of the Companies Act, 2013 to the extent and in their capacity as our Statutory Auditors, and in respect of their (i) examination report, dated February 7, 2022 on our Restated Financial Information; and (ii) their report dated February 18, 2022 on the statement of possible special tax benefits in this Draft Red Herring Prospectus and such consent has not been withdrawn as on the date of this Draft Red Herring Prospectus. However, the term "expert" shall not be construed to mean an "expert" as defined under the U.S. Securities Act.

Our Company has received written consent dated February 18, 2022 from M/s R U Kamath & Co, Chartered Accountants, independent chartered accountants, to include their name as an "expert" as defined under section 2(38) of the Companies Act and such consent has not been withdrawn as on the date of this Draft Red Herring Prospectus.

Monitoring Agency

Our Company will appoint a monitoring agency prior to the filing of the Red Herring Prospectus in accordance with Regulation 41 of the SEBI ICDR Regulations.

Appraising Entity

None of the objects for which the Net Proceeds will be utilised have been appraised by any agency.

Credit Rating

As this is an offering of Equity Shares, there is no credit rating required for the Offer.

IPO Grading

No credit agency registered with SEBI has been appointed in respect of obtaining grading for the Offer.

Trustees

As this is an offering of Equity Shares, the appointment of trustees is not required.

Green Shoe Option

No green shoe option is contemplated under the Offer.

*Equirus has signed the due diligence certificate and has been disclosed as a BRLM for the Offer. Equirus and our Company are associates in terms of the SEBI Merchant Bankers Regulations. Accordingly, in compliance with the proviso to Regulation 21A(1) of the SEBI Merchant Bankers Regulations read with Regulation 23(3) of the SEBI ICDR Regulations, Equirus would be involved only in the marketing of the Offer.

Book Building Process

Book Building Process, in the context of the Offer, refers to the process of collection of Bids from investors on the basis of the Red Herring Prospectus, the Bid cum Application Forms and the Revision Forms within the Price Band. The Price Band and minimum Bid Lot size will be decided by our Company and the Selling Shareholders, in consultation with the BRLMs, and advertised in [●] editions of [●], an English national daily newspaper and [●] editions of [●], a Hindi national daily newspaper and [●] editions of [●], a Marathi daily newspaper (Marathi being the regional language of Maharashtra, where our Registered and Corporate Office is located), each with wide circulation, at least two Working Days prior to the Bid/ Offer Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading on their respective websites. The Offer Price shall be determined by our Company and the Selling Shareholders, in consultation with the BRLMs after the Bid/ Offer Closing Date.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Offer by providing details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by SCSBs. In addition to this, the RIBs may participate through the ASBA process by either (a) providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs; or (b) through the UPI Mechanism. Anchor Investors are not permitted to participate in the Offer through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of quantity of Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders, Eligible Employees Bidding in the Employee Reservation Portion (subject to the Bid Amount being up to ₹ 500,000) and Federal Bank Shareholders Bidding in the Federal Bank Shareholders Reservation Portion (subject to the Bid Amount being up to ₹ 200,000) can revise their Bid(s) during the Bid/ Offer Period and withdraw their Bid(s) until the Bid/ Offer Closing Date. Anchor Investors are not allowed to revise or withdraw their Bids after the Anchor Investor Bidding Date. Except for Allocation to Retail Individual Bidders and the Anchor Investors, allocation in the Offer will be on a proportionate basis. For further details on method and process of Bidding, see “Offer Structure” and “Offer Procedure” on pages 431 and 435, respectively.

The Book Building Process is subject to change. Bidders are advised to make their own judgment about an investment through this process prior to submitting a Bid.

Illustration of Book Building and Price Discovery Process

For an illustration of the Book Building Process and the price discovery process, see “Offer Procedure” on page 435.

Underwriting Agreement

After the determination of the Offer Price and allocation of Equity Shares, but prior to the filing of the Prospectus with the RoC, our Company and each of the Selling Shareholders intend to enter into an Underwriting Agreement with the Underwriters for the Equity Shares proposed to be issued and offered in the Offer. The extent of underwriting obligations and the Bids to be underwritten by each BRLM shall be as per the Underwriting Agreement. The Underwriting Agreement is dated [●]. Pursuant to the terms of the Underwriting Agreement, the obligations of each of the Underwriters will be several and will be subject to certain conditions specified therein.

The Underwriters have indicated their intention to underwrite the following number of Equity Shares:

(This portion has been intentionally left blank and will be filled in before filing of the Prospectus with the RoC.)

Name, Address, Telephone Number and Email Address of the Underwriters	Indicative Number of Equity Shares to be Underwritten	Amount Underwritten (₹ in million)
[●]	[●]	[●]

The abovementioned underwriting commitments are indicative and will be finalised after pricing of the Offer, the Basis of Allotment and actual allocation in accordance with provisions of the SEBI ICDR Regulations.

In the opinion of our Board, the resources of the abovementioned Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The abovementioned Underwriters are registered with the SEBI under Section 12(1) of the SEBI Act or registered as brokers with the Stock Exchanges. Our Board/ Capital Raising Committee, at its meeting held on [●], has accepted and entered into the Underwriting Agreement mentioned above on behalf of our Company.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitment set forth in the table above.

Notwithstanding the above table, the Underwriters shall be severally responsible for ensuring payment with respect to the Equity Shares allocated to investors respectively procured by them in accordance with the Underwriting Agreement. In the event of any default in payment, the respective Underwriter, in addition to other obligations defined in the Underwriting Agreement, will also be required to procure subscribers for or subscribe to the Equity Shares to the extent of the defaulted amount in accordance with the Underwriting Agreement. The Underwriting Agreement has not been executed as on the date of this Draft Red Herring Prospectus and will be executed after determination of the Offer Price and allocation of Equity Shares, but prior to the filing of the Prospectus with the RoC. The extent of underwriting obligations and the Bids to be underwritten in the Offer shall be as per the Underwriting Agreement.

CAPITAL STRUCTURE

E	SECURITIES PREMIUM ACCOUNT		
	Before the Offer		5,227,928,605.00
	After the Offer		[●]

* To be included upon finalisation of the Offer Price.

A Pre-IPO Placement may be undertaken by our Company and the Selling Shareholders in consultation with the BRLMs for up to 20% of the Fresh Issue or such other amount as may be allowed under applicable law for cash consideration aggregating up to ₹ 1,800 million, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company and the Selling Shareholders in consultation with the BRLMs, and will be completed prior to filing of the Red Herring Prospectus with the RoC. If the Pre-IPO Placement is undertaken, the minimum Offer size (comprising the Fresh Issue so reduced by the amount raised from the Pre-IPO Placement, and the Offer for Sale) shall constitute at least 10% of the post-Offer paid-up Equity Share capital of our Company.

- (1) For details in relation to the changes in the authorised share capital of our Company, see "History and Certain Corporate Matters – Amendments to our Memorandum of Association" on page 219.
- (2) The Offer has been authorised by a resolution of our Board dated January 11, 2022. The Fresh Issue has been authorised by a resolution of our Board dated [January 11, 2022] and a special resolution of our Shareholders dated February 14, 2022. Further, our Board has taken on record the approval for the Offer for Sale by the Selling Shareholders pursuant to its resolution dated February 18, 2022.
- (3) Each of the Selling Shareholders severally confirm that the Offered Shares have been held by them for a period of at least one year prior to the date of filing of this Draft Red Herring Prospectus in accordance with Regulation 8 of the SEBI ICDR Regulations and accordingly, are eligible for the Offer in accordance with the provisions of the SEBI ICDR Regulations. For details of authorisations for the Offer for Sale, see "Other Regulatory and Statutory Disclosures" on page 399.
- (4) In the event of under-subscription in the Employee Reservation Portion (if any), the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹ 200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹ 500,000. The unsubscribed portion, if any, in the Employee Reservation Portion (after allocation of up to ₹ 500,000), shall be added to the Net Offer. The Employee Reservation Portion shall not exceed 5% of our post-Offer paid-up Equity Share capital. For further details, see "Offer Structure" on page 431.

Notes to the Capital Structure

1. Share Capital history of our Company

a. Equity share capital

The history of the Equity Share capital of our Company is set forth below:

* Certain corporate and secretarial records of our Company, including the board resolutions and RoC filings, are not traceable by our Company, or with the RoC, in connection with the allotment of equity shares for certain allotments. For further details, see "Risk Factors – There may be certain inadvertent discrepancies in our secretarial filings and/or corporate records. We cannot assure you that no legal proceedings or regulatory actions will be initiated against us in the future in relation to any such discrepancies." on page 42. Accordingly, certain details in relation to the allotments made during this period, including the list of allottees, cannot be ascertained.

[#] 100 Equity Shares were allotted to M.P.K. Nair, 100 Equity Shares were allotted to A.R. Sankaranarayanan, 100 Equity Shares were allotted to K.T. Chandy, 100 Equity Shares were allotted to K.M. Noordin Mather, 100 Equity Shares were allotted to P.S. Menon, 100 Equity Shares were allotted to T.V. Antony and 100 Equity Shares were allotted to K.M. Chandy, on behalf of and as nominees of our Promoter.

b. *Details of Promoter's contribution and lock-in*

- i. Pursuant to Regulations 14 and 16 of the SEBI ICDR Regulations, as amended, an aggregate of 20% of the fully diluted post-Offer Equity Share capital of our Company held by our Promoter, shall be locked in for a period of eighteen months as minimum Promoter's contribution from the date of Allotment or such other period as may be prescribed under the SEBI ICDR Regulations and the shareholding of our Promoter in excess of 20% of the fully diluted post-Offer Equity Share capital shall be locked in for a period of six months from the date of Allotment or such other period as may be prescribed under the SEBI ICDR Regulations.

- ii. Details of the Equity Shares to be locked-in for eighteen months from the date of Allotment as minimum Promoter's contribution are set forth in the table below:

Name of Promoter	Number of Equity Shares locked-in ⁽¹⁾	Date of allotment/ transfer of Equity Shares and when made fully paid-up*	Nature of transaction	Face Value per Equity Share (₹)	Offer/ Acquisition price per Equity Share (₹)	Percentage of the pre- Offer paid-up capital (%)	Percentage of the post- Offer paid-up capital (%)
The Federal Bank Limited	[●]	[●]	[●]	[●]	[●]	[●]	[●]
Total	[●]	[●]	[●]	[●]	[●]	[●]	[●]

* Subject to finalisation of the basis of allotment.

(1) All Equity Shares allotted to our Promoter were fully paid-up at the time of allotment.

Our Company undertakes that the Equity Shares that are being locked-in will not be ineligible for computation of Promoter's contribution in terms of Regulation 15 of the SEBI ICDR Regulations.

- iii. In this connection, please note that:

- The Equity Shares offered for Promoter's contribution do not include (i) Equity Shares acquired in the three immediately preceding years for consideration other than cash and revaluation of assets or capitalisation of intangible assets was involved in such transaction, or (ii) Equity Shares that have resulted from bonus issue by utilization of revaluation reserves or unrealised profits of our Company or resulted from bonus shares issued against Equity Shares, which are otherwise ineligible for computation of minimum Promoter's contribution.
- The minimum Promoter's contribution does not include any Equity Shares acquired during the immediately preceding one year at a price lower than the price at which the Equity Shares are being offered to the public in the Offer.
- Our Company has not been formed by the conversion of one or more partnership firms or a limited liability partnership firm.
- All the Equity Shares held by our Promoter are in dematerialised form.
- The Equity Shares held by our Promoter and offered for Promoter's contribution are not subject to any pledge.

c. *Other lock-in requirements:*

- In addition to the 20% of the post-Offer shareholding of our Company held by our Promoter and locked in for eighteen months as specified above, in terms of the SEBI ICDR Regulations, the entire pre-Offer equity share capital of our Company will be locked-in for a period of six months from the date of Allotment or such other period as may be prescribed under the SEBI ICDR Regulations, including any unsubscribed portion of the Offer for Sale, except for (i) the Equity Shares which are successfully transferred as a part of the Offer for Sale by the Selling Shareholders; (ii) any Equity Shares held by a VCF or Category I AIF or Category II AIF or FVCI, as applicable, provided that such Equity Shares shall be locked in for a period of at least six months from the date of purchase by such shareholders. Accordingly, subject to completion of the six months holding period from the date of purchase, the Equity Shares held by True North Fund VI LLP shall be exempt from the aforementioned lock-in requirement since it is a Category II AIF; and (iii) any other categories of shareholding exempted under Regulation 17 of the SEBI ICDR Regulations.
- As required under Regulation 20 of the SEBI ICDR Regulations, our Company shall ensure that the details of the Equity Shares locked-in are recorded by the relevant Depository.

- iii. The Equity Shares held by persons other than our Promoter and locked-in for a period of six months from the date of Allotment or such other period as may be prescribed under the SEBI ICDR Regulations in the Offer may be transferred to any other person holding the Equity Shares which are locked-in, subject to continuation of the lock-in in the hands of transferees for the remaining period and compliance with the SEBI Takeover Regulations.
- iv. The Equity Shares held by our Promoter which are locked-in may be pledged as collateral security for loans granted by scheduled commercial banks, public financial institutions, NBFC-SI or housing finance companies, as collateral security for loans granted by such banks or public financial institutions or NBFC-SIs or housing finance companies in terms of Regulation 21 of the SEBI ICDR Regulations.

d. Lock-in of the Equity Shares to be allotted, if any, to the Anchor Investors

There shall be a lock-in of 90 days on 50% of the Equity Shares allotted to the Anchor Investors from the date of Allotment, and a lock-in of 30 days on the remaining 50% of the Equity Shares allotted to the Anchor Investors from the date of Allotment.*

** Note: These changes will come into effect from April 1, 2022, if the Bid/Offer Opening Date is on or after April 1, 2022.*

4. Issue of Equity Shares pursuant to schemes of arrangement

Our Company has not allotted any equity shares pursuant to a scheme of amalgamation approved under Sections 230 to 234 of the Companies Act, 2013.

5. Issue of Equity Shares at a price lower than the Offer Price in the last year

Except as disclosed above in “Capital Structure - Share Capital history of our Company” on page 85, our Company has not issued any Equity Shares during a period of one year preceding the date of this Draft Red Herring Prospectus at a price which may be lower than the Offer Price.

6. Shareholding pattern of our Company

The table below presents the shareholding pattern of our Company as on the date of this Draft Red Herring Prospectus.

Category (I)	Category of shareholder (II)	Number of shareholders (III)	Number of fully paid-up Equity Shares held (IV)	Number of partly paid-up Equity Shares held (V)	Number of shares underlying Depository Receipts (VI)	Total number of shares held (VII) =(IV)+(V)+ (VI)	Shareholding as a % of total number of shares (calculated as per SCRR, 1957) (VIII) As a % of (A+B+C2)	Number of Voting Rights held in each class of securities (IX)		Number of shares underlying outstanding convertible securities (including warrants) (X)	Shareholding as a % assuming full conversion of convertible securities (as a percentage of diluted share capital) (XI)= (VII)+(X) As a % of (A+B+C2)	Number of locked in shares (XII)		Number of Shares pledged or otherwise encumbered (XIII)		Number of Equity Shares held in dematerialized form (XIV)			
								Number of Voting Rights				Total as a % of (A+B+ C)		Number (a)	As a % of total Shares held (b)		Number (a)	As a % of total Shares held (b)	
								Class: Equity Shares	Total

- (d) Set forth below is a list of Shareholders holding 1% or more of the paid-up Equity Share capital of our Company, on a fully diluted basis, as of two years prior to the date of this Draft Red Herring Prospectus:

Sr. No.	Name of the Shareholder	Number of Equity Shares	Percentage of the fully diluted Equity Share capital (%) [^]
1.	The Federal Bank Limited*	190,000,000	74.00
2.	True North Fund VI LLP	66,756,757	26.00
	Total	256,756,757	100.00

*includes 200 Equity Shares held by Shyam Srinivasan, 100 Equity Shares held by Lakshmanan Venkateswaran, 100 Equity Shares held by Shalini Warriar, one Equity Share held by Samir Pravinbhai Rajdev, one Equity Share held by Ashutosh Khajuria, one Equity Share held by Ajith Kumar KK, one Equity Share held by Sumit Kakkar and one Equity Share held by Baby KP, on behalf of and as nominees of our Promoter

[^]Our pre-Offer paid-up share capital has been considered on a fully diluted basis. There were no vested options outstanding as of two years prior to the date of this Draft Red Herring Prospectus. This excludes 4,729,730 OCRPS which were held by Anil Kothuri as of two years prior to the date of this Draft Red Herring Prospectus, of which 2,000,000 OCRPS were redeemed by our Company and 2,729,730 OCRPS were converted into 2,729,730 Equity Shares, pursuant to Board resolutions dated February 14, 2022. For further details, see “ - Notes to the Capital Structure - Share Capital history of our Company – b. Preference Share capital” on page 87.

8. As on the date of the filing of this Draft Red Herring Prospectus, our Company has 18 Shareholders (including Shareholders holding Equity Shares as nominees of our Promoter).

9. None of the members of our Promoter Group, directors of our Promoter or our Company or any of their relatives have purchased or sold any Equity Shares during a period of six months preceding the date of this Draft Red Herring Prospectus.

10. **Employee stock option scheme**

Fedbank Financial Services Limited Employee Stock Option Plan 2018 (“ESOP 2018”)

Our Company, pursuant to the resolution passed by our Board on November 13, 2018 and the resolution passed by our Shareholders on November 13, 2018, adopted the ESOP 2018. ESOP 2018 was last amended pursuant to resolution passed by our Board on February 7, 2022 and the resolution passed by our Shareholders on February 14, 2022, including the amendment of certain inter-se shareholder transfer restrictions applicable to the Equity Shares to be issued upon exercise of options by ESOP holders such that they fall away at listing. The purpose of ESOP 2018 is to reward employees for their performance as well as to motivate them to contribute to the growth and profitability of our Company, and to attract and retain talent in our Company. Under ESOP 2018, an aggregate of 8,271,351 options have been granted, an aggregate of 1,469,000 options have vested (excluding the options that have been exercised) and an aggregate of 263,000 options have been exercised as on the date of this Draft Red Herring Prospectus. The ESOP 2018 is in compliance with the SEBI SBEB & SE Regulations. The details of ESOP 2018 are as follows:

Particulars	Details			
	Fiscal 2019	Fiscal 2020	Fiscal 2021	From April 1, 2021 till the date of this Draft Red Herring Prospectus
Total options outstanding as at the beginning of the period	N.A.	Nil	5,511,351	8,151,351

^{*} as a nominee of our Promoter

^{**} includes 200 Equity Shares held by Shyam Srinivasan[#], 100 Equity Shares held by Lakshman Venkateswaran, 100 Equity Shares held by Shalini Warriar[#], one Equity Share held by Samir Pravinbhai Rajdev, one Equity Share held by Ashutosh Khajuria[#], one Equity Share held by Ajith Kumar KK, one Equity Share held by Divakar Dixit and one Equity Share held by Sreekanth I V, on behalf of and as nominees of our Promoter

[#] Director of the Promoter

[^] 2,729,730 Equity Shares held by Anil Kothuri which have been pledged by him pursuant to an agreement dated November 3, 2021, as supplemented by an amendment offer letter dated February 4, 2022 in relation to a loan facility taken by Anil Kothuri in his personal capacity. For further details, see "History and Certain Corporate Matters - Shareholders' agreements - Notice cum Waiver Letter dated February 7, 2022 from The Federal Bank Limited and True North Fund VI LLP" on page 224.

14. Except employee stock options granted pursuant to ESOP 2018, there are no outstanding convertible securities, warrants, options or rights to convert debentures, loans or other convertible instruments into Equity Shares as on the date of this Draft Red Herring Prospectus.
15. All Equity Shares offered and Allotted pursuant to the Offer shall be fully paid-up at the time of Allotment.
16. As on the date of this Draft Red Herring Prospectus, the Book Running Lead Managers and their associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company.
17. There have been no financing arrangements whereby our Promoter, Directors of the Promoter, members of our Promoter Group, our Directors and their relatives have financed the purchase by any other person of securities of our Company (other than in the normal course of the business of the relevant financing entity) during a period of six months immediately preceding the date of filing of this Draft Red Herring Prospectus.
18. No person connected with the Offer, including, but not limited to, the Book Running Lead Managers, the members of the Syndicate, our Company, Directors, Promoter, and members of our Promoter Group shall offer any incentive, whether direct or indirect, in the nature of discount, commission and allowance, except for fees or commission for services rendered in relation to the Offer, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid.
19. Our Company shall ensure that transactions in Equity Shares by our Promoter and our Promoter Group during the period between the date of filing of this Draft Red Herring Prospectus and the date of closure of the Offer shall be reported to the Stock Exchanges within 24 hours of such transaction.

OBJECTS OF THE OFFER

The Offer comprises of the Fresh Issue and the Offer for Sale.

Offer for Sale

Each of the Selling Shareholders will be entitled to their respective portion of the proceeds from the Offer for Sale in proportion of the Equity Shares offered by the respective Selling Shareholders as part of the Offer for Sale after deducting their proportion of Offer related expenses and relevant taxes thereon. Our Company will not receive any proceeds from the Offer for Sale. For further details of the Offer for Sale, see “*The Offer*” beginning on page 69.

The Fresh Issue

Our Company proposes to utilize the Net Proceeds from the Fresh Issue towards augmenting our Company’s Tier – I capital base to meet our Company’s future capital requirements, arising out of the growth of our business and assets.

In addition, our Company expects to receive the benefits of listing of the Equity Shares on the Stock Exchanges, including enhancement of our Company’s brand name and creation of a public market for our Equity Shares in India.

The main objects clause and objects incidental and ancillary to the main objects clause of our Memorandum of Association enables us to undertake the activities for which the funds are being raised by us in the Fresh Issue.

Net Proceeds

The details of the proceeds from the Fresh Issue are summarized in the following table:

Particulars	Estimated amount (₹ in million)
Gross proceeds of the Fresh Issue ⁽¹⁾	[●]
(Less) Fresh Issue expenses	[●] ⁽²⁾⁽³⁾
Net Proceeds	[●]

⁽¹⁾ Includes the proceeds, if any, received pursuant to the Pre-IPO Placement. Upon allotment of Equity Shares issued pursuant to the Pre-IPO Placement, we may utilise the proceeds from such Pre-IPO Placement towards the Objects of the Offer prior to completion of the Offer.

⁽²⁾ To be finalised upon determination of the Offer Price and updated in the Prospectus prior to filing with the RoC.

⁽³⁾ For details, see “- Offer Expenses” below.

Requirement of Funds and Utilization of Net Proceeds

The Net Proceeds are proposed to be utilised towards augmentation of our Company’s Tier – I capital base to meet our Company’s future capital requirements which are expected to arise out of the growth in our Company’s business and assets. For further details, see “*Risk Factors – We propose to utilize the Net Proceeds of the Fresh Issue to maintain the minimum capital adequacy ratio and to meet future capital requirements arising out of the growth in our business and not for any specified projects.*” on page 49.

Proposed Schedule of Implementation and Deployment of Funds

The Net Proceeds are proposed to be deployed in Fiscal 2023.

The fund deployment indicated above is based on current circumstances of our business and we may have to revise our estimates from time to time on account of various factors, such as financial and market conditions, competition, interest rate fluctuations and other external factors, which may not be within the control of our management. This may entail rescheduling the proposed utilisation of the Net Proceeds and changing the allocation of funds from its planned allocation at the discretion of our management, subject to compliance with applicable laws.

Details of the Objects of the Fresh Issue

The details in relation to objects of the Fresh Issue are set forth herein below.

We are an NBFC in India and are registered with the RBI under Section 45 IA of the Reserve Bank of India Act, 1934. We are the fastest growing gold loan NBFC among the gold loan peer set in India as of March 31, 2021. (Source: CRISIL Report) For details, see “*Our Business*” on page 175. As an NBFC, we are subject to regulations relating to the capital adequacy, which determine the minimum amount of capital we must hold as a percentage of the risk-weighted assets on our portfolio and of the risk adjusted value of off-balance sheet items, as applicable. As per the capital adequacy norms issued by the RBI, we are required to have a regulatory minimum CRAR of 15%.

As of September 30, 2021, our Company’s CRAR - Tier – I capital, in accordance with the Restated Financial Information, was 25.63%. As we continue to grow our loan portfolio and asset base, we will require additional capital in order to continue

to meet applicable capital adequacy ratios with respect to our business. The Net Proceeds will be utilised to increase our Company's Tier – I capital base to meet our future capital requirements which are expected to arise out of growth of our business and assets, and to ensure compliance with the NBFC-ND-SI Directions. We anticipate that the Net Proceeds will be sufficient to satisfy our Company's Tier – I capital requirements for Financial Year 2023.

We typically use our Tier – I capital towards our Company's business and growth, including on wards lending, payment of operating expenditure, repayment and/or prepayment of outstanding liabilities and interest thereon as part of our business activities, capital expenditure towards scaling-up branch infrastructure and technology and other general corporate purposes.

Offer Expenses

The total expenses of the Offer are estimated to be approximately ₹[●] million.

The Offer related expenses primarily include listing fees, fees payable to the BRLMs and legal counsel, fees payable to the Auditors, brokerage and selling commission, underwriting commission, commission payable to Registered Brokers, RTAs, CDPs, SCSBs' fees, Registrar's fees, printing and stationery expenses, advertising and marketing expenses and all other incidental and miscellaneous expenses for listing the Equity Shares on the Stock Exchanges. Other than (a) the listing fees, audit fees of the statutory auditors (other than to the extent attributable to the Offer) which will be borne by our Company and (b) fees and expenses in relation to the legal counsel to the Selling Shareholders which shall be borne by the respective Selling Shareholders, all cost, charges, fees and expenses (including all the applicable taxes) associated with and incurred with respect to the Offer shall be shared amongst our Company and Selling Shareholders in proportion of the proceeds received for the Fresh Issue and the Offer for Sale, in accordance with applicable law including section 28(3) of the Companies Act, 2013. However expenses relating to the Offer may be paid by the Company on behalf of the Selling Shareholders in the first instance and the Selling Shareholders shall, reimburse the Company for any expenses in relation to the Offer to the extent of their respective proportions of the Offer related expenses, directly from the Public Offer Account.

The estimated Offer related expenses are as under:

Activity	Estimated expenses ⁽¹⁾ (₹ in million)	As a % of the total estimated Offer expenses ⁽¹⁾	As a % of the total Offer size ⁽¹⁾
BRLMs fees and commissions (including underwriting commission, brokerage and selling commission)	[●]	[●]	[●]
Commission/processing fee for SCSBs and Bankers to the Offer and fee payable to the Sponsor Banks for Bids made by RIBs using UPI ⁽²⁾	[●]	[●]	[●]
Brokerage and selling commission and bidding charges for Members of the Syndicate, Registered Brokers, RTAs and CDPs ⁽³⁾⁽⁴⁾	[●]	[●]	[●]
Fees payable to the Registrar to the Offer	[●]	[●]	[●]
Fees payable to the other advisors to the Offer	[●]	[●]	[●]
Others			
- Listing fees, SEBI filing fees, upload fees, BSE and NSE processing fees, book building software fees and other regulatory expenses	[●]	[●]	[●]
- Printing and stationery	[●]	[●]	[●]
- Advertising and marketing expenses	[●]	[●]	[●]
- Fee payable to legal counsels	[●]	[●]	[●]
- Miscellaneous	[●]	[●]	[●]
Total estimated Offer expenses	[●]	[●]	[●]

⁽¹⁾ Amounts will be finalised on determination of Offer Price

⁽²⁾ Selling commission payable to the SCSBs on the portion for Retail Individual Bidders, Eligible Employees, Federal Bank Shareholders and Non-Institutional Bidders which are directly procured by the SCSBs, would be as follows:

Portion for Retail Individual Bidders	[●]% of the Amount Allotted* (plus applicable taxes)
Employee Reservation Portion	[●]% of the Amount Allotted* (plus applicable taxes)
Federal Bank Shareholders Reservation Portion	[●]% of the Amount Allotted* (plus applicable taxes)
Portion for Non-Institutional Investors	[●]% of the Amount Allotted* (plus applicable taxes)

*Amount Allotted is the product of the number of Equity Shares Allotted and the Offer Price

Selling Commission payable to the SCSBs will be determined on the basis of the bidding terminal ID as captured in the Bid Book of BSE or NSE.

⁽³⁾ No processing fees shall be payable by our Company and Selling Shareholders to the SCSBs on the applications directly procured by them. Processing fees payable to the SCSBs on the portion for Retail Individual Bidders, Eligible Employees, Federal Bank Shareholders and Non-Institutional Bidders which are procured by the members of the Syndicate/sub-Syndicate/Registered Broker/RTAs/ CDPs and submitted to SCSB for blocking, would be as follows:

Portion for Retail Individual Bidders, Eligible Employees, Federal Bank Shareholders and Non-Institutional Investors	₹[●] per valid application (plus applicable taxes)

⁽⁴⁾ Selling commission on the portion for Retail Individual Bidders, Eligible Employees (up to ₹ 500,000), Federal Bank Shareholders (up to ₹ 200,000) using the UPI mechanism, Non-Institutional Bidders, Eligible Employees and Federal Bank Shareholders which are procured by members of the Syndicate (including their sub-Syndicate Members), Registered Brokers, RTAs and CDPs or for using 3-in-1 type accounts-linked online trading, demat and bank account provided by some of the brokers which are members of the Syndicate (including their Sub-Syndicate Members) would be as follows:

Portion for Retail Individual Bidders*	[●] % of the Amount Allotted* (plus applicable taxes)
Portion for Eligible Employees*	[●] % of the Amount Allotted* (plus applicable taxes)
Portion for Federal Bank Shareholders	[●] % of the Amount Allotted* (plus applicable taxes)
Portion for Non-Institutional Bidders*	[●] % of the Amount Allotted* (plus applicable taxes)

*Amount Allotted is the product of the number of Equity Shares Allotted and the Offer Price

The Selling Commission payable to the Syndicate / sub-Syndicate Members will be determined on the basis of the application form number / series, provided that the application is also bid by the respective Syndicate / sub-Syndicate Member. For clarification, if a Syndicate ASBA application on the application form number / series of a Syndicate / sub-Syndicate Member, is bid by an SCSB, the Selling Commission will be payable to the SCSB and not the Syndicate / sub-Syndicate Member.

Uploading Charges payable to members of the Syndicate (including their sub-Syndicate Members), RTAs and CDPs on the applications made by RIBs using 3-in-1 accounts, Eligible Employees, Federal Bank Shareholders and Non-Institutional Bidders which are procured by them and submitted to SCSB for blocking or using 3-in-1 accounts, would be as follows: ₹ [●] plus applicable taxes, per valid application bid by the Syndicate (including their sub-Syndicate Members), RTAs and CDPs.

Selling commission/ uploading charges payable to the Registered Brokers on the portion for RIBs, Eligible Employees (up to ₹ 500,000) and Federal Bank Shareholders (up to ₹ 200,000) procured through UPI Mechanism, Non Institutional Bidders, Eligible Employees and Federal Bank Shareholders which are directly procured by the Registered Broker and submitted to SCSB for processing, would be as follows:

Portion for RIBs*	₹ [●] per valid application (plus applicable taxes)
Portion for Eligible Employees*	₹ [●] per valid application (plus applicable taxes)
Portion for Federal Bank Shareholders*	₹ [●] per valid application (plus applicable taxes)
Portion for Non-Institutional Bidders*	₹ [●] per valid application (plus applicable taxes)

*Based on valid applications

Uploading charges/ Processing fees for applications made by RIBs, Eligible Employees (up to ₹ 500,000) and Federal Bank Shareholders (up to ₹ 200,000) using the UPI Mechanism would be as under:

Members of the Syndicate / RTAs / CDPs (uploading charges)	₹ [●] per valid application
Sponsor Banks (Processing fee)	₹ [●] per valid application (plus applicable taxes) The Sponsor Banks shall be responsible for making payments to the third parties such as remitter bank, NPCI and such other parties as required in connection with the performance of its duties under applicable SEBI circulars, agreements and other Applicable Laws

All such commissions and processing fees set out above shall be paid as per the timelines in terms of the Syndicate Agreement and the Cash Escrow and Sponsor Bank Agreement.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

Means of finance

The fund requirements set out for the aforesaid objects of the Offer are proposed to be met entirely from the Net Proceeds. Accordingly, our Company confirms that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the Fresh Issue and existing identifiable accruals as required under the SEBI ICDR Regulations.

Interim use of Net Proceeds

Our Company, in accordance with the policies established by the Board from time to time, will have the flexibility to deploy the Net Proceeds. Pending utilization for the purposes described above, our Company will deposit the Net Proceeds only with one or more scheduled commercial banks included in the second schedule of the RBI Act as may be approved by our Board or Capital Raising Committee.

In accordance with Section 27 of the Companies Act, 2013, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in the equity shares of any other listed company or for any investment in equity markets.

Bridge Financing Facilities

Our Company has not raised any bridge loans from any bank or financial institution as on the date of this Draft Red Herring Prospectus, which are proposed to be repaid from the Net Proceeds.

Appraising Entity

None of the objects of the Offer for which the Net Proceeds will be utilised have been appraised by any bank/ financial institution or agency.

Monitoring of Utilization of Funds

In accordance with Regulation 41 of the SEBI ICDR Regulations, our Company shall appoint a Monitoring Agency for

monitoring the utilisation of Net Proceeds prior to the filing of the Red Herring Prospectus with the RoC, as the proposed Fresh Issue exceeds ₹ 1,000.00 million.

Our Audit Committee and the Monitoring Agency will monitor the utilisation of the Net Proceeds and the Monitoring Agency shall submit the report required under Regulation 41(2) of the SEBI ICDR Regulation, on a quarterly basis, until such time as the Net Proceeds have been utilised in full. Our Company undertakes to place the report(s) of the Monitoring Agency on receipt before the Audit Committee without any delay. Our Company will disclose and continue to disclose, the utilisation of the Net Proceeds, including interim use under a separate head in our balance sheet for such fiscals as required under applicable law, clearly specifying the purposes for which the Net Proceeds have been utilised, till the time any part of the Net Proceeds remains unutilised. Our Company will also, in its balance sheet for the applicable fiscals, provide details, if any, in relation to all such Net Proceeds that have not been utilised, if any, of such currently unutilised Net Proceeds. Further, our Company, on a quarterly basis, shall include the deployment of Net Proceeds under various heads, as applicable, in the notes to our quarterly results. Our Company will indicate investments, if any, of unutilised Net Proceeds in the balance sheet of our Company for the relevant fiscals subsequent to receipt of listing and trading approvals from the Stock Exchanges.

Pursuant to Regulation 32(3) and Part C of Schedule II, of the SEBI Listing Regulations, our Company shall, on a quarterly basis, disclose to the Audit Committee the uses and applications of the Net Proceeds. The Audit Committee shall make recommendations to our Board for further action, if appropriate. On an annual basis, our Company shall prepare a statement of funds utilised for purposes other than those stated in this Draft Red Herring Prospectus and place it before the Audit Committee and make other disclosures as may be required until such time as the Net Proceeds remain unutilised. Such disclosure shall be made only until such time that all the Net Proceeds have been utilised in full. The statement shall be certified by the statutory auditor of our Company. Furthermore, in accordance with Regulation 32(1) of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilisation of the proceeds of the Fresh Issue from the objects of the Fresh Issue as stated above; and (ii) details of category wise variations in the actual utilisation of the proceeds of the Fresh Issue from the objects of the Fresh Issue as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results and explanation for such variation (if any) will be included in our Director's report, after placing the same before the Audit Committee.

Variation in Objects

In accordance with Sections 13(8) and 27 of the Companies Act and applicable rules, our Company shall not vary the objects of the Offer without our Company being authorised to do so by the Shareholders by way of a special resolution.

Other Confirmations

No part of the Net Proceeds will be paid by us as consideration to our Promoter, Promoter Group, Group Company, the Directors and Key Managerial Personnel, except in the normal course of business and in compliance with applicable law.

Our Company has not entered into and is not planning to enter into any arrangement/ agreements with our Promoter, Promoter Group, Directors and Key Managerial Personnel in relation to the utilisation of the Net Proceeds. Further there is no existing or anticipated interest of such individuals and entities in the objects of the Fresh Issue as set out above.

BASIS FOR OFFER PRICE

The Offer Price will be determined by our Company and the Selling Shareholders, in consultation with the Book Running Lead Managers, on the basis of assessment of market demand for the Equity Shares offered through the Book Building Process and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹ 10 each and the Offer Price is [●] times the face value at the lower end of the Price Band and [●] times the face value at the higher end of the Price Band. Investors should refer to “Risk Factors”, “Our Business”, “Restated Financial Information” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 26, 175, 266 and 353, respectively, to have an informed view before making an investment decision.

Qualitative Factors

Some of the qualitative factors and our strengths which form the basis for computing the Offer Price are as follows:

- Our presence in large, underpenetrated markets with strong growth potential;
- Our “twin engine” business model which ensures growth and risk insulation across economic cycles;
- Focus on retail loan products with a collateralized lending model targeting individuals and the emerging MSME sector which is difficult to replicate;
- Strong underwriting capability and presence in select customer segment combined with robust risk management capabilities focused on effective underwriting and collections
- Experienced, cycle tested management team;
- Well diversified funding profile with an advantage of lower cost of funds; and
- Technology driven company with scalable operating model.

For details, see “Our Business – Our Competitive Strengths” on page 176.

Quantitative Factors

Some of the information presented below relating to our Company is derived from the Restated Financial Information. For details, see “Restated Financial Information” and “Other Financial Information” on pages 266 and 352, respectively.

Some of the quantitative factors which may form the basis for computing the Offer Price are as follows:

A. Basic and Diluted Earnings Per Equity Share (“EPS”) (face value of each Equity Share is ₹10):

Fiscal/ six months period ended	Basic EPS (in ₹)	Diluted EPS (in ₹)	Weight
March 31, 2021	2.19	2.18	3
March 31, 2020	1.61	1.60	2
March 31, 2019	1.76	1.76	1
Weighted Average	1.93	1.92	
September 30, 2021 (not annualized)	1.10	1.10	

Notes:

- i. The face value of each Equity Share is ₹ 10.
- ii. Basic Earnings per share = Net profit after tax (loss after tax) as restated / Weighted average number of equity shares outstanding during the period/year.
- iii. Diluted Earnings per share = Net profit after tax (loss after tax) as restated / Weighted average number of potential equity shares outstanding during the period/year.
- iv. Weighted average = Aggregate of year-wise weighted EPS divided by the aggregate of weights i.e. (EPS x Weight) for each year / Total of weights

B. Price/Earning (“P/E”) ratio in relation to Price Band of ₹[●] to ₹[●] per Equity Share:

Particulars	P/E at the Floor Price (number of times)	P/E at the Cap Price (number of times)
Based on basic EPS for year ended March 31, 2021	[●]	[●]
Based on diluted EPS for year ended March 31, 2021	[●]	[●]

C. Industry Peer Group P/E ratio

	P/E Ratio (x)
Highest	77.50
Lowest	7.52
Average	31.66

Notes:

- (1) The highest and lowest industry P/E shown above is based on the peer set provided below under “Comparison with listed industry peers”. The industry average has been calculated as the arithmetic average P/E of the peer set provided below.

(2) P/E figures for the peer are computed based on closing market price as on January 27, 2022 on the BSE, divided by Basic EPS (on consolidated basis unless otherwise available only on standalone basis) based on the financial results of the respective company for the year ended March 31, 2021 submitted to stock exchanges.

D. Return on Net worth ("RoNW")

Fiscal	RoNW (%)	Weight
March 31, 2021	7.39	3
March 31, 2020	5.66	2
March 31, 2019	7.88	1
Weighted Average	6.90	-
September 30, 2021 (not annualized)	3.14	-

Notes:

1. Weighted average = Aggregate of year-wise weighted Net Worth divided by the aggregate of weights i.e. [(Net Worth x Weight) for each year] / [Total of weights]
2. Return on Net Worth (%) = Total profit after tax, as restated / Net worth as restated as at period/year end.
3. Net worth means the aggregate value of the paid up share capital of the Company and all reserves created out of profits and securities premium account as per Restated Financial Statements of Assets and Liabilities of the Company.

E. Net Asset Value ("NAV") per Share

Financial Year ended/ Period ended	Amount (₹)
As on September 30, 2021(not annualized)	33.58
As on March 31, 2021	28.79
After the completion of the Offer	
- At the Floor Price	●
- At the Cap Price	●
Offer Price	●

Notes:

1. Offer Price per Equity Share will be determined on conclusion of the Book Building Process.
2. Net asset value per share = Net worth as restated / Number of equity shares as at period/ year end

F. Comparison with Listed Industry Peers

Name of the Company	Total Revenue (₹ in million)	Face Value (₹)	P/E	EPS (Basic) (₹)	Return on Net Worth (%)	NAV per share (₹)
Fedbank Financial Services Limited	6,975.66	10	-	2.19	7.39%	28.79
Aavas Financiers Limited (Consolidated)	11,055.20	10	77.50	36.86	12.03%	305.82
Aptus Value Housing (Consolidated)	6,552.42	2	63.08	5.56	13.54%	40.96
Five Star Business Finance (Consolidated)	10,512.55	1	-	14.01	15.49%	85.26
IIFL Finance (Consolidated)	59,893.95	2	15.61	20.09	14.11%	142.37
Manappuram Finance Limited (Consolidated)	63,746.24	2	7.52	20.40	23.45%	86.90
Muthoot Finance Limited (Consolidated)	1,15,664.19	10	15.14	94.84	24.23%	392.82
Shriram City Union Finance (Consolidated)	61,678.66	10	11.13	161.13	12.65%	1,290.55

Source: All the financial information for listed industry peer mentioned above is on a consolidated basis unless otherwise available only on standalone) and is sourced from the filings made with stock exchanges available on the BSE for the Financial Year ending March 31, 2021.

Source for Fedbank Financial Services Limited: Based on the Restated Financial Statements for the year ended March 31, 2021.

Notes:

- i. P/E Ratio has been computed based on the closing market price of equity shares on January 27, 2022, divided by the Basic EPS.
- ii. Return on Net Worth (%) = Total profit after tax, as restated / Net worth as restated as at period/year end
- iii. Net worth has been computed as sum of paid-up share capital and other equity.
- iv. NAV is computed as the closing net worth divided by the closing outstanding number of equity shares.

G. The Offer price is [●] times of the face value of the Equity Shares

The Offer Price of ₹[●] has been determined by our Company and the Selling Shareholders, in consultation with the BRLMs, on the basis of market demand from investors for Equity Shares through the Book Building Process. The trading price of the Equity Shares could decline due to the factors mentioned in the “*Risk Factors*” on page 26 and you may lose all or part of your investments.

Investors should read the above mentioned information along with “*Risk Factors*”, “*Our Business*”, “*Restated Financial Information*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 26, 175, 266 and 353, respectively, to have a more informed view.

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS

The Board of Directors
Fedbank Financial Services Limited
A-Wing, Unit No: 511
Kanakia Wall Street
Andheri - Kurla Rd, Andheri East
Mumbai, Maharashtra 400093

Date: 18 February 2022

Subject: Statement of possible special tax benefits (“the Statement”) available to Fedbank Financial Services Limited (“the Company”) and its shareholders prepared in accordance with the requirement under Schedule VI – Part A - Clause (9) (L) of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (“the ICDR Regulations”)

This report is issued in accordance with the Engagement Letter dated 21 January 2022.

We hereby report that the enclosed Annexure I and Annexure II prepared by the Company, initialed by us for identification purpose, states the possible special tax benefits available to the Company and its shareholders, under direct and indirect taxes (together “**the Tax Laws**”), presently in force in India as on the signing date, which are defined in Annexure I. These possible special tax benefits are dependent on the Company and its shareholders fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company and its shareholders to derive these possible special tax benefits is dependent upon their fulfilling such conditions, which is based on business imperatives the Company may face in the future and accordingly, the Company and its shareholders may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure II cover the possible special tax benefits available to the Company and its shareholders and do not cover any general tax benefits available to the Company and its shareholders. Further, the preparation of the enclosed Annexure II and its contents is the responsibility of the Management of the Company. We were informed that the Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of equity shares of the Company (the “**Proposed Offer**”) particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the possible special tax benefits, which an investor can avail. Neither we are suggesting nor advising the investors to invest money based on the Statement.

We conducted our examination in accordance with the “Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)” (the “**Guidance Note**”) issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial information, and Other Assurance and Related Services Engagements.

We do not express any opinion or provide any assurance as to whether:

- i) the Company and its shareholders will continue to obtain these possible special tax benefits in future; or
- ii) the conditions prescribed for availing the possible special tax benefits where applicable, have been/would be met with.

The contents of the enclosed Annexures are based on the information, explanation and representations obtained from the Company, and on the basis of our understanding of the business activities and operations of the Company.

Our views expressed herein are based on the facts and assumptions indicated to us. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. Our views are based on the existing provisions of the Tax Laws and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to the Company for any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to the Company and any other person in respect of this Statement, except as per applicable law.

We hereby give consent to include this Statement in the Draft Red Herring Prospectus and in any other material used in connection with the Proposed Offer, and it is not to be used, referred to or distributed for any other purpose without our prior written consent.

ANNEXURE I

LIST OF DIRECT AND INDIRECT TAX LAWS ('TAX LAWS')

Sr. No.	Details of tax laws
1.	Income-tax Act, 1961 and Income-tax Rules, 1962
2.	Central Goods and Services Tax Act, 2017
3.	Integrated Goods and Services Tax Act, 2017
4.	State Goods and Services Tax Act, 2017
5.	Goods and Services Tax legislations as promulgated by various states

ANNEXURE II

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO FEDBANK FINANCIAL SERVICES LIMITED ("THE COMPANY") AND ITS SHAREHOLDERS UNDER THE APPLICABLE DIRECT AND INDIRECT TAXES ("TAX LAWS")

Outlined below are the Possible Special Tax Benefits available to the Company and its shareholders under the Tax Laws in force in India (i.e. applicable for the Financial Year 2021-22 relevant to the Assessment Year 2022-23 till the signing date of this annexure). These Possible Special Tax Benefits are dependent on the Company and its shareholders fulfilling the conditions prescribed under the Tax Laws. Hence, the ability of the Company and its shareholders to derive the Possible Special Tax Benefits is dependent upon fulfilling such conditions, which are based on business imperatives it faces in the future, it may or may not choose to fulfill.

UNDER THE TAX LAWS

A. *Special tax benefits available to the Company*

The Company avails direct tax benefit under the Tax Laws identified in Annexure I above. The same has been outlined as under: -

- **Deduction under section 36(1)(viii) of the Income-tax Act, 1961 ('the Act')**

The Company is entitled to accelerated deduction in respect of bad and doubtful debts up to the limit specified under section 36(1)(viii) of the Act in computing its income under the head "Profits and gains of business or profession", to the extent of five per cent (5%) of the gross total income, and subject to satisfaction of prescribed conditions. Further, gross total income considered for the said deduction shall be before considering any deduction under the aforesaid section and Chapter VI-A of the Act

B. *Special tax benefits available to the Shareholders*

There are no special tax benefits available to the Shareholders for investing in the shares of the Company under the Tax Laws identified in Annexure I above.

NOTES:

1. The above is as per the current Tax Laws.
2. The above Statement of possible special tax benefits sets out the provisions of Tax Laws in a summary manner only and is not a complete analysis or listing of all the existing and potential tax consequences of the purchase, ownership and disposal of equity shares of the Company.
3. This Statement does not discuss any tax consequences in any country outside India of an investment in the equity shares of the Company. The shareholders / investors in any country outside India are advised to consult their own professional advisors regarding possible income tax consequences that apply to them under the laws of such jurisdiction.

MACROECONOMIC SCENARIO

COVID-19 PANDEMIC IMPACTS WORLD AND INDIAN ECONOMY; BOUNCE BACK EXPECTED FROM FISCAL 2022

According to the provisional estimates released by the National Statistical Office (“NSO”), India’s real gross domestic product (“GDP”) growth in Fiscal 2021 stood at -7.3% versus the earlier estimate of -8.0%. After a sluggish growth in the first half of Fiscal 2021 owing to rising COVID-19 cases, GDP growth has moved into positive territory in the second half of the Fiscal reflecting a pickup in economic activity.

Fiscal 2020 was volatile for the global economy. The first three quarters were ensnared in trade protectionist policies and disputes among major trading partners, volatile commodity and energy prices, and economic uncertainties arising from United Kingdom’s exit from the European Union (“**Brexit**”). Hopes of broad-based recovery in the fourth quarter were dashed by the COVID -19 pandemic, which has infected more than 340 million people in 224 countries (as of January 21, 2022), leading to considerable human suffering and economic disruption.

The COVID-19 pandemic sharply slowed the Indian economy in the first quarter of Fiscal 2021 leading to a decline of 24% year-on-year for the same period, but the huge economic costs that it extracted, forced the economy to open and recover in the second quarter of Fiscal 2021. A sharp cutback in operating costs for corporates due to job and salary cuts, employees exercising work from home options, low input costs due to benign interest rates, crude and commodity prices also helped the recovery.

The fierce second wave of COVID -19 pandemic took the healthcare ecosystem to the brink and beyond in the first quarter of Fiscal 2022, but it did not hit economic activity as hard as the first wave of COVID-19 pandemic did. The main reason for this was decentralized and less-stringent lockdowns, which reflect the ‘learning to live with the virus attitude’ that authorities adopted. Many states also permitted construction and manufacturing activities to continue during the lockdown.

The pandemic came at an inopportune time since India was showing signs of recovery following a slew of fiscal/monetary measures as nominal GDP grew by 8.8% on year in the fourth quarter of Fiscal 2021 as compared to 4.7% in the fourth quarter of Fiscal 2020. Having said that, CRISIL Research foresees GDP growth to rebound in Fiscal 2022, on the back of a very weak GDP base in Fiscal 2021, government expenditure and initiatives towards pushing investments and some benefit from recovery across the world. The gradual increase in vaccinations against COVID-19 is also expected to boost confidence and support stronger recovery. Even after the strong rebound, Fiscal 2022 real GDP is expected to be only slightly higher than that in Fiscal 2020.

Trend in real GDP growth rate on quarterly basis

Source: CSO, RBI, CRISIL Research

Further, the focus of Union Budget 2022-23 on pushing capital expenditure (“**capex**”) despite walking a fiscal tightrope provides optimism and creates a platform for higher growth. The lift in the consumption cycle is tied to broad based pick-up in economic activity, which the Indian government is trying to engineer through focus on investments. This is expected to enhance the growth potential of India’s economy and it is expected to bring endurance to growth in the medium term. However, refraining from giving a direct consumption support may curb the pace of economy recovery in short term.

The total capex of the Central government (budgetary capex plus revenue grants for capital creation and capex by Central public sector enterprises) is budgeted to rise to 14.5% in Fiscal 2023 compared to 3.1% in Fiscal 2022. A Reserve Bank of India (“**RBI**”) study points out that an increase in capex by the Central and state governments by one rupee each induces an increase in output by ₹ 3.25 and ₹ 2.0, respectively (Source: RBI Bulletin – April 2019).

Budgetary support and vaccines expected to boost economic growth

Note: P - Projected

Source: National Statistics Office (NSO), CRISIL Research estimates

In the aftermath of the second wave in the first quarter of Fiscal 2022, many states had implemented localized restrictions in the form of weekend lockdowns, restricting non-essential businesses from operating and/or night curfews to prevent the spread of COVID-19. Although the COVID-19 cases declined substantially from May 2021 to December 2021 leading to resurgence in economic activity, the cases witnessed a surge again from the last week of December 2021, leading to an onset of the third COVID-19 wave in India.

The NSO, in its advance GDP estimates released in January 2022, has forecast India’s GDP to grow by 9.2% in Fiscal 2022. CRISIL Research forecasts India’s GDP for Fiscal 2022 to grow by around 9.2% and 7.8% for Fiscal 2023, if there is no material impact because of the ongoing surge in COVID-19 cases due to Omicron variant and COVID-19 vaccinations continue to grow at a robust pace in India. As of February 1, 2022, 714 million people have been administered two doses of vaccines. In the first two weeks of February 2022, the number of daily cases has also slowed down. At 2,38,614 cases on January 31, 2022, the 7-day moving average of daily new cases has come down for the sixth consecutive day, from 3,11,982 cases. In addition, vaccination for children in the age group of 15-18 years was also announced from January 3, 2022 onwards. The large proportion of vaccinated people is expected to aid, sustain and strengthen the economic recovery, that was observed in Fiscal 2022. This

is particularly true for contact-based services, which have been the biggest victims of the COVID-19 pandemic.

Prior to the onset of the COVID-19 pandemic, India's GDP growth slowed on account of existing vulnerabilities such as a weak financial sector and subdued private investment. However, in light of production-linked incentive ("PLI") scheme, reduction in corporate tax rate, labor law reforms together with healthy demographics and a more favorable corporate tax regime, India is expected to witness strong GDP growth when the global economy eventually recovers, supported by prudent fiscal and monetary policy.

Macroeconomic outlook for Fiscal 2023

Macro variables	FY22P	FY23P	Rationale for outlook
GDP (y-o-y)	9.2*%	7.8%	Lower growth in Fiscal 2023 is expected to be mainly due to Fiscal 2022's high base. Growth is expected to continue to be supported by investments (largely government, but also private in some areas, and driven by PLI scheme to an extent). Consumption is expected to only gradually revive.
Consumer price index (CPI) inflation (y-o-y)	5.5%	5.2%	Inflation is expected to remain elevated, namely, above RBI's midpoint target of 2-6% for the third year in a row. Firms are expected to pass on cost pressures to a greater extent as domestic demand strengthens in Fiscal 2023. While higher crude oil price is expected to add pressure, it may be partially offset by lower excise duties on petroleum products relative to last year.
10-year Government security yield (fiscal-end)	6.8%	7.0^%	Increase in gross market borrowing by the government, rate hikes by the RBI and the Federal Reserve System ("The Fed"), and surging crude oil price is expected to impose pressure on yields in Fiscal 2023.
CAD (Current account balance)/GDP (%)	-1.4%	-1.8%	The current account balance is expected to slip further into deficit as trade deficit widens, with imports increasing as Brent crude oil prices rise and domestic demand improves. External demand may not support exports in Fiscal 2023 as that in Fiscal 2022, as global growth is seen to be slowing down.
₹/\$ (March average)	75.0	76.0	The Fed's tapering of its assets purchases and raising its policy rate are expected to impose downward pressure on the rupee as demand for the dollar increases. Further, widening of the current account deficit is expected to add to the depreciation pressure on the rupee.

Note: *NSO estimate, ^ with upside risk, P – Projected

GDP TO BOUNCE BACK OVER THE MEDIUM TERM

After clawing back in Fiscal 2022, CRISIL Research forecasts India's GDP to grow at 6.0-7.0% per annum between Fiscals 2023 and 2025. This growth is expected to be supported by the following factors:

- Focus on investments rather than consumption push enhancing the productive capacity of the economy.
- The PLI scheme which aims to incentivize local manufacturing by giving volume-linked incentives to manufacturers in specified sectors.
- Raft of reform measures by the government along with a more expansionary stance of monetary policy leading to a steady pick-up in consumption demand.
- Policies aimed towards greater formalization of the economy, which are bound to lead to an acceleration in per capita income growth.

INDIA'S GDP TO RECOVER SHARPLY

India was one of the fastest growing economies in the world pre-COVID-19, with annual growth of around 6.7% between calendar years 2014 and 2019. Over the few years prior to the onset of the COVID-19 pandemic, India's macroeconomic situation had gradually improved with the twin deficits (current account and fiscal) narrowing and the growth-inflation mix improving. The Government of India adopted an inflation-targeting framework that provided an institutional mechanism for inflation control, while modernizing central banking.

While economic growth in calendar year 2020 had been dented due to COVID-19 pandemic, CRISIL Research expects the economy to rebound and India to regain its tag of one of the fastest growing economies globally in the medium-term. The IMF estimates India's GDP to grow by 9.0% in calendar year 2021 due to the lower base of calendar year 2020 and approved vaccines and policy measures. At this pace of growth, India was forecasted to be the fastest growing economies in the world in 2021. Going forward as well, IMF forecasts India's GDP to grow at a faster pace than other economies.

India is one of the fastest-growing major economies (GDP growth, % year-on-year)

Note: All forecasts refer to IMF forecasts. GDP growth is based on constant prices, Data represented is for calendar years, P: Projected

Source: IMF (World Economic Outlook – October 2021 update)

INDIA PROJECTED TO BE THE THIRD LARGEST ECONOMY IN THE WORLD BY 2030

Along with being one of the fastest growing economy in the world, India ranked fifth in the world in terms of nominal GDP in calendar year 2020. In terms of purchasing power parity (“PPP”), India is the third largest economy in the world, only after China and the United States.

With continuous growth in the GDP, India is expected to become the third largest global economy by 2030, as per the Centre for Economics and Business Research (“CEBR”). This growth in India’s GDP is expected to be driven by rapid urbanization, rising consumer aspiration and increasing digitalization coupled with Government support in the form of reforms and policies that are expected to support growth.

CONTRIBUTION OF VARIOUS SECTORS TO INDIA’S GDP

As compared to various developed economies, that witnessed a good contribution from manufacturing and industry first and subsequently in services, the Indian transformation story has been different. A notable feature of Indian economy has been the services sector’s rising contribution to the overall output of the economy. Over Fiscals 2018 to 2020, the service sector has grown at a rate of approximately 7%, thereby increasing the contribution of services sector to 65.6% in terms of Gross Value Added (“GVA”) at constant prices. In Fiscal 2021, overall GVA contracted by approximately 6.5% with industry and services sector contracting by approximately 7.4% and approximately 8.4% respectively.

BUDGET TURNS EXPANSIONARY WITH AN EYE ON MEDIUM TERM

The Union Budget 2022-23 bet big on an investment push to lift economic growth, two years and three waves into the COVID-19 pandemic. The idea is to push the growth multiplier rather than stoke consumption through direct budgetary support. For Fiscal 2023, the Indian government's revenue expenditure is budgeted to grow less than 1% after growing 2.7% in Fiscal 2022. The total capex of the Indian government (budgetary capex plus revenue grants for capital creation and capex by Central public sector enterprises) is budgeted to rise 14.5% as compared with only 3.1% in Fiscal 2022. Thus, the Indian government has tightened the belt around revenue expenditure and frontloaded infrastructure spending that is expected to lead to faster economic growth.

Among the sectors, infrastructure continues to be in the bright spot with a 30% hike in budgetary support. In addition, railways, water and green energy has also received strong impetus. The overarching picture is that the Union Budget 2022-23 sets the tone for much-needed infrastructure growth for the next 3-4 years. That is expected to help both, sustain development and create jobs. Nevertheless, implementation, which is crucial, remains the elephant in the room.

Broadly, the Union Budget 2022-23 had the below key highlights:

- **Push for Capex**

Significantly, the Union Budget 2022-23 chose to push the pedal on investment at this juncture resulting into a rise in budgetary capex which is projected to increase in Fiscal 2023. Studies highlight that the positive spill over effects of public investment only amplify during periods of uncertainty. For the Indian economy specifically, capex typically has higher multiplier effect than revenue spending, by crowding in private investment.

- **Improved spending quality**

While maintaining focus on capex, the Union Budget 2022-23 also allowed for some normalization of extraordinary spending that took place in response to the COVID-19 pandemic. In Fiscal 2023, the Indian government spending is budgeted to grow less than 1% as compared to 2.7% in Fiscal 2022. That said, it also attempts to reduce revenue spends (spending towards Mahatma Gandhi National Rural Employment Guarantee Act ("MGNREGA"), food subsidies to Food Corporation of India ("FCI")) after deducting grants for capital creation, only to support capex and provide a stimulus to the Indian economy.

- **Leg up to the manufacturing sector**

Manufacturing was in doldrums even before the COVID-19 pandemic struck and was affected in a worse manner in Fiscal 2021 along with the services sector. The Union Budget 2022-23 announced more measures to address that in continuation with the Aatmanirbhar Bharat package and the PLI scheme, such as total outlay under the PLI scheme for manufacturing of high-efficiency solar modules has been increased by ₹ 195 billion, taking it to ₹ 240 billion. The Indian government has also budgeted ₹ 74 billion under the PLI scheme across 10 sectors for Fiscal 2023. CRISIL Research estimates that the PLI scheme may entail ₹ 2.5-3.0 trillion capex and generate incremental revenue of ₹ 30-35 trillion over its tenure, auguring well for private capex recovery.

- **Continuing transparency**

In efforts to improve transparency, the Indian government has reduced its recourse to off-budget borrowings in the Union Budget 2022-23 and is gradually paying back the public sector enterprises it has borrowed from. In the past, the Indian government funded subsidies on items such as food, fertilisers, and oil by way of special bonds raised through the FCI, fertiliser companies and oil marketing companies (“OMCs”). According to the statement of liabilities, these debts are being paid down and have come down to ₹ 1.5 trillion in Fiscal 2022 from ₹ 1.6 trillion in Fiscal 2021. This is further budgeted to decline to ₹ 1.4 trillion by end of Fiscal 2023.

• An eye on medium term

A higher fiscal deficit number of 6.9% of GDP as compared to 6.8% budgeted for Fiscal 2022, a small reduction to 6.4% in the Fiscal 2023 and a gradual reduction to 4.5% by Fiscal 2026, is expected to create some room for spending in Fiscal 2022 as well over the medium term. The Indian government plans to use the additional space to drive public investments in infrastructure and also create employment.

It also tries to lift the medium-term growth potential through a sharper focus on financial sector reforms such as:

- **Deepening financial inclusion:** In another progressive step for the financial sector, the Indian government, in the Union budget 2022-23, also announced its intention to add 0.15 million post offices to the core banking system to enable financial inclusion and access to accounts through net and mobile banking, and ATMs and provide online fund transfers between post office and bank accounts
- **Extending ECLGS:** The allocation under Emergency Credit Line Guarantee Scheme (“ECLGS”) has been increased from ₹ 4.5 trillion to ₹ 5.0 trillion and the timeline for sanctions has been extended to March 2023. However, the enhancement of ₹ 500 billion has been earmarked exclusively for hospitality and related enterprises, which have been impacted the most due to the COVID-19 pandemic.

KEY GROWTH DRIVERS

India has world’s second largest population

As per Census 2011, India’s population was approximately 1.25 billion, and comprised nearly 245 million households. The population, which grew at nearly 1.5% compound annual growth rate (“CAGR”) between 2001 and 2011, is expected to increase at 1.1% CAGR between 2011 and 2021, to 1.4 billion. The population is expected to reach 1.5 billion by 2031 and number of households are expected to reach approximately 376 million over the same period.

India’s population growth trajectory

Favorable demographics

As of calendar year 2020, India has one of the largest young populations in the world, with a median age of 28 years. CRISIL Research estimates that approximately 90% of Indians are still below the age of 60 in calendar year 2021 and that 63% of them are between 15 and 59 years. In comparison, in calendar year 2020, the United States (US), China and Brazil had 77%, 83% and 86%, respectively, of their population below the age of 60.

India’s demographic dividend

Note: P: Projected

Urbanization

Urbanization is one of India's most important economic growth drivers. It is expected to drive substantial investments in infrastructure development, which in turn is expected to create jobs, develop modern consumer services and increase the ability to mobilize savings. India's urban population has been rising consistently over the decades. In 1950, it was 17% of total population. As per the 2018 revision of World Urbanization prospects, it was estimated at 34.9% for India. This is expected to reach 37.4% by 2025.

Increasing per capita GDP

Per capita income is estimated to have contracted by 8% in Fiscal 2021 compared to a growth of 2.9% in the preceding Fiscal. CRISIL Research forecasts that the per capita income will gradually improve with a pick-up in GDP growth and sustained low inflation. This is expected to be an enabler for domestic consumption. As per IMF estimates, India's per capita income (at constant prices) is expected to grow at 6.2% CAGR from Fiscals 2021-25.

Per capita income	Level in FY21 (INR thousands)		Growth at constant prices (%)									
	Current prices	Constant prices	FY13	FY14	FY15	FY16	FY17	FY18	FY19	FY20	FY21 E	FY25P
	146	100	3.3	4.6	6.2	6.7	6.8	5.7	5.8	2.9	-8.0	6.2*

Financial penetration to rise with increase in awareness of financial products

Overall literacy in India is at 77.7% as per the results of recent NSSO survey conducted from July 2017 to June 2018 which is still below the world literacy rate of 86.5%. However, according to the National Financial Literacy and Inclusion Survey ("NCFE-FLIS") 2019, only 27% of Indian population is financially literate indicating huge gap and potential for financial services industry. The survey defines financial literacy as combination of awareness, knowledge, skill, attitude and behavior necessary to make sound financial decisions and ultimately achieve individual financial wellbeing.

Overall literacy rate on the rise in India

Source: Census 2011, NSO Survey on household social consumption (2017-18), CRISIL Research

With increasing financial literacy, mobile penetration, awareness and the Prime Minister's Jan Dhan Yojana bank accounts (scheme aimed at bringing the unbanked under the formal banking system), there has been a rise in the participation of individuals from non-metro cities in banking. With more people attached to the formal banking sector, the demand for financial products in smaller cities has seen a major increase in recent years. Going forward, CRISIL Research expects financial penetration to increase on account of increasing financial literacy.

MEASURES TO COUNTER THE PANDEMIC'S IMPACT ON GROWTH

RBI goes all out to combat the crisis

The Monetary Policy Committee ("MPC") of RBI slashed the repo rate by 115 basis points ("bps") to address financial market stress in the wake of the COVID-19 pandemic and the subsequent lockdown. In an unusual move, the MPC also asymmetrically slashed the reverse repo initially by 90 bps and by another 25 bps and 40 bps subsequently. The repo and reverse repo rates stand at 4.00% and 3.35%, respectively as of June 2021. To prevent any unwarranted volatility, the MPC also increased borrowing limits under the marginal standing facility ("MSF") of the liquidity adjustment facility window from 2% to 3%. The MSF rate stands at 4.25% (down from 5.40%) as of June 2021. Further in December 2021, RBI maintained status quo on interest rates and its monetary stance as RBI believes that recovery is not yet strong enough to be self-sustainable and durable.

The RBI also announced a host of other measures to address financial market stress due to the pandemic / lockdown:

- Reducing debt-servicing burden through moratorium period:** The RBI initially permitted lending institutions to allow a moratorium of three months on repayment of instalments for term loans outstanding as on March 1, 2020 and defer interest payments due on working capital facilities outstanding. The moratorium was further extended by another three months till August 31, 2020. However, the banks were instructed to provide 10% additional provisioning for availing this benefit, which could be later adjusted against the provisioning requirements for actual slippages. These measures were intended to boost confidence in the economy and provide relief to the borrowers.
- Loan restructuring:** RBI constituted a committee which identified 26 sectors for restructuring which included aspects related to leverage, liquidity and debt serviceability to be factored by the lending institutions while finalizing resolution plans for borrowers. However, only those borrower accounts would be eligible for resolution which were classified as standard, but not in default for more than 30 days with any lending institution as on March 1, 2020.
- Enhancing liquidity:** Apart from reducing repo and reverse repo rate, RBI reduced the cash reserve ratio ("CRR") requirements of all banks by 100 bps to 3% of net demand and time liabilities ("NDTL"). Further, the minimum daily CRR balance maintenance was reduced to 80% from 90% till June 26, 2020. In view of the exceptionally high volatility in domestic financial markets, RBI also increased MSF borrowing limit from 2% to 3% of bank's NDTL up to June 30, 2020.
- Supporting financial market liquidity:** RBI initially announced targeted long-term repo operations ("TLTROs") of up to three years' tenure for a total of up to ₹ 1 trillion. Liquidity availed under the scheme by banks had to be deployed in investment grade corporate bonds, commercial paper, and non-convertible debentures. Subsequently, TLTROs worth ₹ 500 billion were announced specifically for non-banking financial companies ("NBFCs") and mutual fund institutions ("MFIs"), with 50% targeted towards small and mid-sized firms. Investments made by banks under this facility would be classified as held to maturity ("HTM"), and also be excluded under the large exposure framework.
- Pushing credit growth:** RBI decided to postpone the implementation of net stable funding ratio to April 1, 2021 to encourage banks to lend in these challenging times. Deferring the last tranche of capital conservation buffer to April 1, 2021 was also a step in the same direction. RBI also announced ₹ 500 billion refinancing facility for NABARD (₹ 250 billion), SIDBI (₹ 150 billion) and NHB (₹ 100 billion) to increase credit availability to micro-small and medium enterprises ("MSMEs") and the housing sector.

- **Addressing rupee volatility:** Banks in India which operate International Financial Services Centre banking units have been allowed to participate in the Non-Deliverable Forward (“NDF”) market with effect from June 1, 2020.
- **Regulatory changes:** With regard to the moratorium provided on loans, RBI clarified these measures would not result in asset quality downgrade, nor would it affect the credit history of borrower.
- **Measures during second wave of COVID-19:** In May 2021, RBI announced several measures to protect small and medium businesses and individual borrowers from the adverse impact of the intense second wave of COVID-19 across the country. Resolution framework 2.0 was announced wherein individuals and MSMEs having aggregate loan exposure of up to ₹ 250 million, who have not availed restructuring under any of the earlier restructuring frameworks (including under the Resolution Framework 1.0 dated August 6, 2020), and who were classified as ‘Standard’ as on March 31, 2021, were allowed to restructure their loans. Restructuring under the proposed framework could be invoked up to September 30, 2021 and had to be implemented within 90 days after invocation. Further, for small businesses and MSMEs restructured earlier, banks and NBFCs had also been permitted, as a one-time measure, to review the working capital sanctioned limits, based on a reassessment of, among other things, the working capital cycle and margins. RBI also permitted modification of plans under Resolution framework 1.0 by increasing the period of moratorium and/or extending the residual tenor up to a total of 2 years.

Additionally, RBI incentivized small finance banks (“SFBs”) to increase credit flow to small borrowers in two ways: one, by opening a special long-term repo operation (“SLTRO”) window of ₹ 100 billion for SFBs to extend loans of up to ₹ 1 million to individuals and small businesses; and two, by classifying on-lending by SFBs to small MFIs with assets as less than ₹ 5 billion as priority sector lending. The facility was available till December 31, 2021 and the RBI held an auction every month for this facility. Only ₹ 16.4 billion was auctioned out of the 100 billion facility, until September 2021. This was primarily due to the ample liquidity with the SFBs owing to lower credit demand in Fiscal 2021.

In June 2021, RBI further enhanced the exposure limit for availing restructuring under Resolution framework 2.0 from ₹ 250 million to ₹ 500 million.

‘Aatmanirbhar’ package is a timely relief amid the COVID-19 pandemic

Liquidity boost for NBFCs

The Indian government announced a ₹ 450 billion partial guarantee scheme (for NBFCs) and ₹ 300 billion special liquidity scheme for NBFCs, housing finance companies (“HFCs”) and MFIs, aimed at covering the concern of credit risk perception on mid and small size non-banks.

ECLGS for MSMEs (₹ 4.5 trillion)

Banks and NBFCs are directed to offer up to 20% of entire outstanding credit to MSMEs. MSMEs with up to ₹ 250 million outstanding credits and ₹ 1 billion turnover are eligible for these loans. It will have four-year tenure with a moratorium of 12 months on principal payment and can be now availed till March 31, 2022. In June 2021, the Indian government increased the overall admissible guarantee limit from ₹ 3.0 trillion to ₹ 4.5 trillion. The Indian government will provide complete credit guarantee cover to lenders on principal and interest amount.

Subordinated debt to MSMEs (₹ 200 billion)

The Indian government is also facilitating the provision of ₹ 200 billion as subordinate debt for stressed assets of MSMEs. It will also provide ₹ 40 billion as partial credit guarantee support to banks for lending to MSMEs.

Equity infusion in MSMEs (₹ 500 billion)

The Indian government has committed to infuse ₹ 500 billion in equity of MSMEs having growth potential and viability. It will also encourage MSMEs to list on stock exchanges.

Clearing MSME dues; guarantee scheme

The Indian government has requested central public sector enterprises to release all pending MSME payments within 45 days. It will boost transaction-based lending by fintech enterprises. Under the ECLGS, banks will offer ₹ 3 trillion government guaranteed loans to MSME borrowers that are not non-performing assets (“NPAs”) to address short-term liquidity concerns and boost the MSME sector.

Global tenders disallowed up to ₹ 2 billion

The Indian government will not allow foreign companies in government procurement tenders of value up to ₹ 2 billion. This is likely to ease the competition faced by the MSMEs against foreign companies.

Loan interest subvention scheme (₹ 15 billion)

Under this scheme, the Indian government has provided 2% interest subvention for loans given under Mudra-Shishu scheme. These loans are up to the ticket size of ₹ 50,000 and are mostly given by NBFC-MFIs that benefit low-income groups customers.

Special credit facility for street vendors (₹ 50 billion)

The Indian government announced this scheme to facilitate easy access of credit to street vendors to offset the adverse effect of pandemic on their livelihoods.

‘Aatmanirbhar 3.0’ stimulus package rolled out to boost economy in November 2020

The finance minister, on November 12, 2020, announced a stimulus package amounting to ₹ 2.65 trillion. Under the package, 12 stimulus measures were rolled out to, among other things, boost employment in the formal and informal economy, help housing infrastructure, enhance ease of doing business and extend the deadline for ECLGS. The announcement was made a day after the Indian government announced new production-linked incentives under another ₹ 2 trillion PLI Scheme for 10 major manufacturing sectors. The Indian government also announced some fresh projects, collaterally boosting employment in the country.

An additional outlay of ₹ 180 billion for PM Awaas Yojana (PMAY) Urban was announced, which will help ground 1.2 million houses and complete 1.8 million houses. The move is expected to create additional 7.8 million jobs and improve production and sale of steel and cement, resulting in a multiplier effect on the economy. Stimulus packages worth ₹ 2.65 trillion were announced by the Government.

Scope of ECLGS Scheme further expanded post the COVID-19 second wave

In September 2021, with a view to support various businesses impacted by the second wave of COVID-19 pandemic, the timeline for ECLGS has been extended till March 2022 or till guarantees for an amount of ₹ 4.5 lakh crore are issued under the scheme, whichever is earlier. Further, the last date of disbursement under the scheme has also been extended to June 2022. As of September 24, 2021, loans sanctioned have crossed ₹ 2.86 trillion under the scheme.

In June 2021, the government increased the overall admissible guarantee limit from ₹ 3.0 trillion to ₹ 4.5 trillion. In addition, the limit of admissible guarantee and outstanding loan amount was increased from 20% to 40% for COVID-19 affected sectors like hospitality sector, travel and tourism sector, leisure and sporting sector and civil aviation sector, subject to a maximum of ₹ 200 crore per borrower.

Earlier, in May 2021, the Government announced the following further modifications to the ECLGS scheme:

- The scope was expanded to cover loans up to ₹ 20 million to hospitals/nursing homes/clinics/medical colleges for setting up on-site oxygen generation plants with interest rate capped at 7.5%
- Additional ECLGS assistance of up to 10% of the outstanding loans as on February 29, 2020 was allowed to borrowers covered under ECLGS 1.0
- Civil aviation sector was included in the list of sectors covered
- Ceiling of ₹ 5 billion of loan outstanding for eligibility under ECLGS 3.0 was removed, subject to maximum additional ECLGS assistance to each borrower being limited to 40% or ₹ 2 billion, whichever was lower
- Borrowers who had availed loans under ECLGS 1.0 of overall tenure of 4 years comprising of repayment of interest only during the first 12 months with repayment of principal and interest in 36 months were allowed to increase the tenure to 5 years (repayment of interest only for the first 24 months with repayment of principal and interest in 36 months thereafter)

Earlier, in March 2021, the Government had made the following modifications to the scheme

- The scope of ECLGS was expanded to cover business enterprises in hospitality, travel and tourism, leisure and sporting sectors which had, as on February 29, 2020, total credit outstanding not exceeding ₹ 5 billion and were less than or equal to 60 days past due (“dpd”) as on that date.
- The validity of ECLGS was extended up to June 30, 2021 or till guarantees for an amount of ₹ 3 trillion were issued.

KEY STRUCTURAL REFORMS: LONG-TERM POSITIVES FOR THE INDIAN ECONOMY

- Financial inclusion improved significantly with the help of schemes like Pradhan Mantri Jan Dhan Yojana (“PMJDY”), Pradhan Mantri Jeevan Jyoti Bima Yojana (“PMJJBY”) and Pradhan Mantri Suraksha Bima Yojana (“PMSBY”).

- GST has spawned structural changes in the supply chain and logistics network in the country which ensures that more players in the supply chain come under the tax ambit. The GST regime has been stabilizing fast and is expected to bring more transparency and formalization, eventually leading to higher economic growth.
- PLI Scheme aims to spawn a handful of globally competitive large-scale manufacturing units in the identified sectors. Furthermore, the Government also hopes to reduce India's dependence on raw material imports from China. The PLI Scheme is expected to provide a boost to economic growth over the medium-term and create more employment opportunities as many of these sectors are labor intensive in nature.
- Real Estate (Regulation and Development) Act, 2016 (“**RERA**”) has prompted developers to explore affordable housing as a new area. Over the next few years, about half of the incremental supply being added in urban stock is expected to be through affordable housing for the next few years. Additionally, formalization of the industry is likely to bring in more transparency, thereby increasing customer demand.
- The Insolvency and Bankruptcy Code (“**IBC**”) is a reform that will structurally strengthen the identification and resolution of insolvency in India. It attempts to simplify legal processes, preserve value for creditors and provide them with greater certainty of outcome. With this reform, the RBI has sent a strong signal to borrowers to adhere to credit discipline and encourage banks to break resolution deadlocks by introducing definite timelines. IBC will enhance investors' confidence when investing in India.
- On September 20, 2019, the finance minister announced Taxation Laws (Amendment) Ordinance, 2019 to make certain amendments in the Income Tax Act, 1961, to allow any domestic company the option to pay income tax at the rate of 22%, subject to the condition that they will not avail of any exemption/incentive. The amendments could boost the capital base of the financial institutions and help revive growth in the financial services sector, which has been battling with high NPAs, increasing defaults and liquidity concerns.

CREDIT PENETRATION IS LOWER IN INDIA COMPARED TO OTHER COUNTRIES

In terms of the credit to GDP ratio, India has a low credit penetration compared with other developing countries, such as China indicating that the potential that can be tapped. Similarly, in terms of credit to households as a proportion of GDP as well, India lags other markets, with retail credit hovering at around 22% of GDP as of Fiscal 2021.

Credit to GDP ratio (%)

Note: Data is represented for calendar years for all countries except India. For India, numbers are for fiscal year 2021.

Source: Bank of International Settlements, CRISIL Research

Delhi, Maharashtra and Chandigarh have a higher credit penetration compared to other states

Delhi, Maharashtra and Chandigarh have a credit to GDP ratio of more than 100% which indicates that credit penetration in the state is higher as compared to other states in the country. In terms of credit growth, Manipur has witnessed highest CAGR of 24% followed by Meghalaya (18%), Tripura (17%), Andhra Pradesh (16%), Nagaland (16%) and Sikkim (16%) between FY16 to FY21. Amongst the major states, the asset quality in states such as Andhra Pradesh (including Telangana), Rajasthan and Kerala is better as compared to other states. In states such as Maharashtra and Karnataka, the asset quality is slightly worse compared to Andhra Pradesh and Rajasthan, but is better than the country average.

State-wise credit analysis

States	Real GDP (FY2021) Rs. Bn	Share in India's GDP	Credit penetration	Credit Growth (FY16-21)
Maharashtra*	28,186	13.44%	103%	5%

RETAIL CREDIT MARKET TO GROW AT A HEALTHY PACE AND REMAIN PROFITABLE

Over last few years, retail credit grew at a strong pace from ₹ 22 trillion in Fiscal 2016 to ₹ 40 trillion in Fiscal 2020 and it constituted 27% of total systemic credit in India. The credit gap is much larger in case of Emerging Self-Employed Individuals ("ESEIs"). In Fiscal 2020, retail credit growth was around 13.5% and is estimated to have come down sharply to approximately 2% in Fiscal 2021 due to significant decrease in underlying assets (new housing units, passenger and commercial vehicles and consumer durables), which has restricted growth of retail loans.

However, as the economy revives, retail credit is expected to grow around 11-13% in Fiscal 2022 and further log a CAGR of approximately 14% between Fiscals 2021 and 2024. It is likely to be propelled by an increase in private consumption with a steady rise in GDP growth, a shift in attitude of consumers towards debt, the continuing trend of urbanization and nuclearization, increased availability of data from credit bureaus as well as non-traditional data and financiers leveraging technology and data analytics to serve their target markets more efficiently. In addition, CRISIL Research sees that despite fast growth in retail credit, India's household debt in relation to its GDP still remains low at 22% compared with the BRICS countries – 30% in Brazil, and 55% in China.

From a profitability perspective as well, retail lending is an attractive proposition with NBFCs across various asset classes being able to earn fairly healthy return on assets over the course of a business cycle.

Given that the market is large, has good growth prospects, is under penetrated and profitable, CRISIL Research expects retail credit to continue to remain a key focus area for banks and NBFCs.

Retail credit growth to continue on a strong footing

Retail segment accounts for over one-fourth of overall systemic credit

India most underpenetrated in terms of retail credit indicating significant potential for growth

Retail lending is profitable for NBFCs across various asset classes as indicated by their Return on Assets

Note: E- Estimated; P- Projected, above retail credit market includes housing finance, Auto finance, microfinance, gold loans, construction equipment finance, consumer durable finance, MSME loans and education loans

For countries except India, data is represented for calendar years. For India, data represented is for fiscal year 2021.

Source: RBI, Bank of International Settlements, Company reports, CRISIL Research

Factors that will support retail credit growth

Source: CRISIL Research

HOUSEHOLD SAVINGS TO INCREASE

India's slowing economy took a toll on much-needed savings too, with the savings rate touching a 15-year low in Fiscal 2019 to 30.6%, and household savings also falling. Indian households contributed to about 62% of the country's savings in fiscal 2020. However, India remains favorable in terms of gross domestic savings rate compared with most other emerging market peers.

Gross Domestic Savings rate: India vs other countries (CY 2020)

Note: Gross Domestic Saving consists of savings of household sector, private corporate sector and public sector, (*) Data for CY 2019, (^) Data as of March 2021

Source: World Bank, Handbook of Statistics on Indian Economy 2020-21, RBI, MOSPI, CRISIL Research

According to World Bank, the savings rate, or the proportion of gross domestic savings (“GDS”) to GDP in the Indian economy has trended down in the past decade. India's GDS peaked at 36.8% of GDP in Fiscal 2008 and dipped to 32.0% in Fiscal 2009. That was largely on account of a sharp slowdown in public savings, as the Government resorted to Fiscal stimulus to address the external shock from global financial crisis (GFC).

Specifically, household savings as a percentage of GDP has been sliding since Fiscal 2012, with its share as a proportion of GDP falling significantly from 23.6% in Fiscal 2012 to 18.0% in Fiscal 2016. The household savings as percentage of GDP rose to 19.6% Fiscal 2020.

Household savings as a percentage of GDP has increased marginally in Fiscal 2020

Note: E- Estimated

Source: Ministry of Statistics and Programme Implementation (MOSPI), RBI, CRISIL Research

Household savings growth

Note: The data is for financial year ending March 31

Source: MOSPI, CRISIL Research

CRISIL Research expects India to continue being a high savings economy. CRISIL Research is also sanguine on savings rate increasing in the medium-term, as households become more focused post the pandemic-induced uncertainty on creating a nest egg for the future.

Physical assets still account for majority of the savings

Unlike most other countries, where financial savings account for a significant proportion of savings, physical assets in the form of real estate, gold and silver still account for the majority of household savings in India.

Source: Report of the Household Finance Committee, RBI, CRISIL Research

Although households' savings in physical assets has declined to 59% in Fiscal 2020 from 69% in Fiscal 2012, it constitutes a major share in overall savings. On the other hand, financial savings have witnessed an uptrend to 41% in Fiscal 2020 from 31% in Fiscal 2012.

With volatility in the financial markets post-COVID-19 and the prevalent lower rates of return in the fixed income products on account of accommodative stance of RBI, some proportion of savings is expected to continue to remain in the physical assets. In the long-term, with increase in financial literacy, CRISIL Research expects the share of financial assets as a proportion of net household savings to increase over the next five years, thereby boosting investments in assets such as insurance and mutual funds.

Note: The data is for financial year ending March 31

Source: Handbook of Statistics on Indian Economy 2018-19, RBI, MOSPI, CRISIL Research

As of March 2011, Indian households had gold stock of around 19,000 to 20,000 tons. As of March 2021, the gold stock increased to 26,000-27,000 tons, of which just around 7% is pledged with financiers, as per CRISIL Research estimates.

India has world's largest private gold holdings

Source: BullionStar (<https://www.bullionstar.com>), CRISIL Research estimates

As more and more households become more open to monetizing their gold holdings to meet either personal or business needs and the ease of obtaining a gold loan improves, the addressable market for financiers would expand significantly. At the average market price of ₹ 46,579 per 10 grams of gold in September 2021, monetizing even 20% of the gold stock in the form of a loan at a 70% loan-to-value ratio (“LTV”) is expected to lead to a ₹ 17.6 trillion market opportunity for financiers.

NBFC OVERVIEW

CONSTITUENTS OF NBFC INDUSTRY IN INDIA

The Indian financial system includes banks and NBFCs. Though the banking system dominates financial services, NBFCs have grown in importance by carving a niche for themselves by catering to customers in underbanked regions or those who would not be catered to by traditional financial institutions, due to absence of credit history or lack of proper collateral records.

Classification of NBFCs

NBFCs are classified on the basis of liabilities into two broad categories: a) deposit-taking; and b) non-deposit-taking. Deposit-taking NBFCs (“NBFC-D”) are subject to requirements of capital adequacy, liquid assets maintenance, exposure norms, etc.

