Sub: Export Sale to Renault, Brazil Revised upward by 15000 for current quarter

Sir,

Steel Strips Wheels Limited expects to sales of 120000 wheels to Renault Brazil against an earlier projection of 105000 for the Q2 FY 2010-11.

August dispatch is expected to be 60000 wheels versus 35000 as earlier estimated.

This is due to increased demand from the OE for the Logan Car.

SSWL is reasonably confident that this Brazil business will see more upswings in coming months

Kindly take the same on your record please.

Yours faithfully  
For steel strips wheels Limited
