Type of Audit Qualification		Comments in Auditors Report		Management Reply
Basis of Qualified Opinion				
Frequency of Qualification: Appearing for first time		The company has not reported following monetary items denominated in foreign currency as at year-end using the closing rate which is not in accordance with Accounting Standard 11 "Effects of changes in foreign exchange rates" i) Trade Receivables outstanding for more than two years amounting to Rs.534,14,25,587/-. ii) Advance given to one of the subsidiary amounting to Rs.59,78,485/- . Accordingly, the Trade Receivables and		Foreign Currency Trade Receivables outstanding prior to April 1, 2014 and advance given to a subsidiary have not been restated based on exchange rate as at the end of the year unlike in previous quarter. These Trade Receivables and Advances have been carried forward based on exchange rate as at the end of March 31, 2015 as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables and advances. The company shall account for the actual exchange difference at the time of realization of these trade receivables.

	Advances are understated by Rs.31,93,46,433/- and Rs.3,57,434/- respectively and loss for the year would have been reduced by the same amount, resulting in profit before tax of Rs.34,29,750/- and Loss after Tax of Rs.98,13,802/-.	
Basis of Disclaimer of Opinion		
Frequency of Qualification: Appeared earlier in FY 2013-14 and FY 2014-15.	Trade Receivables amounting to Rs.699,23,30,064/- includes Rs. 664,77,03,367/- outstanding of more than six months from due date. Though, confirmations amounting to Rs.3,22,94,87,505/- were received from Trade Receivables on the request by the management, there have been defaults on payment obligations by the debtors on due date and recoveries from these debtors are not significant. In view of the above we are unable to comment on the time-frame of the realisability of these debts and any provision to be made for un-realisation in the carrying amount of these balances and the consequent impact on the financial statements.	Regarding auditors observations relating to old outstanding Trade Receivables, recall of loans, disputes amongst promoters and other factual position regarding business relating to liquidity crunch, decrease in sales, overdue creditors, non-payment of statutory dues, defaults in repayment of loans and interest etc., the management is of the view that due to certain unfavourable development in earlier periods on account of disputes amongst promoters, the recovery from trade receivables are slow but at the same time management is hopeful that these trade receivables are good and recoverable. The Company is taking all possible efforts to recover old trade receivables and shall also initiate legal action where ever considered necessary. Due to slow recovery from trade receivables, there is a temporary mismatch in the cash flow resulting in default in repayment of statutory dues and dues to certain banks owing to which certain banks have classified the account as NPA and recalled their loans.
Frequency of Qualification: Appearing for first time	The Company's operating results have been materially affected due to various factors including non-realization of debtors, dispute amongst promoters, non-availability of finance due to recall of loans by majority of banks in consortium, overall substantial	

	decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, defaults in repayment of loans and interest, non realization of interest on loans and debentures from subsidiaries and associates. These events cause significant doubts on the ability of the company to continue as a going concern. The appropriateness of the going concern assumption is dependent on the company's ability to raise adequate finance from alternative means and / or recoveries from overseas debtors to meet its short term and long term obligations as well as to establish consistent business operations. In absence of any convincing audit evidence, non recovery of trade receivable on due date, non-payment of liabilities including statutory dues, financial difficulty faced by the company due to recalling of the bank finance facilities and in view of multiple uncertainties as stated above we are unable to determine the possible effect on the financial statements. We are also unable to conclude on ability of the company to carry on as a going concern.	With regard to recall of loans, liquidity crunch and availability of finance, the Company is taking steps to revive its business operations and intend to approach consortium bankers for restructuring of its loans. Quantification : Since the management hopes to recover all the dues from debtors, no quantification for provision for bad debts is required.
Frequency of Qualification: Appearing for first time	Because of the significance of the matters described in the basis of disclaimer of opinion paragraph, specifically relating to multiple uncertainties created due to factors such as non recovery of trade receivables on due dates, non-payment of liabilities including	

	statutory dues, financial difficulties faced by company due to recalling of bank finance, it is not possible to form an opinion on the financial statements due to the potential interaction of the uncertainties and their possible cumulative effect on the financial statements. Accordingly, we do not express an opinion on the financial statements	
Emphasis of Matter		
Frequency of Qualification: Since 2011-12	Valuation of inventory is based on determination of estimated net realizable value and specific identification involving technical judgment of management and which has been relied upon by us	Management has properly valued the inventory based on determination of estimated net realizable value and specific identification.
Frequency of Qualification: Appearing for first time	Since majority of banks in consortium have classified its loans to company as NPA and have recalled their loans are either not charging interest or have charged excess interest in earlier years. In order to account all probable liabilities the management in its best judgment has provided interest on such loans. The management is of the opinion that any difference on account of interest, penal interest shall be accounted for as and when the interest is charged or adjusted by the banks. Further, one of the bank having outstanding dues of Rs. 4,20,99,570/- has neither issued bank statements nor confirmed balance outstanding as at year-end. However, the management has confirmed that all transactions have been recorded in the books	The management in its best judgment and as a matter of prudence has accounted for all probable interest liability wherever banks have not applied interest and has made adequate representations to bank(s) where excess interest has been charged by bank in earlier periods.

