TCS a Leader and Star Performer in Life Sciences Clinical and R&D IT Services by Everest Group

Report Cites Tata Consultancy Services Platform Driven Approach, Strong Growth, Investments and Execution Experience as Key Attributes

NEW YORK | MUMBAI, August 18, 2017: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading global IT services, consulting and business solutions organization, has been recognized as a Leader and Star Performer for Life Sciences Clinical and R&D IT Services by leading advisory and research firm, Everest Group, in its report, "Life Sciences Clinical and R&D IT Services – Service Provider Landscape with PEAK Matrix™ Assessment 2017."

Everest Group acknowledged TCS' strong foothold in the pharmaceutical and medical devices sector and a growing business presence with biotechnology firms. The report highlights TCS' strong growth in strategic clinical and R&D space with solutions such as Advanced Drug Development Platform and Connected Clinical Trials and consistent execution excellence. In addition, TCS is recognized for its significant investments in gene-based therapeutics and connected healthcare and an emerging platform play in clinical and R&D areas.

Everest Group analyzed 18 leading service providers on the Everest Group PEAK Matrix specific to Life Sciences Clinical and R&D IT services, categorizing them into Leaders, Major Contenders, and Aspirants. The PEAK Matrix is a composite framework that provides an objective, data-driven and comparative assessment of Life Sciences Clinical and R&D IT service providers based on their absolute market success and delivery capability.

"Life Sciences companies need to reinvent Clinical and R&D processes given disruptive market dynamics and they are using technology and analytics as key levers to manage this change. There is a need to compress cycle times, improve cost efficiency and drive precision medicine efforts," said Jimit Arora, Partner, Everest Group. "TCS, with its investments in gene-based therapeutics and connected healthcare, combined with an emerging platform play is establishing itself as a partner of choice for Life Sciences firms."

"Digital disruption is creating opportunities for the Life Sciences industry to accelerate the drug development process while emphasizing patient engagement, personalized medicine and connected health," said Debashis Ghosh, President - Life Sciences, Healthcare, Government and Energy Business Group, TCS. "TCS has developed innovative solutions and platforms using cognitive technology, advanced analytics and rich domain expertise to fully digitize drug development process, reduce cycle time, and enhance R&D productivity while ensuring compliance."
