Press Release

Hyderabad, January 27, 2011: Tanla Solutions Limited (TSL) announces Third Quarter results for Financial Year 2010 – 2011

- **Consolidated Total income for Q3 FY2011 at Rs.71.91Cr**
- **Consolidated EBITDA for Q3 FY2011 at Rs.20.2 Cr with PAT of Rs.1.30 Cr.**
- In the 3G space, Company has successfully deployed its' 3G Video Portal with one mobile operator and one enterprise during the past quarter. Trials with other operators are in progress.
- The Company launched Games Club this quarter and has secured deployments with 5 mobile operators in India and 2 mobile operators outside India; of which 2 operators have gone live already. With these deployments, Games Club will be servicing 300 million mobile subscribers in India and 30 million outside India. Games Club is a first-of-its-kind solution that enables operators to automatically enable Try & Buy of games with uniform license models and flexibility to change pricing models in real time, maximizing conversions resulting in increased ARPU on VAS and on data usage.
- TSL's domestic revenue increased by 13% in sequential quarter from Rs.2.3Cr to Rs.2.6Cr driven by growth in Aggregation and launch of Games Club.
- However, at the consolidated level, there has been a drop in the revenues primarily due to a drop in the number of new Licenses deployed with Nokia. The revenues from Mobile Consultancy Services have also dropped marginally due to the holiday season in the European markets.

A company spokesperson said: "The Games Club is truly a unique offering for all mobile operators delivering value from day one. We are confident that going forward the product will gain immense traction worldwide. We have also closed a deal to deploy our 3G platform with one of the largest mobile operators in India. We continue to develop and invest in new products and technologies and target to be the leader in innovative mobile value added services."
