Dhunseri Petrochem Limited “DPL” (Formerly Dhunseri Petrochem & Tea Limited) posted the following results for the quarter ended 30th June, 2015.

Net Sales and EBITDA for the quarter ended 30th June, 2015 are ₹641.72 Crs. and ₹65.07 Crs. respectively as compared to ₹738.84 Crs. and ₹58.95 Crs. for the corresponding quarter in the previous year.

The profit before tax for the quarter ended 30th June, 2015 is ₹37.61Crs. as compared to a profit of ₹34.71Crs. in the corresponding quarter of the previous year.

The profit after tax for the quarter ended 30th June, 2015 is ₹26.61 Crs. as compared to a profit of ₹20.29 Crs. in the corresponding quarter of the previous year.

The profit after tax increased by 31% during the current quarter over the corresponding quarter of the previous year on account of better gross margin on sales.

The Plant I and Plant II at Haldia both produced and operated on a combined basis at 87% of the installed capacity for the quarter ended 30th June, 2015. The production of PET resin for the quarter ended 30th June, 2015 was 89,355MT in comparison to 93,025MT in the corresponding quarter of the previous year. This decrease is mainly due to shutdown of Plant II of the Company at Haldia from 11th June, 2015 for adverse market condition/increased import of PET into India and accordingly the performance for the current quarter has been impacted.

In respect of the Company’s subsidiary, Egyptian Indian Polyester Company S.A.E (EIPET), the production in the Plant has been discontinued from May, 2015. EIPET had represented before the financing banks on the Company’s business plan and requested bankers for restructuring of the loan facilities.
