B.V.R Mohan Reddy receives the prestigious ASME Leadership Award 2011

Hyderabad, India, September 5th, 2011: Infotech Enterprises Ltd., a leading Global Engineering Services company, announced that **B.V.R Mohan Reddy, Chairman and Managing Director**, has been recognized by ASME for the **Leadership Award 2011**, unit - *Computers and Information in Engineering Division (CIE)*. Mr. B.V.R. Mohan Reddy received the award in a ceremony held at Washington DC recently. **American Society of Mechanical Engineers (ASME)** Leadership award, instituted in 1987, recognizes an individual in industry or government for outstanding leadership in advancing the use of computers in engineering practice. This is the industry's most prestigious global award in the engineering domain.

Mr. B.V.R Mohan Reddy is the first Indian and the seventh recipient to receive this award. Other eminent leaders who received this award in the past include Rodney Dreisbach, The Boeing Company and John Sculley, Apple Computers.

Mr. B.V.R Mohan Reddy is acknowledged for his pioneering efforts in providing leading edge engineering services in industries such as aerospace, transportation, telecommunications, energy, and hi-tech. He has also played a pivotal role in establishing the 'Engineered in India' proposition, which has helped build a world class knowledge-based industry leveraging quality Indian talent. Infotech's long relationship with the global leaders in manufacturing industries is a testimony to his relentless pursuit of excellence in processes, global quality standards, innovation and compliance. His vision and leadership has made Infotech Enterprises become the preferred employer for the best engineering talent in India and worldwide.

Commenting on the award, **Mr.B.V.R. Mohan Reddy, Chairman and Managing Director**, said, *"I feel honored to receive the ASME award for leadership. Engineering is my passion and my dream has turned true in creating an enterprise that is a global leader in Engineering services. We work with the leaders in the respective manufacturing industries to provide innovative solutions together for a better future. This recognition is an acknowledgement of the dedication and commitment of over 9000 engineers of Infotech."*

Mr. B.V.R. Mohan Reddy holds a Masters in Management Engineering from the University of Michigan, Ann Arbor, USA and in Industrial Engineering from the Indian Institute of Technology (IIT), Kanpur. He is a Graduate with a gold medal in Mechanical Engineering from Andhra University, Andhra Pradesh, India.

About Infotech Enterprises Limited -

Established in 1991, we are a leading Global Engineering services company. We provide services to a wide range of industries - Aerospace, Rail, Automotive, Marine, Energy, Oil & Gas, Plant Engineering, Consumer Electronics, Medical Electronics, Semiconductor, Telecom (Manufacturers) Computing industries, Utilities, Telecom (operators) and Government. Infotech has a distinctive business model: "Global Delivery and Collaborative Engineering". We operate "Centres of Excellence" for leaders in key industries. We combine the extensive engineering design and solutions capability based in India with global delivery through our offices worldwide providing local customer interface and project management.

Our cutting edge is our industry specific domain expertise, people and processes, technologies, tools and training. We draw on this strong foundation to create measurable business impact for customers around the world, resulting in long-term relationships with several of the most recognized names in their respective industries. Many of these are among the fortune 500 companies.

Our processes are aligned with practices of ISO 9001:2008, ISO 27001:2005, AS 9100C, IRIS, ISO 13485 quality standards and CMMi Level 5 framework.

We are a (INFOTECENT in BSE – Bombay Stock Exchange and in NSE – National Stock Exchange) listed company with equity participation from globally reputed investors. For more information, please visit www.infotech-enterprises.com

About ASME

ASME is a not-for-profit membership organization that enables collaboration; knowledge sharing, career enrichment, and skills development across all engineering disciplines, with a goal of helping the global engineering community develop solutions to benefit lives and livelihoods. Founded in 1880 by a small group of leading industrialists, ASME has grown through the decades to include more than 120,000 members in over 150 countries worldwide.