Further, in 2015, non-deposit-taking NBFCs with an asset size of ₹ 500 crore and above were labelled as ‘systemically important non-deposit taking NBFCs’ (“NBFC-ND-SI”) and separate prudential regulations were made applicable to them.

RBI new norms could lead to spike in NPAs for NBFCs

In November 2021, the RBI gave a clarification to the ‘Prudential norms on Income Recognition, Asset classification and Provisioning pertaining to Advances’, which requires the NBFCs to recognize NPAs on a daily due basis as part of their day-end process which is expected to lead to higher Gross NPA (“GNPAs”). Typically, the NBFCs ramp up their collection activity between due-date and month-end, leading to lower dues by end of month. This flexibility will no longer be available to the NBFCs which could cause some proportion of loans in the 60-90 day period category to slip into over 90 days period category. In addition to the end of the day recognition, the RBI has also clarified that upgradation of an account from NPA to standard category can only be done after all overdues are cleared (principal + interest), resulting in a borrower slipping into the NPA category to remain in the same category for longer time as compared to the past. These norms are expected to push up reported NPAs across categories and asset class for NBFCs, as compared to that in March 2021.

SYSTEMIC CREDIT GROWTH TO REVIVE IN FISCAL 2022 AND 2023

Corporate credit determines the growth in overall credit as it accounts for nearly two-third of systemic credit. Overall systemic non-retail credit grew by approximately 9% in Fiscal 2019, mainly driven by public sector undertakings and energy sector (oil and gas and power generation and distribution). The corporate credit of banks grew by approximately 3% on-year as of March 2019, as demand dropped sharply, and alternate capital market channels opened up. The financial sector, which was already reeling under the NBFC liquidity crisis, saw financial institutions turn cautious towards corporate lending and shift their focus towards the retail segment. While this shift has caused retail credit to drive overall credit growth, it witnessed a slowdown in growth from 18% in Fiscal 2018 to 15% in Fiscal 2019 on account of a slump in consumption. The slowdown in economic activity, coupled with heightened risk aversion among lenders, further tightened the overall credit growth to approximately 6% in Fiscal 2020. Retail credit grew by 13.5% in Fiscal 2020.

Overall systemic credit growth took a hit in first half of Fiscal 2021 on account of a significant slowdown in retail credit and

intensifying COVID -19 pandemic which triggered a national lockdown. The COVID-19 pandemic came as a jolt for an already slowing economy with a decadal low growth in GDP, low private consumption, cautious lending by financial institutions, poor capex, and in turn, weakening credit growth. However, with a slew of government and regulatory measures announced, Indian economy started to revive in the second half of the Fiscal. In Fiscal 2021, credit grew by approximately 6% supported by disbursements to MSMEs under the ECLGS and an uptick in economic activity post the COVID-19 lockdown.

In Fiscal 2022, CRISIL Research expects the systemic credit growth to pick up further steam despite the second wave of COVID-19 hurting economic growth in the first quarter of the Fiscal. This is as a result of the budgetary push towards investments, some pick-up in private investment, and business activity also slowly humming back to pre-COVID-19 levels. CRISIL Research projects systemic credit growth to be around 8-10% level in Fiscal 2022. In Fiscal 2023, CRISIL Research projects systemic credit growth to be in-line with expected nominal GDP growth.

Systemic growth to bounce back in Fiscal 2022 and 2023

Note: P- Projected; Systemic credit includes domestic banking credit, NBFC credit, commercial papers, external borrowings, corporate bonds excluding those issued by Banks and NBFC

Source: RBI, Company Reports, CRISIL Research

While systemic credit in India grew at a tepid rate of 10% annually between Fiscals 2016 and 2019, systemic retail credit grew at a much faster rate of 17% CAGR during the same period. According to RBI Financial Stability Report July 1, 2021, retail credit growth in Fiscal 2020 was around approximately 13-15% and it came down to approximately 10-11% in Fiscal 2021. CRISIL Research thus expects retail credit growth to continue in the long term with banks and NBFCs' continued focus towards the segment.

Retail segment accounts for over one-fourth of overall systemic credit (%) Retail credit growth to continue on a strong footing

Home loans account for 50% of overall retail loans at end of fiscal 2021

Housing finance accounts for half of overall retail loans in the country followed by Auto loans (18%) and Personal loan (15%). Gold loan, which has gained popularity since 2008, accounts for 11% of overall retail loans in Fiscal 2021.

Retail credit mix as of fiscal 2021

Source: RBI; CRISIL Research

NBFC credit to move marginally faster than systemic credit

Over the past decade, banking credit growth lagged systemic credit growth for several years as NBFCs grew at a much faster pace. However, the NBFCs suffered a blow after IL&FS defaulted in September 2018. NBFCs not having the advantage of size, rating and/or parentage had to grapple with a liquidity crisis and as raising funding became difficult. Initially, post the IL&FS crisis, banks were expected to fill the space left out by NBFCs. However, with slower economic growth and muted private capex, banking credit growth remained low at approximately 6% in Fiscal 2020.

In Q4FY20 and Q1FY21, with the outbreak COVID -19 pandemic, challenges had intensified for both banks and NBFCs. NBFCs were hit harder in terms of demand and they also turned cautious as they lend to borrowers with relatively weaker credit profile. In the second half of Fiscal 2021, the Indian economy showed signs of improvement, the effect of which was seen in the credit growth.

At the end of Fiscal 2021, the overall banking credit grew by approximately 5.4% on year while NBFCs witnessed a growth of 8.8% during the same period. In Fiscal 2022, the second wave of the COVID-19 pandemic led to weak demand for credit in the first quarter of the year. However, the pace of credit has now recovered, with overall banking credit growing by 6.7% and retail credit by banks increasing by 12.1% on-year as of September 2021. Further, high frequency indicators point out that economic activity and consumer spending is slowly returning back to pre-COVID-19 levels. Going forward, with the effect of COVID-19 waning, vaccination coverage progressively improving, the situation and growth is expected to improve further, leading to banking credit growth of 9-10% and NBFC credit growth of 11-12% respectively, between Fiscals 2021 and 2025.

Retail segment to support NBFCs overall credit growth

The NBFC sector has, over the years, evolved considerably in terms of size, operations, technological sophistication and entry into newer areas of financial services and products. The number of NBFCs as well as the size of the sector have grown significantly, with a number of players with heterogeneous business models starting operations.

Over the last few years, CRISIL Research has seen a transformation in the Indian financial services landscape. The increasing penetration of neo-banking, digital authentication and mobile phone usage as well as mobile internet has resulted in the modularization of financial services, particularly credit.

The sector has also seen the emergence of a number of financial technology entities (“fintechs”) that leverage technology, data, and business insights to provide various financial products and services to identified customer segments. Fintech players in India started lending in Fiscal 2015 but they started gaining traction from Fiscal 2017 onwards. The business model of fintech firms differ widely but in almost all cases they use technology to change or support existing way of doing business, and hold the promise of enhancing customer convenience, facilitating access to credit for unserved or underserved customer segments and/or improving operating efficiency. Many times, fintechs enter into tie-ups with financing partners (banks and NBFCs) for

taking the loans originated by them on the balance sheet of the partner.

Reflecting the growing importance of NBFCs in the financial services landscape and their ability to offer differentiated solutions to meet the requirement of target customers, the market share of NBFCs in overall systemic credit has increased from 16% in Fiscal 2015 to 20% in Fiscal 2021.

The most important monitorable for NBFCs over the course of Fiscal 2022 and Fiscal 2023 would be how asset quality pans out. The trend in monthly collection efficiency ratio (total collections excluding foreclosures divided by scheduled billings unadjusted for moratorium) (“MCR”) shows a marked improvement in collections post the second COVID-19 wave ebbing in June 2021. However, it is important that the momentum is sustained and there is no resurgence of COVID-19 that strikes NBFCs.

In Fiscal 2022, with a rebound in GDP growth, CRISIL Research foresees disbursements of NBFCs gaining further traction. CRISIL Research forecasts approximately 6% growth in NBFC assets during the year, which would still be lower than nominal GDP growth, which is expected to be in the mid-teens. This is because access to funding in a timely manner and at competitive costs remains challenging, especially for smaller and mid-sized NBFCs, and concerns linger over the impact of the COVID-19 pandemic on asset quality.

The industry will also continue to witness the emergence of newer NBFCs catering to specific customer segments. The COVID-19 pandemic and consequent acceleration in both adoption of technology and change in consumer habits as well as increasing availability of data for credit decision-making has made it possible to build an NBFC lending business without investing large sums to have brick-and-mortar presence on the ground.

Overall, between Fiscal 2021 to Fiscal 2025, CRISIL Research forecasts NBFC credit to grow at a CAGR of 9-11%. Retail credit given out by NBFCs is forecast to grow at a faster CAGR of 12-14% over the same time period.

Gold loan and non-gold loans being counter cyclical in nature

Most lenders tend to be pro-cyclical, lending aggressively during good times and pulling back during periods of distress and

slowdown in economic growth. Small businesses and enterprises especially find it tough to get credit during periods of economic downturn as established lenders tend to tighten their underwriting standards. One asset class that tends to see healthy growth when the economy or other loan segments are not doing well is gold-backed lending. As lenders become more cautious and stringent due to slowdown in economy, gold loans serve as a quick, easy and convenient avenue to fund short-term needs of customers. For example, during Fiscal 2020 and Fiscal 2021, when growth for diversified NBFCs witnessed sharp decline, gold loan NBFCs witnessed strong double-digit year-on-year (“y-o-y”) growth of over 20% during the same period. This counter cyclical nature of gold loans provides cushion and acts as an active hedge for overall growth of NBFCs which have a good portfolio mix of gold loans and other loans.

NBFCs have a reasonable market share across segments

NBFCs have consistently gained or maintained market share across most asset classes over the last few years. Though, in certain segments such as housing finance to prime customers, they have lost market share to banks due to the decline in market interest rates. In the gold loans market, NBFCs slightly lost market share in Fiscal 2021 due to increasing focus of banks (both public and private) towards gold loans as well as RBI permitting banks to offer gold loans at a higher LTV amidst the COVID -19 pandemic. Nevertheless, NBFCs continue to have a fairly healthy market share across segments.

NBFCs have been able to compete with banks mainly on account of their strong origination skills, extensive reach, better customer service, faster processing, fewer documentation requirements, digitalization of customer on-boarding process, customized product offerings, local knowledge, and differentiated credit appraisal methodology. Furthermore, by catering to under-banked, lower income and mass-market customers who are unserved or underserved by banks, NBFCs have enhanced financial inclusion and expanded the market for formal financial services. The rapid evolution of fintechs over the last few years has added another dimension to the market served by NBFCs and has fueled rapid growth across the landscape.

ADEQUATE LIQUIDITY ON BALANCE SHEET; ACCESS TO FUNDING TO BE CRITICAL DIFFERENTIATOR AMONG PLAYERS IN NBFC UNIVERSE

NBFCs' borrowing mix has been changing over the past couple of years. Capital market investors have become cautious given the challenging environment and concerns over the asset quality. Investors' risk perception has increased significantly towards players with negative asset liability management mismatch. On the other hand, players with diversified sources of borrowings, and conservative approach to asset-liability management (“ALM”) have been able to overcome the severe liquidity crunch and volatile interest rates following IL&FS crisis. Therefore, access to the capital markets has been restricted to limited players, with others moving towards bank borrowings, larger NBFCs, SFBs and overseas debt investors to meet their requirement.

This has resulted in reduction in share of Commercial Papers (“CPs”) and non-convertible debentures (“NCDs”) and a corresponding increase in banks borrowings during Fiscal 2019 to Fiscal 2021. Furthermore, only those NBFCs with large balance sheets or parentage have been able to access the capital market funds.

During Fiscal 2020, NBFCs (excluding government owned large NBFCs or financial institutions) with a long-term credit rating of AA or above accounted for 90% of the ₹ 2.0 trillion raised by NBFCs from the bond market. In Fiscal 2021 as well, despite the support provided by RBI and the government, through TLTRO and partial credit guarantee, the scenario did not change significantly with such highly rated NBFCs accounting for 90% of the ₹ 2.2 trillion raised during this period.

NCDs accounted for 47% of the resources mix of NBFCs as of September 2018, but by March 2021, the proportion of NCDs came down to around 43%. Similarly, the share of CPs in the resources mix of NBFCs also decreased from 9% as of September 2018 to 4% as of March 2021.

Total bank borrowings increased from ₹ 6 trillion as of March 2018 to ₹ 8 trillion as of March 2020. By March 2021, bank credit to NBFCs increased to ₹ 8.7 trillion.

Although liquidity conditions have somewhat eased for NBFCs and quantum of funds raised through CPs have also increased due to the soft interest rates, funding access, especially debt capital, for smaller and medium size NBFCs continues to be fairly challenging. The recent RBI action on SREI group has also slightly aggravated the risk perception of debt investors, especially in cases of NBFCs facing challenges in respect of asset quality, governance or capital position. Funding access should, however, gradually improve for NBFCs who are able to demonstrate strong performance. Consequently, the reliance on bank funding and funding from other NBFCs and small finance banks is expected to remain in high.

Banks expected to remain primary lenders for the NBFCs

Significant headroom for growth for NBFCs with access to funding at competitive costs

The developments over the last 3 years since the IL&FS crisis has clearly brought out the importance of continued access to funding at competitive costs for NBFCs. The key determinants of funding access in the current milieu are size, track record, credit rating and parentage as well as the ability to raise equity funding to control leverage. CRISIL Research's analysis of trends over the past decade indicate that NBFCs promoted by private banks and large NBFCs (the top 15 NBFCs by book size as of March 2021) have been able to consistently grow across market cycles. Cumulatively, these NBFCs accounted for approximately 81% of the NBFC loan book as of March 2021.

Increasing credit cost, partially offset by lower borrowing cost, to impact overall profitability

The profitability indicators of NBFCs— return on assets (“RoA”), return on equity (“RoE”) and net interest margin (“NIM”) decreased in Fiscal 2019. In Fiscal 2020, RoE further decreased to 5.3% from 6.6% in Fiscal 2019 reflecting the stress in the sector.

Fiscal 2021 witnessed lower interest income on account of lower yields. Lower yields, in turn, along with the higher credit cost on account of COVID-19 pandemic-related provisioning (including 10% regulatory provision on restructured book), led to a fall in profitability. Additionally, intense competition from banks impacted the margins, driving down yields. However, lower borrowing cost and reducing operating expenses overall helped the profitability of NBFCs.

With credit costs expected to marginally decline in housing, gold and microfinance segments in Fiscal 2022, the RoA is expected to marginally improve.

RoA of NBFCs across different asset class

DIGITIZATION TRENDS

Over the last few years, NBFCs have been increasingly adopting business and operational models, powered by technologies, that seamlessly facilitate execution of tailored products and services. Investing in new technologies and strategic partnerships with incumbent financial institutions and fintechs has allowed NBFCs to lower their costs while enhancing their customer base

¹ Top 15 NBFCs - HDFC Limited, REC Limited, PFC Limited, LIC Housing Finance, Bajaj Finance, Shriram Transport Finance, L&T Finance, Tata Capital, HUDCO Limited, Mahindra and Mahindra Finance, Cholamandam Investment and Finance, Indiabulls Housing Finance, PNB Housing Finance, Muthoot Finance and Aditya Birla Finance

and servicing existing customers. According to the Working Group Report on Digital Lending issued by the RBI, the share of loans disbursed in terms of value by NBFCs through digital channels has increased from 6.3% in Fiscal 2017 to 30.3% in Fiscal 2020 which shows the increasing diffusion and adoption of digital technologies in the credit ecosystem. The major products disbursed digitally by NBFCs are personal loans followed by loans under 'other' category which mostly comprise of consumer finance loans.

CO-LENDING MODEL TO ENHANCE BUSINESS OPPORTUNITIES FOR NBFCs

Co-lending model ("CLM") refers to an arrangement between two parties wherein one of the parties agrees to take over a larger proportion of the loan (usually 80% in CLM and 100% in case of loans originated by business correspondents ("BCs")) originated by another party on its books, with the originator taking on the remaining (usually 20% in CLM) on its books. The collections and all the other activities pertaining to the loan are generally done by the originator. This model allows smaller NBFCs to cater to a larger customer base with lesser capital by leveraging the larger balance sheet of their partners. The co-lending model has not yet achieved significant size or scale. This can be largely attributed to initial teething challenges over the execution of co-lending arrangements and legal and technology related challenges over the risk-sharing arrangement at the time of on-boarding the customers. However, with the RBI putting in place a framework for co-lending in November 2020 and several NBFCs facing challenges in accessing capital, CRISIL Research expects the model to gain traction over the next 3-4 years.

GOLD LOANS

Snapshot of Gold loans market

Gold loans are typically small ticket, short duration, convenient and instant credit. While the industry has been around for several decades with local financiers and moneylenders extending finance against gold, especially in semi-urban and rural areas, the industry has witnessed a spurt in organized financiers offering gold loans since 2008 with the specialized gold loan NBFCs expanding their branch network and making available loans in a very easy and consumer friendly manner by putting in place strong systems and processes. Though moneylenders and pawn brokers understand the psyche of local borrowers and offer immediate liquidity without any documentation formalities, customers are left vulnerable to exploitation, due to the absence of regulatory oversight. Such players also give lower LTV ratio compared with organized ones while charging exuberantly high interest.

As banks and NBFCs aggressively moved in to seize this vast untapped market, they cornered a significant market share from unorganized lenders, growing at a CAGR of 76% between Fiscals 2009 and 2012. Sustained increase in gold price till 2012 also supported the gold loan business boom in India. In such a scenario, customers would be offered higher loan amounts on their gold, while lenders would benefit by price increases acting as a natural hedge, in the event of default.

The high growth in the NBFCs' gold loan offtake because of high LTVs, the speed at which the NBFCs opened branches, the decline in the CARs of NBFCs offering gold loans and increase in gold prices alarmed the RBI, leading to a slew of regulatory steps being taken. The measures included capping the LTV of gold loans at 60% (which was subsequently increased to 75% in January 2014), prohibiting grant of loans against bullion and gold coins, standardization of the value of gold while calculating the LTV ratio and streamlining the process for auctioning gold. Furthermore, NBFCs were directed to disburse gold loans of greater than ₹ 1,00,000 ticket size through cheques only. The RBI also directed that if the loans extended by a NBFC comprise 50% or more of its financial assets, it shall maintain a minimum Tier-1 capital of 12% by April 01, 2014. These measures derailed the growth of NBFCs gold loan offtake for a brief period of time and they lost considerable ground to banks.

Gold loans market has witnessed consistent growth over the last decade

As can be witnessed from the chart below, the industry has witnessed consistent growth over the last decade, even as gold prices have seen periodic fluctuations. As of March 2021, CRISIL Research estimated the outstanding value of loans given out by organized financiers', namely banks and NBFCs, to be ₹ 4.7 trillion, with NBFCs accounting for one-quarter of the market.

Gold loans have grown at a CAGR of 19% over the last decade

Note: Includes agriculture lending by banks with gold as collateral

Source: CRISIL Research

Gold loans have grown at a strong pace in Fiscals 2021; expected to grow at 13% CAGR between Fiscal 2021 and 2025

In Fiscal 2020, gold loan industry (including banks and NBFCs) assets under management (“AUM”) grew by approximately 13.4% y-o-y to reach ₹ 3.3 trillion on account of increased focus of players on diversifying their regional presence, strong growth in non-Southern regions in India and rise in gold prices by approximately 19% in Fiscal 2020 along with the convenience provided by the short turnaround time in disbursing gold loans.

In Fiscal 2021, the demand for gold loan finance witnessed a massive spurt in AUM from ₹ 3.3 trillion to ₹ 4.7 trillion, as India’s economy coped with the devastating effect of COVID-19 pandemic supported by player’s continued focus to acquire unorganized gold loan market by means of awareness and diversifying their regional presence with the help of branch as well as digital channels. Many consumers, who had gold stock and ornaments lying with them, considered gold loans as an option to meet their credit requirements during this period. The demand for gold loans was also supported by a consistent surge in gold price, liquidity crunch in the immediate aftermath of the pandemic and lenders’ hesitancy to give unsecured loans due to risk aversion. The RBI also revisited its guidelines for banks’ lending gold loans by increasing the maximum LTV allowed to 90% from existing 75% for non-agricultural gold loans extended during August 2020 to March 2021 to help stressed borrowers to unlock more value.

From an average of ₹ 41,884 per 10 grams in Fiscal 2020, gold prices rose to ₹ 53,063 per 10 grams in August 2020 before declining to ₹ 44,669 per 10 grams in March 2021. Further, between July 2021 and September 2021, gold price further declined by approximately 8% on year but remained above March 2021 prices. While the decline in gold prices in the fourth quarter of Fiscal 2021 did have a sobering impact on the market, gold loans’ AUM still grew at approximately 44% in Fiscal 2021 to touch ₹ 4.7 trillion.

Trend in gold prices (in ₹ per 10 grams)

Source: MCX, CRISIL Research

Gold loan AUMs saw a muted growth in the first quarter of Fiscal 2022 owing to second wave of COVID -19. The lenders also turned cautious as impact of second wave was severe, thereby impacting collections which led to increased auctions to restrict asset quality issues. While disbursements have picked up materially since then with fears of a third COVID-19 wave receding and the economy slowly opening up, AUM growth for organized gold loan financiers’ is still expected to remain slower than the growth witnessed in the previous Fiscal. The somber trend in gold prices, which are expected to moderate in Fiscal 2022, is also expected to marginally impact growth. CRISIL Research projects gold loan book of organized financiers to increase by

17% in Fiscal 2022.

The industry, which has traditionally grown through expansion of branch network across the nook and corner of the country, has witnessed the emergence of branchless fintechs and doorstep gold loans over the last 3-4 years. These players offer doorstep pickup and disbursement of gold loans directly to the account of the customer. Under this model, when a user requests for a loan, the loan agent visits the customer with a gold appraisal kit and necessary tools to measure the purity of the gold. After proper due diligence and a credit check, the loan is processed digitally and the amount is transferred instantly to the customer. After the amount is transferred, the gold is packed in a tamper proof packets and transported to the nearest branch in a GPS enabled secured box, which is tracked on a real time basis until the collateral is deposited in the lender's vault. This new doorstep gold financing has addressed some of the key inhibitors in wider acceptance of gold loans such as risk involved in carrying gold to the branch, the social stigma attached to mortgaging gold for availing loans and increasing branch catchment area.

Going forward, CRISIL Research believes that the scope to capture share from unorganized gold loan financiers', initiatives to increase awareness and increasing comfort of customers' with gold loans due to the convenience are expected to help the industry grow moderately along with geographic diversification to markets beyond the Southern part of India. Demand for gold loans from micro enterprises and individuals to fund working capital and personal requirements is expected to increase owing to pickup in economic activity. In addition, with demand reviving and market expansion through doorstep gold loans model, CRISIL Research expects AUM to touch close to ₹ 7,647 billion by March 2025, translating into a 13% CAGR between Fiscals 2021 and 2025.

Growth in gold loan AUMs of organized lenders

Note: E- Estimated, P- Projected, includes agriculture lending by banks with gold as collateral

Gold demand to increase in CY2022

In CY2020 and H1CY2021, consumer demand for gold plunged by 35% on year because of curtailed discretionary spending following the onset of COVID-19 and rising prices of gold. However, CRISIL Research expects gold demand to increase in H2CY2021 and CY2022, driven by a low base, higher discretionary spending, festive season and waning impact of pandemic. Lower import duty on gold and reduced gold prices is further expected to aid demand for gold in the country. Gold imports to India also moves in line with consumer demand, as over 95% of the demand in the country is met through imports.

Trend in yearly demand for gold in India (in tons)

Note: Mentioned years are Calendar Years

GROWTH DRIVERS

Due to the inherent benefits of gold loans and prevailing economic scenario, the sector is witnessing a strong demand and disbursal growth. Small businesses and individuals who are facing cash flow problems are leveraging gold to meet their liquidity demands. Going forward, CRISIL Research believes that the organized gold loan market will be driven by increasing gold loan penetration, rising share of organized financiers and market expansion through geographical diversification.

- Organised gold loan penetration in the country is estimated to be approximately 6% as of March 2021, which indicates that organised gold loan market has significant headroom for growth. Going forward, gold loan penetration is expected to increase further on geographical diversification, rising branch network, reduced gold prices and expectations of micro-enterprises using gold loans to fund working capital requirements.
- Due to increasing awareness about benefits of availing gold loans from organised segment, the share of unorganised gold loan financiers have decreased from 42%-45% in Fiscal 2017 to approximately 38-40%. Going forward, CRISIL Research expects the trend to continue, and the share of organized loan market is expected to further improve from approximately 61% to approximately 64%.
- India has the world's largest private gold holdings which is estimated to almost 3 times US official gold reserves and around twice the total gold held in China. According to World Gold Council Report (a Central Banker's Guide to Gold as a Reserve Asset), gold reserves with Indian households account for approximately 75% of the total gold reserves of 35,527 tons held by central banks across the world as of June 2021. The massive gold reserve can be potentially unlocked by the owners to avail funds at a short notice at the time of need.

Online gold loans and doorstep schemes to help in market expansion

Digital gold loans products offer the feature of loan sanction within few hours through the online process. These loans can be accessed through, among other things, mobile applications, online platform and prepaid card. KYC, registration and disbursements are all possible through an online platform. For example, Manappuram Finance and Muthoot Finance are constantly making investments in digital and technological capabilities to adapt to constantly changing world. This has led to an increase in share of gold loans availed through online means for these players.

Share on online gold loans continue to see traction

Source: Company Reports, CRISIL Research

New age fintech players such as Rupeek along with players like our Company and Manappuram Finance also offer gold loans at customer's doorstep wherein the customer can get a gold loan sitting at home. The complete loan underwriting-to-disbursal process takes place within 30 minutes, just as it happens in case of a loan availed through a NBFC branch. In case of a doorstep offering, verification of the gold ornaments as well as gold collection is done at the customer's residence. These are managed through a central application that is simultaneously accessed by all branches for each and every transaction.

Due to these advantages as well as increasing focus by players in both doorstep delivery and online gold loans, the addressable market for gold loans is expected to expand.

Doorstep gold loans operating model

	Traditional Models	Door step model
Loan Application	Branch walk in	Phone call, mobile or application based request
Gold Valuation	Valuation by employee/loan officer at branch	Doorstep valuation by loan officer
Loan Processing	Manual entry of customer data and paper based KYC	TAB based data entry and KYC
Gold Storage	Vaults in branch	Vaults in branch, barcodes and RFID for tracking and retrieval
Loan Disbursement	Disbursal in 10-20 minutes	Disbursal in 10-20 minutes after completion of entire process at doorstep
Collection	Cash or cheque at branch, Electronic Clearing System / National Automatic Clearing House, direct transfer from customer account	Cash collection at doorstep, ECS/NACH, direct transfer

Source: CRISIL Research

Geographic diversification and improvement in operational efficiency of business to drive growth in the coming years

In India, the southern zone commands major share of demand of gold loans at 51% as of Fiscal 2021. This can be explained by the culture found in Southern India compared to the rest of the country. It is followed by the West at 19%. The Northern zone and the Eastern zone in India lag behind in gold loan demand with their share standing at 18% and 12% respectively. People in South India have lower taboo associated with borrowing against gold and are more ready to pledge gold. In addition, majority of the NBFCs and banks (that have strong presence in gold loans) have deep rooted distribution network in Southern India.

In Fiscal 2017, Southern India accounted for 61% of the total NBFC gold loans portfolio in the country. However, changing consumer perceptions about gold loans, driven by increasing awareness, as well as rising funding requirements and increase in penetration of gold loans in the non-Southern regions in India has led to a change in the regional mix of the portfolio. Going forward, incremental additions of branches by gold loan NBFCs in North and East region where the existing number of branches are relatively lower, presents a good geographical expansion opportunity in these regions. Hence, CRISIL Research expects other regions to witness stronger growth momentum in gold loans as compared to the Southern region.

South account for major share of Gold loans NBFCs (FY21)

Gold has been known to act as a hedge against inflation and is also attractive for financiers

Over the years, gold prices have shown a consistent increase, and have, in most part, increased at a pace higher than the annual rate of inflation. For instance, between Fiscal 2011 and Fiscal 2016, gold prices increased at a CAGR of approximately 7%, as against approximately 8% inflation observed in this period. During the subsequent five-year period between Fiscals 2016 and 2021, the gold price and inflation increased at a CAGR of approximately 13% and 4%, respectively.

The hedge against inflation provided by gold has attracted consumers to gold over the years. From a financier perspective, the yield on gold loans and minimal risk of credit losses due to security provided in the form of the gold being pledged and the additional cushion due to the LTV (average of 65% for NBFCs) makes gold loans a profitable product.

COMPETITIVE LANDSCAPE

Top three gold financing NBFC account for 80% share in overall NBFC gold loans book in Fiscal 2021

Source: Company Reports, CRISIL Research

The average ticket size for NBFCs in the gold loans business stands at ₹ 48,000-₹ 50,000 as of Fiscal 2021. However, there is considerable variation in the competitive positioning and target segment of various players, as reflected in the average ticket size of loans and yields offered. Among the gold loan NBFCs, players like Muthoot Finance and Manappuram Finance target customer at the lower end of the economic strata with an average ticket size of approximately ₹ 44,500 and yield in the range of 22-25%. On the other hand, our Company caters to lower middle class and middle-class customers with average ticket size of ₹ 100,000 and interest rate being in the range of 18-20%.

Comparison of various players based on yield on advances and average ticket size (FY21)

NBFCs COMPETE ON THE BASIS OF OPERATING EFFICIENCY, TURNAROUND TIME, LOCAL CONNECT WHILE MANAGING RISKS

Despite banks having a competitive advantage of offering gold loans at lower cost, gold loan NBFCs have been trying to compete with banks through aggressive expansion of branch and increased focus on customer experience. NBFCs focus more single-mindedly on the gold loans business and have, accordingly, built their service offerings by investing significantly in manpower, systems, and processes as per the needs of the customer, some of which are listed below:

- Lower turnaround time and lesser documentation:** The gold loan borrower generally wants to procure the loan as quickly as possible and availability of well-trained and experienced employees in assessment and valuing gold helps NBFCs to disburse loans faster as compared to a bank.
- Wider reach and better local connect:** NBFCs have a geographically wider and deeper reach, especially in rural and semi-urban regions, where demand for gold loans is higher.
- Risk management process:** Most NBFCs have put in place a comprehensive and robust risk management process taking into account their experiences over the years and the key risks in the process including steps taken to prevent fraud, store the gold safely, and recoup losses in case of a loan turning non-performing.

Comparison of Gold loan institutions on select business parameters

	Banks	Gold loan NBFCs	Unorganized moneylenders
Interest rate	7-15%	18-24%	25-45%
LTV	Up to 75% (Up to 90% in Fiscal 2021)	Up to 75%	More than 75%
Processing fee	Higher than NBFCs	No/minimal processing fees	None
Regulator	RBI	RBI	None
Documentation required	KYC Compliance	Minimal	Minimal
Product focus and customerservice	Non-core product	Gold loan is core focus, excellent customer service	Gold loan is core focus
Mode of disbursements	Mainly cheque and direct transfer to account	Cash/ cheque and direct transfer to account	Mostly cash
Average turnaround time	30 minutes - 2 hours	10 - 20 minutes	10 - 20 minutes
Opening hours	Banking hours	Beyond banking hours	More flexible than banks in terms of working hours

Source: CRISIL Research

ASSET QUALITY

Credit costs of gold loans low across market cycles; Gold Loan NBFCs NPA to remain restricted

Gold loans are a highly secured and liquid asset class that tends to generate superior returns with minimal credit losses over market cycles. NBFCs offering gold loans are better placed, on a relative basis compared to other retail asset classes, to withstand any asset quality pressures spawned by the COVID-19 pandemic.

In Fiscal 2018, gross NPA for gold financiers stood at 3.4% after RBI changed the NPA recognition norms for NBFCs. Since then, players have been continuously focusing on de-risking their business models from volatility in gold prices, by tightening their interest collections (regular interest collections versus bullet system in the past) leading to improvement in their asset quality in Fiscals 2019 and 2020. In addition, shorter tenure of loans shields the companies from any sharp volatility in gold prices. Loss due to default for a gold finance company is also generally miniscule, as the loan is fully secured and the collateral is highly liquid. In case of default, the gold gets auctioned and the lender recovers its dues and returns the balance amount to the borrower. Maintaining LTV at reasonable levels provides a further cushion to financiers.

In Fiscal 2021, gold prices fell sharply in the January to March 2021 quarter after peaking in August 2020, but NBFCs managed the situation better as compared to banks by proactively conducting auctions as required. Moreover, unlike banks, NBFCs did not face the challenge of rolling over a part of their portfolio to 75% LTV, as the earlier RBI concession to banks of allowing 90% LTV ended in March 2021. Consequently, gold loan NBFCs' GNPA's reduced owing to improvement in collections as at the end of Fiscal 2021. In Q1FY22, high yielding advances against gold loans were impacted due to an impact on collections as a result of the COVID-19 pandemic induced lockdown. However, gold loan NPAs remain restricted owing to timely auctions. For example, due to auctions, GNPA's of Manappuram Finance increased marginally from 1.9% as of March 2021 to 2% as of June 2021. Muthoot Finance also witnessed a marginal deterioration in asset quality from 0.9% to 1.2% over the same time period. In fact, credit losses for gold loan NBFCs, in aggregate, at 0.30% in Fiscal 2021 as well as Q1 Fiscal 2022 remains well within the historical range.

Credit cost for gold loan NBFCs

Source: CRISIL Research Estimates

Gold loan NBFCs, currently have LTV ratios in the range of 60-70%, safeguarding them from any price fluctuations. Moreover, their portfolio doesn't carry moratorium risk and the auctioning process has also resumed at pre-COVID-19 pandemic levels.

Considering these factors, GNPA's are expected to stabilize by end of Fiscal 2022. The lenders have also made adequate provisioning for any COVID-19 pandemic led NPA surge. CRISIL Research, thus expects GNPA's of gold loan NBFCs to just be marginally higher at 1.3-1.5% in Fiscal 2022 with auctions helping lenders to restrict GNPA's at lower levels.

NPAs to remain in the range of 1.3-1.5% in Fiscal 2022

Note: P- Projected, Aggregate includes data for Muthoot Finance and Manappuram Finance which constitute approximately 64% of the overall NBFC Gold Loan market

COMPARATIVE ASSESSMENT OF NBFCs IN GOLD LOANS FINANCING

In this section, CRISIL Research has undertaken a relative comparison of our Company with the two largest NBFCs offering gold loans in India (Muthoot Finance and Manappuram Finance) based on the latest available data for Fiscal 2021 and operational parameters.

Our Company is the fastest growing gold loan NBFC in India among the peer set as of March 31, 2021, but smallest in terms of gold loan AUM

At end of Fiscal 2021, our Company witnessed the fastest 3-year gold loan portfolio growth of 75% on-year followed by Muthoot Finance (22%). However, the growth is on a lower base as compared to Muthoot Finance, which was the largest gold loan financier amongst the peers with 99% of its overall loan portfolio (₹ 526 billion) comprising of gold loans at end of Fiscal 2021.

Our Company is the 2nd most efficient gold loan NBFC amongst its peers

At end of Fiscal 2021, Muthoot Finance was the most efficient gold loan financier, having the highest AUM per branch of ₹ 112.1 million followed by our Company (₹ 61.3 million). As at end of Fiscal 2021, Muthoot Finance and our Company have high AUM per employee of ₹ 20 million and ₹ 14.9 million respectively.

Operational parameters for key gold loan NBFCs (Fiscal 2021)

Players (FY21)	Gold Loan AUM (in ₹ Billion)	3 year CAGR	Branch	Employees	AUM per Branch (in ₹ Million)	AUM per Employee (in ₹ Million)	Share of Gold Loan in total AUM
Muthoot Finance	519	22%	4,632	25,911	112.1	20.0	99%
Manappuram Finance	191	18%	3,524*	30,522	54.2^	6.3	70%
Our Company	18	75%	301*	1,236*	61.3^	14.9^	39%

Note: Players are arranged in decreasing order of Gold loans AUM; (*) Gold loan branches and employees; (^) AUM per gold loan branch/employee

Our Company witnessed faster growth in goldstock however, Muthoot Finance has the highest goldstock per branch

Gold stock for our Company grew at the faster CAGR of 35% between Fiscal 2017 to Fiscal 2021 but on a relatively lower base. On the other hand, Muthoot Finance has the highest gold stock per branch at approximately 37 kg per branch, followed by our Company at 19.59 kg and Manappuram Finance at 18.53 kg as of Fiscal 2021.

Gold stock (in ton)	FY18	FY19	FY20	FY21	Q2FY22	CAGR (FY17-FY21)
Muthoot Finance	155	150	176	171	178	4%
Manappuram Finance	64	67.5	72.4	65.3	64.7	2%
Our Company	1.86	2.13	4.13	5.90	6.64	35%

Gold stock per branch (in kg)	FY18	FY19	FY20	FY21	Q2FY22
Muthoot Finance	35.84	33.48	38.54	36.92	38.54
Manappuram Finance*	19.22	20.02	20.52	18.53	18.36
Our Company*	16.79	15.55	16.51	19.59	18.39

Note: (*) Gold stock is per gold loan branch

Source: Company Reports, CRISIL Research

Our Company has the lowest cost of borrowings amongst its peers in Fiscal 2021

Amongst the gold loan NBFCs, our Company had the lowest cost of borrowing of 8.3% in Fiscal 2021. It is followed by Muthoot Finance (8.9%) and Manappuram Finance (9.7%). This, along with a relatively higher ticket size focus, enables our Company to lend at lower interest rates of 19-20% as compared to other established players like Manappuram Finance (Yield of 25%) and Muthoot Finance (Yield of 22%).

Our Company has a higher average gold loan ticket size among its peers

Amongst the gold loan NBFCs, our Company has an average ticket size of ₹ 100,000 which is higher as compared to Muthoot Finance and Manappuram Finance which have average ticket size of around ₹ 45,000.

Operational parameters for key gold loan NBFCs (Fiscal 2021)

Players (Fiscal 21)	Average Ticket Size (in ₹ 000)	Loan to Value (%)	Yield on Gold Loans (%)	Cost of Borrowings (%)
Muthoot Finance	44.9	NA	22.2%	8.9%
Manappuram Finance	44.6	63%	25.0%	9.7%
Our Company	100.0	75%	19.5%	8.3%

Note: Players are arranged in decreasing order of Gold loans AUM

Source: Company Reports, CRISIL Research

Our Company has the best asset quality in goldloans segment amongst its peers

At end of Fiscal 2021, our Company had a GNPA and NNPA of 0.2% followed by GNPA of Muthoot Finance (0.9%) and Manappuram Finance (1.9%).

Asset quality of gold loan NBFCs (Fiscal 2021)

Players	GNPA (%)	NNPA (%)
Muthoot Finance	0.9%	0.8%
Manappuram Finance	1.9%	1.5%
Our Company	0.2%	0.2%

Note: Players are arranged in decreasing order of Gold loans AUM

MSME LENDING IN INDIA

Brief overview of MSMEs in India

The National Sample Survey (“NSS”) 73rd round dated June 2016 estimated that there are around 63.5 million MSMEs in India. Since then, the number of MSMEs is estimated to have increased further to around 70 million as of Fiscal 2021. MSMEs complement large corporates as suppliers or directly cater to end users. The MSME sector contributes to India’s socio-economic development by providing huge employment opportunities in rural and backward areas, reducing regional imbalances, and assuring equitable distribution of national wealth and income. The segment currently contributes to 30% of the GDP, over 40% of exports and creates employment for about 110 million people in the country, thus supporting economic development and growth.

MSME segment account for 30% of India’s GDP

₹ trillion	Total MSME GVA	Growth (%)	Total GVA	Share of MSME in GVA (%)	All India GDP	Share of MSME in All India GDP (in %)	Number of MSMEs (in millions)*
FY16	41	11.0%	126	32.3%	138	29.5%	63.5
FY17	45	10.9%	140	32.2%	154	29.3%	65.5
FY18	51	13.0%	155	32.8%	171	29.7%	66.5
FY19	57	12.9%	171	33.5%	190	30.3%	68.5

Note: (*) - Estimated

Snapshot of MSMEs in India

Note: *Data as of FY19, ** Data as of FY21, ^The numbers are estimated

Source: MSME Ministry Annual report for FY21, CRISIL Research

The RBI has adopted the definition of MSMEs in line with the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006. This definition is based on investments in plant and machinery in the manufacturing and services sectors.

To bring in more enterprises under the ambit of MSMEs and widen the definition of MSMEs taking into account inflation over the past few years, in June 2020, the Government revised the MSME investment limit across each category and introduced an alternate and additional criteria of turnover buckets to the definition. It further removed the difference between the definition

of manufacturing based and services based MSMEs.

In June 2021, the Indian government has included retailers and wholesalers under the MSMEs definition to extend the benefits of priority sector lending to traders as well. The move is structurally positive from long-term perspective, as it will enable entities operating in the segment to register on Government's Udyam portal, participate in government tenders and also avail financing options/benefits available to the category.

Given below is the composite new, revised definition of MSMEs in comparison to the old existing one:

New MSME definition removed distinction between manufacturing and services

Old MSME classification			
Criteria : Investment in plant and machinery or equipment			
Classification	Micro	Small	Medium
Manufacturing enterprises	Investment < ₹ 2.5 million	Investment < ₹ 50 million	Investment < ₹ 100 million
Services enterprises	Investment < ₹ 1 million	Investment < ₹ 20 million	Investment < ₹ 50 million
Revised MSME classification			
Composite Criteria : Investment and annual turnover			
Classification	Micro	Small	Medium
Manufacturing and Services enterprises	Investment < ₹ 10 million and Turnover < ₹ 50 million	Investment < ₹ 100 million and Turnover < ₹ 500 million	Investment < ₹ 500 million and Turnover < ₹ 2.5 billion

Source: MSME Ministry, CRISIL Research

Financial institutions also use internal business classifications to define MSMEs, based on their turnover. Most banks and non-banks follow this practice.

According to NSS 73rd round dated June 2016, micro segment accounted for as much as approximately 99.47% of total estimated number of MSMEs in India. Small and medium sector accounted for 0.52% and 0.01%, respectively of the total estimated MSMEs. At a region level, rural regions accounted for marginally higher share of 51% as compared to urban region. MSMEs units are largely dominated by bigger states including Uttar Pradesh, West Bengal, Tamil Nadu, Maharashtra and Karnataka. The top 5 states together accounted for approximately 50% of the total number of MSMEs in India. Service sector accounts for dominant 79% share in MSMEs, of which retail forms major share.

In terms of constitution, close to 94% of the entities in the MSME universe in India are estimated to be sole proprietorship firms, wherein a small business undertaking is run and managed by the business owner and the business and the owner can virtually not be separated.

MSMEs are largely dominated by individuals

Entities	Share in number of MSMEs
Proprietorship	93.83%
Partnership	1.53%
Private Company	0.23%
Cooperative	0.13%
Public Company	0.04%
Others	4.24%

Source: IFC, CRISIL Research

Small fraction of MSMEs in India registered under UDYAM system

After the government revised the definition of MSMEs (in June 2020), MSMEs that had an existing MSME registration (Udyog Aadhaar Number or UAN) or Enterprise Memorandum (EM) were required to re-register themselves under UDYAM. Thereafter, in August 2020, the RBI issued a notification allowing financiers to obtain the UDYAM certificate from entrepreneurs for lending purposes.

As of August 24, 2021, close to 4.5 million MSMEs have registered on UDYAM. A much higher number of MSMEs (around 10.2 million) were registered on the erstwhile UAN system. This number pales in comparison to the total number of MSMEs in India, estimated at 65-70 million.

Like UAN, UDYAM also offers free, paperless online and instant registration through a web portal. Small businesses aren't required to upload any documents or proof except the Aadhaar number for registration. Earlier GST registration was mandatory for UDYAM Registration but from March 2021 onwards, it is exempted for those units who are not eligible for GST registration.

UDYAM certificate will be required by MSMEs for taking benefit of any scheme of the Central government. The UDYAM portal is also integrated with the Government e-Marketplace ("GeM") and the Trade Receivables and Discounting System ("TReDS") so that enterprises can participate in government procurement and have a mechanism for discounting their bills.

Note: *As of mid-May 2021

Source: MSME Ministry, CRISIL Research

MSME Credit gap estimated at ₹ 80 trillion; COVID -19 has further widened the credit gap

High-risk perception and prohibitive cost of delivering services physically have constrained formal lending to MSMEs. The ESEIs and MSME segment is largely unaddressed by lending institutions in India. An IFC report titled Financing India's MSMEs (November 2018) estimated the MSME credit demand to be ₹ 69.3 trillion in Fiscal 2017, of which only approximately 16% of demand was met through formal financing² and consequently, the MSME credit gap (defined as the gap between the demand for funds amongst MSMEs and the supply from formal financiers) was estimated at ₹ 58.4 trillion. This gap was met through informal sources including moneylenders, chit funds and personal sources from friends and relatives. The interest rate for these sources generally ranges between 30-60% per annum.

The credit gap is estimated to have further widened over the last 4 years due to slower economic growth in Fiscal 2020, followed by the COVID -19 pandemic in Fiscal 2021. In Fiscal 2021, the nationwide lockdown to contain the spread of the COVID-19 pandemic disrupted economic activity, hurt demand, impacted working capital needs and supply chain along with future investments and expansions. Domestic supplies and supplies from imports also suffered, affecting both, their availability and cost. Contractual and wage labor were also hit due to lower demand and layoffs. MSMEs and businesses in the sectors such as hotels, tourism, logistics, construction, textiles and gems and jewelry suffered the most during the first half of Fiscal 2021. Businesses in the retail sector, especially those catering to daily usage goods and everyday cash and carry businesses such as grocery shops, fruits and vegetables sellers, etc., however, fared relatively better as their availability close to the residences of customers' increased the demand for their services.

Furthermore, government schemes post the COVID-19 pandemic such as the ECLGS scheme provided relief only to MSME units with existing loans from a formal financial institution. As of Fiscal 2021, the MSME credit demand is estimated to be around ₹ 99 trillion, of which 19% of demand met through formal financing. Assuming an increase of around 8% annually³ in the demand for credit and the availability of credit from formal sources, CRISIL Research estimates the credit gap to have further increased to ₹ 80 trillion as of Fiscal 2021.

MSME credit demand largely met by informal sources

² Formal sources include Public sector banks, Private sector banks, Foreign banks, Regional rural banks (RRBs), Urban Cooperative Banks (UCBs), NBFCs, and government institutions including SIDBI and State Finance Corporations (SFCs).

³ Based on MSME credit growth over Fiscals 2017-21

Source: IFC report on Financing India's MSMEs dated November 2018, CRISIL Research

Even while the credit gap has increased, new MSME units continue to be set up across India. Between Fiscals 2016 and 2020, 8.3 million units were set up, according to the Indian government registration data of MSMEs. Thus, though a myriad of small businesses are set up every day in the country, access to credit remains a challenge.

Year-wise and MSME category-wise registration of MSMEs

Year/Category	FY16	FY17	FY18	FY19	FY20	Cumulative total for last 5 years
Micro	4,21,516	21,47,908	13,44,612	18,70,932	16,32,644	74,17,612

Overall MSME lending has grown at a CAGR of 10% in past decade; NBFC share estimated at 20%

CRISIL Research estimates the total size of MSME lending market across ticket sizes and various player groups (banks, NBFCs, small finance banks, and other formal lenders) to be around ₹ 19 trillion as of March 2021. This market size includes loans taken by MSMEs across various constitution types (sole proprietorships, partnership firms, private and public limited companies, and co-operatives) and the ticket size spectrum, and includes loans extended in the name of the firm/entity/company as well as the individuals in case of micro enterprises or entrepreneurs.

CRISIL Research estimates loans to MSMEs to have grown at a CAGR of 10% during Fiscal 2012 to Fiscal 2021, which is similar to the nominal GDP growth in this period. This can be attributed to various events during this time span that has impacted MSMEs – demonetization of high-value currency loans in November 2016, the implementation of GST subsequently, the economic slowdown in Fiscal 2020 followed by the COVID -19 pandemic.

MSME credit outstanding estimated at ₹ 19 trillion as of March 2021; NBFCs enjoy 20% market share

Source: CRISIL Research estimates

NBFCs have managed to carve out a strong presence in MSME loans due to their focus on serving the needs of the customer segment, faster turnaround time, customer service provided and expansion in geographic reach. Over the years, the MSME portfolio of NBFCs have grown at a faster rate than the overall MSME portfolio at a systemic level. Thus, the share of NBFCs

in total credit to MSMEs is estimated to have increased to approximately 20% at end of Fiscal 2021 from 14% as of Fiscal 2015. Going forward, CRISIL Research expects the competitive positioning of NBFCs to remain strong, given their strong target customer and product focus.

ECLGS scheme has provided some relief to MSMEs hurt by the COVID-19 pandemic

Given the pain suffered by MSMEs due to the COVID-19 pandemic and the importance of MSMEs in India, the Indian government undertook several initiatives to support MSMEs and keep them afloat. This scheme provided much-needed liquidity to MSMEs that are known to have faced severe working capital crunch during downturns.

ECLGS 1.0  May 2020 to Aug 2020	- ECLGS was introduced by providing the MSMEs additional funding of up to Rs. 3 trillion in the form of a fully guaranteed emergency credit line. Eligible entities: All MSME borrower accounts with outstanding credit of up to Rs. 250 million as on February 29, 2020, which were less than or equal to 60 days past due as on that date and with an annual turnover of up to Rs. 1 billion - In August 2020, the upper ceiling of outstanding credit was revised to Rs 0.5 billion and annual turnover to Rs 2.5 billion.
ECLGS 2.0  March 2021	- The Government extended ECLGS through ECLGS 2.0 for 26 sectors identified as stressed due to the Covid-19 pandemic by the Kamath Committee and the healthcare sector. Eligible entities: Entities with outstanding credit above Rs. 0.5 billion and not exceeding Rs. 5 billion as on February 29, 2020, which were less than or equal to 30 days past due as on February 29, 2020 - Annual turnover ceiling was removed from the eligibility criteria for ECLGS 1.0
ECLGS 3.0  Nov 2020	- Government extended the scope of ECLGS to cover business enterprises in Hospitality, Travel & Tourism, Leisure & Sporting sectors which had, as on February 29, 2020, total credit outstanding not exceeding Rs. 5 billion and were less than or equal to 60 days past due as on that date. - The validity of ECLGS was extended up to June 30, 2021 or till guarantees for an amount of Rs. 3 trillion are issued.
ECLGS 4.0  May 2021	- ECLGS scope expanded to cover loans up to Rs 20 million to hospitals/nursing homes/clinics/medical colleges for setting up on-site oxygen generation plants with interest rate capped at 7.5% - Civil Aviation sector included under ECLGS 3.0 - Ceiling of Rs 5 billion of loan outstanding for eligibility under ECLGS 3.0 to be removed, subject to maximum additional ECLGS assistance to each borrower being limited to 40% or Rs 2 billion, whichever is lower. - Borrowers who had availed loans under ECLGS 1.0 of overall tenure of 4 years comprising of repayment of interest only during the first 12 months with repayment of principal and interest in 36 months can increase the tenure to 5 years (repayment of interest only for the first 24 months with repayment of principal and interest in 36 months thereafter) - Additional ECLGS assistance of up to 10% of the outstanding as on February 29, 2020 to borrowers covered under ECLGS 1.0
ECLGS 5.0  June 2021	- Additional allocation of Rs 1.5 trillion towards ECLGS scheme; limit of admissible guarantee and loan amount increased above existing level of 20% of outstanding on each loan - Sector wise details to be finalized as per evolving needs - Loan guarantee of Rs 1.1 trillion for Covid-affected sectors: INR 0.5 trillion towards health sector and INR 0.6 trillion towards other covid-affected sectors, including travel and tourism stakeholders - Working capital/personal loans will be provided to people in tourism sector to discharge liabilities and restart businesses impacted due to COVID-19 - Loan guarantee of Rs 7,500 Crore for loans extended by SCBs to MFIs for on lending upto Rs 1.25 lakh to ~25 lakh customers; guarantee cover provided till March 31, 2022 or till guarantees for an amount of Rs 7,500 crore are issued, whichever is earlier

Recently in September 2021, with a view to support various businesses impacted by the second wave of COVID- 19 pandemic,

the timeline for Emergency Credit Line Guarantee Scheme (ECLGS) has been extended till March 2022 or till guarantees for an amount of ₹ 4.5 lakh crore are issued under the scheme, whichever is earlier. Further, the last date of disbursement under the scheme has also been extended to June 2022.

Out of the targeted amount of ₹ 4.5 trillion, ₹ 2.76 trillion has been sanctioned as of mid-July 2021 of which ₹ 2.14 trillion have been disbursed. As of September 24, 2021, loans sanctioned have crossed ₹ 2.86 trillion under ECLGS.

However, considering the entire universe of around 70 million MSMEs, the proportion of MSMEs that have benefited remains limited at approximately 15% (10.9 million) of entire universe. This is because the scheme covered only MSMEs having loan exposure to formal financiers as of February 2020. Among the eligible MSMEs, small and micro MSMEs have benefitted the most from ECLGS with 71% share in amount of guarantees issued and 92% share in number of guarantees issued as of February 2021.

The cap of 14% on final interest rate charged to MSME customers for NBFCs meant that customers of many NBFCs, which typically charge more than 14% due to high operating costs and the relatively riskier profile of their borrowers, could not avail the benefits under ECLGS.

Loan against property (“LAP”) and unsecured business loans market consists of various players; asset quality relatively better in ₹ 10 lakhs to ₹ 1 crore segment

In absolute terms, the aggregate size of extending LAP and unsecured business loans to MSMEs (“MSME loans”) is estimated to be around ₹ 10 trillion as of March 2021. With growth in number of MSMEs and increasing requirement of credit for scaling their businesses, CRISIL Research believes that LAP and unsecured business loans would provide a huge opportunity for lenders to grow their loan book. There are various kind of players serving this segment including banks, NBFCs and SFBs that offer loans to MSMEs, self-employed individuals and businesses. NBFCs have the highest share in MSME loans with second best asset quality, even after operating at half the average ticket size compared to private sector banks. Compared to public sector banks which operate at a slightly higher average ticket size compared to NBFCs, the latter have a GNPA ratio of 5.1% in overall MSME LAP and business loans, which is almost one third of that of public sector banks. Further, it is observed that asset quality, as reflected in the 30+ dpd and 90+ dpd, is relatively better in the ₹ 10 lakhs to ₹ 1 crore ticket size bucket as compared to the overall market.

Key Industry Parameters for LAP and unsecured business loans

	NBFCs	Public sector banks	Private Banks
Average ticket size	₹ 18 lakhs	₹ 20 lakhs	₹ 37 lakhs
Market size for LAP and unsecured business loans as of March 2021 (₹ billion)	₹ 3,991	₹ 1,280	₹ 3,478
GNPA (as of March 2021)	5.1%	14.7%	3.1%
30+dpd (as of March 2021)	10%	24%	5%
Share of loans with ticket size between ₹ 10 lakhs and ₹ 1 crore in LAP and unsecured business loans	41%	39%	36%
GNPA for loans with ticket size between ₹ 10 lakhs and ₹ 1 crore (as of March 2021)	3.7%	7.5%	2.6%
30+dpd for loans with ticket size between ₹ 10 lakhs and ₹ 1 crore (as of March 2021)	8.9%	16.2%	4.9%

Source: CRISIL Research

Within NBFCs, there are players that operate at relatively higher ticket sizes and offer both secured and unsecured business loans. These NBFCs offer loans at the most competitive rates among other NBFCs, target customers that are relatively better in terms of credit profile, and have lower cost of borrowings compared to other NBFCs. Compared to these, NBFCs that have singular focus on business loans or have significant proportion of business loans in their portfolio and operating at ticket sizes of less than ₹ 10 lakhs offer loans at a higher rate due to a much riskier customer profile. Fintech firms with NBFC license and SFBs are other players that operate in the MSME loans landscape. Fintechs leverage data and technology in their business models and are more focused on unsecured business loans. Hence, they also have higher yields in the range of 24-30% because of the higher risk associated with the customer profile catered and the product segment they operate in.

Comparison of various NBFCs based on yield on advances and average ticket size (Fiscal 21)

	Yield less than 16%	Yield between 16% and 22%	Yield more than 22%
Average ticket size more than or equal to ₹ 10 lakhs	Ugro Capital Our Company Bajaj Finance	IIFL Finance Capri Global Poonawala Fincorp Shriram City Union Finance Equitas Small Finance Bank	Neogrowth
Average ticket size less than ₹ 10 lakhs	HDB Financial Services AU Small Finance Bank	CapFloat Financial Services	Veritas Finance Five-Star Business Finance Aye Finance Lendingkart Finova Capital Riviera Investors

Moreover, compared to different loan products like affordable housing loans, microfinance loans, auto loans and personal loans, small to medium ticket size MSME loans is one of the most attractive asset classes offering competitive yields over a medium tenure with good collateral quality, lower default risk as the loans are secured predominantly with self occupied residential property and high collateral enforceability due to SARFAESI.

	Market Size – Portfolio outstanding March 2021 (₹ trillion)	Ticket size	Yields	Typical tenure	Collateral Quality	Tendency to default	Collateral enforceability
Secured property-backed micro-mortgage Loans (<₹	1.2	Small	High	Medium	Good	Medium	Low

	Market Size – Portfolio outstanding March 2021 (₹ trillion)	Ticket size	Yields	Typical tenure	Collateral Quality	Tendency to default	Collateral enforceability
10 lakhs)							
Secured Property-backed small -business loans (₹ 10 lakhs to ₹ 50 lakhs)	2.7	Small to Medium	Medium	Medium	Good	Low	High
Secured non-LAP loans	12	Small to Medium	High	Low	Good	Low	Low
Microfinance loans	3.6	Small	Medium	Low	No collateral	Relatively High	NA
Housing loan	22	Large	Medium	High	Very good	Low	High
Auto Loans	9.5	Small to Medium	Low to Medium	Low to medium	Moderate	Medium	Low

MSME LOANS WITH TICKET WISE BETWEEN ₹ 10 LAKHS AND ₹ 1 CRORE HAS WITNESSED HIGH GROWTH WITHIN THE OVERALL MSME PORTFOLIO

In this section, CRISIL Research has considered unsecured business loans and loan against property with ticket size between ₹ 10 lakhs and ₹ 1 crore extended to MSMEs and individuals as reported in consumer and commercial bureau. CRISIL Research estimates such outstanding MSME loans given out by banks and NBFCs to be around ₹ 3.7 trillion, representing 37% of overall unsecured business loans and loan against property outstanding, as of March 2021.

MSME loans in the ₹ 10 lakhs to ₹ 1 crore ticket size band grew at a strong pace with portfolio registering a CAGR of 31% over Fiscals 2017 and 2020. Over the last few years, expansion in branch network, more data availability and government initiatives like GST, UDYAM, and increasing formalization of the MSME segment has led to increasing focus of lenders, especially the NBFCs, on this space. NBFCs cumulatively enjoyed a market share of 44% as of March 2021 in loans outstanding in the aforesaid ticket size band.

In Fiscal 2021, the nationwide lockdown to contain the spread of the COVID-19 pandemic disrupted economic activity, hurt demand, impacted working capital needs and supply chain along with future investments and expansions. Domestic supplies and supplies from imports also suffered, affecting both, their availability and cost. Contractual and wage labor were also hit due to lower demand and layoffs. MSMEs and businesses in the sectors such as hotels, tourism, logistics, construction, textiles and gems and jewelry suffered the most during the first half of Fiscal 2021. Businesses in the retail sector, especially those catering to daily usage goods and everyday cash and carry businesses such as grocery shops, fruits and vegetables sellers, however, fared relatively better as their availability close to the residences of customers' increased the demand for their services.

Although the demand for small business loan to meet liquidity and cash requirements existed in months of COVID-19 pandemic, lenders have been watchful and have been going slow on disbursements since the onset of the COVID-19 pandemic. Disbursements of MSME loans of ticket size between ₹ 10 lakhs and ₹ 1 crore declined by 23% on a y-o-y basis to ₹ 1.1 trillion in Fiscal 2021. As a result, portfolio outstanding of banks and NBFCs for such loans grew at a slower pace of 6% in Fiscal 2021 compared to the past.

MSME loan with ticket size between ₹ 10 lakhs and ₹ 1 crore grew at 31% CAGR between Fiscal 2017 and 2020, before slowing down in Fiscal 2021 amidst the COVID -19 pandemic

Lower ticket size MSME loans gained market share over the years

With increase in data availability and enhanced use of technology and experience gained across several cycles while lending to the same customer segment, lenders have increased focus on the underserved MSME segment. This has led to a continued increase in share of relatively smaller ticket size MSME loans and loans against property in the overall lending pie. The share of MSME loans with ticket size between ₹ 10 lakhs and ₹ 1 crore in overall disbursements has increased from 37% in Fiscal 2019 to 39% in Fiscal 2021. Loans outstanding for such loans have also grown at with relatively higher pace compared to larger ticket size loans as well as overall portfolio between Fiscal 2017 and Fiscal 2021.

Share of MSME loans with ticket size between ₹ 10 lakhs and ₹ 1 crore in disbursements increasing over past four years

Note: Includes LAP and Unsecured Business Loans as reported in consumer and commercial bureau

Source: CIBIL TransUnion, CRISIL Research

Share of new to credit customers highest for NBFCs in the past few years

On an average, share of new to credit customers has been the highest for NBFCs across both loan segments, LAP and unsecured business loans over the past few years. Based on average proportion of new to credit customers in the last four fiscal years (Fiscal 2018 to Fiscal 2021), in the LAP segment, the proportion of NTC customers for NBFCs is higher than the industry average. In unsecured business loans as well, proportion of new to credit customer for NBFCs is highest at 24%.

State-wise analysis of loans in ₹ 10 lakhs to ₹ 1 crore ticket size

The MSME loans segment has been growing strongly with a four-year CAGR of 24% between Fiscals 2017 and 2021. Based on the value of MSME loans with ticket size between ₹ 10 lakhs and ₹ 1 crore outstanding, the top 15 states accounted for 94% of the market size in this segment as of March 2021. Maharashtra tops the list with the highest share of 17%, followed by Tamil Nadu (11%), Gujarat (11%), Karnataka (8%) and Rajasthan (7%).

MSME LOANS WILL CONTINUE TO GROW AT A STRONG PACE

There is a huge demand supply gap in the MSME loan segment, especially in lower ticket size segments. With increasing presence of MSME lenders in smaller cities and rising focus of lenders on underserved target customer segment, loan portfolio is expected to see a strong growth in future. Going forward, CRISIL Research expects the portfolio of MSME loans with ticket size in between ₹ 10 lakhs and ₹ 1 crore to grow at 15% CAGR over Fiscals 2021 and 2025 aided by increasing lender focus and penetration of such loans, enhanced availability of data increasing lender comfort while underwriting such loans, enhanced use of technology, newer players entering the segment, and continued government support.

MSME Loans with ticket size between ₹ 10 lakhs and ₹ 1 crore to grow at 15% CAGR between Fiscals 2021 and 2025

GROWTH DRIVERS

High credit gap in the MSME segment

Less than 15% of approximately 70 million MSMEs have access to formal credit in any manner as of March 2021. High-risk perception and the prohibitive cost of delivering services physically have constrained traditional institutions' ability to provide credit to underserved or unserved MSMEs and self-employed individuals historically. As a result, they resort to credit from informal sources. This untapped market offers huge growth potential for financial institutions. As stated earlier, the credit gap was estimated at around ₹ 58.4 trillion as of 2017 (Source: IFC report named *Financing India's MSMEs* released in November 2018), and is estimated to have widened further to around ₹ 80 trillion as of Fiscal 2021.

MSME loans with ticket size between ₹ 10 lakhs and ₹ 1 crore account for only 19% of formal MSME credit indicating huge opportunity

Note: Overall formal MSME credit given above includes all kinds of secured and unsecured loans given to MSMEs across ticket sizes by organized lenders.

Source: MSME Ministry Annual report for FY21, IFC report on Financing India's MSMEs dated November 2018, CRISIL Research

Increased data availability and transparency

With increased digital initiatives by the MSMEs, the shift towards their formalization and digitization has created a plethora of data points for lenders that would help improve the efficacy of credit assessment and gradually enable provision of credit to underserved customer segments. For example, the quantum of retail digital payments has catapulted from ₹ 140 trillion in Fiscal 2017 to ₹ 353 trillion in Fiscal 2021. Within UPI, the quantum of person-to-merchant payments has zoomed from ₹ 2.1 trillion in April to September 2020 to ₹ 6.3 trillion in April to September 2021. This increase has created a digital footprint of customers, which can be potentially used for credit decision making, along with other relevant parameters such as customer demographics, business details, credit score, and personal situation of the borrower.

Multiple data points can be used for credit assessment

Source: CRISIL Research

Growth in branch network of players in MSME segment

Over past few years, players offering MSME loans have expanded their branch network with the intent to serve a larger customer base. In the future also, CRISIL Research expects lenders with a strong focus on MSME lending and healthy competitive positioning to continue to invest in branch expansion. With increasing branch network, customer acquisition and credit penetration of MSME loans is also expected to increase. To illustrate, the cumulative branch network of seven MSME lenders (our Company, Five Star Business Finance, Shriram City Union Finance, Vistaar Finance, Veritas Finance, HDB Financial and IIFL Finance) has expanded at a 12% CAGR between Fiscals 2017 and 2021, even though the NBFC industry and the Indian economy were impacted by the IL&FS crisis, a slowdown in growth in Fiscal 2020 and the COVID -19 pandemic.

Number of branches have grown at 12% CAGR over Fiscals 2017 and 2021

Note: The above data includes branches for our Company, Five Star Business Finance, Shriram City Union Finance, Vistaar Finance, Veritas Finance, HDB Finance and IIFL Finance

Reduction in risk premiums due to information asymmetry

In the absence of reliable information about small businesses, it becomes difficult for lenders to assess the creditworthiness of the borrower. Hence, lenders often charge a credit risk premium from these customers, leading to higher interest rates. By leveraging technology and using a combination of traditional data (bureau data, financial statements, credit score), non-traditional data (payments, telecom, provident fund contribution and psychometric data), and government data (Aadhaar, GST), lenders would be able to gain greater insight into their customers' data, thereby increasing the accuracy of customer assessments. This would reduce the level of asymmetry in information and could lower the credit risk premium over a period of time.

Increasing competition with entry of new players and partnerships between them

More players in consumer-facing businesses with a repository of data (such as e-commerce companies and payment service providers) are expected to enter the lending business, intensifying competition. For example, In June 2018, Amazon India launched a platform for lenders and sellers, wherein sellers can choose loan offers from various lenders at competitive rates. In August 2021, Meta (earlier known as Facebook) partnered with Indifi Technologies to provide loans to small businesses that advertise on its platform. Incumbent traditional lenders will increasingly leverage the network of their partners and/or digital ecosystem to cross-sell products to existing customers, tap customers of other lenders, and also cater to new-to-credit customers. This will expand the market for MSME loans.

Reduction in turn-around time ("TAT") and increased use of technology

With the availability of multiple data points and technological advancement, TAT for lending to MSMEs has been continuously declining. This too will drive the demand for MSME loans.

Government initiatives addressing structural issues in the MSME market

The government has unveiled a number of initiatives aimed at addressing some of the structural issues plaguing small business lending segment. These include granting licenses to account aggregators, the Pradhan Mantri Mudra Yojana (PMMY), unveiling Trades Receivables Discounting System (TReDS) platforms and the implementation of GST.

Licensing account aggregators

The RBI launched the account aggregator system on September 2, 2021, which has the potential to transform the MSME finance space once there is widespread adoption amongst the lending community. Four account aggregators also announced the launch of their apps on the same day which include OneMoney, FinVu, CAMSFinServ and NADL (NESL Asset Data Limited). Account aggregators are essentially non-banking financial companies, licensed by RBI, that act as an intermediary to collect and consolidate data from all Financial Information Providers (“FIP”) that hold users’ personal financial data like banks and share that with Financial Information Users (“FIU”) like lending agencies or wealth management companies that provide financial services. These account aggregators would provide granular insights to lenders into customers’ financial assets and their borrowing history centrally, based on customer consent. Inclusion of additional data such as electricity bill payments and mobile recharges/bill payment data under the purview of account aggregators would further enhance its utility.

Note: 4 Registered with any one of the regulator – SEBI, RBI, IRDAI, PFRDA

Source: CRISIL Research

Some of the other government and regulatory initiatives are detailed below:

- **UDYAM registration:** Paperless and online registration process for MSMEs with an aim to promote ease of doing business.
- **Stand-up India:** It facilitates bank loans between ₹ 1 million and ₹ 10 million to at least one scheduled caste or scheduled tribe borrower and at least one-woman borrower per bank branch for setting up a greenfield enterprise.
- **Make in India:** Launched with an intention to make India a global manufacturing hub, which in turn will provide employment to numerous youths in the country
- **Mudra loans:** To fulfil funding requirement of MSMEs who were earlier left out by financial institutions; credit guarantee support also offered to financiers.
- **59-minute loan:** Online marketplace that provides in-principle approval to MSME loans up to ₹ 10 million in 59 minutes.
- **UPI 2.0:** Real-time system for seamless money transfer from an account
- **TReDS:** Institutional mechanism to facilitate financing of trade receivables of MSMEs from corporates and other buyers through multiple financiers.
- **Factoring to support more participation from NBFCs:** In an amendment to Factoring Regulation Act, 2011, the Lok Sabha passed the Factoring Regulation (Amendment) Bill in July 2021.

NBFCs INCREASING THEIR PRESENCE IN THE MSME LOANS SEGMENT

NBFCs have managed to carve out a strong presence in MSME loans segment due to their focus on serving the needs of the customer segment, faster turnaround time, customer service provided and expansion in geographic reach. As of Fiscal 2021, the cumulative market share of NBFCs in MSME loans outstanding (in ₹ 10 lakhs to ₹ 1 crore ticket size band) is estimated to be around 44%, which is highest among the player groups.

Over the years, the MSME book of NBFCs has grown at a similar rate compared with the portfolio at a systemic level, clocking a CAGR of 24% over Fiscals 2017 and 2021. Market share of NBFCs remained stable between Fiscals 2018 and 2019 due to

demonetization and the NBFC liquidity crisis but has increased subsequently. Going forward, CRISIL Research expects the market share of NBFCs in this segment will continue to remain in the same range.

NBFCs continue to gain market share from banks in overall MSME loans

Note: (1) Includes LAP and Unsecured Business Loans as reported in consumer and commercial bureau, (2) Others include foreign banks, co-operative banks and regional rural banks

Source: CIBIL TransUnion, CRISIL Research

NBFC profitability to improve going forward

NBFCs in MSME segment operate with yield in the range of 15-16%, on an average. With cost of funds being in the range of 10-11%, net interest margins (“NIMs”) for this segment are in the range of 6-7%. CRISIL Research estimates the profitability in this segment to have declined in Fiscal 2021 owing to higher credit costs and operational expenses. With cash flows of several MSMEs getting impacted due to the pandemic, the asset quality deteriorated which led to higher credit costs. Operational expenses are expected to have remained relatively higher due to slower business growth and high contribution of DSAs in originating business for NBFCs, especially in unsecured loans.

Source: CRISIL Research estimates

Going forward, in Fiscal 2022, an increase in NIMs with borrowing costs going down, a decline in credit cost, and improvement in collections is expected to lead to better profitability.

Asset quality for loans with ticket size between ₹ 10 lakhs and ₹ 1 crore better than overall MSME loans portfolio

Over the past few years, asset quality for MSME loans has been deteriorating across the board, and loans with ticket size between ₹ 10 lakhs and ₹ 1 crore are no exception. Moreover, due to COVID-19, income of the borrowers was impacted severely in Fiscal 2021, which led to rise in GNPA numbers. However, the GNPA ratio for portfolio in the ₹ 10 lakhs to ₹ 1 crore band is lower compared to other smaller ticket size and larger ticket size loans (4.4% as of March 2021 as compared to 6.9% for loans with ticket size higher ₹ 1 crore and 9.5% for smaller ticket size loans lesser than ₹ 10 lakhs). Overall, MSME loans portfolio had a GNPA of 6.3% as of March 2021.

Asset quality across various ticket sizes

Note: Data Includes LAP and Unsecured Business Loans as reported in consumer and commercial bureau

Asset quality for loans with ticket size between ₹ 10 lakhs and ₹ 1 crore across various player groups

Note: (1) Data includes LAP and Unsecured Business Loans as reported in consumer and commercial bureau, (2) Others include foreign banks, co-operative banks and regional rural banks

Source: CIBIL TransUnion, CRISIL Research

GNPAs of NBFC MSME loans with ticket size in between ₹ 10 lakhs and ₹ 1 crore for has remained in the range of 2-2.5% for two years ending March 2019. Asset quality deteriorated in Fiscals 2020 and 2021 owing to impact on customers due to the COVID -19 pandemic and GNPA ratio increased by 110 bps to reach 3.7% compared to that as of March 2020 (2.6%). The deterioration in asset quality would have been worse, if it had not been for the support provided by the ECLGS and restructuring of loans allowed by the RBI. While some portion of the portfolio has got restructured, GNPA has still increased in Fiscal 2021.

GNPA levels for NBFCs to increase in Fiscal 2022

Note: Data includes LAP and Unsecured Business Loans with ticket size between ₹ 10 lakhs and ₹ 1 crore as reported in consumer and commercial bureau

Source: CIBIL TransUnion, CRISIL Research

Going forward, while the impact of COVID -19 is expected to fade away and incomes of borrowers is expected to improve in Fiscal 2022 leading to slight moderation in GNPA, the rule on upgradation of classification of bad loans by the RBI is expected to lead to an increase in GNPA levels in Fiscal 2022. Nonetheless, the impact will be limited to one or two quarters and as the GDP growth recovers and cash flows for MSMEs stabilize, the GNPA levels will moderate gradually after Fiscal 2022.

KEY SUCCESS FACTORS FOR NBFCs OFFERING MSME LOANS

The key success factors for NBFCs offering MSME loans include the following:

- **Strong branch network and deep understanding of the target customer segment and markets:** Players need to have a clear and deeper understanding of their target customer segment, the markets they operate in and develop a strong local network.
- **Strong underwriting capabilities:** MSMEs tend to generally be more impacted by vagaries of the business cycle given their limited financial wherewithal and/or reliance on larger buyers
- **On-the-ground presence to manage collections and maintain portfolio quality:** Additionally, given that players in the segment also cater to a relatively riskier profile, a strong focus on collections and monitoring risk of default at customer level is vital to manage asset quality.
- **Collateral risk management:** Properties that are used as collateral for MSME loans sometimes lack proper property titles, especially in the outskirts of large cities, semi-urban and rural areas.

HOUSING LOANS (BELOW ₹ 5 MN TICKET SIZE)

HOUSING SCENARIO IN INDIA

Housing stock

As per Census 2011, the number of households increased to 247 million as of 2011 from 192 million in 2001, at 1.3% CAGR. During the period, housing stock increased from 245 million units from 187 million units. Of the 245 million units, about 61 million units are obsolete, congested or non-serviceable.

Increment in households

Increment in housing stock

HOUSING SHORTAGE IN INDIA

Despite the constant focus on the segment, housing in India is far from adequate. Shortage of housing is a perpetual problem, deterring the economic growth in India.

In the Twelfth Five Year Plan (2012-2017), the government accorded this issue utmost importance and focused on increasing the amount of housing units available in both urban as well as rural areas. As per the estimates of the Twelfth Five Year Plan, housing shortage in the urban segment of the society stood at 18.78 million units. The economically weaker section accounts for three-fourths of the shortage and the low income group nearly accounts for a quarter. In 2017, the housing shortage estimate was revised downwards to approximately 10 million units based on assessments carried out since 2011.

The erstwhile Planning Commission and the Ministry of Rural Development, Government of India, have official initiatives to assess the quantum of housing shortage in rural India. As per the estimates of the Twelfth Five Year Plan, housing shortage in the rural segment of society stood at 43.13 million.

INDIAN HOUSING FINANCE MARKET TO LOG A CAGR OF 11-12% IN THE LONG TERM

The Indian housing finance market clocked a healthy approximately 16% CAGR (growth in loan outstanding) over Fiscals 2017-2020 on account of a rise in disposable income, healthy demand emanating from smaller cities markets, attractive interest rates and government impetus on housing. In Fiscal 2021, credit growth for housing loans slowed down following the outbreak

of COVID-19. While economy was significantly impacted in the first half of Fiscal 2021, there was a faster than envisaged revival in the second half of Fiscal 2021, with the RBI, along with central and state governments, providing support. During the Fiscal 2021, home loans outstanding increased by approximately 11% on year.

Housing loan disbursements increased from ₹ 5.47 trillion in Fiscal 2018 to ₹ 5.68 trillion in Fiscal 2019. In Fiscal 2020, disbursements remained more or less flat at ₹ 5.56 trillion due to a slowdown in economic growth and challenges faced by some HFCs in availing funding post the IL&FS meltdown in September 2018. In March 2020, the industry was affected on account of the COVID-19 pandemic induced lockdown, as a significant quantum of disbursements take place in the last month of a fiscal and in the last two weeks of March. In Fiscal 2021, the first quarter was a complete washout due to disruption caused by COVID-19 crisis and the resultant nation-wide lockdown. However, the latent demand for housing in India remained strong given the vast housing shortage in India and the psychological comfort provided by owning a house post the uncertainty created by the COVID-19 pandemic. This caused disbursements to grow by 3% on year to reach ₹ 5.72 trillion in Fiscal 2021.

Disbursements of overall housing loans (in ₹ Trillion)

Source: CIBIL, CRISIL Research

In the first quarter of Fiscal 2022, following the second wave of COVID-19 infections, most states re-imposed partial or full lockdowns, resulting in decline in disbursements in Q1FY22. However, the impact wasn't severe as was the case of Q1FY21. With visible recovery across most sectors, disbursements shot up in Q2FY22 and are expected to remain strong in the second half of the Fiscal since:

- On the supply side, lenders have been intensifying their focus on the retail housing segment, which showed resilience in Fiscal 2021 despite the decline in GDP
- On the demand side, salaries of white-collared borrowers remained largely unaffected, unlike in previous Fiscal. In addition, employees working from home have accelerated their decision to own a house or purchase a larger unit because of improved profitability.

CRISIL Research expects housing loan credit to grow at approximately 11% in Fiscal 2022. With economy improving further, housing credit is expected to grow at 11-12% between Fiscal 2022 and Fiscal 2025. However, in event of a resurgence in the pandemic, pace of vaccination and any regulatory change that impacts demand will remain key monitorables.

Long-term growth drivers for housing finance

Higher transparency in the sector, increasing affordability and urbanisation, and government incentives will push up the housing finance market in longer term.

OTHER FACTORS

India's mortgage-to-GDP ratio to improve going forward

In Fiscal 2020, India's mortgage-to-GDP ratio stood at 12.5%. Though low compared with other developing countries, it has significantly improved from 6.5% in Fiscal 2009. The factors that contributed to the improvement are rising incomes, improving affordability, growing urbanisation and nuclearisation of families, emergence of tier-II and tier-III cities, ease of financing, tax incentives, and widening reach of financiers. Given the expected steady growth from fiscal 2022, CRISIL Research projects the ratio at 15.3% by Fiscal 2025.

OUR COMPANY HAS THE HIGHEST DISBURSEMENT TO AUM RATIO AMONGST THE NON-GOLD LOAN PEER SET

Our Company has the highest disbursement to AUM ratio amongst the non-gold loan peer set at 122.9% for Fiscal 2021. This disbursements to AUM is despite the medium-to-long tenure of LAP, which accounts for 28% of our Company's portfolio as of March 2021. This disbursements-to-AUM ratio reflects the focus of a company on expanding its branch network and disbursements over the last few years. Amongst the peers analyzed, Muthoot Finance had the highest ratio at 235.6% for Fiscal 2021.

Repco Home Finance is the most efficient in terms of AUM per branch among the peer set

Repco Home Finance is the most efficient NBFC among the peer set with AUM per branch of ₹ 684 million as of March 2021 followed by HDB Financial Services (₹ 467 million) and Shriram City Union Finance (₹ 320 million). Our Company has an

AUM per branch of ₹ 134 million as of March 2021. The AUM per branch has, however, to be viewed in the context of the vintage of branches. Our Company, for example, has more than tripled its branch network from 152 branches as of March 2019 to 463 branches by September 2021, and hence, most of its branches have still not reached the mature stage.

Our Company has the second highest disbursements per employee among the peer set as of March 31, 2021

Muthoot Finance has the highest disbursement per employee of ₹ 47.8 million followed by our Company at ₹ 27.7 million. Other players such as Repco Home Finance and IIFL Finance, have relatively lower disbursements per employee of ₹ 18.4 million and ₹ 13.9 million respectively, as compared to our Company.

Our Company's cost to income ratio reflects it is in process of expansion

Our Company's cost-to-income ratio of 61.1% is much higher than the peers analysed. This can be attributed to our Company being in expansionary mode and adding several branches in the last few years. Consequently, our operating expenditure is also relatively higher at 4.9% of Fiscal 2021. Vistaar Finance, HDB Financial Services and Veritas Finance has a relatively higher operating expenditure of 5.2%, 5.7% and 5.8% respectively, as compared to our Company.

Most players tend to have geographically concentrated portfolios; Our Company has the lowest share of top state among the peer set

It is observed that most of the players in the considered peer set have a significant portion of their portfolio (between 36 -56%) emanating from the largest state in their respective portfolios. Our Company had the lowest proportion of AUM emanating from the largest state in its portfolio (26% from Karnataka as of March 2021) amongst the peers analyzed. Our Company has well spread its portfolio to other states including Tamil Nadu (19%), Maharashtra (19%), Andhra Pradesh & Telangana (14%) and Gujarat (13%).

State-wise distribution of AUM (Fiscal 2021)

Segment	Fiscal 2021	Share of top state	Name of top 5 states

Aptus Value Housing has the lowest credit cost over the last 3 years among the peers; our Company had the lowest average credit cost from Fiscal 2019 to Fiscal 2021 among MSME peer set

Aptus Value Housing has the lowest credit cost of 0.1% as of Fiscal 2021. Credit cost in Fiscal 2021 increased for our Company at 1.5%. However, we had the lowest average credit cost from Fiscal 2019 to Fiscal 2021 among MSME peer set. Credit cost increased in Fiscal 2021 and remained elevated in first half of Fiscal 2022 for our Company as we had prudently taken write off for bad loans (₹ 0.29 billion in Fiscal 2021 and ₹ 0.13 billion in September 2021). Thus, going forward, any recoveries in such loans will have positive impact on the profitability of our Company. Further, in terms of restructured assets, players like our Company and HDB Financial Services have conservatively classified such assets as Stage 2 unlike other players who might have retained these loans in Stage 1.

OUR BUSINESS

The industry related information contained in this section is derived from the CRISIL Report, which has been exclusively commissioned only for the purposes of the Offer and paid for by our Company. Forecasts, estimates, predictions, and other forward-looking statements contained in the CRISIL Report are inherently uncertain because of changes in factors underlying their assumptions, or events or combinations of events that cannot be reasonably foreseen. Actual results and future events could differ materially from such forecasts, estimates, predictions, or such statements. We have included certain non-GAAP financial measures and other performance indicators relating to our financial performance and business in this Draft Red Herring Prospectus, each of which are supplemental measures of our performance and liquidity and are not required by, or presented in accordance with Ind AS, Indian GAAP, IFRS or U.S. GAAP. Such measures and indicators are not defined under Ind AS, IFRS or U.S. GAAP, and therefore, should not be viewed as substitutes for performance, liquidity or profitability measures under Ind AS, IFRS or U.S. GAAP. In addition, such measures and indicators, are not standardized terms, hence a direct comparison of these measures and indicators between companies may not be possible. Other companies may calculate these measures and indicators differently from us, limiting their usefulness as a comparative measure. Although such measures and indicators are not a measure of performance calculated in accordance with applicable accounting standards, our management believes that they are useful to an investor in evaluating us as they are widely used measures to evaluate a company's operating performance.

Our financial year-ends on March 31 of each year, so all references to a particular FY, Fiscal or Fiscal Year, Financial or Financial Year are to the 12 months ended March 31 of that year.

Unless otherwise stated or unless context otherwise requires, all financial information of our Company used in this section has been derived from our Restated Financial Information.

Some of the information in this section, including information with respect to our business plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read "Forward-Looking Statements" on page 25 for a discussion of the risks and uncertainties related to those statements and also "Risk Factors", "Industry Overview" "Restated Financial Information", "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Selected Statistical Information" beginning on pages 26, 107, 266, 353 and 247, respectively, for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements.

Overview

We are a retail focused NBFC promoted by The Federal Bank Limited. We are the fastest growing gold loan NBFC among the gold loan peer set in India as of March 31, 2021. (Source: CRISIL Report) We are one among five private bank-promoted NBFCs in India. (Source: CRISIL Report) We have the lowest cost of borrowing among the MSME and gold loan peer set in India in Fiscal 2021. (Source: CRISIL Report) As on March 31, 2021, we are the NBFC with the third fastest AUM growth in the peer set in the last three fiscal years in India with a CAGR of 49% between Fiscals 2018 and 2021. (Source: CRISIL Report) As on September 30, 2021, 86.25% of our total Loan Assets are secured against tangible assets, namely gold or customer's property.

