Sub.: Materiality Report: Significantly less cane crush expected for crushing season 2015-16

Dear Sir/Madam,

Owing to various reasons relating to arrears of cane dues of farmers for the previous crushing season 2014-15, the farmers of the Company's reserved cane areas are not supplying the requisite quantity of cane to all its three factories at Mawana, Titawi and Nanglamal in Western U.P.

As a result of such short supply of cane, the cane crushed at all three factories of the company is adversely affected which will result in lower production of sugar, power, molasses, press mud, bagasse saved, and also result in lower efficiencies. This will result in lower profitability and delayed payment to farmers next year as well.

This is for the information of the members of the Exchange and may please be treated as information under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Thanking you,

Yours faithfully,
For Mawana Sugars Limited
