

NIIT Technologies Launches Two New Solutions for North American Airline Industry

Offerings Will Help Airlines Increase Return On Investment

Atlanta, GA, 12th September, 2011, Monday – NIIT Technologies Limited, a leading global IT solutions company, today announced the release of two new offerings specifically designed to serve the unique needs of the US airline industry. Monalisa Passenger Revenue Accounting (PRA) and Revenue Analytics are both innovative solutions that meet IATA (International Air Transport Association) mandated changes for revenue accounting.

Monalisa PRA is Automated Clearing House (ACH) and Simplified Interline Settlement (SIS) compliant, whereas Revenue Analytics is a powerful tool that facilitates revenue data analysis, mining and reporting, thus enabling improved decision making.

Specifically, PRA features automated proration handling for ACH, as well as the ability to issue invoices in Canadian dollars. It also ensures compliance with For Visit United States of America (VUSA.) Additionally, the offering includes integrated settlement (IS), paperless invoices and supporting documents storage, which results in reduced rejection times. The Revenue Analytics solution allows airlines to analyze revenue from numerous dimensions and conduct multi-level and multi-dimensional reporting. The web-based solution provides easy access to employees using it and also features customized dashboards and reports.

“With these new state-of-the-art offerings, we will be able to fully cater to the needs of North American airline carriers,” says **Pratibha Salwan, Vice President, Sales, Travel, Transportation & Logistics, NIIT Technologies**. “These are challenging times for airlines, but innovative solutions such as these help our clients achieve optimal efficiency and profitability, thus increasing return on investment,” Salwan adds.

The two solutions are expected to improve and streamline several day-to-day processes that airline companies follow, allowing them to focus on their core business.

Over the past 16 years, NIIT's Travel, Transportation and Logistics vertical has brought success to multiple clients across the globe. The company is ranked No.1 in travel by Datamonitor Black Book of Outsourcing and has held this position for three consecutive years.
