KELER Ltd., the Hungarian CSD selects TCS BaNCS for platform modernization and T2S Settlement

Mumbai / Budapest, November 26, 2013: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading IT services, consulting and business solutions organization, announced today that Keler Ltd., Hungary's Central Securities Depository, has selected the Market Infrastructure solution of TCS BaNCS for modernizing its technology and to set up its capability for T2S settlement. The TCS BaNCS solution will provide KELER with a modern, standards compliant, multi-asset, multi-entity solution that will enable KELER to quickly introduce new products and services to its market participants and engage with its stakeholders better through faster reporting and communication.

Commenting on the selection, Mr. Gyorgy Dudas, the CEO of Keler Ltd., said "We are excited that with this deployment we will be ushering our Depository into a unique position in the Central and Eastern European market landscape. This opens up new avenues for us as we enhance our capabilities and offerings and be on time for T2S Settlement as well".

The Market Infrastructure solution of TCS BaNCS is a proven multi-asset class, multi-entity platform which will enable KELER to modernize the Hungarian Post Trade space with improved services to its depository participants, custodians and cash settlement banks both in domestic and cross border markets. KELER will also leverage the standard set of interfaces of TCS BaNCS for interacting with the T2S platform. R. Vivekanand, Vice President, TCS said "Hungary is an important market for us. We are eager to demonstrate our Market Infrastructure and T2S capability there, and to expand our track record in the European CSD space. It is a great opportunity to be part of Keler's vision to herald a new era in the Hungarian Capital Market."
