LONG-PENDING DEMANDS

COAI urges new govt to ease telcos' financial woes

PRESS TRUST OF INDIA
New Delhi, May 26

THE NEW GOVERNMENT should take urgent steps to ease the financial burden on the stressed telecom sector, slash overall levies to an ideal 4-5% and review spectrum prices to make it affordable ahead of the crucial 5G rollout, industry body COAI said.

Prime Minister Narendra Modi has led Bharatiya Janata Party (BJP) to a landslide victory for a second term in office.

The new government, which is set to be formed in the next few days, will present the full budget for 2019-20, and the telecom operators' association is hoping that some of its long-pending demands will be taken up in the coming months. Topping its wishlist is

cut in levies, as the industry hopes that the current level of 30% levy would be reduced to provide a breather to the stressed sector.

"Charges like Licence Fee, Spectrum Usage Charges and redefinition of Adjusted Gross Revenue (AGR) needs to be looked at," Cellular Operators' Association of India (COAI) director general Rajan Mathews said. Asked what the association considers to be an ideal level, Mathews said globally levies do not exceed 5% and hence 4-5% would be "ideal".

On the issue of debt restructuring, Mathews said telecom operators should be given more time for repayment of spectrum bought in auctions. This, he said, can be done by increasing the moratorium period to four years and payment period

to 18 years keeping the 'Net Present Value' unchanged. The industry also wants the government to look at making spectrum prices "more affordable".

"If we want 5G to take off, the present pricing will not get you there," Mathews added.

He noted that at the present prices proposed, operators will not be able to afford the rollouts which, in turn, will pose a challenge in rollout of 5G services. A section of the industry has questioned regulator Trai's methodology of computing the reserve price, claiming it has resulted in pricing being unreasonably higher than global benchmarks.

Earlier this year, Bharti Airtel chairman Sunil Mittal too had flagged high reserve prices of 5G spectrum.

DPIIT for reducing compliance time to just 1 hr/month for start-ups

THE COMMERCE and industry ministry has proposed cutting down compliance time significantly to just one hour per month for start-ups as part of measures to ease regulatory requirements for budding entrepreneurs, an official said.

The proposal is a part of 'Start-up India Vision 2024', prepared by the Department for Promotion of Industry and Internal Trade (DPIIT) for the new government to promote the growth of budding entrepreneurs. At present, start-ups comply with a plethora of requirements such as GST filings, tax returns and other local laws every month, the official said. Compliance to these processes takes a lot of time and cost. The vision document has suggested a total of 11 measures for easing regulatory burden to provide a business-friendly environment to start-ups.
