Kindly bring the above to the notice of your members.

Yours faithfully

For Reliance Power Limited

Murli Manohar Purohit
Vice President - Company Secretary &
Compliance Officer

Encl.: As above.

MEDIA RELEASE

RELIANCE POWER'S BUTIBORI THERMAL POWER PLANT (TPP) ACHIEVES 100% FUEL SECURITY FOR ITS 2 X 300 MW PLANT AFTER DIRECTIONS OF THE HON'BLE DELHI HIGH COURT

HON'BLE DELHI HIGH COURT HAS DIRECTED COAL INDIA LIMITED TO IMMEDIATELY COMMENCE SUPPLY OF COAL OF ANNUAL QUANTITY : 1.23 MILLION TONNES

BUTIBORI TPP IS GENERATING AND SUPPLYING 600 MW POWER TO RELIANCE INFRA – MUMBAI DISTRIBUTION UNDER A LONG TERM POWER PURCHASE AGREEMENT FOR THE BENEFIT OF OVER 28 LAKH CONSUMERS IN MUMBAI

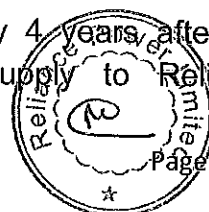

New Delhi, 12.02.2018

Hon'ble Delhi High Court in its Order dated 31.01.2018 has granted interim relief to Butibori Thermal Power Plant (TPP) and has directed Coal India Limited (CIL) to immediately commence the supply of coal to Unit 1 of Butibori Plant, equivalent to Annual Contracted Quantity of 1.23 million tonnes per annum through its subsidiary South Eastern Coalfields Limited.

Reliance Power Ltd. has set up 2 x 300 MW Butibori Plant near Nagpur through its subsidiary Vidarbha Industries Power Ltd (VIPL), which is supplying its entire power to Reliance Infrastructure Ltd (Distribution Utility), which distributes electricity to over 28 Lakh consumers in Suburban Mumbai under a long-term Power Purchase Agreement approved by Maharashtra Electricity Regulatory Commission.

While coal is being supplied to Unit 2 by CIL through its subsidiary Western Coalfields Ltd, the coal supply was not commenced to Unit 1 of the Butibori Plant despite a valid Letter of Assurance (LoA) issued by CIL subsidiary pursuant to the recommendations of Standing Linkage Committee (Long Term) comprising of Ministry of Coal, Ministry of Power, CIL, Central Electricity Authority and Railways among others, in 2008, promising supply of 1.23 million tonnes per annum of coal for Unit 1.

The issue of supply of coal to Unit 1 was pending since nearly 4 years after the commissioning of the unit and commencement of power supply to Reliance

Infrastructure Ltd in April 2014 under a long-term Power Purchase Agreement approved by Maharashtra Electricity Regulatory Commission.

Hon'ble Delhi High Court, has noted that the Butibori Plant has fulfilled the pre-requisite of SHAKTI (Scheme for Harnessing and Allocating Koyala Transparently in India) Policy, wherein Fuel Supply Agreements are to be signed with existing LoA holders, and has a case for having an FSA executed in its favour.

After the directions of Hon'ble Delhi High Court, both units of Butibori Plant would be getting assured coal supplies from CIL subsidiaries under 100% FSA/ MoU and mitigate the uncertainties in supply of 600 MW quality and reliable power to citizens of Mumbai.

About Reliance Power:

Reliance Power Limited, a part of the Reliance Group, is India's leading private sector power generation and coal resources company. The company has the largest portfolio of power projects in the private sector, based on coal, gas, hydro and renewable energy, with an operating capacity of 5,945 megawatts.
