Tata Consultancy Services Recognized as a Leader for Life Sciences Drug Safety Services by IDC MarketScape

Report Cites TCS' Strong Technical Focus, Investments to Drive Innovation and Ability to Address Strategic Outsourcing Needs

NEW YORK | MUMBAI, JUNE 22, 2017: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading global IT services, consulting and business solutions organization, has been recognized as a Leader for Life Sciences Drug Safety Services in the *IDC MarketScape, "Worldwide Life Science Drug Safety Services Vendor Assessment 2017,"* (IDC #US42595616, June 2017), demonstrating the most mature strategies and capabilities amongst all vendors highlighted in the report.

The report noted that TCS' solid Drug Safety IT services and well-established Business Process Services (BPS) Drug Safety capabilities, and highlights TCS' extensive experience working with life science companies, strong technical focus, and investments to drive innovation in drug safety services.

The IDC MarketScape assessed the capabilities and market successes of eight leading IT Service providers that serve the Life Sciences sector in Drug Safety Services. They were evaluated against breadth of service offerings, diversity of resources and infrastructure-supporting services delivery, project experience in the Life Sciences Drug Safety Services market, customer service strategy and customer satisfaction, pricing model, go-to-market capabilities, and commitment to growth and innovation in the R&D Drug Safety space.

"TCS' strong technical focus; willingness to invest to drive innovation in drug safety services; success with life science companies including pharmaceuticals, biotech, medical devices, and animal health; and broad service offerings make the company a strong partner for companies seeking a preferred vendor to address their operational and strategic outsourcing needs," said the report's author, Alan S Louie, Ph.D., Research Director, clinical development strategy and technology, IDC Health Insights.

"Life Sciences organizations are moving towards making personalized medicine a reality and demonstrating successful health outcomes," said Debashis Ghosh, President, Life Sciences, Manufacturing and Energy Business Group, TCS. "This recognition by the IDC MarketScape reflects our commitment and ability to enable customers meet the requirements of ever-shifting drug safety regulatory landscape, and leverage digital technologies in modernizing drug safety. Our market leading capabilities in both business process services and IT services makes us a partner of choice."

About IDC MarketScape: IDC MarketScape vendor analysis model is designed to provide an overview of the competitive fitness of ICT (information and communications technology) suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor's position within a given market. IDC MarketScape provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of IT and telecommunications vendors can be meaningfully compared. The framework also provides technology buyers with a 360-degree assessment of the strengths and weaknesses of current and prospective vendors.
