Tata Consultancy Services a Leader and Star Performer in Life Sciences IT Application Services by Everest Group

Report Cites TCS' Strong Platform Driven Approach, Industry Expertise, Scale, and Focus on Next-Generation Solutions as Key Attributes

NEW YORK | MUMBAI, JUNE 19, 2017: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading global IT services, consulting and business solutions organization, has been recognized as a Leader and Star Performer for Life Sciences IT Application Services by leading advisory and research firm, Everest Group, in its report, "*Life Sciences – IT Application Services Providers PEAK Matrix™ Assessment 2017.*"

Everest Group acknowledged TCS' strong foothold in the pharmaceutical and medical devices sector, and a growing business presence with biotechnology firms. The report highlights TCS' strong focus on development of next-generation solutions, incorporating Artificial Intelligence, IoT and platform-driven approaches for areas such as drug development and patient engagement.

Everest Group analyzed the capabilities of 22 service providers on the Everest Group PEAK Matrix in the Global Life Sciences sector. The PEAK Matrix is a composite framework that provides an objective, data driven and comparative assessment of Life Science IT Apps Service Providers, which are then divided into three categories based on market success and delivery capability.

"Life Sciences firms are grappling with the reinvention of their business models, along with the need to unlock efficiency out of globally diversified operations. Technology is a key enabler to ensure this transition, and TCS continues to be a partner of choice for leading Life Sciences firms, based on its delivery excellence and ongoing market success," said Jimit Arora, Partner, Everest Group. "By taking a platform-driven approach to strategic value chain tenets, TCS is seeking to future-proof its portfolio and driving differentiation in a highly competitive market."

"Life Sciences customers are embracing newer technologies and next gen platforms to meet the challenges of higher R&D costs, declining revenue and increasingly complex regulations," added Debashis Ghosh, President, Life Sciences, Manufacturing and Energy Business Group, TCS. "Our deep industry expertise, global scale, investments in digital solutions, and focus on platforms enables us to offer true value to our customers across the Life Sciences value chain."

About TCS Life Sciences
TCS Life Sciences provides top global Life Sciences organizations full service offerings in IT, Consulting, KPO, Infrastructure and Engineering Services, as well as digital solutions using Mobility, Big Data, Analytics, and Cloud. TCS' rich industry experience, domain expertise and global footprint allows for a seamless partnership with its Life Sciences customers to help them advance clinical trial efficiencies, accelerate drug discovery, accentuate manufacturing productivity, and amplify sales and marketing effectiveness. In addition, TCS has a dedicated Life Sciences Innovation Lab which ensures that its customers have the tools and innovative solutions they need to solve complex business challenges.