We operate a "twin engine" business model, with two complementary products, namely gold loans and instalment loans to MSMEs and emerging self-employed individuals ("ESEIs"), and we believe that this business model provides us with the opportunity for growth as well as a countercyclical hedge for disruptions in the Indian economy and the retail loans industry. According to CRISIL, most lenders tend to lend aggressively during good times and pull back during periods of distress and slowdown in economic growth. As lenders become more cautious due to slowdown in economy, gold loans serve as a quick, easy and convenient avenue to fund short term needs of customers. (Source: CRISIL Report) For further details in relation to gold loans and non-gold loans being countercyclical in nature, see "Industry Overview" on page 107. Accordingly, our instalment loans to MSMEs and ESEIs and gold loans are complementary products. We also have other instalment loan products such as housing loans and unsecured business loans, that are offered to our target customers.

According to CRISIL, the emerging self-employed individual and micro, small and medium enterprise segment is largely unaddressed by lending institutions in India. We believe that this segment provides us with a sizeable opportunity to rapidly grow and expand further. We have a well-tailored suite of products targeted to match our customers' needs, which includes housing loans, small ticket loan against property ("LAP"), medium ticket LAP, unsecured business loans, and gold loans. Our AUM grew at a CAGR of 49% between Fiscals 2018 and 2021. (Source: CRISIL Report) We had the highest growth in disbursement among the peer set at a CAGR of 56% between Fiscal 2018 and Fiscal 2021. (Source: CRISIL Report) Our instalment loans to MSMEs and ESEIs had an AUM of ₹ 29,338.25 million and our gold loans had an AUM of ₹ 21,329.24 million as on September 30, 2021.

We have been rated "AA-" by CARE for our non-convertible debentures ("NCDs") since 2018, and "AA-" by India Ratings and Research Private Limited for our NCDs and long term bank facility. We are promoted by Federal Bank, which, we believe, adds a degree of trust among our stakeholders. Federal Bank will continue to own more than 51% of our outstanding share

capital post the completion of this Offering. We believe that our long operating history, track record, management expertise and the “Federal Bank” brand have enabled us to establish a competitive position in the markets we serve and create trust among our customers, lenders, regulators and investors. For further details in relation to our Promoter and Promoter Group, see “Our Promoter and Promoter Group” on page 241.

We are headquartered in Mumbai, Maharashtra. As of September 30, 2021, we are present in 15 states and union territories across India with a strong presence in Southern and Western regions of India. Based on the CRISIL Report, these states contribute more than 75% of India’s GDP as on March 31, 2020. As of September 30, 2021, we covered 136 districts in 15 states and union territories in India through 463 branches. Our branches are located in states, such as Andhra Pradesh (including Telangana) and Rajasthan, which have better asset quality than other states. (Source: CRISIL Report) Based on the CRISIL Report, Andhra Pradesh and Rajasthan witnessed the fourth and fifth highest credit growth (among states) between Fiscals 2016 to 2021. Additionally, we have dedicated micro-sites on our website for each of our branches, which focus solely on customer engagement for our branch customers.

We also have a “Phygital” door-step model, a combination of digital and physical initiatives, for providing customized services to our customers across all of our products. This also helps us to constantly remain in touch with our customers. Technology is the core building block of our underwriting model which combines electronic data and physical information and document collection. We have entered into an agreement in Fiscal 2020 with a service provider for records management, preservation of documents and related services, valid for period of five years. When we underwrite a loan, we collect various data points from the customer, including subjective and objective information. These are collected in digital and physical format. Subsequently, we spend time in validating the data and analysing the customers’ creditworthiness. Thereafter, the information is validated through various APIs, which are integrated in our loan origination system. Lastly, the information is passed through the decision engine for final determination of sanctions of the loan amount. Our underwriting process has allowed us to manage and reduce defaults and NPAs across all our products in Fiscal 2019, 2020 and 2021. Our Gross NPA was 2.22%, 1.01%, 1.44% and 2.25% for the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, respectively and Net NPA was 1.60%, 0.71%, 1.08% and 1.93% for the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, respectively. For details in relation to the impact of COVID-19 on our NPAs, see “Risk Factors – The ongoing novel coronavirus (“COVID-19”) pandemic and measures intended to prevent its spread have had, and may continue to have, a material adverse effect on our business and results of operations.” on page 26.

People are at the forefront of our organization. As on September 30, 2021, we have employed 2,658 personnel across our 463 branches. For the last three consecutive years, we have been certified as a “Great Place to Work” by Great Place to Work Institute.

We believe that profit is a consequence of fulfilling our purpose. Our vision is to empower emerging India with easy access to loans. We believe we are filling a gap in the Indian financial services industry, by addressing our target customer segments’ loan requirements.

Our Competitive Strengths

We believe the following strengths give us a competitive advantage in the Indian retail credit industry:

- ***We are present in large, underpenetrated markets with strong growth potential***
- ***Our “twin engine” business model ensures growth and risk insulation across economic cycles***
- ***We are focused on retail loan products with a collateralized lending model targeting individuals and the emerging MSME sector which is difficult to replicate***
- ***Strong underwriting capability and presence in select customer segment combined with robust risk management capabilities focused on effective underwriting and collections***
- ***Experienced, cycle tested management team***
- ***Well diversified funding profile with an advantage of lower cost of funds***
- ***Technology driven company with scalable operating model***

We are present in large, underpenetrated markets with strong growth potential

According to CRISIL, Indian retail credit market is large, has good growth prospects as the size of Indian retail credit was ₹ 40 trillion in Fiscal 2020 which grew from ₹ 22 trillion in Fiscal 2016, and it constituted 27% of total systemic credit in India. The credit gap is much larger in case of ESEIs (Source: CRISIL Report) and we are focused on catering to the financial needs of such ESEIs.

Given that the market is large, has good growth prospects, under penetrated and profitable, retail credit is expected to continue to remain a key focus area for banks and NBFCs. (Source: CRISIL Report) In terms of credit to households as a proportion of GDP, India lags other markets, with retail credit hovering at around 22% of GDP as of Fiscal 2021. (Source: CRISIL Report) Further, according to CRISIL, India's mortgage to GDP ratio was at 12.5% in Fiscal 2020. This presents us with an opportunity for growth. Due to increasing awareness about benefits of availing gold loans from the organized segment, the share of unorganized gold loan financiers have decreased from 42-45% in Fiscal 2017 to approximately 38-40%. (Source: CRISIL Report) Further, as of March 2021, the gold pledged with financiers constituted around 7% of the 26,000 - 27,000 tons of gold holdings in Indian households. (Source: CRISIL Report) We believe that we are well positioned to take advantage of the opportunity this presents for growing our gold loan business.

Based on the CRISIL Report, the retail credit growth is expected to benefit from factors such as formalization of the economy, growing working population, increasing urbanization and increasing digital adoption in India, and all of these factors are expected to contribute to the continued retail credit growth to ₹ 61 trillion by Fiscal 2024. For further details, see "Industry Overview" on page 107. Additionally, the portfolio of MSME loans with ticket size between ₹ 1 million and ₹ 10 million is expected to grow at 15% CAGR over Fiscals 2021 and 2025, aided by increasing lender focus and penetration of such loans, enhanced availability of data increasing lender comfort while underwriting such loans, enhanced use of technology, newer players entering the segment, and continued government support. (Source: CRISIL Report) Our presence in the retail credit industry with our product suite provides us with a platform to benefit from this anticipated growth.

As of September 30, 2021, we are present in 15 states and union territories across India with a strong presence in Southern and Western regions of India. Based on the CRISIL Report, these locations contribute more than 75% of India's GDP as on March 31, 2020. As of September 30, 2021, we covered 136 districts in the 15 states and union territories in India through 463 branches. Our branches are located in states, such as Andhra Pradesh (including Telangana) and Rajasthan, which have better asset quality than other states. (Source: CRISIL Report) Based on the CRISIL Report, Andhra Pradesh and Rajasthan witnessed the fourth and fifth highest credit growth (among states) between Fiscals 2016 to 2021. Our presence across these contiguous states allows us to diversify our exposure across local micro markets and products.

As on September 30, 2021 our AUM across our various products was 40.65% for gold loans, 25.55% for medium ticket LAP, 18.84% for small ticket LAP and housing loans and 11.53% for unsecured business loans. According to CRISIL, housing loans and gold loans cover 50% and 11% of the retail loans industry, respectively, in India in Fiscal 2021. Accordingly, our loan products cover 61% of the retail loans industry in India in Fiscal 2021. The retail nature of our business reduces any industry concentration risk to our total AUM.

The following map and chart sets forth our branch network as on September 30, 2021 and our branch footprint evolution during the last three Fiscals and the six month period ended September 30, 2021.

In the six months ended September 30, 2021 and Fiscal 2021, our top five states in terms of AUM constituted 82.97% and 85.06% of our total AUM, respectively, while our top three states in terms of AUM contributed towards 61.31% and 63.65% of our total AUM, respectively. Further, 26.57% of our total branches have been in operation for more than three years while the remaining 73.43% have been in operation for less than three years.

We have made significant investment in setting up this comprehensive branch network. We have spent ₹ 414.51 million in aggregate to open branches in last three Fiscals and the six months ending September 30, 2021. We have adopted a contiguous strategy wherein we aim to expand across regions in India where we have a presence and expand to adjacent geographies by evaluating areas with established credit culture. We believe that our deep penetration in 15 states and union territories in India, built through our contiguous expansion strategy has provided us with significant scale and diversification advantages and will result in growth of our AUM as our branches mature over time. We also have 1,494 local channel partners to complement our branch network and increase our geographical penetration while controlling our costs. For further information on our branch network and channel partners, see "Description of our Business and Operations – Branch Network" on page 190.

The emerging self-employed individual and micro, small and medium enterprise segment is largely unaddressed by lending

institutions in India. (Source: CRISIL Report) We have, accordingly, increased our footprint in the states we operate in with a focus on customer acquisition and retention in the higher quality small loan ticket segment.

We offer mobility based solutions for our customers providing them with transparency and convenience of engagement and transaction execution. For further details in relation to our digital solutions, see “- Technology driven company with scalable operating model” and “- Description of our Business and Operations – Information Technology” on pages 183 and 197, respectively.

Our multi-channel network combining our physical branches, channel partners and digital solutions provides us with a significant footprint in our target geographies.

Our “twin engine” business model ensures growth and risk insulation across economic cycles

We have a “twin engine” business model, which focuses on two complementary retail products, namely instalment loans to ESEIs and MSMEs, and gold loans. We believe that this business model provides us with growth opportunities while mitigating the risk across economic cycles. The credit demand from ESEIs and the MSME segments drives our business growth when there is an upturn in the economy. On the other hand, the demand for gold loans drives our business growth when there is a downturn in the economy. Our gold loan portfolio acts as an active hedge against the cyclical nature in the Indian retail lending industry that may arise due to economic or other factors. Over the years, gold prices have shown a consistent increase, and have, in most part, increased at a pace higher than the annual rate of inflation. (Source: CRISIL Report) For instance, from Fiscal 2011 to Fiscal 2016, gold prices increased at a CAGR of approximately 7%, as against an approximately 8% inflation observed in this period, while during the subsequent five-year period between Fiscals 2016 and 2021, the gold price and inflation increased at a CAGR of approximately 13% and 4%, respectively. (Source: CRISIL Report)

Most lenders tend to be pro-cyclical, lending aggressively during good times and cautious during an economic slowdown. (Source: CRISIL Report) As a result, small businesses and enterprises especially may find it difficult to get credit during periods of economic downturn as established lenders tend to tighten their underwriting standards. (Source: CRISIL Report) According to CRISIL, one asset class that tends to see healthy growth when the overall economy or other loan segments are not doing well is gold-backed lending. As lenders become more cautious due to slowdown in economy, gold loans serve as a quick, easy and convenient avenue to fund short term needs of customers. (Source: CRISIL Report) For example, during Fiscals 2020 and 2021, when growth for diversified NBFCs witnessed sharp decline, gold loan NBFCs witnessed strong double-digit year-on-year growth of over 20% during the same period. (Source: CRISIL Report) According to CRISIL, this counter cyclical nature of gold loans provides a cushion and acts as an active hedge for overall growth of NBFCs which have a good portfolio mix of gold loans and other loans.

Y-o-Y growth trend of gold loans NBFCs vs diversified NBFCs

Note: Gold loan NBFCs includes – Muthoot Finance, Manappuram Finance, Kosamattam Finance and Muthoot Mini; Diversified NBFCs includes – Aditya Birla Finance, Bajaj Finance, Fullerton India Credit, HDB Financial Services, IIFL Finance, L&T Finance, Shriram City Union Finance and Tata Capital

Source: CRISIL Report

We are focused on retail loan products with a collateralized lending model targeting individuals and the emerging MSME sector which is difficult to replicate

We are largely focused on a collateralized lending model for our retail finance segment, targeting ESEI consumers and the emerging MSME sector. As on September 30, 2021, 86.25% of our total Loan Assets are secured against tangible assets, namely

our customer's gold or property. Out of the collateral for our medium ticket LAP and small ticket LAP, 74.92% of our collateral is self-occupied residential or commercial property. As on September 30, 2021, our LTV on our total Loan Assets with property collateral at the time of sanctioning the loan was 47.98%. In our experience, the value of collateral property generally appreciates over time. In addition, our LTV at the time of sanction further reduces over the term of the loan as the loan is serviced.

The following table provides the split of our AUM by product category for the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, year on year growth, split of total AUM as on September 30, 2021, ATS, yield, NPA percentage as on September 30, 2021, underwriting methodology and average LTV as on September 30, 2021:

Product	AUM as at September 30, 2021 (₹ in million)	AUM as at March 31, 2021 (₹ in million)	AUM as at March 31, 2020 (₹ in million)	AUM as at March 31, 2019 (₹ in million)	YoY Growth from Fiscal 2020 to Fiscal 2021	Split of AUM (as at September 30, 2021)	ATS (₹ in million)	Yield (as at September 30, 2021)	NPA % (as at September 30, 2021)	Underwriting	Average LTV
Gold Loan	21,329.24	19,177.87	10,454.49	4,540.68	83.44%	40.65%	0.11	15.11%	0.75%	In-house Valuation	72.56%
Medium Ticket LAP	13,403.53	13,324.13	12,204.89	7,927.45	9.17%	25.55%	4.13	12.06%	2.34%	Income Based	49.42%
Small Ticket LAP	7,846.12	6,768.62	5,722.88	3,365.67	18.27%	14.95%	1.33	16.89%	2.91%	Assessed Income	42.08%
Housing Loan	2,039.71	1,413.37	931.28	142.65	51.77%	3.89%	1.03	14.35%	2.22%	Assessed Income	61.24%
Business Loan	6,048.89	4,978.89	3,064.65	4.33	62.46%	11.53%	2.01	17.30%	1.16%	Income Based	-
Others	1,799.94	2,961.43	6,003.54	4,211.99	-50.67%	3.43%	7.50	14.40%	19.39%	-	-
Total	52,467.43	48,624.31	38,381.73	20,192.77	26.69%	100.00%	-	15.21%	2.22%	-	-

Notes:

1. ATS means average ticket size of the loan at the time of sourcing.
2. LTV means loan to value ratio of the portfolio.
3. LAP means loan against property.

Our products meet the specific requirements of our target customers with quick turnaround times and customized services for each customer's unique needs. Our target customers require us to employ differentiated strategies to evaluate creditworthiness and structure loan products for the customer and to be able to understand local market requirements. Our ability to structure loan products when the customer is unable to provide traditional data for loan evaluation, provide loans with collateral based on robust credit evaluation and our understanding of the micro markets, makes our offering difficult to replicate. For further details in relation to credit approval and disbursements, see “- Description of our Business and Operations – Credit Approval and Disbursement” on page 193.

Strong underwriting capability and presence in select customer segment combined with robust risk management capabilities focused on effective underwriting and collections

We recognize risk management as an integral part of our business. We have formulated our risk management policy taking into account, among others, the practices and principles governing risk management prescribed by the RBI. Our Board, supported by our senior management team, takes the lead in establishing a strong risk management culture. Our risk management framework is driven by our Board and its subcommittees including the Audit Committee, the Risk Management Committee and the Asset Liability Committee. For further details, see “- Description of Our Business and Operations – Risk Management Framework” on page 195.

We assess, measure and review risks holistically across our operations, including credit, market, liquidity, operational, regulatory and legal, cyber and information security and reputational risks. We have put in place approval processes for all new products, activities, processes and systems that assesses underlying risks. In addition, we have a strong internal control environment that utilizes policies, processes and systems and appropriate internal controls and risk management and transfer strategies.

As of September 30, 2021, 2.71% of our employees were in internal audit function and such personnel conduct periodic audits across sales, operations, credit, customer service, branch operations and other support functions. Further, all our branches undergo regular audits along with random surprise audits to ensure adherence to the policies and standard operating procedures. In addition, an external audit agency augments our internal audit function. For further details in relation to our technology

framework for collection of data for providing credit solutions, see “- Our Competitive Strengths – Technology driven company with scalable operating model” on page 183.

We have various product programs that define customer and target market segments and risk acceptance criteria. These programs help us curate customized loan solutions based on the anticipated cash flows of our customers. We undertake a verification process for all electronic or physical material provided by our customers and have an independent risk containment unit, for protection against fraud. We ensure that our loan officers spend time getting to know our customers and their requirements.

Our knowledge of our customer’s environment and their respective finances and unique facts assists us in our credit decision making process. Every loan is reviewed and approved by separate team members as per the product program to ensure checks and balances. Any deviations from the defined product program are escalated to the higher level within the credit risk management group for approval. Performance across product parameters and impact of all the deviations on portfolio performance is monitored across product segments and the learnings are fed back into the product program.

As on September 30, 2021, we had an independent quality assurance team of 79 employees for both our instalment loans and gold loans. The team reviews the quality of business at the time of loan origination. Every loan undergoes check post disbursement confirming adherence to the underwriting criteria through a variety of interventions by our quality assurance team. Instances of departure from the criteria are analyzed and findings are incorporated in the standard operating procedures to avoid future recurrence. For further details of our underwriting processes, see “- Description of our Business and Operations – Credit Approval and Disbursement” on page 193.

While we focus on the underserved category of the Indian retail loan market, we follow prudent customer selection policies with 85% of our customers having an established credit history, and 78% of our credit rated borrowers rated with a CIBIL score greater than 650 or CMR score less than or equal to 6. This has enabled us to have the third lowest GNPA and second lowest NNPA among the peer set in Fiscal 2021. (Source: CRISIL Report)

Our effective credit risk management is reflected in our portfolio quality indicators such as our collection efficiency and low rates of GNPA and NNPA backed by adequate provisioning cover. We believe that our risk management policies have resulted in our healthy asset quality and low credit costs.

The following tables set out the break-up of our loans across stages as per Ind AS:

	For the six months ended September 30	For Fiscals		
	2021	2021	2020	2019
	(₹ in million, except percentages)			
Gross Carrying Amount - Loans				
1. Stage 1 ⁽¹⁾	44,295.06	44,514.09	35,490.90	19,133.90
2. Stage 2 ⁽²⁾	4,771.40	1,288.18	1,176.22	604.82
3. Stage 3 ⁽³⁾	1,112.05	468.08	535.40	454.05
4. Total Gross Carrying Amount - Loans	50,178.51	46,270.35	37,202.52	20,192.77
Expected Credit Loss Allowance – Loans				
5. Stage 1	263.27	453.56	136.50	40.30
6. Stage 2	579.87	155.52	64.13	20.13
7. Stage 3	313.28	139.86	136.73	66.20
8. Total ECL Allowance Loans⁽⁴⁾	1,156.42	748.94	337.36	126.63
Net Carrying Amount – Loans				
9. Stage 1 (9=1-5)	44,031.79	44,060.53	35,354.40	19,093.60
10. Stage 2 (10=2-6)	4,191.52	1,132.66	1,112.09	584.69
11. Stage 3 (11=3-7)	798.77	328.22	398.67	387.85
12. Total Net Carrying Amount - Loans (12=4-8)	49,022.09	45,521.41	36,865.16	20,066.14
13. Ratio of Total ECL Allowance Loans to Total Gross Carrying Amount (13=8/4*100)	2.30%	1.62%	0.91%	0.63%

Notes:

(1) Stage 1 Loans refers to less than 30 Day Past Due (“DPD”) accounts other than restructured less than 30 DPD accounts and NPA less than 30 DPD accounts.

(2) Stage 2 Loans refers to 30 to 59 DPD, 60-89 DPD and all loans, restructured under the Resolution Framework, which allowed a one-time restructuring of loans impacted by COVID-19 pandemic, which are Stage 2 or below as per DPD.

(3) Stage 3 Loans refers to Stage 3 Loans under our Gross Loan Book as of the last day of the relevant period, or closing balance of Gross Loan Book, which are Non-Performing Assets as defined in the master circular dated July 1, 2015 “Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances” issued by RBI, as amended.

(4) As on September 30, 2021, our Company has considered all loans restructured under the Resolution Framework as an indicator of significant increase in credit risk and accordingly classified such loans as Stage 2, including 69 loans which have an outstanding amount of ₹ 177.90 million and were overdue for 90 days or more on the date of restructuring. Notwithstanding this, in respect of these 69 loans, ECL provision applicable to Stage 3 has been applied.

Experienced, cycle tested management team

Our senior management team has significant experience in the financial services industry and the team members are instrumental in developing and implementing our business strategy and commitment to fair and transparent business practices. Our senior management team has a consolidated experience of over 200 years with a diversified track record in the banking and financial services industry. The track record and experience of our senior management across various events in Indian economic history provides us with the ability to react to changes and adapt and implement innovative solutions to deal with economic challenges.

Our Managing Director and Chief Executive Officer has over 25 years of experience in the financial services sector. For further details in relation to our Board and key managerial personnel, see “Our Management” on page 225.

Well diversified funding profile with an advantage of lower cost of funds

Our ability to access diversified sources of funding is a key contributor to our growth. We intend to continue to diversify our funding sources, identify new sources and pools of capital and implement robust asset liability management policies with the aim of further optimizing our borrowing costs and help expand our net interest margin. Our average cost of borrowing was 7.75%, 8.30%, 8.35% and 8.25% for the six months ended September 30, 2021, and Fiscals 2021, 2020 and 2019, respectively. We have the ability to access borrowings at a competitive cost due to our stable credit history, credit ratings, conservative risk management policies and strong brand equity.

As a result, we have the lowest cost of borrowing among the MSME and gold loan peer set in India in Fiscal 2021. (Source: CRISIL Report)

In addition, our cost of incremental borrowings, being new loans sanctioned in the relevant period, reduced from 9.08% in Fiscal 2020 to 8.36% in Fiscal 2021. Our cost of incremental borrowings during the six months ended September 30, 2021 was 7.02%.

Further, while we have been rated “AA-” by CARE for our NCDs since 2018, and “AA-” by India Ratings and Research Private Limited for our NCDs and long term bank facility, according to CRISIL, our cost of funds is lower than various NBFCs with a better credit rating. Our rating of AA- indicates, resilient liability origination despite challenges faced by the Indian economy for varied factors and the failure of other NBFC companies in India.

The following charts set forth the average cost of borrowing trend by ratings category:

Average Cost of Borrowing Trend By Ratings Category

Note: Latest credit rating is considered for classifying companies across different buckets

Source: CRISIL Research

Our Average Monthly Cost of Borrowing

We have historically secured financing from diversified sources of capital from banks, financial institutions, mutual funds and other financial institutions, including term loans, proceeds from loans securitized, proceeds from the issuance of NCDs, proceeds from loans assigned and commercial papers, to meet our capital requirements. In addition, we have access to capital from our Promoter, Federal Bank. We have grown our liability relationships from 10 lending institutions in Fiscal 2019 to 23 institutions in the six months ended September 30, 2021. As of September 30, 2021, we borrowed from 10 private sector banks (including our Promoter, Federal Bank), nine public sector banks, one NBFC, one mutual fund, and two other entities (such as small finance bank and the Small Industries Development Bank of India). As of September 30, 2021, our outstanding borrowings were ₹ 21,362.10 million from private sector banks, ₹ 15,047.38 million from public sector banks, ₹ 655.12 million from NBFC, ₹ 2,462.69 million from mutual fund, and ₹ 4,210.99 million from other entities.

We actively monitor our loan portfolio to build our priority sector lending portfolio. This portfolio enables us to undertake securitization transactions with banks looking to meet their priority sector lending obligations. As of September 30, 2021, we had a securitized portfolio across leading public sector banks and private sector banks aggregating to ₹ 2,781.15 million. As of September 30, 2021, our total borrowings aggregated to ₹ 43,738.27 million, comprising primarily of term loans of ₹ 34,644.02 million, non-convertible debentures of ₹ 5,396.04 million and commercial papers of ₹ 2,948.71 million.

In addition, we also believe we have effective asset liability management strategies in place. The following table shows our ALM position in comparison to various peers:

Segment		Assets		Liability		Net		Assets to Liabilities ratio@	
		FY21 (In ₹ billion)	Within 12 months	After 12 months	Within 12 months	After 12 months	Within 12 months	After 12 months	Within 12 months
Housing Finance	Aptus Value Housing Finance		2.6	33.7	3.8	17.9	-1.2	15.9	68%
	Repco Home Finance		118.6	0.0	29.9	72.1	88.7	-72.1	397%
MSME	Five-Star Business Finance		6.9	38.2	10.6	34.5	-3.7	3.7	65%
	Veritas Finance		5.4	12.2	7.0	12.6	-1.7	-0.4	77%
	Vistaar Finance		3.8	16.0	4.3	8.7	-0.4	7.3	88%
MSME and Gold	Fedbank Financial Services*		32.3	22.3	17.4	37.1	14.9	-14.8	186%
Gold loan	Manappuram Finance		202.2	20.4	91.7	84.7	110.5	-64.3	221%
	Muthoot Finance		619.2	11.5	275.6	201.3	343.6	-189.8	225%

@ Asset to liabilities ratio is calculated by dividing the percentage of assets maturing in the specified time period by percentage of liabilities maturing in the same time period

Source: CRISIL Report

The following table shows the asset-liability maturities for the periods indicated:

	As of			
	September 30, 2021	March 31, 2021	March 31, 2020	March 31, 2019
Average maturity of assets (in months)	78	81	104	121
Average maturity of liabilities (in months)	23	25	23	22

We believe that our diversified sources of borrowing, stable credit history, credit ratings and effective asset-liability management have allowed us to gain better access to cost-effective debt financing. As of September 30, 2021, our cash and cash equivalents and other bank balance amounted to ₹ 4,790.28 million, which we believe reflects our strong liquidity position.

Technology driven company with scalable operating model

The following chart reflects our technology framework as of September 30, 2021:

We are a technology driven company using systems with digital infrastructure to manage a scalable and sustainable operating model. This enables us to expand and scale our businesses and drive growth in revenue at lower incremental costs. Our technology stack is deployed with customized tools and applications that enhances operational efficiency, automation and customer convenience.

During the six months ended September 30, 2021 and Fiscal 2021, we have invested ₹ 87.05 million and ₹ 40.10 million in our information technology and digital systems. Our continuing investment in technology systems will enable us to improve recoveries and reduce our operating expenses, our cost of customer acquisition and credit costs over time. It will also enable us to expand our efficiency through automations and further deepen customer engagement with digital touchpoints and maximize digital delivery. We leverage our information technology platforms to drive economies of scale through increase in productivity, reduce turnaround time in processing and reduce transaction costs.

We are able to capture significant amounts of data points through credit bureau data, API stack enabling independent validation from source, customer financials, observations from our front end team, and feedback from our credit underwriting and management teams. The data are stored in a highly secured manner and through a cloud services platform. Our integrated loan management and loan origination systems provide us with a seamless transaction processing capability and standardization of processes across branches which finally flows into a cloud-based central repository, thereby enabling superior portfolio management and customer engagement.

Comprehensive digitization and automation of our processes enables us to offer quick turnaround in processing complemented by digital marketing as well as data validation through API integration for, among other things, KYC function, door step gold loan offering, and e-disbursals. Our gold loan branches are equipped with technology led surveillance and security systems, cash and inventory management that's integrated with our ERP application. For further detail in relation to our gold branches, see “- Description of our Business and Operations – Branch Network” on page 190. These help us in bringing uniformity in

our processes, superior customer experience and objectivity in decision making.

We offer mobility solutions for our customers providing them with transparency and convenience of engagement and transaction execution. The digital application allows customers to perform a variety of transactions and share their experiences which manifests in the form of customer ratings. As a result of our digital initiative, as of September 30, 2021, Fedfina digital portals has a presence on Fedfina Loans: Gold Loans, LAP, Business & Home Loan (customer application), Fedfina Lite – Employee App (employee application), website and social media channels. As of September 30, 2021, our customer application has 56,665 downloads and a 4.2 star rating on Google Play Store. As of September 30, 2021, more than 400 branches have a presence on microsites as well as search engines for easy access of potential customers. As of September 30, 2021, our social media had over 65,000 followers with presence across Facebook, YouTube, LinkedIn and Instagram channels. As of September 30, 2021, active customers on digital portals (being gold loan customers who are registered on digital platforms, mobile applications and login based customer self-service web portal, and are activated in the system to perform online transaction using such platforms) are 73,780 representing approximately 58.18% of our total customer base for gold loans. We had 4.15 million page views and more than 100,000 transactions conducted through our digital portals which constitutes 34.52% of total transactions for six months ended September 30, 2021.

All our systems and applications are maintained on a robust infrastructure and apply information security policies with comprehensive procedures that helps in sustaining high volume traffic spread across hundreds of branches and providing consistent uptime for smooth functioning and enterprise expansion.

Our Strategies

We aim to implement the following key strategies in our business:

- *Continue to deliver consistent and one of the industry leading return matrices building on past performance*
- *Focus on performance of our large branch network and extracting operating leverage*
- *Continue to invest in technology and digitization initiatives*
- *Continue to invest in talent and employee training to achieve industry leading productivity parameters*
- *Build on customer centricity as a foundation for customer retention and customer acquisition*

Continue to deliver consistent and one of the industry leading return matrices building on past performance

We have delivered consistent and one of the industry leading performances across various benchmarks, such as AUM Growth, NNPA and GNPA levels and cost of funds. For example, as on March 31, 2021, we are the NBFC with the third fastest AUM growth in the peer set in the last three Fiscals in India with a CAGR of 49% between Fiscals 2018 and 2021. (Source: CRISIL Report) We have the third lowest GNPA and second lowest NNPA among the peer set in Fiscal 2021. (Source: CRISIL Report) According to CRISIL, our cost of funds is lower than various NBFCs with a better credit rating as on March 31, 2021. (Source: CRISIL Report) We have the lowest cost of borrowing among the MSME and gold loan peer set in India in Fiscal 2021. (Source: CRISIL Report)

Our performance is a result of our business model and the implementation of different initiatives across our business. Further, as a result of these various initiatives, we believe we will be in a position to further reduce our low GNPA and NNPA levels, improve our credit ratings for new fund raising, further reduce the cost of our borrowing and deliver better return ratios.

Focus on performance of our large branch network and extracting operating leverage

As of September 30, 2021, we are present in 15 states and union territories across India with a strong presence in Southern and Western regions of India. As of September 30, 2021, we covered 136 districts in the 15 states and union territories in India through 463 branches.

There is a huge demand-supply gap in the MSME loan segment, especially in lower ticket size segments. (Source: CRISIL Report) The MSME loans segment has been strongly growing with a CAGR of 24% between Fiscals 2017 and 2021 and the portfolio of MSME loans with ticket size between ₹ 1 million and ₹ 10 million is expected to grow at 15% CAGR over Fiscals 2021 and 2025. (Source: CRISIL Report) As on March 31, 2021, the top 15 states accounted for 94% of the market size, based on the value of outstanding MSME loans with ticket size between ₹ 1 million and ₹ 10 million. (Source: CRISIL Report) For further details, see “Industry Overview” on page 107.

Our presence across these states gives us the ability to meet the demand from these under-penetrated markets and customer categories. We intend to continue to focus on our branch level AUMs to increase our total number of customers and total AUM. Further, we have adopted a contiguous strategy wherein we aim to expand across regions in India where we have a presence and expand to adjacent geographies by evaluating areas with established credit culture. For further details on our intended

expansion of branch network, please see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Significant Factors Affecting our Financial Condition and Results of Operations – Expansion of branch network*” on page 357.

Continue to invest in our technology and digitization initiatives

We have invested ₹ 87.05 million, ₹ 40.10 million, ₹ 77.61 million and ₹ 21.02 million in our information technology and digital systems, in six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, respectively, constituting 2.15%, 0.58%, 1.71% and 0.83% of our revenue from operations during the same periods. We have implemented automated, digitized technology-enabled services to increase our customer offerings. We plan to continue investing in technology and digitization and to ensure our information technology systems continue to help us with several functions, including loan origination, credit underwriting, risk management, collections, customer service and retention. We believe that such investments will help improve recoveries and reduce our operating expenses, our cost of customer acquisition and credit costs over time.

Continue to invest in talent and employee training to achieve industry leading productivity parameters

Our business model requires us to hire a large number of sales employees and as on September 30, 2021, we have 2,137 sales employees. We undertake comprehensive onboarding training as well as ongoing training initiatives so that our employees are equipped to deal with business and regulatory requirements. As a result, our employees are trained to assess and appraise the creditworthiness of our customers with limited documented income. Further, our employees are trained to handle and engage customers and these trainings have helped their dealings with our customers, with an emphasis on marketing and sales knowledge for our products. In addition, our employees periodically receive training on our products, processes, incentives. Further, they also receive regular training related to our core systems to enable them to operate our systems with minimum intervention. Our employees are trained to exercise operational risk controls including effective segregation of duties, access, authorization and reconciliation procedures. For further details in relation to operational risks management, see “- *Description of our Business and Operations – Risk Management Framework – Operational Risk*” on page 197. As of March 31, 2021, we were second among the peer set in terms of disbursements made per employees in India. (Source: CRISIL Report)

Build on customer centricity as a foundation for customer retention and customer acquisition

We have a customer centric model and accordingly, our products and services are designed and customized to meet the requirements of our customers and our target markets. We are focused on catering to the ESEI and the MSME segment. We have a "Phygital" door step model, a combination of digital and physical initiatives, and have been using technology, people and all the other resources to improve customer experience. Over the years, we have gained a deep understanding of the Indian retail loan industry which has enabled us to meet the financing requirements of potential customers.

According to CRISIL, as of Fiscal 2021, the MSME credit demand is estimated to be around ₹ 99 trillion, of which 19% of demand was met through formal financing. Historically, there has been a perception of high risk and prohibitive costs for delivering services physically and that has constrained the ability of traditional institutions to provide credit to underserved or unserved MSMEs and self-employed individuals. (Source: CRISIL Report) As a result, such borrowers resort to credit from informal sources. (Source: CRISIL Report)

We believe customers prefer a single and reliable source for financial services, and we have accordingly customized a range of products to address a variety of financing requirements. These include specialized products such as door-step loans as well as reduction of turn-around time for disbursements of loans. Our engagement with our target customer segments and understanding of related socio-economic dynamics allows us to establish effective credit and operational procedures, identify potential market demand, and leverage our existing operating network to introduce new products, increase our customer base, and grow our product portfolio. In particular, our credit analysis and valuation methodology requires market knowledge and practical experience developed over a period of time, which we believe is difficult to replicate and will allow us to continue to grow and service our customers.

Description of our Business and Operations

We are registered with the RBI as a Systematically Important Non-Deposit Taking Non-Banking Financial Company. Our Company was initially engaged in the distribution of, among others, personal car and housing loans for our Promoter, Federal Bank. In 2018, True North Fund VI LLP, our financial investor, invested in us and has since, together with our Promoter, supported us with capital to fuel our growth. As a result, our net worth has grown to ₹ 10,696.31 million during the six months ended September 30, 2021 from ₹ 4,586.25 million during Fiscal 2019.

We have categorized the business into three business segments, namely the distribution segment, the retail finance segment and the wholesale finance segment. The distribution segment comprises of distributing housing loans, personal car loans, personal loans, home equity mortgage loans and retail asset products for our Promoter, Federal Bank. The retail finance segment comprises gold loans, medium ticket LAP, small ticket LAP, unsecured business loans, personal loans and housing loans. The wholesale finance segment comprises construction finance to developers and loans to other NBFCs. We have reduced our

exposure to the wholesale finance. For further details in relation to our wholesale finance segment, see “- Wholesale Finance Segment” on page 190. For further details on our segment information, please see “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on page 353.

Our AUM in these three segments as at September 30, 2021, March 31, 2021, March 31, 2020 and March 31, 2019, are as follows:

Categories	AUM as at September 30, 2021		AUM as at March 31,					
			2021		2020		2019	
	₹ in million	% of total AUM	₹ in million	% of total AUM	₹ in million	% of total AUM	₹ in million	% of total AUM
Gold Loans	21,329.24	40.65%	19,177.87	39.44%	10,454.49	27.24%	4,540.68	22.49%

Total	52,467.43	100.00%	48,624.31	100.00%	38,381.73	100.00%	20,192.77	100.00%

Retail Finance Segment

Under our retail finance segment, we offer a wide range of financial solutions that help ESEI consumers and MSMEs meet their growing credit needs. Our retail finance operations are divided into two categories: gold loans which are loans against gold as a collateral and instalment loans to MSMEs and ESEIs which include loans against property (“LAP”) and unsecured business loans. Our LAPs are loans against property as collateral and include small ticket LAP, medium ticket LAP and housing loans. We operate a “small business lending model” with gold loans as an important element of this model to provide us a countercyclical hedge for disruptions in the Indian economy and the retail loans industry. As on March 31, 2021, we are the NBFC with the third fastest AUM growth in the peer set in the last three Fiscals in India, with a CAGR of 49% between Fiscal 2018 and Fiscal 2021. (Source: CRISIL Report)

Gold Loans

We target individual customers for our gold loan products, which start from ₹ 3,000 with an average ticket size of ₹0.11 million. We believe our key proposition to such customers includes our quick processing times and accessibility during the pledge and release, transparency and friendliness, trust and security, privacy and confidentiality, as well as a respect for their hard-earned or sentimental asset. Our gold loan offerings come with tailor made schemes with flexibility of tenor, interest payment choices and digital and branch based repayment options. As of September 30, 2021, we had approximately 0.20 million gold loan accounts, representing an AUM of ₹ 21,329.24 million. As on September 30, 2021 and Fiscal 2021, our gold loans AUM stood at ₹ 21,329.24 million and ₹ 19,177.87 million respectively, accounting for 40.65% and 39.44% of our total Loan Assets, respectively.

We also offer door-step gold loans, whereby our employees carry out the appraisal and instant disbursal at our customers’ premises, before transferring the pledged gold to a nearby branch with in-transit security which includes an electronic safe with GPS for tracking. We further utilize multi-tier authentication, as well as online portal and mobile applications for real-time tracking and 24/7 customer service. This offers customers the convenience and privacy of their own premises, lowers branch walk-ins and frees up branch bandwidth.

The chart below illustrates the typical process of a gold loan from start to end. For further details, see “- Credit Approval and Disbursement” on page 193.

Instalment Loans

Our instalment loans target the emerging MSME sector. Each product has multiple programs and we can provide customized credit solution to the target segment depending on the customer's needs and available documentation. Instalment loans are sanctioned on the basis of cash flows assessed using multiple income evaluation methods. As of September 30, 2021, 85.95% of our instalment loans qualify for priority sector lending.

In particular, each of our product categories has a different value proposition to our customers:

- **Small ticket LAP:** This product caters to the needs of self-employed customers with a proprietary setup and salaried customers with a medium income, typically from Tier 2 and Tier 3 cities in India. Such target customers typically have a median income of approximately ₹ 0.50 million per annum, with an irregular or minimal record of financial transactions but a healthy household cash flow and commensurate asset holdings, as well as ownership of an unencumbered property. We typically provide small ticket LAPs for business expansion or for the acquisition of a new property.

We fulfil loan requirements for various business needs, and loans typically range from ₹ 1.00 million to ₹ 2.50 million. As of September 30, 2021, our small ticket LAPs have an ATS of ₹ 1.33 million and an average yield of 16.89%. Our employees spend substantial time at the customer location to understand the business and assess the accurate income and cash flows, and carry out in-depth personal discussions to ascertain the customers' creditworthiness. We provide a single window for all our customers' needs and use local business understanding to provide customized solutions. We are able to provide adequate loans with the available documents, without insistence on formal documentation and utilizing convenient service and processes

- **Medium ticket LAP:** This product caters to the needs of MSMEs, including traders, wholesalers, distributors, retailers, self-employed professionals and small manufacturing companies. We provide loans for various purposes, which include capital infusion, expansion of businesses, working capital, asset acquisition as well as capital expenditure. The target customer segment typically has established income streams. We currently provide medium ticket LAPs from our branches located in 11 key locations across India, namely being Mumbai, Delhi, Chennai, Bengaluru, Hyderabad, Jaipur, Ahmedabad, Surat, Pune, Coimbatore and Chandigarh. Loans are usually collateralized against completed and self-occupied residential and commercial properties, which we believe in turn enhances the value of the collateral.

As of September 30, 2021, our medium ticket LAPs were secured with an average LTV ratio of approximately 42.48%. Loans were provided on a fixed and floating interest rate basis and typically range from ₹ 2.50 million to ₹ 15.00 million. As of September 30, 2021, our medium ticket LAPs have an ATS of ₹ 4.13 million and an average yield of 12.06%. We provide multiple income evaluation methods to arrive at income eligibility, carry out in-depth personal discussions to understand the business and cash flows of the customer, and leverage technology to achieve faster end-to-end turnaround times.

- **Unsecured business loans:** This product is curated to take care of the credit needs of, among others, self-employed professionals and non-professionals, and salaried doctors. Our target customer segment comprises customers with a

turnover of approximately ₹ 10.00 million per annum and a minimum of five years of business experience in their current business or profession. This loan product typically provides funds to bridge working capital and business expansion, without requiring any collateral. As of September 30, 2021, our unsecured business loans have an ATS of ₹ 2.01 million and average yield of 17.30%. We provide quick underwriting through our assessment of the financials, cash flows, GST and turnover, and personal discussions with our customers.

Case Studies

The case studies below illustrate the types of loan products we offer, the underwriting process we conduct and the customers which have benefited from them:

Mr. Bharat Yadav – Small Ticket LAP

Mr. Bharat Yadav is engaged in the business of operating a pan parlor, tea stall and snacks outlet for the last 20 years at a prime location along Waghawadi Road, Bhavnagar. The outlet is adjacent to the Government College and it received customer footfall from college students. Mr. Bharat required funds to expand his product offering and to renovate the store. Mr. Bharat had a self-occupied residential property at a prime location in Bhavnagar, and it was valued at ₹ 2.90 million. Our sales and credit team spent time with Mr. Bharat at his business location to understand the business and the daily turnover. Our team also took stock of the products purchased by Mr. Bharat on a daily basis, and conducted parallel checks with his major wholesale suppliers, to derive Mr. Bharat's monthly supply and arrive at his tentative monthly income. At the time of taking stock, Mr. Bharat's stock was valued at ₹ 60,000, which was confirmed by his average daily purchases as well. We further understood that customer had serviced a prior loan well. Accordingly, we sanctioned a small ticket LAP of ₹ 1.60 million in Fiscal 2021 with a LTV of 55.17% and an EMI of ₹ 33,812 per month.

M/s Shree Mahavir Jain Gruh Udhog – Medium Ticket LAP

M/s Shree Mahavir Jain Gruh Udhyog is a proprietor, who has been carrying out retail trading of food items and wanted to purchase a new commercial property to start a third shop in the city. M/s Shree had a self-occupied residential property, valued at ₹ 7.9 million as of the date of making the loan application. M/s Shree had two shops in Ahmedabad and had a clean loan repayment history. M/s Shree's firm did not qualify to receive the requested loan amount. However, our employees conducted a field visit and verified the records and took inventory of the stock, and based on this fieldwork, we assessed M/s Shree's turnover to be higher than as reported. We sanctioned a medium ticket LAP of ₹ 5 million in Fiscal 2020 with a LTV of 74% and an EMI of ₹ 58,409 per month.

E Power Engineering– Unsecured Business Loan

E Power Engineering is in the business of trading and installation of industrial electrical products such as panel accessories, cable kits, bus duct and UPS protection regulators. E Power Engineering required a loan for the purchase of raw materials, but

the required cash flows for an initial loan assessment were not evident in its financial statements. Further, based on the available documents, its ability to service its debt looked challenging. Based on discussions with E Power Engineering and a review of its GST returns and banking details, we identified that the business had almost doubled since the start of the COVID-19 pandemic, and its bottom line grew by more than 150% over the past year according to the advance tax payments. We sanctioned a loan of ₹ 3 million in six months ended September 30, 2021 with an EMI of ₹ 108,457 per month.

Distribution Segment

The distribution segment was originally formed in Fiscal 2008, on behalf of Federal Bank and to cater to its retail asset products – end to end sourcing and sales. Initially the segment was operational in Mumbai, Pune, Delhi, Bangalore, Chennai and Coimbatore. Subsequently, as the need arose, the segment expanded to Ahmedabad, Chandigarh, Jaipur and Hyderabad. The products distributed for Federal Bank in these locations were primarily housing loans, home equity mortgage loans, personal loans and personal car loans, in addition to retail asset products.

	Six Months Ended September 30, 2021	Fiscal 2021	Fiscal 2020
Disbursal (in ₹ million)	6,382.20	12,259.10	13,038.10

As of September 30, 2021, we have 1,494 local channel partners to complement our branch network and increase our geographical penetration while controlling our costs. We utilize such local channel partners, which are typically direct selling agents (“DSAs”) and other local lead providers, to locally source for potential customers for our loan products for a commission at a fixed rate (as agreed from time to time on the basis of business seasonality). Local channel partners are usually identified by our local sales staff, and subsequently empaneled according to our approved on-boarding process (involving KYC and business verification processes). We typically enter into service agreements with our DSAs, and the terms of these agreements govern how the DSAs market our products and services within the respective territory on a non-exclusive basis. The terms of these agreements are typically for a fixed term with a right to renew, and include key terms such as the code of conduct which we require DSAs to follow.

Wholesale Finance Segment

We undertook the wholesale finance business prior to March 31, 2020. We have since limited this business and have not made any fresh sanctions. Our AUM under the wholesale finance segment was ₹ 1,236.11 million, ₹ 1,904.27 million, ₹ 3,978.74 million and ₹ 3,672.07 million as at the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, respectively.

We are servicing the existing loans as on the respective dates subsequent to March 31, 2020. While we have reduced our exposure to the wholesale finance business and are not currently focusing on growing this business, we may opportunistically look to grow this business in the future.

Branch Network

As of September 30, 2021, we conducted our operations through 463 branches, of which 153 branches were located in western India in the states of Gujarat and Maharashtra and 241 were located in Telengana, Andhra Pradesh, Tamil Nadu, Karnataka and Puducherry. The remainder were spread across contiguous states and union territories in India. We believe we have proven our ability to quickly set up low-cost branches, having opened over 241 branches in the last 24 months. We registered the fastest CAGR in terms of number of branches among the peer set over the course of Fiscals 2018 to 2021 (*Source: CRISIL Report*).

The following map sets forth our branch network in India:

* As of September 30, 2021

The following table sets forth the product wise details of our branches, as at September 30, 2021:

State/Union Territories	Gold Loan	MSME Hubs	Total
Andhra Pradesh	40	12	52
Chandigarh	0	1	1
Delhi	27	2	29
Goa	3	0	3
Gujarat	49	24	73
Haryana	6	0	6
Karnataka	71	9	80
Madhya Pradesh	0	2	2
Maharashtra	57	23	80
Puducherry	1	1	2
Punjab	7	0	7
Rajasthan	4	12	16
Tamil Nadu	59	7	66
Telangana	32	9	41
Uttar Pradesh	5	0	5
Total	361	102	463

Before setting up new branches, we conduct in-depth studies and market research and consider a number of factors such as regional demographics, level of urbanization and the competitive landscape. We also examine the delinquency levels of financiers for loans to understand the repayment history of borrowers in the region. We have increased our geographical presence by adopting a strategy of contiguous expansion across regions and have set up branches in districts which offer us significant growth potential.

Our branch network comprises gold loan branches and MSME hubs. Our gold loan branches are primarily located in urban and semi-urban areas with strategic presences in some of the metro and rural locations. We provide a range of schemes for our customers' diverse requirements along with multiple disbursement modes and repayment options for convenience of transacting. Our gold loan branches also have heightened security measures, including a grill gate for safe rooms, physical security personnel with metal detectors, CCTV surveillance and sensors active during non-office hours. Within the safe room of the gold loan branches, we have safe lockers under the joint custodian model, 24/7 security alarms and central security controlled safe room operations. Along the customer-service counters, we have a panic switch for risk incidents which trigger alarm to central surveillance and remote sensing security alarms, and our employees are trained in our predefined escalation matrix. The following diagram shows the typical layout of a gold loan branch and its security features:

Our MSME hubs are also spread across semi-urban, urban and metro locations in 15 states and union territories. Our network of 102 MSME hubs gives us access to a large ESEI customer base. These branches are cost-effective, with lean infrastructure, and are optimally equipped in terms of personnel, infrastructure and product offerings.

Customer Base

Instalment Loans: We primarily serve ESEI customers in India who have limited access to formal banking channels. We offer loans to self-employed customers, whose main source of income is their profession or their business and salaried customers, whose main source of income is salary from their employment.

The customer base in respect of our medium ticket LAP products mainly comprises MSMEs, including traders, wholesalers, distributors, retailers, self-employed professionals and small manufacturing companies. On the other hand, our small ticket LAP products are catered towards self-employed customers with a proprietary setup and salaried customers with a medium income, typically from Tier 2 and Tier 3 cities in India. Such customers of our small ticket LAP products typically have median income of approximately ₹ 0.50 million per annum, with an irregular or minimal record of financial transactions but a healthy household cash flow and commensurate asset holdings, as well as ownership of an unencumbered property.

On the other hand, our unsecured business loan products serve, among others, self-employed professionals and non-professionals, and salaried doctors. Such customers have turnover of approximately ₹ 10.00 million per annum and a minimum of five years of business experience in their current business or profession.

Gold Loans: In relation to our gold loan products, our customer base consists primarily of traders, service and manufacturing unit owners and their employees, who earn informal cash salaries, and non-income earners with emergency requirements (such as housewives). However, those involved in jewelry manufacturing, or the professions of goldsmith and pawn brokering, are the subject of our negative list and not permitted to avail themselves to our gold loan products.

As of September 30, 2021, our customer application has 56,665 downloads and a 4.2 star rating on Google Play Store. As of September 30, 2021, our social media had over 65,000 followers with presence across Facebook, YouTube, LinkedIn and Instagram channels. As of September 30, 2021, active customers on digital portals (being gold loan customers who are registered on digital platforms, mobile applications and login based customer self-service web portal, and are activated in the system to perform online transaction using such platforms) are 73,780 representing approximately 58.18% of our total customer base for gold loans. We had 4.15 million page views and more than 100,000 transactions conducted through our digital portals which constitutes 34.52% of total transactions for six months ended September 30, 2021.

Loan-to-Value (LTV) Ratio, EMI and Tenure

The NBFC-ND-SI Directions issued by the RBI prescribe the maximum permissible parameters of the loan amount that can be provided to gold loan customers. Under applicable regulations, NBFCs are required to maintain LTV ratio not exceeding 75% for loans granted against the collateral of gold jewelry, provided that for the purposes of determining the maximum permissible loan amount, the value of gold jewelry shall be the intrinsic value of the gold content therein with no additional cost elements.

The Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 (Master Direction DOR.FIN.HFC.CC.No.120/03.10.136/2020-21) dated February 17, 2021 (updated on December 28, 2021) also prescribe the maximum permissible parameters of the loan amount that can be provided to housing loan customers. A property with market value of (i) up to ₹ 3.00 million is permitted to have a maximum LTV ratio of up to 90.00%; (ii) between ₹ 3.00 million and ₹ 7.50 million is permitted to have maximum LTV ratio of up to 80.00%; and (iii) above ₹ 7.50 million is permitted to have maximum LTV ratio of up to 75.00%.

We have set an LTV ratio range for each of our gold loans and LAP that is within the relevant range prescribed by RBI. Our gold loans had an average loan-to-value on AUM of 72.56%, as of September 30, 2021.

Our housing loans, medium ticket LAP and small ticket LAP had an average onboarding LTV on AUM of 61.24%, 49.42% and 42.08%, as of September 30, 2021, respectively.

While approving a loan application, we review, among others, the customer's repayment capacity. This is determined by factors such as the customer's age, educational qualification, family details, the customer's business and salary profile and the security being provided by the customer. The amount and LTV of the loan is subject to our credit assessment of the customer and factors including value of the collateral and regulatory limits. Loans are required to be repaid in equated monthly instalments ("EMIs") over an agreed period. The size of the EMI depends on the size of loan, interest rate and tenure of loan.

As of September 30, 2021, the tenure of our gold loans, LAPs and unsecured business loans can be for a period up to 12, 180 and 60 months, respectively, and vary according to the purpose of the loan, the customer's age and the customer segment.

Interest Rates, Fees and Collateral

A majority of our loan portfolio is at fixed rates of interest, and the pricing of such fixed interest rate loan is generally determined on the basis of market conditions. We determine our reference rate based on market conditions and price our loans at either a discount or a premium to our reference rate. For variable rate loans, the interest rate is linked to our reference rate.

In addition to the normal rate of interest, the company may also levy certain charges such as processing fees, cheque bouncing charges and pre-payment charges. The details of all charges are mentioned in the loan agreement or other documents executed between us and the customer. These fees are subject to change from time to time based on market conditions and regulatory requirements.

The underlying collateral for LAPs and housing loans is real estate, and the security is created either through an equitable mortgage by way of deposit of title deeds or a registered mortgage of immovable property. Our instalment loan portfolio is covered by credit shield insurance by customers wherein the entire loan outstanding is repaid by the insurance company in the event of death of a customer.

For our gold loans, the underlying collateral is gold jewelry and the security is created by way of a pledge. The underlying collateral is physically held at our branches with heightened security features.

Credit Approval and Disbursement

For our gold loans and instalment loans, we follow robust risk based underwriting and operational controls. For our instalment loans, we follow prudent customer selection policies with 85% of our customers having an established credit history and 78% of our credit rated borrowers rated with a CIBIL score greater than 650 or CMR score less than or equal to 6. Our underwriting process is digitized with various modules for credit approvals, audit and field verification, and built around an API led architecture.

Gold Loans

For gold loans, the gold is appraised by two employees (by way of a maker-checker concept). The amount funded against the gold jewelry is based on a fixed rate per gram for the gold content in the jewelry only, and we do not take into account the gold jewelry's total weight, production cost, style, brand or gemstone value. We value the jewelry's gold content based on appraised karat grading guided by our centralized policies and guidelines. The price per gram of gold is fixed daily based on multiple factors such as the last 30 days and 15 days average closing gold rates. As a result, the price fixed for per gram of gold is generally lower than the market price of gold at any given time. Within this range, the actual loan amount varies based on the type of gold jewelry pledged. Thus, we believe our gold loans are well collateralized, given that the actual value of the collateral in all cases will be expected to realize a higher value than our appraised value. For details on the LTV of our collaterals, see "Selected Statistical Information – Product Wise LTV on Gross AUM Origination Basis (%)" on page 258.

Appraisal of the gold jewelry that serves as collateral is the most critical part of the loan approval process. All our branch staff are certified, trained and have experience in appraising the gold karat grading and gold content of the jewelry. The appraisal process begins with weighing the jewelry using calibrated weighing machines, before subjecting it to prescribed valuation tests for the quality and karat grading of gold, including stone tests and acid tests. This is followed by additional tests, if required, such as salt tests, sound tests, weight tests, pointed scratching tests, flexibility tests, color tests, smell tests, usability tests, and magnifying glass and finishing tests. Once the gold jewelry passes these tests, its relevant details, including its gross weight, net weight, various deductions, karat grading, and its photographs are captured in the loan origination system. Based on the information entered, the system displays the eligible loan amount considering the rates per gram of gold for the day. Although disbursement times vary depending on the loan ticket size and the number of jewelries pledged, the time to sanction is short.

At the branch level, we have also digitized the entire process from application to sanction and disbursement, as well as carry out

real time deduplication against negative list customers, based on their credit history and records.

We undertake customer KYC authentication integrated in our loan origination systems. Our branch staff are also trained to observe and handle fraudulent customers by observing their behavior, verifying the ownership of the gold and matching the jewelry with the customer profile or location. Further, depending on the ticket size of the loan, we undertake field verification of the customer prior to disbursement. In addition, we undertake periodic audits and surprise audits of our gold loan branches. We have enabled electronic onetime password based customer authentication for all gold loan transactions. We use technology enabled solutions for customer KYC, data collection and lead management including disbursement in to the customer's bank account through integration with the bank platforms. The unique bank account registration process is carried out through the "penny drop check" method, mobile number authentication through a onetime password process as well as capturing the customer's photo for each transaction.

At the time of disbursement, a pledge card is signed by the customer, which states the customer's detail, name and address of our relevant branch office, a detailed description of the gold jewelry provided as collateral (along with a photograph of it), the loan amount, the interest rate, the date of the loan, and other terms and conditions.

Instalment Loans

For our instalment loans, we collect over 100 data points in relation to every customer to ensure we know all aspects of our customer profile prior to making a credit decision. Our loan officers are required to spend a significant amount of time getting to know our customers and their loan needs. Our local knowledge of our customers' environment assists us in our credit decision making process. Every loan in this category is reviewed and approved by separate team members to ensure checks and balances. We undertake a verification process for all electronic or physical material provided by the customer and have an independent risk containment unit overseeing the entire exercise for protection against fraud. Finally, we undertake a post-disbursement verification process to ensure that all the processes were correctly followed and information provided by the customer was accurate.

Loan Collection and Monitoring

We have set up a robust and tiered, collections management process with prescribed collection action at each stage of severity of default. We monitor our customer accounts and undertake pre-delinquency management through a structured collection process wherein we remind our customers of their payment schedules through text messages and request them to maintain adequate balance in their account on the due date. In repeat cases where the payment is not processed for any reason, tele-calling is also done prior to due dates. Based on the severity of non-payment and location of our customer, in-house collection teams or empaneled agencies are assigned to collect the overdue amounts. Our internal collection management process ensures account-level tracking of payments, resolutions and flows, while our central analyst team analyzes delinquent accounts and allocates them on a hierarchy basis. Difficult loans are allocated to senior members of the team along with support from collection agencies, if available. We are in the process of also deploying a digital solution which will enable our field team to drive its processes, such as daily allocation, collections, receipt issuance, deposits, reconciliations, digitally and through mobile solutions. This would also enable supervisors to track daily collections and field movement at the executive level through GPS. This is expected to improve our operational efficiencies and productivity. Additionally, we have a full-fledged in-house legal department as well as a team of empaneled advocates across geographies in India to initiate arbitration, proceedings under the SARFAESI Act, 2002 or civil and criminal proceedings, for the purposes of recovering the necessary amounts.

We initiate recovery action immediately after the customer defaults in their monthly payment and the severity of our action increases as the number of days past due increase.

Treasury Operations and Funding

Our treasury operations are mainly focused on raising funds for meeting our funding requirements and managing short term surpluses. We have historically secured financing from diversified sources of capital from banks, financial institutions, mutual funds and other financial institutions, including term loans, working capital facilities, proceeds from loans securitized, proceeds from the issuance of NCDs, proceeds from loans assigned and commercial papers, to meet our capital requirements. In addition, we have access to capital from our Promoter, Federal Bank and our financial investor, True North Fund VI LLP. We have grown our liability relationships from 10 lending institutions in Fiscal 2019 to 23 institutions in the six months ended September 30, 2021. As of September 30, 2021, we borrowed from 10 private sector banks (including our Promoter, Federal Bank), nine public sector banks, one NBFC, one mutual fund, and two other entities (such as small finance bank and the Small Industries Development Bank of India). We are continuously seeking to diversify our sources of funding to facilitate flexibility in meeting our funding requirements. Due to the composition of our loan portfolio, which also qualifies for priority sector lending, we also engage in securitization and direct assignment transactions. In this regard, we further issued ₹ 2,500.00 million unsecured subordinated non-convertible debentures on September 30, 2020.

The following table sets out our sources of capital for the periods indicated:

Particulars	For the six months ended September 30	For Fiscals		
		2021	2020	2019
	(₹ in million)			
Term Loans – Secured				
Banks	33,488.80	31,675.48	28,342.53	12,620.41
NBFC and Financial Institutions	406.11	499.52	413.80	232.74
Term Loans – Unsecured				
Banks	500.00	500.02	500.00	-
NBFC and Financial Institutions	249.11	249.00	250.00	250.00
Debt Securities – Secured				
Non-Convertible Debentures	2,931.14	3,054.48	-	-
Subordinated Liabilities				
Non-Convertible Debentures	2,464.90	2,584.59	-	-
Commercial Papers	2,948.71	2,882.50	1,217.80	1,966.82
Working Capital Demand Loan	700.50	1,663.37	1,446.30	931.52
Others				
Liability component of compound financial instruments	6.60	6.17	5.50	-
Collateralized Borrowing	42.40	165.79	-	-
Total	43,738.27	43,280.92	32,175.93	16,001.49

Our treasury department undertakes liquidity management by seeking to maintain an optimum level of liquidity and complying with the RBI's requirement for asset liability management. We have an Asset Liability Committee, which manages our liquidity risk based on our liquidity risk management measures set out in our asset liability management policy, and to ensure there are no concentrations on either side of the balance sheet. The Asset Liability Committee meets periodically and reviews asset liability mismatches based on the RBI's required time buckets and takes corrective measures wherever warranted.

For details on the maturity pattern of our Company's liabilities and assets as at September 30, 2021, see "Selected Statistical Information – ALM" on page 257.

Capital Adequacy Ratios

The NBFC-ND-SI Directions currently require NBFCs such as our Company to comply with a capital to risk (weighted) assets ratio, or capital adequacy ratio ("CRAR"), consisting of Tier I and Tier II capital. As per the NBFC-ND-SI Directions, we are required to maintain a minimum capital adequacy ratio, consisting of Tier I capital and Tier II capital, of not less than 15.0% of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items. At a minimum, Tier I capital of an NBFC, at any point of time, cannot be less than 10% by March 31, 2017.

The following table sets forth certain details of our CRAR in accordance with the NBFC-ND-SI Directions, as of the dates indicated:

	As of			
	September 30, 2021	March 31, 2021	March 31, 2020	March 31, 2019
CRAR (%)	25.63%	23.52%	17.89%	21.62%
CRAR – Tier I Capital (%)	20.25%	17.10%	17.53%	21.43%
CRAR – Tier II Capital (%)	5.38%	6.42%	0.36%	0.19%

Credit Ratings

Our current credit ratings are set forth below:

Rating Agency	Instrument	Credit Ratings
CARE	Non-convertible debentures	AA-/stable
Acute Ratings & Research Limited	Commercial paper	A1+
CRISIL	Commercial paper	A1+
India Rating and Research Private Ltd.	Long term bank facility	AA-/stable
India Rating and Research Private Ltd.	Non-convertible debentures	AA-/stable
ICRA Limited	Commercial paper	A1+

Risk Management Framework

Risk management forms an integral part of our business. We continue to improve our internal policies and implement them

rigorously for the efficient functioning of our business. As a lending institution, we face financial and non-financial risks. We have established a risk management and audit framework to identify, assess, monitor and manage various types of internal and external risks, including credit, market, liquidity, operational, regulatory and legal, cyber and information security and reputational risks. We conduct regular training of our staff members with respect to risk related matters, and continue to invest in people, processes and technology as part of our risk management process.

Our risk management framework is driven by our Board and its subcommittees including the Audit Committee and the Risk Management Committee, and our Asset Liability Committee. We give due importance to prudent lending practices and have implemented suitable measures for risk mitigation, which include verification of credit history from credit information bureaus, personal verification of a customer's business and residence, technical and legal verifications, conservative loan to value, and required term cover for insurance.

The major types of risk we face in our businesses are credit risk, liquidity risk, market risk and operational risk, as described below. For further details, see "*Restated Financial Information – Risk Management*" and "*Management's Discussion and Analysis of Financial Condition and Results of Operations - Quantitative and Qualitative Analysis of Market Risks*" on pages 325 and 384, respectively.

Credit Risk

Credit risk is the risk of financial loss arising out of a customer or counterparty failing to meet their repayment obligations to us, and arises principally from the Company's placements and balances with other banks, loans to customers, government securities and other financial assets.

The Risk Management Committee reviews and approves our loan product programs on an on-going basis. These product programs outline the framework of any credit financial product being offered by our Company. Within this established framework, credit policies have been incorporated to manage, among others, the sourcing of proposals, channels of business acquisition, process of underwriting, information systems involved, verification, documentation, disbursement procedures, portfolio quality triggers, recovery mechanism and NPA management.

Our Risk Management Committee also has oversight over the implementation of our core credit policies and remedial management policies, as well as the review of the overall portfolio credit performance of and establishing concentration limits by product programs, collateral types, tenures and customer segments. Product level credit risk policies are implemented to segment all new customer acquisitions across locations and regions, individual profiles, income levels, leverage positions, collateral types and value, source of income and continuity of employment/business.

Credit risk monitoring is broadly done at two levels: account level and portfolio level. Account monitoring aims to identify weak accounts at an incipient stage to facilitate corrective action. Portfolio monitoring aims at managing risk concentration in the portfolio as well as identifying stress in certain occupations, markets and states. Our portfolio credit quality is determined by our Risk Management Committee by reviewing non-performing loan loss rates, provision held, write-offs and statuses of recoveries from defaulting borrowers.

Liquidity Risk

Liquidity risk is the risk that we will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that we might be unable to meet our payment obligations when they fall due, as a result of mismatches in the timing of cash flows. We maintain liquidity buffers sufficient to meet all our near term obligations. The liquidity buffers are maintained by a combination of liquid assets (such as cash and cash equivalent, liquid investments in callable FDs and overnight / liquid mutual funds) and undrawn committed credit lines.

In addition, we also have in place effective asset liability management strategies. For further information on our asset liability matching, see the section "*Selected Statistical Information – Average Cost of Borrowings and Tenure*" and "*Selected Statistical Information – ALM*" on page 257. This allows us to better meet the growing loan demands of our customer base, even if external borrowings and funding sources face temporary realignment. Further, our Promoter has periodically funded our capital and provides us with access to potential fundraising opportunities in the debt capital markets.

Liquidity risk is managed by the Asset Liability Committee based on our liquidity risk management measures set out in our asset liability management policy, and ensures that we have adequate liquidity not only on an on-going basis but also examines how liquidity requirements are likely to evolve under different assumptions. The Asset Liability Committee also reviews statement of structural liquidity in line with guidance provided by the RBI.

Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as gold prices (relevant to lending against gold business of our Company), interest rates, foreign currency rates.

- Gold price fluctuation risk: our Risk Management Committee does a periodic review of the gold price movement and its trends and its impact on the gold loan margins in present condition as well as under stress scenario.
- Interest rate risk: interest rate risk is the risk of change in market interest rates which might adversely affect our profitability.

Foreign currency rate fluctuation risk: we are not exposed to risk in fluctuation of foreign currency rates as our cash flows are in Indian Rupees.

Operational Risk

Operational risks are risks of a loss resulting from inadequate or failed internal processes, people and systems, or from external events. Operational risk is associated with human error or fraud, system failures and inadequate procedures and controls. It is the risk of loss arising from the potential that inadequate information system, technology failures, breaches in internal controls, fraud, unforeseen catastrophes, or other operational risks may result in unexpected losses or reputation damage. We endeavor to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorization and reconciliation procedures, staff education and assessment processes, such as the use of internal audit. Reports of the internal auditors as well as the action taken on the matters reported upon are discussed and reviewed at the Audit Committee meetings.

Risk Management Architecture

In order to address the risks that are inherent to our business, we have developed a risk management architecture that includes monitoring by our Board through committees including the Audit Committee, the Risk Management Committee and the Asset Liability Committee. For further details in relation to our Audit Committee and Risk Management Committee, see “*Our Management – Committees of our Board of Directors*” on page 229.

- *Audit Committee.* Our Audit Committee is authorized to establish accounting policies, review changes to accounting policies, and review internal and external audit reports and other related matters. It also evaluates internal financial controls and risk management systems and procedures periodically.
- *Risk Management Committee.* Our Risk Management Committee was formed to supervise the Board-approved risk management policy, which lays down the overall framework for identifying, assessing, measuring and monitoring various elements of risk involved in the business and to formulate procedures and systems for mitigating such risks.
- *Asset Liability Committee.* Our Asset Liability Committee manages our liquidity risk based on our liquidity risk management measures set out in our asset liability management policy. It also reviews and manages our liquidity gaps, structural liquidity and interest rate sensitivity, and develops a view on the potential direction of interest rate movements and decides on the appropriate funding mixes.

Further, close monitoring and timely auctions have prevented any instance of material principal waivers or interest write-backs in gold loans. Gold auction realizations continue to remain at approximately 96% of market value. An independent credit audit has been instituted to review the mortgage and structured finance loans to assist the management in embracing rigorous processes and adopting best practices.

Intellectual Property

Intellectual property rights are important to our business, and we devote significant time and resources to their development and protection. We rely on trademarks to protect our intellectual property.

Our Company has registered two trademarks, under class 36, with the Registrar of Trademarks under the Trademarks Act, 1999. For details, see “*Government and Other Approvals – Intellectual property*” on page 397.

Information Technology

We have actively invested and deployed various technologies and a customized platform for loan origination, lead management and credit underwriting, allowing our credit officers to judge the creditworthiness of an individual. The platform generates information after considering many factors, such as an individual’s internal credit rating, external credit rating, income and banking details and other asset details. With the help of this platform, our credit officers are provided with data for simplifying the decision-making process with an appropriate audit trail. We have entered into agreements with vendors for development of customized software for our business which are valid for either a period of five years or renewed automatically, until terminated.

In addition, we have implemented niche technology capabilities in the area of facial liveness recognition and optical character recognition, which results in process efficiency, ensures seamless business growth and better customer experiences. We believe our advanced information technology systems, and continued investments thereto, result in better customer experiences due to reduced turnaround time, minimal operational risks due to human errors and provide us with a competitive edge.

We allow instant disbursement of loans into our customer's bank account. This feature is powered by seamless integration with various fund transfer API integration in our core product processor. We have also invested in a loan and branch operations management tool, which integrates various modules and systems. In line with our customer-centric approach, we have introduced multi-channel customer service via email, web portal and mobile applications, as well as gateways for EMI payments.

We have also adopted a differentiated technology framework with customized systems and tools that enhance convenience for our customers as well as increasing operational efficiencies. For our gold loan products we have digitized the process from end-to-end. We use digital marketing for loan origination, as well as various technology-enabled solutions for customer KYC, data collection and lead management including disbursement into the customer's bank account through appropriate integration. We have subsisting service level agreements with certain service providers, typically for a term of three to five years, for end-to-end loan processing. This service entails, among other things, creating awareness about our financial products, customer acquisition, document collection and collection of loan instalments from customers. The underwriting process is automated and digitized with various modules for credit approvals, audit and field verification. Our gold loan branches are also technology-enabled with security systems, inventory and cash management integrated with our ERP system. Our customer service options include email, web portal, mobile application as well as customer rating and feedback collection on an episodic and transaction basis. For our instalment loan products, we have implemented a combination of digital and physical initiatives for customer origination and have automated several operational aspects. In addition to the digital marketing initiatives, we have implemented an online interface for all intermediaries involved in the loan origination process. The underwriting, loan operations and customer service implement various digital features covering many aspects of our operational requirements.

We have consolidated our data in the form of a cloud-based central repository and to store data from our different applications in an external data repository. This has continued to bring us efficiency in our processes and it has the potential to sustain a multi-fold increase in scale over our current volumes.

We have our primary data center in Airoli, Navi Mumbai and have a disaster recovery center in Bengaluru. We also avail on-cloud data storage from Amazon.

We also have an IT strategy committee that reviews and approves information technology strategies to align with our corporate strategies, policy reviews by our Board, our cybersecurity arrangements and any other matters related to information technology governance.

Marketing

We have focused on below-the-line marketing activities to reach out to our target customer segment, namely, the emerging Indian population. We utilize a localized and differentiated promotion and branding approach that helps us reach prospective customers to create and retain brand recall. For instance, we prudently invest in social media marketing to deepen our branding footprint in the digital space. This approach helps us reach prospective customers to generate larger number of leads. Most of our marketing communications are also produced in local regional languages to increase accessibility.

We further enhance our visibility and reach through a variety of initiatives such as wall branding, auto rickshaw cover brandings and leaflet distributions with an aim to increase brand awareness and recall in rural and semi-urban areas. We have also entered into an agreement for term of three years, for provision of telemarketing services through, among other things, email, SMS and call centers.

Employees

As of September 30, 2021, our Company employed 2,658 people. 80.40% of our staff are in the sales function, while 9.93% of the employees are dedicated for credit, risk management, audit and quality functions. The breakdown of our employees in different functionalities as of September 30, 2021, has been provided below:

Function	Permanent Employees
Sales	2,137
Credit and Risk	113
Quality	79
Operations	73
Audit	72
Collection	46
Business Support	38
Information Technology	26
Finance	19
Facility Management Group	17
Human Resources	14
Digital Transformation Group	11

Function	Permanent Employees
Treasury	5
Secretarial Department	3
Legal	3
CEO's Office	2
Total	2,658

The number of our employees as of the periods indicated are as follows:

	For the six months ended September 30	For Fiscals		
	2021	2021	2020	2019
Number of on-roll employees*	2,658	2,125	1,890	964

* Number of on-roll employees represents aggregate number of our employees as of the last day of relevant period.

We believe that human talent is a one of the key pillars for our success and growth. We have established practices of skill-building through regular trainings, leadership development programs and transparent performance management system. We further strive to provide our employees with a healthy work-life balance, which we believe enhances their productivity and motivate their performance. We have entered into agreements, typically ranging from two to five years, for outsourcing human resources management services, including but not limited to payroll management, employee training, labour law compliance management and analysing organisation-wide feedback.

We have sourced approximately 90% of our talent from established financial services companies with more than 8 years of experience.

We have adopted a variety of staff wellness and safety related initiatives in light of the ongoing COVID-19 pandemic. For instance, in March 2020, we introduced a business continuity plan and standard operating procedures for working from home. We have adhered to all the relevant advisories by the central and state government and authorities, and we undertook a variety of employee benefit initiatives, such as extending Corona Ka vach Insurance to all employees, and introducing free COVID-19 tele-advisory, ambulance on call and reimbursement of COVID-19 testing and vaccination costs.

To further motivate our employees, we have an employees' stock option scheme for selected employees. For details of the employees' stock option scheme, see "*Capital Structure – Employee Stock Option Scheme*" on page 92. Our ability to attract and retain talent is demonstrated by our Company being certified as a "Great Place to Work" for the last three consecutive years, by the Great Place to Work Institute, which is a global research, consulting and training firm that identifies, great workplaces with high-trust workplace cultures and were ranked 16th in Best Places to Work in India 2021 Employee Choice Awards by AmbitionBox. In addition, we have developed a program called the 'i-Learn program', which comprises of, among others, an onboarding and training platform, career and professional development initiatives, as part of our focus on learning and commitment to the development of our employees.

None of our employees are represented by a labor union. We have not experienced any work stoppages since our incorporation. We believe we have good relations with our employees.

Competition

Our competitors include established Indian and foreign commercial banks, NBFCs, HFCs, small finance banks, microfinance companies and the private unorganized and informal financiers who principally operate in the local market. In particular, many of our competitors may have operational advantages in terms of access to cost-effective sources of funding and in implementing new technologies and rationalizing related operational costs. For more details, see "*Risk Factors – We participate in markets that are competitive with continuously evolving technology and customer needs, and if we do not compete effectively with such established companies and new market entrants, our business, results of operations, cash flows and financial condition could be adversely affected.*" on page 37.

Insurance

We maintain various insurance policies to cover the different risks involved in the operation of our business. We maintain a directors' and officers' liability policy to cover certain liabilities that may be imposed on our directors and officers. For collections, we have fidelity insurance and insurance for money in transit. We also maintain insurance policies covering electronic equipment, burglary, standard fire and special peril and machinery breakdown. We have also extended Corona Kavach insurance to all our employees.

Corporate social responsibility initiatives

We have adopted a corporate social responsibility (“CSR”) policy in compliance with the requirements of the Companies Act, 2013 and the Companies (Corporate Social Responsibility) Rules, 2014. Our CSR initiatives are part of our overall strategy of developing communities and environmental sustainability, as well as creating a protected future for the generations to come. In order to achieve this, our CSR initiatives are aimed towards promoting education, employment enhancing vocational training, social development and skill building, healthcare, gender equality and women empowerment, ensuring environmental sustainability, promotion of sports and protection of national heritage arts and culture, among others. For instance, we have partnered with the Cuddles Foundation to provide counselling, assessment and nutrition management, caregiver program, ration bundles, in-meal supplements and food and nutritional supplements to under-privileged children suffering from cancer.

Environmental, Social and Governance

We are also cognizant of the impact of our business on our customers, employees, society and the environment, and are committed towards sustainability. We aim to create a consistently profitable business with a strong focus on environmental, social and governance (“ESG”) aspects and to demonstrate a strong commitment to our ESG goals by adopting an ESG policy. Our ESG policy supports achieving our core commitment towards responsible lending, maximizing development impact and minimizing ESG risks in a responsible, inclusive and sustainable manner. Our lending policy is aligned to ensure exclusion of industries that are illegal and hazardous to the environment and society, and to minimize ESG risks (such as climate hazards, insensitivity to customers or employees and wastage of natural resources).

We further ensure equal opportunity and non-discrimination as it is our policy to not discriminate on any bases, whether it be caste, religion, gender or any other such characteristics at the time of processing a loan application. We believe in high standards of corporate governance. Our ESG Committee and execution team play a vital role in ensuring implementation of our ESG policy. Our ESG policies include our human resource policy, whistle blower policy, prevention of sexual harassment, employee grievance redress policy, and fair practice code. We also recruit locally, which we believe enables our ability to serve communities within the semi-urban, urban and rural communities in which we operate, as well as providing viable employment opportunities within such communities.

Properties

Our Registered and Corporate Office is located at Kanakia Wall Street, A Wing, 5th Floor, Unit No. 511, Andheri Kurla Road, Andheri (East), Mumbai – 400093 Maharashtra, India. Our Registered and Corporate Office is on a leave and license basis for a term of five years starting from March 15, 2019. As of September 30, 2021, we had a network of 463 branches and the premises of all our branches have been taken on lease.

Significant Developments after September 30, 2021

For further details in relation to significant developments after September 30, 2021, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations - Significant Developments after September 30, 2021*” on page 387.

KEY REGULATIONS AND POLICIES

Given below is a summary of certain sector specific key laws and regulations in India, which are applicable to our Company. The information detailed in this section has been obtained from various statutes, regulations and/or local legislations and the bye laws of relevant authorities that are available in the public domain. This description may not be exhaustive and is only intended to provide general information to investors, and is neither designed, nor intended as a substitute for professional legal advice. The statements below are based on the current provisions of applicable law, which are subject to change or modification by subsequent legislative, regulatory, administrative, or judicial decisions. For details regarding the registrations and approvals obtained by our Company under applicable laws and regulations see, "Government and other Approvals" on page 397.

1. Key Regulations Applicable to our Company

The Reserve Bank of India Act, as amended (the "RBI Act")

The RBI is entrusted with the responsibility of regulating and supervising NBFCs by virtue of powers vested in Chapter IIIB of the RBI Act. The RBI Act defines an NBFC as: (a) a financial institution which is a company; (b) a non-banking institution which is a company and which is in the principal business of receiving deposits, under any scheme or arrangement or in any other manner, or lending in any manner; or (c) such other non-banking institution or class of institutions, as the RBI may, with the previous approval of the Central Government and by notification in the Official Gazette, specify.

A company categorized as an NBFC is required to have a net owned fund of INR 2.5 million or such other amount, not exceeding INR 1,000 million, as the RBI may, by notification in the Official Gazette specify from time to time. Further, NBFCs are required to obtain a certificate of registration from the RBI prior to commencement of the business as an NBFC.

Pursuant to Section 45-IC of the RBI Act, 1934 every NBFC is required to create a reserve fund and transfer thereto a sum not less than 20% of its net profit every year, as disclosed in the profit and loss account and before any dividend is declared. No appropriation can be made from such fund by the NBFC except for the purposes specified by the RBI from time to time and every such appropriation shall be reported to the RBI within 21 days from the date of such withdrawal.

Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 dated September 1, 2016, as amended (the "NBFC-ND-SI Directions")

Applicability

The Master Directions are applicable to the following categories of NBFCs ("Applicable NBFCs"):

- (i) NBFC-MFIs registered with the RBI under the provisions of the RBI Act and having an asset size of INR 5000 million;
- (ii) NBFC-ND-SIs registered with the RBI under the provisions of the RBI Act;
- (iii) Deposit taking NBFCs registered with the RBI under the provisions of the RBI Act;
- (iv) NBFC-Factors (as defined in the Master Directions) and registered under Section 3 of the Factoring;
- (v) Infrastructure Debt Fund – Non-Banking Financial Company (as defined in the Master Directions) registered with the RBI under the provisions of RBI Act; and
- (vi) NBFC – Infrastructure Finance Company (as defined in the Master Directions) registered with the RBI

An NBFC-ND-SI has been defined under the Master Directions to mean an NBFC not accepting or holding public deposits and having total assets of INR 5,000 million and above as shown in the last audited balance sheet.

Corporate Governance

Constitution of Committees

All Applicable NBFCs are required to constitute the committees disclosed below:

- (i) **Audit Committee:** An NBFC is required to constitute an audit committee consisting of not less than three members of its board of directors. The audit committee constituted by an NBFC as required under Section 177 of the Companies Act, 2013 shall be the audit committee for the purposes of the Master Directions as well, and its powers and functions shall be as provided under Section 177 of the Companies Act, 2013.
- (ii) **Nomination Committee:** NBFCs are required to constitute a nomination committee to ensure 'fit and proper' status of proposed or existing directors, which shall have the same powers and functions as the nomination and remuneration committee required to be constituted under Section 178 of the Companies Act, 2013.
- (iii) **Risk Management Committee:** NBFCs are required to constitute a risk management committee to manage the integrated risk.
- (iv) **Asset Liability Management Committee:** NBFCs are required to constitute an asset liability management committee. The asset liability management committee is required to be headed by the chief executive officer/ managing director or the executive director of such NBFC, as prescribed under the Master Directions

Fit and Proper Criteria for Directors

Applicable NBFCs are required to (a) maintain a policy approved by the board of directors for ascertaining the fit and proper criteria of the directors at the time of appointment, and on a continuing basis, in line with the guidelines prescribed under the Master Directions; (b) obtain a declaration and undertaking from directors giving additional information on the directors, in the format prescribed under the Master Directions; (c) obtain a deed of covenant signed by directors, in the format prescribed under the Master Directions; and (d) furnish to the RBI a quarterly statement on change of directors and a certificate from the managing director of the Applicable NBFCs that fit and proper criteria in selection of the directors has been followed. The statement must be submitted to the Regional Office of the Department of Non-Banking Supervision of the RBI where the Applicable NBFC is registered, within 15 days of the close of the respective quarter. The statement submitted for the quarter ending March 31, is required to be certified by the auditors.

Disclosure and Transparency

Applicable NBFCs are required to place before the board of directors, at regular intervals, as may be prescribed by their respective boards of directors, the following:

- (i) progress made in putting in place a progressive risk management system and risk management policy and strategy followed by the concerned Applicable NBFC; and
- (ii) conformity with corporate governance standards including composition of committees, their roles and functions, periodicity of the meetings and compliance with coverage and review functions and so on.

Applicable NBFCs are required to disclose the following in their annual financial statements:

- (i) registration/licence/authorisation obtained from other financial sector regulators;
- (ii) ratings assigned by credit rating agencies and migration of ratings during the year;
- (iii) penalties, if any, levied by any regulator;
- (iv) information namely, area, country of operation and joint venture partners with regard to joint ventures and overseas subsidiaries and
- (v) asset-liability profile, extent of financing of parent company products, non-performing assets and movement of non-performing assets, details of all off-balance sheet exposures, structured products issued by them as also securitization/ assignment transactions and other disclosures, as prescribed under the Master Directions

Applicable NBFCs shall rotate the partners of the chartered accountant firm conducting the audit, every three years so that the same partner shall not conduct audit of such NBFC continuously for more than three years. Further, such NBFCs shall frame their internal guidelines on corporate governance with the approval of the board of directors which shall be published on their respective websites.

Acquisition or Transfer of Control

Applicable NBFCs are required to obtain prior written permission of RBI for (a) any takeover or acquisition of control, which may or may not result in change in management, (b) any change in the shareholding, including progressive

increases over time, which would result in acquisition or transfer of shareholding of 26% or more of the paid-up equity capital (no prior approval is required if the shareholding going beyond 26% is due to buy-back of shares or reduction in capital where it has approval of a competent court but must be reported to the RBI within one month of the occurrence), and (c) any change in the management of the Applicable NBFCs, which results in change in more than 30% of the directors, excluding independent directors, provided that no prior approval shall be required in case of directors who get re-elected on retirement by rotation.

Prudential Norms

All NBFCs are required to maintain capital adequacy ratio consisting of Tier – I and Tier – II capital which shall not be less than 15% of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items. The Tier – I capital in respect of Applicable NBFCs, at any point of time, shall not be less than 10%.

NBFCs risk exposure to a single party or a single group of parties is also kept under control through ceiling limits on NBFCs investment and lending capacity to single party or a single group of parties. NBFCs are not to invest more than 15% and 25% of their owned funds in the shares of single party and single group of parties, respectively. NBFCs cannot lend more than 15% and 25% of its owned funds to single party and single group of borrowers, respectively. Loan advanced and investments made when taken together should also not exceed 25% of owned funds in a single party and 40% of owned funds in a single group of parties. The Board of directors are also mandated to formulate a policy for managing the exposure risk to single party/single group of parties.

