Any special measures taken by the Company to prevent introduction/circulation of fake/forged/certificate/s:

- (a) SEBI has mandated the Company's shares for compulsory trading and settlement only in electronic mode w.e.f. 31.05.1999. About 99.90% of listed equity share capital of the Company has already been dematerialised. This itself minimizes the risk of introduction/circulation of fake/forged share certificates.
- (b) However, the Company takes adequate precautionary measures by incorporating security features in the printing of share certificates like unique multicolour combination on the front side, control numbers in the back side, background watermark printing of NALCO logo etc. to prevent introduction/circulation of fake/forged share certificates in the capital market.

Thanking you,

Yours faithfully,
