FORM PAS-1
(Pursuant to section 27(1) and rule 7(2) of Companies (Prospectus and Allotment of Securities) Rules, 2014)

Advertisement giving details of notice of special resolution for altering the objects and utilisation of IPO proceeds for which the prospectus was issued

NOTICE TO MEMBERS

Notice is hereby given that by a resolution dated May 19, 2026, the Board has proposed the variation in utilization of Initial Public Offer (IPO) proceeds and extension of timeline for utilization of capital expenditure and utilisation of objects of the Initial Public Offer (IPO) referred to in the prospectus dated July 01, 2025 issued in connection with issue of 46,70,000 Equity Shares of Rs. 69/- each (comprising Fresh Issue of 35,48,000 Equity Shares of Rs. 69/- each and Offer of Issue of 11,22,00,000 Equity Shares of Rs. 69/- each) aggregating to Rs. 32,22,30,000.

S.No.	Particulars	Details
1.	Particulars of the variation or objects to be altered and proposed variation/ proceeds	1. To earmark Rs. 40,109 lakh to the "Capital Expenditure - Human Resources Head" object as stated in the Prospectus and to extend the timeline for utilisation of IPO alteration earmarked towards capital expenditure up to the financial year 2027-28. 2. To permit procurement of second-hand or refurbished hardware and servers/server infrastructure from the IPO proceeds allocated towards Capital Expenditure in addition to the new ones.

1. The variation arises due to an inadvertent classification in the Prospectus, whereby an amount of Rs. 40,10,90,000 relating to issue expenses attributable to the Selling Shareholders remained unearmarked under the "Fresh Issue - Issue Expenses" head. Accordingly, the said amount is proposed to be reallocated towards "Capital Expenditure - Human Resources Head". The Board of Directors has proposed to earmark an amount of Rs. 40,10,90,000 towards the "Capital Expenditure - Human Resources Head" as stated in the Prospectus. Considering the Company's expanding business operations and increasing requirements in technology, trading solutions and execution capabilities, the Company intends to strengthen its workforce through onboarding and retention of skilled personnel across various functions. Accordingly, the proposed earmarking is considered aligned with the Company's business objectives and operational requirements. Further, it is proposed to extend the timeline for utilisation of IPO proceeds earmarked towards Capital Expenditure up to the financial year 2027-28, which will provide the Company greater flexibility in deployment and utilisation of funds in line with business requirements and growth plans.

2. The Company had proposed utilisation of IPO proceeds towards procurement of hardware, equipment and server/server infrastructure as disclosed in the Prospectus dated July 01, 2025. Considering evolving technology trends and availability of reliable refurbished hardware and server/server infrastructure from certified vendors, the Company proposes to permit procurement of refurbished hardware, equipment and server/server infrastructure, in addition to new ones, wherever commercially appropriate. The proposed variation is aimed at improving cost optimisation and capital efficiency and does not result in any change in the overall objects of the Issue. Issue size or total utilisation of funds.

3. Effect on the financial position of the Company
The proposed variation is expected to enable efficient utilisation of IPO proceeds, optimise capital expenditure and provide greater flexibility in procurement decisions, thereby supporting the operational and financial requirements of the Company without any adverse impact on its financial position.

4. Major risk factors pertaining to the new objects
The proposed reallocation of such amount to Capital Expenditure is intended to ensure objects efficient and appropriate utilisation of funds in compliance with applicable regulatory limits, any deviation from the originally disclosed allocation may be subject to interpretation by certain stakeholders. Further, variations in utilisation of IPO proceeds, even when limited and justified, may be perceived differently by investors; however, the Company believes that the proposed change should result in optimal deployment of resources.
Any delay in deployment of the remaining IPO proceeds or changes in business and operational requirements may impact the anticipated timelines for implementation of the proposed capital expenditure plans. Further, the actual benefits expected from such utilisation, including operational expansion and manpower augmentation, may vary depending upon business conditions, market environment and future operational requirements of the Company.

5. Names of Directors who voted against the proposed variation/ alteration
None of the Directors voted against the proposed variation.

For detailed information on the terms of variation along with the rationale, please refer to the Notice of the aforesaid dated May 19, 2026. The Copy of the Postal Ballot Notice and Explanatory Statement is available at www.acealphatech.in and website of the stock exchanges www.bseindia.com.