	of accounts	
Frequency of Qualification: Appearing for first time	The company has made investment of Rs. 16,989 and has given advance of Rs.1,63,99,529 to its subsidiary namely M.B. Diamonds LLC whose net-worth is negative against which no provision has been made as the management is of the view that the investment is long term in nature and the subsidiary has substantial business value	The management is of the view that the investment is in the nature of long term investment and the diminution in value is of temporary in nature. The management is confident that the subsidiary shall revive its operations in near future and therefore no provision is required against such investment and advances.

**Auditor's Report on Annual Standalone Financial Results of the Company Pursuant to
Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations,
2015**

To
The Board of Directors
Goenka Diamonds and Jewels Limited

1. We have audited the accompanying Statement of Annual Standalone Financial Results of Goenka Diamonds and Jewels Limited ('the Company') for the year ended March 31, 2016 ("the Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. These Financial Statements are the responsibility of the Company's management and has been approved by the Board of Directors. Our responsibility is to express an opinion on this Statement, based on our audit of such annual financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Accounting Standards specified under Section 133 of the Companies Act, 2013 ('the Act') read with relevant rules issued there under, as applicable and other accounting principles generally accepted in India.
2. We conducted our audit of the Statement in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Financial Statement is free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amount disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by the management. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, it is not possible to form an opinion on the Financial Statements due to the potential interaction of the uncertainties and their possible cumulative effect on the financial statements.

3. Basis of Qualified Conclusions

The company has not reported following monetary items denominated in foreign currency as at year-end using the closing rate which is not in accordance with Accounting Standard 11 "Effects of changes in foreign exchange rates"

- i) Trade Receivables outstanding for more than two years amounting to Rs. 534,14,25,587/-.
- ii) Advance given to one of the subsidiary amounting to Rs.59,78,485/- .

Accordingly, the Trade Receivables and Advances are understated by Rs.31,93,46,433/- and Rs.3,57,434/- respectively and loss for the year would have been reduced by the same amount, resulting in profit before tax of Rs.34,29,750/- and Loss after Tax Rs.98,13,802/-.

4. Basis for Disclaimer of Opinion

- a. Trade Receivables amounting to Rs.699,23,30,064/- includes Rs.664,77,03,367/- outstanding of more than six months from due date. Though, confirmations amounting to Rs.3,22,94,87,505/- were received from Trade Receivables on the request by the management, there have been defaults on payment obligations by the debtors on due date and recoveries from these debtors are not significant. In view of the above we are unable to comment on the time-frame of the realisability of these debts and any provision to be made for un-realisation in the carrying amount of these balances and the consequent impact on the financial statements.
- b. The Company's operating results have been materially affected due to various factors including non-realization of debtors, dispute amongst promoters, non-availability of finance due to recall of loans by majority of banks in consortium, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, defaults in repayment of loans and interest, non realization of interest on loans and debentures from subsidiaries and associates. These events cause significant doubts on the ability of the company to continue as a going concern. The appropriateness of the going concern assumption is dependent on the company's ability to raise adequate finance from alternative means and / or recoveries from overseas debtors to meet its short term and long term obligations as well as to establish consistent business operations.

In absence of any convincing audit evidence, non recovery of trade receivable on due date, non-payment of liabilities including statutory dues, financial difficulty faced by the company due to recalling of the bank finance facilities and in view of multiple uncertainties as stated above we are unable to determine the possible effect on the financial statements. We are also unable to conclude on ability of the company to carry on as a going concern.

5. Disclaimer of Opinion

Because of the significance of the matters described in the basis of disclaimer of opinion paragraph, specifically relating to multiple uncertainties created due to factors such as non recovery of trade receivables on due dates, non-payment of liabilities including statutory dues, financial difficulties faced by company due to recalling of bank finance, it is not possible to form an opinion on the financial statements due to the potential interaction of the uncertainties and their possible cumulative effect on the financial statements. Accordingly, we do not express an opinion on the financial statements.