Certain specific directions have been issued under these Master Directions for NBFCs which are in the business of lending against collateral of gold jewellery. Such NBFCs must – (a) maintain a Loan-to-Value (LTV) Ratio not exceeding 75 per cent for loans granted against the collateral of gold jewellery; (b) disclose in their balance sheet the percentage of such loans to their total assets; (c) not grant advance against primary gold/ gold bullions and gold coins, and not grant loans for the purpose of purchase of gold in any form including primary gold, gold bullion, gold jewellery, gold coins, units of Exchange Traded Funds (ETF) and units of gold mutual fund. Methodology for gold valuation and verification of ownership of gold is also prescribed under the Prudential Norms.

Procedure for auction of collateral entails following obligations on the part of the such NBFCs –

- (i) The auction shall be conducted in the same town or taluka in which the branch that has extended the loan is located. NBFCs can however pool gold jewellery from different branches in a district and auction it at any location within the district, subject to meeting the following conditions:
 - (a) The first auction has failed.
 - (b) The NBFC shall ensure that all other requirements of the extant directions regarding auction (prior notice, reserve price, arms-length relationship, disclosures, etc.) are met.

Non-adherence to the above conditions will attract strict enforcement action

- (ii) While auctioning the gold the NBFC shall declare a reserve price for the pledged ornaments. The reserve price for the pledged ornaments shall not be less than 85% of 30 days average of losing price of 22 carat gold as declared by the Bombay Bullion Association Ltd. (BBA) or the historical spot gold price data publicly disseminated by a commodity exchange regulated by the Forward Markets Commission.
- (iii) It shall be mandatory on the part of the NBFCs to provide full details of the value fetched in the auction and the outstanding dues adjusted and any amount over and above the loan outstanding shall be payable to the borrower
- (iv) NBFCs shall disclose in their annual reports the details of the auctions conducted during the financial year including the number of loan accounts, outstanding amounts, value fetched and whether any of its sister concerns participated in the auction

Besides, such NBFCs are required to obtain prior approval of the RBI to open branches exceeding 1000. while NBFCs which already have more than 1000 branches are required to approach the RBI for prior approval for any further branch expansion.

Liquidity Risk Management Framework and Liquidity Coverage Ratio

Liquidity Risk Management Framework

Applicable non-deposit taking NBFCs are required to adhere to the liquidity risk management guidelines prescribed under the Master Directions. The guidelines, *inter alia*, require the board of directors of the Applicable NBFC to formulate a liquidity risk management framework detailing entity-level liquidity risk tolerance, funding strategies, prudential limits, framework for stress testing, liquidity planning under alternative scenarios, nature and frequency of management reporting, and periodical review of assumptions used in liquidity projections.

Liquidity Coverage Ratio

All non-deposit taking NBFCs with asset size of INR 100 billion and above, and all deposit taking NBFCs irrespective of their asset size, are required to maintain a liquidity buffer in terms of liquidity coverage ratio which will promote resilience of NBFCs to potential liquidity disruptions by ensuring that they have sufficient high quality liquid asset to survive any acute liquidity stress scenario lasting for 30 days. The stock of high quality liquid asset to be maintained by the NBFCs is required to be a minimum of 100% of total net cash outflows over the next 30 calendar days. The liquidity coverage ratio requirement is binding on NBFCs from December 1, 2020 with the minimum high quality liquid assets to be held being 50% of the liquidity coverage ratio, progressively reaching up to the required level of 100% by December 1, 2024, in accordance with the time-line prescribed below:

From	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
Minimum Liquidity Coverage Ratio	50%	60%	70%	85%	100%

All non-deposit taking NBFCs with asset size of ₹50 billion and above but less than ₹100 billion are required to also maintain the required level of liquidity coverage ratio in accordance with the time-line given below:

From	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
Minimum Liquidity Coverage Ratio	30%	50%	60%	85%	100%

Asset Classification and Provisioning Norms

All NBFCs are required to adopt the asset classification and provisioning norms as set forth below:

Asset Classification

- (i) a “standard asset” means the asset in respect of which no default in repayment of principal or payment of interest is perceived and which does not disclose any problem nor carry more than normal risk attached to the business; and
- (ii) a “sub-standard asset” means (a) an asset which has been classified as non-performing asset for a period not exceeding 12 months; (b) an asset where the terms of the agreement regarding interest and/or principal have been renegotiated or rescheduled or restructured after commencement of operations, until the expiry of one year of satisfactory performance under the renegotiated or rescheduled or restructured terms. However, the classification of infrastructure loans as sub-standard assets is subject to the conditions stipulated in the Master Direction.
- (iii) a “doubtful asset” means (a) a term loan, or (b) a lease asset, or (c) a hire purchase asset, or (d) any other asset, which remains a sub-standard asset for a period exceeding 12 months.
- (iv) a “loss asset” means (a) an asset which has been identified as loss asset by an Applicable NBFC or its internal or external auditor or by the RBI during the inspection of the Applicable NBFC, to the extent it is not written off by the Applicable NBFC; and (b) an asset which is adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.
- (v) a “non-performing asset” means: (a) an asset for which interest or principal payment has remained overdue for a period of three months or more; (b) a term loan inclusive of unpaid interest, when the instalment is overdue for a period of three months or more or on which interest amount remained overdue for a period of six months or more; (c) a demand or call loan, which remained overdue for a period of three months or more from the date of demand or call or on which interest amount remained overdue for a period of six months or more; (d) a bill which remains overdue for a period of three months or more; (e) the interest in respect of a debt or the income on receivables under the head ‘other current assets’ in the nature of short term loans/advances, which facility remained overdue for a period of three months or more; (f) any dues on account

of sale of assets or services rendered or reimbursement of expenses incurred, which remained overdue for a period of three months or more; (g) the lease rental and hire purchase instalment, which has become overdue for a period of three months or more; (h) in respect of loans, advances and other credit facilities (including bills purchased and discounted), the balance outstanding under the credit facilities (including accrued interest) made available to the same borrower/beneficiary when any of the above credit facilities becomes non-performing asset. Provided that in the case of lease and hire purchase transactions, an Applicable NBFC is required to classify each such account on the basis of its record of recovery.

Provisioning Norms

In addition to provisioning norms under applicable accounting standards, and under the Master Directions, all Applicable NBFCs are required to, after taking into account the time lag between an account becoming nonperforming, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against sub-standard assets, doubtful assets and loss assets as provided hereunder:

S. No.	Provisioning Requirement											
1.	Loans, advances and other credit facilities including bills purchased and discounted											
	Loss Assets	The entire asset is to be written off. If the assets are permitted to remain in the books for any reason, 100% of the outstanding is to be provided for.										
	i) Doubtful Assets	100% provision to the extent to which the advance is not covered by the realizable value of the security to which the Applicable NBFC has a valid recourse is to be made. The realizable value is to be estimated on a realistic basis. In addition to (a) above, depending upon the period for which the asset has remained doubtful, provision to the extent of 20% to 50% of the secured portion (i.e., estimated realizable value of the outstanding) is to be made on the following basis – <table><tr><th>Period for which the asset has been considered as doubtful</th><th>Per cent of provision</th></tr><tr><td>Up to one year</td><td>20%</td></tr><tr><td>One to three years</td><td>30%</td></tr><tr><td>More than three years</td><td>50%</td></tr></table>	Period for which the asset has been considered as doubtful	Per cent of provision	Up to one year	20%	One to three years	30%	More than three years	50%		
Period for which the asset has been considered as doubtful	Per cent of provision											
Up to one year	20%											
One to three years	30%											
More than three years	50%											
	Sub-standard Assets	A general provision of 10% of total outstanding is to be made.										
2.	Lease and hire purchase assets -											
	Hire purchase Assets	I. In respect of hire purchase assets, the total dues (overdue and future instalments taken together) as reduced by - (a) the finance charges not credited to the profit and loss account and carried forward as unmatrued finance charges; and (b) the depreciated value of the underlying asset, is to be provided for. <u>Explanation:</u> (i) the depreciated value of the asset is to be notionally computed as the original cost of the asset to be reduced by depreciation at the rate of 20% per annum on a straight line method; and (ii) in the case of second hand asset, the original cost is to be the actual cost incurred for acquisition of such second hand asset. II. Additional provision for hire purchase and leased assets: <table><tr><td>Where hire charges or lease rentals are overdue upto 12 months</td><td>Nil</td></tr><tr><td>Where hire charges or lease rentals are overdue for more than 12 months upto 24 months</td><td>10% of the net book value</td></tr><tr><td>Where hire charges or lease rentals are overdue for more than 24 months but upto 36 months</td><td>40% of the net book value</td></tr><tr><td>Where hire charges or lease rentals are overdue for more than 36 months but upto 48 months</td><td>70% of the net book value</td></tr><tr><td>Where hire charges or lease rentals are overdue for more than 48 months</td><td>100% of the net book value</td></tr></table> III. On expiry of a period of 12 months after the due date of the last instalment of hire purchase/leased asset, the entire net book value is to be fully provided for	Where hire charges or lease rentals are overdue upto 12 months	Nil	Where hire charges or lease rentals are overdue for more than 12 months upto 24 months	10% of the net book value	Where hire charges or lease rentals are overdue for more than 24 months but upto 36 months	40% of the net book value	Where hire charges or lease rentals are overdue for more than 36 months but upto 48 months	70% of the net book value	Where hire charges or lease rentals are overdue for more than 48 months	100% of the net book value
Where hire charges or lease rentals are overdue upto 12 months	Nil											
Where hire charges or lease rentals are overdue for more than 12 months upto 24 months	10% of the net book value											
Where hire charges or lease rentals are overdue for more than 24 months but upto 36 months	40% of the net book value											
Where hire charges or lease rentals are overdue for more than 36 months but upto 48 months	70% of the net book value											
Where hire charges or lease rentals are overdue for more than 48 months	100% of the net book value											

Standard Asset Provisioning

All Applicable NBFCs are required to make provisions for standard assets at 0.40% of the outstanding, which shall not be reckoned for arriving at the net NPAs. The provision towards standard assets shall not be netted from gross advances

but are required to be shown separately as 'Contingent Provisions against Standard Assets' in the balance sheet of the Applicable NBFCs.

Balance Sheet Disclosures

- (i) Applicable NBFCs are required to separately disclose in their balance sheets the provisions made, as prescribed under the Master Directions, without netting them from income or against the value of assets.
- (ii) The provisions are to be distinctly indicated under separate heads of account as:
 - a. Provisions for bad and doubtful debts; and
 - b. Provisions for depreciation in investments.
- (iii) Such provisions shall not be appropriated from the general provisions and loss reserves held, if any, by the Applicable NBFC.
- (iv) Such provisions for each year are required to be debited to the profit and loss account. The excess of provisions, if any, held under the heads general provisions and loss reserves are required to be written back without making an adjustment against them.
- (v) Additionally, Applicable NBFCs are required to disclose: (a) Capital to risk assets ratio; (b) exposure to real estate sector, both direct and indirect; and (iii) maturity pattern of assets and liabilities.

Regulation of Excessive Interest Charged by NBFCs

- (i) The board of directors of each Applicable NBFC is required to adopt an interest rate model taking into account relevant factors such as cost of funds, margin and risk premium and determine the rate of interest to be charged for loans and advances. The rate of interest, the approach for gradations of risk and rationale for charging different rate of interest to different categories of borrowers are required to be disclosed to the borrower or customer in the application form and communicated explicitly in the sanction letter.
- (ii) The rates of interest and the approach for gradation of risks are also required to be made available on the website of the Applicable NBFCs or published in the relevant newspapers. The information published in the website or otherwise published is required to be updated whenever there is a change in the rates of interest.
- (iii) The rate of interest must be annualized rate so that the borrower is aware of the exact rates that would be charged to the account.

Although rates of interest charged by NBFCs are not regulated by the RBI, rates of interest beyond a certain level may be seen to be excessive. The board of directors of Applicable NBFCs are required to lay out appropriate internal principles and procedures in determining interest rates and processing and other charges.

Accounting Standards

Accounting Standards and guidance notes issued by the Institute of Chartered Accountants of India are required to be followed by NBFCs insofar as they are not inconsistent with any of the provisions of the Master Directions.

Fair Practices Code

All Applicable NBFCs having customer interface are required to adopt a fair practices code in line with the guidelines prescribed under the Master Directions. The Master Directions stipulate that such fair practices code should cover, *inter alia*, the form and manner of processing of loan applications; loan appraisal and terms and conditions thereof; and disbursement of loans and changes in terms and conditions of loans. The Master Directions also prescribe general conditions to be observed by Applicable NBFCs in respect of loans and requires the board of directors of Applicable NBFCs to lay down a grievance redressal mechanism. Such fair practices code should preferably be in vernacular language or language understood by borrowers of the Applicable NBFCs.

The Board of directors of an NBFC dealing in the business of lending money against a collateral of gold jewellery must put in place a policy covering the following practices and ensure that:-

- (i) adequate steps are taken to ensure that the KYC guidelines stipulated by the RBI are complied with and adequate due diligence is carried out on the customer before extending any loan;

- (ii) proper assaying procedure is established for the jewellery received as collateral;
- (iii) internal systems is set up to satisfy ownership of the gold jewellery;
- (iv) adequate systems for storing the jewellery in safe custody, reviewing the systems on an on-going basis, training the concerned staff and periodic inspection by internal auditors to ensure that the procedures are strictly adhered to. Normally, such loans shall not be extended by branches that do not have appropriate facility for storage of the jewellery;
- (v) the jewellery accepted as collateral shall be appropriately insured;
- (vi) transparent auction procedure in case of non-repayment with adequate prior notice to the borrower. There shall be no conflict of interest and the auction process must ensure that there is arm's length relationship in all transactions during the auction including with group companies and related entities;
- (vii) the auction shall be announced to the public by issue of advertisements in at least two newspapers, one in vernacular and another in national daily newspaper;
- (viii) as a policy, the Applicable NBFCs themselves shall not participate in the auctions held;
- (ix) gold pledged shall be auctioned only through auctioneers approved by the Board;
- (x) the policy shall also cover systems and procedures to be put in place for dealing with fraud including separation of duties of mobilization, execution and approval.

NBFCs lending money against gold jewellery must insist on a copy of the PAN Card of the borrower for all transaction above INR 0.5 million and also ensure a standardised documentation requirement across all branches. The Loan Agreement prepared by the NBFCs must disclose the details of auction process as well.

Prevention of Money Laundering Act, 2002 ("PMLA")

The PMLA was enacted to prevent money laundering and to provide for confiscation of property derived from, or involved, in money laundering, and for incidental matters connected therewith. Section 12 of the PMLA inter alia casts certain obligations on reporting entities (as defined under the PMLA) in relation to preservation of records and reporting of transactions.

Master Direction (Know Your Customer) Directions, 2016 dated February 25, 2016, as amended (the "KYC Directions")

The KYC Directions require regulated entities (as defined in such directions) to follow certain customer identification procedures while undertaking a transaction. These directions are applicable to every entity regulated by RBI, including scheduled commercial banks, regional rural banks, local area banks, primary (urban) co-operative banks, state and central co-operative banks, all India financial institutions, NBFCs, miscellaneous non-banking companies and residuary non-banking companies, amongst others. Every entity regulated thereunder is required to adopt a 'know your customer' ("KYC") policy, duly approved by its board of directors, which shall include four key elements, namely, customer acceptance policy; risk management policy; customer identification procedures; and monitoring of transactions. Regulated entities are required to ensure compliance with the KYC policy through specifying 'senior management' for the purposes of KYC compliance; allocation of responsibility for effective implementation of policies and procedures; independent evaluation of compliance with KYC and anti-money laundering policies and procedures, including legal and regulatory requirements; concurrent/internal audit system for compliance to verify compliance with KYC and anti-money laundering; and submission of quarterly audit notes and compliance to the audit committee of the board of directors of the regulated entity.

Master Direction – Monitoring of Frauds in NBFCs (Reserve Bank) Directions, 2016 dated September 29, 2016 ("Monitoring of Frauds Directions")

The Monitoring of Frauds Directions are applicable to all deposit taking NBFCs and NBFC-ND-SIs, and requires them to put in place a reporting system for recording of frauds. All frauds are required to be reported to the RBI. Fraud reports are required to be submitted to the Central Fraud Monitoring Cell of the RBI in case amount of fraud INR 10 million and above. In cases where the amount of fraud is less than INR 10 million, reports shall be sent to the regional office of the Department of Non-Banking Supervision of the RBI, under whose jurisdiction the registered office of the related entity falls. The amounts involved in frauds reported by the entity shall be disclosed in its balance sheet for the year of

such reporting. The Monitoring of Frauds Directions also requires submission of a copy of quarterly reports on frauds outstanding to the regional office of the RBI within 15 days of the end of each quarter to which it relates, in the format prescribed.

Master Direction – Non-Banking Financial Company Returns (Reserve Bank) Directions, 2016, dated September 29, 2016 (“Returns Master Direction”)

The Returns Master Direction lists detailed instructions in relation to submission of returns prescribed by the RBI for various categories of NBFCs, including their periodicity, reporting time, due date, purpose and the purpose of filing such returns.

Master Direction - Non- Banking Financial Companies Auditor’s Report (Reserve Bank) Directions, 2016 dated September 29, 2016 (“Auditor’s Report Directions”)

The Auditor’s Report Directions set out disclosures that are to be included in every auditor’s report on the accounts of an NBFC such as: (i) the validity of such NBFC’s certificate of registration and whether the NBFC is entitled to continue to hold such certificate of registration in terms of its principal business criteria as of March 31 of the applicable year; and (ii) compliance with net owned fund requirements as laid down in the Master Directions.

Master Direction - Information Technology Framework for the NBFC Sector Directions, dated June 8, 2017 (“IT Framework Directions”)

The IT Framework Directions have been notified with the view of benchmarking the information technology/information security framework, business continuity planning, disaster recovery management, information technology (“IT”) audit and other processes to best practices for the NBFC sector. Systemically important NBFCs are required to comply with the IT Framework Directions by June 30, 2018. The IT Framework Directions require all systemically important NBFCs to undertake IT governance through formation of an IT strategy committee and formulation of a board approved IT policy. They also require systemically important NBFCs to conduct an information system audit at least once in a year.

In addition to the above IT Framework Directions, we are also required to comply with the Information Technology Act, 2000, as amended, and the rules framed thereunder.

Directions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs, 2017 dated November 9, 2017 (“Outsourcing Directions”)

The Outsourcing Directions specify the activities that cannot be outsourced and provide the basis for deciding materiality of outsourcing. It mandates the regulatory and supervisory requirements and risk management practices to be complied with by every NBFC before outsourcing its activities. Further, an NBFC intending to outsource any of the permitted activities under the Outsourcing Directions is required to formulate an outsourcing policy which is to be approved by its board of directors.

The Ombudsman Scheme for Non-Banking Financial Companies, 2018

The RBI, with effect from February 23, 2018, introduced an ombudsman scheme for customers of NBFCs. The Ombudsman Scheme for Non-Banking Financial Companies, 2018, is an expeditious and cost free apex level mechanism for resolution of complaints of customers of NBFCs registered with RBI under Section 45-IA of the RBI Act, relating to deficiency in certain services rendered by NBFCs. The offices of the NBFC Ombudsmen will function at four metro centres, i.e., Chennai, Kolkata, Mumbai and New Delhi and will handle complaints of customers in the respective zones. The scheme provides for an appellate mechanism under which the complainant / NBFC has the option to appeal against the decision of the ombudsman before the appellate authority.

Further, the RBI through its ‘Statement on Developmental and Regulatory Policies’ dated February 5, 2021, proposed the integration of the Ombudsman Scheme with the Banking Ombudsman Scheme, 2006 and the Ombudsman Scheme for Digital Transactions, 2019 under the ‘One Nation One Ombudsman’ approach for grievance redressal. This is intended to make the process of redress of grievances easier by enabling the customers of the banks, NBFCs and nonbank issuers of prepaid payment instruments to register their complaints under the integrated scheme, with one centralized reference point. The scheme was rolled out on November 12, 2021.

Notification on Financial Inclusion by Extension of Banking Services – Use of Business Correspondents, dated June 24, 2014, issued by the RBI

By virtue of its notification dated June 24, 2014, the RBI permitted NBFCs-ND to act as business correspondents of banks, with the aim of accelerating financial inclusion. Prior to this notification, NBFCs could not be appointed as business correspondents. The following conditions need to be satisfied in order for the banks to engage NBFCs-ND as business correspondents:

- (i) It should be ensured that there is no comingling of bank funds and those of the NBFC-ND appointed as business correspondent;
- (ii) There should be specific contractual arrangement between the bank and the NBFC-ND to ensure that possible conflicts of interest are adequately taken care of; and
- (iii) Banks should ensure that the NBFC-ND does not adopt any restrictive practice such as offering savings or remittance functions only to its own customers and the forced bundling of services offered by the NBFC-ND and the bank does not take place.

Guidelines on Risk-based Internal Audit (“RBIA”) System for Select NBFCs and Urban Co-operative Banks dated February 3, 2021(the “RBIA Guidelines”)

The RBIA for non-deposit taking NBFCs with an asset size of INR 5000 crore and above (the “Applicable NBFCs”), was mandated by the RBI through its notification dated February 3, 2021 bearing reference number DoS.CO.PPG./SEC.05/11.01.005/2020-21. Under the RBIA Guidelines, Applicable NBFCs are required to implement the RBIA framework by March 31, 2022. The RBIA Guidelines, inter alia, are intended to enhance the efficacy of internal audit systems and contribute to the overall improvement of governance, risk management and control processes followed by the Applicable NBFCs. Under the RBIA Guidelines, the board of directors of the Applicable NBFC must approve a policy clearly documenting the purpose, authority, and responsibility of the internal audit activity, with a clear demarcation of the role and expectations from risk management function and the RBIA function. It’s also mandated that the policy be reviewed periodically, and that the internal audit function is not outsourced. Further, the RBIA Guidelines also require that the risk assessment of business and other functions of Applicable NBFCs should be conducted at least on an annual basis.

Guidelines on Declaration of dividends by NBFCs, dated June 24, 2021

These Guidelines intend to infuse greater transparency and uniformity in practice of distribution of dividends by setting eligibility criteria and disclosure requirements for NBFCs for distribution of dividends. According to the Guidelines, an NBFCs must comply with four minimum prudential criteria to be considered eligible to declare dividends – (i) prescribed levels of capital adequacy; (ii) prescribed levels of Net NPA; (iii) compliance with provisions of Section 45IC of the RBI Act, 1934; and (iv) continuous general compliance with RBI regulations and guidelines concerning NBFCs. The Guidelines also provide for sector specific ceilings on quantum of dividend rolled out and prescribes to the Board of Directors of the NBFCs to consider the decision to roll out dividends in light of certain definite factors. The Guidelines shall become effective for declaration of dividend from the profits of the financial year ending March 31, 2022.

Master Direction –Transfer of Loan Exposures, dated September 24, 2021

With the intent to create a robust secondary market for loan exposures, the RBI has introduced a comprehensive set of self-contained guidelines applicable to transfer and acquisitions of loan exposures by Schedules Commercial Banks, Regional Rural Banks, Primary (Urban) Co-operative Banks/State Co-operative Banks/District Central Co-operative Banks; All India Financial Institutions (NABARD, NHB, EXIM Bank, and SIDBI); Small Finance Banks and NBFCs (including HFCs). The self-contained nature of the Master Direction is explicit in its prohibition on transfer and acquisition of loans except those permitted under the Master Direction.

Pursuant to the directions, the Board must approve a policy for transfer and acquisition of loans which lay down the minimum quantitative and qualitative standards relating to due diligence, valuation, requisite IT systems for capture, storage and management of data, risk management, periodic Board level oversight, etc. Further, the policy must also ensure independence of functioning and reporting responsibilities of the units and personnel involved in transfer / acquisition of loans from that of personnel involved in originating the loans. The loan transfers shall not impact the terms and conditions of the original loan contract. The general requirements also state that the lender may not re-acquire a loan exposure.

Transfer of Stressed Loans

Stressed Loans are mean loan exposures which are classified as non-performing assets (NPA) or as special mention accounts (SMA). Such loans can only be transferred through novation or assignment. Well documented policy on

transfer of stressed loans is required under the Master Directions which follow the top-down management approach in identification of the stressed loans to be transferred and require the Board/Board Committee to conduct periodic review of loans classified as NPA. This Policy must also cover the following aspects –

- (i) Norms and procedure for transfer or acquisition of such loans;
- (ii) Valuation methodology to be followed to ensure that the realisable value of stressed loans, including the realisability of the underlying security interest, if available, is reasonably estimated;
- (iii) Delegation of powers to various functionaries for taking decision on the transfer or acquisition of the loans;
- (iv) Stated objectives for acquiring stressed assets;
- (v) Risk premium to be applied

The Board of directors of NBFCs transferring their loans must also put in place a policy for valuation of loan exposures proposed to be transferred. The policy must also delineate the grounds for valuation of stressed loans. In case, the loan exposure to be transferred is INR 1000 million, the NBFCs would require two external valuation reports. Another internal policy mandated to formalise the transfer of stressed loans concerns adoption of Swiss Challenge Method to finalise the auction of the stressed loans. Policy should specify the conditions under which lender(s) may opt for Swiss Challenge method, and the minimum mark-up over the base-bid required for the challenger bid to be considered by the lender(s), which in any case, shall not be less than 5% and shall not be more than 15%.

Crucial to note is the limitation placed on the types of entities which can acquire stressed loans. The RBI permits only Scheduled Commercial Banks, All India Financial Institutions, Small Finance Banks, and NBFCs, (Permitted Transferees) and Asset Reconstruction Companies (ARCs) to acquire stressed loans. Further, the NBFCs can acquire the stressed loans only on cash basis. Such NBFCs must hold the loans for a period of 6 months in their books and are generally prohibited to acquire those loans which have been transferred as stressed loans in the previous 6 months. In case an NBFC has an existing exposure to the borrower whose stressed loan account is acquired, the asset classification of the acquired exposure shall be the same as the existing asset classification of the borrower with the transferee. Otherwise, the acquired exposure would be treated as Standard by the NBFC.

Transfer of Loans not in Default

A non-payment of whole or any part or instalment of the debt upon being due and payable is considered as default on the part of the borrower. These loans can be transferred to Permitted Transferees including NBFCs through novation, assignment, or loan participation contracts. The transfer shall be only on cash basis and the consideration shall be received not later than at the time of transfer of loans. The transfer consideration should be arrived at in a transparent manner on an arm's length basis. The NBFCs can transfer loans only after a minimum holding period (MHP), as counted from the date of registration of security interest, viz. (a) three months in case of loans with tenor of up to 2 years; (b) six months in case of loans with tenor of more than 2 years.

Disclosure and Reporting

Under the Master Direction, an NBFC must set out (a) disclosures concerning total amounts of loans not in default, and stressed loans transferred and acquired on a quarterly basis in their financial statements; (b) disclosures to trade reporting platforms notified by the RBI of each loan transfer transaction undertaken and maintain a database of such transactions.

Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs dated October 22, 2021

The Scale Based Regulation, which comes into effect on October 01, 2022 reflects the RBI's attempt to premise the regulatory framework for NBFCs on the scale, size, leverage, risk and complexity of its operations. In this respect, the Regulations place the NBFCs into following four brackets and prescribe a customised regulatory framework for each:

- (i) *Base Layer ("NBFC-BL")*: This category is to consist of (a) non-deposit taking NBFCs below the asset size of INR 1000 crore and (b) NBFCs undertaking the following activities- (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFCs not availing public funds and not having any customer interface. NBFC-BLs shall largely continue to be subject to regulations currently applicable to non-deposit taking NBFCs. The Regulation introduces a few changes for better governance of NBFC-BLs viz. requirement for Board policy on loans to

directors, senior officers and relatives; constitution of a Risk Management Committee; and disclosure of types of exposure, related party transactions, loans to Directors/ Senior Officers and customer complaints

- (ii) *Middle Layer (“NBFC-ML”)*: This category is to consist of (a) all deposit taking NBFCs (NBFC-Ds), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of INR 1000 crore and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealers (SPDs), (ii) Infrastructure Debt Fund - Non-Banking Financial Companies (IDF-NBFCs), (iii) Core Investment Companies (CICs), (iv) Housing Finance Companies (HFCs) and (v) Infrastructure Finance Companies (NBFC-IFCs).

NBFC-MLs shall largely continue to be subject to regulations currently applicable to NBFC-ND-SIs and deposit-taking NBFCs, as well as regulations applicable to NBFC-BLs. Certain measures under the regulatory framework in relation to NBFC-MLs include:

- (i) aligning credit concentration norms for NBFCs with those applicable to banks, by merging the currently applicable lending and investment concentration limits into a single exposure limit of 25% for single borrower and 40% for group of borrowers anchored to the NBFC’s Tier – I capital;
 - (ii) introducing a requirement for NBFCs to have a policy approved by their respective boards of directors on internal capital adequacy assessment process;
 - (iii) prescribing limit on initial public offer financing of INR10 million per individual;
 - (iv) regulatory restrictions on lending by NBFCs;
 - (v) detailed disclosures of certain items in annual financial statements;
 - (vi) limits on exposure to commercial real estate and capital market sector; and
 - (vii) mandatory requirement for appointment of a functionally independent chief compliance officer and independent director.
- (iii) *Upper Layer (“NBFC-UL”)*: This category to consist of only those NBFCs which are specifically identified as systemically significant among NBFCs, based on specified parameters. The top 10 NBFCs by asset size would be included in this layer, and the applicable threshold for classification would be determined pursuant to parametric analysis. NBFC-ULs would be subject to regulations applicable to NBFC-MLs as well certain additional capital, and governance requirements.
 - (iv) *Top Layer*: This category is to consist of NBFCs judged to be extreme in supervisory risk perception by the RBI. NBFCs in this layer will be subject to higher capital charge, including enhanced and more intensive supervisory engagement with such NBFCs.

2. Restrictions in Foreign Ownership applicable to our Company

The Consolidated FDI Policy Circular of 2020 (No. 5(2)/2020) dated October 15, 2020, as amended (“FDI Circular”) issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (“DPIIT”) and Foreign Exchange Management (Transfer of Issue of Security by a Person Resident Outside India) Regulations, 2017

Foreign investment in NBFCs, carrying on activities approved for FDI, is subject to the conditions specified in Paragraph 5.2.26 of the FDI Circular and Regulation 16 of Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017. Pursuant to these norms, FDI of up to 100% is permitted under the automatic route in our Company. This sector is also subject to minimum capitalisation norms as prescribed by the RBI or other government agencies from time to time.

3. COVID-19 Regulatory Framework

In view of the outbreak of the COVID-19 pandemic, the RBI issued various circulars and prescribed other regulatory frameworks and relaxations governing NBFCs to deal with the disruptions caused by the COVID-19 pandemic.

Circular dated March 16, 2020

Pursuant to its circular dated March 16, 2020 (Reference No. RBI/2019-20/172 DoS.CO.PPG.BC.01/1L0T005/2019-20), the RBI provided an indicative list of actions to be taken by NBFCs as part of their operations and business continuity plans. Among others, the actions included taking steps to share important instructions/strategy with the staff members at all levels and sensitizing the staff members about preventive measures/steps to be taken in suspected cases, based on the instructions received from health authorities from time-to-time, taking stock of critical processes and revisiting business continuity plan in the emerging situations/scenarios with the aim of continuity in critical interfaces and preventing any disruption of services, due to absenteeism either driven by the individual cases of infections or preventive measures.

Circulars dated March 27, 2020 and April 17, 2020

RBI, pursuant to its circular dated March 27, 2020 (Reference No. RBI/2019-20/186 DOR.No.BP.BC.47/21.04.048/2019-20), announced certain regulatory measures, including, inter alia, to mitigate the burden of debt servicing brought about by disruptions on account of the COVID-19 pandemic and to ensure the continuity of viable businesses. In furtherance of such circular, lending institutions were permitted to grant a moratorium of three months on payment of all instalments (including all (i) principal and/or interest components; (ii) bullet repayments; (iii) equated monthly instalments; and (iv) credit card dues) falling due between March 1, 2020 and May 31, 2020 in respect of all term loans (including agricultural term loans, retail and crop loans) (“**Moratorium Period**”). Additional relaxations were granted in relation to the calculation of ‘drawing power’ in respect of working capital facilities sanctioned in the form of cash credit/overdraft (“**CC/OD**”) to borrowers. Under the circular, such measures were not to be treated as a concession or change in terms and conditions of loan agreements due to financial difficulty of the borrower under paragraph 2 of the Annexure to the Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions, 2019 (“**Prudential Framework**”) and availing of such measures, by itself, was not to result in asset classification downgrade. The rescheduling of payments, including interest, did not qualify as a default for the purposes of supervisory reporting and reporting to credit information companies (“**CICs**”) by the lending institutions. CICs were instructed to ensure that the actions taken by lending institutions pursuant to the above announcements do not adversely impact the credit history of the beneficiaries. The circular also stated that wherever the exposure of a lending institution to a borrower is INR 50 million or above as on March 1, 2020, the lending institution was required to develop an MIS on the reliefs provided to its borrowers which was required to, inter alia, include borrower-wise and credit-facility wise information regarding the nature and amount of relief granted. Further, pursuant to its circular dated April 17, 2020 (Reference No. RBI/2019-20/220 DOR.No.BP.BC.63/21.04.048/2019-20), the RBI provided detailed instructions in relation to (i) asset classification under the prudential norms on income recognition, asset classification and (ii) provisioning requirements.

Circular dated May 23, 2020

Pursuant to its circular dated May 23, 2020 (Reference No. RBI/2019-20/244 DOR.No.BP.BC.71/21.04.048/2019-20), the RBI further permitted lending institutions (including NBFCs) to extend the Moratorium Period on payment of all instalments in respect of term loans (including agricultural term loans, retail and crop loans) by another three months, i.e., from June 1, 2020 to August 31, 2020. Such circular also permitted certain relaxations in respect of working capital facilities sanctioned in the form of cash credit/overdraft, lending institutions, subject to certain conditions.

The measures in relation to working capital facilities under the RBI circular dated May 23, 2020, were contingent on the lending institutions satisfying themselves that such measures are necessitated on account of the economic fallout from COVID-19. Further, accounts provided relief under this relaxation were subject to subsequent supervisory review with regard to their justifiability on account of the economic fallout from COVID-19. Lending institutions, accordingly, could put in place a board approved policy to implement the above measures.

Emergency Credit Line Guarantee Scheme dated May 23, 2020

The Government of India, through the Ministry of Finance, Department of Financial Services introduced the emergency credit line guarantee scheme (“**ECLGS**”). Pursuant to the ECLGS, the National Credit Guarantee Trustee Company, a wholly owned trustee company of the Government of India, provided a 100% credit guarantee with respect to eligible credit facilities extended by NBFCs in the form of additional term loans.

Special Liquidity Scheme for NBFCs/HFCs dated July 1, 2020 and the Partial Credit Guarantee Scheme

The Government of India approved the Special Liquidity Scheme for NBFCs and HFCs to improve the liquidity position of NBFCs through a special purpose vehicle to avoid potential systemic risks to the financial sector. In order to avail the scheme, NBFCs are required to, inter alia, (a) have made a net profit in one of the two preceding financial years; and (b) be rated investment grade by a SEBI registered rating agency. In accordance with the circular, the scheme is managed by a special purpose vehicle set up by a subsidiary of the State Bank of India, SBI Capital Markets Limited

The Partial Credit Guarantee Scheme (“PCGS”) was introduced on December 11, 2019 to offer a sovereign guarantee for “first loss” to public sector banks for the purchase of pooled assets, from financially sound NBFCs, subject to certain conditions. Pursuant to a press release dated May 20, 2020, the PCGS was amended to increase the coverage offered by the scheme and the window under the PCGS was extended up to March 31, 2021.

Statement on Development and Regulatory Policies dated August 6, 2020

The RBI, through its ‘Statement on Developmental and Regulatory Policies’ dated August 6, 2020, stated that with the intent to facilitate revival of real sector activities and mitigate the impact on the ultimate borrowers, provided a window under the Prudential Framework to enable the lenders to implement a resolution plan in respect of eligible corporate exposures without change in ownership, and personal loans, while classifying such exposures as standard (as set out under the Prudential Framework) subject to specified conditions.

Resolution Framework for COVID-19-related Stress dated August 6, 2020

The RBI has also issued a notification on August 6, 2020 titled ‘Resolution Framework for COVID-19-related Stress’ (“COVID-19 Resolution Framework”, Reference No. RBI/2020-21/16

DOR.No.BP.BC/3/21.04.048/2020-21). Under the COVID-19 Resolution Framework, lending institutions were required to frame policies, as approved by their board of directors, for implementation of viable resolution plans for eligible borrowers pursuant to the COVID-19 Resolution Framework and ensure that the resolution plans under this facility were extended only to borrowers bearing stress on account of the COVID-19 pandemic. The resolution plan extended to eligible borrowers could be invoked anytime till December 31, 2020 and was to be implemented within 180 days from the date of invocation (within 90 days in case of personal loans.).

Restructuring of Advances to Micro, Small and Medium Enterprises

The RBI, pursuant to its circular dated August 6, 2020 titled ‘Micro, Small and Medium Enterprises (MSME) sector - Restructuring of Advances’ (“**August 2020 Circular**”, Reference No. RBI/2020-21/17 DOR.No.BP.BC/4/21.04.048/2020-21), had permitted the classification of loans to MSMEs as ‘standard’ pursuant to their restructuring subject to certain conditions mentioned under such circular and the circular dated February 11, 2020 titled ‘Micro, Small and Medium Enterprises (MSME) sector - Restructuring of Advances’ (Reference No. RBI/2019-20/160 DOR.No.BP.BC.34/21.04.048/2019-20). The RBI, pursuant to its circular dated May 5, 2021 titled ‘Resolution Framework 2.0 - Resolution of Covid-19 related stress of Micro, Small and Medium Enterprises (MSMEs)’ (Reference No. RBI/2021-22/32 DOR.STR.REC.12/21.04.048/2021-22) has extended the applicability of the August 2020 Circular, subject to certain conditions, including, that: (i) the borrower should be classified as a micro, small or medium enterprise as on March 31, 2021 in terms of the notification dated June 26, 2020 published by the Ministry of Micro, Small and Medium Enterprises; (ii) the aggregate exposure, including non-fund based facilities, of all lending institutions to such borrower should not exceed ₹250 million as on March 31, 2021; (iii) the borrower’s account should have been a ‘standard asset’ as of March 31, 2021; and (iv) restructuring of the borrower’s account is invoked by September 30, 2021. All the measures under the circular are contingent on lending institutions satisfying themselves that this is necessitated on account of the economic fallout from COVID-19.

Circular dated September 7, 2020 on resolution framework for COVID-19 related Stress - Financial Parameters

The RBI, pursuant to its circular dated September 7, 2020 (Reference No. RBI/2020-21/34 DOR.No.BP.BC/13/21.04.048/2020-21) on “Resolution Framework for COVID-19-related Stress - Financial Parameters”, set out key ratios to be mandatorily considered while finalizing the resolution plans in respect of COVID-19 Resolution Framework. Further, it also prescribed sector specific thresholds to be considered by the lending institutions, intended as floors or ceilings. The resolution plans were required to take into account the pre- COVID-19 operating and financial performance of the borrower and impact of COVID-19 on its operating and financial performance at the time of finalizing the resolution plan, to assess the cash flows in subsequent years, while stipulating appropriate ratios in each case. Lending institutions were free to consider other financial parameters as well while finalizing the resolution assumptions in respect of eligible borrowers apart from the above mandatory key ratios and the sector-specific thresholds that have been prescribed.

TLTRO on Tap Scheme

The targeted long-term repo operations on tap scheme of the RBI (“**TLTRO on Tap Scheme**”), announced on October 9, 2020 focuses on liquidity measures and revival of activity in specific sectors and, allows banks to avail liquidity to be deployed in corporate bonds, commercial paper and non-convertible debentures issued by entities in such specified sectors. The liquidity availed by banks could also be used to extend bank loans and advances to these sectors. The RBI

through its 'Statement on Developmental and Regulatory Policies' and its press release dated February 5, 2021 stated that NBFCs are well recognised conduits for reaching out last mile credit and act as a force multiplier in expanding credit to various sectors and accordingly, permitted funds from banks under the TLTRO on Tap Scheme to be provided to NBFCs for incremental lending to these sectors until March 31, 2021. The TLTRO on Tap Scheme has further been extended by a period of nine months i.e., up to December 31, 2021 with a view to increasing the focus of liquidity measures on revival of activity in specified sectors.

Scheme for grant of ex-gratia payment of difference between compound interest and simple interest for six months to borrowers in specified loan accounts

On October 23, 2020, the Ministry of Finance, Government of India announced a scheme for grant of ex-gratia payment of difference between compound interest and simple interest by way of reliefs for the six months period from March 1, 2020 to August 31, 2020, to borrowers in specified loan accounts ("**October 2020 Scheme**"), benefits of which would be routed through lending institutions. The October 2020 Scheme was applicable to all lending institutions, including, inter alia, banking companies, NBFCs and housing finance companies. Borrowers who had loan accounts with sanctioned limits and outstanding amounts not exceeding ₹20 million as on February 29, 2020 were eligible under the October 2020 Scheme, subject to certain conditions. Borrowers of the following classes of loans were eligible, namely (i) MSME loans; (ii) education loans; (iii) housing loans; (iv) consumer durable loans; (v) credit card dues; (vi) automobile loans; (vii) personal loans to professionals; and (viii) consumption loans.

Circular dated April 7, 2021 on Asset Classification and Income Recognition

The RBI, pursuant to the decision of the Supreme Court of India in *Small Scale Industrial Manufacturers Association v. Union of India*, dated March 23, 2021, has issued a circular dated April 7, 2021 (the "**April 2021 Circular**", Reference No. RBI/2021-22/17 DOR.STR.REC.4/21.04.048/2021-22). The April 2021 Circular stipulates that all lending institutions (including NBFCs) are required to implement a board-approved policy to refund/adjust the "interest on interest" charged to the borrowers during the moratorium period, i.e. March 1, 2020 to August 31, 2020 in conformity with the above judgement. In order to ensure that the above judgement is implemented uniformly in letter and spirit by all lending institutions, the methodology for calculation of the amount to be refunded/adjusted for different facilities is required to be finalised by the Indian Banks Association in consultation with other industry participants/bodies, which shall be adopted by all lending institutions. The above reliefs shall be applicable to all borrowers, including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed, in terms of the circulars dated March 27, 2020 and May 23, 2020.

Further, in relation to asset classification, the April 2021 Circular stipulates that, (i) in respect of accounts which were not granted any moratorium in terms of the COVID-19 regulatory relief provided, asset classification is to be undertaken in terms of the criteria laid out in the Master Circular - Prudential Norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances dated July 1, 2015 (Reference No. RBI/2015-16/101 DBR.No.BP.BC.2/21.04.048/2015-16) or other relevant instructions as applicable to the specific categories of lending institutions; and (ii) in respect of accounts in relation to which a moratorium was granted in terms of the COVID-19 regulatory relief, the asset classification for the period from March 1, 2020 to August 31, 2020 shall be governed in terms of the circular dated April 17, 2020 (Reference No. RBI/2019-20/220 DOR.No.BP.BC.63/21.04.048/2019-20), read with circular dated May 23, 2020 (Reference No. RBI/2019-20/244 DOR.No.BP.BC.71/21.04.048/2019-20). For the period commencing September 1, 2020, asset classification for all such accounts shall be as per the applicable income recognition and asset classification norms.

Master Circular dated January 5, 2022 on Bank Finance to Non- Banking Financial Companies

The circular lays down RBI's regulatory policy regarding financing of NBFCs by banks. The circular specifies, inter alia, certain guidelines for bank finance to NBFCs registered with RBI and bank finance to NBFCs not requiring registration. The circular further specifies activities which are not eligible for bank credits and other prohibitions on bank finance to NBFCs.

Reserve Bank of India's circular on clarifications to the Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances dated November 12, 2021 ("November 12 Circular")

The RBI issued the "*Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances – Clarifications*" on November 12, 2021, with a view to ensuring uniformity in the implementation of IRACP norms across all lending institutions. The November 12 Circular clarified certain aspects of the extant regulatory guidelines, which will be applicable to all lending institutions. The clarifications were made applicable immediately from the date of circular except for the instructions related to specification of due date / repayment date which were made applicable from December 31, 2021 and instructions related to non-performing assets classification in case of interest payments and customer education which will be applicable from March 31, 2022 onwards. The November 12

Circular, amongst other things, requires borrower accounts to be flagged as overdue by lending institutions as part of their day-end processes for the due date, irrespective of the time of running such processes. Similarly, classification of borrower accounts as special mention accounts (“SMA”) as well as NPA is required to be undertaken as part of day-end processes for the relevant date, such that the date of SMA/ NPA shall reflect the asset classification status of an account at the day-end of that calendar date. The November 12 Circular clarifies that the SMA classification requirement for borrower accounts is applicable to all loans, including retail loans, irrespective of size of exposure of the lending institution. Further, the November 12 Circular provides that upgradation of accounts classified as NPAs may be upgraded to ‘standard’ only if the entire arrears of interest and principal are paid by the borrower, as opposed to such upgradation being undertaken upon payment of only interest overdues.

Further, RBI issued another circular on “*Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances – Clarifications*” on February 15, 2022 pursuant to which certain queries *inter-alia* (i) in case of borrowers having more than one credit facility from a lending institution, loan accounts shall be upgraded from NPA to standard asset category only upon repayment of entire arrears of interest and principal pertaining to all the credit facilities. The circular also stipulates that loan accounts classified as NPAs may be upgraded as ‘standard’ asset only if entire arrears of interest and principal are paid by the borrower. NBFCs shall have time till September 30, 2022 to put in place the necessary systems to implement this provision. All other instructions of the Circular shall continue to be applicable as per the timelines specified therein.

Priority Sector Lending Classification

Pursuant to its ‘Statement on Developmental and Regulatory Policies’ and notification dated April 7, 2021, the RBI with a view to ensure continued availability of credit to specified sectors to aid faster economic recovery, decided to extend the priority sector lending (“PSL”) classification for lending by banks to NBFCs for on-lending by six months i.e. up to September 30, 2021. Previously, the PSL classification, allowing banks to classify lending to NBFCs for on-lending to agriculture/MSME/housing as PSL, was permitted till March 31, 2021. Considering the increased traction observed in delivering credit to underserved/unserved segments of the economy, the facility was extended till March 31, 2022 vide RBI circular dated October 8, 2021.

Circular dated May 5, 2021 on Resolution Framework for Advances to Individuals and Small Businesses

Through its circular dated May 5, 2021 titled ‘*Resolution Framework - 2.0: Resolution of COVID-19 related stress of Individuals and Small Businesses*’ (Reference No. RBI/2021-22/31 DOR.STR.REC.11/21.04.048/2021-22), the RBI has permitted lending institutions to offer a limited window to individual borrowers and small businesses to implement resolution plans in respect of their credit exposures while classifying such credit exposures as ‘standard’ upon implementation of the resolution plan, subject to certain conditions specified under the circular. The lending institutions are required to frame policies, approved by the board of directors, pertaining to the implementation of viable resolution plans for eligible borrowers ensuring that the resolution under this facility is provided only to the borrowers having stress on account of COVID-19. The last date for invocation of resolutions under the window provided was September 30, 2021. The resolution plans implemented under this window may, *inter alia*, include rescheduling of payments, conversion of any interest accrued or to be accrued into another credit facility, revisions in working capital sanctions, and granting of moratorium, based on income streams of the borrower. The moratorium period, if granted, may be for a maximum of two years, and shall come into force immediately upon implementation of the resolution plan. The extension of the residual tenor of the loan facility may also be granted to borrowers, with or without payment moratorium. The overall cap on extension of residual tenor, inclusive of moratorium period if permitted, shall be two years.

Circular dated August 6, 2021 on Resolution Framework for COVID-19 – related stress – Financial Parameters

Due to resurgence of COVID-19 in the country, the RBI issued another circular on August 6, 2021 with the same title “*Resolution Framework for COVID-19 – related stress – Financial Parameters*” in continuation of its September 7, 2020 circular to extend the deadline set for lending institutions to achieve the sector specific thresholds of four key ratios from March 31, 2022 to October 31, 2022.

4. The Personal Data Protection Bill, 2021 (the “Bill”)

The Bill, which supersedes the Personal Data Protection Bill, 2019 deals with the provisions relating to compensation payable by companies for failure to protect personal data. The Bill also establishes a Data Protection Authority of India. Currently, the Bill categorises two kinds of data, (a) “Personal Data” data about or relating to a natural person who is directly or indirectly identifiable, having regard to any characteristic, trait, attribute or any other feature of the identity of such natural person, whether online or offline, or any combination of such features with any other information, and shall include any inference drawn from such data for the purpose of profiling; and (b) “Sensitive Personal Data” includes

such personal data, which may, reveal, be related to, or constitute: (i) financial data;(ii) health data;(iii) official identifier;(iv) sex life;(v) sexual orientation; and (vi) biometric data. The applicability of the Bill also extends to foreign companies that handle data of individuals in India. The Bill accords certain rights to individuals with respect to the protection of their data. However, there are certain exceptions to protection offered under the Bill, such as, acts done in interest of security of state, public order, sovereignty and integrity of India and friendly relations with foreign states, and acts done for preventing incitement to commission of any cognisable offence relating to the above matters. Processing of personal data is also exempted from provisions of the Bill under certain conditions, as long as such processing is for a specific, clear and lawful purpose, this includes an act undertaken for prevention, investigation, or prosecution of any offence, or personal, domestic, or journalistic purposes. As on date, the Bill is pending with Joint Parliament Committee, and is yet to be notified and take effect.

5. Other Regulations

In addition to the above, our Company is required to comply with the provisions of the Companies Act, FEMA, RBI guidelines on securitisation of standard assets, labour laws, various tax related legislations and other applicable statutes for its day-to-day operations.

HISTORY AND CERTAIN CORPORATE MATTERS

Brief history of our Company

Our Company was incorporated as ‘Fedbank Financial Services Limited’ on April 17, 1995 in Kerala at Kochi, as a public limited company under the Companies Act, 1956 and was granted a certificate of incorporation by the Registrar of Companies, Kerala at Kochi. Shareholders’ agreements

SHA

The Company, Federal Bank Limited and True North Fund VI LLP are parties to the SHA dated May 11, 2018, as supplemented and amended by the deed of adherence dated October 29, 2018 and the SHA Amendment Agreement.

The SHA inter alia, records the understanding and agreement amongst the Promoter, the Investor Selling Shareholder and the Company regarding their respective rights and obligations, including inter-se as Shareholders. The Promoter and the Investor Selling Shareholder have been granted certain rights in respect of the management and affairs of our Company under the SHA, of which, certain rights shall continue as long as they hold an agreed-upon minimum shareholding threshold in our Company. Rights that shareholders are entitled to under the SHA include (i) restrictions on transfer of Equity Shares by the shareholders, except as permitted under the SHA; (ii) right of first offer, tag-along and drag along rights in case of transfers by shareholders (iii) certain board and committee nomination rights; and (iv) information rights. For details in relation to the appointment of Chairman of the Board, see “*Description of Equity Shares and Terms of Articles of Association - Chairman*” on page 458.

SHA Amendment Agreement

Pursuant to the SHA Amendment Agreement, the SHA will stand automatically terminated upon consummation of the Offer i.e. the date of commencement of trading of the Equity Shares pursuant to the Offer. Provided that, following the consummation of the Offer, and subject to approval of the Shareholders by way of a special resolution in the first general meeting convened after the listing of Equity Shares pursuant to the Offer, (A) the Investor Selling Shareholder shall be entitled to nominate one non-executive director on the Board till such time as it (i) holds at least 5% of Equity Shares on a fully diluted basis, and such director shall not be liable to retire by rotation; (B) the Promoter shall be entitled to nominate two non-executive nominee directors, each not being liable to retire by rotation, on the Board till such time as it holds at least 10% of Equity Shares on a fully diluted basis, or nominate one non-executive director, not being liable to retire by rotation, till such time as it holds at least 5% and less than 10% of Equity Shares on a fully diluted basis. Provided further that following the consummation of the Offer, subject to applicable law and subject to approval of the Board of Directors of the Company and its Shareholders by way of a special resolution in the first general meeting convened after the listing of Equity Shares pursuant to the Offer, the upside sharing arrangement between Federal Bank Limited and True North Fund VI LLP in relation to consideration received by the Investor Selling Shareholder pursuant to the sale of Subscription Shares, as envisaged in the SHA, shall continue till such time True North Fund VI LLP holds the subscription shares in the Company in terms of the SHA and to that extent shall survive the termination of the SHA.

The SHA Amendment Agreement shall stand automatically terminated upon the earlier of (a) twelve months of receipt of SEBI's final observations on the draft red herring prospectus in accordance with the SEBI ICDR Regulations ("SEBI Final Observations") or till such date when the SEBI Final Observations are valid, whichever is later, or such extended cut-off date for the IPO as may be mutually agreed in writing among the Parties, if the consummation of the IPO has not happened by such date; and (b) the date on which the Board decides not to undertake the Offer ("**Long Stop Date**").

Share subscription cum shareholders' agreement dated October 2019, as amended by the amendment agreement dated October 27, 2020 and by the second amendment agreement dated February 7, 2022 ("OCRPS SHA") among our Company and Anil Kothuri

Our Company and Anil Kothuri had entered into the OCRPS SHA in connection with and to set out the terms of the issuance of 4,729,730 of the OCRPS to Anil Kothuri, and the conversion and/or redemption of the OCRPS. Pursuant to the second amendment agreement dated February 7, 2022, the parties to the OCRPS SHA agreed inter alia that (i) within ten working days from the date of receipt of a conversion notice from Anil Kothuri and in no event later than 2 days prior to finalisation of the Red Herring Prospectus, 2,729,730 OCRPS held by Anil Kothuri would be converted into 2,729,730 Equity Shares, provided such OCRPS are fully paid-up; and (ii) within ten working days from the date of upon receipt of notice seeking redemption of the OCRPS from Anil Kothuri and in no event later than 2 days prior to finalisation of the Red Herring Prospectus, 2,000,000 OCRPS would be redeemed, provided such OCRPS are fully paid-up.

Pursuant to Board resolutions each dated February 14, 2022, 2,000,000 OCRPS were redeemed by our Company for an aggregate amount of ₹ 84.20 million and 2,729,730 OCRPS were converted into 2,729,730 Equity Shares. Accordingly, there are no outstanding OCRPS as on the date of this Draft Red Herring Prospectus. For further details, see "*Capital Structure – Share Capital history of our Company*" on page 85.

Notice cum Waiver Letter dated February 7, 2022 from The Federal Bank Limited and True North Fund VI LLP

One of the key terms of a loan facility availed by Anil Kothuri in his personal capacity from a lender ("**Loan Facility**") is that the loan shall be secured by way of a pledge over Includes 2,729,730 Equity Shares ("**Security Shares**") held by Anil Kothuri in favour/for benefit of the lender (including its successor and/or assigns). In accordance with the terms of the SHA and Articles 4 and 9 of Part B of the articles of association of the Company, consent was sought from the Promoter and the Investor Selling Shareholder for the creation of pledge over the Security Shares, which was received pursuant to the notice cum waiver letter dated February 7, 2022. Pursuant to the letter, the tag along right and other transfer restrictions contained in the SHA and relevant Articles of the Company in relation to transfer of the Security Shares in relation to an invocation of the pledge by the lender have been waived by the Promoter and Investor Selling Shareholder, however, they shall continue to have a right of first offer, as contained in Article 9.4 of the Articles and under the SHA, in case of any transfer of Security Shares pursuant to invocation of the pledge by the lender.

Key terms of other subsisting material agreements

Except as disclosed in "*Our Business*" on page 175 and "*– Shareholders' agreements*" above, our Company has not entered into any subsisting material agreements other than in the ordinary course of business of our Company.

Details of guarantees given to third parties by our Promoter

Our Promoter has not given any guarantees, on behalf of our Company, to third parties that are outstanding as of the date of this Draft Red Herring Prospectus.

Agreements with Key Managerial Personnel, Director, Promoter, or any other employee

Other than the upside sharing arrangement as disclosed in "*– Shareholders' agreements*" on page 223 above, there are no agreements entered into by a Key Managerial Personnel or Director or Promoter or any other employee of our Company, either by themselves or on behalf of any other person, with any shareholder or any other third party with regard to compensation or profit sharing in connection with dealings in the securities of our Company.

2. Shyam Srinivasan, Member; and
3. Anil Kothuri, Member.

The Corporate Social Responsibility Committee was reconstituted by our Board at its meeting held on September 27, 2019. The scope and functions of the Corporate Social Responsibility Committee is in accordance with Section 135 of the Companies Act, 2013.

The terms and reference of the Corporate Social Responsibility Committee include the following:

1. to formulate and recommend to the Board a Corporate Social Responsibility (“CSR”) Policy which shall indicate the activities to be undertaken by the Company in areas or subject specified in Schedule VII of the Companies Act 2013;
2. to recommend the amount of expenditure to be incurred on the CSR Activities in line with the Schedule VII of the Companies Act, 2013;
3. to monitor CSR policy of the Company from time to time;
4. to institute a transparent monitoring mechanism for implementation of the CSR activities or projects or programs of the Company;
5. To perform such other duties and functions as the Board may require the CSR committee to undertake to promote the CSR activities of the Company or as may be required under applicable laws.

Capital Raising Committee

The members of the Capital Raising Committee are:

1. Balakrishnan Krishnamurthy, Chairperson;
2. Gauri Rushabh Shah, Member;
3. Ashutosh Khajuria, Member;
4. Maninder Singh Juneja, Member; and
5. Anil Kothuri, Member.

The Capital Raising Committee was constituted by our Board at its meeting held on July 15, 2021. The terms and reference of the Capital Raising Committee include the following:

1. to decide, in consultation with various advisors, various terms and conditions of the Offer, including size, timing, listing jurisdictions and securities to be offered in the Offer, and to make any amendments, modifications, variations or alterations thereto;
2. to consider and invite existing holders of securities of the Company to offer their securities for sale through the Offer and take all steps in connection with such offer for sale;
3. to appoint and enter into arrangements with various advisors or intermediaries to the Offer and to negotiate and finalise the terms of their appointment;
4. to make applications to, seek clarifications and obtain approvals from, if necessary, from various statutory or governmental authorities in connection with the Offer and accept on behalf of the Board such conditions and modifications as may be prescribed or imposed by any of them while granting such approvals, permissions and sanctions as may be required and wherever necessary;
5. to do all such deeds and acts as may be required to dematerialize the securities of the Company and to sign and/or modify, as the case may be, agreements and/or such other documents as may be required in connection thereof;
6. to authorise and approve the incurring of expenditure and payment of fees and expenses in connection with the Offer.
7. to finalize, settle, approve, adopt and file in consultation with the book running lead manager (BRLM) where applicable, the draft red herring prospectus, the red herring prospectus, the prospectus, the preliminary and final international wrap and any amendments, supplements, notices, addenda or corrigenda thereto, and take all such actions as may be necessary for the submission and filing of these documents including incorporating such alterations/corrections/modifications as may be required by SEBI, RoC or any other relevant governmental and statutory authorities or in accordance with applicable laws;
8. to appoint and enter into and terminate arrangements with the BRLM(s), underwriters to the Offer, syndicate members to the Offer, brokers to the Offer, escrow collection bankers to the Offer, refund bankers to the Offer, registrars, legal advisors, auditors, and any other agencies or persons or intermediaries to the Offer and to negotiate, finalise and amend the terms of their appointment, including but not limited to the execution of the mandate letter with the BRLM(s) and negotiation, finalization, execution and, if required, a amendment of the offer agreement with the BRLM(s);
9. to negotiate, finalise and settle and to execute and deliver or arrange the delivery of the draft red herring prospectus, the red herring prospectus, the prospectus, offer agreement, syndicate agreement, underwriting agreement, share escrow agreement, cash escrow agreement, agreements with the registrar to the offer and all other documents, deeds, agreements and instruments whatsoever with the registrar to the Offer, legal advisors, auditors, stock exchange(s), BRLM(s) and any other agencies/intermediaries in connection with the Offer with the power to authorise one or more officers of the Company to execute all or any of the aforesaid documents or any amendments thereto as may be required or desirable in relation to the Offer;
10. To seek, if required, the consent and/or waiver of the lenders of the Company, customers, parties with whom the Company has entered into various commercial and other agreements, all concerned government and regulatory authorities in India or outside India, and any other consents and/or waivers that may be required in relation to the Offer or any actions connected therewith;
11. to open and operate bank accounts in terms of the escrow agreement and to authorize one or more officers of the Company to execute all documents/deeds as may be necessary in this regard;
12. to open and operate bank accounts of the Company in terms of Section 40(3) of the Companies Act, 2013, as amended, and to authorize one or more officers of the Company to execute all documents/deeds as may be necessary in this regard;
13. to accept and appropriate the proceeds of the Offer in accordance with the applicable laws;
14. to approve code of conduct as may be considered necessary by the Capital Raising Committee or as required under applicable laws, regulations or guidelines for the Board, officers of the Company and other employees of the Company;
15. to approve the implementation of any corporate governance requirements that may be considered necessary by the Board or the Capital Raising Committee or as may be required under the applicable laws or the SEBI Listing Regulations and listing agreements to be entered into by the Company with the relevant stock exchanges, to the extent allowed under law;

16. To issue receipts/allotment letters/confirmation of allotment notes either in physical or electronic mode representing the underlying Equity Shares in the capital of the Company with such features and attributes as may be required and to provide for the tradability and free transferability thereof as per market practices and regulations, including listing on one or more stock exchange(s), with power to authorize one or more officers of the Company to sign all or any of the afore stated documents;
17. To authorize and approve notices, advertisements in relation to the Offer in consultation with the relevant intermediaries appointed for the Offer;
18. to do all such acts, deeds, matters and things and execute all such other documents, etc., as may be deemed necessary or desirable for such purpose, including without limitation, to finalise the basis of allocation and to allot the shares to the successful allottees as permissible in law, issue of allotment letters/confirmation of allotment notes, share certificates in accordance with the relevant rules, in consultation with the BRLM(s);
19. to make applications for listing of the Equity Shares in one or more stock exchange(s) for listing of the Equity Shares and to execute and to deliver or arrange the delivery of necessary documentation to the concerned stock exchange(s) in connection with obtaining such listing including without limitation, entering into listing agreements and affixing the common seal of the Company where necessary;
20. to settle all questions, difficulties or doubts that may arise in regard to the Offer, including such issues or allotment, terms of the IPO, utilisation of the IPO proceeds and matters incidental thereto as it may deem fit;
21. to submit undertaking/certificates or provide clarifications to the SEBI, Registrar of Companies, and the relevant stock exchange(s) where the Equity Shares are to be listed;
22. to negotiate, finalize, settle, execute and deliver any and all other documents or instruments and to do or cause to be done any and all acts or things as the Capital Raising Committee may deem necessary, appropriate or advisable in order to carry out the purposes and intent of this resolution or in connection with the Offer and any documents or instruments so executed and delivered or acts and things done or caused to be done by the said Capital Raising Committee shall be conclusive evidence of the authority of the said Capital Raising Committee in so doing;
23. To delegate any of its powers set out under 1 to 22 hereinabove, as may be deemed necessary and permissible under applicable laws to the officials of the Company;
24. To approve suitable policies on insider trading, whistle-blowing, risk management, and any other policies as may be required under the SEBI Listing Regulations or any other applicable laws;
25. deciding, negotiating and finalizing the pricing and all other related matters regarding the Pre-IPO Placement, including the execution of the relevant documents with the investors in consultation with the BRLM(s) and in accordance with applicable laws;
26. Taking on record the approval of the Selling Shareholders for offering their Equity Shares in the Offer for Sale;
27. To withdraw the draft red herring prospectus or the red herring prospectus or to decide not to proceed with the Offer at any stage in accordance with applicable laws and in consultation with the BRLM(s);
28. To appoint, in consultation with the BRLM(s), the registrar and other intermediaries to the Offer, in accordance with the provisions of the SEBI regulations and other Applicable Laws including legal counsels, banks or agencies concerned and entering into any agreements or other instruments for such purpose, to remunerate all such intermediaries/agencies including the payments of commissions, brokerages, etc. and to terminate any agreements or arrangements with such intermediaries/ agents.
29. To fix date and time to convene the general meetings of the Shareholders of the Company as and when required.

Other committees of our Company

In addition to the committees mentioned above, our Company has constituted various other committees, such as Asset Liability Committee and IT Strategy Committee.

Details of change in control of Federal Bank

There has been no change in the control of Federal Bank in the last three years preceding the date of this Draft Red Herring Prospectus.

Interests of Promoter

Our Promoter is interested in our Company to the extent that it has promoted our Company and to the extent of its shareholding in our Company, directly and indirectly, the dividend payable, if any, and any other distributions in respect of the Equity Shares held by it in our Company, from time to time. Further, our Promoter is also interested in our Company to the extent of the right to nominate directors on the Board of our Company. For details of the SHA Agreement and SHA Amendment Agreement, see “*History and Certain Corporate Matters – Shareholders’ Agreement*” on page 223.

For details of the shareholding of our Promoter in our Company, see “*Capital Structure – History of the equity share capital held by our Promoter – Build-up of the equity shareholding of our Promoter in our Company*”, on page 87.

Our Promoter may also be deemed to be interested in certain borrowings availed by us from, and NCDs issued by us to our Promoter. For further details, see “*Financial Indebtedness*” on page 389.

Our Promoter has no interest in any property acquired by our Company during the three years immediately preceding the date of this Draft Red Herring Prospectus or proposed to be acquired by our Company, or in any transaction by our Company for acquisition of land, construction of building or supply of machinery.

No sum has been paid or agreed to be paid to our Promoter or to the firms or companies in which our Promoter is interested as member in cash or shares or otherwise by any person, either to induce it to become or to qualify it, as director or promoter or otherwise for services rendered by our Promoter or by such firms or companies in connection with the promotion or formation of our Company.

Except in the ordinary course of business and as disclosed in “*Other Financial Information - Related Party Transactions*” and “*Restated Financial Information – Note 38: Related Party Disclosures*” on pages 352 and 318, respectively, no amount or benefit has been paid or given to our Promoter or any of the members of the Promoter Group during the two years preceding the filing of this Draft Red Herring Prospectus nor is there any intention to pay or give any amount or benefit to our Promoter or any of the members of the Promoter Group other than in the ordinary course of business.

Material guarantees given by our Promoter

Our Promoter has not given any material guarantee to any third party with respect to the Equity Shares as on the date of this Draft Red Herring Prospectus.

Companies and firms with which our Promoter has disassociated in the last three years

Our Promoter has not disassociated itself from any companies or firms during the three immediately preceding years.

Promoter Group

The following entities constitute our Promoter Group in terms of Regulation 2(1)(pp) of the SEBI ICDR Regulations:

1. Federal Operations and Services Limited; and
2. Ageas Federal Life Insurance Company Limited.

OUR GROUP COMPANY

Pursuant to a resolution dated February 11, 2022, our Board formulated a policy for identification of group companies and has noted that in accordance with the SEBI ICDR Regulations and for the purpose of disclosure in this Draft Red Herring Prospectus, group companies of our Company shall include (i) the companies (other than our Promoter) with which there were related party transactions as per the Restated Financial Information read with “*Other Financial Information – Related Party Transactions*” on page 352, during any of the last three Fiscals (and stub period, if any, in respect of which, the Restated Financial Information is included); [(ii) the companies forming part of the promoter group with whom our Company has entered into one or more transactions during Fiscal 2021 and the six month period ended September 30, 2021, if any, the monetary value of which individually or cumulatively exceeds 10% of the total revenue of our Company for the relevant period as per the Restated Financial Information; or (iii) such other companies as deemed material by our Board.

Accordingly, in terms of the policy adopted by the Board for identification of group companies, our Board has identified Niva Bupa Health Insurance Company Limited as the Group Company of our Company.

Details of our Group Company

1. Niva Bupa Health Insurance Company Limited (“Niva Bupa”)

The registered office of Niva Bupa (formerly known as Max Bupa Health Insurance Company Limited) is situated at C-98, First Floor, Lajpat Nagar, Part 1, New Delhi, South Delhi, Delhi-110024, India.

In accordance with the SEBI ICDR Regulations, the details of the reserves (excluding revaluation reserves), sales, profit/(loss) after tax, basic earnings per share, diluted earnings per share and net asset value per share derived from the audited financial statements of Niva Bupa for the financial years ended March 31, 2021, 2020 and 2019 are available on the website of Niva Bupa at <https://transaction.nivabupa.com/about-us/aboutuspages/investor-relations.aspx>.

It is clarified that such details available in relation to Niva Bupa on its website do not form a part of this Draft Red Herring Prospectus. Anyone placing reliance on any other source of information, would be doing so at their own risk. The link above has been provided solely to comply with the requirements of the SEBI ICDR Regulations. None of our Company, the BRLMs or any of our or the BRLMs’ respective directors, employees, affiliates, associates, advisors, agents or representatives have verified the information available on the link provided above.

Nature and extent of interest of our Group Company

a. *In the promotion of our Company*

Our Group Company does not have any interest in the promotion of our Company.

b. *In the properties acquired by us in the preceding three years before filing this Draft Red Herring Prospectus or proposed to be acquired by our Company*

Our Group Company is not interested in the properties acquired by us in the three years preceding the filing of this Draft Red Herring Prospectus or proposed to be acquired by us as on the date of this Draft Red Herring Prospectus.

c. *In transactions for acquisition of land, construction of building and supply of machinery*

Our Group Company is not interested in any transactions for the acquisition of land, construction of building or supply of machinery.

Common Pursuits between our Group Company and our Company

Our Group Company is not in the same line of business as our Company and there are no common pursuits between our Group Company and our Company.

Related Business Transactions with the Group Company and significance on the financial performance of our Company

Other than the transactions disclosed in the section “*Restated Financial Information*” on page 266, there are no other related business transactions with our Group Company.

Business interest of our Group Company in our Company

Except for the group health insurance cover provided by Niva Bupa to our customers and other than the transactions disclosed in the section “*Restated Financial Information*” on page 266, Niva Bupa has no business interest in our Company.

Litigation

Our Group Company is not party to any pending litigations which will have a material impact on our Company.

DIVIDEND POLICY

The declaration and payment of dividends will be recommended by our Board and approved by our Shareholders, at their discretion, subject to the provisions of the Articles of Association and other applicable laws, including the Companies Act, 2013 and provisions of the SEBI Listing Regulations. Our Company has no formal dividend policy as on the date of this Draft Red Herring Prospectus.

Our ability to pay dividends in the future, if any, will depend on a number of factors, including but not limited to, our earnings and financial condition, working capital requirements, capital expenditures and restrictive covenants of our financial arrangements. Our Company may also, from time to time, pay interim dividends. Our past practices with respect to the declaration of dividends are not necessarily indicative of our future dividend declaration. There is no guarantee that any dividends will be declared or paid in the future. For details in relation to risks involved in this regard, see “*Risk Factors – We cannot assure payment of dividends on the Equity Shares in the future.*” on page 64.

Our Company has not declared and paid any dividends on the Equity Shares in the three Fiscals preceding the date of this Draft Red Herring Prospectus and the period from April 1, 2021 until the date of this Draft Red Herring Prospectus.

SELECTED STATISTICAL INFORMATION

The following information is included for analytical purposes and should be read in conjunction with our “Restated Financial Information” on page 266 as well as “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 175 and 353, respectively.

Certain non-GAAP measures such as, average cost of borrowing, net NPA on AUM, provision coverage ratio, net worth, return on equity, total borrowings to equity ratio, operating expenses to net income, return on total average assets, operating expenses to average total assets, credit cost to average total assets, average yield on gross loan book, net interest margin to average total assets, net asset value per equity share, operating expenses, total borrowings to net worth, return on net worth and EBITDA (“Non-GAAP Measures”) presented in this Draft Red Herring Prospectus are a supplemental measure of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, Indian GAAP, or IFRS. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, Indian GAAP, or IFRS and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the periods or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, or IFRS. In addition, these Non-GAAP Measures are not a standardized term, hence a direct comparison of similarly-titled Non-GAAP Measures between companies may not be possible. Other companies may calculate the Non-GAAP Measures differently from us, limiting its utility as a comparative measure. Although the Non-GAAP Measures are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that it is useful to an investor in evaluating us because it is a widely used measure to evaluate a company’s operating performance. For reconciliation of Non-GAAP Measures, see “Non-GAAP reconciliations” on page 262.

Return on Equity and Assets

The following table sets forth, for the periods indicated selected financial information relating to the return on equity and assets for our Company:

	As of and for the six months ended September 30	As of and for Fiscal		
	2021	2021	2020	2019
	(₹ in million, except percentages and per share data)			
Profit After Tax	335.66	616.84	391.36	361.34
Total Assets	57,447.38	54,663.05	40,861.90	21,506.12
Average Total Assets ⁽¹⁾	56,055.21	47,762.48	31,184.01	18,184.36
AUM ⁽²⁾	52,467.43	48,624.31	38,381.73	20,192.77
Average AUM ⁽³⁾	50,545.87	43,503.02	29,287.25	17,270.12
Net Worth ⁽⁴⁾	10,696.31	8,347.34	6,911.62	4,586.25
Average Equity or Average Net Worth ⁽⁵⁾	9,521.83	7,629.48	5,748.94	3,567.83
Total Borrowings ⁽⁶⁾	43,738.27	43,280.92	32,175.93	16,001.49
Average Total Borrowings ⁽⁷⁾	43,509.59	37,728.42	24,088.71	13,806.40
Return on Total Assets (%) ^{(8)*}	1.20% [0.60%]	1.29%	1.26%	1.99%
Return on Equity (%) ^{(9)*}	7.05% [3.53%]	8.08%	6.81%	10.13%
Basic Earnings Per Equity Share ^{(10)*}	2.20 [1.10]	2.19	1.61	1.76
Diluted Earnings Per Equity Share ^{(10)*}	2.20 [1.10]	2.18	1.60	1.76
Net Asset Value Per Equity Share ⁽¹¹⁾	33.58	28.79	25.28	19.94

* annualized and figures in square bracket represent un-annualized figures. Annualized figures are arrived at by multiplying the six month figures with two. Un-annualized figures are the actual figures for the period. The annualized figures are not indicative of our future financial performance.

Figures disclosed in the above table, except Profit after Tax, Total Assets and Basic and Diluted Earnings Per Equity Share, are not measures of financial position, operating performance or liquidity defined by generally accepted accounting principles and may not be comparable to similarly titled measures presented by other companies. For reconciliation of Non-GAAP Measures, see “Non-GAAP reconciliation” on page 262.

- (1) Average Total Assets represents the simple average of our Total Assets as of the last day of the relevant period and our Total Assets of the last day of the previous period.
- (2) AUM represents aggregate of Gross Loan book and the derecognized portion of loans which have been transferred by our Company by way of direct assignment and are outstanding as of the last day of the relevant period.
- (3) Average AUM represents the simple average of our AUM as of the last day of the relevant period and our AUM of the last day of the previous period.
- (4) Net worth is the aggregate of our equity share capital and other equity.

- (5) Average Equity or Average Net Worth represents the simple average of our equity or Net Worth as of the last day of the relevant period and our equity or Net Worth as of the last day of the previous period.
- (6) Total Borrowings represents the aggregate of debt securities, borrowings (other than debt securities) and subordinated liabilities outstanding as of the last day of the relevant period.
- (7) Average Total Borrowings is the simple average of our Total Borrowings outstanding as of the last day of the relevant period and our Total Borrowings outstanding as of the last day of the previous period.
- (8) Return on Total Assets is calculated as the Profit After Tax for the relevant period as a percentage of Average Total Assets in such period.
- (9) Return on Equity is calculated as the Profit After Tax for the relevant period as a percentage of Average Net Worth in such period.
- (10) Basic and diluted earnings per equity share: Basic and diluted earnings per equity share are computed in accordance with Indian Accounting Standard 33 notified under the Companies (Indian Accounting Standards) Rules of 2015 (as amended).
- (11) Net Asset Value Per Equity Share is Net Worth as at the end of the relevant period divided by number of equity shares outstanding at the end of the relevant period.

Financial Ratios

The following table sets forth, for the periods indicated, certain financial ratios for our Company:

	As of and for the six months ended September 30	As of and for Fiscal		
	2021	2021	2020	2019
	(₹ in million, except percentages and ratios/time)			
AUM ⁽¹⁾	52,467.43	48,624.31	38,381.73	20,192.77
AUM Growth (%) ⁽²⁾	7.90%	26.68%	90.08%	40.74%
Average AUM ⁽³⁾	50,545.87	43,503.02	29,287.25	17,270.12
Gross Loan Book	50,178.51	46,270.35	37,202.52	20,192.77
Securitized assets ⁽⁴⁾	2,781.18	2,959.89	1,474.55	-
AUM / Net worth	4.91	5.83	5.55	4.40
Total Assets ⁽⁵⁾	57,447.38	54,663.05	40,861.90	21,506.12
Disbursements ⁽⁶⁾	30,469.02	58,936.71	43,795.32	19,686.47
Total Revenue from Operations	4,056.74	6,918.25	4,537.43	2,532.12
Other Income	33.52	57.41	122.75	23.25

Finance Costs	1,691.04	3,131.91	2,011.03	1,139.36
Operating Expenses ⁽⁷⁾	1,390.25	2,362.25	1,875.47	876.10
Operating Expenses to Average Total Assets (%) ⁽⁸⁾ *	4.96% [2.48%]	4.95%	6.01%	4.82%
Operating Expenses Per Branch ⁽⁹⁾ *	6.01 [3.00]	6.58	6.19	5.88
Pre Provision Operating Profit (PPOP)	1,008.97	1,481.50	773.68	539.91
Pre Provision Operating Profit (PPOP) to Average Total Assets (%)	3.60% [1.80%]	3.10%	2.48%	2.97%
Credit Cost ⁽¹⁰⁾	557.61	712.22	213.72	31.76
Credit Cost to Average Total Assets (%) ^{(11)*}	1.99% [0.99%]	1.49%	0.69%	0.17%
Gross NPA ⁽¹²⁾	1,112.05	468.08	535.40	454.05
Gross NPA (%) ⁽¹³⁾	2.22%	1.01%	1.44%	2.25%
NPA Provision ⁽¹⁴⁾	313.28	139.86	136.73	66.20
Net NPA ⁽¹⁵⁾	798.77	328.22	398.67	387.85
Net NPA (%) ⁽¹⁶⁾	1.60%	0.71%	1.08%	1.93%
Provision Coverage Ratio (%) ⁽¹⁷⁾	28.17%	29.88%	25.54%	14.58%
Total Loan Loss Provision (LLP) ⁽¹⁸⁾	1,156.42	748.94	337.36	126.63
Total LLP to Gross Loan Book (%)	2.30%	1.62%	0.91%	0.63%
Operating Expenses to Net Income (%) ⁽¹⁹⁾	57.95%	61.46%	70.80%	61.87%
Gross Loan Book/ Net Worth ⁽²⁰⁾	4.69	5.54	5.38	4.40
Average Gross Loan Book/ Average Net Worth ⁽²¹⁾	5.06	5.47	4.99	4.84
Net Loan Book ⁽²²⁾	49,022.09	46,130.49	37,065.79	20,126.57
Net NPAs to Net Loan Assets (%)	1.60%	0.71%	1.08%	1.93%
Adjusted Spread (%) ⁽²³⁾	5.73%	5.73%	6.39%	6.26%

* annualized and figures in square bracket represent un-annualized figures. Annualized figures are arrived at by multiplying the six month figures with two. Un-annualized figures are the actual figures for the period. The annualized figures are not indicative of our future financial performance.

Figures disclosed in the above table, except Total Revenue from Operations, Other Income, Total Revenue, Finance Costs and Total Assets, are not measures of financial position, operating performance or liquidity defined by generally accepted accounting principles and may not

be comparable to similarly titled measures presented by other companies. For reconciliation of Non-GAAP Measures see, “-Non-GAAP reconciliation” on page 262.

- (1) AUM represents aggregate of Gross Loan book and the derecognized portion of loans which have been transferred by our Company by way of direct assignment and are outstanding as of the last day of the relevant period.
- (2) AUM Growth represents growth in AUM for the relevant period over AUM of the previous period.
- (3) Average AUM is the simple average of our AUM as of the last day of the relevant period and our AUM of the last day of the previous period.
- (4) Securitized assets represents aggregate of future principal outstanding and overdue principal outstanding and interest accrued due and interest accrued not due, if any, for loan assets which have been transferred by our Company by way of securitization and direct assignment (including the minimum retention requirement (“MRR”) portion retained in the books) and outstanding as of the last day of the relevant period.
- (5) Total Assets represents Total Assets as of the last day of the relevant period.
- (6) Disbursements represents the aggregate of all loan amounts extended to our customers in the relevant period.
- (7) Operating Expenses represents employee benefits expense, depreciation and amortization expense and fees and commission expenses and other expenses for the relevant period.
- (8) Operating Expenses to Average Total Assets represents operating expenses for the relevant period upon the simple average of our total assets as of the last day of the relevant period and our total assets as of the last day of the previous period, represented as a percentage.
- (9) Operating Expenses per branch represents operating expenses upon the aggregate number of branches.
- (10) Credit Cost represents impairment allowance on financial instruments for the relevant period.
- (11) Credit Cost to Average Total Assets represents credit cost upon simple average of total assets as of the last day of the relevant period and total assets as of the last day of the previous period, represented as a percentage.
- (12) Gross NPA represents gross loan book pertaining to loans which are required to be classified as NPA as per the Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances (“IRACP Norms”) issued and modified by RBI from time to time.
- (13) Gross NPA (%) represents the Gross NPA as of the last day or the relevant day or period to the AUM as of the last day of the relevant period, represented as a percentage of the Gross Loan Book.
- (14) NPA provision represents total Expected Credit Loss allowance on Stage 3 Loans held in the books as of the last day of the relevant period
- (15) Net NPA represents Gross NPA reduced by Impairment Loss Allowance (i.e., Expected Credit Loss Allowance or ECLs) made against these loans as of the last day of relevant reporting period.
- (16) Net NPA % represents the Net NPA as of the last day or the relevant day or period to the net loan book as of the last day of the relevant period, represented as a percentage.
- (17) Provision Coverage Ratio represents total provisions created on Gross NPA for the period, as a percentage of total Gross NPAs as of the last day of the period.
- (18) Total Loan Loss Provision (LLP) represents total provision held against the total Gross Loan Book outstanding as of the last day of relevant period.
- (19) Operating Expenses to Net Income represents the ratio of operating expenses for the relevant period divided by Net Income for the period, expressed as a percentage. Net Income represents Total Revenue less Finance costs for the relevant period.
- (20) Gross Loan Book represents aggregate of future principal outstanding, principal overdue, interest overdue and interest accrued but not due from borrowers pertaining to loans held in our books as on the last day of the relevant period.
- (21) Average Gross Loan Book represents simple average of Gross Loan Book over last period.
- (22) Net Loan Book represents the Gross Loan Book less NPA provisions made on Gross Loan Book of the last day of the relevant period.
- (23) Adjusted spread represents interest income less finance cost and credit cost to the average total assets.

Return Ratios

	As of and for the six months ended September 30	As of and for Fiscal			
		2021	2020	2020	2019
		(in percentages)			
Total Revenue from Operations to Average Gross Loan Book ^{(1)*}	16.82% [8.41%]	16.58%	15.81%		14.66%

* annualized and figures in square bracket represent un-annualized figures. Annualized figures are arrived at by multiplying the six month

figures with two. Un-annualized figures are the actual figures for the period. The annualized figures are not indicative of our future financial performance.

**Interest income includes loan fees.

^This is a Non-GAAP Measure. For reconciliation of Non-GAAP Measures, see “-Non-GAAP reconciliation” on page 262.

Figures disclosed in the above table, except “Finance cost” are not measures of financial position, operating performance or liquidity defined by generally accepted accounting principles and may not be comparable to similarly titled measures presented by other companies.

- (1) Total Interest-earning Assets represents housing and other loans; balances with banks in deposit accounts with original maturity of less than three months; balances with banks in other deposit accounts with an original maturity of more than three months; fixed deposits with banks; and investment in bonds as of the last day of the previous period.
- (2) Average Interest-earning Assets represent the simple average of total interest-earning assets as of the last day of the relevant period and total interest-earning assets outstanding as of the last day of the previous period.
- (3) Average Total Assets represents the simple average of our Total Assets as of the last day of the relevant period and our Total Assets of the last day of the previous period.
- (4) Average Interest-bearing Liabilities is the simple average of our total interest-bearing liabilities (which comprises Total Borrowings) outstanding as of the last day of the relevant period and our total interest-bearing liabilities outstanding as of the last day of the previous period.
- (5) Net Interest Income on loans represents interest income on loan book less finance costs, for the relevant period.
- (6) Average Yield on Gross Loan Book represents the ratio of interest income on loan assets for a period to the average Gross Loan Book for the period.
- (7) Product average yield represents the interest income based on contractual rate for the product for a period divided by the average Gross Loan Book for the period, expressed as a percentage.
- (8) Average cost of borrowings represents finance cost for the relevant period as a percentage of Average Borrowings in such period. Average Borrowings is the simple average of our Total Borrowings outstanding as of the last day of the relevant period and our Total Borrowings outstanding as of the last day of the previous period.
- (9) Spread represents average yield on Gross Loan Book less average cost of borrowings including securitization.
- (10) Net Interest Margin represents our net interest income on the loans for a period to the average gross loan book for the period, represented as a percentage.
- (11) Incremental Cost of Borrowing represents weighted average rate of interest on fresh borrowings in the relevant period.
- (12) Incremental Borrowings represents borrowings during the period.

