PRESS RELEASE OF THE COMPANY

FOR THE QUARTER AND HALF YEAR ENDED 30TH SEPTEMBER, 2012

Sudarshan Chemical Industries Limited at its meeting of the Board of Directors held on 3rd November, 2012 approved the unaudited financial results for the quarter and half year ended 30th September, 2012.

Total income from operations for the half year ended 30th September, 2012 aggregated to Rs. 3950 Million as compared Rs. 3879 Million achieved during the previous half year ended 30th September, 2011. The Net Profit after Tax as on 30th September, 2012 stood at Rs. 134 Million as against Rs 249 Million achieved during the previous half year ended 30th September, 2011.

Total income for the quarter ended 30th September, 2012 stood at Rs. 1950 Million as compared to Rs. 2096 Million achieved during the corresponding quarter ended 30th September, 2011. The Net Profit after tax for the quarter ended 30th September, 2012 aggregated to Rs. 24 Million as against Rs. 137 Million achieved during the previous quarter ended 30th September, 2011.

The steep decline in Net Profits is primarily due to increase in imported raw materials costs, increase in utility costs like power, higher interest and depreciation on account of Capital Expenditure.

In view of the difficult economic conditions prevailing in both domestic and international markets, the Management has undertaken a major cost reduction exercise and host of other management initiatives the impact of which will be evident in the remaining quarters of the Financial Year 2012-2013.