6. Emphasis of Matter

- a. Valuation of inventory is based on determination of estimated net realizable value and specific identification involving technical judgment of management and which has been relied upon by us.
- b. Since majority of banks in consortium have classified its loans to company as NPA and have recalled their loans are either not charging interest or have charged excess interest in earlier years. In order to account all probable liabilities the management in its best judgment has provided interest on such loans. The management is of the

opinion that any difference on account of interest, penal interest shall be accounted for as and when the interest is charged or adjusted by the banks. Further, one of the bank having outstanding dues of Rs. 4,20,99,570/- has neither issued bank statements nor confirmed balance outstanding as at year-end. However, the management has confirmed that all transactions have been recorded in the books of accounts.

- c. The company has made investment of Rs. 16,989 and has given advance of Rs.1,63,99,529 to its subsidiary namely M.B. Diamonds LLC whose net-worth is negative against which no provision has been made as the management is of the view that the investment is long term in nature and the subsidiary has substantial business value.

7. The Statement includes the results for the Quarter ended March 31, 2016, being the balancing figure between audited figures in respect of full financial year and the published year to date figures up to the third quarter of the current financial year which were subject to limited review by us.

Auditor's Report on Annual Consolidated Financial Results of the Company Pursuant to Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To
The Board of Directors
Goenka Diamond and Jewels Limited

1. We have audited the accompanying Statement of Annual Consolidated Financial Results of Goenka Diamond and Jewels Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), for the year ended March 31, 2016 ("the Statement"), being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. This Statement is the responsibility of the Company's management and has been approved by the Board of Directors. This Statement has been prepared on the basis of the annual consolidated financial statements. Our responsibility is to express an opinion on this Statement, based on our audit of such annual consolidated financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Accounting Standards specified under Section 133 of the Companies Act, 2013 ('the Act') read with relevant rules issued there under, as applicable and other accounting principles generally accepted in India.
2. We conducted our audit of the Statement in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Consolidated Financial Statement is free of material misstatement. An audit includes examining, on test check basis, evidence supporting the amount disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by the management. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, it is not possible to form an opinion on the Consolidated Financial Statements due to the potential interaction of the uncertainties and their possible cumulative effect on the consolidated financial statements.

3. Basis of Qualified Conclusion

Trade Receivables denominated in foreign currency outstanding for more than two years amounting to Rs. 534,14,25,587/- have not been restated at the year-end using the closing rate, which is not in accordance with Accounting Standard 11 "Effects of changes in foreign exchange rates". Accordingly, the Trade Receivables are understated by Rs. 31,93,46,433/- and Loss before tax for the year would have been reduced by Rs. 31,93,46,433/- and Loss after tax would have been Rs. 24,20,55,558/-.

4. Basis of Disclaimer of Opinion

Trade Receivables amounting to Rs.751,35,28,818/- includes Rs.716,89,02,123/- outstanding of more than six months from due date. Though, confirmations amounting to Rs. 3,22,94,87,505/- were received from Trade Receivables on the request by the

management, there have been defaults on payment obligations by the debtors on due date and recoveries from these debtors are not significant. In view of the above we are unable to comment on the time frame of the realisability of these debts and any provision to be made for un-realisability in the carrying amount of these balances and the consequent impact on the consolidated financial statements.

- B. The Group's operating results have been materially affected due to various factors including non-realization of debtors, dispute amongst promoters, non-availability of finance due to recall of loans by majority of banks in consortium, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, defaults in repayment of loans and interest, non realization of interest on debentures of associate. These events cause significant doubts on the ability of the group to continue as a going concern. The appropriateness of the going concern assumption is dependent on the group's ability to raise adequate finance from alternative means and / or recoveries from overseas debtors to meet its short term and long term obligations as well as to establish consistent business operations.

In absence of any convincing audit evidence, non recovery of trade receivable on due date, non-payment of liabilities including statutory dues, financial difficulty faced by the company due to recalling of the bank finance facilities and in view of multiple uncertainties as stated above we are unable to determine the possible effect on the consolidated financial statements. We are also unable to conclude on ability of the company to carry on as a going concern.

C. Disclaimer of Opinion

Because of the significance of the matters described in the basis of disclaimer of opinion paragraph, specifically relating to multiple uncertainties created due to factors such as non recovery of trade receivables on due dates, non-payment of liabilities including statutory dues, financial difficulties faced by company due to recalling of bank finance, it is not possible to form an opinion on the consolidated financial statements due to the potential interaction of the uncertainties and their possible cumulative effect on the consolidated financial statements. Accordingly, we do not express an opinion on the consolidated financial statements.