Changes in Net Interest Income

	Change from Fiscals	
	2020 to 2021	2019 to 2020
	(₹ in million)	
Major category of interest-earning asset: loans, investments and bank balances other than cash and cash equivalents		
1. Change due to changes in volume	2,237.01	1,628.89
2. Change due to changes in rate	127.76	278.74
3. Net Change	2,364.77	1,907.63
Major category of interest-bearing liability: Debt securities, borrowings (other than debt securities) and subordinated liabilities		
4. Change due to changes in volume	(1,138.70)	(807.38)
5. Change due to changes in rate	17.82	(64.29)
6. Net Change	(1,120.88)	(871.67)
7. Total Change in Net Interest Income (7=3+6)	1,243.89	1,035.96

Gross Loan Book

Asset Category	As of and for the six months ended September 30	As of and for Fiscal		
		2021	2020	2019
		(₹ in million, except percentages)

		(₹ in million)		
Gross Loan Book	50,178.51	46,270.35	37,202.52	20,192.77
Gross NPAs ⁽¹⁾	1,112.05	468.08	535.40	454.05
NPA Provisions ⁽²⁾	313.28	139.86	136.73	66.20
Net NPAs ⁽³⁾	798.77	328.22	398.67	387.85
Additional Provisions	179.00	455.80	83.00	-
Bad Debts Write-off ⁽⁴⁾	133.49	294.71	1.72	-

(1) Gross NPA represents gross loan book pertaining to loans which are required to be classified as NPA as per the IRACP Norms issued and modified by RBI from time to time.

(2) NPA provisions represents total Expected Credit Loss allowance on Stage 3 Loans held in the books as of the last day of the relevant period

(3) Net NPA represents Gross NPA reduced by Impairment Loss Allowance (i.e., Expected Credit Loss Allowance or ECLs) made against these loans as of the last day of relevant reporting period.

(4) This excludes settlement write-off.

Stage Wise Loans – Details

	As of and for the six months ended September 30	As of and for Fiscal		
	2021	2021	2020	2019
	(₹ in million, except percentages)			
Gross Carrying Amount - Loans				
1. Stage 1 ⁽¹⁾	44,295.06	44,514.09	35,490.90	19,133.90
2. Stage 2 ⁽²⁾	4,771.40	1,288.18	1,176.22	604.82
3. Stage 3 ⁽³⁾	1,112.05	468.08	535.40	454.05
4. Total Gross Carrying Amount - Loans	50,178.51	46,270.35	37,202.52	20,192.77

9. Stage 1 (9=1-5)	44,031.79	44,060.53	35,354.40	19,093.60
10. Stage 2 (10=2-6)	4,191.52	1,132.66	1,112.09	584.69
11. Stage 3 (11=3-7)	798.77	328.22	398.67	387.85
12. Total Net Carrying Amount - Loans (12=4-8)	49,022.09	45,521.41	36,865.16	20,066.14
13. Ratio of Total ECL Allowance Loans to Total Gross Carrying Amount (13=8/4*100)	2.30%	1.62%	0.91%	0.63%

Note: For further details, see “Risk Factors – We may be unable to maintain the quality of our loan portfolio or manage the growing loan portfolio which may result in significantly larger NPAs and provisions.” and “Management's Discussion and Analysis of Financial Condition and Results of Operations – Significant Factors Affecting our Financial Condition and Results of Operations – Credit quality and provisioning” on pages 32 and 355, respectively.

- (1) Stage 1 Loans refers to less than 30 Day Past Due (“DPD”) accounts other than restructured less than 30 DPD accounts and NPA less than 30 DPD accounts.
- (2) Stage 2 Loans refers to 30 to 59 DPD, 60-89 DPD and all loans, restructured under the Resolution Framework, which allowed a one-time restructuring of loans impacted by COVID-19 pandemic, which are Stage 2 or below as per DPD.
- (3) Stage 3 Loans refers to Stage 3 Loans assets under our Gross Loan Book as of the last day of the relevant period, or closing balance of Gross Loan Book, which are Non-Performing Assets as defined in the master circular dated July 1, 2015 “Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances” issued by RBI, as amended.
- (4) As on September 30, 2021, our Company has considered all loans restructured under the Resolution Framework as an indicator of significant increase in credit risk and accordingly classified such loans as Stage 2, including 69 loans which have an outstanding amount of ₹ 177.90 million and were overdue for 90 days or more on the date of restructuring. Notwithstanding this, in respect of these 69 loans, ECL provision applicable to Stage 3 has been applied.

Productivity Ratios – Overall

The following table sets forth, for the periods indicated, certain productivity ratios for our Company:

	As of and for the six months ended September 30	As of and for Fiscal		
	2021	2021	2020	2019
Number of branches ⁽¹⁾	463	359	303	149
Number of on-roll employees ⁽²⁾	2,658	2,125	1,890	964
AUM per branch ⁽³⁾ (₹ in million)	113.32	135.44	126.67	135.52
AUM per employee ⁽⁴⁾ (₹ in million)	19.74	22.88	20.31	20.95
Disbursement per branch ⁽⁵⁾ (₹ in million)	65.81	164.17	144.54	132.12
Disbursement per branch per month ⁽⁶⁾ (₹ in million)	10.97	13.68	12.04	11.01
Disbursement per employee ⁽⁷⁾ (₹ in million)	11.46	27.73	23.17	20.42

- (1) Number of branches represents aggregate number of branches/business locations of our Company as of the last day of relevant period.
- (2) Number of on-roll employees represents aggregate number of employees of our Company as of the last day of relevant period.
- (3) AUM per branch represents AUM as of last day of the relevant period divided by number of branches.
- (4) AUM per employee represents AUM as of the last day of the relevant period divided by number of on roll employees.
- (5) Disbursement per branch represents disbursements in the relevant period divided by number of branches.
- (6) Disbursement per employee represents disbursements in the relevant period divided by number of on roll employees.
- (7) Live Accounts per branch represents live accounts as of the last day of the relevant period divided by number of branches.

Productivity Ratios – Retail Installment Loans

The following table sets forth, for the periods indicated, certain productivity ratios for our retail installment loans. Retail installment loans includes all our loan products excluding gold loans, construction finance and structured finance for our Company:

Productivity Ratios – Retail Installment Loans	As of and for the six months ended September 30	As of and for Fiscal		
	2021	2021	2020	2019
Number of branches ⁽¹⁾	106	62	57	16
Number of on-roll employees ⁽²⁾	618	448	428	158
Number of branch with Vintage >=36 Months	19	14	11	10
Number of branch with Vintage <36 month and >=24 Months	8	4	3	0
Number of branch with Vintage< 24 months >=12 Months	32	39	4	3
Number of branch with Vintage <=12 Months	47	5	39	3
AUM per branch with Vintage >=36 Months	1,234.27	1,495.16	1,614.48	950.95
AUM per branch with Vintage <36 month and >=24 Months	307.45	640.74	198.09	NA
AUM per branch with Vintage< 24 months >=12 Months	90.93	74.85	592.19	95.81
AUM per branch with Vintage <=12 Months	11.02	14.11	30.81	547.73
AUM per branch ⁽³⁾ (₹ in million)	276.78	427.18	384.63	715.01
AUM per employee ⁽⁴⁾ (₹ in million)	47.47	59.12	51.22	72.41
Disbursement per branch per month ⁽⁵⁾ (₹ in million)	9.44	10.00	18.93	32.94
Disbursal per branch per month with Vintage >=36 Months (₹ in million)	25.64	29.24	76.68	45.07
Disbursal per branch per month with Vintage <36 month and >=24 Months (₹ in million)	10.77	13.22	10.56	NA
Disbursal per branch per month with Vintage< 24 months >=12 Months (₹ in million)	10.09	3.87	22.15	7.27
Disbursal per branch per month with Vintage <=12 Months (₹ in million)	2.21	1.33	2.95	18.17
Disbursement per month per employee ⁽⁷⁾ (₹ in million)	1.62	1.38	2.52	3.34

(1) Number of branches represents aggregate number of branches/business locations of our Company as of the last day of relevant period, excluding dedicated gold loan branches.

(2) Number of on-roll employees represents aggregate number of employees of our retail instalment loan business division, as of the last day of relevant period.

(3) AUM per branch represents AUM as of last day of the relevant period divided by number of branches.

(4) AUM per employee represents AUM as of the last day of the relevant period divided by number of on roll employees.

(5) Disbursement per branch represents disbursements in the relevant period divided by number of branches.

(6) Disbursement per employee represents disbursements in the relevant period divided by number of on roll employees.

Productivity Ratios – Small Ticket LAP and Housing Finance

The following table sets forth, for the periods indicated, certain productivity ratios for our loans against property. Loans against property include loans against residential property, loans against commercial property and construction finance, excluding gold loans for our Company:

Productivity Ratios – Small Ticket LAP and Housing Finance	As of and for the six months ended September 30	As of and for Fiscal		
	2021	2021	2020	2019
Number of branches ⁽¹⁾	106	62	57	16

Number of branch with Vintage >=36 Months	19	14	11	10
Number of branch with Vintage <36 month and >=24 Months	8	4	3	0
Number of branch with Vintage< 24 months >=12 Months	32	39	4	3
Number of branch with Vintage <=12 Months	47	5	39	3
AUM per branch with Vintage >=36 Months	285.22	330.47	363.95	267.64
AUM per branch with Vintage <36 month and >=24 Months	149.64	284.85	184.87	NA
AUM per branch with Vintage< 24 months >=12 Months	85.99	60.14	266.79	87.43
AUM per branch with Vintage <=12 Months	11.02	14.11	26.38	189.89
AUM per branch ⁽³⁾ (₹ in million)	93.26	131.97	116.74	219.27
AUM per employee ⁽⁴⁾ (₹ in million)	19.93	25.25	21.96	29.99
Disbursement per branch per month ⁽⁵⁾ (₹ in million)	3.90	2.83	5.41	14.77
Disbursal per branch with Vintage >=36 Months (₹ in million)	3.05	2.60	12.58	17.13
Disbursal per branch with Vintage <36 month and >=24 Months (₹ in million)	6.36	3.25	9.45	NA

Productivity Ratios – Small Ticket LAP and Housing Finance	As of and for the six months ended September 30	As of and for Fiscal		
	2021	2021	2020	2019
Disbursal per branch with Vintage < 24 months >=12 Months (₹ in million)	6.27	3.06	11.49	6.56
Disbursal per branch with Vintage <=12 Months (₹ in million)	2.21	1.33	2.45	15.10
Disbursement per month per employee ⁽⁶⁾ (₹ in million)	0.83	0.54	1.02	2.02

- (1) Number of branches represents aggregate number of branches/business locations of our Company offering the defined product as of the last day of relevant period.
- (2) Number of on-roll employees represents aggregate number of employees of our Small Ticket LAP business as of the last day of relevant period.
- (3) AUM per branch represents AUM as of last day of the relevant period divided by number of branches.
- (4) AUM per employee represents AUM as of the last day of the relevant period divided by number of on roll employees.
- (5) Disbursement per branch represents disbursements in the relevant period divided by number of branches.
- (6) Disbursement per employee represents disbursements in the relevant period divided by number of on roll employees.

Productivity Ratios – Gold Loan

The following table sets forth, for the periods indicated, certain productivity ratios for gold loans provided by our Company (excluding all other loans):

Productivity Ratios – Gold Loan	As of and for the six months ended September 30	As of and for Fiscal		
	2021	2021	2020	2019
Number of branches ⁽¹⁾	361	301	250	137
Number of on-roll employees ⁽²⁾	1,574	1,236	964	475
Number of Customer registered on Digital Platforms	73,780	22,888	NA	NA
Digitally Active Customers as % of total live (gold loan) customers	58.18%	20.93%	NA	NA
AUM per branch ⁽³⁾ (₹ in million)	59.08	63.71	41.82	33.14
AUM per employee ⁽⁴⁾ (₹ in million)	13.55	15.52	10.84	9.56
Number of branch with Vintage >=36 Months	113	111	96	95
Number of branch with Vintage <36 month and >=24 Months	86	26	15	1
Number of branch with Vintage < 24 months >=12 Months	74	113	26	15
Number of branch with Vintage <=12 Months	88	51	113	26
AUM per branch with Vintage >=36 Months (₹ in million)	73.23	73.09	56.73	40.47
AUM per branch with Vintage <36 month and >=24 Months (₹ in million)	71.93	69.79	29.46	32.44
AUM per branch with Vintage < 24 months >=12 Months (₹ in million)	64.20	64.49	45.51	17.11
AUM per branch with Vintage <=12 Months (₹ in million)	24.07	38.48	29.94	15.66
Disbursement per branch per month ⁽⁵⁾ (₹ in million)	11.29	14.21	8.82	6.64
Disbursement per employee per month ⁽⁶⁾ (₹ in million)	2.59	3.46	2.29	1.92
Gold Stock Per Branch (Kgs)	17.96	19.13	16.51	15.55
Total Gold Stock (Tonnes)	6.48	5.76	4.13	2.16

- (1) Number of branches represents aggregate number of gold loan branches of our Company as of the last day of relevant period.
- (2) Number of on-roll employees represents aggregate number of employees of our Company as of the last day of relevant period.
- (3) AUM per branch represents AUM as of last day of the relevant period divided by number of branches.
- (4) AUM per employee represents AUM as of the last day of the relevant period divided by number of on roll employees.
- (5) Disbursement per branch represents disbursements in the relevant period divided by number of branches.
- (6) Disbursement per employee represents disbursements in the relevant period divided by number of on roll employees.

INDEPENDENT AUDITOR'S EXAMINATION REPORT ON RESTATED FINANCIAL INFORMATION

The Board of Directors
Fedbank Financial Services Limited
Kanakia Wall Street
Andheri Kurla Road
Andheri (East)
Mumbai – 400093

Dear Sirs,

1. We have examined the attached Restated Financial Information of Fedbank Financial Services Limited (the “Company”), comprising the Restated Statement of Assets and Liabilities as at 30 September 2021, 31 March 2021, 31 March 2020 and 31 March 2019, the Restated Statement of Profit and Loss (including other comprehensive income), the Restated Statement of Changes in Equity, the Restated Cash Flow Statement for the six month period ended 30 September, 2021 and for the years ended 31 March 2021, 2020 and 2019, the Summary Statement of Significant Accounting Policies, and other explanatory information (collectively, the “Restated Financial Information”), as approved by the Board of Directors of the Company at their meeting held on 7 February 2022 for the purpose of inclusion in the Draft Red Herring Prospectus (“DRHP”) prepared by the Company in connection with the Issuer’s proposed Initial Public Offer of equity shares (“IPO”) prepared in terms of the requirements of:
 - a) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the “Act”);
 - b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (“ICDR Regulations”); and
 - c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (“ICAI”), as amended from time to time (the “Guidance Note”).
2. The Company’s Board of Directors is responsible for the preparation of the Restated Financial Information for the purpose of inclusion in the DRHP to be filed with Securities and Exchange Board of India (“SEBI”) and relevant stock exchanges where the equity shares of the Company are proposed to be listed, in connection with the proposed IPO. The Restated Financial Information have been prepared by the management of the Company on the basis of preparation stated in note 2.1 to the Restated Financial Information. The Board of Directors of the Company responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Financial Information. The Board of Directors are also responsible for identifying and ensuring that the Company complies with the Act, ICDR Regulations and the Guidance Note.

3. We have examined such Restated Financial Information taking into consideration:
 - a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated 21 January 2022 in connection with the proposed IPO of equity shares of the Company.
 - b) The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Financial Information; and
 - d) The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the IPO.
4. These Restated Financial Information have been compiled by the management from:
 - a) Audited special purpose interim Ind AS financial statements as at and for the six month period ended 30 September 2021 prepared in accordance with Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India (the "Special Purpose Interim Ind AS Financial Statements") which have been approved by the Board of Directors at their meeting held on 22 November 2021.
 - b) Audited Ind AS financial statements of the Company as at and for the year ended 31 March 2021, which were prepared in accordance with the Indian Accounting Standard (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 12 May 2021.
 - c) Audited Ind AS financial statements of the Company as at and for the year ended 31 March 2020, which were prepared in accordance with the Indian Accounting Standard (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 29 June 2020.
 - d) Audited special purpose Ind AS financial statements of the Company as at and for the year ended March 31, 2019, which were prepared in accordance with the Indian Accounting Standard (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 7 February 2022.
5. For the purpose of our examination, we have relied on:
 - a) Auditors' Report issued by us dated 22 November 2021 on the special purpose financial statements of the Company as at and for the six months period ended 30 September 2021 as referred in Paragraph [4] above; and

- b) Auditors' Reports issued by the Previous Auditors dated 12 May 2021, 29 June 2020 and 7 February 2022 on the financial statements of the Company as at and for the years ended 31 March 2021, 2020 and 2019, as referred in Paragraph [4] above.

The audits for the financial years ended 31 March 2021, 2020 and 2019 were conducted by the Company's previous auditors, [Varma & Varma Chartered Accountants], (the "Previous Auditors"), and accordingly reliance has been placed on the Restated Statement of Assets and Liabilities and the Restated Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Cash Flow Statement, the Summary Statement of Significant Accounting Policies, and other explanatory information (hereinafter collectively referred as the "2021, 2020 and 2019 Restated Financial Information") examined by them for the said years. The examination report included for the said years is based solely on the examination report dated 7 February 2022 submitted by the Previous Auditors. They have also confirmed that the 2021, 2020 and 2019 Restated Financial Information:

- i. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial year ended 31 March 2021, 31 March 2020 and 31 March 2019 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the six months period ended 30 September 2021;
 - ii. does not contain any qualifications requiring adjustments, further the matter(s) giving rise to emphasis of matter paragraph and other matter paragraph mentioned in paragraph [6] below does not require any adjustments; and
 - iii. have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.
6. i. The Audit report on the financial statements as at and for the six months period ended 30 September 2021 issued by us, as referred in paragraph 4 above, contained the following Emphasis of Matters paragraphs (also refer note 48.31, 49 and 56 to the Restated Financial Information):
- a) As more fully described in Note 2-2.4 to the financial statements, the extent to which the Covid-19 pandemic will impact the Company's financial performance is dependent on future developments which are uncertain.
 - b) As more fully described in Note 49-49.02 to the special purpose financial statements, the Company has restructured borrower accounts in accordance with resolution framework for COVID-19 related stress announced by the RBI vide notification dated 6 August 2020 and 5 May 2021. Based on the terms of restructuring as per the resolution framework and management's credit evaluation, the Company has continued to classify such restructured account as non-impaired (under Ind AS 109, Financial Instrument) at 30 September 2021.
 - c) As more fully described in Note 59 to the special purpose financial statement, the Company is in the process of assessing the impact arising on account of the RBI notification RBI/2021-2022/125DOR.STR.REC.68/ 21.04. 048/2021-22 dated 12 November 2021. The Company has concluded that the notification is applicable prospectively and is a non-adjusting subsequent event.

d) **Basis of Preparation and Restrictions on Distribution and Use**

We draw attention to Note 2-2.1 to the special purpose financial statements, which describe the basis of preparation. The special purpose financial statements have been prepared in accordance with Indian Accounting Standards ('Ind-AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act, except that they do not contain comparative information and related disclosures and explanatory notes that would otherwise be required for a complete set of financial statements.

The special purpose financial statements are prepared pursuant to the requirement to prepare the Restated Financial Information, which will be included in the Draft Red Herring Prospectus and Prospectus in connection with the proposed issuance of equity shares of the Company by way of fresh issue of and/or offer for sale by the existing shareholders by way of initial public offer. As a result, the special purpose financial statements may not be suitable for another purpose. Our report is intended solely for the Company and should not be distributed to or used by parties other than the Company.

Our opinion is not modified in respect of above matters.

ii. The examination report on the restated financial information as at and for the year ended 31 March 2021, March 2020 and March 2019 issued by the previous auditor dated 7 February 2022, as referred in paragraph 5 above, contained the following Emphasis of Matters paragraph:

For the year ended 31 March 2021

We draw attention to Note 47.28 to the financial statements, which describe the extent to which the COVID-19 Pandemic will impact the Company's financial performance will depend on future developments, which are highly uncertain. The financial statements do not include any adjustments that might result from the outcome of this uncertainty except to the extent stated in the said note.

Our opinion is not modified in respect of this matter.

For the year ended 31 March 2020

We draw attention to Note 48.28 to the financial statements, which describes that the extent to which the COVID-19 Pandemic will impact the company's financial performance will depend on future developments, which are highly uncertain. The financial statements do not include any adjustments that might result from the outcome of this uncertainty except to the extent stated in the said note.

Our Opinion is not modified in respect of this matter.

For the year ended 31 March 2019

Basis of Preparation and Restrictions on Distribution and Use

We draw attention to Note 2.1 to the special purpose financial statements, which describe the basis of preparation. The special purpose financial statements have been prepared in accordance with Indian Accounting Standards ('Ind-AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act, except that they do not contain comparative information and related disclosures and explanatory notes that would otherwise be required for a complete set of financial statements.

The special purpose financial statements are prepared pursuant to the requirement to prepare the Restated Financial Information, which will be included in the Draft Red Herring Prospectus in connection with the proposed IPO. As a result, the special purpose financial statements may not be suitable for another purpose. Our report on the special purpose financial statements is intended solely for the Company and should not be distributed to or used by parties other than the Company.

Our opinion is not modified in respect of above matter.

iii. The examination report on the restated financial information as at and for the year ended 31 March 2021, March 2020 and March 2019 issued by the previous auditor dated 7 February 2022, as referred in paragraph 5 above, contained the following Other Matter paragraph:

For the year ended 31 March 2021

During the current financial year, Non-Convertible Debentures (Debt) issued by the company by private placement were listed on the Bombay Stock Exchange. However, as per the amendment to Section 2 (52) of the Companies Act, 2013 and insertion of Rule 2A in the Companies (Specification of Definitions Details) Rules, 2014, companies that have issued non-convertible debt securities issued on private placement basis in terms of SEBI (Issue and Listing of Debt Securities) Regulations, 2008 are not considered as Listed Companies. Accordingly, Standard on Auditing (SA) 701 - Communicating Key Audit Matters in the Independent Auditor's Report - is not considered applicable and hence not reported.

Our Opinion is not modified in respect of this matter.

7. Based on our examination and according to the information and explanations given to us and also as per the reliance placed on the examination report submitted by the Previous Auditors, we report that the Restated Financial Information:
 - a) have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial years ended 31 March 2021, 31 March 2020 and 31 March 2019 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the six months period ended 30 September 2021;
 - b) does not contain any qualifications requiring adjustments, further the matter(s) giving rise to emphasis of matter paragraph and other matter paragraph mentioned in paragraph [6] above does not require any adjustments; and
 - c) have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.
8. The Restated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the special purpose interim Ind AS financial statements and audited financial statements mentioned in paragraph [4] above.
9. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us or the Previous Auditors, nor should this report be construed as a new opinion on any of the financial statements referred to herein.
10. We have no responsibility to update our report for events and circumstances occurring after the date of the report.

11. Our report is intended solely for use of the Board of Directors for inclusion in the DRHP to be filed with Securities and Exchange Board of India and relevant stock exchanges in connection with the proposed IPO where the equity shares of the Company are proposed to be listed. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

1. Corporate information

Fedbank Financial Services Limited ('the Company') is a Public Limited Company incorporated on 17 April, 1995 in India and is a subsidiary of The Federal Bank Limited. Its registered office is located in Mumbai. The Company is in the business of lending and has a diversified lending portfolio consisting of Gold Loans, Loan against Property, Home Loans, SME Loans and Wholesale Finance. The Company also extends Micro Loans through tie ups. The Company is registered with the Reserve Bank of India as a Non-Banking Finance Company (NBFC) vide Registration No 16.00187 and is presently categorized as a Systemically Important Non-Deposit taking Non-Banking Financial Company (NBFC-ND-SI) in accordance with the guidelines of Reserve Bank of India.

2. Basis of preparation and presentation of Restated Financial Information

2.1 Basis of preparation of Restated Financial Information

The Restated Statement of Assets and Liabilities of the Company as at September 30, 2021, March 31, 2021, March 31, 2020 and March 31, 2019 and the Restated Statement of Profit and Loss (including Other Comprehensive Income), the Restated Statement of Changes in Equity and the Restated Statement of Cash Flows for the half year ended September 30, 2021 and year ended March 31, 2021, March 31, 2020 & March 31, 2019 and the Summary of Significant Accounting policies and other explanatory notes to Restated Financial Information (together referred to as "Restated Financial Information") have been prepared under the Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act, 2013 and other relevant provisions of the Act as amended from time and time.

The Restated Financial Information have been approved by the Board of Directors on February 07, 2022.

These Restated Financial Information have been prepared by the management of the Company for the purpose of inclusion in the draft red herring prospectus (the "DRHP" or the "Offer Document") prepared by the Company in connection with its proposed Initial Public Offer ("IPO") in terms of the requirements of:

- (i) Section 26 of Chapter III of the Act;
- (ii) relevant provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, issued by the Securities and Exchange Board of India ('SEBI'), as amended ("ICDR Regulations"); and
- (iii) Guidance Note on Reports in Company Prospectus (Revised 2019) issued by the Institute of Chartered Accountants of India ('ICAI')(the "Guidance Note")

These Restated Financial Information have been compiled from

- (i) Audited special purpose interim Ind AS financial statements as at and for the six month period ended 30 September 2021 prepared in accordance with Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India (the "Special Purpose Interim Ind AS Financial Statements") which have been approved by the Board of Directors at their meeting held on 22 November 2021.
- (ii) Audited Ind AS financial statements of the Company as at and for the years ended 31 March 2021, 31 March 2020 prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 12 May 2021 and 29 June 2020.
- (iii) Audited special purpose financial statements of the Company as at and for the year ended March 31, 2019, which were prepared in accordance with the Indian Accounting Standard (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 7 February, 2022.

As specified in the ICDR Regulations, these restated financial information have been prepared having regard to the requirements of Ind AS 8 on Accounting Policies, Changes in Accounting Estimates and Errors, regarding the manner of adjustments and disclosures of matters dealt with therein. Estimation involves judgements based on the latest available, reliable information. Changes in estimates result from new information or new developments which are continuously evolving and accordingly, are not corrections of errors. Changes in Estimates, if any, are not restated, as they are events of that corresponding year.

Since there are no differences in the Equity and Profit (Loss) as per the Audited Financial Statements and the restated financial information, no reconciliation is furnished in these restated financial statements.

These Restated Financial Information has been prepared by the Management from the Audited Financial Statements for respective half year/ years and

- (a) there were no changes in accounting policies during the years of these financial statements;
- (b) there were no material amounts which have been adjusted for in arriving at profit/ loss of the respective years / period and
- (c) there were no material adjustments for reclassification of the corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the groupings as per the Audited Financial Statements of the Company and the requirements of the SEBI Regulations;

In the month of October 2019, Guidance note on Division III - Schedule III to the Companies Act, 2013 was issued by the ICAI which was applicable to the Company for preparation and presentation of its financial statements for the year ended March 31, 2020. The adoption of the said guidance note does not impact recognition and measurement principles followed for preparation of the financial statements. However, it has significant impact on presentation and disclosures made in the financial statements. It may be noted that in preparing and presenting the audited financial statements for the year ended March 31, 2020, the Company had reclassified the comparative figures for the financial year ended March 31, 2019 in accordance with the requirements of the Guidance note.

Division III- Schedule III to the Companies Act, 2013 has been further amended vide the Government Notification dated March 24, 2021 to include certain additional presentation and disclosures requirements and changes to some of the existing requirements. These changes needs to be applied in preparation of financial statements for the financial year commencing on or after April 1, 2021. Accordingly this restated financial information has been prepared based on the above requirements. The adoption of the said amendment does not impact recognition and measurement principles followed for preparation of the financial statements.

2.2 Presentation of Restated Financial Information

The Restated Statement of Assets and Liabilities, the Restated Statement of Profit and Loss, the Restated Statement of Changes in Equity, are presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non Banking Financial Companies ('NBFC') that are required to comply with Ind AS. The Restated Statement of Cash Flows has been presented as per the requirements of Ind AS 7 - Statement of Cash Flows. The Company presents its Restated Statement of Assets and Liabilities in order of liquidity.

Financial assets and financial liabilities are generally reported on a gross basis in the Restated Statement of Assets and Liabilities. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis.

2.3 Functional and presentation currency

These Restated Financial Information are presented in Indian Rupees ('₹' or INR or Rs.) which is also the Company's functional currency. All amounts are rounded-off to the nearest millions, unless otherwise indicated.

2.4 Basis of measurement

These Restated Financial Information have been prepared under the historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- a) fair value through other comprehensive income (FVOCI) instruments,
- b) financial assets and liabilities designated at fair value through profit or loss (FVTPL),
- c) derivative financial instruments,
- d) other financial assets held for trading.

2.5 Critical accounting estimates and judgments

The preparation of the Restated Financial Information requires management to make use of estimates and judgements. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those on which the Management's estimates are based. Accounting estimates and judgements that are used for various line items in the Restated financial Information are as follows:

Effective Interest Rate (EIR) Method:

The Company recognizes interest income /expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instrument.

Contingencies:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

Useful lives of property, plant and equipment and Intangible assets:

Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Company's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

Defined employee benefit obligation:

The cost of post-employment benefits is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rates, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation technique that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Business model assessment

Classification and measurement of financial assets depends on the results of the solely payment of principal and interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Income taxes

Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment.

Expected credit losses on financial assets

The impairment provisions of financial assets and contract assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

Estimation of impairment allowance on financial assets affected by COVID-19 pandemic

The Covid-19 pandemic has impacted most countries including India. The nationwide lockdown initiated by the Government of India in April-May 2020 substantially impacted economic activity. The easing of lockdown measures subsequently led to gradual improvement in economic activity and progress towards normalcy. RBI took various regulatory measures like moratorium on payment of dues, relief towards "Interest on interest" charged during March-August 2020 and allowing onetime restructuring to eligible borrowers (OTR).

Further the second wave of COVID-19 pandemic in April-May 2021 led to re- imposition of localised /regional lockdown in various parts of the country, which led to substantial impact on economic activities. The second wave subsided from June 2021 onwards and there has been gradual lifting of lock downs and increase in economic activities. However the uncertainty around the third wave of Covid-19 pandemic in future and its impact on the economic activities are not known. Accordingly, the Company's results remain uncertain and dependent on future developments and actuals may differ from the estimates used in the preparation of Restated Financial Information on the reporting date.

Estimates and associated assumptions used for determining the impairment allowance on the Company's financial assets, are based on historical experience and other emerging factors emanating from the COVID-19 pandemic which may also influence the expected credit loss. The Company has used One Time Restructuring (OTR) scheme under the RBI resolution frame-work 1.0 and 2.0 and repayment moratorium on loans as early indicators suggesting higher flow rates and probability of default and accordingly accounted for commensurate expected credit loss. The Company believes that the factors considered are reasonable under the current circumstances and information available. However, the uncertainty caused by resurgence of the COVID-19 pandemic and related events could further influence the estimate of credit losses.

Leases

Ind AS 116 defines a lease term as the non-cancellable period for which the lessee has the right to use an underlying asset including optional periods, when an entity is reasonably certain to exercise an option to extend (or not to terminate) a lease. The Company considers all relevant facts and circumstances that create an economic incentive for the lessee to exercise the option when determining the lease term. The option to extend the lease term are included in the lease term, if it is reasonably certain that the lessee will exercise the option. The Company reassesses the option when significant events or changes in circumstances occur that are within the control of the lessee.

3. Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these Restated Financial Information.

3.1 Measurement of fair values

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the changes have occurred.

3.2 Revenue Recognition

Interest income

Interest income is recognized in Statement of profit and loss using the effective interest rate (EIR) method for all financial instruments which are measured either at amortised cost or at fair value through other comprehensive income. The EIR is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial instrument or, when appropriate, a shorter period.

The EIR is calculated by taking into account any discount or premium on acquisition, fees and transaction costs that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is accounted as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through interest income in the Statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. When a financial asset becomes credit-impaired and is therefore regarded as 'Stage 3', the Company calculates interest income by applying the EIR to the net amortised cost of the financial asset. If the financial asset cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

Interest income on all trading assets and financial assets, if any, required to be measured at FVTPL is recognized using the contractual interest rate as net gain on fair value changes.

Fee, commission and distribution income

The Company recognizes revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a assessment model as set out in Ind AS 115 'Revenue from contracts with customers'. Revenue from contract with customer for rendering services is recognized at a point in time when performance obligation is satisfied.

Fees and commission income are measured at an amount that reflects the fair value of the consideration received or receivable, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognized on successful sales on behalf of other entities subject to there being no significant uncertainty of its recovery.

Dividend and interest income on investments:

Dividends are recognized in Statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

Interest income from investments is recognized when it is certain that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Net gain on fair value changes

The Company recognises gains on fair value change of financial assets measured at FVTPL and realised gains on derecognition of financial asset measured at FVTPL and FVOCI on net basis.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of profit and loss.

Income from direct assignment

Gains arising out of direct assignment transactions comprise of the difference between the interest on the loan portfolio and the applicable rate at which the direct assignment is entered into with the assignee, also known as the right of excess interest spread (EIS). The future EIS basis the scheduled behavioral cash flows on execution of the transaction, discounted at the applicable rate entered into with the assignee is recorded upfront in the statement of profit and loss. EIS is evaluated and adjusted for ECL and expected prepayment.

Other income and expenses

All other income and expense are recognized in the period in which they occur.

3.3 Property plant and equipments

Property, plant and equipment ("PPE") are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes after deducting trade discount and rebates, any directly attributable cost incidental to acquisition and installation, up to the point the asset is ready for its intended use.

Advances paid towards the acquisition of PPE outstanding at each reporting date are shown under other non-financial asset. Assets acquired but not ready for intended use or assets under construction at the reporting date are classified under capital work in progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognized as a separate asset only if the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Depreciation

Depreciation on property, plant and equipment is provided on straight-line method in case of Computer Equipment & Server and on Written Down Value (WDV) method in case of Office Equipment, Furniture & fixtures & Vehicles. Depreciation is charged over the useful lives of assets as prescribed under Schedule II of the Companies Act 2013.

The estimated useful lives used for computation of depreciation are as follows:

	Useful Life (in years)
Computer equipment	3
Server	6
Office equipment	5
Furniture and fixtures	10
Vehicles	8

Leasehold improvements are amortized over the period of the lease.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortization period or methodology, as appropriate, and treated as changes in accounting estimates.

PPE is derecognized on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognized in other income / netted off from any loss on disposal in the Statement of profit and loss in the year the asset is derecognized. Assets held for sale or disposals are stated at the lower of their net book value and net realisable value.

3.4 Intangible Assets

An intangible asset is recognized only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Subsequent expenditure related to the asset is added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably.

Intangible assets comprise of software which is amortized using the straight-line method over a period of three years commencing from the date on which such asset is first recognized.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

3.5 Foreign exchange transactions & translations**a) Initial recognition**

Transactions in foreign currencies are recognised at the prevailing exchange rates between the reporting currency and a foreign currency on the transaction date.

b) Conversion

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in Statement of profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of profit and loss on a net basis.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. Thus, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income.

Non-monetary items that are measured at historical cost in foreign currency are not retranslated at reporting date.

3.6 Financial instruments**a) Initial recognition and measurement:**

Financial assets and liabilities are recognised when the company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liabilities. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in Statement of Profit and Loss.

b) Initial classification and subsequent measurement of financial assets:

The Company classifies its financial assets into various measurement categories. The classification depends on the contractual terms of the financial assets' cash flows and Company's business model for managing financial assets. On initial recognition, a financial asset is classified as measured at:

- Amortised cost;
- Fair Value through Other Comprehensive Income (FVOCI) - debt instruments;
- FVOCI - equity instruments;
- Fair Value Through Profit and Loss (FVTPL)

Amortised cost

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. These financial assets comprise bank balances, loans, trade receivables and other financial instruments.

Debt instruments measured at amortized cost where they have:

- a) contractual terms that give rise to cash flows on specified dates, that represent solely payment of principal and interest (SPPI) on the principal amount outstanding; and
- b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

These financial assets are subsequently measured at amortized cost using effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment provision are recognized in Statement of profit and loss. Any gain and loss on derecognition are recognized in Statement of profit and loss.

FVOCI - debt instruments

The Company measures its debt instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset meet the SPPI test.

Debt investment at FVOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment provision are recognized in Statement of profit and loss. Other net gains and losses are recognized in other comprehensive income (OCI). On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

FVOCI - equity instruments

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI.

These elected investments are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognized in Statement of profit and loss.

FVTPL

A financial asset which is not classified in any of the above categories are measured at FVTPL. This includes all derivative financial assets.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognized in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in Statement of profit and loss.

c) Initial classification and subsequent measurement of financial liabilities and equity instruments:

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognized at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for trading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

d) Reclassification of financial assets and liabilities:

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets. Financial liabilities are never reclassified.

e) Derecognition of financial assets and liabilities:**Financial assets**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

A financial liability is derecognised when the obligation in respect of the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the financial liability and the consideration paid is recognised in Statement of profit and loss.

f) Write-offs

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any subsequent recoveries made are recognized in Statement of Profit and Loss.

g) Offsetting:

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously. The legally enforceable right is not contingent on future events and enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

h) Restructured, rescheduled and modified loans

Restructured loans (other than OTR) where repayment terms are renegotiated as compared to the original contracted terms due to significant credit distress of the borrower are classified as credit impaired. Such loans continue to be in stage 3 until they exhibit regular payment of renegotiated principal and interest over a minimum observation of period, typically 12 months- post renegotiation, and there are no other indicators of impairment. Having satisfied the conditions of timely payment over the observation period these loans could be transferred to stage 1 or 2 and a fresh assessment of the risk of default be done for such loans.

For loans restructured under the RBI Resolution Framework (OTR), the Company, basis credit assessment, the terms of restructuring, repayment behavior of borrowers and other qualitative factors, has considered all loans restructured as an early indicator of significant increase in credit risk and accordingly classified such loans as Stage 2.

i) Derivatives and hedging activity

The Company uses derivative contracts like cross currency interest rate swaps, forward contracts, to hedge its risk associated with foreign currency and interest rate fluctuation relating to foreign currency floating rate borrowings. Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated.

The Company designates derivatives as either (i) hedges of the fair value of recognised assets or liabilities (fair value changes) or (ii) hedges of a particular risk associated with the cash flows of recognised assets and liabilities (cash flow hedges). The Company has designated the cross-currency interest rate swap as a cash flow hedge for changes in both interest rate and foreign exchange rates.

At the inception of the hedge relationship, the Company documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in cash flow hedging reserve within equity. The gain or loss relating to the ineffective portion is recognized immediately in profit or loss, within other gains/(losses).

Amounts previously recognised in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognized hedged item. However, when the hedged forecast transaction results in the recognition of a nonfinancial asset or a non-financial liability, such gains and losses are transferred from equity (but not as a reclassification adjustment) and are included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognized in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is reclassified immediately in profit or loss.

Fair value hedges that qualify for hedge accounting

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in profit or loss in the line item relating to the hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

j) Impairment of financial assets

Overview of the Expected Credit Loss (ECL) allowance principles:

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on loans measured at amortised cost and FVOCI and other debt financial assets not held at FVTPL.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is calculated to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

The Company performs an assessment, at the end of each reporting period, of whether a financial assets credit risk has increased significantly since initial recognition. When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information.

Estimation of Expected Credit Loss (ECL):

The Company calculates ECLs based on a probability-weighted scenarios and historical data to measure the expected cash shortfalls. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of default (PD): The Probability of Default is an estimate of the likelihood of default over a given time horizon. The Company uses historical information where available to determine PD.

Exposure of default (ED): The Exposure at Default is an estimate of the exposure at a default date.

Loss Given default (LGD): The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral.

Forward looking information: While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Based on the above process, the Company categorizes its loans into three stages as described below:

Stage 1: When loans are first recognised, the Company recognises an allowance based on 12 months ECL. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. These expected 12-month default probabilities are applied to an EAD and multiplied by the expected LGD. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2 or Stage 3.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the company records an allowance for the life time ECL. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

Stage 3: Financial assets are classified as stage 3 when there is objective evidence of impairment as result of one or more loss events that have occurred after the initial recognition. The Company records an allowance for the life time ECL. The method is similar to that for Stage 2 assets, with the PD set at 100%.

The Company has considered additional ECL provision by applying management overlays to model derived PDs and LGDs for certain pool of loans where it believes that there is a need for further adjustments given the uncertainty on forward looking risks.

k) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 - Financial Instruments; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115 – Revenue from contracts with customers.

3.7 Impairment of assets other than financial assets

The Company reviews the carrying amounts of its tangible and intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or group of assets.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount such that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. The reversal of an impairment loss is recognised in Statement of profit and loss.

3.8 Employee benefits

a) Short-term employee benefits

All short-term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees and recognized as expenses in the Statement of profit and loss. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Defined contribution plan (provident fund and ESIC)

Retirement benefits in the form of provident fund and superannuation are defined contribution schemes. The Company has no obligation, other than the contribution payable to the respective funds. The Company recognizes contribution payable to the respective funds as expenditure, when an employee renders the related service.

c) Defined benefit plan (Gratuity)

Payment of gratuity to employees is covered by the defined benefit scheme and the company makes contribution under the said scheme.

The Company's liability towards gratuity scheme is determined by independent actuaries, using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Past services are recognised at the earlier of the plan amendment / curtailment and recognition of related restructuring costs/termination benefits.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of profit and loss.

Remeasurement gains/losses - Remeasurement of defined benefit plans, comprising of actuarial gains / losses, return on plan assets excluding interest income are recognised immediately in the balance sheet with corresponding debit or credit to Other Comprehensive Income (OCI). Remeasurements are not reclassified to Statement of profit and loss in the subsequent period.

d) Compensated Absences

The company has a scheme for compensated absences for employees, the liability of which is determined on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognized in full in the Statement of profit and loss for the period in which they occur.

3.9 Share-based payments

Equity-settled share-based payments to employees are recognized as an expense at the fair value of equity stock options at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the graded vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding adjustment in equity.

3.10 Finance costs

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at amortized cost. Financial instruments include subordinated debts, term loans and working capital loans from Banks, Financial Institutions and NBFCs and Commercial Papers. Finance costs are charged to the Statement of profit and loss.

3.11 Securities issue expenses

Expenses incurred in connection with fresh issue of share capital are adjusted against securities premium reserve.

3.12 Income taxes

Income tax expense comprises of current tax and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

a) Current tax:

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously

Current tax is recognised in statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively. The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate

b) Deferred tax:

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax. Liabilities and assets, and they relate to income taxes levied by the income tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

3.13 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, cheques and drafts on hand, balances with banks in current accounts, short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

3.14 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation.. Contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably.

Contingent assets are not recognized in the Restated Financial Information. However, it is disclosed only when an inflow of economic benefits is probable.

3.15 Leases

Ind AS 116 Leases was notified by MCA on 30 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. . On transition to Ind AS, the company has elected to adopt Ind AS 116 using the modified retrospective approach with effect from April 1, 2018 and hence comparative information has been reported under Ind AS 116.

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the Statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using incremental borrowing rate (because the implicit rate in the lease contracts is not available). The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less, and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The company as a lessor

Leases where the Company does not transfer substantially all of the risk and benefits of ownership of the asset are classified as operating leases. Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the Statement of profit and loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. When the company is an intermediate lessor it accounts, for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the company applies the exemption described above, then it classifies the sub-lease as an operating lease.

3.16 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equities shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

3.17 Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

3.18 Segment information

The Company is engaged in the business segment of Financing, whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated and to assess its performance, and for which discrete financial information is available. Operating segments of the Company are reported in a manner consistent with the internal reporting provided to the chief operating decision maker and accordingly the Company has classified its operations into three segments – Distribution (retail loan/insurance products), Retail Finance and Whole sale Finance. For presentation of segment information, directly attributable income and assets are allocated as such and the other income, expenses and other assets and liabilities are apportioned on appropriate basis.

At March 31, 2021 no options have been converted into equity shares.

24 Other components of Equity

24.1 Nature and purpose of reserves

a) General Reserve

The reserve is a distributable reserve maintained by the company out of transfers made from annual profits.

b) Statutory Reserve

Statutory Reserve represents the Reserve fund created under Section 45-IC of the Reserve Bank of India Act, 1934. During the current financial year an amount of INR 123.40 Millions (March 2020 : INR 78.30 Millions and March 2019 : INR 70.20 millions) has been transferred to the said reserve for the year

c) Securities Premium

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

d) Surplus in the statement of profit and loss

Surplus in the statement of profit and loss pertain to the Company's undistributed earnings after taxes

e) Impairment Reserve

Impairment Reserve is appropriated from net profit after tax when charge of impairment allowance is lower than the provisioning required under Income Recognition, Asset Classification and Provisioning (IRACP) norms prescribed by Reserve Bank of India (RBI)

f) Equity component of Compound Financial Instrument

This is equity component of compound financial instruments as per Ind AS 32 Financial Instruments: Presentation (refer to note 22(a)(iv) for details)

g) Other Comprehensive Income

Re-measurements of net defined benefit plan - It represents the cumulative actuarial gains/(losses) defined employee benefit plans.

h) Employee Stock Option outstanding

The Employee Stock Options outstanding represents amount of reserve created by recognition of compensation cost at grant date fair value on stock options vested but not exercised by employees and unvested stock options in the Statement of profit and loss in respect of share options granted to the eligible employees of the Company in pursuance of the Employee Stock Option Plan.

[Nominal value of shares Rs. 10 each for half year ended September 30, 2021 and for the financial year ended March 31, 2021, March 31, 2020 and March 31, 2019 Rs 10 each]]

37 Retirement benefit plans

Defined Contribution Plan		(INR in Millions)			
Particulars	For the half year ended Sep 30, 2021	Year ended March 31, 2021	Year ended March 31, 2020	Year ended March 31, 2019	
Provident Fund	36.90	58.50	44.50	19.40	
Employee State Insurance	2.40	4.50	3.70	2.90	
	39.30	63.00	48.20	22.30	

The company has contributed INR 4.20 millions during the half year ended September 30, 2021 and INR 6.90 millions during financial year ended March 31, 2021; INR 4.10 millions during the financial year ended March 31, 2020 and INR 10.40 millions during financial year ended March 31, 2019, towards Gratuity trust.

Defined Benefit Obligation and Compensated Absences

(1) Contribution to Gratuity fund (funded scheme)

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Gratuity Act, an employee who has completed five years of service is entitled to specific benefits. The level of benefits provided depends on the member's length of service, managerial grade and salary at retirement age. In accordance with Indian Accounting Standard 19, actuarial valuation was done in respect of the aforesaid defined benefit plan of gratuity based on the following assumptions:-

39 Capital Management

The Company's objectives when managing capital are to

- (1) safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (2) maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders.

The Company maintains its capital base to cover the risks inherent in the business and in meeting the capital adequacy requirements of the Reserve Bank of India (RBI) of India. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by Reserve Bank of India (RBI).

The Company has complied in full with all its externally imposed capital requirements over the reported period

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

39.1 Regulatory Capital

Particulars	As at Sep 30, 2021	As at March 31, 2021	As at March 31, 2020	As at March 31, 2019
CRAR (%)	25.63	23.52	17.89	21.61

CRAR - Tier II Capital (%)	5.38	6.42	0.36	0.19
Amount of subordinated debts raised as Tier II capital (INR in millions)	2,464.89	2,584.59	-	-
Amount raised by issue of perpetual debt instruments	-	-	-	-

40 Fair value measurement

40.1 Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the Indian Accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data

40.2 Financial assets and liabilities measured at amortised cost and fair value at each reporting date (Refer note 40.4 for valuation methodologies)

40.3 Valuation Techniques

Each class of financial assets/ liabilities	Techniques
Debt Securities	Fair value is estimated by a discounted cash flow model incorporating market interest rates and the company's own credit risk or based on market-observable data.
Security deposit	Fair values of security deposits are based on discounted cash flows using a discount rate determined considering Company's incremental borrowing rate.
Interest rates derivatives	Interest rate derivatives include interest rate swaps, cross currency interest rate swaps, basis swaps and interest rate forwards (FRAs). The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations by estimating future cash flows and discounting them with the appropriate yield curves incorporating funding costs relevant for the position.
Loans and advances	These have been valued at amortised cost (refer note 40.4 for methodologies used for valuation)
Other financial assets	These have been valued at amortised cost (refer note 40.4 for methodologies used for valuation)
Borrowings	These have been valued at amortised cost (refer note 40.4 for methodologies used for valuation)
Subordinated Liabilities	These have been valued at amortised cost (refer note 40.4 for methodologies used for valuation)
Other financial liabilities	These have been valued at amortised cost (refer note 40.4 for methodologies used for valuation)

40.4 Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purpose only. The below methodologies and assumptions relate only to instruments in the above tables and as such may differ from the techniques and assumptions explained in the notes.

(i) Short term and other financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months) and for other financial assets and other financial liabilities, the carrying amounts, net of impairment, if any, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, bank balances other than cash and cash equivalents, trade receivables, other receivables and trade payables.

(ii) Financial assets at amortised cost

The fair values of financial assets measured at amortised cost, estimated using discounted cash flow model based on contractual cash flows. The significant unobservable inputs are incremental borrowing rate incorporating the counterparties' credit risk

(iii) Debt securities, borrowings and subordinated liabilities

Fair value is estimated by a discounted cash flow model incorporating incremental borrowing rate and the Company's own credit risk. The fair value of the long term borrowings carrying floating-rate of interest is not impacted due to interest rate changes and will not be significantly different from their carrying amounts. The significant unobservable inputs are incremental borrowing rate incorporating the counterparties' credit risk

The Company has only Domestic Geographic Segment and hence no secondary segment disclosures are made.

Segment Composition

Distribution Segment comprises of Sourcing Business of Home Loans, Auto Loans, Personal Loans & SME Loans for Holding Company.

Retail Finance Segment comprises of Gold Loans, Loan Against Property, MSE Loan against property, Business Loans, Personal Loans & Housing Finance.

Whole Sale Finance Segment comprises of Construction Finance, Loans to Other NBFCs

Note:

Unallocated Income comprises of Other Income earned by the business.

44 Risk Management

The Company has a Board-approved Risk Management Policy that defines the Risk Management Framework, Risk Monitoring Mechanism and Enterprise level Key Risk Areas. The main objective of this policy is to ensure sustainable and prudent business growth. The Risk Management Framework comprises of Risk Management Committee of Board (RMC), Credit Committee of Board, Asset Liability Management Committee (ALCO) and Credit Risk Management Committee (CRMC). The Risk Management Committee (RMC) reviews the overall asset quality and portfolio composition on a periodic basis. Overseeing liquidity risk position of the company are also part of terms of reference of this committee. Any product policy programs are approved by this Committee. The Credit Risk Management Committee oversees the Operational Risks and any Operating Risk level decisions are approved by this committee. The Company has adopted and laid down operating procedures and guidelines to mitigate Credit, Reputation, Operational, Market and Fraud risks in its business lines where the Risk Function works very closely with the Independent Internal Audit Department (Risk Based Internal Audit). The Company continues to invest in people, processes, training and technology so as to strengthen its overall Risk Management Framework.

Types of Risks

The Company's risk are generally categorised in the following risk types:

(i) Credit Risk

The RMC & CRMC oversee the following:

- Detailed review of portfolio quality and triggers to ascertain underlying stress levels in portfolio, in light of micro and macro factors
- Approve necessary amendments or new product & policy programs in light of portfolio behaviour, environmental factors and business opportunities.
- Set-up concentration limits & portfolio caps to ensure prudent diversification.
- Account level review of high value accounts & NPAs and provide necessary guidelines.
- Audit Committee of the Board (ACB) oversees the effective implementation of the Lending Policies approved by the Board.

(ii) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due, as a result of mismatches in the timing of cash flows.

RBI vide Circular No. RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/2019-20 has issued with guidelines on Liquidity Risk Management (LRM) Framework for NBFCs. It covers various aspects of LRM in NBFCs such as granular level classification of buckets in structural liquidity statement and tolerance limits thereupon, Liquidity risk management tools and principles. The Company has integrated the LRM framework into its Asset Liability Management (ALM) Policy to manage liquidity risk by use of various tools such as Structural Liquidity Statement to assess the bucket wise mismatches between inflows and outflows, stress testing of bucket wise mismatches between inflows and outflows in the short term buckets (up to 30 days) by discounting inflows under various stress scenarios, Review of Unencumbered Assets available for future secured borrowing, Review of current & projected (for next 3 months) liquidity position, review of various financial ratios under the stock approach of LRM, Liquidity Coverage Ratio (LCR), Review of Liquidity in the Banking System. These tools are reviewed by the ALCO every month. To mitigate the liquidity risk further, the Company also has a Contingency Funding Plan which is reviewed by the ALCO at periodic interval.

The Company maintains Liquidity buffers sufficient to meet all its near term obligations. The Liquidity buffers are maintained by a combination of liquid assets (such as Cash & Cash Equivalent, Liquid Investments in callable FDs and Overnight/Liquid Mutual Funds) and Undrawn Committed Credit Lines.

(iii) Market Risk

Market Risk is the Risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as Gold prices (relevant to Lending against Gold business of the Company), interest rates, Foreign Currency Rates. (refer note 44.3 for details)

44.1 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter party for financial instrument fails to meet its contractual obligation, and arises principally from the company's placements and balances with other banks, loans to customers, government securities and other financial assets.

The RMC reviews and approves Loan Product programs on an on-going basis. These product programs outline the framework of any Credit Financial Product being offered by the Company. Within this framework, credit policies are incorporated to manage the sourcing of proposals, channels of business acquisition, process of underwriting, information systems involved, verification, documentation, disbursement procedures, portfolio quality triggers, recovery mechanism, NPA management etc.

The impact of Macroeconomic, regulatory, competition and other high impact variables and portfolios underwritten within the credit policy framework are reviewed on an ongoing basis.

Underwriting comprises of record verification through digital and external agencies, credit bureau check, financial analysis, cash flow assessments, assessing net-worth, leverage and debt service ability etc. through submitted records, personal discussion with borrowers, market reference etc. Collateral verification through independent legal & valuation agencies is a critical aspect in case of secured loans. Legal documentation to create proper charge on mortgaged security, under legal guidance, is another critical aspect.

Whilst ability of a customer to repay a loan can be adequately determined through assessment of financials and cash flows, defaults with the intention of fraud or misreported information are additional challenges to the Company.

Fedbank Financial Services Limited
CIN : U65910MH1995PLC364635
Notes to restated financial information (Continued)

(a) Impairment Assessment

The Company applies the expected credit loss model for recognising impairment loss. The expected credit loss allowance is computed taking into account historical credit loss experience and/or external benchmarks on loss rates and further adjusted for forward looking information

The expected credit loss is a product of Exposure at Default (EAD), Probability of Default (PD) and Loss Given Default (LGD). The Company uses an internal model to compute the PD & LGD based on parameters set out in Ind AS. Accordingly, loans are classified into various stage as follows:

Stages	Internal Rating Description
Stage 1	0 DPD* and 1-29 DPD*
Stage 2	30-59 DPD*, 60-89 DPD* and all loans restructured under One Time Restructuring which are stage 2 or below as per DPD*
Stage 3	90 DPD* or more, all linked loans of 90 DPD* or more, all restructured loans other than those restructured under One Time Restructuring

*DPD means Days Past Due

(b) Probability of Default

The probability of default is the estimation of the likelihood of a loan defaulting over a time horizon. A rebuttable presumption is that a default event cannot be later than 90 days past due. The probability of default analysis should consider not only past history but also current economic conditions and forecasts about the future. Incorporating such economic factors is sometimes done using scientific modelling techniques.

Historical DPD data is utilized to calculate Through the Cycle Probability of Default (TTC PD). PD analysis tracks the migration behaviour of a static pool of loans active at the end of each month across different buckets- Stage 1, Stage 2 and Stage 3 over the 12 month and lifetime period. Transition matrix method is used wherein the historical defaults are mapped in monthly intervals for each of cohort months and then the TTC PD is calculated as the weighted average of default rates with number of loans outstanding as the weights.

Vasicek model is one of the accepted models globally for converting the TTC PD into Point in Time PD (PIT PD). The model calculates an AC (Asset Correlation) factor and converts the probability using the macro-economic variable selected. The basic premise of the model is that the higher the TTC probability the lower the correlation with the macro variable and vice versa. Once the asset correlation is determined, the historical PD is calibrated using the readings of the macro-economic variable for a number of years up to the balance sheet date and for a number of years after the balance sheet date. This calibration reflects the relative macro-economic performance in the respective years with reference to the historical mean.

(c) Loss Given Default

LGD is defined as the percentage risk of exposure that is not expected to be recovered in the event of default.

LGD is one of the key components of the credit risk parameters based ECL model. In the context of lifetime ECL calculation, an LGD estimate has to be available for all periods that are part of the lifetime horizon (and not only for the case of a default within the next 12 months).

Wherever possible, workout LGD model is applied to estimate LGD based on past data. The LGD component of ECL is independent of deterioration of asset quality, and thus applied uniformly across various stages with the applicable PD for stage 1, 2 and 3.

(d) Exposure at Default

EAD is one of the key components for ECL computation. EAD is the company's exposure at the time of when a borrower defaults which comprises of principal outstanding and principal overdue plus interest accrued at the date of default.

The EAD for funded/single drawdown facilities shall be the actual outstanding of the loan. Also, the maturity of the loan shall be fixed as per the contractual terms or behavioural pattern (based on established past trends).

EAD is considered as the principal outstanding and accrued interest as at the reporting date.

Fedbank Financial Services Limited
CIN : U65910MH1995PLC364635
Notes to restated financial information (Continued)

(e) Significant Increase in Credit Risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12 month ECL or Life Time ECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. In line with Ind AS 109, the Company considers an exposure to have significantly increased in credit risk when the DPD is 30 or more. Besides this quantitative factor, the company also assesses Significant Increase in Credit Risk (SICR) based on qualitative factors e.g. One Time Restructuring (OTR) of loans.

44.1.1 Analysis of Risk Concentration

44.3 Market Risk

Market risk is a risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as Gold prices (relevant to Lending against Gold business of the Company), interest rates, Foreign Currency Rates.

a) Gold Price Fluctuation Risk :- The Risk Management Commitment of the Board does a periodic review of the Gold price movement and trends & its impact on the gold loan margins in present condition as well as under stress scenarios.

b) Interest Rate Risk :- Interest Rate Risk is the risk of change in market interest rates which might adversely affect the Company's profitability.

c) Foreign Currency Rate Fluctuation Risk :- The Company is not exposed to risk in fluctuation of Foreign Currency Rates as the Company's cash flows are INR.

44.3.1 Interest Rate Risk

The immediate impact of changes in interest rates is on the Company's earnings by impacting the Net Interest Income. The Company has set up an Earnings at Risk limit for monitoring and controlling the Interest Rate Risk which is monitored by the Asset Liability Management Committee (ALCO) of the Company.

The following table demonstrates the sensitivity to reasonably possible change in interest rates (all other variables being constant) of the Company's statement of profit and loss

For the period / year ended	Increase / (Decrease) in basis points	Increase in profit after tax	Decrease in profit after tax
Loans			
Sep 30, 2021	25/(25)	32.63	(32.63)

Notes to restated financial information (Continued)

46 Accounting for Employee Share based Payments

Shareholders of the Company had approved "Fedbank Financial Services Limited Employee Stock Option Plan 2018" ("ESOP Plan"), the result of which was announced on November 13, 2018, enabling the Board and/or the "Nomination and Remuneration Committee" (NRC) to grant such number of equity shares, including options, to eligible employee(s) of the Company each of which is convertible into one equity share, not exceeding 6% of the aggregate number of paid up equity shares of the Company.

Such options vest at definitive date, save for specific incidents, prescribed in scheme as framed/approved by NRC. Such options are exercisable for period following vesting at the discretion of the NRC, subject to maximum of 10 years from the date of Vesting of Options

Method used for accounting for shared based payment plan.

The Company uses fair value to account for the compensation cost of stock options to employees of the Company.

Movement in options outstanding under the Employee Stock Option Plan for the half year ended Sep 30, 2021

Fair Valuation Methodology

The fair value of options have been estimated on the dates of each grant using the Modified Black-Scholes model (MBS). The shares of Company are not listed on any stock exchange. Accordingly, the Company had considered the volatility of the Company's stock price based on historical volatility of similar listed enterprises. The various assumptions considered in the pricing model for the stock options granted by the Company are:

Particulars	Unit	Sep 30, 2021	March 31, 2021	March 31, 2020
Fair Value of Options at grant date	Rs		6.50-24.60	
Fair Value of Equity Shares at grant date	Rs		42.11-48.00	
Exercise Price	Rs		30.00-48.00	
Dividend Yield	%	0.00%	0.00%	0.00%
Expected volatility	%	31.36%	31.36%	29.73%
Risk free interest rate *	%	6.38%	6.38%	6.29%
Expected life of the option *	Years	3.84	3.84	4.18

* The values in the above items are weighted average

The Company has recorded an employee compensation expense of INR 12.8 million during the half year ended September 30, 2021 (INR 26.20 million during the financial year ended March 31, 2021, INR 25.30 million during the financial year ended March 31, 2020 and Nil during the financial year ended March 31, 2019, in the statement of Profit and Loss)

The Company carried Employee Stock Option reserve amounting to INR 64.3 million as at September 30, 2021 (INR 51.50 million as at March 31, 2021, INR 25.30 million as at March 31, 2020 and Nil as at March 31, 2019) in the statement of Balance Sheet.

The total intrinsic value amounting to INR 13.3 millions as at September 30, 2021 (INR 11.70 million as at March 31, 2021, INR 7.2 million as at March 31, 2020 and Nil as at March 31, 2019), the end of the period of liabilities for which the counterparty's right to cash or other assets had vested by the end of the period.

In terms of the requirement as per RBI notification no. RBI/2019-20/170 DOR (NBFC),C.C.PD.No.109/22.10.106/2019-20 dated March 13, 2020 on Implementation of Indian Accounting Standards, NBFCs are required to create an impairment reserve for any shortfall in impairment allowances under Ind AS 109 and IRAC norms (including provision on standard assets). The impairment allowances under Ind AS 109 made exceeds the total provision required under IRAC as at respective reporting periods and accordingly, no amount is required to be transferred to impairment reserve.

As at 31 March 2019, the shortfall of Rs. 3.07 million is on account of adjustments due to regrouping done to conform with the 30 September 2021 classification. Had such regrouping not been done, provision under Ind AS would have been higher by Rs. 3.70 million in comparison to IRACP provision.

Fedbank Financial Services Limited

Disclosures as mandated by LRM framework for NBFCs issued by the RBI is not applicable to the Company for the financial year ended March 31, 2020 and March 31, 2019

48.28 In accordance with the instructions of RBI circular no. DOR.SFR.REC.4/21.04.048/2021-22 dated April 07, 2021, all lending institutions shall refund / adjust 'interest on interest' to all borrowers including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed. Pursuant to these instructions, the Indian Bank Association (IBA) published the methodology for calculation of the amount of such 'interest on interest'. Accordingly the Company has estimated the said amount and made provision for refund/adjustment during the year ended March 31, 2021.

* As defined in Section 3(7) of the Insolvency and Bankruptcy Code, 2016

During the half year ended September 30, 2021, the Company has implemented resolution plan in accordance with the Resolution Framework for COVID-19 related stress announced by the RBI vide notification dated August 06, 2020 and May 5, 2021, in 9,037 loan accounts having total outstanding of INR 2,098.8 millions as on September 30, 2021. The Company has considered all loans restructured under the RBI Resolution Framework as an early indicator of significant increase in credit risk and accordingly classified such loans as Stage 2, including for 69 loans having an outstanding amount of INR 177.90 millions which were 90+dpd on the date of restructuring. However, on these 69 loans, ECL provision applicable to Stage 3 has been held. This non impaired status (under Ind AS 109, Financial Instruments) at 30 September 2021 has been done basis their credit assessment and the terms of restructuring. The Company has also evaluated the same basis repayment behaviour of borrowers and other qualitative factors which have been approved by Audit Committee of the Company.

As at March 31, 2021

As per para 6 of Annex B of DOR.NBFC (PD) CC. No.102/03.10.001/2019-20 NBFCs are required to disclose the above information on their annual financial statements under Notes to Accounts, starting with financial year ended March 31, 2021 and hence the same is not applicable for financial year ended March 31, 2020 and March 31, 2019.

49 Impact of COVID-19

Taking into consideration the impact arising from the COVID-19 pandemic on the economic environment, the Company has continued to undertake a risk assessment of its credit exposures and in addition to the provision required as per the ECL model of the Company, it has recorded a total additional provision overlay of **INR 179.0 million** as on September 30, 2021, **INR 455.8 millions** as on March 31, 2021, **INR 83.0 millions** as on 31 March 2020 and Nil as on March 31, 2019 in the Balance sheet, to reflect deterioration in the macroeconomic outlook. The final impact of this pandemic is very uncertain and the actual impact may be different than that estimated based on the conditions prevailing as at the date of approval of these Restated Financial Information.

50 Transfer of Financial Assets

The Company has transferred a pool of loans arising from financing activities through a securitisation transaction. In this transaction, the Company has provided credit enhancements to the transferee. Because of the existence of credit enhancements in this transaction, the Company continues to have the obligation to pay to the transferee, limited to the extent of credit enhancement, even if it does not collect the equivalent amounts from the original asset and continues to retain substantially all risks and rewards associated with the receivables, and hence, such transfer does not meet the derecognition criteria resulting into the transfer not being recorded as sale. Consequently, the proceeds received from the transfer has been recorded as collateralized debt obligation.

The carrying amount of loans arising from financing activities along with the associated liabilities is as follows

		(INR in Millions)						
Nature of Assets	As at Sep 30, 2021		As at March 31, 2021		As at March 31, 2020		As at March 31, 2020	
	Carrying amount of sold assets	Carrying amount of associated liabilities	Carrying amount of assets sold	Carrying amount of associated liabilities	Carrying amount of assets sold	Carrying amount of associated liabilities	Carrying amount of assets sold	Carrying amount of associated liabilities
Loans	65.37	42.40	177.66	165.80	-	-	-	-

51 Contingent Liabilities (to the extent not provided for)

		(INR in Millions)			
Sr. No.	Particulars	As at Sep 30, 2021	As at March 31, 2021	As at March 31, 2020	As at March 31, 2019
1	Disputed Income Taxes	3.60	3.60	3.40	3.20
2	Other Sums contingently liable for (1)	2.30	2.30	2.30	2.30
	Total	5.90	5.90	5.70	5.50

1. The Payment of Bonus Act, 1979 was amended with retrospective effect during the previous year, the estimated probable additional cost to the Company on account of this to the extent it pertains to the earlier financial year has not been considered a liability by placing reliance on Kerala High Court judgement which has stayed this matter and accordingly disclosed as contingent liability.

2. In line with industry practice, the company auctions gold kept as security of borrowers whose loans are in default. Certain customers of the Company have filed suits in consumer/civil courts for auctioning of their gold ornaments or for obtaining of stay order against auction of their pledged gold. The management does not expect any material liability from such suits.

52 Capital and Other Commitments

		(INR in Millions)			
Sr. No.	Particulars	As at Sep 30, 2021	As at March 31, 2021	As at March 31, 2020	As at March 31, 2019
1	Estimated amount of contracts remaining to be executed on capital accounts not provided for (Net of advances)	159.05	90.90	31.80	28.50
2	Other Commitments towards partly disbursed loans	611.1	935.768	823.6	710.8

53 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received the Indian Parliament and Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

54 Previous year figures have been regrouped wherever necessary to conform to the current period's classification / disclosure

55 INR 0 Millions indicates values are lower than INR 0.5 Millions, where applicable

56 The RBI notification RBI/2021-2022/125 DOR.STR.REC.68/21.04.048/2021-22 dated November 12th, 2021 has made amendments to the Prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP) where it has sought to harmonise certain aspects of the extant regulatory guidelines between all lending institutions.

Key changes in the notification which may have a potential impact on the business, IT systems and financial statements of the Company include :

- a. The practise of identification of NPA's on a day-end basis;
- b. Change of conditions for up-gradation of accounts classified as NPAs where a loan can get upgraded only on full payment of all over-dues/ arrears; and
- c. Changes to Loan management systems and system reports to be generated to adhere to the new requirements.

The prevalent practise is for NBFCs, including the Company, to classify NPA at the month-end. Also, in the event of collection of one or more EMIs (including part interest or principal), a loan classified as an NPA may roll-back into the earlier buckets resulting in up-gradation to a standard loan as defined under IRACP. The regulatory change in asset classification has been advised as being with immediate effect without any grace time for transition.

Considering that the Company's IT systems currently do not facilitate daily-flagging of NPA and monitoring for upgrades as per the new norms, this would need technology modification and enhancement . We are therefore unable to estimate the impact of the above notification.

The Company is studying the impact of the RBI notification. The Company based on an external legal opinion and in its own independent assessment believes that the notification is applicable on a prospective basis. However, events in the future such as regulatory clarifications to the contrary could change this conclusion. The Company is seeking to put a in place a mechanism to adhere to the stipulations prescribed by the notification.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

To obtain a complete understanding of our Company, prospective investors should read the following discussion in conjunction with "Risk Factors", "Industry Overview", "Our Business", "Selected Statistical Information", and "Restated Financial Information" on pages 26, 107, 175, 247 and 266.

Unless otherwise indicated or the context otherwise requires, the financial information for six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, included herein is derived from the Restated Financial Information, included in this Draft Red Herring Prospectus. For further information, see "Restated Financial Information" on page 266.

Our Fiscal year ends on March, 31 of each year. Accordingly, all references to a particular Fiscal are to the 12-month period ended March, 31 of that year.

The industry and market data used in this section has been sourced from the CRISIL Report prepared and released by CRISIL (appointed by our Company pursuant to an engagement letter dated October 22, 2021) and commissioned by and paid for by us in connection with the Offer. Such information involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in "Risk Factors – Certain sections of this Draft Red Herring Prospectus contain information from CRISIL which has been commissioned and paid for by us exclusively for the purpose of the Offer. The CRISIL Report is not exhaustive and is based on certain assumptions and parameters / conditions and any reliance on such information for making an investment decision in the offer is subject to inherent risks." on page 56 and "Certain Conventions, Presentation of Financial, Industry and Market Data and Currency of Presentation" on page 21. Unless otherwise indicated, all financial, operational, industry and other related information derived from the CRISIL Report and included herein with respect to any particular year refers to such information for the relevant fiscal year.

Certain non-GAAP financial measures and certain other statistical and operational information relating to our operations and financial performance have been included in this section and elsewhere in this Draft Red Herring Prospectus. For further details, see "Certain Conventions, Presentation of Financial, Industry and Market Data and Currency of Presentation" on page 21.

This discussion contains forward-looking statements that involve risks and uncertainties and reflects our current view with respect to future events and financial performance. Under no circumstances should the inclusion of such information herein be regarded as a representation, warranty or prediction with respect to the accuracy of the underlying assumptions by us or any other person, or that these results will be achieved or are likely to be achieved. Actual results may differ from those anticipated in these forward-looking statements as a result of factors such as those set forth under "Forward-looking Statements" and "Risk Factors" on pages 25 and 26, respectively. Prospective investors in the Equity Shares are cautioned not to place undue reliance on these forward-looking statements.

Overview

We are a retail focused NBFC promoted by The Federal Bank Limited. We are the fastest growing gold loan NBFC among the gold loan peer set in India as of March 31, 2021. (Source: CRISIL Report) We are one among five private bank-promoted NBFCs in India. (Source: CRISIL Report) We have the lowest cost of borrowing among the MSME and gold loan peer set in India in Fiscal 2021. (Source: CRISIL Report) As on March 31, 2021, we are the NBFC with the third fastest AUM growth in the peer set in the last three fiscal years in India with a CAGR of 49% between Fiscals 2018 and 2021. (Source: CRISIL Report) As on September 30, 2021, 86.25% of our total Loan Assets are secured against tangible assets, namely gold or customer's property.

We operate a "twin engine" business model, with two complementary products, namely gold loans and instalment loans to MSMEs and emerging self-employed individuals ("ESEIs"), and we believe that this business model provides us with the opportunity for growth as well as a countercyclical hedge for disruptions in the Indian economy and the retail loans industry. According to CRISIL, most lenders tend to lend aggressively during good times and pull back during periods of distress and slowdown in economic growth. As lenders become more cautious due to slowdown in economy, gold loans serve as a quick, easy and convenient avenue to fund short term needs of customers. (Source: CRISIL Report) For further details in relation to gold loans and non-gold loans being countercyclical in nature, see "Industry Overview" on page 107. Accordingly, our instalment loans to MSMEs and ESEIs and gold loans are complementary products. We also have other instalment loan products such as housing loans and unsecured business loans, that are offered to our target customers.

According to CRISIL, the emerging self-employed individual and micro, small and medium enterprise segment is largely unaddressed by lending institutions in India. We believe that this segment provides us with a sizeable opportunity to rapidly grow and expand further. We have a well-tailored suite of products targeted to match our customers' needs, which includes housing loans, small ticket loan against property ("LAP"), medium ticket LAP, unsecured business loans, and gold loans. Our AUM grew at a CAGR of 49% between Fiscals 2018 and 2021. (Source: CRISIL Report) We had the highest growth in

disbursement among the peer set at a CAGR of 56% between Fiscal 2018 and Fiscal 2021. (Source: CRISIL Report) Our instalment loans to MSMEs and ESEIs had an AUM of ₹ 29,338.25 million and our gold loans had an AUM of ₹ 21,329.24 million as on September 30, 2021.

We have been rated “AA-” by CARE for our non-convertible debentures (“NCDs”) since 2018, and “AA-” by India Ratings and Research Private Limited for our NCDs and long term bank facility. We are promoted by Federal Bank, which, we believe, adds a degree of trust among our stakeholders. Federal Bank will continue to own more than 51% of our outstanding share capital post the completion of this Offering. We believe that our long operating history, track record, management expertise and the “Federal Bank” brand have enabled us to establish a competitive position in the markets we serve and create trust among our customers, lenders, regulators and investors. For further details in relation to our Promoter and Promoter Group, see “Our Promoter and Promoter Group” on page 241.

We are headquartered in Mumbai, Maharashtra. As of September 30, 2021, we are present in 15 states and union territories across India with a strong presence in Southern and Western regions of India. Based on the CRISIL Report, these states contribute more than 75% of India’s GDP as on March 31, 2020. As of September 30, 2021, we covered 136 districts in 15 states and union territories in India through 463 branches. Our branches are located in states, such as Andhra Pradesh (including Telangana) and Rajasthan, which have better asset quality than other states. (Source: CRISIL Report) Based on the CRISIL Report, Andhra Pradesh and Rajasthan witnessed the fourth and fifth highest credit growth (among states) between Fiscals 2016 to 2021. Additionally, we have dedicated micro-sites on our website for each of our branches, which focus solely on customer engagement for our branch customers.

We also have a “Phygital” door-step model, a combination of digital and physical initiatives, for providing customized services to our customers across all of our products. This also helps us to constantly remain in touch with our customers. Technology is the core building block of our underwriting model which combines electronic data and physical information and document collection. We have entered into an agreement in Fiscal 2020 with a service provider for records management, preservation of documents and related services, valid for period of five years. When we underwrite a loan, we collect various data points from the customer, including subjective and objective information. These are collected in digital and physical format. Subsequently, we spend time in validating the data and analysing the customers’ creditworthiness. Thereafter, the information is validated through various APIs, which are integrated in our loan origination system. Lastly, the information is passed through the decision engine for final determination of sanctions of the loan amount. Our underwriting process has allowed us to manage and reduce defaults and NPAs across all our products in Fiscal 2019, 2020 and 2021. Our Gross NPA was 2.22%, 1.01%, 1.44% and 2.25% for the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, respectively and Net NPA was 1.60%, 0.71%, 1.08% and 1.93% for the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, respectively. For details in relation to the impact of COVID-19 on our NPAs, see “Risk Factors – The ongoing novel coronavirus (“COVID-19”) pandemic and measures intended to prevent its spread have had, and may continue to have, a material adverse effect on our business and results of operations.” on page 26.

People are at the forefront of our organization. As on September 30, 2021, we have employed 2,658 personnel across our 463 branches. For the last three consecutive years, we have been certified as a “Great Place to Work” by Great Place to Work Institute.

We believe that profit is a consequence of fulfilling our purpose. Our vision is to empower emerging India with easy access to loans. We believe we are filling a gap in the Indian financial services industry, by addressing our target customer segments’ loan requirements.

Significant Factors Affecting our Financial Condition and Results of Operations

A number of important factors, including the following affect our results of operation and financial condition:

Availability of cost effective sources of capital

We have historically secured financing from diversified sources of capital from banks, financial institutions, mutual funds and other financial institutions, including term loans, proceeds from loans securitized, proceeds from the issuance of NCDs, proceeds from loans assigned and commercial papers, to meet our capital requirements. In addition, we have access to capital from our Promoter, Federal Bank. As a result, the availability of cost-effective funding sources affects our results of operations. The availability for funding as well as the overall cost of borrowing depends on many external factors, including developments in the Indian economy and its credit markets and, in particular, interest rate movements and the existence of a adequate liquidity in the debt markets. Internal factors that affect availability of funding and our cost of borrowing include our credit ratings and available credit limits. See “-Credit Ratings” on page 195 as well as “Risk Factors – Any downgrade in our credit ratings could increase our borrowing costs, affect our ability to obtain financing, and adversely affect our business, results of operations and financial condition” on page 35. As of September 30, 2021, March 31, 2021, March 31, 2020 and March 31, 2019, our total borrowings were ₹ 43,738.27 million, ₹ 43,280.92 million, ₹ 32,175.93 million and ₹ 16,001.49 million, respectively. Our average cost of borrowing was 7.75%, 8.30%, 8.35% and 8.25% in the six months ended September 30, 2021 and Fiscals 2021,

2020 and 2019, respectively. In addition, our cost of incremental borrowings, being new loans sanctioned in the relevant period, reduced from 9.08% in Fiscal 2020 to 8.36% in Fiscal 2021. The interest rate on our incremental borrowings availed during the six months ended September 30, 2021 was 7.02%. Our ability to continue to meet customer demand for new loans will depend primarily on our ability to borrow from various external sources on suitable terms and in a timely manner. Our funding sources are varied, as we believe that a diversified debt profile ensures that we are not overly dependent on any one type or source for funding. For further details in relation to our Promoter, see *“Our Business – Overview”* and *“Our Promoter and Promoter Group”* on pages 175 and 241, and for further details in relation to our borrowings, see *“Financial Indebtedness”* on page 389.

Further, our ability to raise debt to meet our funding requirements is restricted by the limits prescribed under applicable regulations. For example, as per the Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, as amended (**“NBFC-ND-SI Directions”**), NBFCs are required to have a Net Owned Fund (**“NOF”**) of at least ₹ 20 million.

Volatility in borrowing and lending rates

Our results of operations depend substantially on our net interest income. Any change in interest rates would affect our interest income and our finance costs, and directly impact our results of operations because our core business is based on achieving a margin between the cost at which we can obtain funds and the yields we can achieve in extending loans. Our interest income constitutes the largest component of our revenue from operations. For the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, our interest income as a percentage of our revenue from operations was 95.03%, 95.13%, 92.92% and 91.18%, respectively.

Our finance costs represented 41.68%, 45.27%, 44.32% and 45.00% of our revenue from operations for six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, respectively. Interest rates are sensitive and volatility in interest rates could be a result of many factors beyond our control, including the monetary policies of the RBI, deregulation of the financial services sector in India, domestic and international economic and political conditions and competition among various lending institutions in India. Moreover, interest rates in India are typically correlated with the inflation rate, and as the inflation rate increases, the RBI has historically sought to raise interest rates. See *“Risk Factors – We are affected by volatility in interest rates for both our lending and treasury operations, which could cause our net interest income and net interest margin to vary and consequently affect our profitability”* and *“-Quantitative and Qualitative Analysis of Market Risks – Market Risks”* on page 34 and 385.

Credit quality and provisioning

Our ability to manage the credit quality of our loan portfolio, which we measure in part through non-performing assets (**“NPA”**), is a key driver of our results of operations. Credit quality is the outcome of the credit appraisal mechanism and recovery system followed by us. We classify NPAs in accordance with the NBFC-ND-SI Directions and applicable Ind AS rules. Defaults by our customers for a period of 90 days or more result in such loans being classified as Stage 3 and NPA. For further details of the composition of our loans across classification stages, as well as the provisioning thereof, see *“Our Business – Our Competitive Strengths – Strong underwriting capability and presence in select customer segment combined with robust risk management capabilities focused on effective underwriting and collections”* on page 179.

In addition, on account of our recent growth, a significant portion of our loan portfolio is relatively new and was disbursed during the last 36 months. We believe that the risk of delinquency in retail loans typically emerges 18 to 36 months from disbursement. As our loan portfolio matures or due to change in regulations, there may be a significant increase in the portion of our loans that are classified as NPAs. For example, RBI issued directions in 2014 which mandated a shorter time period for classifying assets as NPAs. Pursuant to such RBI directions, we decreased the time period for classifying our assets as NPAs from six months overdue to five months overdue in Fiscal 2016, four months overdue in Fiscal 2017 and three months overdue in Fiscal 2018. As a consequence, there was an increase in our Gross NPAs, and we had lost the regulatory arbitrage we enjoyed as against banks in relation to classification of assets as NPAs. Furthermore, on November 12, 2021, the RBI issued a circular which clarified that the classification of borrower accounts as special mention accounts or NPAs will be on a day-end position basis and accounts can only be upgraded from an NPA to a ‘standard’ asset after the clearance of all outstanding overdues (in other words, only if the entire arrears of interest and principal are paid by the borrower). This clarification by the RBI may cause a spike in NPAs in the near term, and increase stickiness of NPAs for NBFCs going forward, and consequently result in an increase in provisioning requirements, higher capital requirements and losses over time. As a result of this circular and the resultant increase in our NPAs, we breached our covenants on GNPA and NNPA in our loan agreements with Federal Bank, HDFC Bank Limited and the Karur Vysya Bank Limited. For further details, see *“Risk Factors – Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, results of operations and financial condition.”* and *“-Significant developments occurring after September 30, 2021”* on pages 36 and 387, respectively.

In August 2020, RBI introduced a restructuring scheme for corporates under stress due to the COVID-19 pandemic. Pursuant to the restructuring scheme, only those borrower accounts that were classified as ‘standard’, but not in default for more than 30

days with any lending institution as on March 1, 2020, were eligible for resolution. In May 2021, RBI introduced a second restructuring scheme due to the onset of the “second wave” on COVID-19 pandemic. The second restructuring scheme was extended to small businesses for a loan amount of up to ₹ 250 million. It was applicable to those borrower accounts that were standard as of March 31, 2021 and that had not availed the benefit of the 1st restructuring scheme. In June 2021, the exposure limit for availing restructuring was enhanced from ₹ 250 million to ₹ 500 million, provided that the borrower accounts were not restructured in terms of the earlier schemes.

In line with the policies approved by our Board on September 25, 2020 and May 12, 2021, we restructured such loans based on borrowers requesting assistance and our Company approaching certain borrowers that showed early signs of over-due. The following table sets forth the details of our restructured loan portfolio as on March 31, 2021 and September 30, 2021:

Product wise restructured portfolio classified as standard (Gross loan book)	As of					
	September 30, 2021*			March 31, 2021		
	Restructured Amount	Total Gross Loan book	Percentage	Restructured Amount	Total Gross Loan book	Percentage
	₹ in million	₹ in million	%	₹ in million	₹ in million	%
Gold loans	-	-	-	-	-	-
Medium ticket LAP	1,458.45	12,502.71	11.67	510.85	12,333.02	4.14%
Small ticket LAP	556.55	6,626.02	8.40	20.67	5,405.77	0.38%
Housing finance	102.71	2,039.75	5.04	5.07	1,413.37	0.36%
Business loans	336.64	5,862.04	5.74	182.10	4,962.10	3.67%
Others	181.98	382.93	47.52	192.09	872.94	22.00%
Total	2,636.33	27,413.46	9.62	910.78	24,987.20	3.64%

*The information for September 30, 2021 includes March 31, 2021 data as well.

The following table sets forth the LTV as on March 31, 2021 and September 30, 2021:

LTV	As of	
	September 30, 2021	March 31, 2021
	% (₹ percentages)	
Gold loans	NA	NA
Medium ticket LAP	55.84	52.87
Small ticket LAP	42.91	53.18
Housing finance	65.42	75.13
Business loans	NA	NA
Others	NA	NA

The following table sets forth the restructured portfolio provisioning as on March 31, 2021 and September 30, 2021:

Restructured Portfolio Provisioning (%)	As of	
	September 30, 2021	March 31, 2021
	(in percentages)	
Gold loans		
Medium ticket LAP	10.24	14.24
Small ticket LAP	10.58	13.34
Housing finance	12.20	8.51
Business loans	62.22	57.98
Others	18.72	10.00
Percentage (%) of total provision held to total restructured gross loan book (classified as standard)	17.61	22.01

As of September 30, 2021, and March 31, 2021, 2020 and 2019, our Stage 3 Loan Loans were ₹ 1,112.05 million, ₹ 468.08 million, ₹ 535.40 million and ₹ 454.05 million, respectively, while our Stage 3 Loans to Total Gross Loan Book were 2.22%, 1.01%, 1.44%, 2.25%, respectively. As of September 30, 2021 and March 31, 2021, 2020 and 2019, our Stage 3 Loan Assets (Net) were ₹ 798.77 million, ₹ 328.22 million, ₹ 398.67 million and ₹ 387.85 million, respectively, while our Stage 3 Loans (Net) to Total Net Loans were 1.60%, 0.71%, 1.08%, 1.93%, respectively.

