Southern Vietnam Helicopter Company (VNHS) chooses Ramco Aviation Software

Vung Tau, Vietnam/ Orlando, USA – March 3, 2015 – **Ramco Systems**, the global Aviation software provider on Cloud, Mobile, Tablets & Wearables, announced the addition of State-owned **Southern Vietnam Helicopter Company (VNHS)**, a leading helicopter service provider in South East Asia as its customer.

VNHS will be implementing Ramco Aviation Series 5 to manage operations and maintain its growing fleet of aircraft. This includes integration of operations such as Maintenance, Repair and Overhaul (MRO), Supply Chain Management and Maintenance and Engineering (M&E), into a single platform.

Mr. Pham Quang Hieu, Technical Director, VNHS, said, "Ramco's success in the helicopter industry, along with the rich functionality of its solution, made it an obvious choice for us to choose them as our technology partner. We look forward to leveraging industry best practices and gaining better visibility into operations on-board Ramco Aviation Suite. Ramco's product roadmap and thrust on bringing new innovations will help us maintain our safety and service excellence on the best technology platform."

Mr. Virender Aggarwal, CEO, Ramco Systems, said, "With 5 of the leading civilian heli-operators globally, already on Ramco, we are excited to add Vietnam's state-owned player, VNHS to our elite list of customers. Our strength and expertise in addressing rotor wing segment in Aviation has been time and again proven."

"Vietnam is one of the fastest growing Aviation hubs in Asean as it has a growing Oil & Gas sector and is gaining prominence as a tourist location. With Ramco Aviation software, VNHS will be able to improve cost control and projection as well as enable rapid information sharing via an integrated platform connecting different departments," added **Mr. Aggarwal**.

With Emirates, Malaysia Airlines, Singapore Airlines Engineering Company, Petroleum Helicopters, Columbia Helicopters, Air Methods and 66 others onboard, Ramco is the solution of choice for several top airlines and heli-operators in the world. Designed to be accessible on cloud, mobile and tablets, Ramco Aviation continues to add technological innovations with wearable devices offering hands free computing, and straight through processing which helps cut down AOG time and TAT drastically. Ramco Aviation suite powers over 2650 aircraft globally.
