TCS Wins Oracle Excellence Award for OPN Cloud Program Solution: PaaS Partner of the Year

Oracle Recognizes TCS with Prominent Award for Third Consecutive Year

NEW YORK | MUMBAI, September 19, 2016: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading global IT services, consulting and business solutions organization, has been recognized for the third consecutive year with an Oracle Excellence Award, being named the '2016 Oracle Partner Network (OPN) Cloud Program Solution: PaaS Partner of the Year.'

TCS received the award for its global commitment to delivering innovative Oracle Cloud solutions and customer success. TCS developed a portfolio of enterprise mobility offerings that deeply leverage OraclePaaS capabilities, including the TCS Enterprise Mobile Application, which enables an on-premise ERP application to perform 'time critical' business activities in a mobile environment. This intuitive, device-independent platform can integrate disparate enterprise and legacy applications by leveraging Oracle Integration Cloud Service (ICS) and Oracle Mobile Cloud Service (MCS). It has a variety of pre-packaged business functions to meet specific customer needs in supply chain, omni channel commerce, front office transformations, and more.

"This is a much deserved award for TCS, being a creative and dedicated partner in our mission to help customers across all geographies and industries harness the power of the Oracle Cloud for operational efficiency, business growth and competitive advantage," said Camillo Speroni, Vice President, Worldwide Strategic Alliances, Oracle. "We extend our congratulations to TCS, and look forward to the continued co-development of solutions that advance our customers' business goals."

The TCS Enterprise Mobile Application helps customers lower the total cost of ownership of mobile solutions by enabling informed decision making based on application usage through Oracle MCS-supported user analytics. TCS has also developed a Real-Time Enterprise Process Monitoring solution that tracks business processes across the hybrid cloud infrastructure and provides executives with enterprise-wide visibility into KPIs.

"We are proud to receive a prestigious Oracle Excellence Award once again, reflective our commitment to delivering innovative Oracle Cloud-based solutions that can help customers run and grow their businesses with greater efficiency and agility," said Sunder Singh, Global Head, TCS Oracle Practice. "This award demonstrates the quality and depth of TCS' work

with Oracle and our joint global clients, enabling critical business activities and decision-making literally on the move."

In addition to this esteemed Oracle accolade, TCS has also recently won the 'OPN Specialized Partner of the Year APAC Awards: India, and was recognized by Gartner in 2015 for the Fourth consecutive year as a Leader in its Magic Quadrant for Worldwide Oracle Application Management Services.

TCS established its relationship with Oracle nearly 30 years ago and today is a Diamond Cloud Premier-level partner in the Oracle PartnerNetwork (OPN). TCS has more than 15,000 dedicated Oracle certified specialists who are supported by TCS' Centers of Excellence — eleven dedicated to Oracle technologies alone — that serve joint TCS-Oracle customers in Asia Pacific, Europe, South Africa, the Middle East, and North America. TCS is a Premier sponsor of Oracle OpenWorld 2016. To learn more about TCS' presence at OOW 2016, please visit us here.

About Tata Consultancy Services Ltd. (TCS)
Tata Consultancy Services is an IT services, consulting and business solutions organization that delivers real results to global business, ensuring a level of certainty no other firm can match. TCS offers a consulting-led, integrated portfolio of IT, BPS, infrastructure, engineering and assurance services. This is delivered through its unique Global Network Delivery Model™, recognized as the benchmark of excellence in software development. A part of the Tata group, India's largest industrial conglomerate, TCS has over 362,000 of the world's best-trained consultants in 45 countries. The company generated consolidated revenues of US $16.5 billion for year ended March 31, 2016 and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. For more information, visit us at www.tcs.com

About Oracle PartnerNetwork
Oracle PartnerNetwork (OPN) is Oracle's partner program that provides partners with a differentiated advantage to develop, sell and implement Oracle solutions. OPN offers resources to train and support specialized knowledge of Oracle's products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to be recognized and rewarded for their investment in Oracle Cloud. Partners engaging with Oracle will be able to differentiate their Oracle Cloud expertise and success with customers through the OPN Cloud program – an innovative program that complements existing OPN program levels with tiers of recognition and progressive benefits for partners working with Oracle Cloud.