Investment in technology

We are a technology driven company, which enables us to expand and scale our businesses and drive growth in revenue at lower incremental costs. We have invested ₹ 87.05 million, ₹ 40.10 million, ₹ 77.61 million and ₹ 21.02 million in our

information technology and digital systems, in six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, respectively, constituting 2.15%, 0.58%, 1.71% and 0.83% of our revenue from operations during the same periods. We leverage our information technology platforms to drive economies of scale through increase in productivity, reduce turnaround time in processing and reduce transaction costs. For instance, we launched a web portal in Fiscal 2021, to provide customers self-service and the service is available at all times. Our ability to grow our customer base, improve customer experience and increase our revenues will depend, in part, on our ability to leverage technology. We plan to continue investing in technology and digitization, and to ensure that our information technology systems continue to help us with several functions, including loan origination, credit underwriting, risk management, collections, customer service and retention. We believe that such investments will help improve recoveries and reduce our operating expenses, our cost of customer acquisition and credit costs over time.

Expansion of branch network

As part of our growth strategy, we intend to expand our branch network through contiguous expansion in the regions in India where we have a presence and expand to adjacent geographies by evaluating areas with established credit culture. Our results of operations will be affected by our ability to manage operating expenses as we expand, in particular, our employee benefits expenses. As we have expanded our branch network, we have increased our employee headcount. As we further expand our branch network, we will need to increase headcount. For the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019, our employee benefits expenses were ₹ 821.24 million, ₹ 1,315.90 million, ₹ 1,008.19 million and ₹ 477.40 million, respectively. Our employee benefit expenses were 20.08%, 18.86%, 21.63% and 18.68% of our total revenue, respectively, for the six months ended September 30, 2021 and Fiscals 2021, 2020 and 2019.

However, as our operations expand, we also expect to derive benefits from economies of scale, which we believe will assist us in optimising our operating expenses.

Government policy and regulations

We operate in a highly regulated industry and we have to adhere to various laws, rules and regulations. Our financial condition, results of operations and continued growth also depend on stable government policies and regulations. We are required to comply with, among others, limits on borrowings, investments and interest rates, prudential norms for income recognition, asset classification, and norms for creation of special reserves as well as minimum capital adequacy requirements. The regulations applicable to us also address issues such as our conduct with customers and recovery practices, market conduct and foreign investment. Any significant change by the Government or the RBI in their various policy initiatives may affect the demand for our products and services. For instance, as per the NBFC-ND-SI Directions, NBFCs are required to have a net owned fund of at least ₹ 20.00 million. As of September 30, 2021, March 31, 2021, March 31, 2020 and March 31, 2019, our NOF was ₹ 10,257.30 million, ₹ 8,043.26 million, ₹ 6,822.84 million and ₹ 4,529.01 million, respectively. For further details, see “*Key Regulations and Policies*” on page 201.

General economic conditions in India and impact of the COVID-19 pandemic

Our results of operations are affected by the general economic conditions prevalent in India, as well as the perception of those conditions and future economic prospects. Overall economic growth and an increase in GDP are likely to result in an increase in incomes and spending on business expansion in India, which may lead to an increase in demand for retail loans. Conversely, a slowdown in the Indian economy could adversely affect our business and our borrowers, especially if such a slowdown were to be continued and prolonged. Several factors beyond our control, such as developments in the Indian economy and domestic employment levels, conditions in the world economy, fluctuations in interest rates, movements in global commodity markets and exchange rates could have either a positive or an adverse impact on the quality of our Gross Loan Book. Any trends or events, which have a significant impact on the economic situation in India could have an adverse impact on our business.

An outbreak of COVID-19 was recognized as a pandemic by the World Health Organization (“WHO”) on March 11, 2020. In response to the COVID-19 outbreak the governments of several countries, including India, had taken and may continue to take preventive or protective actions, such as imposing country-wide lockdowns, restrictions on travel and business operations and advising or requiring individuals to limit their time outside of their homes. Temporary closures of businesses were ordered and numerous other businesses were temporarily closed on a voluntary basis as well. A resurgence of COVID-19 in India in April 2021 led to further lockdowns in various regions of India and a number of businesses were temporarily closed. While lockdowns are being progressively relaxed, the scope, duration, and frequency of such measures and the adverse effects of COVID-19 remains uncertain and could be severe. The COVID-19 pandemic has affected and may continue to affect our business, results of operations and financial condition in a number of ways such as:

- it led to a temporary closure of our offices and branches and caused a decline in general economic and business activity, which resulted in slowing down of disbursements of retail instalment loans by our Company; we disbursed retail instalment loans amounting to ₹ 6,000.82 million, ₹ 7,438.32 million and ₹ 12,947.97 million for the six months ended September 30, 2021, and Fiscals 2021 and 2020, respectively;

- pursuant to circular dated April 7, 2021 on 'Asset Classification and Income Recognition following the expiry of COVID-19 regulatory package' issued by RBI, we granted moratorium to the loan instalments due during the period from March 1, 2020 to August 31, 2020 on the eligible loan accounts; the RBI also clarified that for all standard accounts as on February 29, 2020, moratorium period will be excluded from days past-due ("DPD") calculation for the purpose of asset classification under the norms on income recognition and asset classification. Moratorium was granted by us to 5,623 instalment loan customers for the period between March 1, 2020 and August 31, 2020;
- our customers who primarily belong to the low and middle income groups have less financial wherewithal than other borrowers and may default on their repayment obligations due to the hardships suffered during or as a result of the COVID-19 pandemic, and accordingly, this could lead to an increase in our NPAs and credit losses;
- restrictions on movement of people during the lockdown has adversely impacted our cash collections due to the inability of employees to make on-field visits; and
- we undertook a risk assessment of our credit exposure. In addition to the provision (₹ 292.30 million as on March 31, 2021) as required under the ECL model of our Company, we recorded additional provision overlay (₹ 455.80 million as on March 31, 2021) in the balance sheet, to reflect the deterioration in the macroeconomic outlook due to the impact of the COVID-19 pandemic.

For further details, see *"Risk Factors – The ongoing novel coronavirus ("COVID-19") pandemic and measures intended to prevent its spread have had, and may continue to have, a material adverse effect on our business and results of operations"* on page 26.

According to CRISIL, the COVID-19 pandemic sharply slowed the Indian economy in the first quarter of Fiscal 2021 leading to a de-growth of 24% year-on-year for the same period, but GDP growth is expected to rebound in Fiscal 2022, on the back of a very weak GDP base in Fiscal 2021, government expenditure and initiatives towards pushing investments and some benefit from recovery across the world. The Indian GDP is further forecasted to grow at 6.0-7.0% per annum between Fiscals 2023 and 2025. (Source: CRISIL Report)

Value of collateral

Our loan products include gold loans, loans against property and business loans to customers. Our gold loan products are secured by gold jewelry provided as collateral. For loans against property, the primary collateral is real estate. As on September 30, 2021, 86.25% of our total Loan Assets are secured against tangible assets, namely gold or customer's property. As on September 30, 2021, more than 60.80% of our collateral for our medium ticket LAP and small ticket LAP is self-occupied residential property. We may face difficulties in recovering the amounts against gold jewelry and property collateral for various reasons such as economic downturn or sharp downward movement in the price of gold, defects in the quality of gold or wastage on melting gold jewelry into gold bars, difficulty in repossessing and liquidating property we hold as collateral against our loan against property product and challenges in title verification of the collateral provided by the customer. For further details in relation to the risks relating to recovery of collateral, see *"Risk Factors – Our inability to recover the full value of collateral, or amounts outstanding under defaulted loans in a timely manner, or at all, could adversely affect our business, results of operations and financial condition"*.

Significant Accounting Policies

Critical accounting estimates and judgments

The preparation of the Restated Financial Information requires our management to make use of estimates and judgements. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those on which our management's estimates are based. Accounting estimates and judgements that are used for various line items in the Restated Financial Information are as follows:

Effective Interest Rate (EIR) Method

We recognize interest income/expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behavior and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instrument.

Contingencies

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition

and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

Useful lives of property, plant and equipment and intangible assets

We review the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on our historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

Defined employee benefit obligation

The cost of post-employment benefits is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rates, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Business model assessment

Classification and measurement of financial assets depends on the results of the sole payment of principal and interest (SPPI) and the business model test. We determine the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. We monitor financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of our continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Income taxes

Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. We consider the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment.

Expected credit losses on financial assets

The impairment provisions of financial assets and contract assets are based on assumptions about risk of default and expected timing of collection. We use judgment in making these assumptions and selecting the inputs to the impairment calculation, based on our past history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

Estimation of impairment allowance on financial assets affected by COVID-19 pandemic

The Covid-19 pandemic has impacted most countries including India. The nationwide lockdown initiated by the Government of India in April-May 2020 substantially impacted economic activity. The easing of lockdown measures subsequently led to gradual improvement in economic activity and progress towards normalcy. RBI took various regulatory measures like moratorium on payment of dues, relief towards "Interest on interest" charged during March-August 2020 and allowing onetime restructuring to eligible borrowers (OTR).

Further the second wave of COVID-19 pandemic in April-May 2021 led to re-imposition of localised /regional lockdown in various parts of the country, which led to substantial impact on economic activities. The second wave subsided from June

2021 onwards and there has been gradual lifting of lock downs and increase in economic activities. However the uncertainty around the third wave of Covid-19 pandemic in future and its impact on the economic activities are not known. Accordingly, our results remain uncertain and dependent on future developments and actuals may differ from the estimates used in the preparation of Restated Financial Information on the reporting date.

Estimates and associated assumptions used for determining the impairment allowance on our financial assets, are based on historical experience and other emerging factors emanating from the COVID-19 pandemic which may also influence the expected credit loss. We have used One Time Restructuring (OTR) scheme under the RBI resolution framework 1.0 and 2.0 and repayment moratorium on loans as early indicators suggesting higher flow rates and probability of default and accordingly accounted for commensurate expected credit loss. We believe that the factors considered are reasonable under the current circumstances and information available. However, the uncertainty caused by resurgence of the COVID-19 pandemic and related events could further influence the estimate of credit losses.

Leases

Ind AS 116 defines a lease term as the non-cancellable period for which the lessee has the right to use an underlying asset including optional periods, when an entity is reasonably certain to exercise an option to extend (or not to terminate) a lease. We consider all relevant facts and circumstances that create an economic incentive for the lessee to exercise the option when determining the lease term. The option to extend the lease term are included in the lease term, if it is reasonably certain that the lessee will exercise the option. We reassess the option when significant events or changes in circumstances occur that are within the control of the lessee.

Measurement of fair values

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Our management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of an asset or a liability, we use observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

We recognise transfers between levels of the fair value hierarchy at the end of the reporting period during which the changes have occurred.

Revenue Recognition

Interest income

Interest income is recognized in statement of profit and loss using the effective interest rate (EIR) method for all financial instruments which are measured either at amortized cost or at fair value through other comprehensive income. The EIR is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial instruments or, when appropriate, a shorter period.

The EIR is calculated by taking into account any discount or premium on acquisition, fees and transaction costs that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is accounted as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortized through interest income in the statement of profit and loss.

We calculate interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. When a financial asset becomes credit-impaired and is therefore regarded as 'Stage 3', we calculate interest income by

applying the EIR to the net amortized cost of the financial asset. If the financial asset cures and is no longer credit-impaired, we revert to calculating interest income on a gross basis.

Interest income on all trading assets and financial assets, if any, required to be measured at FVTPL is recognized using the contractual interest rate as net gain on fair value changes.

Fee, commission and distribution income

We recognize revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on an assessment model as set out in Ind AS 115 'Revenue from contracts with customers. Revenue from contract with customer for rendering services is recognized at a point in time when performance obligation is satisfied.

Fees and commission income are measured at an amount that reflects the fair value of the consideration received or receivable, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

Distribution income is earned by selling of services and products of other entities under distribution arrangements. The income so earned is recognized on successful sales on behalf of other entities subject to there being no significant uncertainty of its recovery.

Dividend and interest income on investments

Dividends are recognized in statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to us and the amount of the dividend can be measured reliably.

Interest income from investments is recognized when it is certain that the economic benefits will flow to us and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Net gain on fair value changes

We recognize gains on fair value change of financial assets measured at FVTPL and realized gains on derecognition of financial asset measured at FVTPL and FVOCI on net basis.

However, net gain / loss on derecognition of financial instruments classified as amortized cost is presented separately under the respective head in the statement of profit and loss.

Income from direct assignment

Gains arising out of direct assignment transactions comprise of the difference between the interest on the loan portfolio and the applicable rate at which the direct assignment is entered into with the assignee, also known as the right of excess interest spread (EIS). The future EIS basis the scheduled behavioral cash flows on execution of the transaction, discounted at the applicable rate entered into with the assignee is recorded upfront in the statement of profit and loss. EIS is evaluated and adjusted for ECL and expected prepayment.

Other income and expenses

All other income and expense are recognized in the period in which they occur.

Property plant and equipment

Property, plant and equipment ("PPE") are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes after deducting trade discount and rebates, any directly attributable cost incidental to a acquisition and installation, up to the point the asset is ready for its intended use.

Advances paid towards the acquisition of PPE outstanding at each reporting date are shown under other non-financial asset. Assets acquired but not ready for intended use or assets under construction at the reporting date are classified under capital work in progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognized as a separate asset only if the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Depreciation

Depreciation on property, plant and equipment is provided on straight-line method in case of computer equipment and server and on written down value (WDV) method in case of office equipment, furniture and fixtures and vehicles. Depreciation is charged over the useful lives of assets as prescribed under Schedule II of the Companies Act 2013.

The estimated useful lives used for computation of depreciation are as follows:

Asset category	Useful Life (in years)
Computer equipment	3
Server	6
Office equipment	5
Furniture and fixtures	10
Vehicles	8

Leasehold improvements are amortized over the period of the lease.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortization period or methodology, as appropriate, and treated as changes in accounting estimates.

PPE is derecognized on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognized in other income / netted off from any loss on disposal in the Statement of profit and loss in the year the asset is derecognized. Assets held for sale or disposals are stated at the lower of their net book value and net realizable value.

Intangible Assets

An intangible asset is recognized only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to us.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Subsequent expenditure related to the asset is added to its carrying amount or recognized as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably.

Intangible assets comprise of software which is amortized using the straight-line method over a period of three years commencing from the date on which such asset is first recognized.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognized in the statement of profit and loss when the asset is derecognized.

Foreign exchange transactions & translations

a) Initial recognition

Transactions in foreign currencies are recognized at the prevailing exchange rates between the reporting currency and a foreign currency on the transaction date.

b) Conversion

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in statement of profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of profit and loss on a net basis.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. Thus, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognized in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognized in other comprehensive income.

Non-monetary items that are measured at historical cost in foreign currency are not retranslated at reporting date.

Financial instruments

a) Initial recognition and measurement:

Financial assets and liabilities are recognized when we become a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liabilities. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in Statement of Profit and Loss.

b) Initial classification and subsequent measurement of financial assets:

We classify our financial assets into various measurement categories. The classification depends on the contractual terms of the financial assets' cash flows and our business model for managing financial assets. On initial recognition, a financial asset is classified as measured at:

- Amortized cost;
- Fair Value through Other Comprehensive Income (FVOCI) - debt instruments;
- FVOCI - equity instruments;
- Fair Value Through Profit and Loss (FVTPL)

Amortized cost

Our business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. These financial assets comprise bank balances, loans, trade receivables and other financial instruments.

Debt instruments measured at a mortized cost where they have:

- a) contractual terms that give rise to cash flows on specified dates, that represent solely payment of principal and interest (SPPI) on the principal amount outstanding; and
- b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

These financial assets are subsequently measured at amortized cost using effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment provision are recognized in Statement of profit and loss. Any gain and loss on derecognition are recognized in Statement of profit and loss.

FVOCI - debt instruments

We measure our debt instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset meet the SPPI test.

Debt investment at FVOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment provision are recognized in Statement of profit and loss. Other net gains and losses are recognized in other comprehensive income (OCI). On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

FVOCI - equity instruments

For equity investments, we make an election on an instrument-by-instrument basis to designate equity investments as

measured at FVOCI.

These elected investments are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognized in Statement of profit and loss.

FVTPL

A financial asset which is not classified in any of the above categories are measured at FVTPL. This includes all derivative financial assets.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognized in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in Statement of profit and loss.

c) Initial classification and subsequent measurement of financial liabilities and equity instruments:

Classification as debt or equity

Debt and equity instruments issued by us are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognized at the proceeds received. Transaction costs of an equity transaction are recognized as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for trading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Statement of profit and loss. Any gain or loss on derecognition is also recognized in Statement of profit and loss.

d) Reclassification of financial assets and liabilities:

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period we change our business model for managing financial assets. Financial liabilities are never reclassified.

e) Derecognition of financial assets and liabilities:

Financial assets

We derecognize a financial asset when the contractual rights to the cash flows from the financial asset expire, or we transfer the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which we neither transfer nor retain substantially all of the risks and rewards of ownership and do not retain control of the financial asset.

If we enter into transactions whereby we transfer assets recognized on our balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

A financial liability is derecognized when the obligation in respect of the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the financial liability and the consideration paid is recognised in Statement of profit and loss.

f) Write-offs

The gross carrying amount of a financial asset is written off when we have no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when we determine that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. However, financial assets that are written off could still be subject to enforcement activities under our recovery procedures, taking into account legal advice where appropriate. Any subsequent recoveries made are recognized in Statement of Profit and Loss.

g) Offsetting:

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, we currently have a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously. The legally enforceable right is not contingent on future events and enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

h) Restructured, rescheduled and modified loans

Restructured loans (other than OTR) where repayment terms are renegotiated as compared to the original contracted terms due to significant credit distress of the borrower are classified as credit impaired. Such loans continue to be in stage 3 until they exhibit regular payment of renegotiated principal and interest over a minimum observation period, typically 12 months- post renegotiation, and there are no other indicators of impairment. Having satisfied the conditions of timely payment over the observation period these loans could be transferred to stage 1 or 2 and a fresh assessment of the risk of default be done for such loans.

i) Derivatives and hedging activity

We use derivative contracts like cross currency interest rate swaps, forward contracts, to hedge our risk associated with foreign currency and interest rate fluctuation relating to foreign currency floating rate borrowings. Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated.

We designate derivatives as either (i) hedges of the fair value of recognized assets or liabilities (fair value changes) or (ii) hedges of a particular risk associated with the cash flows of recognized assets and liabilities (cash flow hedges). We have designated the cross-currency interest rate swap as a cash flow hedge for changes in both interest rate and foreign exchange rates.

At the inception of the hedge relationship, we document the relationship between the hedging instrument and the hedged item, along with our risk management objectives and our strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, we document whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in cash flow hedging reserve within equity. The gain or loss relating to the ineffective portion is recognized immediately in profit or loss, within other gains/(losses).

Amounts previously recognized in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognized hedged item. However, when the hedged forecast transaction results in the recognition of a nonfinancial asset or a non-financial liability, such gains and losses are transferred from equity (but not as a reclassification adjustment) and are included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognized in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is reclassified immediately in profit or loss.

Fair value hedges that qualify for hedge accounting

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or

loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to the hedged risk are recognized in profit or loss in the line item relating to the hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortized to profit or loss from that date.

j) Impairment of financial assets

Overview of the Expected Credit Loss (ECL) allowance principles:

We apply expected credit loss (ECL) model for measurement and recognition of impairment loss on loans measured at amortized cost and FVOCI and other debt financial assets not held at FVTPL.

For recognition of impairment loss on other financial assets and risk exposure, we determine whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is calculated to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, we revert to recognizing impairment loss allowance based on 12 months ECL.

We perform an assessment, at the end of each reporting period, of whether a financial assets credit risk has increased significantly since initial recognition. When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, we consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information.

Estimation of Expected Credit Loss (ECL):

We calculate ECLs based on a probability-weighted scenarios and historical data to measure the expected cash shortfalls. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of default (PD): The Probability of Default is an estimate of the likelihood of default over a given time horizon. We use historical information where available to determine PD.

Exposure of default (ED): The Exposure at Default is an estimate of the exposure at a default date.

Loss Given default (LGD): The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral.

Forward looking information: While estimating the expected credit losses, we review macro-economic developments occurring in the economy and market we operate in. On a periodic basis, we analyse if there is any relationship between key economic trends like GDP, inflation etc. with the estimate of PD, LGD determined by us based on our internal data. While the internal estimates of PD, LGD rates by us may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Based on the above process, we categorize our loans into three stages as described below:

Stage 1: When loans are first recognized, we recognize an allowance based on 12 months ECL. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. These expected 12-month default probabilities are applied to an EAD and multiplied by the expected LGD. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2 or Stage 3.

Stage 2: When a loan has shown a significant increase in credit risk since origination, we record an allowance for the lifetime ECL. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

Stage 3: Financial assets are classified as stage 3 when there is objective evidence of impairment as result of one or more

loss events that have occurred after the initial recognition. We record an allowance for the life time ECL. The method is similar to that for Stage 2 Loans, with the PD set at 100%.

We have considered additional ECL provision by applying management overlays to model derived PDs and LGDs for certain pool of loans where it believes that there is a need for further adjustments given the uncertainty on forward looking risks.

k) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 - Financial Instruments; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115 – Revenue from contracts with customers.

Impairment of assets other than financial assets

We review the carrying amounts of our tangible and intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or group of assets.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount such that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognized for the asset (or cash-generating unit) in prior years. The reversal of an impairment loss is recognized in Statement of profit and loss.

Employee benefits

(a) Short-term employee benefits

All short-term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees and recognized as expenses in the Statement of profit and loss. A liability is recognized for the amount expected to be paid if we have a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(b) Defined contribution plan (provident fund and ESIC)

Retirement benefits in the form of provident fund and superannuation are defined contribution schemes. We have no obligation, other than the contribution payable to the respective funds. We recognize contribution payable to the respective funds as expenditure, when an employee renders the related service.

(c) Defined benefit plan (Gratuity)

Payment of gratuity to employees is covered by the defined benefit scheme and we make contribution under the said scheme.

Our liability towards gratuity scheme is determined by independent actuaries, using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the

related obligation. Past services are recognized at the earlier of the plan amendment / curtailment and recognition of related restructuring costs/termination benefits.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of profit and loss.

Remeasurement gains/losses - Remeasurement of defined benefit plans, comprising of actuarial gains / losses, return on plan assets excluding interest income are recognized immediately in the balance sheet with corresponding debit or credit to Other Comprehensive Income (OCI). Remeasurements are not reclassified to Statement of profit and loss in the subsequent period.

(d) Compensated Absences

We have a scheme for compensated absences for employees, the liability of which is determined on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognized in full in the Statement of profit and loss for the period in which they occur.

Share-based payments

Equity-settled share-based payments to employees are recognized as an expense at the fair value of equity stock options at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the graded vesting period, based on our estimate of equity instruments that will eventually vest, with a corresponding adjustment in equity.

Finance costs

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at amortized cost. Financial instruments include subordinated liabilities, term loans and working capital loans from Banks, Financial Institutions and NBFCs and Commercial Papers. Finance costs are charged to the Statement of profit and loss.

Securities issue expenses

Expenses incurred in connection with fresh issue of share capital are adjusted against securities premium reserve.

Income taxes

Income tax expense comprises of current tax and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

(a) Current tax:

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. Our current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

Current tax is recognized in statement of profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current tax is also recognized in other comprehensive income or directly in equity respectively. The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(b) Deferred tax:

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which we expect, at the end of the reporting period, to recover or settle the carrying amount of our assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognized if the

temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the income tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, cheques and drafts on hand, balances with banks in current accounts, short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

Provisions, contingent liabilities and contingent assets

A provision is recognized when we have a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond our control or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. Contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably.

Contingent assets are not recognized in the Restated Financial Information. However, it is disclosed only when an inflow of economic benefits is probable.

Leases

Ind AS 116 Leases was notified by MCA on 30 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. On transition to Ind AS, we have elected to adopt Ind AS 116 using the modified retrospective approach with effect from April 1, 2018 and hence comparative information has been reported under Ind AS 116.

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as a lessee

We account for each lease component within the contract as a lease separately from non-lease components of the contract and allocate the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

We recognize right-of-use asset representing our right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred. The right-of-use asset is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the Statement of profit and loss.

We measure the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using incremental borrowing rate (because the implicit rate in the lease contracts is

not available). The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where we are reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

We have elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less, and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

The company as a lessor

Leases where we do not transfer substantially all of the risk and benefits of ownership of the asset are classified as operating leases. Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the Statement of profit and loss, unless the increase is in line with expected general inflation, in which case lease income is recognized based on contractual terms. When we are an intermediate lessor we account, for our interests in the head lease and the sub-lease separately. We assess the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which we apply the exemption described above, then we classify the sub-lease as an operating lease.

Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining our earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of our Company are segregated.

Changes in significant accounting policies

As on the date of the filing of the Draft Red Herring Prospectus, there are no changes in the significant accounting policies in the last three Fiscals and six months ended September 30, 2021.

Key Components of Income and Expenses

We report our income and expenditure in the following manner:

Total revenue

Total revenue from operations

Our total revenue from operations primarily comprises of interest income, fee income and commission income and net gain on fair value changes (including treasury income). Interest income primarily includes interest on loans.

Other income

Our other income primarily comprises of fees for provision of facilities and services, income from marketing services which primarily relates to our branding activities, liability no longer required written back, interest on income tax refunds, sublease income and miscellaneous income. Provision of facilities and services primarily comprise of fees for display of branding material on our website and branches. Miscellaneous income is the incremental amount that is recognized for distributing loan

against property and housing loans for our Promoter, Federal Bank.

Expenses

Finance costs

Finance costs primarily comprises of interest on borrowings (other than debt securities), interest on debt securities, interest on subordinated liabilities and interest on lease liability pertaining to leasehold branch premises and other interest expense in the nature of ancillary borrowing cost.

Fees and commission expenses

Fees and commission expenses primarily comprises of expenses incurred in relation to earning of the distribution fee income.

Impairment on financial instruments and other receivables

Impairment on financial instruments and other receivables primarily comprises of bad debts and write off, and provision for impairment loss allowance recognized on loans, investment and trade receivables and others.

Employee benefits expenses

Employee benefit expenses primarily comprise of salaries and wages, contribution to provident and other funds, share based payments to employees and staff welfare expenses.

Depreciation, amortization and impairment

Depreciation, amortization and impairment expenses includes depreciation on property, plant and equipment, amortization of intangible assets and depreciation of right-of-use assets.

Other expenses

Other expenses primarily comprises of legal and professional fees, housekeeping and security charges, goods and service tax expenses and repairs and maintenance – others primarily constituting of repair expenses which are incurred at various branches.

Tax expenses

Our tax expenses primarily comprises of current tax and deferred tax. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and provisions of the applicable tax laws. Deferred tax liability or credit is recognized based on the difference between taxable profit and book profit due to the effect of timing differences. We measure our deferred tax based on the applicable tax rates and tax laws that have been enacted or substantively enacted by the relevant balance sheet date.

Other comprehensive income

Other comprehensive income / (loss) comprises (i) re-measurement gain / (losses) on defined benefit plans; and (ii) tax effect on (i) above.

Segment information

We have identified the business into three business segments, namely distribution segment, retail finance segment and wholesale finance segment. The Retail finance segment comprises of gold loans, loan against property, MSE loan against property, business loans, personal loans and housing finance. The Distribution segment comprises of distributing housing loans, personal car loans, personal loans, home equity mortgage loans and retail asset products – end to end sourcing and sales for our Promoter, Federal Bank. Wholesale finance segment comprises of construction finance to developers and loans to other NBFCs. We undertook the wholesale finance business prior to March 31, 2020. We have since limited this business and have not made any fresh sanction. We are servicing the existing loans as on the respective dates subsequent to March 31, 2020. While we have reduced our exposure to the wholesale finance business and are not currently focusing on growing this business, we may opportunistically look to grow this business in the future.

Segment revenue is as follows:

Segments	Retail Finance				Distribution				Whole Sale Finance				Total			
	Six months ended September 30, 2021	Fiscal 2021	Fiscal 2020	Fiscal 2019	Six months ended September 30, 2021	Fiscal 2021	Fiscal 2020	Fiscal 2019	Six months ended September 30, 2021	Fiscal 2021	Fiscal 2020	Fiscal 2019	Six months ended September 30, 2021	Fiscal 2021	Fiscal 2020	Fiscal 2019
Segment Revenue	3754.86	6361.75	3727.15	1759.22	112.10	237.60	238.50	181.06	106.00	396.18	527.72	571.56	3972.96	6995.54	4493.37	2511.83

Six months ended September 30, 2021

Total revenue

Our total revenue was ₹ 4,090.26 million for six months ended September 30, 2021.

Revenue from operations. Our revenue from operations was ₹ 4,056.74 million for six months ended September 30, 2021, primarily comprising of interest income of ₹ 3,855.06 million. This was primarily attributable to interest on loans of ₹ 3,772.84 million.

Other income. Our other income was ₹ 33.52 million for six months ended September 30, 2021, primarily comprising of fees for provision of facilities and services of ₹ 31.32 million.

Expenses

Finance costs. Our finance costs was ₹ 1,691.04 million for six months ended September 30, 2021, which primarily included interest on borrowings (other than debt securities) of ₹ 1,296.11 million and interest on debt securities of ₹ 219.52 million.

Fees and commission expenses. Our fees and commission expenses was ₹ 58.57 million, which included commission and brokerage of ₹ 58.57 million. The fees and commission expenses were incurred in relation to earning of the distribution fee income.

Impairment on financial instruments and other receivables. The impairment on financial instruments and other receivables was ₹ 557.61 million, which primarily included impairment on loan of ₹ 407.48 million and bad debts – loan written off of ₹ 133.49 million.

Employee benefits expenses. The employee benefits expense was ₹ 821.24 million for six months ended September 30, 2021, primarily comprising of salaries and wages of ₹ 743.40 million.

Depreciation, amortization and impairment. Our depreciation, amortization and impairment expense was ₹ 153.50 million for six months ended September 30, 2021, primarily comprising of depreciation on property, plant and equipment and amortization charge on intangible assets primarily relating to branches.

Other expense. Our other expenses was ₹ 356.94 million for six months ended September 30, 2021, primarily comprising of legal and professional fees of ₹ 62.43 million, housekeeping and security charges of ₹ 54.37 million, goods and service tax expenses of ₹ 51.64 million and repairs and maintenance – others of ₹ 40.95 million. Repairs and maintenance – others primarily constitutes repair expenses incurred at our various branches.

Tax expenses

Our tax expense was ₹ 115.70 million for six months ended September 30, 2021. For six months ended September 30, 2021, we had a current tax expense of ₹ 147.27 million and a deferred tax credit of ₹ 31.57 million primarily on account of loan loss provision created by us. Our effective tax rate (which represents the income tax expenses to profit before tax during the relevant period, expressed as a percentage) was 25.73% for the six months ended September 30, 2021.

Profit / (loss) for the period / year

For the reasons discussed above, our restated profit was ₹ 335.66 million for six months ended September 30, 2021.

Other comprehensive income / (loss)

Other comprehensive income was ₹ 0.90 million for six months ended September 30, 2021, on account of remeasurement gain on defined benefit plans.

Total comprehensive income

Our total comprehensive income was ₹ 336.56 million for six months ended September 30, 2021.

Fiscal 2021 compared to Fiscal 2020

Total revenue

Our total revenue increased by 49.69% to ₹ 6,975.66 million for Fiscal 2021 from ₹ 4,660.18 million for Fiscal 2020. This increase was primarily due to an increase in revenue from operations.

Revenue from operations. Our revenue from operations increased by 52.47% to ₹ 6,918.25 million for Fiscal 2021 from ₹ 4,537.43 million for Fiscal 2020, primarily due to an increase in interest income to ₹ 6,581.08 million for Fiscal 2021 from ₹ 4,216.30 million for Fiscal 2020. This was primarily attributable to an increase in interest on loans to ₹ 6,371.94 million for Fiscal 2021 from ₹ 4,052.96 million for Fiscal 2020, due to growth in AUM which increased by 26.69% to ₹ 48,624.31 million as of March 31, 2021 from ₹ 38,381.73 million as of March 31, 2020. The growth in AUM was primarily due to an increase in gold loans.

Other income. Our other income decreased by 53.23% to ₹ 57.41 million for Fiscal 2021 from ₹ 122.75 million for Fiscal 2020, primarily due to a decrease in fees for provision of facilities and services to ₹ 44.42 million for Fiscal 2021 from ₹ 103.11 million for Fiscal 2020. The decrease in fees for provision of facilities and services was due to an adverse impact of COVID-19 pandemic on business activities.

Expenses

Finance costs. The finance costs increased by 55.74% to ₹ 3,131.91 million for Fiscal 2021 from ₹ 2,011.03 million for Fiscal 2020, primarily due to an increase in interest on borrowings (other than debt securities) to ₹ 2,564.88 million for Fiscal 2021 from ₹ 1,839.42 million for Fiscal 2020, an increase in interest on debt securities to ₹ 328.81 million for Fiscal 2021 from ₹ 111.55 million for Fiscal 2020 and an increase in interest on subordinated liabilities to ₹ 124.09 million for Fiscal 2021 from ₹ 0.00 million for Fiscal 2020. This was primarily attributable to an increase in our average total borrowings to ₹ 37,728.42 million for Fiscal 2021 from ₹ 24,088.71 million for Fiscal 2020 as we required additional capital due to growth in our AUM.

Fees and commission expenses. The fees and commission expenses decreased by 2.86% to ₹ 120.37 million for Fiscal 2021 from ₹ 123.91 million for Fiscal 2020, primarily due to a marginal decrease in our commission and brokerage ₹ 120.37 million for Fiscal 2021 from ₹ 123.91 million for Fiscal 2020.

Impairment on financial instruments and other receivables. The impairment on financial instruments and other receivables increased by 233.24% to ₹ 712.22 million for Fiscal 2021 from ₹ 213.72 million for Fiscal 2020. This was primarily due to an increase in our bad debts- loan written off to ₹ 290.41 million for Fiscal 2021 from ₹ 0.00 million for Fiscal 2020 and an increase in impairment on loan to ₹ 411.58 million for Fiscal 2021 from ₹ 210.73 million for Fiscal 2020. The increase in impairment of loans included additional management overlay on account of COVID-19 pandemic.

Employee benefits expenses. The employee benefits expense increased by 30.52% to ₹ 1,315.90 million for Fiscal 2021 from ₹ 1,008.19 million for Fiscal 2020, primarily due to an increase in salary and wages to ₹ 1,190.84 million for Fiscal 2021 from ₹ 905.86 million for Fiscal 2020. The increase in salary and wages was due to an increase in the number of our employees as a result of growth in our business and annual increments given to our employees. Our number of employees increased to 2,125 employees as of March 31, 2021 from 1,890 employees as of March 31, 2020.

Depreciation, amortization and impairment. Our depreciation, amortization and impairment expense increased by 41.94% to ₹ 272.69 million for Fiscal 2021 from ₹ 192.12 million for Fiscal 2020, primarily due to increases in the depreciation on property, plant and equipment, and increases in the depreciation on right of use asset. The increase was primarily attributable to the increase in branch premises to 359 branches in Fiscal 2021 from 303 branches in Fiscal 2020 and various other assets acquired at such branch premises.

Other expense. Our other expenses increased by 18.51% to ₹ 653.29 million for Fiscal 2021 from ₹ 551.25 million for Fiscal 2020, primarily due to an increase in:

- housekeeping and security charges to ₹ 100.61 million for Fiscal 2021 from ₹ 51.90 million for Fiscal 2020, primarily due to increase in number of branches; and
- Servicing fees – MFI to ₹ 151.01 million for Fiscal 2021 from ₹ 117.23 million for Fiscal 2020, primarily due to servicing higher average AUM.

Tax expenses

Our tax expenses decreased by 9.58% to ₹ 152.44 million for Fiscal 2021 from ₹ 168.60 million for Fiscal 2020. For Fiscal 2021, we primarily had a current tax expense of ₹ 292.36 million and a deferred tax credit of ₹ 139.92 million which was on account of deferred tax assets created on certain items of deductible temporary differences. For Fiscal 2020, we primarily had a current tax expense of ₹ 180.17 million and a deferred tax credit of ₹ 11.57 million which was on account of deferred tax assets. Our effective tax rate (which represents the income tax expenses to profit before tax during the relevant year, expressed as a percentage) was 19.82% and 30.11% for the Fiscals 2021 and 2020, respectively.

Profit / (loss) for the period / year

For the reasons discussed above, our profit for the year increased by 57.61% to ₹ 616.84 million for Fiscal 2021 from ₹ 391.36 million for Fiscal 2020.

Other comprehensive income

Our other comprehensive income increased by 324.49% to ₹ 3.30 million for Fiscal 2021 from ₹ (1.47) million for Fiscal 2020, on account of remeasurement gain on defined benefit plans.

Total comprehensive income

Our total comprehensive income increased by 59.06% to ₹ 620.14 million for Fiscal 2021 from ₹ 389.89 million for Fiscal 2020.

Fiscal 2020 compared to Fiscal 2019

Total revenue

Our total revenue increased by 82.37% to ₹ 4,660.18 million for Fiscal 2020 from ₹ 2,555.37 million for Fiscal 2019. This increase was primarily due to an increase in revenue from operations.

Revenue from operations. Our revenue from operations increased by 79.19% to ₹ 4,537.43 million for Fiscal 2020 from ₹ 2,532.12 million for Fiscal 2019, primarily due to an increase in interest income to ₹ 4,216.30 million for Fiscal 2020 from ₹ 2,308.67 million for Fiscal 2019. This was primarily attributable to an increase in interest on loans to ₹ 4,052.96 million for Fiscal 2020 from ₹ 2,276.50 million for Fiscal 2019, due to growth in AUM which increased by 90.08% to ₹ 38,381.73 million as of March 31, 2020 from ₹ 20,192.76 million as of March 31, 2019. The growth in AUM was primarily due to an increase in our gold loan, medium ticket LAP and small ticket LAP AUM portfolio.

Other income. Our other income increased by 427.96% to ₹ 122.75 million for Fiscal 2020 from ₹ 23.25 million for Fiscal 2019, primarily due to an increase in the fees for provision of facilities and services to ₹ 103.11 million for Fiscal 2020 from ₹ 15.84 million for Fiscal 2019. The increase in the fees for provision of facilities and services was due to scale up in the business activities.

Expenses

Finance costs. The finance costs increased by 76.51% to ₹ 2,011.03 million for Fiscal 2020 from ₹ 1,139.36 million for Fiscal 2019, primarily due to An increase in interest on borrowings (other than debt securities) to ₹ 1,839.42 million for Fiscal 2020 from ₹ 957.03 million for Fiscal 2019. This was primarily attributable to an increase in the average total borrowings to ₹ 24,088.71 million for Fiscal 2020 from ₹ 14,098.35 million for Fiscal 2019 as we required additional capital due to growth in

our AUM. This was partially offset by a decrease in the interest on debt securities to ₹ 111.55 million for Fiscal 2020 from ₹ 156.54 million for Fiscal 2019. This was primarily attributable to a decrease in our commercial paper borrowings.

Fees and commission expenses. The fees and commission expenses increased by 32.69% to ₹ 123.91 million for Fiscal 2020 from ₹ 93.38 million for Fiscal 2019, primarily due to an increase in commission and brokerage to ₹ 123.91 million for Fiscal 2020 from ₹ 93.38 million for Fiscal 2019. The increase in commission and brokerage was due to an increase in the volume of our distribution business.

Impairment on financial instruments and other receivables. The impairment on financial instruments and other receivables increased by 572.92% to ₹ 213.72 million for Fiscal 2020 from ₹ 31.76 million for Fiscal 2019. This was primarily due to an increase in impairment on loans to ₹ 210.73 million for Fiscal 2020 from ₹ 30.94 million for Fiscal 2019. The increase in impairment of loans included additional management overlay on account of COVID-19 pandemic.

Employee benefits expenses. The employee benefits expense increased by 111.18% to ₹ 1,008.19 million for Fiscal 2020 from ₹ 477.40 million for Fiscal 2019, primarily due to an increase in salary and wages to ₹ 905.86 million for Fiscal 2020 from ₹ 431.58 million for Fiscal 2019. The increase in salary and wages was due to an increase in the number of our employees as a result of growth in our business and annual increments given to our employees. Our number of employees increased to 1,890 employees as of March 31, 2020 from 964 employees as of March 31, 2019.

Depreciation, amortization and impairment. Our depreciation, amortization and impairment expense increased by 147.93% to ₹ 192.12 million for Fiscal 2020 from ₹ 77.49 million for Fiscal 2019, primarily due to an increase in the depreciation on property, plant and equipment, and increases in the depreciation on right of use asset. The increase was primarily attributable to the increase in branch premises to 303 branches in Fiscal 2020 from 148 branches in Fiscal 2019 and various other assets acquired at such branch premises.

Other expense. Our other expenses increased by 141.96% to ₹ 551.25 million for Fiscal 2020 from ₹ 227.83 million for Fiscal 2019, primarily due to an increase in:

- Servicing fees – MFI to ₹ 117.23 million for Fiscal 2020 from ₹ 6.33 million for Fiscal 2019;
- Goods and service tax expenses to ₹ 83.21 million for Fiscal 2020 from ₹ 33.83 million for Fiscal 2019; and
- Legal and professional fees to ₹ 86.05 million for Fiscal 2020 from ₹ 44.62 million.

Tax expenses

Our tax expenses increased by 14.84% to ₹ 168.60 million for Fiscal 2020 from ₹ 146.81 million for Fiscal 2019. For Fiscal 2020, we primarily had a current tax expense of ₹ 180.17 million and a deferred tax credit of ₹ 11.57 million which was on account of deferred tax assets. For Fiscal 2019, we primarily had a current tax expense of ₹ 149.98 million and a deferred tax credit of ₹ 3.17 million. The deferred tax credit was primarily on account of loan loss provision created. Our effective tax rate (which represents the income tax expenses to profit before tax during the relevant year, expressed as a percentage) was 30.11% and 28.89% for Fiscals 2020 and 2019, respectively.

Profit / (loss) for the period / year

For the reasons discussed above, our profit for the year increased by 8.31% to ₹ 391.36 million for Fiscal 2020 from ₹ 361.34 million for Fiscal 2019.

Other comprehensive income

Our other comprehensive income decreased by 108.83% to ₹ (1.47) million for Fiscal 2020 from ₹ 16.65 million for Fiscal 2019, on account of remeasurement loss on defined benefit plans and reversal of gain on effective portion in cash flow hedge.

Total comprehensive income

Our total comprehensive income increased by 3.15% to ₹ 389.89 million for Fiscal 2020 from ₹ 377.99 million for Fiscal 2019.

Financial Position

Our net worth was ₹ 10,696.31 million, ₹ 8,347.34 million, ₹ 6,911.62 million and ₹ 4,586.25 million as of September 30, 2021, March 31, 2021, March 31, 2020 and March 31, 2019, respectively.

Assets

The following table sets forth the principal components of our assets as of September 30, 2021 and March 31, 2021, March 31, 2020 and March 31, 2019:

(₹ in million)				
	As of September 30, 2021	As of March 31,		
		2021	2020	2019
Financial assets				
Cash and cash equivalents	4,455.75	5,260.32	1,422.86	91.11
Bank balances other than cash and cash equivalents	334.54	1,547.56	750.20	250.00
Receivables

Loans	49,022.09	45,521.41	36,865.16	20,066.14
Investments	1,301.01	324.93	413.65	125.42
Other financial assets	118.57	135.29	82.77	302.24
Total financial assets	55,377.26	52,833.19	39,571.72	20,898.64
Non-financial assets				
Current tax assets (net)	176.58	98.59	83.95	40.60
Deferred tax assets (net)	235.06	203.79	64.96	52.90
Property, plant and equipment	243.11	188.56	171.37	50.12
Right of use assets	1,147.84	1,118.48	875.26	402.56
Capital work in progress	39.07	9.63	4.23	3.09
Other intangible assets	27.35	23.14	19.81	8.02
Other non-financial assets	201.11	187.67	70.60	50.19
Total non-financial assets	2,070.12	1,829.86	1,290.18	607.48
Total Assets	57,447.38	54,663.05	40,861.90	21,506.12

As of September 30, 2021, we had total assets of ₹ 57,447.38 million, compared to ₹ 54,663.05 million as of March 31, 2021 compared to ₹ 40,861.90 million as of March 31, 2020 and ₹ 21,506.12 million as of March 31, 2019. The increase in our total assets was primarily on account of:

- growth in the origination of our loans and loan portfolio. The growth was on account of increase in number of our branches and customers; and
- an increase in cash and cash equivalents, and other bank balances (other than cash and cash equivalents), due to equity infusion and an increase in borrowings. For further details in relation to equity infusion, see “*Capital Structure – Notes to the Capital Structure – Share Capital history of our Company*” on page 85.

Financial assets

Cash and cash equivalents

As of September 30, 2021, we had cash and cash equivalents of ₹ 4,455.75 million, compared to ₹ 5,260.32 million as of March 31, 2021, compared to ₹ 1,422.86 million as of March 31, 2020 and ₹ 91.11 million as of March 31, 2019. Our cash and cash equivalents decreased primarily between March 31, 2021 and September 30, 2021 due to utilization of funds for onward lending to customers. Our cash and cash equivalents increased between March 31, 2020 and March 31, 2021 primarily due to increased borrowings and higher liquidity maintained in Fiscal 2021 to mitigate liquidity risk during the COVID-19 pandemic. Our cash and cash equivalents increased between March 31, 2019 and March 31, 2020 primarily due to the onset of COVID-19 pandemic and the consequent reduction in our borrowings, especially during the month of March 2020, and to ensure compliance with our liquidity policy.

Bank balances

As of September 30, 2021, we had bank balances of ₹ 334.54 million, compared to ₹ 1,547.56 million as of March 31, 2021, compared to ₹ 750.20 million as of March 31, 2020 and ₹ 250.00 million as of March 31, 2019. The variations in other bank balance were largely due to movements in fixed deposits with banks in line with our liquidity management requirements.

Receivables

As of September 30, 2021, we had receivables of ₹ 145.30 million, compared to ₹ 43.68 million as of March 31, 2021, compared

to ₹ 37.08 million as of March 31, 2020 and ₹ 63.73 million as of March 31, 2019. The variations in receivables are on account of the actual pattern of invoicing, accrual and collections.

Loans

As September 30, 2021, we had loans of ₹ 49,022.09 million, compared to ₹ 45,521.41 million as of March 31, 2021, compared to ₹ 36,865.16 million as of March 31, 2020 and ₹ 20,066.14 million as of March 31, 2019. Our loans increased between March 31, 2019 and September 30, 2021 primarily on account of growth in our loan portfolio. The growth was on account of increase in number of our branches and customers.

Investments

As of September 30, 2021, we had investments of ₹ 1,301.01 million, compared to ₹ 324.93 million as of March 31, 2021, compared to ₹ 413.65 million as of March 31, 2020 and ₹ 125.42 million as of March 31, 2019. Investments primarily consist of investments in mutual funds.

Other financial assets

As of September 30, 2021, we had other financial assets of ₹ 118.57 million, compared to ₹ 135.29 million as of March 31, 2021, compared to ₹ 82.77 million as of March 31, 2020 and ₹ 302.24 million as of March 31, 2019. The other financial assets primarily consist of security deposits related to our branches taken on lease.

Non-financial assets

Current tax assets (net)

As of September 30, 2021, we had current tax assets (net) of ₹ 176.58 million, compared to ₹ 98.59 million as of March 31, 2021, compared to ₹ 83.95 million as of March 31, 2020 and ₹ 40.60 million as of March 31, 2019. The current tax assets (net) increased between March 31, 2019 and September 30, 2021 on account of advance tax paid and TDS deduction by third party.

Deferred tax assets (net)

As of September 30, 2021, we had deferred tax assets (net) of ₹ 235.06 million, compared to ₹ 203.79 million as of March 31, 2021, compared to ₹ 64.96 million as of March 31, 2020 and ₹ 52.90 million as of March 31, 2019. The increase between March 31, 2019 and September 30, 2021 was primarily due to increased impairment allowance and provisions towards employee benefits (gratuity/leave encashment/bonus) and unamortized processing fees on borrowing/advances, which carry differential treatment from a tax perspective.

Property, plant and equipment

As of September 30, 2021, we had property, plant and equipment of ₹ 243.11 million, compared to ₹ 188.56 million as of March 31, 2021, compared to ₹ 171.37 million as of March 31, 2020 and ₹ 50.12 million as of March 31, 2019. The increase between March 31, 2019 and September 30, 2021 was primarily due to increase in number of employees and branches. This led to additions of property, plant and equipment

Right of use assets

As of September 30, 2021, we had right of assets of ₹ 1,147.84 million, compared to ₹ 1,118.48 million as of March 31, 2021, compared to ₹ 875.26 million as of March 31, 2020 and ₹ 402.56 million as of March 31, 2019. The increase between March 31, 2021 and September 30, 2021 was primarily on account of entering into additional leases in connection with our new branches.

Capital work in progress

As of September 30, 2021, we had capital work in progress of ₹ 39.07 million, compared to ₹ 9.63 million as of March 31, 2021, compared to ₹ 4.23 million as of March 31, 2020 and ₹ 3.09 million as of March 31, 2019.

Other intangible assets

As of September 30, 2021, we had other intangible assets of ₹ 27.35 million, compared to ₹ 23.14 million as of March 31, 2021, compared to ₹ 19.81 million as of March 31, 2020 and ₹ 8.02 million as of March 31, 2019. The increase in our intangible assets from March 31, 2019 to September 30, 2021 was primarily on account of capitalization of intangible assets being put to use.

Other non-financial assets

As of September 30, 2021, we had other non-financial assets of ₹ 201.11 million, compared to ₹ 187.67 million as of March 31, 2021, compared to ₹ 70.60 million as of March 31, 2020 and ₹ 50.19 million as of March 31, 2019.

Financial liabilities

Trade payables

As of September 30, 2021, we had trade payables of ₹ 93.70 million, compared to ₹ 43.25 million as of March 31, 2021, compared to ₹ 60.09 million as of March 31, 2020 and ₹ 65.27 million as of March 31, 2019.

Debt securities

As of September 30, 2021, we had debt securities of ₹ 5,879.86 million, compared to ₹ 5,936.98 million as of March 31, 2021 compared to ₹ 1,217.80 million as of March 31, 2020 and ₹ 1,966.82 million as of March 31, 2019. The increase in debt securities between March 31, 2019 and September 30, 2021 was primarily on account of Issuance of debentures and commercial papers.

Borrowings (other than debt securities)

As of September 30, 2021, we had borrowings (other than debt securities) of ₹ 35,393.52 million, compared to ₹ 34,759.35

million as of March 31, 2021 compared to ₹ 30,958.13 million as of March 31, 2020 and ₹ 14,034.67 million as of March 31, 2019. The increase in borrowings (other than debt securities) between March 31, 2019 and September 30, 2021 was primarily on account of increases in our borrowings through term loans and collateralized borrowing recognized on sale of loans through securitisation transactions.

Subordinated liabilities

As of September 30, 2021, we had subordinated liabilities of ₹ 2,464.89 million, compared to ₹ 2,584.59 million as of March 31, 2021, compared to ₹ 0.00 million as of March 31, 2020 and ₹ 0.00 million as of March 31, 2019.

Lease liabilities

As of September 30, 2021, we had lease liabilities of ₹ 1,295.82 million, compared to ₹ 1,246.26 million as of March 31, 2021, compared to ₹ 897.70 million as of March 31, 2020 and ₹ 392.10 million as of March 31, 2019. The increase is on account of entering into additional leases in connection with our new branches.

Other financial liabilities

As of September 30, 2021, we had other financial liabilities of ₹ 1,340.34 million, compared to ₹ 1,581.11 million as of March 31, 2021, compared to ₹ 474.21 million as of March 31, 2020 and ₹ 333.04 million as of March 31, 2019. The increase in other financial liabilities from March 31, 2019 to March 31, 2021 was primarily on account of expenses related accruals and remittances payable towards new direct assignment sell down.

Non-financial liabilities

Provisions

As of September 30, 2021, we had provisions of ₹ 35.65 million, compared to ₹ 30.27 million as of March 31, 2021, compared to ₹ 19.18 million as of March 31, 2020 and ₹ 5.38 million as of March 31, 2019. The increase in provisions from March 31, 2019 to September 30, 2021 was primarily on account of liability provision made for employee retirement benefits that are actuarial determined.

Other non-financial liabilities

As of September 30, 2021, we had other non-financial liabilities of ₹ 247.29 million, compared to ₹ 133.90 million as of March 31, 2021, compared to ₹ 323.17 million as of March 31, 2020 and ₹ 118.29 million as of March 31, 2019.

Equity

As of September 30, 2021, our total equity was ₹ 10,696.31 million, representing 18.62% of our total assets. As of March 31, 2021, our total equity was ₹ 8,347.34 million, representing 15.27% of our total assets. As of March 31, 2020, our total equity was ₹ 6,911.62 million, representing 16.91% of our total assets. As of March 31, 2019, our total equity was ₹ 4,586.25 million, representing 21.33% of our total assets. The increase in our total equity between March 31, 2019 and September 30, 2021, was primarily due to Equity infusions and an increase in our retained earnings. For further details in relation to equity infusions, see “*Capital Structure – Notes to the Capital Structure – Share Capital history of our Company*” on page 85.

Liquidity and Capital Resources

We have historically secured financing from diversified sources of capital from banks, financial institutions, mutual funds and other domestic and foreign financial institutions, including term loans, proceeds from loans securitized, proceeds from the issuance of NCDs and proceeds from loans assigned, to meet our capital requirements. As of September 30, 2021, March 31, 2021, March 31, 2020 and March 31, 2019, our total borrowings were ₹ 43,738.27 million, ₹ 43,280.92 million, ₹ 32,175.93 million and ₹ 16,001.49 million, respectively.

We actively manage our liquidity and capital position by raising funds periodically. We regularly monitor our capital levels to ensure that we are able to satisfy the requirements for loan disbursements and maturity of our liabilities. All our loan agreements contain a number of covenants including financial covenants. For details, see “*Financial Indebtedness*” and “*Risk Factors – Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, results of operations and financial condition*” on pages 389 and 36, respectively.

For more information about our liquidity management, see “*Our Business*” beginning on page 175.

Cash flows

The following table sets forth our cash flows and cash and cash equivalents for the period indicated:

(in ₹ million)

	As at September 30,	Fiscals		
	2021	2021	2020	2019
Net cash generated from / (used in) Operating Activities	(1,675.67)	(3,712.29)	(13,969.22)	(4,447.00)
Net cash generated from / (used in) Investing Activities	186.90	(705.25)	(687.51)	(552.20)
Net cash generated from / (used in) Financing Activities	684.20	8,255.00	15,988.48	4,948.40
Net increase / (decrease) in cash and cash equivalents	(804.57)	3,837.46	1,331.75	(50.80)
Cash and cash equivalents at the beginning of the period/year	5,260.32	1,422.86	91.11	141.91
Closing balance of cash and cash equivalents	4,455.75	5,260.32	1,422.86	91.11

For further details in relation to the cash flows, see “Restated Financial Information – Restated Cash Flow Statement” on page 275.

Operating activities

Net cash flows used in operating activities was ₹ 1,675.67 million for six months ended September 30, 2021. While our net profit before tax of ₹ 451.36 million, we had an operating profit before working capital changes of ₹ 2,746.73 million. This increase was primarily due to finance costs of ₹ 1,691.04 million and impairment of financial instruments of ₹ 557.61 million. Our changes in working capital for the six months ended September 30, 2021 primarily consisted of an increase in loans of ₹ 4,027.19 million on accounts of increased loan disbursements to our customers.

Net cash flows used in operating activities was ₹ 3,712.29 million for Fiscal 2021. While our net profit before tax of ₹ 769.28 million, we had an operating profit before working capital changes of ₹ 4,703.41 million. This increase was primarily due to finance costs of ₹ 3,131.91 million and impairment of financial instruments of ₹ 712.22 million. Our changes in working capital for Fiscal 2021 primarily consisted of an increase in loans of ₹ 8,858.25 million on accounts of increased loan disbursements to our customers.

Net cash flows used in operating activities was ₹ 13,969.22 million for Fiscal 2020. While our net profit before tax of ₹ 559.96 million, we had an operating profit before working capital changes of ₹ 2,846.20 million. This increase was primarily due to finance costs of ₹ 2,011.03 million and impairment of financial instruments of ₹ 213.72 million. Our changes in working capital for Fiscal 2020 primarily consisted of an increase in loans of ₹ 17,085.85 million on accounts of increased loan disbursements to our customers.

Net cash flows used in operating activities was ₹ 4,447.00 million for Fiscal 2019. While our net profit before tax of ₹ 508.15 million we had an operating profit before working capital changes of ₹ 1,732.12 million. This increase was primarily due to finance costs of ₹ 1,139.36 million. Our changes in working capital for Fiscal 2019 primarily consisted of an increase in loans of ₹ 5,933.36 million on accounts of increased loan disbursements to our customers.

Investing activities

Net cash flows generated from investing activities was ₹ 186.90 million for six months ended September 30, 2021, primarily due to redemption of mutual fund of ₹ 17,582.80 million and redemption of fixed deposit of ₹ 1,213.00 million, which was partially offset by investment in mutual fund of ₹ 18,439.30 million.

Net cash flows used in investing activities was ₹ 705.25 million for Fiscal 2021, primarily due to investment in mutual fund of ₹ 26,912.80 million and investment in fixed deposit of ₹ 797.40 million. These cash outflows were partially offset by redemption of mutual fund of ₹ 26,982.65 million.

Net cash flows used in investing activities was ₹ 687.51 million for Fiscal 2020, primarily due to investment in mutual fund of ₹ 3,310.00 million and investment in fixed deposit of ₹ 249.90 million. These cash outflows were partially offset by redemption of mutual fund of ₹ 3,010.80 million.

Net cash flows used in investing activities was ₹ 552.20 million for Fiscal 2019, primarily due to investment in mutual fund of ₹ 3,020.00 million and investment in fixed deposit of ₹ 500.00 million. These cash outflows were partially offset by redemption of mutual fund of ₹ 3,027.10 million.

Financing activities

Net cash flows generated from financing activities was ₹ 684.20 million for six months ended September 30, 2021, primarily

due to share premium of ₹ 1,714.60 million and borrowings of ₹ 743.31 million. This was partially offset by finance cost of ₹ 1,935.41 million.

Net cash flows generated from financing activities was ₹ 8,255.00 million for Fiscal 2021, primarily due to debt securities of ₹ 4,539.70 million, borrowings of ₹ 3,674.80 million and subordinated borrowing of ₹ 2,499.90 million. This was partially offset by finance cost of ₹ 3,021.55 million.

Net cash flows generated from financing activities was ₹ 15,988.48 million for Fiscal 2020, primarily due to borrowings of ₹ 16,919.70 million and share premium of ₹ 1,491.00 million. This was partially offset by finance cost of ₹ 1,960.10 million and debt securities of ₹ 749.02 million.

Net cash flows generated from financing activities was ₹ 4,948.40 million for Fiscal 2019, primarily due to borrowings of ₹ 4,652.40 million and share premium of ₹ 1,285.60 million. This was partially offset by finance cost of ₹ 1,119.70 million.

Financial Indebtedness

As of September 30, 2021, our total borrowings were ₹ 43,738.27 million. For details of our total borrowings as of December 31, 2021, see “*Financial Indebtedness*” on page 389. Our Company has issued non-convertible debentures which are listed on the debt segment of BSE. The following table sets forth certain information relating to outstanding indebtedness as of September 30, 2021, and our repayment obligations in the periods indicated:

(in ₹ million)

	Payment due by period				
	Total	Less than one year	1-3 years	3-5 years	More than 5 years
Debt securities	5,879.86	3,948.70	1,931.16	-	-
Borrowings (other than debt securities)	35,393.52	12,140.00	17,367.74	5,311.40	474.39
Subordinate liabilities	2,464.89	0.13	-	-	2,464.76
Total	43,738.27	16,188.82	19,298.90	5,311.40	2,939.15

Capital and other commitments

As of September 30, 2021, we had capital commitments - estimated amount of contracts remaining to be executed on capital account and not provided for of ₹ 159.05 million and other commitments - loans sanctioned to borrowers pending disbursement of ₹ 611.10 million.

Securitization arrangements

During Fiscals 2021, 2020 and 2019, we securitized assets worth ₹ 203.90 million, ₹ 0.00 million and ₹ 0.00 million, respectively. We had no securitization arrangements during six months ended September 30, 2021.

Assignment transactions

During six months ended September 30, 2021, Fiscals 2021, 2020 and 2019, we assigned assets worth ₹ 175.10 million, ₹ 1,342.47 million, ₹ 1,266.20 million and ₹ 0.00 million, respectively.

Contingent liabilities and commitments

The table sets forth our contingent liabilities as per Ind AS 37 as at September 30, 2021:

(in ₹ million)

Contingent liabilities	As at September 30, 2021
Disputed income taxes	3.60
Others	2.30

For details in relation to our contingent liabilities as at September 30, 2021, see “*Restated Financial Information – Note 51 – Contingent Liabilities (to the extent not provided for)*” beginning on page 350.

Off-balance sheet commitments and arrangements

Except as disclosed above in “*Securitization Arrangements*” and “*Assignment Transactions*”, we do not have any off-balance sheet arrangements, derivative instruments, swap transactions or relationships with affiliates or other unconsolidated entities or financial partnerships that would have been established for the purpose of facilitating off-balance sheet arrangements.

Capital Expenditure

For the six months ended September 30, 2021, we added property, plant and equipment of ₹ 95.02 million, primarily for office equipment, lease improvements, furniture and fixtures and computer equipment.

For the Fiscal 2021, we added property, plant and equipment of ₹ 91.41 million, primarily for office equipment, lease improvements, furniture and fixtures and computer equipment.

For the Fiscal 2020, we added property, plant and equipment of ₹ 170.96 million, primarily for office equipment, lease improvements, furniture and fixtures and computer equipment.

For the Fiscal 2019, we added property, plant and equipment of ₹ 33.65 million, primarily for office equipment, lease improvements, furniture and fixtures and computer equipment.

Capital to risk-weighted assets ratio

The following table sets forth certain details of our CRAR derived from our Restated Financial Information, as of the dates indicated:

	As of			
	September 30, 2021	March 31, 2021	March 31, 2020	March 31, 2019
CRAR (%)	25.63%	23.52%	17.89%	21.61%
CRAR – Tier I capital (%)	20.25%	17.10%	17.53%	21.42%
Capital adequacy ratio – Tier II capital (%)	5.38%	6.42%	0.36%	0.19%

For further details in relation to CRAR, see “*Risk Factors – Our inability to maintain our capital adequacy ratio could adversely affect our business, results of operations and our financial performance*” on page 38.

Debt/Equity Ratio

Our debt/equity ratio was 4.09 as of September 30, 2021, 5.18 as of March 31, 2021, 4.66 as of March 31, 2020 and 3.49 as of March 31, 2019.

“Total debt” represents the aggregate of debt securities, borrowings (other than debt securities) and subordinated liabilities.

“Equity” represents the aggregate of share capital and other equity.

Credit Ratings

Our current credit ratings are set forth below:

Rating Agency	Instrument	Credit Ratings
CARE	Non-convertible debentures	AA-/stable
Acuite Ratings & Research Limited	Commercial paper	A1+
CRISIL	Commercial paper	A1+
India Rating and Research Private Ltd.	Long term bank facility	AA-/stable
India Rating and Research Private Ltd.	Non-convertible debentures	AA-/stable
ICRA Limited	Commercial paper	A1+

Related party transactions

Quantitative and Qualitative Analysis of Market Risks

We are exposed to various types of market risks during the normal course of business. For further details, see “*Risk Factors*” on page 26:

We have exposure to the following risks:

Credit risk

Credit risk is the risk of financial loss to us if a customer or counterparty for financial instruments fails to meet its contractual obligation, and arises principally from our placements and balances with other banks, loans to customers, government securities and other financial assets. The Risk Management Committee reviews and approves loan product programs on an ongoing basis.

These product programs outline the framework of any credit financial product being offered by us. Within the framework, credit policies are incorporated to manage, among other things, the sourcing of proposals, channels of business acquisition, process of underwriting, information systems involved, verification, documentation, disbursement procedures, portfolio quality triggers, recover mechanism and NPA management.

For further details, see “*Restated Financial Information – 44. Risk Management*” and “*Our Business – Description of our Business and Operations – Risk Management Framework*” on pages 325 and 195, respectively.

Liquidity risk

Liquidity risk is the risk that we will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that we might be unable to meet our payment obligations when they fall due, as a result of mismatches in the timing of cash flows. We maintain liquidity buffers sufficient to meet all our near term obligations. The liquidity buffers are maintained by a combination of liquid assets (such as cash and cash equivalent, liquid investments in callable FDs and overnight / liquid mutual funds) and undrawn committed credit lines.

For further details, see “*Restated Financial Information – 44. Risk Management*” and “*Our Business – Description of our Business and Operations – Risk Management Framework*” on pages 325 and 195, respectively.

Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as gold prices (relevant to lending against gold business of our Company), interest rates, foreign currency rates.

- Gold price fluctuation risk – the Risk Management Committee does a periodic review of the gold price movement and its trends and its impact on the gold loan margins in present condition as well as under stress scenario.
- Interest rate risk: interest rate risk is the risk of change in market interest rates which might adversely affect our profitability.
- Foreign currency rate fluctuation risk: we are not exposed to risk in fluctuation of foreign currency rates as our cash flows are in Indian Rupees.

For further details, see “*Restated Financial Information – 44. Risk Management*” and “*Our Business – Description of our Business and Operations – Risk Management Framework*” on pages 325 and 195, respectively.

Auditors’ Qualifications and Emphasis of Matters

There are no auditor qualifications which have not been given effect to in the Restated Financial Information.

The following table sets forth the emphasis of matter included in the audit reports of our Statutory Auditors on our standalone financial statements for the periods indicated:

Six Months ended September 30, 2021

The Statutory Auditor has drawn attention to specified notes to the standalone Ind AS financial statements which describes that the extent to which the Covid-19 pandemic will impact the Company’s financial performance is dependent on future developments which are uncertain.

The Statutory Auditor has drawn attention to specified notes to the standalone Ind AS financial statements which describes that our Company had restructured borrower accounts in accordance with resolution framework for COVID-19 related stress announced by the RBI pursuant to its notifications dated August 6, 2020 and May 5, 2021. Based on the terms of restructuring as per the resolution framework and management’s credit evaluation, our Company had continued to classify such restructured account as non-impaired (under Ind AS 109, Financial Instruments) as at September 30, 2021.

The Statutory Auditor has drawn attention to specified notes to the standalone Ind AS financial statements which describes that our Company was in the process of assessing the impact arising on account of the RBI notification RBI/2021-2022/125DOR.STR.REC.68/ 21.04. 048/2021-22 dated November 12, 2021. The Company had concluded that the notification is applicable prospectively and is a non-adjusting subsequent event.

The Statutory Auditor has further drawn attention to specified notes to the special purpose standalone Ind AS financial statements which describes that the special purpose financial statements have been prepared in accordance with Indian Accounting Standards notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act, except that they do not contain comparative information and related disclosures and explanatory notes that would otherwise be required for a complete set of

financial statements. The special purpose financial statements are prepared in connection with the Offer. As a result, the special purpose financial statements may not be suitable for another purpose.

Fiscal 2021

The Statutory Auditor has drawn attention to a specified note to the standalone Ind AS financial statements which describes the fact that the business risk in relation to the COVID-19 pandemic to remain elevated. Our Company has recorded a total additional provision overlay of ₹ 455.8 million to reflect deterioration in the macroeconomic outlook. The extent to which the COVID-19 pandemic would impact our Company's financial performance would depend on future developments, which are highly uncertain. The impact may be different from that estimated as at the approval of the Ind AS financial statements and we will continue to closely monitor any material changes to future economic conditions.

Fiscal 2020

The Statutory Auditor has drawn attention to a specified note to the standalone Ind AS financial statements which describes the fact that the COVID-19 pandemic would cause significant decline and volatility in financial markets and decline in economic activities. In particular, on March 27, 2020 and April 17, 2020, the RBI announced the "COVID-19 Regulatory Package" on asset classification and provisioning. Based on an assessment by our Company, this has not automatically triggered significant increase in credit risk and our Company continued to recognize interest income and holds provision against the potential impact of COVID-19. The extent to which the COVID-19 pandemic would impact our Company's financial performance would depend on future developments, which are highly uncertain. The impact may be different from that estimated as at the approval of the Ind AS financial statements and we will continue to closely monitor any material changes to future economic conditions.

Fiscal 2019

The Statutory Auditor has drawn attention to specified notes to the special purpose standalone Ind AS financial statements which describes that the special purpose financial statements have been prepared in accordance with Indian Accounting Standards notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, and other relevant provisions of the Companies Act, 2013, except that they do not contain comparative information and related disclosures and explanatory notes that would otherwise be required for a complete set of financial statements. The special purpose financial statements are prepared in connection with the Offer. As a result, the special purpose financial statements may not be suitable for another purpose.

Unusual or infrequent events or transactions

Except as described in this Draft Red Herring Prospectus, to our knowledge, there have been no unusual or infrequent events or transactions that have in the past or may in the future affect our business operations or future financial performance.

Known trends or uncertainties

Our business has been subject, and we expect it to continue to be subject, to significant economic changes arising from the trends identified above in "*Significant Factors Affecting our Financial Condition and Results of Operations*" above and the uncertainties described in "*Risk Factors*" on page 26. To our knowledge, except as disclosed in this Draft Red Herring Prospectus, there are no known factors which we expect to have a material adverse effect on our income.

Future relationship between cost and revenue

Other than as described in "*Risk Factors*", "*Our Business*" on pages 26 and 175, respectively, and this section, to our knowledge there are no known factors that may adversely affect the future relationship between cost and revenue.

Working Capital

We believe that our working capital is sufficient for our Company's present requirements.

Competitive conditions

We operate in a competitive environment. Please refer to "*Risk Factors*", "*Industry Overview*" and "*Our Business*" on pages 26, 107 and 175, for further information on our industry and competition.

Seasonality and cyclical nature of business

Our business is not seasonal in nature. For further details, see "*Significant Factors Affecting our Financial Condition and Results of Operations*" on page 354.

Extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or services or increased sales prices

Changes in revenue in the last three Fiscals and six months ended September 30, 2021 are as described in “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Six months ended September 30, 2021*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Fiscal 2021 compared to Fiscal 2020*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Fiscal 2020 compared to Fiscal 2019*” above on pages 374, 375 and 376, respectively.

Significant dependence on single or few customers

While we historically had a concentration in 48 large accounts in Fiscal 2019 relating to loans to institutional borrowers, we have moved away from that business and reduced our dependence on large institutional borrowers. We do not believe our business is dependent on any single or a few customers as on the date of this Draft Red Herring Prospectus. For further details, see “*Risk Factors – We derive a significant portion of our AUM from our gold loan products and the loss of business in relation to such gold loan products could adversely affect our business and prospects.*” on page 34.

New products or business segments

Except as disclosed in “*Our Business*” on page 175, and products that we announce in the ordinary course of business, we have not announced and do not expect to announce in the near future any new products or business segments.

Significant developments occurring after September 30, 2021

Except as set out in this Draft Red Herring Prospectus and “*Risk Factors – We have a huge concentration of loans to emerging self-employed individuals (“ESEI”) and MSMEs and the risk of non-payment or default by the borrowers may adversely affect our business, results of operations and financial condition.*” on page 31, to our knowledge, no circumstances have arisen since the date of the last financial statements as disclosed in this Draft Red Herring Prospectus which materially or adversely affect or are likely to affect our operations or profitability, or the value of our assets or our ability to pay our material liabilities with the next 12 months:

- Pursuant to Board resolutions each dated February 14, 2022, 2,000,000 OCRPS were redeemed by our Company for an aggregate amount of ₹ 84.20 million and 2,729,730 OCRPS were converted into 2,729,730 Equity Shares.
- Our Company is subject to the continuous disclosure obligations under the SEBI Listing Regulations. This requires us to publish our quarterly financial results for every quarter within 45 days from the completion of the previous quarter. Accordingly, on February 14, 2022, we disclosed our quarterly unaudited results, accompanied by a limited review report issued by the Statutory Auditors, for the quarter ended December 31, 2021 to the BSE. Due to the developments that have taken place in our business as well as regulatory developments, we have witnessed a spike in our NNPA% and GNPA% in the quarter ended December 31, 2021 as compared to the six months ended September 30, 2021. This is primarily on account of the circular issued by the RBI on November 12, 2021. Pursuant to the circular, RBI has clarified that the classification of borrower accounts as special mention accounts or NPAs will be on a day-end position basis and accounts can only be upgraded from an NPA to a ‘standard’ asset after the clearance of all overdues (in other words, only if the entire arrears of interest and principal are paid by the borrower). For further details, see “*Risk Factors – We may be unable to maintain the quality of our loan portfolio or manage the growing loan portfolio which may result in significantly larger NPAs and provisions.*” on page 32.

Recent accounting pronouncements

As on the date of this Draft Red Herring Prospectus, there are no recent accounting pronouncements, which, we believe, would have a material effect on our financial condition or results of operations.

CAPITALISATION STATEMENT

The following table sets forth our capitalisation as at September 30, 2021, derived from our Restated Financial Information, and as adjusted for the Offer. This table should be read in conjunction with “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*”, “*Restated Financial Information*” and “*Risk Factors*” on pages 353, 266 and 26, respectively.

(₹ in million)

Particulars	Pre-Offer (as at September 30, 2021)	Post Offer*
Total borrowings⁽¹⁾ (A)	43,738.27	[●]
Current borrowings	16,088.70	[●]
Non-current borrowings (including current maturities)	27,649.57	[●]
Total Equity		
Equity share capital [#]	3,185.07**	[●]
Other equity [#]	7,511.24	[●]
Total Equity (B)	10,696.31	[●]
Total borrowings⁽¹⁾/Total equity (A)/(B)	4.09	[●]

* The corresponding post-Offer capitalization data for each of the amounts given in the above table is not determinable at this stage pending the completion of the Book Building process and hence the same have not been provided in the above statement.

**As on the date of this Draft Red Herring Prospectus, the issued, subscribed and paid-up Equity Share capital is ₹ 3,214,876,050, comprising 321,487,605 Equity Shares of face value ₹ 10 each. For details, see “*Capital Structure - Share Capital history of our Company*” on page 85.

[#]These terms carry the same meaning as per Schedule III of the Companies Act.

Note:

(1) The amounts disclosed above are sourced from or derived from information contained within our Restated Financial Information.

FINANCIAL INDEBTEDNESS

Our Company has availed loans in the ordinary course of its business for the purposes of onward lending and to meet working capital requirements. Our Company has also issued multiple series of secured and unsecured redeemable non-convertible debentures (“NCDs”) to various subscribers for the purposes of onward lending, repayment/refinancing of existing debt of the Company and general corporate purposes.

Our Shareholders have authorised our Board to borrow such sums of money as may be required for the purpose of the business of our Company. For details regarding the borrowing powers of our Company, please see “*Our Management – Borrowing Powers of our Board of Directors*” on page 228.

Set forth below is a brief summary of our aggregate borrowings as of December 31, 2021:

(₹ in million)

Category of borrowing	Sanctioned amount	Outstanding amount*
Term loans from Banks / financial institutions**	58,200.00	38,715.02
Cash credit and Working Capital Demand Loans	2,500.00	1,737.88
Unsecured NCDs [#]	2,500.00	2,528.11
Secured NCDs [#]	2,875.00	2,994.71
Commercial Paper [#]	1,500.00	1,489.35
Total	67,575.00	45,727.19

* As certified by M/s R U Kamath & Co pursuant to the certificate dated February 18, 2022

[#] Represents borrowing outstanding including Ind AS related adjustments pertaining to interest accrued and unamortised processing fee. Further, our NCDs and Commercial Paper are listed on the debt segment of BSE.

Principal terms of the subsisting borrowings availed by our Company:

1. **Interest:** The interest rates for the term loans availed by our Company typically ranges from 5.25% per annum to 8.50% per annum, which is linked to the marginal cost of fund-based lending rate or external benchmark rates.

Our Company has also issued NCDs to various subscribers. For such borrowings, we enter into debenture trust deeds (“DTDs”) and, in terms of such DTDs, a specified interest or coupon rate is to be paid per annum. The interest rate for the NCDs issued by our Company ranges from 8.10% to 9.90% per annum.

2. **Tenor:** The tenor of the term loans availed by our Company typically ranges approximately one to ten years.

The maturity date of the NCDs issued by the Company is typically 18 months to 84 months.

3. **Security:** In terms of our borrowings, including NCDs, where security needs to be created, we are typically required to create security primarily by way of first ranking *pari passu* charge by way of hypothecation, on our Company’s book debt receivables, as the case maybe. There may be additional requirements for creation of security under the various borrowing arrangements entered into by us.

4. **Pre-payment:** We have the option to prepay the lenders, subject to payment of prepayment charges at such rate as may be stipulated by the lenders which typically ranges from 1% to 3%. Further, some loans may be prepaid without any prepayment charges subject to the fulfilment of conditions, including by providing prior notice to the lender.

5. **Re-payment:** The cash credit and working capital facilities are typically repayable on demand. The repayment period for the term loan facilities availed by us is typically in equal quarterly instalments.

The NCDs issued by our Company are repayable on maturity.

6. **Key Covenants:** In terms of our facility agreements, sanction letters and the DTDs, we are required to comply with various financial covenants, restrictive covenants and conditions restricting certain corporate actions, and we are required to take prior consent from the lender or the trustee (acting on the instructions of the majority debenture holders) and/or intimate the respective lender or trustee (acting on the instructions of the majority debenture holders) before carrying out such actions, including, but not limited to the following:

- (a) to effect any change in the its capital structure where the shareholding of the existing promoter gets diluted below 51%;
- (b) to effect any adverse changes to or effect a major change in its capital structure;
- (c) to formulate or effect any scheme of amalgamation or merger or reconstruction;

- (d) to undertake any activity other than the activities indicated in the objects clause of the memorandum of association of our Company;
- (e) for any transfer of the controlling interest or the management set up;
- (f) to undertake guarantee obligations on behalf of any other person; and
- (g) for declaring any dividend if any instalment towards principal or interest remains unpaid on its due date.

7. **Events of Default:** In terms of our facility agreements, sanction letters and DTDs, the following, among others, constitute events of default:

- a) failure to pay any sum payable under the facilities or debentures on the due dates;
- b) failure to perform or comply with any obligations or terms and conditions under the facilities or debentures by our Company;
- c) incorrect or misleading representation, warranty or statement under the facility or debenture documents;
- d) occurrence of a material adverse change; and
- e) cross default in any indebtedness of the Company.

8. **Consequences of occurrence of events of default:**

In terms of our facility agreements, sanction letters and DTDs, the following, among others, are the consequences of occurrence of events of default, whereby our lenders or trustees (acting on the instructions of the majority debenture holders) may:

- (a) declare all sums outstanding as immediately due and payable;
- (b) enforce their security over the hypothecated / mortgaged assets;
- (c) appoint nominee directors;
- (d) review the management set up or organisation of our Company;
- (e) convert the debt into equity in conformity with RBI guidelines;
- (f) to disclose the name of the Company to RBI, CIBIL and any other agency authorised in this behalf by RBI; and
- (g) levy a default interest of up to 2% per annum on the overdue amounts.

Further, the trustee may accelerate the redemption of debentures in case of an event of default.

This is an indicative list and there may be additional terms that may require the consent of the relevant lender or the trustee (acting on the instructions of the majority debenture holders) that may amount to an event of default under the various borrowing arrangements entered into by us.

For the purpose of the Offer, our Company has received prior consent from our lenders, as required under the relevant loan documents and intimated other lenders, as applicable for undertaking activities relating to the Offer including consequent actions, such as change in our capital structure, change in constitutional documents, etc.

Set out below are the details of non-convertible debentures issued by our Company which are listed on the debt segment of BSE:

Series of NCDs	Coupon Rate	ISIN	Face Value (In ₹ million)	Amount (In ₹ million)
9% Fedbank Financial Services Limited Tranche - 1 NCDs 2023	9%	INE007N07017	1	1,875.00
8.1% Fedbank Financial Services Limited NCDs 2022	8.10%	INE007N07025	1	1,000.00

Series of NCDs	Coupon Rate	ISIN	Face Value (In ₹ million)	Amount (In ₹ million)
9.90% Fedbank Financial Services Limited Unsecured Subordinated NCD 2027	9.90%	INE007N08015	1	2,500.00

SECTION VI: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as disclosed in this section, there is no outstanding (i) criminal proceeding; (ii) action taken by regulatory or statutory authorities; (iii) claim related to direct and indirect taxes (in a consolidated manner); and (iv) pending litigation as determined to be material as per the materiality policy adopted pursuant to the Board resolution dated February 11, 2022 in each case involving our Company, its Directors and its Promoter. Further, except as disclosed in this section, there are no disciplinary actions including penalties imposed by SEBI or the Stock Exchanges against our Promoter in the last five financial years including any outstanding action.

For the purpose of identification of material litigation in (iv) above, our Board has considered and adopted the following policy on materiality with regard to outstanding litigation involving our Company and its Directors to be disclosed by our Company in this Draft Red Herring Prospectus pursuant to the Board resolution dated February 11, 2022.

All outstanding litigation, including any litigation involving our Company and its Directors ("**Relevant Parties**"), other than criminal proceedings, actions by regulatory authorities and statutory authorities, and tax matters (direct or indirect), would be considered 'material' if (i) the monetary amount of claim by or against the entity or person in any such pending proceeding is in excess of 2% of the standalone profit after tax of the Company for Fiscal 2021, as per the Restated Financial Information i.e. ₹ 12.34 million or (ii) where monetary liability is not quantifiable or any other outstanding litigation, the outcome of any such pending proceedings may have a material bearing on the business, operations, performance, prospects or reputation of our Company.

Further, given the nature and extent of operations of our Promoter, The Federal Bank Limited, our Board has, pursuant to its resolution dated February 11, 2022 considered the outstanding civil litigation involving our Promoter which exceeds 2% of the profit after tax of our Promoter, as per the audited financial information of our Promoter, for Fiscal 2021, i.e., ₹ 318.06 million, to be material. Accordingly, we have only disclosed all outstanding civil litigations involving our Promoter wherein the aggregate amount involved exceeds ₹ 318.06 million individually. In case of pending civil litigation proceedings wherein the monetary amount involved is not quantifiable, such litigation has been considered 'material' only in the event that the outcome of such litigation has a material adverse bearing on the business, operations, performance, prospectus or reputation of our Company.

It is clarified that for the above purposes, pre-litigation notices received by our Company or its Directors (excluding statutory/regulatory/tax authorities or notices threatening criminal action) and matters in which summons have not been received, have not been considered as litigation until such time that our Company or its Directors, as applicable, are not impleaded as a defendant in the litigation proceedings before any judicial forum. We have also disclosed matters relating to direct and indirect taxes involving the Relevant Parties in a consolidated manner giving details of number of cases and total amount involved in such claims.

Except as stated in this section, there are no material outstanding dues to creditors (on the basis of trade payables) of our Company. For this purpose, our Board has pursuant to the Board resolution dated February 7, 2022 considered and adopted a policy of materiality for identification of material outstanding dues to creditors (on the basis of trade payables). In terms of this materiality policy, outstanding dues to any creditor (on the basis of trade payables) of our Company having a monetary value which exceeds 5% of the total trade payables of our Company as of September 30, 2021 shall be considered as 'material'. Accordingly, as on September 30, 2021, any outstanding dues exceeding ₹ 4.69 million have been considered as material outstanding dues for the purposes of disclosure in this section.

For outstanding dues to any micro, small or medium enterprise, the disclosure shall be based on information available with our Company regarding the status of the creditor as defined under the Micro, Small and Medium Enterprises Development Act, 2006 as amended, read with the rules and notification thereunder.

Litigation involving our Company

Litigation against our Company

Material Civil Litigation

1. Mahalaxmi Textiles ("**Mahalaxmi**") has filed an appeal before the Debt Recovery Tribunal, Ahmedabad challenging the order dated July 24, 2019 ("**Order**") of the District Collector, Surat by which the Collector allowed our Company to take possession of the property of Mahalaxmi and realise the dues in accordance with the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 ("**SARFAESI Act**"). Our Company had sanctioned various loan facilities to Mahalaxmi Textiles. However, in the year 2010, their account was declared as Non-Performing Asset ("**NPA**"). Demand notices were issued upon Mahalaxmi on October 10, 2018 for

payment of outstanding dues of ₹ 19,400,157 in compliance with section 13(2) of the SARFAESI Act. Mahalaxmi has alleged that the service of the demand notice was not complete and that its accounts were declared NPA by our Company without compliance with RBI directions. Mahalaxmi has, in the appeal, sought the quashing of the Order. The matter is currently pending.

Criminal Litigation

1. It has come to our attention that a criminal complaint has recently been filed by Anandraj before the Chief Metropolitan Magistrate Court, Bangalore under section 200 of the Code of Criminal Procedure, 1973 (“**CrPC**”) read with sections 406 and 420 of the Indian Penal Code, 1860 (“**IPC**”) against our Company and Binny Shibu. The Company has not received any notice, summons or copy of any first information (“**FIR**”) in this matter as yet.
2. It has come to our attention that a criminal complaint has recently been filed by Zaveri Constructions (“**Zaveri**”) and others before the Chief Metropolitan Magistrate, Esplanade Court, Mumbai under section 420 of the IPC and sections 193, 200 and 340 of the Essential Commodities (Special Provisions) Act, 1981 (“**Essential Commodities Act**”), against 7 parties, which includes our Company. Our Company has not received any notice, summons or copy of any FIR in this matter as yet.

