50:50 JV received First Smart Infrastructure Development

Jaipur, July 11, 2015 : Om Metal Infraprojects Ltd in 50:50 in Joint venture with Gurgoan based SPML Infra Ltd received First Smart Infrastructure Development Project worth **Rs. 325 Crores** from Vikram Udyogpuri Limited, Ujjain, Madhya Pradesh. This is a part of Delhi-Mumbai Industrial Corridor (DMIC) Project being developed by Government of India as a global manufacturing and investment destination. The development of Vikram Udyogpuri has been selected as one of the early bird projects under the development plan of Pithampur-Dhar-Mhow Investment Region which is one of the 24 regions of DMIC. The proposed site of "Vikram Udyogpuri" is located about 8km from Ujjain and 12km from Dewas and has a total area of 443.79 Ha (1096.63 acres). The Government of Madhya Pradesh (GoMP) and Delhi Mumbai Industrial Corridor Development Corporation (DMICDC) intend to facilitate development of trunk internal and external infrastructure for Vikram Udyogpuri.

Under this project scheme, Om Metals Infra Projects Limited along with SPML Infra Limited will be developing smart infrastructures for 24X7 water supply with water treatment plant and pumping station, water supply conveyance from Shipra river to the site, complete sewerage network with sewage treatment and effluent treatment plants, storm water drainage system, solid waste management system, internal and external roads of 4 and 6 lanes, power transmission and distribution system, domestic gas distribution system, street lighting, CCTV and SCADA system, safety and security system, information and communication technology (ICT) network with peripheral boundary walls. This is first of its kind of a mini smart city project which will have all smart utility connected with technology for seamless services. The JV will execute this Design Build Operate (DBO) smart city project to be completed in 3 years' time with operation & maintenance for 5 years post commissioning.

Speaking on the achievement, Mr. Sunil Kothari, Jt. MD said , "The last three quarter has seen a good increase in our order book and we believe the trend will continue in coming quarters also. Om Metal Infraprojects Limited is known for its capabilities in delivering mega projects "on time," thereby ensuring repeat customers. The Group possesses a rich experience of having successfully delivered projects across the globe, while maintaining the highest standards of health, safety, environment and quality (HSEQ).

Om Metals apart from Road development, Dam construction, structural engineering ,housing projects has to its credit large number of turnkey projects in Hydro mechanical segment for water storage ,Hydro power and irrigation projects in different regions , and consistently working on to address smart infrastructure value chain system. With the Govt. of India focusing on to develop 100 smart cities with an outlay of Rs 48,000 crore and another Rs 50,000 crore under the Atal Mission for Rejuvenation and Urban Transformation (AMRUT) for urban rejuvenation program for 500 towns and cities in next 5 years, Om Metals Infraprojects Limited aggressively focus on development of smart services for smart cities, it will become an integral partner with utilities across the country in the development of technologically advanced sustainable infrastructure for smart cities. As a first step towards that, we are happy to receive this new order to develop a mini smart city in Ujjain."
