Mindtree selected by Mölnlycke Health Care for SAP Application Management

Partnership to enable faster time to market by adopting lean IT practices

Bangalore (India) and Warren (NJ) – September 21, 2015 – Mindtree, a leading digital transformation and technology services company, today announced that it has been selected by Mölnlycke Health Care, a world-leading provider of single-use surgical and wound care solutions, to enhance business efficiency using the SAP application suite. This will help Mölnlycke Health Care optimize the time to market of its products.

Mindtree will help drive strategic transformational programs for Mölnlycke by implementing lean IT practices to further improve efficiencies. This will result in cost effective delivery globally, on a single service management platform.

The program spans across 32 countries and 7,500 employees of Mölnlycke, creating a strong and uniform IT governance structure resulting in enhanced visibility across all departments. As part of this engagement, Mindtree will develop and manage several SAP modules ranging from advanced planning and optimization, material management, sales, distribution to finance. Mindtree will also focus on standardizing workflows and streamlining operational processes, leading to constant innovation, cost effective delivery and flexible solutions.

Roderik Mooren, CIO, Mölnlycke Health Care said, "We are always looking for partners with the ability to invest in a long-term relationship. Mindtree's technical capabilities coupled with a culture of authenticity and transparency fits well with our organization, and we look forward to working with them to transform our business."

Rostow Ravanan, Executive Director, Mindtree said , "Our ability to deliver business value to clients, manage large programs and the recent acquisition of Bluefin Solutions in the SAP consulting and HANA segments uniquely positions us to deliver transformational services to Mölnlycke Health Care. This engagement will enable Mölnlycke to be more flexible and scalable in order to support business growth."