Litigation by our Company

Material Civil Litigation

1. Our Company has filed a claim of financial debt for ₹32.45 million against NRS Projects Private Limited (“**NRS Projects**”) under the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) before the Interim Resolution Professional, Ravi Kapoor on August 28, 2019. Our Company had sanctioned a term loan facility of ₹ 50.00 million to NRS Projects on March 25, 2016 against the mortgage of certain properties. When NRS Projects defaulted on its instalments, our Company filed an insolvency petition requesting initiation of the corporate insolvency resolution process (“**CIRP**”) under the IBC. On July 25, 2019, the Ahmedabad bench of the National Company Law Tribunal initiated the CIRP and appointed Ravi Kapoor as the Interim Resolution Professional. A resolution plan submitted by Nimit Sangni jointly with Gyan Rajput was approved by the committee of creditors with requisite majority. The insolvency resolution professional was authorised to make an application before the NCLT, Ahmedabad bench for approval of the resolution plan. The matter is currently pending.

Criminal Litigation

1. Our Company has filed 11 cases before the court of Chief Metropolitan Magistrate at Esplanade, Mumbai for alleged violation of section 138 of Negotiable Instruments Act, 1881, as amended, for recovery of amounts due to our Company for which cheques issued in favour of our Company by our debtors have been dishonoured. The aggregate monetary value involved in all these matters is ₹102.43 million. All the matters are currently pending.
2. Our Company had extended a gold loan facility to Shivkumar M of ₹0.79 million in June - July, 2020 against pledge of gold. However, pursuant to a criminal complaint registered against Somashekara SM and another under section 406, 409, 420, 465, 468, 471, and 120-B of the Indian Penal Code, 1860 numbered Cr No. 112 of 2020, the Mandya West Police has seized the gold pledged with our Company on October 18, 2020. In relation to this criminal complaint, our Company has filed a petition before the Principal Civil Judge and Chief Judicial Magistrate, Mandya, Karnataka for securing the custody of the gold seized by the police. The matter is currently pending.
3. Our Company had extended a gold loan facility to Shivkumar M of ₹1.60 million in 2020 against pledge of gold. However, pursuant to certain criminal complaints, including one registered against Somashekara SM, Mandya East Police has seized the gold pledged with our Company on October 17, 2020. Our Company has also filed a petition before the Additional Civil Judge and JMFC, Mandya, Karnataka for securing the custody of the gold seized by the police. The matter is currently pending.

Litigation involving our Promoter

Litigation against our Promoter

Material Civil Litigation

1. M/s. Zoom Developers and 10 others (“**Borrowers**”) have filed a suit (“**Suit**”) against certain consortium banks, including The Federal Bank Limited. The Suit has been filed seeking damages of ₹ 109,207.60 million against all defendant banks (including estimated liability of ₹ 3,276.00 million of the Federal Bank Limited) along with future interest on account of loss of estimated future profits, loss of goodwill etc. The consortium banks are defending the Suit jointly and have filed a written statement. The matter is currently pending.

2. The Federal Bank Limited (“**Federal Bank**”) had filed two original applications (“**OAs**”) for recovery of the dues amounting to ₹ 199,476,131 along with interest till realization in two loan accounts. The City and Industrial Development Corporation of Maharashtra (“**CIDCO**”) was also arrayed as a defendant in the OAs since CIDCO was allegedly liable to pay the surrender value to Federal Bank on surrendering the plots, which were mortgaged as security to Federal Bank. The Debts Recovery Tribunal (“**DRT**”), while allowing the OAs, had made CIDCO also jointly and severally liable with the borrower and guarantors.

Two separate appeals were filed by CIDCO before the Debts Recovery Appellate Tribunal, Mumbai against the order of DRT in the OAs. CIDCO has deposited an amount of ₹ 414.90 million and the matter is currently pending.

3. A consumer complaint (“**Complaint**”) has been filed against the Export Credit Guarantee Corporation of India (“**ECGC**”) and The Federal Bank Limited against the repudiation of claim under the ECGC policy. The Complaint has been filed seeking an order to (i) settle the claim for ₹ 365.15 million with interest until realization from opposite parties, and (ii) recover ₹ 5.00 million as exemplary cost and ₹ 10.00 million as damages for mental tension and harassment. The matter is currently pending.

Criminal Litigation

1. A criminal case has been filed by Balwinder Kaur, a customer of The Federal Bank Limited (“**Federal Bank**”), before the Court of the Judicial Magistrate First Class, Gurugram, (“**JMFC**”) against Federal Bank and certain of its officials, including its branch head and the official in charge of the gold loan portfolio at the relevant branch, raising various allegations in auctioning the gold ornaments pledged by her for recovering the amounts due to Federal Bank under her gold loan account. Federal Bank has filed an application under Section 482 of the Code of Criminal Procedure, 1973 before the High Court of Punjab & Haryana (“**High Court**”) seeking the quashing of the criminal proceedings. The proceedings before the JMFC have been stayed by the High Court and the matter before the High Court is currently pending.
2. A complaint has been filed by Saku Jamir before the Court of the Chief Judicial Magistrate, Dimapur, Nagaland, by a customer (“**Complainant**”) of The Federal Bank Limited (“**Federal Bank**”) against the managing director and chief executive officer, and the executive director and chief operating officer of Federal Bank, among others. The Complainant was maintaining cash certificates with the Dimapur branch of Federal Bank for ₹ 500,000 for the period from April 6, 2015 to April 6, 2016 and the same was renewed from time to time. When the Complainant approached Federal Bank on April 6, 2021 for closing the said deposit, it was informed to him that the said cash certificate was already closed and the proceeds of the same were adjusted to loan (advance against deposits). The Complainant has alleged, *inter alia*, that the said loan was not approved by him and that the process of closing the deposit and adjusting the same to the loan account was without any prior information or notice to him. The Complainant has further alleged that the actions of the accused persons are liable to be prosecuted and punished under law. The matter is currently pending.
3. Ajai Gupta has filed a criminal case before the Court of the Additional Metropolitan Magistrate, Bandra, Mumbai alleging that The Federal Bank Limited (“**Federal Bank**”) has defrauded him of his professional fees for services provided as a chartered accountant to the tune of ₹ 8.62 million payable in connection with the sourcing of a loan to Pipavav Defence and Offshore Engineering Company Limited in 2011. Federal Bank has not yet received summons in the case. Federal Bank has filed two criminal cases as well as a civil suit for defamation against him in response to his actions. Federal Bank has also filed a complaint before the Institute of Chartered Accountants of India against Ajai Gupta seeking initiation of disciplinary proceedings against him.
4. The Federal Bank Limited (“**Federal Bank**”) had, on January 14, 2020, received a notice from the Indrapuram Police Station, Ghaziabad seeking the details of certain property on which a mortgage had been created by one of the borrowers of Federal Bank. In the notice it was mentioned that a first information report had been registered on a complaint filed by a third party against the borrowers and the previous sellers of the parties and also that Federal Bank is one of the accused therein. Federal Bank responded to the notice stating that it had a clear first charge to the concerned property. Subsequently, the relevant borrower requested for a compromise settlement of the account in October 2020 and the account was settled and closed in November 2020. Subsequently, Federal Bank informed the police pursuant to its letter dated February 5, 2021 regarding the settlement of the account and requested that the name of Federal Bank may be removed from the array of accused. The matter is currently pending.
5. A complaint has been filed against the branch manager of the bank and Mr. Sakthivel by the wife of Kalyanasundaram, a co-obligant in the loan sanctioned to Sakthivel at Vandanmedu Police Station alleging forgery / fraud committed alleging forgery / fraud committed in the creation of mortgage with respect to certain property situated at Tamil Nadu belonging to Kalyanasundaram. The matter is currently pending.

Litigation by our Promoter

Material Civil Litigation

The Federal Bank Limited has filed 7,411 recovery cases against certain of its borrowers, which are pending before various forums such as Debts Recovery Tribunals. The aggregate amount involved in these recovery cases is ₹ 46,970.74 million. These include 26 material recovery cases in respect of which the aggregate amount involved is ₹ 18,792.43 million.

Criminal Litigation

1. The Federal Bank Limited has filed two criminal cases against Ajai Gupta. For details, see “– Litigation involving our Promoter - Litigation against our Promoter - Criminal Litigation” on page 394.
2. The Federal Bank Limited, in its ordinary course of business, has reported 66 cases of internal frauds and 737 cases of external frauds to the Reserve Bank of India and subsequently instituted criminal cases against various parties wherein the total amount involved is ₹ 21,928.70 million. Currently, these cases are pending before various authorities.

Material Taxation matters

Direct Tax

1. The Federal Bank Limited has filed an appeal before the Commissioner of Income Tax (Appeals) in connection with the claiming of provision for NPA as deduction under section 36(1)(vii) of the Income Tax Act, 1961. The amount involved in the matter is ₹ 11,058.81 million. The matter is currently pending.

Indirect Tax

The Federal Bank Limited (“**Federal Bank**”) has filed an appeal before the Customs Excise and Service Tax Appellate Tribunal against an order of the Commissioner of Central Excise, Service Tax and Customs objecting to the availment & utilisation of service tax paid on premium as input credit on the grounds that the deposit insurance is linked only to deposits accepted by banks and has no nexus with any other service rendered. Hence, the same has been disallowed from being treated as input credit and a reversal of the credit utilised has been demanded. However, Federal Bank is availing & utilising the service tax paid on the premium amount as input credit. The amount involved in the matter is ₹ 327.32 million. The matter is currently pending.

Litigation involving our Directors

Litigation against our Directors

Criminal Litigation

Lakshmi Vilas Bank (“**LVB**”) filed a first information report against National Bulk Handling Corporation Private Limited (“**NBHC**”) and others including Maninder Singh Juneja, then managing director and chief executive officer of NBHC, before the Central Bureau of Investigation, in relation to the service provided by NBHC as a collateral management service provider to LVB, alleging *inter alia* a shortage/replacement of commodities stored in Jeyaranganathan Godown and Sri Venkateswara Industries both located in Rajapalayam, Tamil Nadu which were pledged in favour of LVB. The matter is currently pending.

Nature of case	Number of cases	Amount involved (in ₹ million)
Proceedings involving the Company		
Direct Tax	12	3.64
Indirect Tax	Nil	Nil
Proceedings involving the Directors		
Direct Tax	Nil	Nil
Indirect Tax	Nil	Nil
Proceedings involving the Promoter		
Direct Tax	8	11,097.10
Indirect Tax	5	449.79

Outstanding dues to Creditors

As of September 30, 2021, our Company has 1,000 creditors (on the basis of trade payables), and the aggregate outstanding dues to these creditors (on the basis of trade payables) by our Company are ₹ 93.70 million. Further, our Company owes no

amount to micro, small and medium enterprises as defined under the Micro, Small and Medium Enterprises Development Act, 2006, as amended.

In accordance with the policy of materiality for identification of material outstanding dues to creditors (on the basis of trade payables) considered and adopted by our Board pursuant to the Board resolution dated February 7, 2022, a creditor (on the basis of trade payables) of the Company shall be considered to be material for the purpose of disclosure in the Offer documents if the amounts due to such creditor (on the basis of trade payables) exceed 5% of the total trade payables of our Company as of September 30, 2021, which is ₹ 93.70 million i.e., creditors (on the basis of trade payables) of our Company to whom our Company owes an amount exceeding ₹ 4.69 million have been considered material. As of September 30, 2021, there are 4 material creditors (on the basis of trade payables) to whom our Company owes an aggregate amount of ₹ 31.30 million.

Details of outstanding dues owed to material creditors (on the basis of trade payables), MSMEs and other creditors as of September 30, 2021 are set out below:

Types of Creditors (on the basis of trade payables)	Number of Creditors (on the basis of trade payables)	Amount involved (in ₹ million)
Micro, Small and Medium Enterprises	Nil	-
Material Creditors (on the basis of trade payables)	4	31.30
Other Creditors (on the basis of trade payables)	996	62.40
Total	1,000	93.70

The details pertaining to outstanding dues towards our material creditors (on the basis of trade payables) are available on the website of our Company at <https://fedfina.com/investor/disclosure/>.

It is clarified that such details available on our website does not form a part of this Draft Red Herring Prospectus and should not be deemed to be incorporated by reference. Anyone placing reliance on any other source of information, including our Company's website, www.fedfina.com, would be doing so at their own risk.

Material Developments

Other than as stated in the section titled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on page 353, there have not arisen, since the date of the last financial statements disclosed in this Draft Red Herring Prospectus, any circumstances which materially and adversely affect, or are likely to affect, our operations, our trading, our profitability or the value of our assets or our ability to pay our liabilities within the next 12 months.

GOVERNMENT AND OTHER APPROVALS

Set out below an indicative list of approvals obtained by our Company which are considered material and necessary for the purpose of undertaking its business activities. In view of these key approvals, our Company can undertake this Offer and its business activities. In addition, certain of our key approvals may have expired or may expire in the ordinary course of business and our Company has either already made an application to the appropriate authorities for renewal of such key approvals or is in the process of making such renewal applications.

VII. Intellectual Property

As on the date of this Draft Red Herring Prospectus, our Company owns two registered trademarks with logos. For further details, see “*Our Business – Intellectual Property*” on page 197.

S. No.	Description	Trademark Number	Class	Nature of mark
1.		3849435	36	Image mark
2.		3849400	36	Image mark

Material approvals to be obtained by our Company

Material approvals or renewals applied for but not received

As on the date of this Draft Red Herring Prospectus, there are certain materials approvals for which our Company has made an application to the appropriate authorities but not obtained the approvals.

Material approvals expired and not applied for renewal

As on the date of this Draft Red Herring Prospectus, certain approvals may have lapsed in their normal course and our Company has made applications to the appropriate authorities for renewal of such registrations or is in the process of making such applications.

Material approvals required but not applied for or obtained

As on the date of this Draft Red Herring Prospectus, there are some material approvals which our Company was required to apply for, but which have not been applied for.

OTHER REGULATORY AND STATUTORY DISCLOSURES

Authority for the Offer

The Offer has been authorised by a resolution of our Board dated January 11, 2022. The Fresh Issue has been authorised by a resolution of our Board dated January 11, 2022 and a special resolution of our Shareholders dated February 14, 2022. Further, our Board has taken on record the approval for the Offer for Sale by the Selling Shareholders pursuant to its resolution dated February 18, 2022. This Draft Red Herring Prospectus has been approved pursuant to a resolution passed by the Board on February 18, 2022.

The Offer for Sale has been authorised by each of the Selling Shareholders as follows:

S. No.	Name of the Selling Shareholder	No. of Offered Shares	Date of consent letter	Date of corporate action/board resolution
Promoter Selling Shareholder				
1.	The Federal Bank Limited	Up to 16,497,973	February 18, 2022	February 5, 2022
Investor Selling Shareholder				
2.	True North Fund VI LLP	Up to 29,216,313	February 18, 2022	February 11, 2022

Our Company has received in-principle approvals from BSE and NSE for the listing of the Equity Shares pursuant to their letters dated [●] and [●], respectively.

Our Company has made an application dated February 18, 2022 to the RBI seeking their approval to undertake the Offer.

Prohibition by SEBI or other Governmental Authorities

Our Company, Promoter, members of our Promoter Group, Directors, persons in control of our Company and the persons in control of our Promoter are not prohibited from accessing the capital market or debarred from buying, selling or dealing in securities under any order or direction passed by SEBI or any securities market regulator in any other jurisdiction or any other authority/court.

None of the companies with which our Promoter and Directors are associated with as promoters, directors or persons in control have been debarred from accessing capital markets under any order or direction passed by SEBI or any other authorities.

Our Company, Promoter, Selling Shareholders or Directors have not been declared as wilful defaulters by any bank or financial institution or consortium thereof in accordance with the guidelines on wilful defaulters issued by the RBI.

Our Promoter or Directors have not been declared as fugitive economic offenders under Section 12 of the Fugitive Economic Offenders Act, 2018.

Each Selling Shareholder, severally and not jointly, confirms that they have not been prohibited from accessing the capital market or debarred from buying, selling or dealing in securities under any order or direction passed by SEBI, any other governmental authority or any securities market regulator in any other jurisdiction or any other authority/court.

None of our Company, our Promoter or our Directors have been declared as fraudulent borrowers by RBI in terms of the RBI circular dated July 1, 2016.

Directors associated with the Securities Market

Except for Shyam Srinivasan our Non-Executive Director, who is associated with The Federal Bank Limited, which is registered as a stock broker / clearing member and as a banker to an issue with SEBI, none of our Directors are associated with securities market related business, in any manner and there have been no actions initiated by SEBI against our Directors in the five years preceding the date of this Draft Red Herring Prospectus.

Confirmation under Companies (Significant Beneficial Owners) Rules, 2018

Our Company, Promoter, members of our Promoter Group and the Selling Shareholders severally and not jointly, confirm that it is in compliance with the Companies (Significant Beneficial Owners) Rules, 2018, to the extent applicable to each of them, as on the date of this Draft Red Herring Prospectus.

Eligibility for the Offer

Our Company is eligible for the Offer in accordance with the Regulation 6(1) of the SEBI ICDR Regulations, and is in compliance with the conditions specified therein in the following manner:

- Our Company has had net tangible assets of at least ₹30 million, calculated on a restated basis, in each of the preceding three full years (of 12 months each). Further, while over 50% of our net tangible assets for financial year ended March 31, 2021 were held as monetary assets, the first proviso to Regulation 6(1)(a) of the SEBI ICDR Regulations provides that an issuer can be eligible for a public issue under Regulation 6(1) of the SEBI ICDR Regulations if such issuer has utilised or made firm commitments to utilise such excess monetary assets in its business. Accordingly, our Company confirms that it has subsequently utilised the excess monetary assets for business purposes.
- Our Company has a minimum average operating profit of ₹150 million, calculated on a restated basis, during the preceding three years (of 12 months each), with operating profit in each of these preceding three years;
- Our Company has a net worth of at least ₹10 million in each of the preceding three full years (of 12 months each), calculated on a restated basis; and
- Our Company has not changed its name within the last one year.

Our Company's average operating profit, net worth and net tangible assets derived from the Restated Financial Information included in this Draft Red Herring Prospectus as at, and for the last three Financial Years are set forth below:

As derived from the Restated Financial Information

(₹ in million)

Particulars	As of and for the Financial Year ended		
	March 31, 2021	March 31, 2020	March 31, 2019
Restated net tangible assets	7,205.72	6,016.55	4,175.67
Restated monetary assets	6,807.88	2,173.06	341.11
% of Restated monetary assets to restated net tangible assets	94.48%	36.10%	8.17%
Operating profit	711.87	437.21	484.9
Net worth	8,347.34	6,911.62	4,586.25

Notes:

- (1) Net Tangible Assets, as restated, mean the sum of all net assets excluding intangible assets and Right-of-use assets as per Indian Accounting Standard 116 – Leases.
- (2) Monetary assets mean the sum of cash and cash equivalents and other bank balances.
- (3) Operating Profit has been calculated as restated net profit before tax.

Our Company is in compliance with the conditions specified in Regulation 5 of the SEBI ICDR Regulations, to the extent applicable. Our Company confirms that it is also in compliance with the conditions specified in Regulation 7(1) of the SEBI ICDR Regulations, to the extent applicable, and will ensure compliance with the conditions specified in Regulation 7(2) of the SEBI ICDR Regulations, to the extent applicable.

Each Selling Shareholder severally and not jointly confirms, that the Equity Shares being offered by such Selling Shareholder in the Offer have been held by such Selling Shareholder for a period of at least one year prior to the filing of this Draft Red Herring Prospectus with SEBI and are eligible for sale in the offer in accordance with Regulation 8 of the SEBI ICDR Regulations.

Our Company shall not make an Allotment if the number or prospective allottees is less than one thousand in accordance with Regulation 49(1) of the SEBI ICDR Regulations.

DISCLAIMER CLAUSE OF SEBI

IT IS TO BE DISTINCTLY UNDERSTOOD THAT SUBMISSION OF THIS DRAFT RED HERRING PROSPECTUS TO SECURITIES AND EXCHANGE BOARD OF INDIA (“SEBI”) SHOULD NOT, IN ANY WAY, BE DEEMED OR CONSTRUED THAT THE SAME HAS BEEN CLEARED OR APPROVED BY SEBI. IT SHOULD ALSO BE CLEARLY UNDERSTOOD THAT WHILE THE COMPANY IS PRIMARILY RESPONSIBLE FOR THE CORRECTNESS, ADEQUACY AND DISCLOSURE OF ALL RELEVANT

INFORMATION IN THIS DRAFT RED HERRING PROSPECTUS AND THE SELLING SHAREHOLDERS ARE, SEVERALLY AND NOT JOINTLY, RESPONSIBLE ONLY FOR THE STATEMENTS SPECIFICALLY CONFIRMED OR UNDERTAKEN BY THEM IN THE DRAFT RED HERRING PROSPECTUS IN RELATION TO THEMSELVES FOR THE RESPECTIVE PORTION OF THE EQUITY SHARES BEING OFFERED BY THEM IN THE OFFER FOR SALE, THE BRLMs ARE EXPECTED TO EXERCISE DUE DILIGENCE TO ENSURE THAT THE COMPANY DISCHARGES ITS RESPONSIBILITIES ADEQUATELY IN THIS BEHALF AND TOWARDS THIS PURPOSE, THE BRLMs HAVE FURNISHED TO SEBI, A DUE DILIGENCE CERTIFICATE DATED FEBRUARY 18, 2022 IN THE FORMAT PRESCRIBED UNDER SCHEDULE V (FORM A) OF THE SEBI ICDR REGULATIONS.

THE FILING OF THIS DRAFT RED HERRING PROSPECTUS DOES NOT, HOWEVER, ABSOLVE THE COMPANY FROM ANY LIABILITIES UNDER THE COMPANIES ACT, 2013, OR FROM THE REQUIREMENT OF OBTAINING SUCH STATUTORY OR OTHER CLEARANCES AS MAY BE REQUIRED FOR THE PURPOSE OF THE OFFER. SEBI FURTHER RESERVES THE RIGHT TO TAKE UP AT ANY POINT OF TIME, WITH THE BRLMs, ANY IRREGULARITIES OR LAPSES IN THIS DRAFT RED HERRING PROSPECTUS.

**Equirus has signed the due diligence certificate and has been disclosed as a BRLM for the Offer. Equirus and our Company are associates in terms of the SEBI Merchant Bankers Regulations. Accordingly, in compliance with the proviso to Regulation 21A(1) of the SEBI Merchant Bankers Regulations read with Regulation 23(3) of the SEBI ICDR Regulations, Equirus would be involved only in the marketing of the Offer.*

All legal requirements pertaining to the Offer will be complied with at the time of filing of the Red Herring Prospectus with the Registrar of Companies in terms of Section 32 of the Companies Act, 2013. All legal requirements pertaining to the Offer will be complied with at the time of filing of the Prospectus with the Registrar of Companies in terms of sections 26, 32, 33(1) and 33(2) of the Companies Act, 2013.

Disclaimer from our Company, our Directors and BRLMs

Our Company, our Directors and the BRLMs accept no responsibility for statements made otherwise than in this Draft Red Herring Prospectus or in the advertisements or any other material issued by or at our instance and anyone placing reliance on any other source of information, including our Company's website www.fedfina.com, or the respective websites of any affiliate of our Company would be doing so at his or her own risk.

The BRLMs accept no responsibility, save to the limited extent as provided in the Offer Agreement, and as will be provided for in the Underwriting Agreement.

All information shall be made available by our Company to the Bidders and the public at large and no selective or additional information would be made available for a section of the investors in any manner whatsoever, including at road show presentations, in research or sales reports, at the Bidding Centres or elsewhere.

Bidders will be required to confirm and will be deemed to have represented to our Company, the Underwriters and their respective directors, officers, agents, affiliates, and representatives that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares and will not issue, sell, pledge, or transfer the Equity Shares to any person who is not eligible under any applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares. Our Company, the Underwriters and their respective directors, officers, agents, affiliates, and representatives accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire the Equity Shares.

The BRLMs and their respective associates and affiliates in their capacity as principals or agents may engage in transactions with, and perform services for, our Company, the Selling Shareholders, their respective affiliates or associates or third parties in the ordinary course of business and have engaged, or may in the future engage, in commercial banking and investment banking transactions with our Company, the Selling Shareholders, their respective affiliates or associates or third parties, for which they have received, and may in the future receive, compensation.

Equirus has signed the due diligence certificate and has been disclosed as a BRLM for the Offer. Equirus and our Company are associates in terms of the SEBI Merchant Bankers Regulations. Accordingly, in compliance with the proviso to Regulation 21A(1) of the SEBI Merchant Bankers Regulations read with Regulation 23(3) of the SEBI ICDR Regulations, Equirus would be involved only in the marketing of the Offer.

Disclaimer from the Selling Shareholders

The Selling Shareholders accept no responsibility for statements made otherwise than in this Draft Red Herring Prospectus or in the advertisements or any other material issued by or at our Company's instance and anyone placing reliance on any other source of information, including our Company's website www.fedfina.com, or the respective websites of any affiliate of our Company would be doing so at his or her own risk.

Each of the Selling Shareholders, its respective directors, affiliates, associates, and officers accept no responsibility for any statements made in this Draft Red Herring Prospectus other than those specifically made or confirmed by such Selling Shareholder in relation to itself as a Selling Shareholder and its proportion of the Offered Shares.

None among the Selling Shareholders shall be liable for any failure in (i) uploading the Bids due to faults in any software/hardware system or otherwise; or (ii) the blocking of Bid Amount in the ASBA Account on receipt of instructions from the Sponsor Banks on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

Bidders will be required to confirm and will be deemed to have represented to each of the Selling Shareholders and their respective directors, officers, agents, affiliates, and representatives that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares and will not sell, pledge, or transfer the Equity Shares to any person who is not eligible under any applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares. The Selling Shareholders and their respective directors, officers, agents, affiliates, and representatives accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire the Equity Shares.

Disclaimer in respect of Jurisdiction

Any dispute arising out of the Offer will be subject to the jurisdiction of appropriate court(s) in Mumbai only.

Bidders eligible under Indian law to participate in the Offer

The Offer is being made in India to persons resident in India (who are competent to contract under the Indian Contract Act, 1872, including Indian nationals resident in India, HUFs, companies, other corporate bodies and societies registered under the applicable laws in India and authorised to invest in shares, domestic Mutual Funds, Indian financial institutions, commercial banks, regional rural banks, co-operative banks (subject to RBI permission), or trusts under applicable trust law and who are authorised under their constitution to hold and invest in equity shares, state industrial development corporations, insurance companies registered with IRDAI, provident funds (subject to applicable law) and pension funds, National Investment Fund, insurance funds set up and managed by army, navy or air force of Union of India, insurance funds set up and managed by the Department of Posts, GoI, systemically important NBFCs registered with the RBI) and permitted Non-Residents including FPIs and Eligible NRIs and AIFs that they are eligible under all applicable laws and regulations to purchase the Equity Shares. This Draft Red Herring Prospectus does not constitute an offer to sell or an invitation to subscribe to Equity Shares offered here by, in any jurisdiction to any person to whom it is unlawful to make an offer or invitation in such jurisdiction. Any person into whose possession this Draft Red Herring Prospectus comes is required to inform him or herself about, and to observe, any such restrictions. This Draft Red Herring Prospectus does not constitute an invitation to subscribe to or purchase the Equity Shares in the Offer in any jurisdiction, including India. Invitations to subscribe to or purchase the Equity Shares in the Offer will be made only pursuant to the Red Herring Prospectus if the recipient is in India or the preliminary offering memorandum for the Offer, which comprises the Red Herring Prospectus and the preliminary international wrap for the Offer, if the recipient is outside India.

No person outside India is eligible to Bid for Equity Shares in the Offer unless that person has received the preliminary offering memorandum for the Offer, which contains the selling restrictions for the Offer outside India.

Eligibility and Transfer Restrictions

The Equity Shares offered in the Offer have not been, and will not be, registered under the U.S. Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and accordingly, the Equity Shares are being offered and sold within the United States solely to persons who are reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the U.S. Securities Act) in transactions exempt from the registration requirements of the U.S. Securities Act (for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Draft Red Herring Prospectus as “QIBs”) that are (ii) QPs as defined in Section 2(a)(51) of the U.S. Investment Company Act; (persons who are both a U.S. QIB and a QP are referred to as “**Entitled QPs**”). The Equity Shares are being offered and sold outside the United States in “offshore transactions” as defined in and in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

Our Company has not been and will not be registered under the U.S. Investment Company Act and investors will not be entitled to the benefits of the U.S. Investment Company Act. Our Company is relying on the exemption provided by Section 3(c)(7) of the U.S. Investment Company Act, and as a result the Equity Shares are being offered and sold in the United States and to U.S. Persons only to persons who are Entitled QPs.

Our Company may be a “covered fund” for purposes of the “Volcker Rule” contained in the Dodd-Frank Act (Section 619: Prohibitions on Proprietary Trading and Certain Relationships with Hedge Funds and Private Equity Funds). Accordingly,

entities that may be “covered banking entities” for the purposes of the Volcker Rule may be restricted from holding the Company’s securities and should take specific advice before making an investment in our Company.

Eligible Investors

The Equity Shares are being offered and sold:

- (i) in the United States or to, or for the account or benefit of, U.S. Persons, in each case to investors that are both U.S. QIBs and QPs, in transactions exempt from or not subject to the registration requirements of the U.S. Securities Act and in reliance on Section 3(c)(7) the U.S. Investment Company Act; and
- (ii) outside the United States to investors that are not U.S. Persons, nor persons acquiring for the account or benefit of U.S. Persons, in “offshore transactions” in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur;

and in each case who are deemed to have made the representations set forth immediately below.

Equity Shares Offered and Sold within the United States

Each purchaser that is acquiring the Equity Shares offered pursuant to this Offer within the United States, by its acceptance of this Draft Red Herring Prospectus and of the Equity Shares, will be deemed to have acknowledged, represented to and agreed with the Company, the Selling Shareholders and the BRLMs that it has received a copy of this Draft Red Herring Prospectus and such other information as it deems necessary to make an informed investment decision and that:

1. the purchaser is authorized to consummate the purchase of the Equity Shares offered pursuant to this Offer in compliance with all applicable laws and regulations;
2. the purchaser acknowledges that the Equity Shares offered pursuant to this Offer have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state of the United States and accordingly may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act;
3. the purchaser (i) is a U.S. QIB and a QP, (ii) is aware that the sale to it was made in a transaction exempt from, or not subject to, the registration requirements of the U.S. Securities Act, (iii) was not formed for the purpose of investing in the Equity Shares and (iv) is acquiring such Equity Shares for its own account or for the account or benefit of one or more persons, each of which is a U.S. QIB and a QP, with respect to which it exercises sole investment discretion; the purchaser, and each account for which it is purchasing or otherwise acquiring Equity Shares, will purchase, hold or transfer Equity Shares amounting to at least US\$250,000 or its equivalent in another currency.
4. The purchaser acknowledges that the Company has not registered, and does not intend to register, as an “investment company” (as such term is defined under the U.S. Investment Company Act) and that the Company has imposed the transfer and offering restrictions with respect to persons in the United States and U.S. Persons described herein so that the Company will qualify for the exception provided under Section 3(c)(7) of the U.S. Investment Company Act and will have no obligation to register as an investment company. The purchaser, and each person for which it is acting, also understands and agrees that the Company and the BRLMs shall have the right to request and receive such additional documents, certificates, representations and undertakings, from time to time, as they may deem necessary in order to comply with applicable legal requirements, including a U.S. investment representation letter forming part of the Bid cum Application Form;
5. the purchaser is not a broker-dealer which owns and invests on a discretionary basis less than US\$25 million in securities of issuers unaffiliated with such broker-dealer;
6. the purchaser understands that, subject to certain exceptions, to be a QP, entities must have US\$25 million in “investments” (as defined in Rule 2a51-1 of the U.S. Investment Company Act);
7. the purchaser is not an affiliate of the Company or a person acting on behalf of an affiliate;
8. the purchaser is not a participant-directed employee plan, such as a 401(k) plan, or a trust holding the assets of such plan, unless the investment decisions with respect to such plan are made solely by the fiduciary, trustee or sponsor of such plan;
9. the purchaser is not managed as a device for facilitating individual investment decisions of beneficial owners, but rather is managed as a collective investment vehicle;
10. the purchaser, and each account for which it is purchasing or otherwise acquiring Equity Shares, will purchase, hold or transfer Equity Shares amounting to at least US\$250,000 or its equivalent in another currency;

11. it, and each person for which it is acting, was not formed, reformed or recapitalized for the purpose of investing in the Equity Shares and/or other securities of the Company;
12. if the purchaser, or any person for which it is acting, is an investment company excepted from the U.S Investment Company Act pursuant to Section 3(c)(1) or Section 3(c)(7) thereof (or a foreign investment company under section 7(d) thereof relying on Section 3(c)(1) or 3(c)(7) with respect to its holders that are U.S. persons) and was formed on or before April 30, 1996, it has received the consent of its beneficial owners who acquired their interests on or before April 30, 1996, with respect to its treatment as a QP in the manner required by Section 2(a)(51)(C) of the U.S. Investment Company Act and the rules promulgated thereunder;
13. the purchaser, and each person for which it is acting, is not a partnership, common trust fund, or corporation, special trust, pension fund or retirement plan, or other entity, in which the partners, beneficiaries, beneficial owners, participants, shareholders or other equity owners, as the case may be, may designate the particular investments to be made, or the allocation thereof unless all such partners, beneficiaries, beneficial owners, participants, shareholders or other equity owners are both U.S. QIBs and QPs;
14. the purchaser, and each person for which it is acting, has not invested more than 40.0% of its assets in the Equity Shares (or beneficial interests therein) and/or other securities of the Company after giving effect to the purchase of the Equity Shares (or beneficial interests therein) (unless all of the beneficial owners of such entity's securities are both U.S. QIBs and QPs);
15. if, in the future, the purchaser decides to offer, resell, pledge or otherwise transfer such Equity Shares, or any economic interest therein, such Equity Shares or any economic interest therein may be offered, sold, pledged or otherwise transferred only outside the United States in an "offshore transaction" complying with Rule 903 or Rule 904 of Regulation S under the Securities Act to a person outside the United States and not known by the transferor to be a U.S. Person by pre-arrangement or otherwise (such permitted transactions including, for the avoidance of doubt, a bona fide sale on the BSE or NSE). The purchaser agrees not to effect any sale, pledge or other transfer of any Equity Shares in a transaction unless the purchaser first executes a US Resale Letter in the form of Annexure A to this Draft Red Herring Prospectus and delivers such letter to the Company prior to the settlement if any, of the sale, pledge or other transfer of the Equity Shares that is not consummated on BSE or NSE. The purchaser understands that the transfer restrictions will remain in effect until the Company determines, in its sole discretion, to remove them;
16. is not subscribing to, or purchasing, the Equity Shares with a view to, or for the offer or sale in connection with, any distribution thereof (within the meaning of the U.S. Securities Act) that would be in violation of the securities laws of the United States or any state thereof;
17. the Equity Shares are "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act and no representation is made as to the availability of the exemption provided by Rule 144 for resales of any such Equity Shares;
18. the purchaser will not deposit or cause to be deposited such Equity Shares into any depositary receipt facility established or maintained by a depositary bank other than a Rule 144A restricted depositary receipt facility;
19. the purchaser agrees that neither the purchaser, nor any of its affiliates, nor any person acting on behalf of the purchaser or any of its affiliates, will make any "directed selling efforts" as defined in Regulation S under the U.S. Securities Act in the United States with respect to the Equity Shares or "general solicitation" or "general advertising" (within the meaning of Rule 502(c) under the Securities Act), in the United States in connection with any offer or sale of the Equity Shares;
20. the purchaser understands that such Equity Shares (to the extent they are in certificated form), unless the Company determines otherwise in accordance with applicable law, will bear a legend substantially to the following effect:

THIS SECURITY HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "U.S. SECURITIES ACT") OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND THE ISSUER HAS NOT BEEN REGISTERED UNDER THE U.S. INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "U.S. INVESTMENT COMPANY ACT"). THIS SECURITY MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED EXCEPT TO A PERSON OUTSIDE THE UNITED STATES AND NOT KNOWN BY THE TRANSFEROR TO BE A US PERSON BY PRE-ARRANGEMENT OR OTHERWISE IN AN "OFFSHORE TRANSACTION" COMPLYING WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE U.S. SECURITIES ACT, AND OTHERWISE IN A TRANSACTION EXEMPT FROM, OR NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE U.S. SECURITIES ACT AND THE U.S. INVESTMENT COMPANY ACT.

THIS SECURITY IS NOT TRANSFERABLE EXCEPT IN ACCORDANCE WITH THE RESTRICTIONS DESCRIBED HEREIN. EACH TRANSFEROR OF THIS SECURITY AGREES TO PROVIDE NOTICE OF THE

TRANSFER RESTRICTIONS SET FORTH HEREIN AND IN THE COMPANY'S OFFER DOCUMENTS TO THE TRANSFEREE AND TO ANY EXECUTING BROKER.

21. the purchaser agrees, upon a proposed transfer of the Equity Shares, to notify any purchaser of such Equity Shares or the executing broker, as applicable, of any transfer restrictions that are applicable to the Equity Shares being sold and agrees not to act as a swap counterparty or other type of intermediary whereby any other party will acquire an economic interest or beneficial interest in the Equity Shares acquired or reoffer, resell, pledge or otherwise transfer the Equity Shares or any beneficial interest therein, to any person except to a person that meets all of the requirements above and who agrees not to subsequently transfer the Equity Shares or any beneficial interest therein except in accordance with these transfer restrictions;
22. the purchaser understands and acknowledges that (i) the Company will not recognize any offer, sale, pledge or other transfer of such Equity Shares made other than in compliance with the above-stated restrictions; (ii) any acquisition of a beneficial interest in the Equity Shares by any U.S. Person or any person within the United States who is required under these restrictions to be a QP but is not a QP at the time it acquires a beneficial interest in the Equity Shares, shall be null and void ab initio and will not be honored by the Company and in no event will the Company, its directors, officers, employees or agents, including any broker or dealer, have any liability whatsoever to the purchaser by reason of any act or failure to act by any person authorized by the Company in connection with the foregoing;
23. the purchaser understands and acknowledges that the Company may be considered a "covered fund" for purposes of the Volcker Rule. The definition of "covered fund" in the Volcker Rule includes, in part, any entity that would be an investment company under the U.S. Investment Company Act but for the exclusions provided under Section 3(c)(1) or 3(c)(7) thereunder. Because the Company relies on Section 3(c)(7) of the U.S. Investment Company Act for its exclusion from registration thereunder, it may be considered a "covered fund". Accordingly, "banking entities" that are subject to the Volcker Rule may be prohibited under the Volcker Rule from, among other things, acquiring or retaining our Equity Shares, absent any applicable exclusion or exemption under the Volcker Rule. Each purchaser must make its own determination as to whether it is a "banking entity" subject to the Volcker Rule and, if applicable, the potential impact of the Volcker Rule on its ability to purchase or retain our Equity Shares;
24. the purchaser is knowledgeable, sophisticated and experienced in business and financial matters, fully understands the limitations on ownership and transfer and the restrictions on sales of the Equity Shares and is aware that there are substantial risks incidental to the purchase of the Equity Shares and is able to bear the economic risk of such purchase; and the purchaser acknowledges that the Company, the Selling Shareholders, the BRLMs, their respective affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of such acknowledgements, representations and agreements deemed to have been made by virtue of its purchase of such Equity Shares are no longer accurate, it will promptly notify the Company, and if it is acquiring any of such Equity Shares as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of such account.

All Other Equity Shares Offered and Sold in this Offer

Each purchaser that is a non-U.S. Person and acquiring the Equity Shares offered pursuant to this Offer outside the United States, by its acceptance of this Draft Red Herring Prospectus and of the Equity Shares offered pursuant to this Offer, will be deemed to have acknowledged, represented to and agreed with the Company, the Selling Shareholders and the BRLMs that it has received a copy of this Draft Red Herring Prospectus and such other information as it deems necessary to make an informed investment decision and that:

1. the purchaser is authorized to consummate the purchase of the Equity Shares offered pursuant to this Offer in compliance with all applicable laws and regulations;
2. the purchaser acknowledges that the Equity Shares offered pursuant to this Offer have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state of the United States and accordingly may not be offered or sold within the United States or to, or for the account or benefit of, U.S. Persons (not relying on Rule 902(k)(1)(viii)(B) or Rule 902(k)(2)(i), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act;
3. the purchaser is purchasing the Equity Shares offered pursuant to this Offer in an "offshore transaction" meeting the requirements of Rule 903 of Regulation S under the U.S. Securities Act;
4. the purchaser and the person, if any, for whose account or benefit the purchaser is acquiring the Equity Shares offered pursuant to this Offer, is a non-U.S. Person and was located outside the United States at each time (i) the offer for such Equity Shares was made to it and (ii) when the buy order for such Equity Shares was originated and continues to be a non-U.S. Person and located outside the United States and has not purchased such Equity Shares for the account or benefit of

any U.S. Person or any person in the United States or entered into any arrangement for the transfer of such Equity Shares or any economic interest therein to any U.S. Person or any person in the United States;

5. the purchaser is not an affiliate of the Company or a person acting on behalf of an affiliate;
6. if, in the future, the purchaser decides to offer, resell, pledge or otherwise transfer such Equity Shares, or any economic interest therein, such Equity Shares or any economic interest therein may be offered, sold, pledged or otherwise transferred only outside the United States in an “offshore transaction” complying with Rule 903 or Rule 904 of Regulation S under the U.S. Securities Act to a person not known by the transferor to be a U.S. Person by pre-arrangement or otherwise (such permitted transactions including, for the avoidance of doubt, a bona fide sale on the BSE or the NSE) The purchaser understands that the transfer restrictions will remain in effect until the Company determines, in its sole discretion, to remove them, and confirms that the proposed transfer of the Equity Shares is not part of a plan or scheme to evade the registration requirements of the U.S. Securities Act or the U.S. Investment Company Act;
7. the purchaser agrees that neither the purchaser, nor any of its affiliates, nor any person acting on behalf of the purchaser or any of its affiliates, will make any “directed selling efforts” as defined in Regulation S under the U.S. Securities Act in the United States with respect to the Equity Shares;
8. the purchaser understands that such Equity Shares (to the extent they are in certificated form), unless the Company determine otherwise in accordance with applicable law, will bear a legend substantially to the following effect:

THIS SECURITY HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "U.S. SECURITIES ACT") OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND THE ISSUER HAS NOT BEEN REGISTERED UNDER THE U.S. INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "U.S. INVESTMENT COMPANY ACT"). THIS SECURITY MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED EXCEPT TO A PERSON OUTSIDE THE UNITED STATES AND NOT KNOWN BY THE TRANSFEROR TO BE A US PERSON BY PRE-ARRANGEMENT OR OTHERWISE IN AN “OFFSHORE TRANSACTION” COMPLYING WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE U.S. SECURITIES ACT AND OTHERWISE IN A TRANSACTION EXEMPT FROM, OR NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE U.S. SECURITIES ACT AND THE U.S. INVESTMENT COMPANY ACT.

THIS SECURITY IS NOT TRANSFERABLE EXCEPT IN ACCORDANCE WITH THE RESTRICTIONS DESCRIBED HEREIN. EACH TRANSFEROR OF THIS SECURITY AGREES TO PROVIDE NOTICE OF THE TRANSFER RESTRICTIONS SET FORTH HEREIN AND IN THE COMPANY'S OFFER DOCUMENTS TO THE TRANSFEREE AND TO ANY EXECUTING BROKER.

9. the purchaser agrees, upon a proposed transfer of the Equity Shares, to notify any purchaser of such Equity Shares or the executing broker, as applicable, of any transfer restrictions that are applicable to the Equity Shares being sold;
10. the purchaser understands and acknowledges that (i) the Company will not recognize any offer, sale, pledge or other transfer of such Equity Shares made other than in compliance with the above-stated restrictions; (ii) any acquisition of a beneficial interest in the Equity Shares by any U.S. Person or any person within the United States who is required under these restrictions to be a QP but is not a QP at the time it acquires a beneficial interest in the Equity Shares, shall be null and void ab initio and will not be honored by the Company and in no event will the Company, its directors, officers, employees or agents, including any broker or dealer, have any liability whatsoever to the purchaser by reason of any act or failure to act by any person authorized by the Company in connection with the foregoing;
11. the purchaser understands and acknowledges that the Company may be considered a “covered fund” for purposes of the Volcker Rule. The definition of “covered fund” in the Volcker Rule includes, in part, any entity that would be an investment company under the U.S. Investment Company Act but for the exclusions provided under Section 3(c)(1) or 3(c)(7) thereunder. Because the Company relies on Section 3(c)(7) of the U.S. Investment Company Act for its exclusion from registration thereunder, it may be considered a “covered fund”. Accordingly, “banking entities” that are subject to the Volcker Rule may be prohibited under the Volcker Rule from, among other things, acquiring or retaining our Equity Shares, absent any applicable exclusion or exemption under the Volcker Rule. Each purchaser must make its own determination as to whether it is a “banking entity” subject to the Volcker Rule and, if applicable, the potential impact of the Volcker Rule on its ability to purchase or retain our Equity Shares; and
12. the purchaser acknowledges that the Company, the Selling Shareholders, the BRLMs, their respective affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of such acknowledgements, representations and agreements deemed to have been made by virtue of its purchase of such Equity Shares are no longer accurate, it will promptly notify the Company, and if it is acquiring any of such Equity Shares as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to

each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of such account.

The Company, the Selling Shareholders, the BRLMs and their affiliates, and others will rely upon the truth and accuracy of the foregoing representation, acknowledgement and agreement.

Bidders are advised to ensure that any Bid from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law.

Further, each Bidder where required must agree in the Allotment Advice that such Bidder will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act.

ERISA considerations

The following is a summary of certain considerations associated with the purchase and holding of Equity Shares by Benefit Plan Investors. A “Benefit Plan Investor” is (1) an “employee benefit plan” (as defined in Section 3(3) of the United States Employee Retirement Income Security Act, as amended (“**ERISA**”)) that is subject to Title I of ERISA, (2) a plan, individual retirement account, “Keogh” plan or other arrangement subject to Section 4975 of the United States Internal Revenue Code of 1986, as amended (the “**Code**”), or provisions under any United States federal, state or local laws, or non-U.S. or other laws or regulations that are similar to such provisions of the Code or ERISA, (3) an entity whose underlying assets are considered to include “plan assets” by reason of a plan’s investment in such entity (including but not limited to an insurance company general account) (each of (1), (2) and (3), a “**Plan**”), and (4) any entity that otherwise constitutes a “benefit plan investor” within the meaning of the regulations promulgated under ERISA by the U.S. Department of Labor (the “**DOL**”), as modified by Section 3(42) of ERISA (the “**DOL Plan Asset Regulations**”).

The following is merely a summary, however, and should not be construed as legal advice or as complete in all relevant respects. All investors are urged to consult their own legal advisors before investing assets of a Plan in Equity Shares and to make their own independent decision.

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code and prohibit certain transactions involving the assets of a Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such a Plan or the management or disposition of the assets of such a Plan, or who renders investment advice for a fee or other compensation to such a Plan, is generally considered to be a fiduciary of the Plan.

In considering an investment in Equity Shares with a portion of the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any similar law relating to a fiduciary’s duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable United States federal, state or local laws, or non-U.S. or other laws or regulations that are similar to the Code or ERISA (collectively, “**Similar Laws**”).

Prohibited Transaction Considerations

Section 406 of ERISA and Section 4975 of the Code prohibit Plans from engaging in specified transactions involving plan assets with persons or entities who are “parties in interest,” within the meaning of Section 406 of ERISA, or “disqualified persons,” within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code and may result in the disqualification of an individual retirement account. In addition, the fiduciary of the Plan that engages in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and/or the Code. Regardless of whether or not the underlying assets of the Company (if any) are deemed to include “plan assets,” as described below, the acquisition and/or holding of Equity Shares by a Plan with respect to which the Company or an BRLM is considered a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the DOL has issued prohibited transaction class exemptions, or PTCEs, that may apply to the acquisition and holding of Equity Shares. These class exemptions include, without limitation, PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1 respecting insurance company pooled separate accounts, PTCE 91-38 respecting bank collective investment funds, PTCE 95-60 respecting life insurance company general accounts and PTCE 96-23 respecting transactions determined by in-house asset managers. In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide

an exemption from the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code for certain transactions, provided that neither the issuer of the securities nor any of its affiliates (directly or indirectly) have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction and provided further that the Plan receives no less, and pays no more, than adequate consideration in connection with the transaction. There can be no assurance that all of the conditions of any such exemptions will be satisfied or that any such exemptions will be available with respect to investments in interests in any Equity Shares.

Plan Asset Considerations

The DOL Plan Asset Regulations generally provide that when a Plan acquires an equity interest in an entity that is not (1) a “publicly-offered security,” (2) a security issued by an investment company registered under the Investment Company Act, or (3) an “operating company,” the Plan’s assets are deemed to include both the equity interest and an undivided interest in each of the underlying assets of the entity unless it is established that the equity participation in the entity by Benefit Plan Investors is not “significant” (the “**Insignificant Participation Test**”).

For purposes of the DOL Plan Asset Regulations, an “operating company” is an entity that is primarily engaged, directly or through a majority-owned subsidiary or subsidiaries, in the production or sale of a product or service, other than the investment of capital. It is anticipated that the Company will qualify as an operating company within the meaning of the DOL Plan Asset Regulations, although no assurance can be given in this regard.

For purposes of the Insignificant Participation Test, the DOL Plan Asset Regulations provide that equity participation in an entity by Benefit Plan Investors is not significant if, immediately after the most recent acquisition of an equity interest in the entity, the Benefit Plan Investors’ aggregate interest is less than 25% of the value of each class of equity interests in the entity, disregarding, for purposes of such determination, any interests held by any person that has discretionary authority or control with respect to the assets of the Company or who provides investment advice for a fee with respect to the assets of the Company or an affiliate of the Company (each, a “**Controlling Person**”) other than Benefit Plan Investors. Following this offering, it is possible that Benefit Plan Investors will hold and will continue to hold, less than 25% of the value of each class of equity interests of the Company, disregarding, for purposes of such determination, any interests held by any Controlling Person other than Benefit Plan Investors and, as such, that the Company may rely on the Insignificant Participation Test; however, we cannot be certain or make any assurance that this will be the case.

Plan Asset Consequences

If assets of the Company were deemed to constitute “plan assets” pursuant to the DOL Plan Asset Regulations, the operation and administration of the Company would become subject to the requirements of ERISA, including the fiduciary duty rules and the “prohibited transaction” prohibitions of ERISA, as well as the “prohibited transaction” prohibitions contained in the Code. If the Company becomes subject to these regulations, unless appropriate administrative exemptions are available (and there can be no assurance that they would be), the Company could, among other things, be restricted from entering into otherwise favorable transactions, and certain transactions entered into by the Company in the ordinary course of business could constitute non-exempt prohibited transactions and/or breaches of applicable fiduciary duties under ERISA and/or the Code, which could, in turn, result in potentially substantial excise taxes and other penalties and liabilities under ERISA and the Code.

Representation

Because of the foregoing, Equity Shares should not be acquired or held by any Benefit Plan Investor or any other person investing “plan assets” of any Plan, unless such acquisition and holding will not constitute a non-exempt prohibited transaction under ERISA and the Code and will not constitute a similar violation of any applicable Similar Law.

Any purchaser or subsequent transferee, including, without limitation, any fiduciary purchasing on behalf of a Plan, a Benefit Plan Investor, or a governmental, church or non-U.S. plan which is subject to Similar Laws will be deemed to have represented and warranted, in its corporate and fiduciary capacity, that if the purchaser or subsequent transferee is a Benefit Plan Investor, none of the Company or the BRLMs or any of their respective affiliates, has acted as the Plan’s fiduciary (within the meaning of ERISA or the Code), or has been relied upon for any advice, with respect to the purchaser or transferee’s decision to acquire and hold Equity Shares, and shall not at any time be relied upon as the ERISA Plan’s fiduciary with respect to any decision to acquire, continue to hold or transfer Equity Shares.

The foregoing discussion is general in nature, is not intended to be all-inclusive. Such discussion should not be construed as legal advice. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering investing in Equity Shares on behalf of, or with the assets of, any Plan consult with counsel regarding the potential applicability of ERISA, Section 4975 of the Code and Similar Laws to such investment and whether an exemption would be applicable to the acquisition and/or holding of Equity Shares.

Certain U.S. Federal Income Tax Considerations

The following is a discussion of certain U.S. federal income tax consequences to U.S. Holders (defined below) of acquiring, owning and disposing of Equity Shares, but it does not purport to be a comprehensive discussion of all tax considerations that may be relevant to a particular person's decision to acquire Equity Shares. This discussion applies only to a U.S. Holder that acquires Equity Shares in the Offer and that owns Equity Shares as capital assets for U.S. federal income tax purposes. This discussion is based on the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”), U.S. Treasury regulations promulgated thereunder, and administrative rulings and judicial interpretations thereof, in each case as in effect of the date of this Draft Red Herring Prospectus. Except as expressly described herein, this discussion does not address the U.S. federal income tax consequences that may apply to U.S. Holders under the Convention Between the government of the United States of America and the government of the Republic of India for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with Respect to Taxes on Income (the “**Treaty**”). All of the foregoing authorities are subject to change, which change could apply retroactively and could affect the tax consequences described below. No ruling will be sought from the U.S. Internal Revenue Service (the “**IRS**”) with respect to any statement or conclusion in this discussion, and there can be no assurance that the IRS will not challenge such statement or conclusion in the following discussion or, if challenged, that a court will uphold such statement or conclusion.

In addition, this discussion does not describe all of the tax consequences that may be relevant in light of a U.S. Holder's particular circumstances, including any U.S. state, local or non-U.S. tax law, the Medicare tax on net investment income, and any estate or gift tax laws, and it does not describe differing tax consequences applicable to U.S. Holders subject to special rules, such as:

- certain banks, financial institutions or financial services entities;
- regulated investment companies and real estate investment trusts;
- dealers or traders in securities that use a mark-to-market method of tax accounting;
- insurance companies;
- persons holding Equity Shares as part of a hedge, straddle, conversion, constructive sale, integrated transaction or similar transaction;
- governments or agencies or instrumentalities thereof;
- persons liable for the alternative minimum tax;
- persons required for U.S. federal income tax purposes to accelerate the recognition of any item of gross income with respect to our Equity Shares as a result of such income being recognized on an applicable financial statement;
- persons whose functional currency for U.S. federal income tax purposes is not the U.S. dollar;
- entities or arrangements classified as partnerships or pass-through entities for U.S. federal income tax purposes or holders of equity interests therein;
- tax-exempt entities, “individual retirement accounts” or “Roth IRAs”;
- certain U.S. expatriates or former long-term residents of the United States;
- persons that acquired Equity Shares pursuant to an exercise of employee share options, in connection with employee share incentive plans or otherwise as compensation;

- persons that own, directly, indirectly or constructively, ten percent (10%) or more of the total voting power or value of all of our outstanding stock; or
- persons owning Equity Shares in connection with a trade or business conducted outside the United States.

U.S. Holders should consult their tax advisors concerning the U.S. federal, state, local and non-U.S. tax consequences of acquiring, owning and disposing of Equity Shares in their particular circumstances.

For purposes of this discussion, a “U.S. Holder” is a person that, for U.S. federal income tax purposes, is a beneficial owner of Equity Shares and is:

- an individual citizen or resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state therein or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if a court within the United States is able to exercise primary supervision over its administration and one or more United States persons have the authority to control all substantial decisions of the trust or otherwise if the trust has a valid election in effect under current Treasury regulations to be treated as a United States person.

If a partnership (or other entity or arrangement that is classified as a partnership or other pass-through entity for U.S. federal income tax purposes) is the beneficial owner of Equity Shares, the U.S. federal income tax treatment of a partner, member or other beneficial owner in such partnership or other pass-through entity generally will depend on the status of the partner, member or other beneficial owner and the status and activities of the partnership or other pass-through entity holding Equity Shares. Partnerships or other pass-through entities owning Equity Shares and partners, members or other beneficial owners in such partnerships or other pass-through entities should consult their tax advisors as to the particular U.S. federal income tax consequences of acquiring, owning and disposing of the Equity Shares.

THE DISCUSSION OF U.S. FEDERAL INCOME TAX CONSIDERATIONS SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. ALL PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR TAX ADVISORS CONCERNING THE TAX CONSEQUENCES OF THE ACQUISITION, OWNERSHIP, OR DISPOSITION OF EQUITY SHARES IN LIGHT OF THEIR PARTICULAR CIRCUMSTANCES, INCLUDING THE APPLICABILITY AND EFFECT OF OTHER FEDERAL, STATE, LOCAL, NON-U.S. AND OTHER TAX LAWS, INCLUDING THE TREATY, AND POSSIBLE CHANGES IN TAX LAW.

Taxation of Distributions

Subject to the discussion below under “—Passive Foreign Investment Company Rules,” the gross amount of any distribution of cash or property paid with respect to our Equity Shares (including any amounts withheld in respect of Indian taxes), will generally be included in a U.S. Holder’s gross income as dividend income on the date actually or constructively received to the extent such distribution is paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Distributions in excess of our current and accumulated earnings and profits will be treated first as a non-taxable return of capital, thereby reducing the U.S. Holder’s adjusted tax basis in our Equity Shares (but not below zero), and thereafter as either long-term or short-term capital gain depending upon whether the U.S. Holder held our Equity Shares for more than one year as of the time such distribution is actually or constructively received. Because we do not prepare calculations of our earnings and profits using U.S. federal income tax principles, it is expected that distributions generally will be taxable to U.S. Holders as dividends, and taxable at ordinary income tax rates.

Dividends on our Equity Shares generally will not be eligible for the dividends-received deduction generally available to U.S. corporations with respect to dividends received from other U.S. corporations. The amount of any dividend paid in Rupees will be the U.S. dollar value of the Rupees calculated by reference to the spot rate of exchange in effect on the date of actual or constructive receipt, regardless of whether the payment is in fact converted into U.S. dollars on such date. U.S. Holders should consult their own tax advisors regarding the treatment of any foreign currency gain or loss.

A U.S. Holder generally will be entitled, subject to certain limitations, to a credit against its U.S. federal income tax liability, or to a deduction, if elected, in computing its U.S. federal taxable income, for non-refundable Indian income taxes withheld from dividends at a rate not exceeding the rate provided in the Treaty (if applicable). For purposes of the foreign tax credit limitation, dividends paid by the Company generally will constitute foreign source income in the “passive category income” basket. The rules relating to the foreign tax credit or deduction, if elected, are complex and U.S. Holders should consult their tax advisors concerning their availability in their particular circumstances.

Sale or Other Taxable Disposition of Equity Shares

Subject to the discussion below under “—*Passive Foreign Investment Company Rules*,” a U.S. Holder generally will recognize gain or loss for U.S. federal income tax purpose on the sale, exchange or other taxable disposition of our Equity Shares in an amount equal to the difference between the amount realized on the disposition and the U.S. Holder’s adjusted tax basis in the Equity Shares disposed of, in each case as determined in U.S. dollars. Such gain or loss generally will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder’s holding period for the Equity Shares exceeds one year. Long-term capital gains of certain non-corporate U.S. Holders (including individuals) are generally eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

A U.S. Holder’s initial tax basis in our Equity Shares will be the U.S. dollar value of the Rupee denominated purchase price determined on the date of purchase, and the amount realized on a sale, exchange or other taxable disposition of our Equity Shares will be the U.S. dollar value of the payment received determined on the date of disposition. If our Equity Shares are treated as traded on an “established securities market,” a cash method U.S. Holder or, if it elects, an accrual method U.S. Holder, will determine the U.S. dollar value of (i) the cost of such Equity Shares by translating the amount paid at the spot rate of exchange on the settlement date of the purchase, and (ii) the amount realized by translating the amount received at the spot rate of exchange on the settlement date of the sale, exchange or other taxable disposition. Such an election by an accrual method U.S. Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS. Accrual-method U.S. Holders that do not elect to be treated as cash-method taxpayers for this purpose may have a foreign currency gain or loss for U.S. federal income tax purposes, which in general will be treated as U.S.-source ordinary income or loss. U.S. Holders should consult their advisors as to the U.S. federal income tax consequences of the receipt of Rupees.

If any Indian tax is imposed on the sale or other disposition of our Equity Shares, a U.S. Holder’s amount realized will include the gross amount of the proceeds of the sale or other disposition before deduction of the Indian tax. Because capital gain or loss, if any, will generally be U.S. source gain or loss for foreign tax credit purposes and a U.S. Holder may use foreign tax credits to offset only the portion of U.S. federal income tax liability that is attributable to foreign-source income, a U.S. Holder may not be able to claim a foreign tax credit for any Indian income tax imposed on such gains unless the U.S. Holder has other taxable income from foreign sources in the appropriate foreign tax credit basket. U.S. Holders should consult their own tax advisors concerning the creditability or deductibility of any Indian income tax imposed on the disposition of Equity Shares in their particular circumstances.

Passive Foreign Investment Company Rules

In general, a corporation organized outside the United States will be treated as a passive foreign investment company (“**PFIC**”) for U.S. federal income tax purposes in any taxable year in which (a) 75% or more of its gross income is passive income (the “**income test**”) or (b) 50% or more of its assets either produce passive income or are held for the production of passive income in a taxable year (ordinarily determined based on fair market value and averaged quarterly over the year) (the “**asset test**”). For this purpose, “gross income” generally includes all sales revenues less the cost of goods sold, plus income from investments and from incidental or outside operations or sources, and “passive income” generally includes, for example, dividends, interest, certain rents and royalties, certain gains from the sale of stock and securities, and certain gains from commodities transactions. For purposes of the PFIC income test and asset test described above, if the Company owns, directly or indirectly, 25% or more of the total value of the outstanding shares of another corporation, the Company will be treated as if it (a) held a proportionate share of the assets of such other corporation and (b) received directly a proportionate share of the income of such other corporation.

Based on the nature of our business, the composition of our income and assets and the value of our assets, we expect that we were a PFIC for the taxable year ending March 31, 2021, and taking into account certain estimates of the aforementioned items we expect to be classified as a PFIC for the taxable year ending March 31, 2022 and expect to be so classified in future taxable years. We will not provide an annual determination of our PFIC status for any taxable year. However, we expect that we will continue to be a PFIC for each subsequent taxable year, and this summary is based on that expectation. If the Company is or becomes a PFIC, a U.S. Holder who owns our Equity Shares will generally be subject to adverse tax treatment, as discussed in more detail below. Accordingly, you are urged to consult your tax advisors regarding the risks associated with investing in a company that may be a PFIC.

Under attribution rules, if we were a PFIC for any taxable year and any subsidiary or other entity in which we held a direct or indirect equity interest is also a PFIC (a “Lower-tier PFIC”), U.S. Holders would be deemed to own their proportionate share of any such Lower-tier PFIC and would be subject to U.S. federal income tax according to the rules described in the following paragraph on (i) certain distributions by the Lower-tier PFIC and (ii) a disposition of equity interests of the Lower-tier PFIC, in each case as if the U.S. Holders held such interests directly, even though the U.S. Holders have not received the proceeds of those distributions or dispositions directly. Generally, a mark-to-market election (as described below) cannot be made for equity interests in a Lower-tier PFIC. Therefore, if we are a PFIC for any taxable year during which you hold our Equity Shares, you generally will continue to be subject to the rules described in the following paragraph with respect to your indirect interest in

any Lower-tier PFIC, even if you were to make a valid mark-to-market election with respect to our Equity Shares. You are urged to consult your tax advisors about the application of the PFIC rules to our subsidiaries.

Generally, if the Company is a PFIC for any taxable year during which a U.S. Holder holds Equity Shares, the U.S. Holder may be subject to adverse tax consequences. Generally, gain recognized by a U.S. Holder upon a disposition (including, under certain circumstances, a pledge) of Equity Shares by the U.S. Holder would be allocated ratably over the U.S. Holder's holding period for such Equity Shares. The amounts allocated to the taxable year of disposition and to years before the Company became a PFIC would be taxed as ordinary income. The amount allocated to each other taxable year would be subject to tax at the highest rate in effect for that taxable year for individuals or corporations, as appropriate, and an interest charge would be imposed on the tax attributable to the allocated amount. Further, to the extent that any distribution received by a U.S. Holder on the Equity Shares exceeds 125% of the average of the annual distributions on such Equity Shares received during the preceding three years or the U.S. Holder's holding period, whichever is shorter, that distribution would be subject to taxation in the same manner as gain, described immediately above. Certain elections may be available that would result in alternative treatments of the Equity Shares if the Company was a PFIC.

If the Company was a PFIC for any year during which a U.S. Holder owned Equity Shares, the Company would generally continue to be treated as a PFIC with respect to such U.S. Holder for all succeeding years during which such U.S. Holder held the Equity Shares, even if the Company ceased to meet the threshold requirements for PFIC status.

If we are or become a PFIC, certain elections would result in alternative treatments, such as a mark-to-market election (discussed below) of the Equity Shares, or such as a "qualified electing fund" ("QEF") election to include in income the U.S. Holder's share of the corporation's income on a current basis. A U.S. taxpayer may generally make a QEF election with respect to shares of a foreign corporation only if such taxpayer is furnished annually with a PFIC annual information statement as specified in the applicable Treasury regulations. For a U.S. Holder to make a QEF election, we must agree to supply annually to the U.S. Holder the "PFIC Annual Information Statement" described in Treasury Regulations and permit the U.S. Holder access to certain information in the event of an audit by the U.S. tax authorities. We do not intend to provide information necessary for U.S. Holders to make QEF elections. Therefore, U.S. Holders should assume that they will not receive such information from us and would therefore be unable to make a QEF election with respect to our Equity Shares.

Alternatively, if we are a PFIC for any taxable year and if the Equity Shares are "regularly traded" on a "qualified exchange," a U.S. Holder could make a mark-to-market election with respect to the Equity Shares (but not with respect to any Lower-tier PFICs, if any) that would result in tax treatment different from the general tax treatment for PFICs described above. The Equity Shares will be treated as "regularly traded" in any calendar year in which more than a de minimis quantity of the Equity Shares is traded on a qualified exchange on at least 15 days during each calendar quarter. A non-U.S. securities exchange constitutes a qualified exchange if it is regulated or supervised by a governmental authority of the country in which the securities exchange is located and meets certain trading listing, financial disclosure and other requirements set forth in the U.S. Treasury regulations. Our Equity Shares are listed on the Stock Exchanges. It is unclear, however, whether the Stock Exchanges would meet the requirements for a "qualified exchange." There can be no assurance, therefore, that the mark-to-market election would be available to a U.S. Holder of Equity Shares if we were treated as a PFIC.

Generally, under the mark-to-market election the U.S. Holder will recognize at the end of each taxable year (i) ordinary income in respect of any excess of the fair market value of the Equity Shares over their adjusted tax basis or (ii) ordinary loss in respect of any excess of the adjusted tax basis of the Equity Shares over their fair market value (but only to the extent of the net amount of income previously included as a result of the mark-to-market election). If a U.S. Holder makes the election, the U.S. Holder's tax basis in the Equity Shares will be adjusted to reflect these income or loss amounts. Any gain recognized on the sale or other disposition of Equity Shares in a year when we were a PFIC will be treated as ordinary income and any loss will be treated as an ordinary loss (but only to the extent of the net amount of income previously included as a result of the mark-to-market election). U.S. Holders should consult their tax advisors regarding the availability and advisability of making a mark-to-market election in their particular circumstances. As to any elections with respect to our Equity Shares, including mark-to-market elections or QEF elections, U.S. Holders should consult their own tax advisors to determine whether any of these elections would be available or advisable if we are or become a PFIC and, if so, what the consequences of the alternative treatments would be in their particular circumstances.

If a U.S. Holder owns our Equity Shares during any year in which we are a PFIC, the U.S. Holder generally will be required to file an IRS Form 8621 annually with respect to the Company, generally with the U.S. Holder's U.S. federal income tax return for that year unless specified exceptions apply.

U.S. Holders should consult their tax advisors regarding our PFIC status for any taxable year and the potential application of the PFIC rules.

Information Reporting and Backup Withholding

Payments of dividends and sales proceeds from a sale, exchange or other taxable disposition (including redemption) of our Equity Shares that are made within the United States, by a U.S. payor or through certain U.S.-related financial intermediaries

to a U.S. Holder generally are subject to information reporting, unless the U.S. Holder is a corporation or other exempt recipient. In addition, such payments may be subject to backup withholding, unless (1) the U.S. Holder is a corporation or other exempt recipient or (2) the U.S. Holder provides a correct taxpayer identification number and certifies that it is not subject to backup withholding in the manner required.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder will generally be allowed as a credit against the U.S. Holder's U.S. federal income tax liability or may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

Foreign Financial Asset Reporting

Certain U.S. Holders who are individuals or certain specified entities that own "specified foreign financial assets" with an aggregate value in excess of U.S.\$50,000 (and in some circumstances, a higher threshold) may be required to report information relating to the Equity Shares by attaching a complete IRS Form 8938, Statement of Specified Foreign Financial Assets (which requires U.S. Holders to report "foreign financial assets," which generally include financial accounts held at a non-U.S. financial institution, interests in non-U.S. entities, as well as stock and other securities issued by a non-U.S. person), to their tax return for each year in which they hold our Equity Shares, subject to certain exceptions (including an exception for our Equity Shares held in accounts maintained by U.S. financial institutions). U.S. Holders should consult their tax advisors regarding their reporting obligations with respect to their acquisition, ownership, and disposition of the Equity Shares.

Disclaimer Clause of RBI

The Company is having a valid certificate of registration dated August 24, 2010 issued by the Reserve Bank of India under Section 45 IA of the Reserve Bank of India Act, 1934. However, the RBI does not accept any responsibility or guarantee about the present position as to the financial soundness of the Company or for the correctness of any of the statements or representations made or opinion expressed by the Company and for the repayment of deposits/discharge of liabilities by the Company.

Disclaimer Clause of BSE

As required, a copy of this Draft Red Herring Prospectus has been submitted to BSE. The disclaimer clause as intimated by BSE to our Company, post scrutiny of this Draft Red Herring Prospectus, shall be included in the Red Herring Prospectus and the Prospectus prior to the RoC filing.

Disclaimer Clause of NSE

As required, a copy of this Draft Red Herring Prospectus has been submitted to NSE. The disclaimer clause as intimated by NSE to our Company, post scrutiny of this Draft Red Herring Prospectus, shall be included in the Red Herring Prospectus and the Prospectus prior to the RoC filing.

Listing

The Equity Shares Allotted through the Red Herring Prospectus and the Prospectus are proposed to be listed on BSE and NSE. Applications will be made to the Stock Exchanges for obtaining permission for listing and trading of the Equity Shares. [●] will be the Designated Stock Exchange with which the Basis of Allotment will be finalised.

Consents

Consents in writing of each of the Selling Shareholders, our Directors, our Company Secretary and Compliance Officer, legal counsel to the Company and the Selling Shareholders as to Indian Law, legal counsel to the BRLMs as to Indian Law, International legal counsel to the BRLMs, Bankers to our Company, the BRLMs, Registrar to the Offer, CRISIL, and consents in writing of the Syndicate Members, Escrow Collection Bank(s)/Refund Bank(s)/ Public Offer Account/ Sponsor Banks to act in their respective capacities, will be obtained and filed along with a copy of the Red Herring Prospectus with the RoC as required under the Companies Act, 2013 and such consents shall not be withdrawn up to the time of delivery of the Red Herring Prospectus for filing with the RoC.

Expert to the Offer

Except as stated below, our Company has not obtained any expert opinions:

Our Company has received written consent dated February 18, 2022 from B S R & Co. LLP, Chartered Accountants, to include their name as required under Section 26(1) of the Companies Act, 2013 read with SEBI ICDR Regulations, in this Draft Red Herring Prospectus and as an "expert" as defined under Section 2(38) of the Companies Act, 2013 to the extent and in their capacity as our Statutory Auditors, and in respect of their (i) examination report, dated February 7, 2022 on our Restated

Financial Information; and (ii) their report dated February 18, 2022 on the statement of possible special tax benefits in this Draft Red Herring Prospectus and such consent has not been withdrawn as on the date of this Draft Red Herring Prospectus. However, the term “expert” shall not be construed to mean an “expert” as defined under the U.S. Securities Act.

Our Company has received written consent dated February 18, 2022 from M/s R U Kamath & Co, Chartered Accountants, independent chartered accountants, to include their name as an “expert” as defined under section 2(38) of the Companies Act and such consent has not been withdrawn as on the date of this Draft Red Herring Prospectus.

Particulars regarding capital issues by our Company and listed group company or associate entities during the last three years

Other than as disclosed in “*Capital Structure*” on page 85, our Company has not made any capital issues during the three years preceding the date of this Draft Red Herring Prospectus.

Our Company does not have any listed group company.

As of the date of this Draft Red Herring Prospectus, our Company does not have any subsidiaries or associate entities.

Commission and Brokerage paid on previous issues of the Equity Shares in the last five years

Since this is the initial public offering of the Equity Shares, no sum has been paid or has been payable as commission or brokerage for subscribing to or procuring or agreeing to procure subscription for any of the Equity Shares since our Company’s incorporation.

Performance vis-à-vis objects – Public/ rights issue of our Company

Our Company has not made public issues during the last five years. Other than as disclosed in “*Capital Structure*” on page 85, our Company has not undertaken any rights issue in the last five years.

Performance vis-à-vis objects – Public/ rights issue of the listed subsidiaries/listed Promoter of our Company

Our Company does not have any subsidiaries and our Promoter has not undertaken any public issue or rights issue in the five years preceding the date of this Draft Red Herring Prospectus.

Track record of the Book Running Lead Managers

Further, helpline details of the BRLMs pursuant to the SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 are set forth in the table below:

S. No.	Name of BRLM	Website
1.	ICICI Securities Limited	www.icicisecurities.com
2.	Equirus Capital Private Limited*	www.equirus.com
3.	IIFL Securities Limited	www.iiflcap.com
4.	JM Financial Limited	www.jmfl.com

*Equirus has signed the due diligence certificate and has been disclosed as a BRLM for the Offer. Equirus and our Company are associates in terms of the SEBI Merchant Bankers Regulations. Accordingly, in compliance with the proviso to Regulation 21A(1) of the SEBI Merchant Bankers Regulations read with Regulation 23(3) of the SEBI ICDR Regulations, Equirus would be involved only in the marketing of the Offer.

For further details in relation to helpline details of the BRLMs, see “General Information – Book Running Lead Managers” on page 77.

Stock Market Data of Equity Shares

This being an initial public offer of Equity Shares of our Company, the Equity Shares are not listed on any stock exchange and accordingly, no stock market data is available for the Equity Shares.

Mechanism for Redressal of Investor Grievances

The Registrar Agreement provides for the retention of records with the Registrar to the Offer for a period of at least eight years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges, to enable the investors to approach the Registrar to the Offer for redressal of their grievances.

All grievances in relation to the Bidding process may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary to whom the Bid cum Application Form was submitted. The Bidder should give full details such as name of the sole or first Bidder, Bid cum Application Form number, Bidder DP ID, Client ID, UPI ID, PAN, date of the submission of Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for and the name and address of the Designated Intermediary where the Bid cum Application Form was submitted by the Bidder.

In terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2018/22 dated February 15, 2018, SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the BRLMs shall compensate the investors at the rate higher of ₹ 100 or 15% per annum of the application amount for the period of such delay.

The Registrar to the Offer shall obtain the required information from the SCSBs and Sponsor Banks for addressing any clarifications or grievances of ASBA Bidders. Our Company, the BRLMs and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations. Investors can contact our Company Secretary and Compliance Officer or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allotment, non-credit of allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

Anchor Investors are required to direct all grievances in relation to the Offer to the BRLMs.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned herein.

Our Company has not received investor complaints in relation to the Equity Shares for the three years prior to the filing of the Draft Red Herring Prospectus, hence no investor complaint in relation to our Company is pending as on the date of filing of the Draft Red Herring Prospectus.

Disposal of Investor Grievances by our Company

Our Company has obtained authentication on the SCORES and comply with the SEBI circular (CIR/OIAE/1/2013) dated April 17, 2013 in relation to redressal of investor grievances through SCORES, upon filing of this Draft Red Herring Prospectus.

Our Company estimates that the average time required by our Company or the Registrar to the Offer or the SCSB in case of ASBA Bidders, for the redressal of routine investor grievances shall be seven days from the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, our Company will seek to redress these complaints as expeditiously as possible.

Our Company, the Selling Shareholders, the Book Running Lead Managers and the Registrar to the Offer accept no responsibility for errors, omissions, commission of any acts of the Designated Intermediaries, including any defaults in complying with its obligations under the SEBI ICDR Regulations.

Investors can contact the Company Secretary and Compliance Officer, the BRLMs or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund orders or non-receipt of funds by electronic mode, etc.

Our Company has also appointed Rajaraman Sundaresan, Company Secretary of our Company, as the Compliance Officer for the Offer. For details, see “*General Information*” on page 76.

Our Company has constituted a Stakeholders’ Relationship Committee comprising of Balakrishnan Krishnamurthy, Gauri Rushabh Shah and Anil Kothuri as members which is responsible for review and redressal of grievances of the security holders of our Company. For details, see “*Our Management - Stakeholders’ Relationship Committee*” on page 233.

SECTION VII: OFFER INFORMATION

TERMS OF THE OFFER

The Equity Shares being issued, offered and Allotted pursuant to the Offer shall be subject to the provisions of the Companies Act, SEBI ICDR Regulations, SCRA, SCRR, the Memorandum of Association, the Articles of Association, the SEBI Listing Regulations, the terms of the Red Herring Prospectus, the Prospectus, the abridged prospectus, Bid cum Application Form, the Revision Form, the CAN/Allotment Advice and other terms and conditions as may be incorporated in other documents/certificates that may be executed in respect of the Offer. The Equity Shares shall also be subject to laws as applicable, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the Government of India, the Stock Exchanges, the RBI, RoC and/or other authorities, as in force on the date of the Offer and to the extent applicable or such other conditions as may be prescribed by the SEBI, the Government of India, the Stock Exchanges, the RoC and/or any other authorities while granting approval for the Offer.

The Offer

The Offer comprises a Fresh Issue by our Company and an Offer for Sale by the Selling Shareholders.

Expenses for the Offer shall be shared amongst our Company and the Selling Shareholders in the manner specified in “*Objects of the Offer - Offer Expenses*” on page 97.

Ranking of the Equity Shares

The Equity Shares being issued and Allotted in the Offer shall be subject to the provisions of the Companies Act, our Memorandum and Articles of Association. The Allottees upon Allotment of Equity Shares under the Offer will be entitled to receive dividend and other corporate benefits, if any, declared by our Company after the date of Allotment. The Equity Shares issued in the Offer shall be *pari passu* with the existing Equity Shares in all respects including dividends. For further details, see “*Description of Equity Shares and Terms of Articles of Association*” on page 456.

Mode of Payment of Dividend

Our Company shall pay dividends, if declared, to the Shareholders in accordance with the provisions of the Companies Act, the Memorandum of Association and Articles of Association and provisions of the SEBI Listing Regulations and any other guidelines or directions which may be issued by the Government of India in this regard. Dividends, if any, declared by our Company after the date of Allotment (pursuant to the transfer of Equity Shares from the Offer for Sale), will be payable to the Bidders who have been Allotted Equity Shares in the Offer, for the entire year, in accordance with applicable laws. For further details, in relation to dividends, see “*Dividend Policy*” and “*Description of Equity Shares and Terms of Articles of Association*” on pages 246 and 456, respectively.

Face Value, Offer Price, Floor Price and Price Band

The face value of each Equity Share is ₹10 and the Offer Price at the lower end of the Price Band is ₹[●] per Equity Share and at the higher end of the Price Band is ₹[●] per Equity Share. The Anchor Investor Offer Price is ₹[●] per Equity Share.

The Offer Price, Price Band, and the minimum Bid Lot size for the Offer will be decided by our Company and the Selling Shareholders, in consultation with the BRLMs, and will be advertised in [●] editions of [●], an English national daily newspaper, [●] editions of [●], a Hindi national daily newspaper and [●] edition of [●], a Marathi daily newspaper (Marathi being the regional language of Maharashtra, where our Registered and Corporate Office is located), each with wide circulation, at least two Working Days prior to the Bid/Offer Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading the same on their websites. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, shall be pre-filled in the Bid cum Application Forms available on the respective websites of the Stock Exchanges.

At any given point of time, there shall be only one denomination for the Equity Shares.

Rights of the Equity Shareholders

Subject to applicable laws, rules, regulations and guidelines and the Articles of Association, our Shareholders shall have the following rights:

- Right to receive dividends, if declared;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;

- Right to vote on a poll either in person or by proxy, in accordance with the provisions of the Companies Act;
- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation, subject to any statutory and preferential claim being satisfied;
- Right of free transferability, subject to applicable laws including any RBI rules and regulations; and
- Such other rights, as may be available to a shareholder of a listed public company under the Companies Act, the SEBI Listing Regulations and the Articles of Association.

For a detailed description of the main provisions of the AoA relating to voting rights, dividend, forfeiture and lien, transfer, transmission and/or consolidation/splitting, see “*Description of Equity Shares and Terms of Articles of Association*” on page 456.

Allotment only in dematerialised form

Pursuant to Section 29 of the Companies Act, 2013 the Equity Shares shall be Allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form on the Stock Exchanges. In this context, our Company has entered into the following agreements with the respective Depositories and Registrar to the Offer:

- Tripartite agreement dated January 13, 2012 amongst our Company, NSDL and Registrar to the Offer; and
- Tripartite agreement dated August 20, 2020 amongst our Company, CDSL and Registrar to the Offer.

Market Lot and Trading Lot

Since trading of the Equity Shares is in dematerialised form, the tradable lot is one Equity Share. Allotment in the Offer will be in multiples of one Equity Share subject to a minimum Allotment of [●] Equity Shares. For the method of basis of allotment, see “*Offer Procedure*” on page 435.

Joint Holders

Subject to the provisions of the Articles of Association, where two or more persons are registered as the holders of the Equity Shares, they will be deemed to hold such Equity Shares as joint tenants with benefits of survivorship.

Jurisdiction

Exclusive jurisdiction for the purpose of the Offer is with the competent courts/authorities in Mumbai, Maharashtra, India.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination facility to investors

In accordance with Section 72 of the Companies Act, read with the Companies (Share Capital and Debentures) Rules, 2014, the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialised mode, there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Bidder would prevail. If the Bidder wants to change the nomination, they are requested to inform their respective Depository Participant.

Compliance with disclosure and accounting norms

Our Company shall comply with all the applicable disclosure and accounting norms as may be specified by SEBI from time to time.

Bid/Offer Programme

BID/OFFER OPENS ON	[●] ⁽¹⁾
BID/OFFER CLOSING ON	[●] ⁽²⁾

- (1) Our Company and the Selling Shareholders, in consultation with the BRLMs, may consider participation by Anchor Investors. The Anchor Investor Bid/Offer Period shall be one Working Day prior to the Bid/Offer Opening Date in accordance with the SEBI ICDR Regulations.
- (2) Our Company and the Selling Shareholders, in consultation with the BRLMs, may consider closing the Bid/Offer Period for QIBs one Working Day prior to the Bid/Offer Closing Date in accordance with the SEBI ICDR Regulations.
- (3) UPI mandate end time and date shall be at [●] on [●].

An indicative timetable in respect of the Offer is set out below:

Event	Indicative Date
Bid/Offer Closing Date	[●]
Finalisation of Basis of Allotment with the Designated Stock Exchange	On or about [●]
Initiation of refunds (if any, for Anchor Investors)/unblocking of funds from ASBA Account*	On or about [●]
Credit of Equity Shares to demat accounts of Allottees	On or about [●]
Commencement of trading of the Equity Shares on the Stock Exchanges	On or about [●]

* In case of (i) any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) for cancelled/withdrawn/deleted ASBA Forms, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher from the date on which the request for cancellation/withdrawal/deletion is placed in the Stock Exchanges bidding platform until the date on which the amounts are unblocked; (ii) any blocking of multiple amounts for the same ASBA Form (for amounts blocked through the UPI Mechanism), the Bidder shall be compensated at a uniform rate ₹100 per day or 15% per annum of the total cumulative blocked amount except the original application amount, whichever is higher from the date on which such multiple amounts were blocked till the date of actual unblock; (iii) any blocking of amounts more than the Bid Amount, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the difference in amount, whichever is higher from the date on which such excess amounts were blocked till the date of actual unblock; (iv) any delay in unblocking of non-allotted/ partially allotted Bids, exceeding four Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher for the entire duration of delay exceeding four Working Days from the Bid/ Offer Closing Date by the SCSB responsible for causing such delay in unblocking. The post Offer BRLMs shall be liable for compensating the Bidder at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher from the date of receipt of the investor grievance until the date on which the blocked amounts are unblocked. Further, Bidders shall be entitled to compensation in the manner specified in the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and any other applicable law in case of delays in resolving investor grievances in relation to blocking/unblocking of funds.

