PVIndia is a membership based network of emerging global pharma companies from India to meet and discuss some of the Industry's common challenges in Pharmacovigilance (Drug Safety).

Highlights of PVNet

- A neutral platform for Heads of Drug Safety from India to meet
- Peer-to-peer network and insight exchange
- Focus on member interests, debate 'top of mind' issues
- Share and develop strategies and best practices
- Build profile and industry voice

The inaugural meeting was attended by 25 Drug Safety professionals representing 14 Indian pharmaceutical and global pharmaceutical companies. The key discussion topics at the event were, Global harmonization of regulations, how companies adapt to a variety of international regulations and Inspection Readiness. Navitas plans to organize 2nd edition of PVIndia in the month of October.

Commenting on PVIndia inaugural meeting, **Mr. Ram Yeleswarapu, President & CEO, TAKE Solutions** said "We are pleased to announce the introduction of our networks to India. The scale and convenience of collaboration facilitated by the network meets will explore and help generate new solutions to the challenges faced by players in the Indian Pharma landscape." He added, "The ambition for PVIndia is to become an active think tank to improve safety practices across India, in order to ensure the ongoing protection of public health and increase awareness of the importance of Drug Safety amongst Healthcare Professionals and Patients."

"I am glad to be a part of the inaugural meet of PVIndia.
