Media Release

InfoBeans Technologies Ltd. secures prestigious client in Middle East

Increases foothold in strategic geography

**Provides technical architecture solutions for Qatar Insurance
Company**

Creates UI/UX design for multiple products

13th September, 2017, **Indore:** InfoBeans Technologies Ltd. (InfoBeans) acquires a new client – Qatar Insurance Company (QIC), the largest insurance provider in the MENA region. Qatar Insurance Company operates in 4 different regions (Qatar, UAE, Oman and Kuwait) offering different insurance products & online tracking, advisory services.

InfoBeans which offers a wide range of UI/UX interface solutions, has designed the user experience interface for website across all regions for products ranging from car, travel, home, health to the niche yacht insurance. The Company was a part of the new product launch - pet insurance.

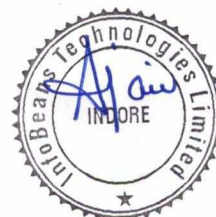

In addition, InfoBeans Technologies Limited structured and executed a complete overhaul of the technical architecture for QIC's legacy web solutions and backend systems including development of APIs, CMS implementation and integration with marketing cloud.

Commenting on this significant landmark, Mr. Siddharth Sethi, Co-founder & Managing director, InfoBeans Technologies Ltd said:

"It is a matter of pride for us to be able to secure a regional leader such as Qatar Insurance Company as a client. We look forward to a long and fruitful association with the insurance major. This is a landmark for us at InfoBeans Technologies towards our goal of establishing our presence in the Middle East markets. We will continue to create WOW in the region!"