The above timetable, other than the Bid/Offer Closing Date, is indicative and does not constitute any obligation or liability on our Company, our Selling Shareholders or the BRLMs.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within six Working Days of the Bid/Offer Closing Date, the timetable may be extended due to various factors, such as extension of the Bid/Offer Period by our Company and the Selling Shareholders, in consultation with the BRLMs, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges. In terms of the SEBI circular SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, our Company shall within four days from the closure of the Offer, refund the subscription amount received in case of non receipt of minimum subscription or in case our Company fails to obtain listing or trading permission from the Stock Exchanges for the Equity Shares. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws. Each Selling Shareholder confirms that it shall extend such reasonable support and co-operation required by our Company and the BRLMs for completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchanges within six Working Days from the Bid/Offer Closing Date or such other period as may be prescribed by SEBI.

The Registrar to the Offer shall submit the details of cancelled/withdrawn/deleted applications to the SCSB's on daily basis within 60 minutes of the Bid closure time from the Bid/ Offer Opening Date till the Bid/Offer Closing Date by

obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day.

In terms of the UPI Circulars, in relation to the Offer, the BRLMs will be required to submit reports of compliance with time lines and activities prescribed by SEBI in connection with the allotment and listing procedure within six Working Days from the Bid/ Offer Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids (other than Bids from Anchor Investors):

Bid/Offer Period (except the Bid/Offer Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. IST
Bid/Offer Closing Date	
Submission and Revision in Bids	Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/ Offer Closing Date, the Bids shall be uploaded until:

Except in relation to Anchor Investors, Bids and any revision in Bids will be accepted only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time) during the Bid/Offer Period at the Bidding Centers, except that on the Bid/Offer Closing Date (which for QIBs may be a day prior to the Bid/Offer Closing Date for non-QIBs), Bids will be accepted only between 10.00 a.m. and 3.00 p.m. (Indian Standard Time) and uploaded until (i) 4.00 p.m. (Indian Standard Time) for Bids by QIBs, Non-Institutional Investors and Federal Bank Shareholders bidding in the Federal Bank Shareholders Reservation Portion (for Bid Amount of more than ₹ 200,000); and (ii) 5.00 p.m. or such extended time as permitted by the Stock Exchanges (Indian Standard Time) in case of Bids by Retail Individual Bidders, Eligible Employees bidding in the Employee Reservation Portion and Federal Bank Shareholders Bidding in the Federal Bank Shareholders Reservation Portion (for Bid Amount up to ₹ 200,000). On the Bid/Offer Closing Date, extension of time may be granted by the Stock Exchanges only for uploading Bids received from Retail Individual Bidders, Eligible Employees bidding in the Employee Reservation Portion and Federal Bank Shareholders bidding in the Federal Bank Shareholders Reservation Portion (for Bid Amount up to ₹ 200,000), after taking into account the total number of Bids received up to closure of timings for acceptance of Bid cum Application Forms as stated herein and as informed to the Stock Exchanges.

On Bid/Offer Closing Date, extension of time may be granted by Stock Exchanges only for uploading Bids received by Retail Individual Bidders, after taking into account the total number of Bids received and as reported by the BRLMs to the Stock Exchanges.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Offer Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Offer Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Offer. Bids will be accepted only during Working Days.

Our Company and the Selling Shareholders, in consultation with the BRLMs reserves the right to revise the Price Band during the Bid/Offer Period, in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly, but the Floor Price shall not be less than the face value of the Equity Shares. In all circumstances, the Cap Price shall be less than or equal to 120% of the Floor Price. Provided that the Cap Price of the Price Band shall be at least 105 % of the Floor Price.

In case of revision in the Price Band, the Bid/Offer Period shall be extended for at least three additional Working Days after such revision, subject to the Bid/Offer Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company and the Selling Shareholders, in consultation with the BRLMs, for reasons to be recorded in writing, extend the Bid/Offer Period for a minimum of three Working Days, subject to the Bid/ Offer Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Bid/Offer Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a press release and also by indicating the change on the terminals of the Syndicate Members and by intimation to the Designated Intermediaries.

In case of discrepancy in data entered in the electronic book vis-vis data contained in the Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

Minimum Subscription

If our Company does not receive the minimum subscription in the Offer as specified under Rule 19(2)(b) of the SCRR or the minimum subscription of 90% of the Fresh Issue on the date of closure of the Offer; or withdrawal of applications; or after technical rejections; or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares so offered under the offer document, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond four days, our Company and our Directors, who are officers in default, shall pay interest at the rate of 15% per annum.

In the event of under subscription in the Offer, the Equity Shares will be Allotted in the following order (A) such number of Equity Shares will first be Allotted by our Company such that 90% of the Fresh Issue portion is subscribed; (B) The balance Equity Shares subscribed to in the Offer will be met in the following order of priority: (i) in the first instance, towards 27,602,787 Equity Shares offered by Investor Selling Shareholder (representing one-third of the total number of Equity Shares held by the Investor Selling Shareholder in the Company as on the date of the Draft Red Herring Prospectus), (ii) in the event that the Offer for Sale is greater than 27,602,787 Equity Shares, then, after the offer of such Equity Shares, the Promoter Selling Shareholder and the Investor Selling Shareholder shall have the right to offer their remaining Offered Shares in proportion to their respective shareholding in our Company, followed by (iv) the balance 10% of the Fresh Issue portion will be Allotted.

Each of the Selling Shareholders shall, severally and not jointly, reimburse, in proportion to their respective Offered Shares, any expenses and interest incurred by our Company on behalf of the Selling Shareholders for any delays in making refunds as required under the Companies Act and any other applicable law, provided that no Selling Shareholders shall be responsible or liable for payment of such expenses or interest, unless such delay is solely and directly attributable to an act or omission of such Selling Shareholder.

Further, the Selling Shareholders and our Company shall ensure that the number of prospective Allottees to whom the Equity Shares will be Allotted shall not be less than 1,000 in compliance with Regulation 49(1) of the SEBI ICDR Regulations failing which the entire application money shall be unblocked in the respective ASBA Accounts of the Bidders, and subscription money will be refunded, as applicable. In case of delay, if any, in unblocking the ASBA Accounts within such timeline as prescribed under applicable laws, the Selling Shareholders and our Company, as applicable, shall be liable to pay interest on the application money in accordance with applicable laws.

Arrangements for Disposal of Odd Lots

There are no arrangements for disposal of odd lots since our Equity Shares will be traded in dematerialised form only and market lot for our Equity Shares will be one Equity Share.

Option to receive Equity Shares in dematerialized form

Allotment of Equity Shares to successful Bidders will only be in the dematerialized form. Bidders will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only in the dematerialized segment of the Stock Exchanges.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for lock-in of the pre-Offer capital of our Company, lock-in of our Promoter's contribution under the SEBI ICDR Regulations and the Anchor Investor lock-in as provided in "*Capital Structure*" on page 85 and except as provided under the Articles of Association, there are no restrictions on transfer of the Equity Shares. Further, there are no restrictions on transmission of any shares of our Company and on their consolidation or splitting, except as provided in the Articles of Association. For details, see "*Description of Equity Shares and Terms of Articles of Association*" on page 456.

New financial instruments

Our Company is not issuing any new financial instruments through this Offer.

Withdrawal of the Offer

Our Company and the Selling Shareholders in consultation with the BRLMs, reserve the right not to proceed with the Offer, after the Bid/ Offer Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Offer advertisements were published, within two days of the Bid/ Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer and inform the Stock Exchanges simultaneously. The BRLMs, through the Registrar to the Offer, shall notify the SCSBs and the Sponsor Banks (in case of RIBs, Eligible Employees Bidding under the Employee Reservation Portion and Federal Bank Shareholders Bidding under the Federal Bank Shareholders Reservation Portion using the UPI Mechanism, subject to the Bid Amount being up to ₹ 200,000), to unblock the bank accounts of the ASBA Bidders and shall notify the Escrow Collection Bank to release the Bid Amounts to

the Anchor Investors, within one Working Day from the date of receipt of such notification and also inform the Bankers to the Offer to process refunds to the Anchor Investors, as the case may be. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed. The notice of withdrawal will be issued in the same newspapers where the pre-Offer advertisements have appeared and the Stock Exchanges will also be informed promptly.

If our Company and the Selling Shareholders, in consultation with the BRLMs withdraw the Offer after the Bid/ Offer Closing Date and thereafter determines that it will proceed with an issue of the Equity Shares, our Company shall file a fresh draft red herring prospectus with SEBI. Notwithstanding the foregoing, the Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and (ii) the filing of the Prospectus with the RoC.

OFFER STRUCTURE

Offer of up to [●] Equity Shares for cash at a price of ₹[●] per Equity Share (including a premium of ₹[●] per Equity Share) aggregating up to ₹[●] million, comprising a Fresh Issue of up to [●] Equity Shares aggregating up to ₹ 9,000 million by our Company and an Offer for Sale of up to 16,497,973 Equity Shares aggregating up to ₹[●] million by the Promoter Selling Shareholder and up to 29,216,313 Equity Shares aggregating up to ₹[●] million by the Investor Selling Shareholder. The Offer comprises of a Net Offer of up to [●] Equity Shares and Employee Reservation Portion of up to [●] Equity Shares and Federal Bank Shareholders Reservation Portion up to [●] Equity Shares. The Offer and the Net Offer shall constitute [●]% and [●]%, respectively of the post-offer paid-up equity share capital of our Company.

Our Company and the Selling Shareholders may, in consultation with the BRLMs, consider a Pre-IPO Placement of up to 20% of the Fresh Issue or such other amount as may be allowed under applicable law for cash consideration aggregating up to ₹ 1,800 million, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company and the Selling Shareholders in consultation with the BRLMs, and the Pre-IPO Placement will be completed prior to filing of the Red Herring Prospectus with the RoC. If the Pre-IPO Placement is undertaken, the minimum Offer size (comprising the Fresh Issue so reduced by the amount raised from the Pre-IPO Placement, and the Offer for Sale) shall constitute at least 10% of the post-Offer paid-up Equity Share capital of our Company. The Offer is being made through the Book Building Process.

The Offer shall constitute [●]% of the post-Offer paid-up Equity Share capital of our Company.

The Offer is being made through the Book Building Process.

Assuming full subscription in the Offer.

- (1) Our Company and the Selling Shareholders, in consultation with the BRLMs may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis, in accordance with the SEBI ICDR Regulations. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being made to other Anchor Investors. In the event of under-subscription or non-Allotment in the Anchor Investor Portion, the balance Equity Shares in the Anchor Investor Portion shall be added to the Net QIB Portion. For details, see "Offer Procedure" on page 435.
- (2) Subject to valid Bids being received at or above the Offer Price. This Offer is made in accordance with the Rule 19(2)(b) of the SCRR and is being made through the Book Building Process, in compliance with Regulation 6(1) of the SEBI ICDR Regulations.
- (3) Full Bid Amount shall be payable by the Anchor Investors at the time of submission of the Anchor Investor Application Forms, provided that any difference between the price at which Equity Shares are allocated to the Anchor Investors and the Anchor Investor Offer Price, shall be payable by the Anchor Investor Pay-in Date as mentioned in the CAN. For details of terms of payment of applicable to Anchor Investors, see General Information Document available on the website of the Stock Exchanges and the BRLMs.
- (4) In case of joint Bids, the Bid cum Application Form should contain only the name of the First Bidder whose name should also appear as the first holder of the beneficiary account held in joint names. The signature of only such First Bidder is required in the Bid cum Application Form and such First Bidder will be deemed to have signed on behalf of the joint holders. Bidders will be required to confirm and will be deemed to have represented to our Company, the Selling Shareholders, the Underwriters, their respective directors, officers, agents, affiliates and representatives that they are eligible under applicable law, rules, regulations, guidelines and approvals to acquire the Equity Shares.

Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in the Non-Institutional Portion or the Retail Portion would be allowed to be met with spill-over from other categories or a combination of categories at the discretion of our Company and the Selling Shareholders, in consultation with the BRLMs and the Designated Stock Exchange, on a proportionate basis. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill-over from other categories or a combination of categories.

Undersubscription, if any, (including Employee Reservation Portion and the Federal Bank Shareholders Reservation Portion), in any category, except the QIB Category, would be met with spill-over from any other category or categories, as applicable, at the discretion of our Company and the Selling Shareholders in consultation with the BRLMs and the Designated Stock Exchange, subject to applicable laws. Unless the Employee Reservation Portion is undersubscribed, the value of allocation to an Eligible Employee shall not exceed ₹200,000. In the event of undersubscription in the Employee Reservation Portion, the unsubscribed portion may be allocated, on a proportionate basis, to Eligible Employees for value exceeding ₹200,000 up to ₹500,000. Eligible Employees bidding in the Employee Reservation Portion can also Bid under the Net Offer and such Bids

will not be treated as multiple Bids. Further, Eligible Employees bidding in the Employee Reservation Portion and the Federal Bank Shareholders Reservation Portion (subject to the Bid Amount being up to ₹200,000) can also Bid under the Net Offer and such Bids will not be treated as multiple Bids. Bidders Bidding in the Federal Bank Shareholders Reservation Portion can also Bid under the Net Offer and such Bids will not be treated as multiple Bids. To clarify, a Federal Bank Shareholder Bidding in the Federal Bank Shareholders Reservation Portion above ₹200,000 cannot Bid in the Net Offer as such Bids will be treated as multiple Bids. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories. Under-subscription, if any, in any category, including the Employee Reservation Portion and the Federal Bank Shareholders Reservation Portion, except in the QIB Category, would be allowed to be met with spill over from any other category or combination of categories, at the discretion of our Company and the Selling Shareholders in consultation with the BRLMs and the Designated Stock Exchange. For further details, see “*Terms of the Offer*” on page 425.

In the event of under subscription in the Offer, the Equity Shares will be Allotted in the order set out in “*Terms of the Offer – Minimum Subscription*” on page 429.

In case of any revision in the Price Band, the Bid/ Offer Period shall be extended for at least three additional Working Days after such revision of the Price Band, subject to the total Bid/ Offer Period not exceeding 10 Working Days. Any revision in the Price Band, and the revised Bid/ Offer Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges by issuing a press release and also by indicating the change on the websites of the BRLMs and at the terminals of the members of the Syndicate.

In case of discrepancy in the data entered in the electronic book *vis-à-vis* the data contained in the physical Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges may be taken as the final data for the purpose of Allotment.

OFFER PROCEDURE

All Bidders should read the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular no. SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 and the UPI Circulars (the “**General Information Document**”) which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations which is part of the abridged prospectus accompanying the Bid cum Application Form. The General Information Document is available on the websites of the Stock Exchanges and the BRLMs. Please refer to the relevant provisions of the General Information Document which are applicable to the Offer, especially in relation to the process for Bids by RIBs through the UPI Mechanism. The investors should note that the details and process provided in the General Information Document should be read along with this section.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Offer; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders/Applicants; (v) issuance of CAN and allotment in the Offer; (vi) general instructions (limited to instructions for completing the Bid cum Application Form.); (vii) submission of Bid cum Application Form; (viii) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (ix) applicable provisions of the Companies Act relating to punishment for fictitious applications; (x) mode of making refunds; (xi) Designated Date, (xii) interest in case of delay in allotment or refund; and (xiii) disposal of application.

SEBI vide the UPI Circulars, has introduced an alternate payment mechanism using Unified Payments Interface (“**UPI**”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“**UPI Phase I**”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), issued by SEBI, the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“**UPI Phase II**”). Subsequently however, SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 extended the timeline for implementation of UPI Phase II till March 31, 2020. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, has decided to continue with the UPI Phase II till further notice. The final reduced timeline of T+3 days for the UPI Mechanism for applications by RIBs (“**UPI Phase III**”) and modalities of the implementation of UPI Phase III may be notified and made effective subsequently, as may be prescribed by SEBI. The Offer will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, are deemed to form part of this Draft Red Herring Prospectus.

In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI Circular. No. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead managers shall continue to coordinate with intermediaries involved in the said process.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated in accordance with applicable law. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, Investors shall be entitled to compensation in the manner specified in the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, in case of delays in resolving investor grievances in relation to blocking/unblocking of funds.

Our Company, the BRLMs, the Selling Shareholders and the members of the Syndicate do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Draft Red Herring Prospectus, the Red Herring Prospectus and the Prospectus.

Book Building Procedure

The Offer is being made in terms of Rule 19(2)(b) of the SCRR, through the Book Building Process in accordance with Regulation 6(1) of the SEBI ICDR Regulations wherein not more than 50% of the Offer shall be allocated on a proportionate basis to QIBs, provided that our Company and the Selling Shareholders, in consultation with the BRLMs, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allotment in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis only to Mutual Funds, and spill-over from the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, not less than 15% of the Offer shall be available for allocation on a proportionate basis to Non-Institutional Investors out of which (a) one third of such portion shall be reserved for applicants with application size of more than two lakh rupees and up to ten lakh rupees; and (b) two third of such portion shall be reserved for applicants with application size of more than ten lakh rupees, provided that the unsubscribed portion in either of such sub-categories may be allocated to applicants in the other sub-category of non-institutional investors and not less than 35% of the Offer shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price. Furthermore, up to [●] Equity Shares, aggregating up to ₹ [●] million shall be made available for allocation on a proportionate basis only to Eligible Employees Bidding in the Employee Reservation Portion, subject to valid Bids being received at or above the Offer Price. Also, up to [●] Equity Shares, aggregating up to ₹ [●] million shall be made available for allocation on a proportionate basis only to Federal Bank Shareholders Bidding in the Federal Bank Shareholders Reservation Portion, subject to valid Bids being received at or above the Offer Price.

Under-subscription, if any, in any category, including the Employee Reservation Portion and the Federal Bank Shareholders Reservation Portion, except in the QIB Portion, would be allowed to be met with spill over from any other category or combination of categories of Bidders at the discretion of our Company and the Selling Shareholders, in consultation with the BRLMs, and the Designated Stock Exchange subject to applicable laws and receipt of valid Bids received at or above the Offer Price. Under-subscription, if any, in the QIB Portion, would not be allowed to be met with spill-over from any other category or a combination of categories. Further, in the event of an under-subscription in the Employee Reservation Portion, such unsubscribed portion may be Allotted on a proportionate basis to Eligible Employees Bidding in the Employee Reservation Portion, for a value in excess of ₹ 200,000 subject to the total Allotment to an Eligible Employee not exceeding ₹ 500,000. The unsubscribed portion, if any, in the Employee Reservation Portion shall be added to the Net Offer.

In the event of under subscription in the Offer, the Equity Shares will be Allotted in the order set out in “*Terms of the Offer – Minimum Subscription*” on page 429.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchanges.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which do not have the details of the Bidders’ depository account, including DP ID, Client ID, PAN and UPI ID, as applicable, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. Eligible Employees Bidding in the Employee Reservation Portion Bidding using the UPI Mechanism, shall be treated as incomplete and will be rejected.

Phased implementation of UPI Mechanism

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of, *inter alia*, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RIB had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019. Under this phase, submission of the ASBA Form without UPI by RIBs to Designated Intermediaries (other than SCSBs) for blocking of funds will be discontinued. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase. SEBI vide its circular

no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, pursuant to SEBI circular dated March 30, 2020, this phase has been extended till further notice.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing would be reduced to three Working Days.

Electronic registration of Bids

- a. The Designated Intermediary may register the Bids using the online facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the online facilities for Book Building on a regular basis before the closure of the Offer.
- b. On the Bid/ Offer Closing Date, the Designated Intermediaries may upload the Bids till such time as may be permitted by the Stock Exchanges and as disclosed in the Red Herring Prospectus.
- c. Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/ Allotment. The Designated Intermediaries are given till 1:00 pm on the next Working Day following the Bid/ Offer Closing Date to modify select fields uploaded in the Stock Exchanges' Platform during the Bid/ Offer Period after which the Stock Exchange(s) send the bid information to the Registrar to the Offer for further processing.

The Offer will be made under UPI Phase II of the UPI Circular, unless UPI Phase III of the UPI Circular becomes effective and applicable on or prior to the Bid/Offer Opening Date. If the Offer is made under UPI Phase III of the UPI Circular, the same will be advertised in shall be advertised in [●] editions of the English national daily newspaper [●], [●] editions of the Hindi national daily newspaper [●] and [●] edition of the Marathi daily newspaper [●] (Marathi being the regional language of Maharashtra, where our Registered and Corporate Office is located), each with wide circulation on or prior to the Bid/Offer Opening Date and such advertisement shall also be made available to the Stock Exchanges for the purpose of uploading on their websites.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. Our Company will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Bidders using the UPI.

Pursuant to the UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one Working Day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the BRLMs.

Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus will be available with the Designated Intermediaries at the Bidding Centres, and our Registered Office. An electronic copy of the Bid cum Application Form will also be available for download on the websites of the Stock Exchanges (www.nseindia.com and www.bseindia.com) at least one day prior to the Bid/ Offer Opening Date. The Bid cum Application Forms for Eligible Employees Bidding in the Employee Reservation Portion will be available only at our offices and branches in India.

Copies of the Anchor Investor Application Form will be available at the offices of the BRLMs.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Offer only through the ASBA process. RIBs are mandatorily required to use the UPI Mechanism for submitting their bids to Designated Intermediaries and are allowed to use ASBA Process by way of ASBA Forms to submit their bids directly to SCSBs. Anchor Investors are not permitted to participate in the Offer through the ASBA process.

RIBs bidding in the Retail Portion using the UPI Mechanism must provide the UPI ID in the relevant space provided in the Bid cum Application Form and the Bid cum Application Form that does not contain the UPI ID are liable to be rejected.

ASBA Bidders (including Bidders using UPI Mechanism, as applicable) must provide bank account details and authorisation to block funds in their respective ASBA Accounts in the relevant space provided in the ASBA Form and the ASBA Forms that do not contain such details are liable to be rejected or the UPI ID, as applicable, in the relevant space provided in the ASBA Form. Applications made using third party bank account or using third party linked bank account UPI ID are liable for rejection. RIBs using the UPI Mechanism may also apply through the mobile applications using the UPI handles as provided on the website of the SEBI.

ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the Designated Intermediary, submitted at the Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected. RIBs using UPI Mechanism, may submit their ASBA Forms, including details of their UPI IDs, with the Syndicate, Sub-Syndicate members, Registered Brokers, RTAs or CDPs. RIBs authorising an SCSB to block the Bid Amount in the ASBA Account may submit their ASBA Forms with the SCSBs. ASBA Bidders must ensure that the ASBA Account has sufficient credit balance such that an amount equivalent to the full Bid Amount can be blocked by the SCSB or the Sponsor Banks, as applicable, at the time of submitting the Bid.

Since the Offer is made under Phase II, ASBA Bidders may submit the ASBA Form in the manner below:

- a. RIIs (other than the RIIs using UPI Mechanism) may submit their ASBA Forms with SCSBs (physically or online, as applicable), or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- b. RIIs using the UPI Mechanism, may submit their ASBA Forms with the Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- c. QIBs and NIIs may submit their ASBA Forms with SCSBs, Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs.

The prescribed colour of the Bid cum Application Form for the various categories is as follows:

Category	Colour of Bid cum Application Form*
Resident Indians, including resident QIBs, Non-Institutional Investors, Retail Individual Bidders and Eligible NRIs applying on a non-repatriation basis ⁽¹⁾	[●]
Eligible NRIs, FVCIs, FPIs and registered bilateral and multilateral development financial institutions applying on a repatriation basis ⁽¹⁾	[●]
Anchor Investors ⁽²⁾	[●]
Eligible Employees Bidding in the Employee Reservation Portion ⁽³⁾	[●]
Federal Bank Shareholders applying in the Federal Bank Shareholders Reservation Portion	[●]

* Excluding electronic Bid cum Application Forms

Notes:

- (1) Electronic Bid cum Application forms and the abridged prospectus will also be available for download on the websites of the Stock Exchanges (www.nseindia.com and www.bseindia.com).
- (2) Bid cum Application Forms for Anchor Investors shall be available at the offices of the BRLMs.
- (3) The Bid cum Application Forms for Eligible Employees will be available only at our offices and branches in India.

In case of ASBA Forms, the relevant Designated Intermediaries shall upload the relevant bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges. For RIBs using UPI Mechanism, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Banks on a continuous basis to enable the Sponsor Banks to initiate UPI Mandate Request to RIBs for blocking of funds. For ASBA Forms (other than RIBs) Designated Intermediaries (other than SCSBs) shall submit/ deliver the ASBA Forms to the respective SCSB where the Bidder has an ASBA bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank. Stock Exchanges shall validate the electronic bids with the records of the CDP for DP ID / Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. Stock Exchanges shall allow modification of either DP ID / Client ID or PAN ID, bank code and location code in the Bid details already uploaded.

For RIBs using UPI Mechanism, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Banks on a continuous basis through API integration to enable the Sponsor Banks to initiate UPI Mandate Request to RIBs for blocking of funds. The Sponsor Banks shall initiate request for blocking of funds through NPCI to RIBs, who shall accept the UPI mandate request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. For all pending UPI mandate requests, the Sponsor Banks shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 12:00 pm on the first Working Day after the Bid/Offer Closing Date (“**Cut-Off Time**”). Accordingly, RIBs Bidding using through the UPI Mechanism should accept UPI mandate requests for blocking

of funds prior to the Cut-Off Time and all pending UPI mandate requests at the Cut-Off Time shall lapse. For ensuring timely information to investors, SCSBs shall send SMS alerts as specified in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021. The NPCI shall maintain an audit trail for every bid entered in the Stock Exchanges bidding platform, and the liability to compensate RIBs (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Banks, NPCI or the bankers to an issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Banks and the bankers to an issue.

The Sponsor Bank and the issuer banks shall provide the audit trail to the Book Running Lead Managers for analysing the same and fixing liability. For ensuring timely information to investors, SCSBs shall send SMS alerts as specified in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021.

The Sponsor Bank will undertake a reconciliation of Bid responses received from Stock Exchanges and sent to NPCI and will also ensure that all the responses received from NPCI are sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank will undertake reconciliation of all Bid requests and responses throughout the lifecycle on a daily basis and share reports with the BRLMs in the format and within the timelines as specified under the UPI Circulars. Sponsor Bank and issuer banks shall download UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do a three way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI is to coordinate with issuer banks and Sponsor Bank on a continuous basis.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

Electronic registration of Bids

- a) The Designated Intermediary may register the Bids using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Book Building on a regular basis before the closure of the Offer.
- b) On the Bid/Offer Closing Date, the Designated Intermediaries may upload the Bids till such time as may be permitted by the Stock Exchanges and as disclosed in the Red Herring Prospectus.
- c) Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries are given till 1:00 pm on the next Working Day following the Bid/Offer Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period after which the Stock Exchange(s) send the bid information to the Registrar to the Offer for further processing.

The Sponsor Banks shall host a web portal for intermediaries (closed user group) from the date of Bid/ Offer Opening Date till the date of listing of the Equity Shares with details of statistics of mandate blocks/ unblocks, performance of apps and UPI handles, down-time/network latency (if any) across intermediaries and any such processes having an impact/ bearing on the Offer Bidding process.

Participation by Promoter and Promoter Group of the Company, the BRLMs and the Syndicate Members

The BRLMs and the Syndicate Members shall not be allowed to purchase Equity Shares in this Offer in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLMs and the Syndicate Members may Bid for Equity Shares in the Offer, either in the QIB Portion or in the Non-Institutional Portion as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of the BRLMs and Syndicate Members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Neither (i) the BRLMs or any associates of the BRLMs (except Mutual Funds sponsored by entities which are associates of the BRLMs or insurance companies promoted by entities which are associate of BRLMs or AIFs sponsored by the entities which are associate of the BRLMs or FPIs other than individuals, corporate bodies and family offices sponsored by the entities which are associates of the BRLMs) nor; (ii) any “person related to the Promoter/ Promoter Group” shall apply in the Offer under the Anchor Investor Portion.

For the purposes of this section, a QIB who has any of the following rights shall be deemed to be a “person related to the Promoter or Promoter Group”: (a) rights under a shareholders’ agreement or voting agreement entered into with the Promoter or Promoter Group; (b) veto rights; or (c) right to appoint any nominee director on our Board.

Further, an Anchor Investor shall be deemed to be an associate of the BRLMs, if: (a) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other; or (b) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or (c) there is a common director, excluding a nominee director, amongst the Anchor Investor and the BRLMs.

Our Promoter and members of the Promoter Group will not participate in the Offer, except participation of our Promoter in the Offer for Sale.

Bids by Mutual Funds

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company and the Selling Shareholders, reserve the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company’s paid-up share capital carrying voting rights.

Bids by Eligible NRIs

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorise their respective SCSB or confirm or accept the UPI Mandate Request (in case of Retail Individual Bidders Bidding through the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts (including UPI ID, if activated), or FCNR Accounts, and eligible NRI Bidders bidding on a non-repatriation basis by using Resident Forms should authorise their respective SCSB confirm or accept the UPI mandate request (in case of RIBs using the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. NRIs applying in the Offer through the UPI Mechanism are advised to enquire with the relevant bank, whether their account is UPI linked, prior to submitting a Bid cum Application Form.

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (white in colour). By way of Press Note 1 (2021 Series) dated March 19, 2021, issued by the DPIIT, it has been clarified that an investment made by an Indian entity which is owned and controlled by NRIs on a non-repatriation basis, shall not be considered for calculation of indirect foreign investment.

Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (blue in colour).

Participation by Eligible NRIs in the Offer shall be subject to the FEMA Non-Debt Instruments Rules. Only Bids accompanied by payment in Indian rupees or fully converted foreign exchange will be considered for Allotment.

In accordance with the FEMA Non-Debt Instruments Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

For further details, see “Restrictions on Foreign Ownership of Indian Securities” on page 454.

Bids by HUFs

Bids by HUFs Hindu Undivided Families or HUFs, are required to be made in the individual name of the *karta*. The Bidder/Applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder/Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the *karta*”. Bids/Applications by HUFs may be considered at par with Bids/Applications from individuals.

Bids by FPIs

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of our post-Offer Equity Share capital. Further, in terms of the FEMA Non-Debt Instruments Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%). In terms of the FEMA Non-Debt Instruments Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

Bids by following FPIs, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids:

- FPIs which utilise the multi investment manager structure;
- Offshore derivative instruments which have obtained separate FPI registration for ODI and proprietary derivative investments;
- Sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration;
- FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager;
- Multiple branches in different jurisdictions of foreign bank registered as FPIs;
- Government and Government related investors registered as Category 1 FPIs; and
- Entities registered as collective investment scheme having multiple share classes.

The Bids belonging to any of the above mentioned seven structures and having same PAN may be collated and identified as a single Bid in the Bidding process. The Equity Shares allotted in the Bid may be proportionately distributed to the applicant FPIs (with same PAN).

FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In terms of the FEMA Non-debt Instruments Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by, or on behalf of it subject to, *inter alia*, the following conditions:

- (a) such offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

The FPIs who wish to participate in the Offer are advised to use the Bid cum Application Form for non-residents.

Bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the operational guidelines for FPIs and designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations (such structure referred to as

“MIM Structure”), provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Bids received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation in the Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure. In the absence of such confirmation from the relevant FPIs, such multiple Bids shall be rejected.

Please note that in terms of the General Information Document, the maximum Bid by any Bidder including QIB Bidder should not exceed the investment limits prescribed for them under applicable laws. Further, MIM Bids by an FPI Bidder utilising the MIM Structure shall be aggregated for determining the permissible maximum Bid. Further, please note that as disclosed in the Draft Red Herring Prospectus read with the General Information Document, Bid Cum Application Forms are liable to be rejected in the event that the Bid in the Bid cum Application Form *“exceeds the Offer size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of the Red Herring Prospectus.”*

For example, an FPI must ensure that any Bid by a single FPI and/or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) (collective, the **“FPI Group”**) shall be below 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis. Any Bids by FPIs and/or the FPI Group (including but not limited to (a) FPIs Bidding through the MIM Structure; or (b) FPIs with separate registrations for offshore derivative instruments and proprietary derivative instruments) for 10% or more of our total paid-up post Offer Equity Share capital shall be liable to be rejected.

For details of investment by FPIs, see *“Restrictions on Foreign Ownership of Indian Securities”* on page 454. Participation of FPIs shall be subject to the FEMA Non-debt Instruments Rules.

Bids by SEBI registered VCFs, AIFs and FVCIs

The SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Post the repeal of the SEBI VCF Regulations venture capital funds which have not re-registered as AIFs under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. The SEBI FVCI Regulations prescribe the investment restrictions on FVCIs.

Accordingly, the holding in any company by any individual VCF or FVCIs registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest (under Schedule I of the FEMA Non-Debt Instruments Rules) only up to 33.33% of the investible funds in various prescribed instruments, including in public offering.

Category I and II AIFs cannot invest more than 25% of the investible funds in one investee company. A Category III AIF cannot invest more than 10% of the investible funds in one investee company. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking whose shares are proposed to be listed. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

Participation of AIFs, VCFs and FVCIs shall be subject to the FEMA Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Our Company, the Selling Shareholders or the BRLMs will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Bids by limited liability partnerships

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders in consultation with the BRLMs reserves the right to reject any Bid without assigning any reason thereof.

Bids by banking companies

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum

Application Form. Failing this, our Company and the Selling Shareholders, in consultation with the BRLMs, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

Bids by Anchor Investors

In accordance with the SEBI ICDR Regulations, in addition to details and conditions mentioned in this section the key terms for participation by Anchor Investors are provided below:

- (i) Anchor Investor Application Forms will be made available for the Anchor Investor Portion at the offices of the BRLMs.
- (ii) The Bid must be for a minimum of such number of Equity Shares so that the Bid Amount exceeds ₹100 million. A Bid cannot be submitted for over 60% of the QIB Portion. In case of a Mutual Fund, separate Bids by individual schemes of a Mutual Fund will be aggregated to determine the minimum application size of ₹100 million.
- (iii) One-third of the Anchor Investor Portion will be reserved for allocation to domestic Mutual Funds.
- (iv) Bidding for Anchor Investors will open one Working Day before the Bid / Offer Opening Date, i.e., the Anchor Investor Bidding Date, and will be completed on the same day.
- (v) Our Company and the Selling Shareholders, in consultation with the BRLMs may finalise allocation to the Anchor Investors on a discretionary basis, provided that the minimum number of Allottees in the Anchor Investor Portion will not be less than:
 - (a) maximum of two Anchor Investors, where allocation under the Anchor Investor Portion is up to ₹100 million;
 - (b) minimum of two and maximum of 15 Anchor Investors, where the allocation under the Anchor Investor Portion is more than ₹100 million but up to ₹2,500 million, subject to a minimum Allotment of ₹50 million per Anchor Investor; and
 - (c) in case of allocation above ₹2,500 million under the Anchor Investor Portion, a minimum of five such investors and a maximum of 15 Anchor Investors for allocation up to ₹2,500 million, and an additional 10 Anchor Investors for every additional ₹2,500 million, subject to minimum Allotment of ₹50 million per Anchor Investor.
- (vi) Allocation to Anchor Investors will be completed on the Anchor Investor Bid/Offer Period. The number of Equity Shares allocated to Anchor Investors and the price at which the allocation is made will be made available in the public domain by the BRLMs before the Bid / Offer Opening Date, through intimation to the Stock Exchange.
- (vii) Anchor Investors cannot withdraw or lower the size of their Bids at any stage after submission of the Bid.
- (viii) If the Offer Price is greater than the Anchor Investor Allocation Price, the additional amount being the difference between the Offer Price and the Anchor Investor Allocation Price will be payable by the Anchor Investors on the Anchor Investor Pay-in Date specified in the CAN. If the Offer Price is lower than the Anchor Investor Allocation Price, Allotment to successful Anchor Investors will be at the higher price, i.e., the Anchor Investor Allocation Price shall still be the Anchor Investor Office Price.

- (ix) Equity Shares Allotted in the Anchor Investor Portion will be locked in for a period of 30 days from the date of Allotment.
- (x) Neither the BRLMs or any associate of the BRLMs (except Mutual Funds sponsored by entities which are associates of the BRLMs or insurance companies promoted by entities which are associate of BRLMs or AIFs sponsored by the entities which are associate of the BRLMs or FPIs, other than individuals, corporate bodies or family offices sponsored by the entities which are associate of the BRLMs) nor any “person related to the Promoter or Promoter Group” shall apply in the Offer under the Anchor Investor Portion.
- (xi) Bids made by QIBs under both the Anchor Investor Portion and the QIB Portion will not be considered multiple Bids.

For more information, see the General Information Document.

The information set out above is given for the benefit of the Bidders. Our Company, the Selling Shareholders, and the Book Running Lead Managers are not liable for any amendments or modification or changes to applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulations, or as will be specified in this Draft Red Herring Prospectus.

Bids by SCSBs

SCSBs participating in the Offer are required to comply with the terms of the SEBI circulars (Nos. CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013) dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

Bids by insurance companies

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders in consultation with the BRLMs reserve the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers, prescribed under the Insurance Regulatory and Development Authority (Investment) Regulations, 2016 as amended are broadly set forth below:

- (a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- (b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- (c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

* The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹2,500,000 million or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹500,000 million or more but less than ₹2,500,000 million.

Insurance companies participating in this Offer shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

Bids by provident funds/pension funds

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹250 million, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders in consultation with the BRLMs reserve the right to reject any Bid, without assigning any reason thereof.

Bids by Federal Bank Shareholders

Bids under the Federal Bank Shareholders Reservation Portion shall be subject to the following:

- (a) Only Federal Bank Shareholders (i.e. individuals and HUFs who are equity shareholders of Federal Bank (excluding such other persons not eligible under applicable laws, rules, regulations and guidelines) as at the date of the Red Herring Prospectus) would be eligible to apply in this Offer under the Federal Bank Shareholders Reservation Portion.
- (b) The sole/ First Bidder shall be a Federal Bank Shareholder.
- (c) Only those Bids, which are received at or above the Offer Price, would be considered for allocation under this category.
- (d) The Bids must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter.
- (e) Bids by Federal Bank Shareholders in the Federal Bank Shareholders Reservation Portion (subject to Bid Amount being up to ₹200,000) and in the Net Offer portion shall not be treated as multiple Bids. To clarify, a Federal Bank Shareholder bidding in the Federal Bank Shareholders Reservation Portion above ₹200,000 cannot Bid in the Net Offer as such Bids will be treated as multiple Bids. Further, bids by Federal Bank Shareholders in Federal Bank Shareholders Reservation Portion (subject to Bid Amount being up to ₹200,000) and in the Employee Reservation Portion (as Eligible Employees), shall not be treated as multiple Bids. Therefore, Federal Bank Shareholders bidding in the Federal Bank Shareholders Reservation Portion (subject to the Bid Amount being up to ₹200,000) and bidding in the Employee Reservation Portion (as Eligible Employees) can also Bid under the Net Offer and such Bids will not be treated as multiple Bids. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories.
- (f) If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Offer Price, full allocation shall be made to the Federal Bank Shareholders to the extent of their demand.
- (g) Under-subscription, if any, in any category including the Federal Bank Shareholders Reservation Portion and the Employee Reservation Portion, except in the QIB Portion, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company and the Selling Shareholders in consultation with the BRLMs and the Designated Stock Exchange.
- (h) Federal Bank Shareholders Bidding under the Federal Bank Shareholders Reservation Portion (subject to the Bid Amount being up to ₹200,000) are entitled to Bid at the Cut-off Price.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Offer Price, the allocation shall be made on a proportionate basis.

Bids by Eligible Employees

The Bid must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter so as to ensure that the Bid Amount payable by the Eligible Employee does not exceed ₹500,000 on a net basis. However, the initial allocation to an Eligible Employee in the Employee Reservation Portion shall not exceed ₹200,000. Only in the event of an under-subscription in the Employee Reservation Portion post the initial allocation, such unsubscribed portion may be allocated on a proportionate basis to Eligible Employees Bidding in the Employee Reservation Portion, for a value in excess of ₹200,000, subject to the total Allotment to an Eligible Employee not exceeding ₹500,000. Eligible Employees under the Employee Reservation Portion may Bid at Cut-off Price.

Bids under Employee Reservation Portion by Eligible Employees shall be:

- (a) Made only in the prescribed Bid cum Application Form or Revision Form (i.e. [●] colour form).
- (b) The Bid must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter so as to ensure that the Bid Amount payable by the Eligible Employee subject to a maximum Bid Amount of ₹500,000 on a net basis. Eligible Employees under the Employee Reservation Portion may Bid at Cut-off Price.
- (c) Eligible Employees should mention their employee number at the relevant place in the Bid cum Application Form.
- (d) Only Eligible Employees would be eligible to apply in this Offer under the Employee Reservation Portion and the Bidder should be an Eligible Employee as defined above.
- (e) Bids by Eligible Employees in the Employee Reservation Portion and in the Net Offer portion shall not be treated as multiple Bids. Further, bids by Eligible Employees in the Employee Reservation Portion and in the Federal Bank Shareholders Reservation Portion (subject to Bid Amount being up to ₹200,000), as Federal Bank Shareholders, shall also not be treated as multiple Bids. Therefore, Eligible Employees bidding in the Employee Reservation Portion and the Federal Bank Shareholders Reservation Portion (subject to the Bid Amount being up to ₹200,000) can also Bid under the

Net Offer and such Bids will not be treated as multiple Bids. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories.

- (f) Only those Bids, which are received at or above the Offer Price, would be considered for Allotment under this category.
- (g) Eligible Employees can also Bid in the Net Offer to the Public and such Bids shall not be treated as multiple Bids.
- (h) In case of joint bids, the First Bidder shall be an Eligible Employee.
- (i) Eligible Employees shall not Bid through the UPI mechanism.
- (j) If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Offer Price, full allocation shall be made to the Eligible Employees to the extent of their demand.

In the event of under-subscription in the Employee Reservation Portion, the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹500,000.

Under-subscription, if any, in any category including the Employee Reservation Portion and the Federal Bank Shareholders Reservation Portion, except in the QIB Portion, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company and the Selling Shareholders in consultation with the BRLMs and the Designated Stock Exchange.

Bids under power of attorney

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, Eligible FPIs, Mutual Funds, insurance companies, NBFC-SI insurance funds set up by the army, navy or air force of India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of ₹250 million and pension funds with a minimum corpus of ₹250 million, in each case, subject to applicable law and in accordance with their respective constitutional documents, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our Company and the Selling Shareholders in consultation with the BRLMs reserves the right to accept or reject any Bid in whole or in part, in either case, without assigning any reason thereof.

Our Company and the Selling Shareholders in consultation with the BRLMs in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form subject to such terms and conditions that our Company and the Selling Shareholders in consultation with the BRLMs may deem fit.

Bids by Systemically Important Non-Banking Financial Companies

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) certified copy of its last audited financial statements on a standalone basis and a net worth certificate from its statutory auditor, and (iii) such other approval as may be required by the Systemically Important NBFCs, are required to be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders in consultation with the BRLMs, reserves the right to reject any Bid without assigning any reason thereof. Systemically Important NBFCs participating in the Offer shall comply with all applicable regulations, guidelines and circulars issued by RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

The above information is given for the benefit of the Bidders. Our Company, the Selling Shareholders and the members of the Syndicate are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulation or as specified in the Red Herring Prospectus and the Prospectus.

In accordance with existing regulations issued by the RBI, OCBs cannot participate in this Offer.

Information for Bidders

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options are not considered as multiple Bids. It is the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary

does not guarantee that the Equity Shares shall be allocated/Allotted. Such Acknowledgement Slip will be non-negotiable and by itself will not create any obligation of any kind. When a Bidder revises his or her Bid, he /she shall surrender the earlier Acknowledgement Slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid.

In relation to electronic registration of Bids, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the BRLMs are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of the Red Herring Prospectus or the Red Herring Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

General Instructions

Please note that QIBs and Non-Institutional Investors are not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of quantity of Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid(s) until the Bid/ Offer Closing Date. Anchor Investors are not allowed to withdraw or lower the size of their Bids after the Anchor Investor Bidding Date.

Do's:

1. Check if you are eligible to apply as per the terms of the Red Herring Prospectus and under applicable law, rules, regulations, guidelines and approvals. All Bidders (other than Anchor Investors) should submit their Bids through the ASBA process only;
2. Ensure that you have Bid within the Price Band;
3. Read all the instructions carefully and complete the Bid cum Application Form, as the case may be, in the prescribed form;
4. Ensure that you (other than Anchor Investors) have mentioned the correct ASBA Account number and such ASBA account belongs to you and no one else if you are not an RIB bidding using the UPI Mechanism in the Bid cum Application Form (with maximum length of 45 characters) and if you are an RIB using the UPI Mechanism ensure that you have mentioned the correct UPI ID in the Bid cum Application Form;
5. Ensure that your Bid cum Application Form bearing the stamp of a Designated Intermediary is submitted to the Designated Intermediary at the Bidding Centre within the prescribed time. Retail Individual Bidders using UPI Mechanism, may submit their ASBA Forms with Syndicate Members, Registered Brokers, RTAs or CDPs and should ensure that the ASBA Form contains the stamp of such Designated Intermediary;
6. Ensure that you have funds equal to the Bid Amount in the ASBA Account maintained with the SCSB, before submitting the ASBA Form to any of the Designated Intermediaries;
7. In case of joint Bids, ensure that first Bidder is the ASBA Account holder (or the UPI-linked bank account holder, as the case may be) and the signature of the first Bidder is included in the Bid cum Application Form;
8. Ensure that you request for and receive a stamped acknowledgement counterfoil by specifying the application number for all your Bid options as proof of registration of the Bid cum Application Form for all your Bid options from the concerned Designated Intermediary;
9. If the first Bidder is not the ASBA Account holder (or the UPI-linked bank account holder, as the case may be), ensure that the Bid cum Application Form is signed by the ASBA Account holder (or the UPI-linked bank account holder, as the case may be);
10. Ensure that the name(s) given in the Bid cum Application Form is/are exactly the same as the name(s) in which the beneficiary account is held with the Depository Participant. In case of joint Bids, the Bid cum Application Form should contain only the name of the First Bidder whose name should also appear as the first holder of the beneficiary account held in joint names. Ensure that the signature of the First Bidder is included in the Bid cum Application Forms. PAN of the First Bidder is required to be specified in case of joint Bids;

11. RIBs bidding in the Offer to ensure that they shall use only their own ASBA Account or only their own bank account linked UPI ID which is UPI 2.0 certified by NPCI (only for RIBs using the UPI Mechanism) to make an application in the Offer and not ASBA Account or bank account linked UPI ID of any third party;
12. Ensure that you submit the revised Bids to the same Designated Intermediary, through whom the original Bid was placed and obtain a revised acknowledgment;
13. Retail Individual Bidders not using the UPI Mechanism, should submit their Bid cum Application Form directly with SCSBs and not with any other Designated Intermediary;
14. Ensure that you have correctly signed the authorisation/undertaking box in the Bid cum Application Form, or have otherwise provided an authorisation to the SCSBs or Sponsor Banks, as applicable, via the electronic mode, for blocking funds in the ASBA Account equivalent to the Bid Amount mentioned in the Bid cum Application Form, as the case may be, at the time of submission of the Bid. In case of RIBs submitting their Bids and participating in the Offer through the UPI Mechanism, ensure that you authorise the UPI Mandate Request raised by the Sponsor Banks for blocking of funds equivalent to Bid Amount and subsequent debit of funds in case of Allotment;
15. Except for Bids (i) on behalf of the Central or State Governments and the officials appointed by the courts, who, in terms of the SEBI circular dated June 30, 2008, may be exempt from specifying their PAN for transacting in the securities market, (ii) submitted by Bidders who are exempt from the requirement of obtaining/specifying their PAN for transacting in the securities market, and (iii) Bids by persons resident in the state of Sikkim, who, in terms of a SEBI circular dated July 20, 2006, may be exempted from specifying their PAN for transacting in the securities market, all Bidders should mention their PAN allotted under the IT Act. The exemption for the Central or the State Government and officials appointed by the courts and for investors residing in the State of Sikkim is subject to (a) the Demographic Details received from the respective depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in “active status”; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same. All other applications in which PAN is not mentioned will be rejected;
16. Ensure that the Demographic Details are updated, true and correct in all respects;
17. Ensure that thumb impressions and signatures other than in the languages specified in the Eighth Schedule to the Constitution of India are attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal;
18. Ensure that the category and the investor status is indicated in the Bid cum Application Form;
19. Ensure that in case of Bids under power of attorney or by limited companies, corporates, trust, etc., relevant documents are submitted;
20. Ensure that Bids submitted by any person resident outside India is in compliance with applicable foreign and Indian laws;
21. Ensure that the Bidder’s depository account is active, the correct DP ID, Client ID, the PAN, UPI ID, if applicable, are mentioned in their Bid cum Application Form and that the name of the Bidder, the DP ID, Client ID, the PAN and UPI ID, if applicable, entered into the online IPO system of the Stock Exchanges by the relevant Designated Intermediary, as applicable, matches with the name, DP ID, Client ID, PAN and UPI ID, if applicable, available in the Depository database;
22. Ensure that when applying in the Offer using UPI, the name of your SCSB appears in the list of SCSBs displayed on the SEBI website which are live on UPI. Further, also ensure that the name of the mobile application and the UPI handle being used for making the application in the Offer is also appearing in the “list of mobile applications for using UPI in public issues” displayed on the SEBI website;
23. RIBs who wish to revise their Bids using the UPI Mechanism, should submit the revised Bid with the Designated Intermediaries, pursuant to which RIBs should ensure acceptance of the UPI Mandate Request received from the Sponsor Banks to authorise blocking of funds equivalent to the revised Bid Amount in the RIB’s ASBA Account;
24. Ensure that you have accepted the UPI Mandate Request received from the Sponsor Banks prior to 12:00 p.m. of the Working Day immediately after the Bid/ Offer Closing Date;
25. RIBs shall ensure that details of the Bid are reviewed and verified by opening the attachment in the UPI Mandate Request and then proceed to authorise the UPI Mandate Request using his/her UPI PIN. Upon the authorisation of the mandate using his/her UPI PIN, an RIB may be deemed to have verified the attachment containing the application

details of the RIB in the UPI Mandate Request and have agreed to block the entire Bid Amount and authorised the Sponsor Banks to block the Bid Amount mentioned in the Bid Cum Application Form;

26. Ensure that Anchor Investors submit their Bid cum Application Forms only to the BRLMs;
27. Investors must ensure that their PAN is linked with Aadhaar and are in compliance with Central Board of Direct Taxes notification dated February 13, 2020 bearing notification number 11/2020 and press release dated June 25, 2021;
28. Bidders in Federal Bank Shareholders Reservation Portion should ensure that they have a valid PAN and their PAN is updated with the register of shareholders maintained with Federal Bank;
29. FPIs making MIM Bids using the same PAN, and different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected; and
30. Ensure that while Bidding through a Designated Intermediary, the Bid cum Application Form (other than for Anchor Investors and RIBs bidding using the UPI Mechanism) is submitted to a Designated Intermediary in a Bidding Centre and that the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has named at least one branch at that location for the Designated Intermediary to deposit ASBA Forms (a list of such branches is available on the website of SEBI at www.sebi.gov.in).

The Bid cum Application Form is liable to be rejected if the above instructions, as applicable, are not complied with. Application made using incorrect UPI handle or using a bank account of an SCSB or SCSBs which is not mentioned in the Annexure 'A' to the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 is liable to be rejected.

Don'ts:

1. Do not Bid for lower than the minimum Bid size;
2. Do not Bid for a Bid Amount exceeding ₹200,000 (for Bids by Retail Individual Bidders);
3. Do not pay the Bid Amount in cheques, demand drafts or by cash, money order, postal order or by stock invest;
4. Do not send Bid cum Application Forms by post; instead submit the same to the Designated Intermediary only;
5. Do not Bid at Cut-off Price (for Bids by QIBs and Non-Institutional Bidders);
6. Do not instruct your respective banks to release the funds blocked in the ASBA Account under the ASBA process;
7. Do not submit the Bid for an amount more than funds available in your ASBA account.
8. Do not submit Bids on plain paper or on incomplete or illegible Bid cum Application Forms or on Bid cum Application Forms in a colour prescribed for another category of a Bidder;
9. In case of ASBA Bidders, do not submit more than one ASBA Forms per ASBA Account;
10. If you are a RIB and are using UPI mechanism, do not submit more than one ASBA Form for each UPI ID;
11. Anchor Investors should not Bid through the ASBA process;
12. Do not submit the ASBA Forms to any Designated Intermediary that is not authorised to collect the relevant ASBA Forms or to our Company;
13. Do not Bid on a Bid cum Application Form that does not have the stamp of the relevant Designated Intermediary;
14. Do not submit the General Index Register (GIR) number instead of the PAN;
15. Do not submit incorrect details of the DP ID, Client ID, PAN and UPI ID, if applicable, or provide details for a beneficiary account which is suspended or for which details cannot be verified by the Registrar to the Offer;
16. Do not submit a Bid in case you are not eligible to acquire Equity Shares under applicable law or your relevant constitutional documents or otherwise;

17. Do not Bid if you are not competent to contract under the Indian Contract Act, 1872 (other than minors having valid depository accounts as per Demographic Details provided by the depository);
18. Do not submit a Bid/revise a Bid Amount, with a price less than the Floor Price or higher than the Cap Price;
19. Do not submit your Bid after 3.00 pm on the Bid/Offer Closing Date;
20. If you are a QIB, do not submit your Bid after 3:00 pm on the QIB Bid/Offer Closing Date;
21. Do not Bid for a Bid Amount exceeding ₹200,000 (for Bids by Retail Individual Bidders) and ₹500,000 for Bids by Eligible Employees Bidding in the Employee Reservation Portion;
22. Do not Bid on another ASBA Form after you have submitted a Bid to any of the Designated Intermediaries;
23. Do not Bid for Equity Shares in excess of what is specified for each category;
24. Do not fill up the Bid cum Application Form such that the Equity Shares Bid for, exceeds the Offer size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of the Red Herring Prospectus;
25. Do not submit the Bid without ensuring that funds equivalent to the entire Bid Amount are available for blocking in the relevant ASBA Account or in the case of Retail Individual Bidders Bidding using the UPI Mechanism, in the UPI-linked bank account where funds for making the Bid are available;
26. Do not withdraw your Bid or lower the size of your Bid (in terms of quantity of the Equity Shares or the Bid Amount) at any stage, if you are a QIB or a Non-Institutional Bidder. Retail Individual Bidders can revise or withdraw their Bids on or before the Bid/ Offer Closing Date;
27. Do not submit Bids to a Designated Intermediary at a location other than the Bidding Centres;
28. If you are an RIB which is submitting the ASBA Form with any of the Designated Intermediaries and using your UPI ID for the purpose of blocking of funds, do not use any third party bank account or third party linked bank account UPI ID;
29. Do not Bid if you are an OCB;
30. Do not link the UPI ID with a bank account maintained with a bank that is not UPI 2.0 certified by the NPCI in case of Bids submitted by RIBs using the UPI Mechanism;
31. Do not submit more than one Bid cum Application Form for each UPI ID in case of RIBs Bidding using the UPI Mechanism;
32. Do not submit a Bid cum Application Form with a third party UPI ID or using a third party bank account (in case of Bids submitted by Retail Individual Bidders using the UPI Mechanism); and
33. RIBs Bidding through the UPI Mechanism using the incorrect UPI handle or using a bank account of an SCSB or a bank which is not mentioned in the list provided in the SEBI website is liable to be rejected; and

The Bid cum Application Form is liable to be rejected if the above instructions, as applicable, are not complied with.

Further, in case of any pre-Offer or post Offer related issues regarding share certificates/demat credit/refund orders/unblocking etc., investors shall reach out to our Company Secretary and Compliance Officer. For details of Company Secretary and Compliance Officer, see “*General Information*” on page 76.

For details of grounds for technical rejections of a Bid cum Application Form, please see the General Information Document.

Names of entities responsible for finalising the basis of allotment in a fair and proper manner

The authorised employees of the Stock Exchanges, along with the BRLMs and the Registrar, shall ensure that the basis of allotment is finalised in a fair and proper manner in accordance with the procedure specified in SEBI ICDR Regulations.

Method of allotment as may be prescribed by SEBI from time to time

Our Company will not make any allotment in excess of the Equity Shares through the Offer Document except in case of oversubscription for the purpose of rounding off to make allotment, in consultation with the Designated Stock Exchange.

Further, upon oversubscription, an allotment of not more than 1% of the Offer may be made for the purpose of making allotment in minimum lots.

The allotment of Equity Shares to applicants other than to the Retail Individual Bidders, Non-Institutional Bidders and Anchor Investors shall be on a proportionate basis within the respective investor categories and the number of securities allotted shall be rounded off to the nearest integer, subject to minimum allotment being equal to the minimum application size as determined and disclosed. The Allotment of Equity Shares to Anchor Investors shall be on a discretionary basis.

The allocation to each NII shall not be less than the Minimum NII Application Size, subject to availability of Equity Shares in the Non-Institutional Portion and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis in accordance with the conditions specified in this regard in Schedule XIII of the SEBI ICDR Regulations.

The allotment of Equity Shares to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to the availability of shares in Retail Individual Bidders Portion, and the remaining available shares, if any, shall be allotted on a proportionate basis.

Payment into Escrow Account(s) for Anchor Investors

Our Company and the Selling Shareholders, in consultation with the BRLMs, in their absolute discretion, will decide the list of Anchor Investors to whom the CAN will be sent, pursuant to which the details of the Equity Shares allocated to them in their respective names will be notified to such Anchor Investors. Anchor Investors are not permitted to Bid in the Offer through the ASBA process. Instead, Anchor Investors should transfer the Bid Amount (through direct credit, RTGS, NACH or NEFT) to the Escrow Accounts. For Anchor Investors, the payment instruments for payment into the Escrow Account(s) should be drawn in favour of:

- (a) In case of resident Anchor Investors: “[●]”
- (b) In case of Non-Resident Anchor Investors: “[●]”

Anchor Investors should note that the escrow mechanism is not prescribed by SEBI and has been established as an arrangement between our Company, the Selling Shareholders, the Syndicate, the Escrow Collection Bank and the Registrar to the Offer to facilitate collections of Bid amounts from Anchor Investors.

Pre-Offer Advertisement

Subject to Section 30 of the Companies Act, our Company shall, after filing the Red Herring Prospectus with the RoC, publish a pre-Offer advertisement, in the form prescribed by the SEBI ICDR Regulations, in [●] editions of [●], an English national daily newspaper, [●] editions of [●], a Hindi national daily newspaper and [●] editions of [●], a widely circulated Marathi national daily newspaper (Marathi also being the regional language of Maharashtra, where our Registered and Corporate Office is located), each with wide circulation.

In the pre-Offer advertisement, we shall state the Bid/ Offer Opening Date and the Bid/ Offer Closing Date and the QIB Bid/Offer Closing Date. This advertisement, subject to the provisions of Section 30 of the Companies Act, shall be in the format prescribed in Part A of Schedule X of the SEBI ICDR Regulations.

The above information is given for the benefit of the Bidders/applicants. Our Company, the Selling Shareholders and the members of the Syndicate are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders/applicants are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the prescribed limits under applicable laws or regulations and as specified in the Red Herring Prospectus, when filed.

Signing of the Underwriting Agreement and the RoC Filing

- (a) Our Company, the Selling Shareholders and the Syndicate intend to enter into an Underwriting Agreement on or immediately after the finalisation of the Offer Price but prior to the filing of Prospectus.
- (b) After signing the Underwriting Agreement, the Prospectus will be filed with the RoC in accordance with applicable law, which then would be termed as the ‘Prospectus’. The Prospectus will contain details of the Offer Price, the Anchor Investor Offer Price, Offer size, and underwriting arrangements and will be complete in all material respects.

Depository Arrangements

The Allotment of the Equity Shares in the Offer shall be only in a dematerialised form, (i.e., not in the form of physical certificates but be fungible and be represented by the statement issued through the electronic mode). For more information, see “*Terms of the Offer*” on page 425.

Undertakings by our Company

Our Company undertakes the following:

- adequate arrangements shall be made to collect all Bid cum Application Forms submitted by Bidders.
- the complaints received in respect of the Offer shall be attended to by our Company expeditiously and satisfactorily;
- all steps for completion of the necessary formalities for listing and commencement of trading at the Stock Exchanges where the Equity Shares are proposed to be listed shall be taken within six Working Days of the Bid/ Offer Closing Date or such other period as may be prescribed;
- if Allotment is not made within the prescribed time period under applicable law, the entire subscription amount received will be refunded/unblocked within the time prescribed under applicable law. If there is delay beyond the prescribed time, our Company shall pay interest prescribed under the Companies Act, the SEBI ICDR Regulations and applicable law for the delayed period;
- the funds required for making refunds (to the extent applicable) as per the mode(s) disclosed shall be made available to the Registrar to the Offer by our Company;
- where refunds (to the extent applicable) are made through electronic transfer of funds, a suitable communication shall be sent to the unsuccessful Bidder within six Working Days from the Bid/ Offer Closing Date or such other prescribed under applicable law, giving details of the bank where refunds shall be credited along with amount and expected date of electronic credit of refund;
- Promoter’s contribution, if any, shall be brought in advance before the Bid/ Offer Opening Date and the balance, if any, shall be brought in on a pro rata basis before calls are made on the Allottees, in accordance with the applicable provisions of the SEBI ICDR Regulations;
- Except for the allotment of Equity Shares pursuant to the Pre-IPO Placement, Fresh Issue and upon any exercise of options vested pursuant to the ASOP Schemes, no further issue of Equity Shares shall be made till the Equity Shares offered through the Red Herring Prospectus are listed or until the Bid monies are unblocked in ASBA Account/refunded on account of non-listing, under-subscription, etc.;
- compliance with all disclosure and accounting norms as may be specified by SEBI from time to time;
- our Company and the Selling Shareholders, in consultation with the BRLMs, reserves the right not to proceed with the Offer, in whole or in part thereof, to the extent of the Offered Shares, after the Bid/ Offer Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Offer advertisements were published, within two days of the Bid/ Offer Closing Date or such other time as may be prescribed by the SEBI, providing reasons for not proceeding with the Offer and inform the Stock Exchanges promptly on which the Equity Shares are proposed to be listed; and
- if our Company and the Selling Shareholders, in consultation with the BRLMs, withdraws the Offer after the Bid/ Offer Closing Date and thereafter determines that it will proceed with an issue of the Equity Shares, our Company shall file a fresh draft red herring prospectus with the SEBI.

Undertakings by the Selling Shareholders

Each Selling Shareholder severally and not jointly undertakes in respect of itself as a ‘Selling Shareholder’ and its portion of the Offered Shares that:

- the Equity Shares being sold by it pursuant to the Offer have been held by them for a period of at least one year prior to the date of filing this Draft Red Herring Prospectus with SEBI, are fully paid-up and are in dematerialised form;
- they shall provide all reasonable co-operation as requested by our Company in relation to the completion of allotment and dispatch of the Allotment Advice and CAN, if required, and refund orders to the extent of their respective portion of Offered Shares pursuant to the Offer;

- they are the legal and beneficial owner of the Equity Shares which are offered by them pursuant to the Offer for Sale and are free and clear of any pre-emptive rights, liens, charges, pledges, or transfer restrictions;
- that they shall provide such reasonable support and extend such reasonable cooperation as may be required by our Company and the BRLMs in redressal of such investor grievances that pertain to the extent of their respective portion of Offered Shares pursuant to the Offer;
- they shall deposit their respective portions of Offered Shares in an escrow demat in accordance with the share escrow agreement to be executed between the parties to such share escrow agreement;
- they are not debarred from accessing the capital markets or debarred from buying, selling or dealing in securities under any order or direction passed by the SEBI; and
- it shall not have recourse to the proceeds of the Offer, which shall be held in escrow in its favour, until final approval for trading of the Equity Shares from the Stock Exchanges where listing is sought has been received.

Utilisation of Offer Proceeds

Our Company and the Selling Shareholders, severally and not jointly, specifically confirm that all monies received out of the Offer shall be credited/transferred to a separate bank account other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act.

Impersonation

Attention of the Bidders is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who –

- makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”*

The liability prescribed under Section 447 of the Companies Act, 2013 for fraud involving an amount of at least ₹1 million or 1% of the turnover of the company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years and fine of an amount not less than the amount involved in the fraud, extending up to three times such amount (provided that where the fraud involves public interest, such term shall not be less than three years.) Further, where the fraud involves an amount less than ₹1 million or one per cent of the turnover of the company, whichever is lower, and does not involve public interest, any person guilty of such fraud shall be punishable with imprisonment for a term which may extend to five years or with fine which may extend to ₹5 million or with both.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment under the FDI Policy and FEMA.

The Government has from time to time made policy pronouncements on foreign direct investment (“**FDI**”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (*earlier known as Department of Industrial Policy and Promotion*) (“**DPIIT**”), issued the FDI Policy, which is effective from October 15, 2020 (the “**FDI Policy**”), which subsumes and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions. In terms of the FDI Policy, if our Company becomes a foreign owned and controlled company, we will be subject to additional restrictions on foreign investments under the FDI Policy.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer. For details, see “*Offer Procedure*” on page 435.

For details of the aggregate limit for investments by NRIs and FPIs in our Company, see “*Offer Procedure - Bids by Eligible NRIs*” and “*Offer Procedure - Bids by FPIs*” on pages 440 and 441.

Foreign Exchange Laws

The foreign investment in our Company is governed by, *inter alia*, the FEMA, the FEMA Non-debt Instruments Rules, the FDI Policy issued and amended by way of press notes.

Foreign investment in NBFCs, carrying on activities approved for FDI, is subject to the conditions specified in Paragraph 3.8.3.1 of the FDI Policy. Pursuant to the FDI Policy, FDI of up to 100% is permitted under the automatic route in our Company.

Further, in terms of the FEMA Non-debt Instruments Rules, the aggregate FPI investment limit is the sectoral cap applicable to Indian company as prescribed in the FEMA Non-debt Instruments Rules with respect to its paid-up equity capital on a fully diluted basis. See “*Offer Procedure*” on page 435.

In terms of the FEMA Non-debt Instruments Rules and the FDI Policy, a person resident outside India may make investments into India, subject to certain terms and conditions, and further provided that an entity of a country, which shares land border with India or where the beneficial owner of an investment into India, who is situated in or is a citizen of any such country, shall invest only with the approval of the Government of India. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the above restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Offer Period.

The Equity Shares offered in the Offer have not been, and will not be, registered under the U.S. Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and accordingly, the Equity Shares are being offered and sold within the United States solely to persons who are reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the U.S. Securities Act) in transactions exempt from the registration requirements of the U.S. Securities Act (for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Draft Red Herring Prospectus as “**QIBs**”) that are (ii) QPs as defined in Section 2(a)(51) of the U.S. Investment

Company Act; (persons who are both a U.S. QIB and a QP are referred to as “**Entitled QPs**”). The Equity Shares are being offered and sold outside the United States in “offshore transactions” as defined in and in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

Our Company has not been and will not be registered under the U.S. Investment Company Act and investors will not be entitled to the benefits of the U.S. Investment Company Act. Our Company is relying on the exemption provided by Section 3(c)(7) of the U.S. Investment Company Act, and as a result the Equity Shares are being offered and sold in the United States and to U.S. Persons only to persons who are Entitled QPs.

Our Company may be a “covered fund” for purposes of the “Volcker Rule” contained in the Dodd-Frank Act (Section 619: Prohibitions on Proprietary Trading and Certain Relationships with Hedge Funds and Private Equity Funds). Accordingly, entities that may be “covered banking entities” for the purposes of the Volcker Rule may be restricted from holding the Company’s securities and should take specific advice before making an investment in our Company.

The above information is given for the benefit of the Bidders. Our Company, the Selling Shareholders and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the applicable limits under laws or regulations.

SECTION VIII: DESCRIPTION OF EQUITY SHARES AND TERMS OF ARTICLES OF ASSOCIATION

Capitalized terms used in this section have the meanings that have been given to such terms in the Articles of Association of our Company. Pursuant to Schedule I of the Companies Act and the SEBI ICDR Regulations, the main provisions of the Articles of Association of our Company are detailed below:

The Articles of Association of our Company comprise two parts, Part A and Part B, which parts shall, unless the context otherwise requires, co-exist with each other until the listing of the Equity Shares pursuant to the Offer. In case of any inconsistency or contradiction, conflict or overlap between Part A and Part B, the provisions of Part B shall, subject to applicable law, prevail and be applicable. All articles of Part B shall automatically terminate and cease to have any force and effect from the date of listing of the Equity Shares and the provisions of Part A shall continue to be in effect and be in force, without any further corporate or other action, by our Company or by its shareholders.

Share Capital and Variation of Rights

The authorised capital of our Company is as expressed in the Memorandum of Association with power to increase or reduce the Capital and to divide the shares in the Capital into such classes subject to the provisions of the Companies Act or any statutory modification thereof. The shares in the capital of our Company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par or at a discount (subject to compliance with Section 52 and 53 and other sections of the Companies Act. Our Company shall, except as otherwise provided by its Articles, be entitled to treat the registered holder of any shares the absolute owner thereof and shall be under no obligation to recognize any interest, equity or trust in affecting any share other than the absolute rights thereof of the registered holder.

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48 of the Companies Act, and whether or not our Company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class. To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least five persons holding at least one-third of the issued shares of the class in question. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.

Forfeiture of Shares

If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued. The notice shall name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made and state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.

Lien

Our Company shall have a first and paramount lien on every share/debenture (not being a fully paid share/debenture), registered in the name of each Member (whether solely or jointly with others) and upon the proceeds of sale thereof for all moneys (whether presently payable or not) called, or payable at a fixed time, in respect of that share / debenture and no equitable interest in any share shall be created upon the footing and condition that this Article will have full effect. Our Company shall have a first and paramount lien on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to our Company.

Any lien on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares. Unless otherwise agreed, the registration of transfer of shares / debentures shall operate as a waiver of our Company's lien, if any, on such shares / debentures. The Board may at any time declare any share to be wholly or in part exempt from the provisions of this clause. The Company may sell, in such manner as the Board thinks fit, any shares on which our Company has a lien. To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof. The purchaser shall be registered as the holder of the shares comprised in any such transfer. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

Shares and Certificates

The shares in the capital shall be numbered progressively according to their several denominations and except in the manner hereinafter mentioned no share shall be sub-divided. Every forfeited or surrendered share shall continue to bear the number by which the same was originally distinguished. Except in respect of shares held as nominee of the Promoter or as required by law or ordered by a Court of competent jurisdiction no person shall be recognised by our Company as holding any shares upon any trust and our Company shall not be bound by or be compelled in any way to recognise (even when having notice thereof) any benami, equitable, contingent, future or partial interest in any share or any interest in any fractional part of a share (except only as by these regulations or by law otherwise provided) or any other rights in respect of any share, except in an absolute right to the entirety thereof in the registered holder.

Every share certificate shall be issued under the seal of our Company, if any, which shall be affixed in the presence of, and signed by two directors duly authorized by the Board of Directors of our Company for the purpose or the committee of the Board and the secretary or any person authorised by the Board. Every person whose name is entered as a member in the register of members shall be entitled to receive, within two months from the date of allotment and within one month of the receipt of application of registration of transfer, transmission, sub division, consolidation or renewal of any of its shares as the case maybe, as per the Companies Act and the rules made thereunder as amended from time to time :

- a. One or more certificates for all his shares without payment; and
- b. Several certificates, each for one or more of his shares, upon request without making any charge for such splitting or consolidation into market units of trading.

Share certificates shall be issued in market lots and no fee shall be charged for the same. Every certificate shall specify the name of the person in whose favour it is issued. Every certificate shall be under the seal if any, and shall specify the shares to which it relates and the amount paid up thereon. In respect of any share or shares held jointly by several persons, our Company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to the person whose name stands first in the register of members of our Company as one of the joint holders shall be sufficient delivery to all such holders

If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to our Company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of our Company and on execution of such indemnity as our Company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued upon payment of such fees for each certificate as may be specified by the Board (which fees shall not exceed the maximum amount permitted under the applicable law). No fee shall be charged for issue of new certificates in replacement of those which are old, defaced or worn out or where there is no further space on the back thereof for endorsement of transfer.

Transfer and Transmission

The instrument of transfer of any share shall be in writing and all the provisions of the Companies Act, and of any statutory modification thereof for the time being shall be duly complied with in respect of all transfer of shares and registration thereof and shall be executed by or on behalf of both the transferor and transferee. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof. The Board may, subject to the provisions of these Articles and other applicable provisions of the Companies Act or any other law for the time being in force, decline or refuse by giving reasons, whether in pursuance of any power of our Company under these Articles or otherwise, to register or acknowledge any transfer of, or the transmission by operation of law of the right to, any securities or interest of a Member in our Company, after providing sufficient cause, within a period of thirty days from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to our Company. The registration of transfer of any securities shall not be refused on the ground of the transferor being alone or jointly with any other person or persons, indebted to our Company on any account whatsoever except where our Company has a lien on shares.

Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect either to be registered himself as holder of the share or to make such transfer of the share as the deceased or insolvent member could have made. If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to our Company a notice in writing signed by him stating that he so elects. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

In the event the successor elects to become a member of our Company, he shall deliver or send a notice to our Company in writing signed by him that he so elects. Such person may, with the consent of the Board (which the Board shall not be under

any obligation to give), upon producing such evidence that he sustains the character in respect of which he proposes to act under the Article, or of his title, as the Board of Directors think sufficient, be registered as a member in respect of such shares, or may, subject to the regulations as to transfer hereinabove contained, transfer such shares. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member. No fee shall be charged for registration of transfer, transmission, probate, succession certificate and letters of administration, certificate of death or marriage, power of attorney or similar other document.

General Meeting

All general meetings other than the annual general meeting shall be called extra-ordinary general meeting. The Board may, whenever it thinks fit, call an extra-ordinary general meeting. A general meeting may be called by giving not less than clear twenty-one days' notice either in writing or through electronic mode. Every notice shall specify the place, date, day and the hour of the meeting and shall contain a statement of the business to be transacted at such meeting. Any accidental omission to give notice to, or the non-receipt of such notice by, any member or other person who is entitled to such notice for any meeting shall not invalidate the proceedings of the meeting.

Every annual general meeting shall be called during business hours, that is, between 9 a.m. and 6 p.m. on any day that is not a national holiday and shall be held either at the registered office of our Company or at some other place within the city, town or village in which the registered office of our Company is situate. Not more than fifteen months shall elapse between the date of one annual general meeting of a company and that of the next.

No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.

Chairman

Any existing/former director of the Promoter or any other individual as decided by the Board of Directors of the Promoter shall be the Chairman of the Company for such period as may be specified by the Board of the Promoter. In the absence of the Chairman, the Directors present may elect one of their members to be the Chairman of the meeting of the Board.

If no such Chairperson is elected or if at any meeting of the Board, the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one amongst themselves to be Chairperson of the meeting.

Directors and their Meetings

The number of directors shall not be less than three and not more than nine. Our Company may appoint more than 9 directors subject to the provisions of Section 149 of the Companies Act, after passing a special resolution. Subject to the provisions of Companies Act, our Company shall have the required number of independent directors on its Board. Not less than two-thirds of the total number of directors of our Company shall be persons whose period of office is liable to determination by retirement of directors by rotation and be appointed by our Company in general meeting.

Upon consummation of the IPO, subject to applicable Laws and the approval of the Shareholders by way of a special resolution in the first general meeting convened after the listing of the equity shares of the Company pursuant to the IPO: (a) so long as True North Fund VI LLP holds at least 5% (five percent) of the Shares ("Investor Director Threshold") on a fully diluted basis, it shall be entitled to nominate 1 (one) non-executive Director on the Board ("Investor Nominee Director"), and such Investor Nominee Director shall, subject to applicable law, not be liable to retire by rotation, for so long as the Investor continues to meet or exceed the Investor Director Threshold to nominate a Director on the Board; and (b) so long Federal Bank Limited holds at least (a) 10% (ten percent) of the Shares on a fully diluted basis, it shall be entitled to nominate 2 (Two) non-executive Directors on the Board; or (b) at least 5% (five percent) and less than 10% (ten percent) of the Shares on a fully diluted basis, it shall be entitled to nominate 1 (one) non-executive Director on the Board, ("Promoter Director(s) Threshold") ("Promoter Nominee Director(s)"), and such Promoter Nominee Director(s) shall, subject to applicable law, not be liable to retire by rotation, for so long as the Promoter continues to meet or exceed the Promoter Director Threshold to nominate Director(s) on the Board.

A meeting of the Board shall be called by giving not less than seven days' notice in writing to every director at his address registered with our Company and such notice shall be sent by hand delivery or by post or by electronic means. Subject to the provisions of the Companies Act, the quorum for a meeting shall be one third of its total strength or two directors, whichever is higher, and the participation of the directors by video conferencing or by other audio visual means shall also be counted for the purposes of quorum unless otherwise provided in the Companies Act. Subject to the provisions of the Companies Act and the rules framed thereunder, every Director attending Board Meeting shall be paid out of the funds of our Company such amount as sitting fees as may be determined by the Board for each meeting of the Board of directors or Committees attended by him in

accordance with the provisions of the Companies Act and rules made thereunder.

Proceedings of the Board

The Directors may meet together at a Board for the dispatch of business from time to time, and at least 4 such meetings shall be held in every year with a time gap of not more than 120 days. The Directors may adjourn and otherwise regulate their meetings and proceedings as they may think fit. The chairman may at any time and the secretary or such other officer of our Company as authorised, shall, upon the request of any Director, convene a meeting of the Board of Directors. Notice of every meeting of the Directors shall be given in writing to every Director at his usual address in India and, in the case of any Director residing abroad, such notice shall also be given by fax or telex to such Director's fax or telex number abroad. A notice of board meeting may also be served electronically, or such other mode as may be prescribed under the Companies Act, rules or secretarial standards.

If a meeting of the Board cannot be held for want of quorum, then the meeting shall stand adjourned to such day, time and place as the Director or Directors present at the meeting may fix. The Directors may subject to the provisions of the Companies Act and the 1949 Act, delegate any of their powers to Committees consisting of such member or members of their body as they think fit and they may from time to time revoke such delegation. Any committee so formed shall in the exercise of the powers so delegated, conform to any regulations that may from time to time be imposed on it by the Directors. No resolution shall be deemed to have been passed by the Board or by a Committee thereof by circulation, unless:

- a. the resolution has been circulated in draft together with the necessary papers, if any, including through such electronic means to all the Directors or to all the members of the committee, as the case may be, at their addresses registered with our Company in India or abroad (if required) by post or by courier, or through such electronic means as may be prescribed in rules and the Companies Act, and
- b. the resolution has been approved by majority of directors or Members of the Committee who are entitled to vote on the resolution. Provided that, where not less than one-third of the total number of Directors of our Company for the time being require that any resolution under circulation must be decided at a meeting, the chairperson shall put the resolution to be decided at a meeting of the Board.

A resolution passed by way of circulation, as above, shall be noted at a subsequent meeting of the Board or the Committee thereof, as the case may be, and made part of the minutes of such meeting.

Chairman, Managing Director & Chief Executive Officer or Whole – Time Director(s), Company Secretary or Chief Financial Officer

Subject to the provisions of the Companies Act, a chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit.

Voting Rights

Subject to any rights or restrictions for the time being attached to any class or classes of shares and the provisions of Section 108 of the Companies Act:

- a. on a show of hands, every member present in person shall have one vote; and
- b. on a poll, the voting rights of members shall be in proportion to his share in paid-up equity share capital.

A member may exercise his vote at a meeting by electronic means in accordance with Section 108 and shall vote only once.

Declaration and Payment of Dividend

Our Company in a General Meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board. The Board may, subject to the provisions of Section 123 of the Companies Act, from time to time pay to the members such interim dividends as appear to it to be justified by the profits of our Company. The Board may, before recommending any dividend, set aside out of the profits of our Company such sums as it thinks proper as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of our Company may be properly applied, including provision for meeting contingencies or for equalising dividends; and pending such application, may, at the like discretion, either be employed in the business of our Company or be invested in such investments (other than shares of our Company) as the Board may, from time to time, think fit. The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

Where our Company has declared a dividend but which has not been paid or claimed within 30 days from the date of declaration, our Company shall within seven days from the date of expiry of the said period of 30 days, transfer the total amount of dividend which remains unpaid or unclaimed within the said period of 30 days, to a special account to be opened by our Company in

that behalf in any scheduled bank to be called Unpaid Dividend Account of our Company. Any money transferred to the unpaid dividend account of our Company which remains unpaid or unclaimed for a period of seven years from the date of such transfer, shall be transferred by our Company to the fund known as Investor Education and Protection Fund established under the Companies Act. No unclaimed or unpaid dividend shall be forfeited by the Board before the claim becomes barred by law. No dividend shall bear interest against our Company.

Winding Up

Subject to the provisions of 1949 Act, the Companies Act and rules made hereunder:

- a. If our Company shall be wound up, the liquidator may, with the sanction of a shareholders resolution as necessary and any other sanction required by the Companies Act, divide amongst the members, in specie or kind, the whole or any part of the assets of our Company, whether they shall consist of property of the same kind or not; and
- b. For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

Every Director, Chairman or Managing Director, Whole Time Director, Secretary, or other officer or servant of our Company shall be entitled to be indemnified by our Company against all costs, losses and expenses which any such Director, Whole time Director, Managing Director, Manager, Secretary or other officers or servants of this Company may incur or become liable to pay by reason of any contract entered into or act or thing done by him or them as such officer or servant as in any way in the discharge of his or their duties and such costs, expenses, losses and the amount for which such indemnity is provided shall immediately attach as a lien on the property of our Company and have priority as between the members over all other claims.

No Director, Chairman, Managing Director, Whole Time Director, Secretary or other Officer shall be liable for the acts, receipts, neglects or defaults of any other Director or Officer or for joining in any respect or any other act for conformity or for any loss or expenses happening to our Company through insufficiency or deficiency of the title to any property acquired by the order of the Board of Directors for and on behalf of our Company or for the insufficiency or any security upon which any of the money of our Company shall be invested by any error of judgment, omission, defaults or oversight on his part or for other loss or damage which shall happen in execution of the duties of the respective officer or in relation to loss or damage arising from the bankruptcy, insolvency or bonafide act of any person with whom any of the monies or securities or effects of our Company shall be deposited or entrusted or for any loss occasioned by any error of judgment, omission, defaults or oversight on his part, not for any other loss or damage which shall happen in the execution of the duties of the respective officer or in relation thereto unless the same happens through his dishonesty. This Article shall not, however, affect the provisions of any special contract that may be entered into between our Company and its officers.

PART B

The Articles of Association of our Company are divided into two parts - Part A and Part B. The provisions of Part A shall apply to all the matters to which they pertain, to the extent, and only in so far, as they are not inconsistent with the special provisions of Part B. As long as Part B remains a part of these Articles and notwithstanding what is stated elsewhere in these Articles, in case of inconsistency or contradiction, conflict or overlap between Part A and Part B, the provisions of Part B shall, subject to applicable law, prevail and be applicable. Part B of the Articles of Association of our Company provides for the rights and obligations of the parties to the shareholders' agreement dated May 11, 2018 entered into among the SHA Parties, as amended by the SHA Amendment Agreement. All articles of Part B shall automatically terminate and cease to have any force and effect date of listing of the Equity Shares and the provisions of Part A shall continue to be in effect and be in force, without any further corporate or other action, by our Company and/or by its shareholders.

SECTION IX: OTHER INFORMATION

ANNEXURE A –US RESALE LETTER

[On the letterhead of an investor who is a U.S. Person or a person in the United States; to be executed after resale of the Equity Shares outside the United States which was not consummated on the BSE or the NSE; to be delivered to the Company prior to the settlement of any sale or other transfer of Shares]

FEDBANK FINANCIAL SERVICES LIMITED

[Address]

Ladies and Gentlemen:

This letter (“Resale Letter”) relates to the sale or other transfer by us of equity shares (the “Shares”) of the Company, which is required to be in an “offshore transaction” pursuant to Regulation S (“Regulation S”) under the Securities Act of 1933, as amended (the “U.S. Securities Act”). Terms used in this Resale Letter are used as defined in Regulation S, except as otherwise stated herein.

We hereby represent and warrant to you as follows:

- (a) We previously purchased the Shares for our own account (or for one or more beneficial owners for which we have acted as fiduciary or agent, with complete investment discretion and with authority to bind each such person), as both a “qualified institutional buyer” (as defined in Rule 144A under the U.S. Securities Act) and a “qualified purchaser” (as defined in Section 2(a)(51) and related rules of the Investment Company Act of 1940, as amended, and the rules thereunder (the “U.S. Investment Company Act”). We understand that the Shares have not been and will not be registered under the US Securities Act and that the Company has not registered and will not register as an investment company under the U.S. Investment Company Act).
- (b) The offer and sale of the Shares by us was not made to a person in the United States or to a U.S. Person (as defined in Regulation S).
- (c) Either:
 - (i) at the time the buy order for the sale of the Shares by us was originated, the buyer was outside the United States or we and any person acting on our behalf reasonably believed that the buyer was outside the United States; or
 - (ii) the transfer of the Shares by us was executed in, on or through the facilities of the [●] Stock Exchange or the [●] Stock Exchange, and neither we nor any person acting on our behalf has reason to believe that the transaction was pre-arranged with a buyer in the United States.
- (d) Neither we, nor any of our affiliates, nor any person acting on our or their behalf, has made any directed selling efforts (as such term is defined in Regulation S) in the United States with respect to the Equity Shares.
- (e) The transfer of the Equity Shares by us was not and is not part of a plan or scheme to evade the registration requirements of the U.S. Securities Act or the U.S. Investment Company Act.
- (f) None of the Company, any of its agents nor any of their respective affiliates participated in the sale of the Equity Shares by us.
- (g) We agree that the Company, its agents and their respective affiliates may rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements.

Where there are joint transferors, each must sign this US Resale Letter. A US Resale Letter of a corporation must be signed by an authorized officer or be completed otherwise in accordance with such corporation’s constitution (and evidence of such authority may be required).

Yours sincerely,

(Name of Transferor)