D. Emphasis of Matter

- a. Valuation of inventory is based on determination of estimated net realizable value and specific identification involving technical judgment of management and which has been relied upon by us.
- b. Since majority of banks in consortium have classified its loans to company as NPA and have recalled their loans are either not charging interest or have charged excess interest in earlier years. In order to account all probable liabilities the management in its best judgment has provided interest on such loans. The management is of the opinion that any difference on account of interest, penal interest shall be accounted for as and when the interest is charged or adjusted by the banks. Further, one of the bank having outstanding dues of Rs. 4,20,99,570/- has neither issued bank statements nor confirmed balance outstanding as at year-end. However, the management has confirmed that all transactions have been recorded in the books of accounts.

- E. The accompanying consolidated financial results includes quarterly and annual results of following entities:

Sr. No.	Name of the Entity	Relationship
1.	M.B. Diamonds LLC	Subsidiary
2.	Goenka Diamond and Jewels DMCC	Subsidiary
3.	Solitaire Diamond Exports	Subsidiary

- F. We did not audit the financial results of three subsidiaries included in the Statement, whose financial results reflects, total assets of Rs. 78,99,03,340/-, total revenue of Rs. NIL and total loss after tax of Rs. 22,88,01,806/- for the year ended March 31, 2016 , as considered in the Statement. These financial results have been audited by the other auditors whose reports have been furnished to us by the Management. Our opinion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of such auditors.
- G. The Statement includes the consolidated results for the Quarter ended March 31, 2016, being the balancing figure between audited figures in respect of full financial year and the published year to date figures up to the third quarter of the current financial year which were subject to limited review by us.

Notes:

- The above results were reviewed by the Audit Committee and have been approved by Board of Directors of the company in its meeting held on May 26, 2016.
- Out of the total public issue proceeds of Rs.12651 Lacs, Company has upto March 31, 2016 utilised Rs.12544 Lacs towards object of the issue as interse re-allocated and approved by the Board of Directors at their meeting held on May 24, 2011 . Pending utilisation of the balance proceeds, the same have been temporarily invested in Bank Balances and other liquid assets.
- Some of the consortium banks including lead bank have issued notice u/s 13(2) of the SARFAESI Act. Two of the consortium bank have issued notice for recall of loans given to Company.
- Foreign Currency Trade Receivables outstanding prior to April 1, 2014 and advance given to a subsidiary have not been restated based on exchange rate as at the end of the year unlike in previous quarter. These Trade Receivables and Advances have been carried forward based on exchange rate as at the end of March 31, 2015 as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables and advances. The company shall account for the actual exchange difference at the time of realization of these trade receivables. Had export receivables and advances been restated, it would have resulted in reduction of loss for the year by Rs. 3193.46 lacs and Rs. 3.57 lacs respectively.
- Regarding auditors observations relating to old outstanding Trade Receivables, recall of loans, disputes amongst promoters and other factual position regarding business relating to liquidity crunch, decrease in sales, overdue creditors, non-payment of statutory dues, defaults in repayment of loans and interest etc., the management is of the view that due to certain unfavourable development in earlier periods on account of disputes amongst promoters, the recovery from trade receivables are slow but at the same time management is hopeful that these trade receivables are good and recoverable. The Company is taking all possible efforts to recover old trade receivables and shall also initiate legal action where ever considered necessary. Due to slow recovery from trade receivables, there is a temporary mismatch in the cash flow resulting in default in repayment of statutory dues and dues to certain banks owing to which certain banks have classified the account as NPA and recalled their loans. With regard to recall of loans, liquidity crunch and availability of finance, the Company is taking steps to revive its business operations and intend to approach consortium bankers for restructuring of its loans.
- With regard to auditors observation relating to bank interest, the management in its best judgment and as a matter of prudence has accounted for all probable interest liability wherever banks have not applied interest and has made adequate representations to bank where excess interest has been charged by bank in earlier periods.
- With regard to auditors observation regarding provision against investment and advance to one of the subsidiary namely M B Diamonds LLC whose net worth is negative as at year end, the management is of the view that the investment is in the nature of long term investment and the diminution in value is of temporary in nature. The management is confident that the subsidiary shall revive its operations in near future.
- The figures of last quarter are the balance figures between audited figures in respect of the full financial year and the published year to date unaudited figures upto the third quarter of the current financial year.
- Previous period / year figures have been regrouped / restated / rearranged, wherever necessary
