Tata Consultancy Services Recognized as a Leader in Independent Testing Services by Everest Group

NEW YORK | MUMBAI, JUNE 9, 2017: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading global IT services, consulting and business solutions organization, announced today that it has been recognized as a Leader for the fourth consecutive year in Everest Group's report, *"Independent Testing Services – PEAK Matrix™ Assessment & Profiles Compendium", May 2017.*

TCS was recognized by Everest Group as best-in-class in the Buyer Satisfaction category, and for key strengths in its expanding IP portfolio and investment in test automation, AI, cognitive technologies and proprietary solutions. The report highlights TCS' wide range of digital accelerators and tools including, 360 Degree Assurance, Payments Simulator, OMNI, TIARA, Fit4IoT, and Digital Assurance Tools Suite, and mentions TCS' partnership with academia and niche product vendors that strengthen its resource and service capabilities.

Everest Group evaluated 22 leading IT service providers globally, on their market success and delivery capabilities. According to Everest Group, leaders have continued to leverage their global delivery footprint, enterprise penetration, and breadth of service portfolio to win large deals and add new client logos to their roster. They have invested significantly in developing an advanced IP portfolio that leverages next-generation technology themes such as automation, analytics, AI, and cognitive techniques. These solutions have given them the edge in buyer conversations to disrupt the traditional testing function.

"With the Quality Assurance (QA) function becoming pivotal to application success, enterprises expect their QA providers to deliver business assurance. TCS' investments in expanding its solutions across test automation are helping clients become more agile and future-ready. TCS' clients cite its focus on execution, commitment of resources, and proactive involvement in engagements as key strengths," said Chirajeet Sengupta, Partner, IT Services, Everest Group.

"TCS' position as a Leader for the fourth consecutive year is a testament to our consistent efforts towards delivery excellence and market leadership backed by ongoing investments in innovation," said Jayashree Natarajan, Global Head of Quality Engineering & Transformation, TCS. "Our digital expertise and proactive involvement are key assets to customers, and TCS is committed to digitally transforming and assuring our customers' business needs with radical innovations and expertise in testing solutions."

With one of the most comprehensive testing portfolios available, TCS' Quality Engineering & Transformation Services address business, quality and risk management challenges for its global clients. TCS empowers organizations across industries to ensure first-time-right solution releases, reduction of cost while improving quality, and enable a superior customer experience. TCS offers Quality Engineering & Transformation across the testing value cycle, including test consulting and advisory, test services implementation, and managed services for test environment and test data management.
