Rolta Wins Smart City and 3D Mapping projects worth about US $ 15M in the Middle East

Mumbai: Rolta announced today that it has been awarded Smart City and 3D Mapping with City Modelling projects in the Middle East, for a combined value around $15 million USD.

This recognizes Rolta's unique ability to combine its domain expertise with productized Smart City solutions that fundamentally change how agencies and governments fulfill their missions. This is a natural evolution and extension of Rolta's pioneering 3D Mapping which lays a foundation for sophisticated Smart City applications. Rolta's innovative Smart City solutions consolidate numerous agency centric systems, while 3D mapping offers visually rich means of collaboration and communication of spatial data.

These wins follow on the heels of numerous other success stories in the region and globally, often garnering recognition and awards from prestigious customers and leading Industry bodies. Rolta's growing portfolio of IP led Smart City solutions serve diverse needs, including Asset Management, Economic Development, Safety & Security, National Spatial Data Infrastructure, Governance, Urban Planning, Environment, Transportation and many more. With a strong footing in the Middle East, Rolta continues to reinforce its commitment to serve the needs of the region's progressive clientele.

Commenting on the occasion, Mr. K. K. Singh, Chairman and Managing Director stated "Through our deep expertise with hundreds of Smart Cities client engagements, Rolta is helping cities around the world transform how they deliver services and engage with citizens leveraging innovative technologies such as Big Data, Analytics, GIS, 3D Mapping, Mobility and Social Media."
