L&T Construction Wins Orders Valued ₹1423 Crores

Mumbai, September 30, 2014: L&T Construction has won new orders worth **₹1423 crores** across various business segments in September 2014.

Heavy Civil Infrastructure Business:

The Heavy Civil Infrastructure business has bagged a **₹631 crores** prestigious order from the Lucknow Metro Rail Corporation Limited for the construction of the Lucknow Metro.

L&T's scope includes construction of the priority section (Package LKCC 01) in the North South Corridor - 8.5km elevated viaducts and 8 elevated stations. The project was won against stiff competition and is scheduled to be completed in 24 months.

Lucknow would be the 8th city in India in which L&T will execute a mass rail transit system after Delhi, Chennai, Bengaluru, Hyderabad, Kolkata, Kochi metros and the Mumbai monorail. The order reaffirms L&T's leadership position in augmenting capabilities for metro and monorail transit systems.

Power Transmission & Distribution Business:

The Power Transmission & Distribution business has bagged three major orders including additional orders from on-going jobs worth **₹792 crores.**

A turnkey order has been received from the Power Grid Corporation of India Limited (PGCIL) for the supply, erection, testing and commissioning of a 765 kV S/C transmission line between Lalitpur to Agra (Part - III) in Uttar Pradesh. The contract is for the supply of 765kV EHV towers, insulator hardware materials and other transmission accessories. The order will be completed in 20 months.

Another order has been bagged from the Himachal Pradesh Transmission Corporation Limited for the design, engineering, supply and construction of a 400/220/33kV Gas Insulated Switchgear substation at Lahal in the Chamba District of Himachal Pradesh. The contract involves commissioning of 400 kV & 220kV GIS switchgear, 220/400kV

autotransformers, control relay panels, substation control system, fibre optic terminal equipment, auxiliary power system, construction of GIS and construction of the control room along with other associated civil works.

The business also received an order from the North Bihar Power Distribution Company Limited for the supply, erection, testing and commissioning of 33/11kV power distribution network. The work, funded by the Rural Electricity Corporation Limited, is for augmenting rural electricity infrastructure and household electrification under the 12th Plan of RGGVY scheme for prospective consumers in Bihar's Muzaffarpur District.

Background:

Larsen & Toubro is a major Indian multinational in technology, engineering, construction, manufacturing and financial services, with global operations. Its products and systems are marketed in over 30 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.
